## Cruise Night Brings Nostalgia And Foot Traffic To Downtown

"I like that one the most," said Abby Chiles, the young lady who also sang the National Anthem before the first Cruise Night event of 2021. She led me over to a teal-colored Ford and pointed. "I

just like the color," she said, smiling. Depending on who you asked, you would most likely get a different answer. "Anything Ford," said one gentleman. Cruise Nights have been going on at the downtown Clinton Square for at least 20 years by Chris Church's estimation (he is the present chair

of the Cruise Night committee). The May 8 event, which started about 5 p.m., drew a large crowd. About 70 cars showed up: not all of them were from Clinton. Tom Evans, who brought his old Model T Ford, is from Bolivar. He bought his car in Illinois from someone who had been re-

storing it. When that person died, Tom got an opportunity to purchase it – and did. "I rarely drive it more than three miles or so," he said. Of course, the car made the trip to Clinton on a trailer for Cruise Night. They have been coming to Cruise Nights here

## Healthcare Helps Fuel Local Economic Engine

HEALTHCARE is a major force in Henry County's economy. Glorya McQuitty is an RN and Assistant Director of Med/Surg and ICU at GVMH. One in ten Henry County jobs are in healthcare.

The April jobs report was a disappointment for the nation: with the expectation of about a million jobs to be added, many peoples' eyes widened when they saw the 266,000

jobs-added figure. Further depressing employers hopes, the March report was adjusted down about one-hundred thousand (from 916,000 to 770,000).

## Have I Got A Line For You!

By James Mahlon White

The cyber attack on an east coast pipeline was another terrible thing happening. As soon as it made the news, gas prices jumped. This means the price of everything will go up and in many cases its happening. There's more than a cyber attack here, blatant price gouging as well. Get the backyard windmill spinning, this is just a taste of what's to come. But not to worry, we'll just borrow a few trillion more from the Chinese. What could possibly go wrong? With the huge debt we owe them, if we just gave them some land, maybe North Dakota, they could build all sorts of things on American soil, using American workers. And if any state is like China, it's this one. From what I saw, it's full of cities that exist that no one lives in.

Speaking of chicken, I ran across the first class menu for the Titanic on the internet. One of the items included Chicken Ala Maryland. Something I'd never heard of and called Phronsie to see if she had. "You've come to the right place!" she said. Her sister Judy used to fix this dish at family gatherings. Its fried chicken cooked in a cast iron skillet with a small amount of grease. After it's browned, the chicken is covered so it steams as well as fry's. Milk or cream is then added to the pan juices to make gravy. Sounds good, doesn't it? Other items on the menu included grilled mutton chops. Virginia ham, sirloin of beef, roast duckling, jacket potatoes, custard pudding, Waldorf Pudding and chocolate éclairs.

Cousin Janie Miles died on Sunday. She was one of the nicest people I've ever known. Janie was always a pleasure to talk with at family events and viewed people and the world in the kindest way. I will miss her gracious spirit very much. God Speed Cousin.

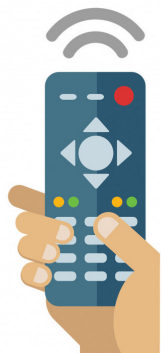

When I learned about Janie, I thought of funerals on my Dad's side of the family. For several generations the service always included the song "Now The Day Is Over" and "Crossing The Bar." A line from the latter at my Dad's service, "When that which came from out the boundless deep, turns again home," has always stayed with me. I remember as a child when he would take me out looking for pictures to put in the Enterprise, many times to the Truman Visitor Center when it was being built. We'd walk out on the "saucer part" before it was enclosed. Good years and memories.

## Governor Mike Parson

As demand for the COVID-19 vaccine has significantly decreased in recent weeks, Governor Mike Parson announced the Missouri National Guard (MONG) has begun scaling back its involvement at mass vaccination site locations in May. The drawdown of National Guard members is set to be completed by June 1, 2021.

"We are in a far different situation today than we were just a couple months ago. In the beginning, vaccine demand far outweighed vaccine supply. Now, we are seeing the reverse of that, and the need for large scale vaccination events has lessened," Governor Parson said. "Missouri is in a good place on the vaccine front, and that is thanks in large part to the tireless efforts of our National Guard members to get vaccines into the arms of Missourians. We couldn't be more thankful for the hard work of these dedicated men and women over the past several months."

State-supported vaccination teams have conducted hundreds of vaccine clinics and administered more than 382,000 vaccines, representing nearly 10 percent of total vaccines administered across Missouri.

Recently, state-supported vaccination teams and other vaccinators have experienced sharp reductions in COVID-19 vaccine demand – a trend that is occurring across the nation. As a result, the state has begun a phased approach to reduce state-supported lines of effort, particularly those utilizing the MONG.

The MONG will continue the work of its Targeted Vaccination Teams in St. Louis and

Kansas City. Guard members will also continue to assist in staffing the Department of Health and Senior Services' COVID-19 Hotline and provide support for Missouri food banks and food pantries.

There are no plans to cancel currently scheduled state-supported vaccination events in May. However, operations will begin to shift so that a full withdraw of MONG members can be achieved by June 1. Local partners, along with AmeriCorps, FEMA vaccinators, and the Missouri Disaster Medical Assistance Team, will assist as needed with assignments previously filled by Guard members.

The State Emergency Management Agency will continue to supply PPE for local events and will also continue its efforts in providing clinical and non-clinical volunteers as needed for local events.

The state is also working with vaccinators across Missouri, including health care systems, pharmacies, local public health agencies, and other community providers, to promote more convenience-driven vaccine options for Missourians like walk-up availability and extended hours of operation.

Data shows that 80 percent of Missourians have access to a COVID-19 vaccine within a five mile radius of where they reside. This is due to the vast network of local vaccine providers across the state of Missouri.

"Vaccines are readily available all across the state, and Missourians can often walk right into their local pharmacy and receive a shot. With universal vaccine availability and decreased interest at our mass vaccination events, scaling back our state-supported teams is the right decision for the most efficient use of our resources," Governor Parson said. "We will continue to educate Missourians on the safety and effectiveness of the vac-

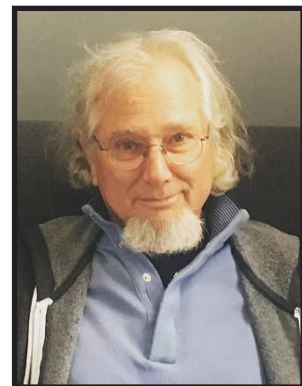

cine so that those who have not yet chosen to be vaccinated may join the millions of other Missourians who have."

In total, more than 4 million vaccine doses have been administered in Missouri, nearly 2.4 million Missourians have initiated vaccination, and more than 1.8 million Missourians have been fully vaccinated. Missouri's dashboard shows that over 38 percent of all Missourians have initiated vaccination, and nearly 50 percent of Missourians 18 and older have received at least one dose.

Of Missourians 65 and older – some of the most vulnerable Missourians – nearly 66 percent have been fully vaccinated, and 76 percent have received at least one dose.

Missourians can visit [MOStopsCOVID.com](http://MOStopsCOVID.com) for more information about the vaccine or call the Missouri COVID-19 hotline at 877-435-8411 for additional information and assistance.

for the last couple of years. His wife, Carolyn, sat in the old Ford and smiled.

Many come to look at the cars, but many of the cars they look at are entered for different reasons. Some people restore cars and turn them into hotrods; Martin Griser, however, spends a lot of time on his 1961 Rambler keeping it as close to original as possible – he even has the original notebook and manual that came with the car – and a vintage emergency kit in a tin box, too. Martin and his wife Connie have been going to Cruise Nights for the past 16 years displaying their car. One of the recent additions to his Rambler is an old surfboard strapped to the top, which lends a touch of the 60s vibe to it. After all the large four-door car was made for traveling with a lot of people.

Many others on the square are also frequent flyers – or drivers, if you will. They have been putting their muscle cars and vintage autos on display for several years here, but there are some new cars/trucks every year. Not everyone is there strictly for the cars. Chester Jones, with the VFW, partnered with the Cruise Night committee and maintains a booth downtown during the events. This year he took the opportunity to tell folks that the VFW has several locations for flag disposal boxes around town. The VFW holds an annual flag retirement ceremony and the drop-box project for flags (so they may be retired appropriately), is a project developed by Eagle Scout Caden McCartney (locations are at the VFW, Fire Station, the Benson Center, Englewood Cemetery, and Adkins Printing); Jones thought he would help with the project and it is, of course, something he is happy to support.

There are other things at Cruise Nights: normally, there is some form of entertainment, just not at this first one. They are also raffling off a bench made from a Chevy truck tailgate (Bowers Designs). Folks can get ahold of Clinton Main Street for instructions on how to participate. Cruise Night events typically draw more cars and crowds as the summer months come on; the next one is June 8.

project – a project at least four years in the making. She thanked the city council, mayor, Friends of the Park and the Park Board – as well as everyone else who was part of bringing the project to this point.

Administrator Maggi described the four year journey; she pointed out how City Clerk Wendee Seaton had applied for close to 100 grants to find funding for the

project, described the formation of the playground committee, and how staff had toured other inclusive playgrounds in other communities to get an idea of what could be done in Clinton. However, fundraising for this project was a critical component – the total price tag came in at about \$600,000. In addition to grants and cooperation between city departments to save money, there was still a long way to go to reach the financial goal. Thankfully, people in the community were willing to step up and contribute: Golden Valley Memorial Hospital, who was the first local commitment to the project's funding, was not hard to convince to be a part of it. "The project aligns closely with our mission," said Craig Thompson. "It is an asset to our community."

Christian DeLozier, who was also key in obtaining public donations for the project, has been tireless in his pursuit of seeing the project funded. He said he had lived in other areas and saw what a project of this type can do for a community. "Fundraising is tough," said DeLozier to those gathered, "until you talk about kids." He also thanked the many others who contributed to the project financially – and recognized the Rise Community Service group present at the groundbreaking event (Rise Community Service is from Warrensburg).

Mayor Lowe was thankful the project has come into being and he was key in getting the largest project donor on board: the Skidmore Foundation. Kyle Sisney told folks gathered "they were happy to have their name on it" and that the fresh air and good ground (for playing on) would be welcome in the community. David Maggi, speaking to the crowd, pointed out that the purpose of the playground was to remove barriers and allow people to focus on similarities with each other, rather than differences. He encouraged those present to picture children smiling and laughing while playing on the playground and picture adults driving past the playground in the future and seeing that: "These are the things that make for peace," he said.

The groundbreaking is just the start of the construction; however, the project should be completed sometime in late summer.

**ECONOMY cont.**

planations out there about why the number remains low, but at least some of the responsibility must be on the continuation of unemployment insurance. One could argue the influences of that piece of legislation on a number of factors: workers waiting for better wages to return to work, higher prices because of shortages of material (because people did not work during the pandemic), workers making more staying at home simply because they make more, the lack of schools reopening causing some folks to not be able to return to a normal work environment – or it might just be highlighting how a lot of people just don't want to work. The root cause, however, was likely the extension of those unemployment insurance benefits – for better or for worse.

In Henry County, job postings are plentiful but there are few people applying for them. Henry County's employment sectors are varied. In the short term, there are not enough people filling positions which is straining those already working and making it hard on businesses to keep staff, run efficiently, or even provide the quality of service that a business might have been providing before the pandemic. Some industries, like lumber, are still trying to catch up with the demand and prices attached to that piece of plywood being purchased reflects it: the cost is about triple the amount it was a year ago. How much of that is price gouging versus legitimate shortage is a little hard to determine. It does show how one sector of the economy can affect the rest of the nation in a broad and, potentially, adverse way.

According to the Clinton Chamber website, there are at least 361 businesses in Clinton itself – there are about 600 in the county. But the biggest employer in the county? That would be Golden Valley Memorial Healthcare at over 900 employees.

To put that into perspective, the county's labor force (as of 2020) was about 9,600 people which means that roughly 10% of the

county works in the healthcare industry – and that does not include Compass Health employees who are also a top employer in the county. GVMH has partnered efficiently with the school district and community college (State Fair) to help create a path for those wishing to become nurses – which is helpful in eliminating nursing shortages. Missouri is in a better position than some states in this regard: in 2020 Missouri had about 14-16 nurses per 1,000 population (compared to Texas, for instance, which has less than 10 per 1,000; California and Nevada had similar numbers according to nurses-journal.com).

Nurses, which make up a large portion of the base of healthcare employees, tend to make better than average wages too (registered nurses average about \$60,000 per year in Missouri; on the mental health side, LPC's, licensed counselor's, also make about 60,000 per average in Missouri).

Other top employers for Clinton include Schreiber Foods, TC Transcontinental, and Tracker Marine. Henry County's labor pool was at its highest in 2000 (11,000+) but has steadily declined since. The population of Clinton itself has remained steady at about 9,000 for the last decade; the county's population has also remained steady over the last decade at about 22,000.

What does that mean for Clinton? It means that there is a 1 in 10 chance a person you meet works in healthcare.

**Local Arrest Gets Physical**

The Henry County Prosecuting Attorney's Office announces that on May 4, 2021, Cody Jennings, 29, Clinton, was found guilty by a Henry County jury of assault in third degree of a law enforcement officer and felony possession of a controlled substance (methamphetamine).

Assistant Prosecuting Attorney LaChrisha Gray prosecuted the case on behalf of the State of Missouri. Jennings was represented by his counsel.

The Prosecutor's Office filed charges based on a June 2018 incident in which Corporal Graham with the Henry County Sheriff's Office had contact with Jennings inside Windsor City

Hall and discovered that Jennings had an outstanding warrant. Corporal Graham attempted to take Jennings into custody on that warrant, but Jennings physically resisted Corporal Graham.

The physical struggle with Jennings led Corporal Graham to

dispatch for assistance from other officers.

After other officers arrived to assist, approximately ten minutes after the beginning of the physical struggle, Jennings was finally placed into custody and then found to be in possession of methamphetamine.

Throughout the course of the incident, Corporal Graham sustained injuries to his head and hand. There were also damages to the inside of Windsor City Hall.

Jennings pled not guilty and requested a jury trial, which was conducted on May 4, 2021.

Eighty Henry County citizens were summoned to appear for the jury selection process.

Assistant Prosecutor LaChrisha Gray presented witnesses, video, and other evidence of the incident to the jury for consideration. The case was submitted to the jury of twelve at approximately 5:15 PM and a verdict was rendered a short time later.

The jury returned a verdict of guilty to both counts. Sentencing is not yet set as a sentencing assessment report will need to be generated by Missouri Probation and Parole and

Jennings has another case pending for assault in the first degree of a law enforcement officer.

According to Assistant Prosecutor LaChrisha Gray, Jennings faces up to 10 years in the

Missouri Department of Corrections on each of the two counts.

**Concerning Language In Senate Bill**

The tobacco industry has stuffed the preemptive T21 language in SB 403. The alarming language in SB403 would preempt the field of regulating the sale or use of tobacco products, alternative nicotine products, and vapor products. That means all local T21, retail and smokefree ordinances could be REPEALED and any future action will be prohibited. This applies to all political subdivisions, including LPHAs and is so broad and vague it could impact school districts and college campuses from regulating tobacco use. PLEASE TAKE ACTION NOW - contact your House Member to SAVE OUR SMOKEFREE LAWS! VOTE NO on HB517 language added to SB403.

## Weekly Chamber Report

We held our third drive-thru job fair on Friday, April 30 th . In Feb., more than 30 people came to the

Chamber and got a packet of available job listings. That number was down to below 10 in March, but this past job fair saw more than 15 people pick up one of these packets that list all the jobs available from mostly Chamber of Commerce members and others as well. The next job fair will be May 28 th but you can always view the jobs on the Chamber's Facebook page.

On Sat., May 1 st I, David Lee, attended the Henry Co. Memory Fund's Big Purple Party. The H. C. Memory Fund was established in 2014 for the purpose of providing assistance to patients, caregivers and family of

Alzheimer's and Dementia patients to assist with expenses associated with the disease that reside in Henry County. It is a fund established through the Community Foundation of the Ozarks. They had a great crowd and raised a lot of money for their mission.

Tuesday night, I gave my bi-monthly report to the Clinton City Council. I'm glad that they have given me this opportunity to tell them what the Chamber and Clinton Tourism is doing and it gives them a chance to ask any questions they may have.

On Wed. at Noon in front of the Aquatic Center, a very special groundbreaking ceremony took place.

Even though construction is underway at the inclusive playground site, community leaders and plenty of others showed up on beautiful day to hear a few people talk and watch the ceremonial groundbreaking activities. Those with physical and mental disabilities will be able to play on the equipment alongside those fortunate enough not to be living with a disability. This playground should be complete sometime this summer.

It was so nice on Thursday, it just happened to be the day I went out and about delivering the new Clinton maps. I went into more than two dozen places like restaurants, gas stations and others...and I still have more to deliver. Remember, if you want one of these maps, just come by the Chamber office at 200

South Main between 8am and 4pm Monday through Friday. Getting these maps into the hands of the pub-

lic, especially those traveling through, is very important. We hope they pick up a map and then come back!

The Bass Federation of MO High School Championships will be held on Truman Lake on Sat. (5/8). I will be talking to about 80 students plus their supervisors and some moms and dads on Friday night about everything Clinton and Truman Lake has to offer and giving them reasons to come back to this part of the State in the future. The official weigh-in at Bucksaw Resort is Sat. aft. at 3:00 and it's open to the public.

Remember, this is a State Championship event...so take the quick drive to Bucksaw and watch two State Champions being crowned!

Don't forget the first-of-the-season Clinton Main Street 'Cruise Night' is coming up this Sat., May 8 th on the Downtown Clinton Square beginning at 5pm.

The Ambassador's Committee of the Chamber is putting in work to get the monthly Business After Hours going again after more than a year off due to the pandemic. These events for our Chamber members are scheduled to get underway in June and we'll keep you up-to-date.

The Olde Glory Days committee continues to move forward with this year's celebration. Music, the parade, carnival, fireworks, office olympics, kids games, side shows, veteran's dinner, prize drawings and more will be taking place. The Clinton Chamber and our local media will give you more details as they become available. As of right now, fireworks on Thursday night, a full day of activities on Friday and Sat. and Gospelfest and the carnival will continue on Sunday.

It's never too late in the year to sign up to belong to the Clinton Chamber of Commerce. Find out more about belonging to the Chamber by calling 660-885-8166 or email david@clintonmo.com. Anyone can be a member!

People buy Chamber gift certificates to give to friends, family, co-workers, employee of the month, as a thank you and so many other reasons. Call 660-885-8166 and order your gift certificates. They will be ready when you get here!

It's now the season for the annual Academic Excellence awards and scholarships. We have the names of

Clinton High School and Clinton Christian Academy students that have qualified and you will see those names...

those students are getting their ribbons and medals...and a few lucky ones will get scholarships.

We sent congratulatory letters to the parents of these students. We are proud to be working with the Clinton School District for the past 30+ years and for the first time, the Chamber is now working with CCA to honor their high school students.

Each Monday, we are putting a question on our Facebook page you can answer if you'd like. Look for 'WONDERINGS FOR THIS WEEK' and let us know what you think concerning our question each week.

We get about three or four inquires each week, sometimes more, from the public wanting to know about places to rent in Clinton. We do have a list of landlords we give to them or email, but now each

Monday on our Facebook page, we will be updating that list to make sure it is accurate and includes more information for folks looking for a place to rent. If you have houses or apartments to rent, make sure the Chamber knows about it so you will be on the list.

Don't forget, if you're a business owner and belong to the Chamber, be sure to update those Facebook pages so we can share your information on the Chamber's Facebook page. ## Literacy Council Urges Youth Reading Development

The Literacy Council of Clinton recently participated in the Clinton School District's preschool and kindergarten screening held at Henry Elementary and the Early Childhood Center. Each child received a new book to take home as they finished the screening process. The children were very excited to receive their new book!

The Literacy Council and Hawthorn Bank have undertaken this project for several years. The LCC would like to thank Dave Garnett and Hawthorn Bank. Without their sponsorship this project wouldn't be possible.

We would like to encourage all parents to read to their infants and children everyday as it makes a difference in their education and they just enjoy it! Did you know listening comprehension comes before reading comprehension? You must hear a word before you can say it or read and write it. There's a kind of "word reservoir" in a child's brain and one of the jobs of a parent is to pour so many words into it that it overflows into speech and then reading and writing.

If you are interested in joining the Literacy Council and sharing the gift of reading and books with the children of our community, please contact us on Facebook at Literacy Council of Clinton.

## Komer Bikes For A Noble Cause

Rebekah Komer, a 2016 CHS alum and a 2020 MU graduate, has taken on a new challenge. She has joined an organization called "Pedal the Pacific". It is an organization dedicated to raising the awareness of the world wide problem of Sex Trafficking. Rebekah was chosen along with 11 other young women in October of 2020. The group of twelve is being educated about the growing problem of sex trafficking that gets so little media attention. They are also learning a lot about long distance bicycling. Why? These young women meet in Seattle on June 9 and start a trek on bicycles down the California coast to San

Diego (1,700 miles). That is over seven times the length of the Katy Trail. They will meet people, camp, stay with families when possible and talk with every organization that will listen. They "Pedal the Pacific" to educate and bring more attention to the terrible 'industry' of sex trafficking that exists in every country and every state. These young women are not professional bicyclists, they are concerned advocates looking for a way to make a difference. Their journey takes over a month and half. To learn more about or to support this cause go to: <https://www.pedalthePacific.org/>.

## Overtime Thriller Ends In Cards Loss

It was a long and ultimately a very disappointing night on the pitch. The Cardinals fought the visiting Lady Chicks tooth and nail on Friday, May 7. The Cardinals relied on their strong defense trying to get the occasional counter attack. It was tied 0-0 after regulation. The Lady Cards held off the many P. Hill attacks to only lose, 1-0, in the closing seconds in the second

overtime period. Ava Potter was in goal and did a great job but the shot coming from the far right side found the back of the net 37 seconds away from PKs. The Cards fall to 9-12 on their season. They face the (9-7) Warrensburg Tigers Tuesday, May 11, on the road. Then on Thursday, May 13 they play Knob Noster at home before Districts on May 15.

## Tennis Seniors Partake In "End Of Year Celebration"

**Trenton Hilty** was escorted by his parents Joe and Tricia. The tennis coaches Eric Himas and Sarah Armon, with a little help, put together a fun 'end of the year' celebration. The fun included gifts, food and two candy filled piñatas. Their year is not quite over, for they have individual districts on May 7.

**Ayden Ninemire:** his parents are Stephanie and Vince but he was playfully escorted by Coach Hilmas and Coach Armon.

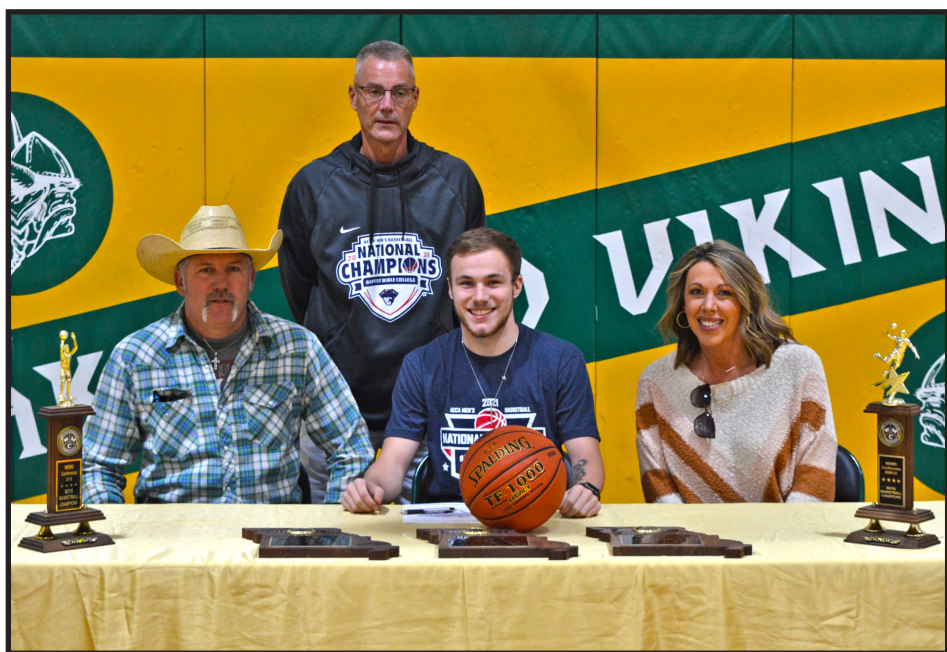

**Isaiah Conway** was escorted by his parents Joey and Brenda.

**Zach Lane** was escorted by his parents Susan and Wayne Boden.

## Kaberloh Commits To Baptist Bible College

**MOVING FORWARD** with his basketball Career, Rafe Kaberloh recently signed with Baptist Bible College. Left to right, Dusty Kalberloh (dad), Coach and A.D. for BBC, Darin Meinders, Rafe and Julie Kalberloh (mom). Rafe's high school coach was Adam Collins.

Rafe Kaberloh signed his letter of intent to further his education and to play basketball at the Baptist Bible College in Springfield. The Patriots play in Division 1 of the NC-CAA (National Christian College Athletic Association). Rafe has been a scoring leader for the Lakeland Vikings for the last four years racking up 2,237 points even while the pandemic cut the season short five games.

## John Means Completes No-Hitter

Clintonians Judy and Jim Sanders have to understand that many of us have also taken in their grandson (John Means) and made him part of our extended family. In other words, we are very proud of him too. To remind you, John is a pitcher for the Baltimore Orioles. He is not just on the roster, John is the ace. He just became the first individual Baltimore Orioles pitcher to throw a no-hitter since Jim Palmer in 1969. The longest active streak in MLB. I can only imagine the buttons popping off the shirts of proud Grandma and Grandpa.

## Errors Lead To Cards Loss

Both teams collected nine hits in the Tuesday, May 4 contest. The game was moved from Clinton to Oak Grove because of field conditions after the early rain. It was a tight game (7-5) going into the 7th inning. The Cards lost 13-6. Jake Wirsig took the loss

## Umpire Retires After 37 Years Of Officiating

I just met the man on May 6 at a CHS vs Butler baseball game. His name is Ricky Bunch and he was the umpire. He told me he is from Warsaw. The game was stopped between innings to recognize the fact that Mr. Bunch has been umpiring for 37 years and this was his last game. He was retiring. When it is so hard to get officials for athletic events you have to say thanks to Mr. Bunch for helping out for all those years. Enjoy your retirement.

## Processors Awarded Millions By Missouri

The Missouri Department of Agriculture has awarded \$16,716,406 million in CARES Act funding to nearly 150 small and medium sized businesses. As a direct result of the reimbursement grant, more than 40 businesses were assisted in initiating or expanding their level of meat processing through a new grant of inspection or custom exempt inspection status.

“As a cattleman and former small business owner, I am passionate about raising, processing, and buying the products produced right here at home,” said Governor Mike Parson. “Investing in small businesses is a way to ensure that our food supply is strong and that Missourians are able to continue feeding their families during future emergencies. These grants will not only benefit Missouri meat processors but also consumers as their access to meat and poultry increases.”

The Meat & Poultry Processing Grant was created to support meat and poultry processing establishments that employ fewer than 200 people with the end goal of creating stronger food supply resiliency across the state. The Missouri General Assembly appropriated the federal funds from the Coronavirus Aid, Relief, and Economic Security Act (“CARES ACT”) to help support

these establishments and their communities.

“Our local meat processors were the backbone of our food supply chain during the COVID-19 pandemic,” said Director of Agriculture Chris Chinn. “Last year, our team doubled the amount of red meat under state inspection, so we know the demand is there. We are proud to say that this grant has helped bring 27 businesses into state inspection status, also doubling the number of state inspected facilities in Missouri.”

Funds were awarded to federal, state and custom exempt meat and poultry processing facilities.

New or Expanded Establishments (definitions below)

- 5 USDA inspected establishments

- 27 MDA inspected establishments

- 12 new custom exempt establishments
- Existing Facilities (definitions below)

- 62 existing USDA or MDA inspected establishments

- 43 existing custom exempt establishments

“Many members of the Missouri Association of Meat Processors received the Missouri Meat and Poultry Processing Grant,” said Niki Cloud, executive secretary of MAMP. “Processors were able to make further improvements to their businesses, which helped their local economy, and ultimately keep their communities fed.”

The grant funds were used to reimburse costs associated with purchasing or improving equipment, upgrades to utilities such as water, electric, heat or cooling, packaging equipment, costs associated with becoming an inspected establishment and more.

PASTOR MARK ABNEY

The greatest attribute of any mother is her faith. Using 2 Timothy 1:3-7 as his text, Pastor Mark Abney shared 6 characteristics of faith in his sermon titled A Mother's Faith. 1. Faith is real and genuine. 2. Faith is living. 3. Faith is contagious. 4. Faith is action. 5. Faith is encouraging. and 6. Faith is bold. Our faith should be real and something we can stand on because of our love for Jesus. On Mother's Day we celebrated our mothers by presenting each one present with a beautiful plant. How thankful to God we are for mothers.

Our prayer concerns this week are for Pat Kampe, Kaye Brooks, Dalton Creach, Kay Pogue, Jim and Shirley Bilbruck, and the Forrest Pinkston Family. Be faithful in your prayer life because God hears and answers every prayer.

We want to congratulate Gracie Hollinger on her graduation from Calhoun High School Friday, May 14th. We pray she has a bright and happy future in all her endeavors.

Celebrate Recovery continues each Sunday evening beginning at 5:30 pm with dinner. At 6:30 pm worship begins followed by small groups at 7:30. Last week's lesson was a spiritual inventory. We must openly examine and confess faults to God in our mind, body, family and church. "Let us examine our ways and test them, and let us return to the Lord."

Lamentations 3:4. Come check out CR where you can leave your hurts, hangups and habits behind. Drive in, inside, and live streaming of our worship service is available. To hear the worship service within the city limits tune your radio dial to 93.1 FM. Live streaming of our service begins at 11:00 am. Check it out by going to our Facebook page and you can worship with us in real time. Pastor Mark's sermon is also available as a podcast on our website.

We hope that you will continue to support the church with your tithes and offerings. If you are unable to come in person, please mail your offerings to Calhoun Baptist Church, PO Box 33, Calhoun, MO 65323.

Come join us for Sunday School beginning at 10:00 am and Worship at 11:00 am. We look forward to greeting you. For more information about our church or to listen to the full sermon visit our website at [www.calhounbaptist.org](http://www.calhounbaptist.org).

## Calhoun United Methodist Church

Welcome to the news of Calhoun United Methodist Church. It is wonderful to be back in church under somewhat normal conditions. Our service is also being filmed for Facebook. We rang the church bell this morning to announce that we are again having services.

We extend our sympathy and Christian love to the family and friends of Forrest Pinkston, and Jim Halbrook who passed into the arms of Jesus recently. Others on the prayer list include, Pastor Margie Briggs and Avery, Linda Hawkins, Linda "Colwell" Scovner, Grace Shockley, Sherrelyn Bell, Shelby Bicknell, Jean and Larry Cox, Clyde Pugh, Dave Burson, Tom Colwell, Carol Lane, Jean Dittmer and Brenda Pinkston, suffering from cystic nerve problems due to the barometric pressure. Special prayers for our country, military men and women, police, first responders, front line workers, and those affected in any way by the pandemic. Prayers were lifted for those incarcerated, addicted, mentally ill, and homeless.

Joys to celebrate: A very Happy Mother's Day wish was extended to the ladies this morning. Special music was, "Momma's Rocking Chair", by Verna Walters. Pastor read a special Mother's Day poem. A Baccalaureate Service for the 2021 Calhoun High School seniors will be held Thursday, May 13 at 7 p.m. at Calhoun Baptist Church. The Colwell family was pleased to have such a beautiful day for the funeral services for their brother-in-law, Robert "Bob" Hawkins, and to have their son, Jerid and grandson, Ayden here visiting from Texas. Harvester's Food Drop will be next Friday, May 14, those interested in helping with this project are invited to be at the Colt Show Building about 12 noon.

The 'Welcome Mat' is always out. Come dressed as you are comfortable. Be prepared to receive a blessing for your effort, and we will be blessed by your presence. Thought for the week: Make sure you test positive for faith, keep your distance from doubt, isolate yourself from fear and trust God through it all.

## Clinton United Methodist Church

Trudging up the path to the well, heavy water jug on her shoulder, came a Samaritan woman. Needing a midday break, Jesus could have ignored her... but he didn't. Instead, he started a conversation that changed her life and community forever (John 4:7-42).

There the young man stood, wealthy, and confident. But the need for something more still gnawed at his soul. The crowds were clamoring for his attention, Jesus could have ignored him... but he didn't. Instead, he issued an invitation that sent the young man away thinking deeply about his life (Mark 10:17-20).

"Jesus, Son of David, show me mercy," came the annoying cry from the crowd lining Jericho's streets. Needing to press on towards Jerusalem, Jesus could have ignored the blind

man... but he didn't. From that day forward the man could see in more ways than one (Luke 18:35-43).

Moments matter. Trouble is, we often miss or ignore many important moments that come along. Jesus took another approach and that made all the difference! May you and I follow Jesus' example.

Your partner on the journey,

Pastor Steve Blacksher

Pastor Randy Shipman welcomed the congregation and wished all the moms a happy Mother's Day. A video, "We Hear You Mom", was shown depicting a mom's routine in caring for her family. Joe Hilty announced that the Bible Sagrada Camp Workday will be on May 22. All who want to participate will meet in the church parking lot at 7 a.m. The Cherub Choir blessed all mom's and families with sons and scripture.

In the message "Mary, An Ordinary Mom", Pastor Randy used Luke 2:48, 50-51, Mark 3:21, 31 and John 19:25-27 to remind us that mom's are the people who are more concerned about the next generation. They teach their children the important things they need to know before coming an adult, just as Mary, mother of Jesus, taught Him. She was an ordinary mom, chosen for an extraordinary task. She was selfless in supporting her Son even through great pain seeing Him dying on the cross.

In June, Mission Fuge Camp for Middle School, 6th-8th grades, will be at Southwest Baptist University in Bolivar, June 14-18. Fuge Camp for High Schoolers will be at the Union University in Jackson, Tennessee from June 21-25. "Sports Crusaders" will be at First Baptist again this year so don't forget to pick up your camp registration forms at the FBC Welcome Center Information Desk or the church office. There will be Basketball, Soccer and Volleyball camps for 3rd-8th grades. Also, Volleyball for 3rd-5th grades.

Vacation Bible School will be held at First Baptist at the Vansant Road location June 27-July 1 from 6-8:30 p.m.

Don't forget 'Celebrate Recovery' meets on Tuesdays at the Vansant Road Campus beginning with worship at 6:30 p.m. and Open Share Small Groups at 7:30 p.m.

For the shut-ins the worship service is aired on KDKD 95.3 at 10 a.m. Sunday mornings. Online worship services continue at this time.

We invite those in the Clinton area who don't have a church home to join us in worship of our Lord and Savior, Jesus Christ. ## Golden Valley Christian Church

Did you know the first Modern Olympic Games, held outside Europe, were in Missouri? St. Louis, Missouri, hosted this event in 1904. It turned out to be a rather chaotic affair, with few competitors, but did have some lasting events; boxing was introduced at that time, which continues today. A German immigrant, George Eysler, won a number of medals in gymnastics, wearing an artificial leg; Eysler had lost his leg in a train accident. The Bible does not mention any sports, with the exception of Paul, using the metaphor of racing in numerous passages. One example is 2 Timothy 4:7.

Last Sunday, Golden Valley Christian Church honored the mothers in the church. Chris Tucker asked various questions, and the mothers that could supply the answer or item asked for, won a gift. Four lucky mothers each went home with a beautiful potted plant. The message of Sunday morning encouraged every person to "Honor Your Mother." Ephesians 6:1-3 was the scripture used, and Bro Elmer related several different ways we should honor mothers. Being a good mother is a tough and important job. We should always show respect, and treat her as the special and valuable lady she is.

The GV Charity Crafters meet each Thursday at 2:00 PM. Throughout the month of May, our congregation is collecting green beans (6-pound cans) for the church camp in La Monte. Vacation Bible School will soon be here; a list of articles needed for this activity is available to those wanting to help.

Golden Valley Christian Church meets at 611 South Third Street in Clinton. Sunday Bible classes begin at 9:30 AM, and the morning worship service is at 10:30. Our interim minister is Elmer Fuller, and our website is [www.goldenvalleyc.org](http://www.goldenvalleyc.org), where you will also find links to access our Facebook page and YouTube sermons. We are happy to invite you to attend our services, where you will always receive a warm welcome.

## Mount Calvary Apostolic Pentecostal Church

Elder B. Collins

Happy Mother's Day

Scriptures: Psalms 26:2 Examine me, O LORD, and prove me; try my reins and my heart. (KJV) Psalms 26:3 For thy loving kindness is before mine eyes: and I have walked in thy truth. (KJV) Psalms 139:11 If I say, Surely the darkness shall cover me; even the night shall be light about me. (KJV) Psalms 139:12 Yea, the darkness hideth not from thee; but the night shineth as the day: the darkness and the light are both alike to thee. (KJV) Psalms 139:13 For thou hast possessed my reins: thou hast covered me in my mother's womb. (KJV) Psalms 139:14 I will praise thee; for I am fearfully and wonderfully made: marvelous are thy works; and that my soul knoweth right well. (KJV) Acts 2:38 Then Peter said unto them, Repent, and be baptized every one of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost. (KJV) Acts 2:39 For the promise is unto you, and to your children, and to all that are afar off, even as many as the Lord our God shall call. (KJV) Acts 2:40 And with many other words did he testify and exhort, saying, Save yourselves from this untoward generation. Acts 2:41 Then they that gladly received his word were baptized: and the same day there were added unto them about three thousand souls. (KJV)

There are naturally good people who have integrity and mind their business, treat others with kindness. They don't go to church and believe that they are ok.

In the world that is true. In the sight of God, they are placing their souls at stake. When we die some people believe it is over, but it is not. Hell is real and enlarges itself daily because people have not made their election sure. They think they have plenty of time.

For those of us still breathing, you have a chance now to get this right. Ask God for help, repent of that thing. Repentance is hard for some people because they don't want to say they are sorry.

In the midnight hour when it is quiet and you are laying there God is right there with you, waiting to see what you are going to do. Are you going to call out to him? Your soul is real there is no amount of money in the world that can be given in exchange for it.

God is calling out to all of us; young, old, thin, full figured, beautiful, and ugly. He is calling each of us to come and become one with him. When I made up my mind to that I would serve

him no matter what, God settled my mind and I got a hunger and a thirst for him.

Trust him and he will bring peace in your heart and will give you the desires of your heart if you please him. Come to church, live right, tithe your 10% he will bless you.

I will say to all the mothers and fathers that whatever you told your children wrong, go back and tell them what the right thing is to do. What needs to be done is to be saved.

The Holy Ghost brings change in our lives when we put forgiveness in our hearts. He turns that thing around and you can serve God the right way all the days of your life. You don't need those other things added in; smoking, drinking, adultery.

Holy Ghost is real, he will give us peace and comfort if we allow him in our hearts. God is real he hasn't left us, he has given each of us a chance to serve him and praise his holy name. God Bless.

## Mt. Zion United Methodist Church

David Hill, Pastor

In honor of Mother's Day, Pastor David's message was, "A Mother's Love". The Old Testament reading was Psalm 98:1-9, and the Gospel reading was John 15:9-17. What does it mean to be given the title of "Mother, or Mom"? As defined by the Oxford English dictionary the word mother is a verb meaning: "to suffer, endure sleepless nights, endure a lifetime of worry, to care for those grievously ill, to sacrifice for small humans." All joking aside, mothers are incredible people who give up a great deal to ensure the well-being of their families and give a great deal to make a wholesome family. The family is the most basic social structure and within this structure our society and nation are built.

The mother is at the very heart of the family—the one who instructs the children and makes all things function. They sacrifice an enormous amount of time to make sure their children are raised right and provided for. The family—mothers and fathers alike—teach their children morals, ethics, virtues, and kindness. But the Christian family duty goes deeper than just teaching kids to be good people—we must also teach the Christian faith.

So, why does our society seem to be in decline? Not necessarily because of a legion of "bad mothers". Rather, we have not done our part as the Christian family—to teach the lessons to make disciples of Jesus Christ for the salvation of the world. Because, as our Scripture states: Jesus says "This is my commandment, that you love one another as I have loved you. No one has greater love than this, to lay down one's life for one's friends." We must emulate this sacrificial love that mothers give every day and that Christ gave for us on the cross.

Love means sacrificing and we must sacrifice if we wish to make a difference in our homes and in society. We must sacrifice our time, give our talents, and even sometimes our treasures if we truly want to participate in this great commandment that Christ gave to his disciples. If we truly make these sacrifices then, like any good mother, we should expect to reap a boun-

tiful harvest.

So let us endeavor to sacrifice for the betterment of our Christian family, loving unconditionally. And through this sacrificial love—this Agape love—we can begin to reform the world and the church in the image of Jesus Christ our Lord.

## Trinity Lutheran Church

Alleluia! The Ladies Bible Study group will resume on Friday, May 21st, at 10:00am. The group will begin (again) the study of Joshua. If you wish to join us or have any questions please contact Linda Cox (660-885-4822) or Debbie Cosens (660-525-5662) by May 13th so we have time to get a book ordered for you. Books are \$10.00.

Stan and Jeri Steffens would like to thank the congregation for the cards and notes they received for their 70th wedding anniversary last week. They received dozens and want everyone to know how much they appreciate them. May God bless you all.

Martin Luther was a devout monk. He was a dedicated priest. He was devoted to the Catholic Church. Above all, he feared God and wanted to be certain of his salvation. Unfortunately, Luther could never be sure he had done enough to appease God for his sins.

For example, as an Augustinian monk, Luther was determined to confess every single one of his sins in order to be assured of God's forgiveness. Luther attended confession daily, sometimes for as long as six hours at a time. His priest grew so weary of him confessing every possible or potential sin that he advised Luther to go out and actually commit a sin or two so he would have something to actually confess!

Despite all of his best efforts, Luther still felt the wrath of God against him, a poor, miserable sinner. Ultimately, he rediscovered the true gospel in the Bible. Salvation can't be earned by our own merits or good works. It is a gift of God, Our good works do not create faith or forgiveness; they are a sign of the faith freely given to us by God while we were still dead in our trespasses and sin.

God creates and sustains faith in us through Word and Sacrament. These can be found in the Christian Church, where believers gather around Word of God rightly preached, and where the sacraments of Baptism and the Lord's Supper are rightly administered.

Like Luther, do you feel the burden of your sins? Do you want God's forgiveness and mercy?

Good! That is a sign of the Holy Spirit working in you, calling you to come to church and receive His gifts of faith and salvation. Praise God!

Divine Service: 10 am; SS 9 am; Ch. ph. 660.885.4728. Rev. Jesse Kueker 573.87768.5752.

## Urich Baptist Church

It was a wonderful day to worship and honor mothers. We rejoiced as we honored our oldest mother, Fern Kelsay, at 101 years old. Today, Clint Keeney rang the church bell. Mrs.

Brenda Koch filled in as song leader with Mrs. Dixie Collins playing piano.

The scripture from Pastor Chad Pollett's sermon was from Ephesians 1: 15-17. In this

passage Paul was imprisoned in Rome and was praying for the church. He was praying because the church was doing all the right things. Paul prayed for their wisdom and knowledge. He prayed for the enlightenment of the church and their hope of an inheritance that they had in Jesus. He also prayed they would understand Christ's power. He wanted them to comprehend God's power and His dominion over all. We also have power in our prayers and are enlightened by His word. Draw closer to the Lord and enjoy each day of His blessings.

## Valley Center United Church of Christ

We gathered today in the name of the Father, Son and Holy Spirit. We are the people of the Resurrection. Our Gospel Lesson from Luke 7: 1-17 finds a Roman Centurion asking one of his servants to find Jesus to heal one of his faithful servants who was very ill. This Centurion recognized the power of Jesus as no one else did. Jesus tells his followers, nowhere in Israel have I seen a faith like this. In these passages Jesus heals the Centurion's servant and heals a widow's only son. These were examples of the love and authority of God, the author and creator of life. In our faith we are always trying to learn and explain these mysteries and wonder in our lives. There are things we cannot explain. Jesus taught, healed, died, and was lifted from the grave for a reason. The Resurrection gives us the proof of His love, grace, forgiveness, wholeness and His power and authority. Jesus came alive so we might do great things. We are lifted up by the grace of God so that we will arise and go and do things to build God's great kingdom. May we always find wonder and mystery in the Resurrection.

Our Mothers were recognized today with prayers of love and grace. We send our congratulations and love to Judy and Art Neuenchwander as they celebrate their 60th Wedding Anniversary on Friday, May 14. Our new updated church directories were handed out. A big thank you to Peg Neuenchwander for updating them. We continue to pray for Kim Meszaros as she continues to struggle with some health issues.

Many attended the celebration of life for Eddie Neuenchwander on Saturday. Eddie was the son of Larry and Doris Jean Neuenchwander, a member of our church and a graduate of Lakeland High School. He passed away after a courageous year-long battle with cancer. We send our prayers and sympathy to his parents, brothers, Jim and Bill and Sister Debbie Vanslyke and their families. His smile and kindness will be missed by his many friends and family.

We ask for prayers for our pastor who has some health issues and is scheduled for surgery on Thursday. He will be absent for 4 weeks. We thank Dr. David Maggi for filling the pulpit for the next 4 weeks.

Our study of Corinthians continues with great interest and discussion. Stephanie served as greeter and closed our service with prayer. Come as you are and worship with us at 9 a.m.

We would like to publicly thank 911 Calhoun Fire Chief, Clint Knecht, Golden Valley Ambulance, Pettis County Ambulance, Henry County Sheriff's office & the responding deputy, and Golden Valley Memorial Hospital.
