## Deepwater Swap Meet on Main Street June 4th & 5th (660) 696-2708 (660) 696-2310 Need Vendors!

The cemetery behind the Finney Baptist Church has been the final resting place for many of its members and also members of the community. The church was established in 1905. At that time Finney had a general store, post office, school, and church. There are still a few people in the community who attend the Finney school before it closed in the early 1950s. And the Finney church is still going. The hand of God has guided it through generations of members, world wars, depressions, and even a previous pandemic - the 1918 influenza. Over the years the church has been a guiding beacon of hope for the community. The church is committed to the perpetual maintenance of the cemetery out of respect for those lives that lingered in the Finney community or extended their hand while passing through. It is a peaceful memorial to about 75 lives. So the church has set aside a special fund as an endowment for the maintenance of its cemetery. Over the years many have contributed to this fund for the express benefit of the cemetery. The church has a special committee to oversee the maintenance of its cemetery and its endowment. If you would like to join others in perpetuating this Finney landmark we welcome any contributions you can give. On behalf of those who are at peace in their final resting place, who are now silent, we speak their appreciation for your generosity and perpetuating their memory.

Thank you Dan Veach 660 438-9310. Checks can be made out to:  
Finney Baptist Church Cemetery Fund

## Champion Brands Celebrates 65 Years In The Lubricant Business

Champion Brands, LLC, a globally recognized industry manufacturer of chemicals, lubricants, brake fluids, motor oils and additives, announced this week a year-long 65th Anniversary Celebration in 2021. Highlights of the year will be sponsorship of national & regional auto races, product contests, promotions, and special events.

Originally Lowe Oil Co. founded by Ralph Lowe in 1956, Champion Brands, LLC is a globally recognized industry leader in specialty lubricants. Champion produces and blends more than 350 products including fuel, oil and engine additives, brake fluids and motor oils for the automotive, heavy truck, racing, performance, industrial, commercial, agricultural and specialty markets.

Champion understands the complexities of doing business in today's market and is always looking for new and better ways to be more efficient and resourceful. Quality products are more than a commitment at Champion; high standards define the way it does business. Champion is an ISO 9001:2015 Certified and Registered Company.

The company uses top tier additives and base stocks to formulate products for outstanding wear protection, fuel economy, high temperature stability, long-life protection, improved efficiency, oxidation resistance, lower evaporation, increased performance, friction reduction, and lubricant compatibility across a wide range of engine operating conditions and applications.

Headquartered in Clinton, Missouri, just 75 miles southeast of Kansas City, Champion's 450,000 square foot plant with 30 loading bays accommodates more than 1.7 million gallons of bulk storage with convenient rail siding.

The plant has 10 filling lines and several blow molding machines including two Bekum 406 production units capable of blowing PVC and HDPE bottles, one Bekum 807D with 6-layer capability for containers up to 5 gallons and one ADKI PET Blow Molding Machine. Depending on the particular configuration, Champion is capable of producing well over 100,000 bottles per day. Three resin silos with over 1/2 millionpound capacity supply the blow molders.

The facility also houses state-of-the-art net weight and piston filling lines with filling lines capable of filling 300+ containers per minute to exact weight specifications. Containers are de-palletized, labeled, filled, sealed, capped, coded, packed, and palletized, using only 3 operators. Lines are capable of running metal, HDPE, PVC and PET containers in sizes ranging from 2.4 oz to 330-gallon totes.

The speed and versatility of these lines make it a high volume, cost effective solution for the many Fortune 500 companies that private

label and package product with Champion. Fluid blending and storage capacity includes over 100 Tanks ranging from 1.5K to 34K Gallons for blending lubricants, brake fluids and various chemicals.

The collection of blending tanks feeds the elaborate pigging system designed to prevent cross-product contamination. Rail siding and tanker truck load/offload locations provide the versatility to receive/ship bulk fluids in sizes ranging up to 30,000-gallon rail cars. Ten lubricant/chemical filling lines package engine oils, hydraulic fluids, specialty oils, fuel additives, and automotive fluids that include power steering fluid, brake fluid, tire sealant, etc. Each line has specific types of products that it can package. Bottles are labeled, capped, heat sealed (if needed), coded, placed into cartons, and loaded onto pallets.

Champion has a modernized testing laboratory. While the lab's primary function is to test the performance of products before they are packaged, the lab also has the tools to perform elemental analysis of fluids to blueprint the various components of different fluids or test used fluid. The talented R&D team formulates the world's most advanced, engineering-approved fluids that exceed API, ILSAC, ACEA, JASO, Dexos, and other OEM and global standards.

Champion formulates and provides custom packaging for private label products including mineral, semi-synthetic and full-synthetic engine oils, fuel treatments, brake fluids, hydraulic fluids, automotive additives and chemicals, and more. The product portfolio is one of the largest in the industry.

Good people are the heart of Champion Brands, LLC. Passion, dedication, knowledge, and a can-do attitude drive the growth of this company.

For more information about Champion contact your nearest Champion Distributor, or call Champion at (660) 885-8151. Champion Brands, LLC; 1001 Golden Drive, Clinton, MO, 64735 or go to

[www.championbrands.com](http://www.championbrands.com)

## Michael G's Greenhouses

Mon-Sat 8-4 • Sunday 10-4

We have had a good season so far, and now that Mother's Day is past the season is winding down bit by bit. Unlike last year, we still have a good amount of bedding plants, hanging baskets, and specialty annuals remaining. We also have lots of tomatoes, etc left. We have a ton of succulents left, so we will start marking those down this week, as well as other things we are obviously long on. It has been unseasonably cool, we hope everyone's plants are adapting to the cold nights we are having. Come see us!

Directions: Go west on 18 to Ballard. Turn south on BB. BB winds around and intersects D, turn back west on D. Four or five miles down D you will see my large sign on county road 7003, turn north there. Google me for a map. 8587 NE County Road 7003

# Kingsville Livestock Auction

Kingsville, MO  
 Located 45 mi. S.E. of Kansas City, MO. On 58 Hwy. East at Modern  
 Kingsville Livestock Auction Center in Kingsville, MO

## Red Angus Influenced Special Replacement Sale Friday, May 21, 2021 5:00 pm

### Bulls Include:

- Bradley Farms:** 2 1/2 Red Angus & 1/2 Red Sim. Bulls, had all shots & ready to go
- Ozark Vista Ranch:** 3 Red Angus Yearling Bulls. Semen & Trich Tested

### Cows Include:

- Maybee Ranch, LLC Complete Dispersal of Red Angus Pairs:** All cows were bought out of Nebraska as 600lbs open heifers off one ranch. Cows have been running back w/ Reg. Red Angus Bulls since January 1st for 75 days. All cows are very gentle, anyone can handle them. Cows and calves are all current on shots & wormed/poured. As we are retiring and have sold the ranch we will sell the following: 192 Red Angus Cow, 3 years old w/ 250-350lbs calves at side. 150 Red Angus Cows all 4 years old w/ 250-350lbs calves at side.
- Thompson Farms:** 10 Red Angus Cows 2nd & 3rd Period. Bred to Red & Black Angus Bulls.
- Johnson Farms:** 30 Fancy Red Angus Cows, 3-5 years old & 2nd Period. All Cows have had calves weaned off 45 days ago. Cows are bred to Beiber Red Angus Bulls. Bulls were turned in on December 10th for 90 days, start calving September 1st. All cows have been wormed/poured and fly tagged, nice set of cows.
- Thomas Farms:** 35 Red Angus Cows, 3-6 years old, 2nd & 3rd Period. Bred to Red & Black Angus Bulls. Nice set of Fall Calving Cows.
- Blair Farms:** 10 Polled Hereford Cows 3-5 years old, Angus Cows, 2nd Period. Bred to Red Angus & Hereford Bulls & start calving September 1st.
- Linnley Farms:** 6 Red Angus Cows 3-5 years old w/ spring calves at side. 6 Red Angus Cows 3-4 years old, 2nd Period. Bred to Red Angus Bulls & start calving September 1st.

Call now to Consign—and as always we appreciate your Business!  
 Thank You - Rick, Jeremy & Jared Anstine  
**FOR ONLINE BIDDING GO TO WWW.CATTLEUSA.COM**  
**FOR PRE APPROVAL SUBMIT BY 10 AM ON FRIDAY MAY 21ST**

All consignments of Red Angus Bulls, Open Heifers, Pairs, or Bred Cows welcomed. All consignments need to be in by 5 p.m. on Thursday, May 20th.
