Amitria McNack, now 44-1, puts a smile on her face as her hand is raised after winning the District 3 Championship on Monday, February 7. McNack is the very first CHS female wrestler to qualify for State.

McNack Makes CHS History In Her Run For State

The Girls District 3 Wrestling Tournament was held at Ray-Pec on Friday-Monday, Feb. 4-7. There were 50 teams vying for the top four in each weight class to earn their way to State. There are 14 weight classes from 100 to 235 lbs.

Summary: It has been a long journey for freshman Amitria McNack. She started in youth wrestling, with Brandon Jolley years ago. She has put in the work and has been re-

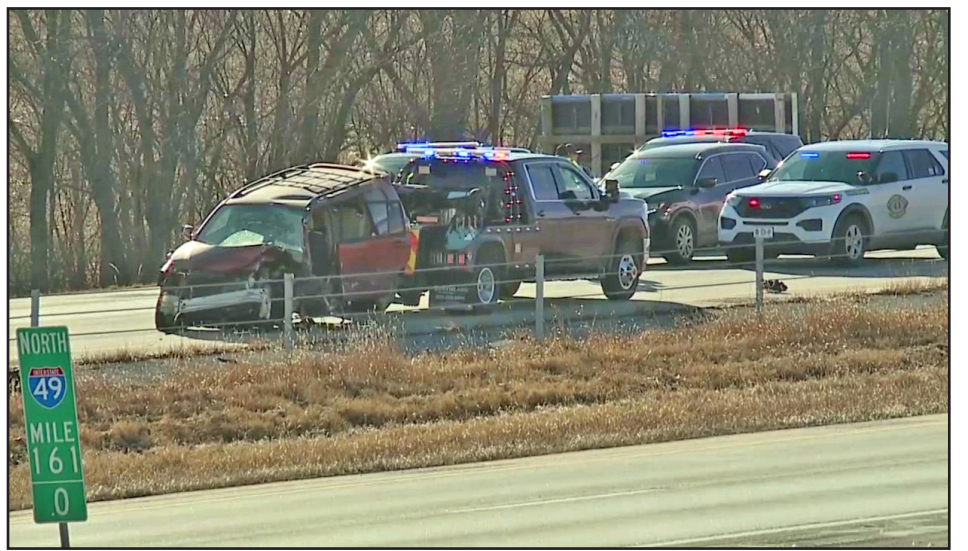

warded. Under the tutelage of Cardinal head coach Mark Lovelace and assistant Pam Mifflin, she will forever be the first CHS girl wrestler to go to State. How about that. This is the fourth year for girls wrestling to be sanctioned by MSHSAA. Her wrestling partner freshman Bailey Pack has been a big part of things this year. Even though Bailey came up one match short of the 'blood' matches, as they are called, she had a great freshman year going 21-26. These two girls working together in practice helped each other get better. Bailey

won her first district match 5-3 but lost in round two. She went to 'wrestle backs'; which means she had to win to stay in the tournament. Bailey fought like crazy but lost 7-5. Everybody is proud of her and what she accomplished in her freshman year.

Amitria, at 135 lbs. won her first match over a Belton wrestler by Technical Fall, 18-4. She next pinned a junior from Nevada. On Saturday she pinned another junior from Seneca to get into

Wrong Way Crash Costs Clinton Woman Her Life

A Clinton woman died in a head-on vehicle collision early in the afternoon of February 7 near the I-49 and 291 exit at Harrisonville. Janna L. Dillon, 73, of Clinton was pronounced deceased at the scene by Harrisonville EMT Zachariah Sierks.

Also passing away in the accident, was 77-year-old Sandra C. Hammond of Belton.

According to Missouri Highway Patrol accident reports, Hammond was allegedly driving the wrong way

north in the southbound lanes of I-49 when her maroon Toyota struck Dillon's 2002 Chevrolet SUV head-on.

A third involved vehicle, driven by Trevor Halfman of Lee's Summit was also struck by the two vehicles. Halfman survived the accident with no injuries. His 2006 Volkswagen was totaled in the crash.

Witnesses to the accident described the initial crash sound as being like an explosion. They further described two of the crash vehicles emitting smoke from the collision.

According to on-scene

personnel, nearby people rushed to the scene to help.

Further information from the crash report, shows that both victims were using their safety device (seatbelt). Both victims were transported from the accident scene to Frontier Forensics Midwest Laboratory in Kansas City.

The Missouri State Highway Patrol Troop A Major Crash Investigation Team was summoned to the scene.

The southbound lanes of I-49 were completely closed until 5 p.m.,

Major Snowstorm Spells Travel Trouble For Local Residents

Clinton Basketball players, along with Coach Lersch, shoveled 17 driveways throughout Clinton during the Groundhog Day storm.

While bringing in the new month we welcomed our first big snow of the winter! Missouri accumulated a blanket of snow ranging from 7 inches to over a foot which began to fall the evening of Tuesday February 1st. Just days before

the snow storm, the temperature reached low 60's which is not typical for a Missouri winter. Along with the excessive amount of snow, the temperature fell into single digits with a windchill below zero. Clinton, Seda-lia and other towns southeast accumulated the higher amounts of snow according the US National Weather

Service.

Due to the inclement weather some businesses and offices had to close their doors until the storm passed. The Clinton school district stayed ahead of the snow by cancelling all classes for the rest of the week. Students were able to return this past Monday after their break during the snow days! Head

coach of the baseball program, Johnathan Lersch and a few of his student athletes even took time from their days to shovel driveways of Clinton residents. A true act of kindness and a great way to give back to the community!

Warsaw restaurateur Kevin LaPittus died suddenly Friday morning.

Condolences to Stacey and their R-Bar family. Kevin was a major contributor to Academic Excellence and volunteered his time to the Chamber of Commerce for years. I can't think of an event in town that he didn't help sponsor. Kevin hailed from California and I'll miss the stories about learning "farm life" at Stacey's property near Clinton. He possessed a fantastic sense of humor along with intelligence and wit.

After moving to Warsaw in 2014 Kevin said, "This is where I want to be." Our community is a better place because he did. I'm privileged to have known him. God speed Kevin.

The Mayor of Los Angeles is in hot water after he took a maskless picture with Magic Johnson. Says he held his breath while the photo was being taken and pointed out that he was holding a mask in his hand. Which he was, like a votive offering to the Covid Gods.

Okay...but the Mayor put an indoor mask mandate in place. It requires all residents to wear masks "In all indoor public settings, venues, gatherings and while

in public and private businesses." They're also required for outdoor mega events. Our political elites are exempt from the rules, just like the Soviet Politburo were exempt from everyday rules imposed on their people. Perhaps the Mayor's poor decisions are made from a lack of oxygen to the brain.

Spring is just 39 days away and it won't be long until trees are lush and green again. There's nothing better than a big shade tree and I hate to see it when parts of them are chopped out for power lines. Wish we could get those all underground, but it's probably not possible. A good many of us have Druid ancestors who worshiped trees in Scotland, Ireland, Wales, the Isle of Man and other places too. I have some great-great-grandparents who were Manxmen. The Isle is part of the British Empire but goes back a long, long way. People were farming there as early as 400 B.C. The Romans invaded, then came the Vikings and that probably wasn't very pleasant. The Manxmen were Druids at one time. How did I get on this subject? Trees. The Druids worshiped trees. Probably still do.

Time to close up shop for the day. Lord save us from the Vikings and the Vandals!

LETTER TO THE EDITOR

When it comes time for the reader of the Democrat to consider the many blessings of living in Henry County, Missouri, one would probably include great places for outdoor recreation at or near the top of one's list. Such a list might include hunting, fishing, playing golf, riding bikes, horses or 4-wheelers, or hiking. These activities are generally available to all ages and contribute to good mental and physical health in many ways.

It has been this reader's privilege to live in Henry County for the most part of the last 25 years. Now in retirement, I often enjoy hiking alone (or when with my wife, she prefers the term "walking"). Residents in Clinton are blessed further by our physical location near a trailhead for the Katy Trail. I have hiked or biked most of the trail from Clinton to near Green Ridge. Hiking the trail has the easy familiarity, much like a favorite sweater or quiet conversation with an old friend.

But, good readers, my old friend the Katy Trail is sick, neglected

in many places, and abused. For example, lately when I hike on my "old friend" it is hard not to see trash in abundance, especially plastic debris, within a few feet of the trail. Bags, hard and soft drink cups, lids, bottles, shredded clear or colored strips in abundance. A rainbow of colors. None of it contributing anything of value to our quality of outdoor enjoyment.

What can be done? In a perfect world one might suggest a good start would be to ban all single use plastics and plastic bags county-wide. This would require two important factors: bold political leadership at all levels, especially the County Commissioners, and secondly, enthusiastic acceptance of such a ban by the general population. At present one must recognize the likelihood of either of these two suggestions going anywhere as near zero.

What is now being done? What I do is pretty simple. When I begin from the Clinton trailhead, I look around for a discarded empty plastic bag as I walk along. Good ones with intact handles are not hard to find. Once I have a bag in hand, I wander along wherever the plastic trash trail leads until the bag is full. I then

tie off the full bag and stash it near the trail and continue my hike. On my return trip, I repeat the steps described above that I took on the outbound leg of my hike: find a good bag, fill with plastic debris, tie it up and head back to my starting point.

On this hike back, I pick up my first bag. Now with 2 full bags of plastic debris, I return to the trailhead parking lot. From there it is a short, 2-minute drive to the recycling location near the Benson Center.

The Katy Trail is just one example of a location where plastic trash could be collected for recycling. Our city streets, roadways and retail areas are full of opportunities to collect and recycle. And the larger problem remains; our beautiful land is drowning in a sea of plastic which is largely the result of oil company lobbying, continuing governmental foot-dragging, and widespread consumer indifference. Can the United States overcome our plastic dependence? Or can we even simply pick up after ourselves, recycle, or properly dispose of unwanted items?

Sincerely,
Marc Mattlin

Albin, Wells Family Shares Their Storied History With CHS

Judy Kramer
Reporter

Robin Wells, of Clinton, is currently Administrative Assistant at Henry Elementary School. But her familial connection with the Clinton School District goes back to the 1950s. As a senior at Clinton High School in 1957, her dad, Bill Albin, was voted Mr. CHS. Well's uncle, Bob Albin, was Mr. CHS in 1958, and her aunt, Rose Ann Albin Musser, was Best Dancer in 1962. Wells was voted Best Dancer in 1982, and her sister, Sherri Albin, was voted Most Athletic in 1984.

More recently, Wells' son, Andrew, was Mr. CHS in 2006.

"It is interesting to me that so many members of our family were honored with these positions," said Wells. "When I attended Clinton High School, seniors voted for other students in their grade level to be honored as Most Likely to Succeed, Best Dressed and more. The seniors with the highest votes were announced at the winter formal. High school days were a happy time and I would go back and do it all again."

Wells related some other Missouri family history going as far back as the 1930s. She said that her dad's father, Lyle Albin, grew up in Blairstown in the north part of Henry County and as a young man he went to California to work as a water carrier. While there, he met and married his wife, 15-year-old Cleo, whose parents had to accompany her to the wedding so they could give permission for the event. Lyle Albin was nine years older than his wife. The couple's first child was Well's dad, who was born in California in 1939. Soon afterward the family moved to Clinton where more siblings were born and raised.

Well's mom, Eileen, was from Calhoun and worked at Walker Motor Company. Her dad met Eileen when he walked into the dealership in December 1962 to make a payment on his 1962 Ford convertible. They became engaged in February 1963 and married in April 1963. They have been married nearly 59 years.

Well's husband Richard was from Popular

Bluff, and the two of them were at the University of

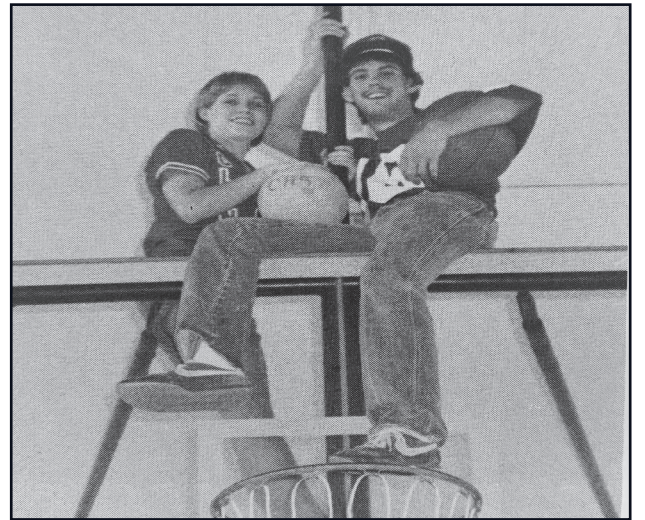

Central Missouri (UMC) in Warrensburg at the same time, but didn't know each other. He graduated in 1984 and started teaching at the Clinton Technical School. Wells left UMC in 1984 and returned to Clinton in 1986. She met Richard in December 1986, and they married in May 1987. Richard later became director at the Clinton Technical School, then took the position as Superintendent of the Montrose School District.

The Wells have three sons. The oldest, Andrew, is a college professor in Iowa. Middle son

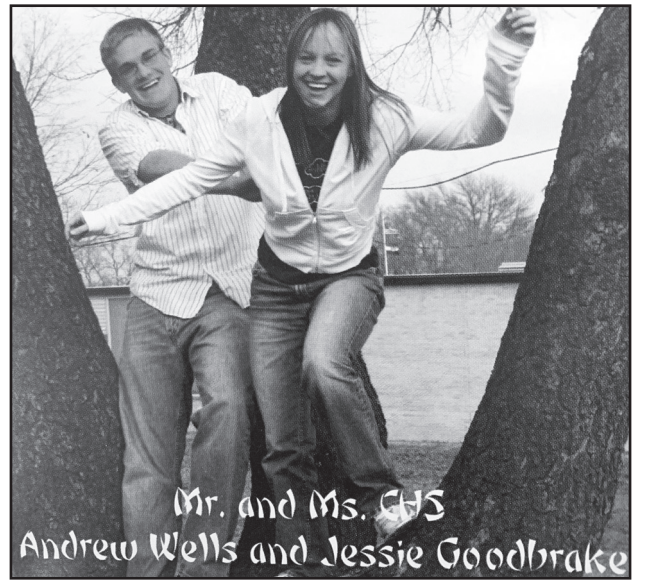

Justin worked in Carrolton, and then at Henry Elementary for several years where he talked his mother into taking the job as school secretary. He is currently Assistant Princi-

pal at Windsor High School. He and wife Jill have two boys. Well's youngest son, Garrison, is a car salesman at Gregg Smith Ford.

"I try to keep in touch with my friends from Clinton High School," said Wells. "We get together for a reunion every five years and everyone looks the same. Only 40 to 45 people show up out of a class of 140, but it is hard to coordinate when a lot of people live other places."

Taurus 4/20-5/19: At the week's start, you'll do well to initiate any potentially deep or challenging conversations with your partner or a close business partner. Letting ideas flow freely, especially around some of your most deep-rooted emotions, can feel productive and relieving. Later, the cosmos amplifies your motivation to hit your wellness goals. If you've been thinking of adding in an extra workout per week, joining a gym or class, signing up for a meal delivery service, or taking your daily routine to the next level in another way, now's the time.
Gemini 5/21 - 6/21: If you've been wanting to pitch an impressive idea to higher-ups, make sure to take advantage of the vibe in the early part of the week. You are feeling especially imaginative, emotional, and creative, setting the stage for exciting, whimsical ideas that are sure to be a hit. Later, the cosmos bumps up your appetite for flirtation, fun dates, and time with friends. If you're in a relationship, you'll be craving even more fun-loving time with your partner. Allowing yourself to put work on the back burner so you can give in to this need can be hugely restorative for mind, body, and soul.
Cancer 6/22 - 7/22: Getting out of a rut and exploring uncharted terrain with your current partner or a potential significant other might be at the top of your mind as the week starts. Whether you hit the road and drive out of your neck of the woods to enjoy a romantic weeknight dinner or take a new workout or meditation class, doing something extraordinary together is key. The moment might make you feel like you've just met, and sparks will fly. Later, the cosmos prompts you to seek greater work/life balance. Trust your heart.
Leo 7/23 - 8/22: At the beginning of the week, the cosmos elevates your need to connect with loved ones who live both near and far. You'll do well to nail down definitive plans for regular catch-up chats and connect with loved ones. The more you can bond with people who feel like home, the more centered and secure you can be now. Later, the stars light up your need to take the initiative at work or volunteer opportunities. You'll be drawn to giving presentations and engaging in passionate debates, which can elevate your success.
Virgo 8/23 - 9/22: Opening up about your most deep-seated, passionate emotions with your significant other or a close confidant comes naturally early in the week. Letting yourself get carried away by how you feel and maybe even allowing it to inform your creative self-expression can be both therapeutic and relationship building now. Later, the cosmos urges you to step up your efforts to bring in new sources of cash and be more diligent and goal oriented when it comes to your budget and investment strategies. Though you might be tempted to take on everything all at once, a realistic, balanced approach will serve you best.
Libra 9/23 - 10/22: As the week starts, you'll be fired up to hit all your major personal goals whether they're related to your career or your wellness. Your desire to nail down concrete results will be running high, but allow yourself to play a bit, experimenting with various group workouts you can do with your friends or allowing for creative brainstorming before delivering that ambitious work proposal. Later, the cosmos fuels your interest in sharing your biggest moneymaking ideas. You'll do well to schedule important meetings, interviews, or other opportunities related to your cash flow soon.
Scorpio 10/24 - 11/22: When the week starts, you get the green light to pitch fanciful ideas on the job or dive into an art project you've been inspired to work on. Bringing your whole heart to the table can make the effort even more successful. Later, you might be feeling more verbal than usual about your feelings and needs. For this reason, you'll do well to prioritize sit-downs with your partner, colleagues, or higher-ups to discuss your short- and long-term visions for success. Do your best to tackle crucial conversations as soon as you can.
Sagittarius 11/22 - 12/21: You might start to feel like it's time to enact changes around the way you bring in money early in the week. Make sure to reflect on psychological and emotional lessons that have played out over the past several months, because everything you've learned can help inform your next moves. Later, you're inspired to research methods for exploring and bolstering your emotional and mental wellness. Therapy, meditation, and journaling are all strategies that might be particularly appealing and useful during this time.
Capricorn 12/22 - 1/19: You're always on a mission to boost your personal growth, but early in the week you'll have even more wind in your sails to create bold, impressive changes that will strengthen your self-image. Think back on the past several months to map out the shifts you know in your gut you need to make. Later, the cosmos infuses your professional drive with even more fire and energy. Whether you want to apply for a new job, ask for more responsibility or opportunities in your current position, or take the lead on a major project, stepping into the spotlight now can earn you the recognition and rewards you deserve.
Aquarius 1/20 - 2/18: Early this week, you're inspired to initiate a more vibrant conversation about big-picture ideas. You'll also be driven to do even more deep-dive research than usual, as long as the endgame is making professional dreams a reality. The more you can express yourself and connect with others on your goals, the closer you'll be to a win now. Later, you'll want to take a bolder approach to fitness, travel, and learning. Check in with your intuition to pinpoint the best way to exploit all this curious energy.
Pisces 2/19 - 3/20: At the start of the week, you'll be craving connection on a transformative and deep physical, emotional, and spiritual level with your current significant other or someone special. Making your needs known and having direct, powerful, intense conversations about how you can satisfy one another can lead to true and lasting fulfillment. Later, the cosmos amplifies your interest in honing your professional skill set. Signing up for a class or planning a long-distance trip to attend a conference might be wise right now and help shape your career moves down the road. It's all systems go!

Clinton Church of the Nazarene

Pastor opened the serviced with prayer. The poem today was called, "He Took My Place". We are so grateful to have our poet who always finds ways to lift our spirits. Pastor led the prayer for the offering. Our praise team brings joy to our hearts as we sing our praises to God.

Pastors message was called, "We are called to advance the kingdom." Verses from Daniel 6, Psalms and 2 Corinthians were also used to illustrate the message. God can deliver you from anything that chains you to guilt or fear. The word deliverance is used 279 times through scripture so we know it is a very important statement in itself. God delivers all who believe. Jesus stops in and sets you free. God is faithful. Where is your focus? Are we living a Godly life? If so, we all need to repent. Turn to the one who loves you so much, Jesus, Gods only Son. Only He can save. We need Godly standards. Forsake the world and trust in God. God sent His angels to shut the mouth of lions. God can deliver us from whatever we face. Only trust Him. Don't let the world deceive you. Believe in Jesus, only He can save. Obedient children know right from wrong. Stand up for what you believe. Verses from Leviticus and 1 Peter were also used to further illustrate the message.

We thank each person for coming to worship here today. We pray that you received a rich blessing by being here and that you will come again. See you in church?

Valentines Day Sunday Breakfast: We are going to have a breakfast on Valentines day during Sunday School hour.

First Baptist Church

Roy Batschelett, Deacon of the week, offered the morning prayer and Pastor Randy Shipman welcomed the congregation. A video was shown in regards to the "Up Coming IF: Gathering" which will be - hosted by the women of first Baptist Church. Women of all ages are invited to this Lifestream event to be held March 4 (6 to 9 PM & March 5 from 9 AM-4 PM) The cost of this event is \$10 per person. The Scripture for both morning services was Luke 5: 1-11 & Psalm 138.

In the message "Church Life 101" Pastor Randy used 1 Corinthians 2 to remind us that the Apostle Paul's Church at Corinth was one of the churches that Paul planted with a powerful message of Jesus crucified. The doorway to Spiritual maturity is growing in love for the Lord & for each other.

Worship services are on KDKD 95.3 @10:00 AM Sunday mornings. We also invite those in the Clinton area who don't have a church home to join us in worship of our Lord & Savior, Jesus Christ. For more information on the activities of First Baptist, please telephone the church office @660-885-2211 or check out our website <firstbaptistclinton.church>

First Presbyterian Church

The Lord is the rock of our salvation. We are His people and we should follow as faithful disciples wherever he leads. Our hearts delight in joy for God is our hope and strength. The handchimes choir blessed us with the anthem "It Is Well With My Soul". Micah 6: 1-8 was the text for Rev. Nancy Gillard's message titled What Does the Lord Require of Us?

We are collecting baby diapers in sizes 1 and 2 for the Samaritan Center. Several donations are on the church foyer shelf but more are needed. Get involved in local missions by donating to the collection. This effort will continue through Sunday, February 27.

Fabric, notions, elastic and directions for making "dresses and shorts for children in Africa" are available in the foyer. In 2021 our sewers completed over 150 garments which went to youngsters in Malawi, Africa. If you would like to be a part of this mission project but have questions, please ask a Naomi Circle member.

The balls of fabric for braiding tee shirt jump ropes are still available in the foyer. To date there are 182! There's still time for you to be involved if you know how to braid.

Tai Chi classes continue every Monday and Wednesday morning at 10:00 am for approximately one hour in our fellowship hall. You are welcome to come be a part of this group; there's always room for one more.

Watch for Sunday morning church cancellation due to bad weather conditions on WDAF or KMBC or listen to KDKD for closing.

The weekly ZOOM Bible Study continues on Wednesdays at 11:30 am. If you are interested in participating please contact the church office and the link will be sent to you. Rev. Nancy guides this weekly study.

You are invited to join us in worship each week. If unable to attend in person, please find us online at: You tube Nancy Gillard, fpccclintonmo.com or Facebook First Presbyterian Clinton MO. Sunday sermons, worshipful music, church updates and prayer times are available there. Our Sunday service is also broadcast on FM radio 87.9 at 10:30 am.

Golden Valley Christian

The Bible tells us of many miracles, but do you believe there are miracles today? If not, you have probably not heard about a 22-year-old lady, Morgan Lake. This young lady was in her car on the Maryland Chesapeake Bay Bridge, when a huge tractor-trailer truck rear-ended her car. The impact threw Lake's car over the bridge railing, with a forty-foot drop into the water. The car immediately submerged but, miraculously, Lake was still conscious and was able to crawl out a window that was broken by the impact. She managed to rise to the surface of the water and swim to one of the pillars holding the bridge, where she was rescued. The only injuries Lake suffered from this horrific ordeal was a sprained ankle and elbow. Jesus performed many miracles. Perhaps one of his most memorable ones was bringing a man, dead for four days, back to life (John 11:1-44).

After the huge snowfall, our vicinity was blessed with a beautiful day last Sunday. When asked why he did not scoop his sidewalk after a big snow, a gentleman once said, "The good Lord giveth, and the good Lord will taketh away." How true that is, even if it takes a few days! The GV Crafters continue to meet on Tuesdays at 10:00 AM. Bible study, on the chronological life of Christ, is held at 7:00 PM on Wednesday evenings.

The message the Church was sharing, was the topic of Bro Elmer's message last Sunday, with scripture from Acts 2:22-24, 36-39. God directed a plan for salvation: He sent Jesus, who was crucified, raised from the dead, and is Lord and Christ, which then allows forgiveness of sin when we believe, repent, and are baptized. Some of the message also came from Romans, with Paul telling us that all of us have sinned and fallen short of the glory of God, but are justified by grace through Jesus (Romans 3:23-24). This is the message that must be brought to the entire world, so that every person has a chance for redemption and eternal life with Christ. As Christians, our work is to get this news to all people.

Golden Valley Christian Church meets at 611 South Third Street in Clinton. Sunday School classes begin at 9:30 AM, and the morning worship service is at 10:30. Our interim minister is Elmer Fuller, and our website is www.goldenvalleycc.org, where you will also find links to access our Facebook page and YouTube sermons. We are happy to invite you to attend our services, where you will always receive a warm welcome.

Mt. Calvary Apostolic Pentecostal

"Don't Get Stuck On Your Journey"

Exodus 14:10-12: And when Pharaoh drew nigh, the children of Israel lifted up their eyes, and, behold, the Egyptians marched after them; and they were sore afraid: and the children of Israel cried out unto the LORD. And they said unto Moses, Because there were no graves in Egypt, hast thou taken us away to die in the wilderness? wherefore hast thou dealt thus with us, to carry us forth out of Egypt? Is not this the word that we did tell thee in Egypt,

saying, Let us alone, that we may serve the Egyptians? For it had been better for us to serve the Egyptians, than that we should die in the wilderness. (KJV)

Avoid getting stuck in a rut on a dirt road.

To be stuck is unable to move from a particular place, or spot. Or unable to change a situation.

Don't allow yourself to be stuck in a rut in one place or you could miss your blessings.

There were four lepers sitting at the gate and they said to one another, "Should we sit here and die?" They talked among themselves and made the decision to go to the Syrian camp.

They found the camp empty. The Lord made it possible for the Syrians to hear the sound of Chariots, and horses, causing them to flee and leave everything behind.

The lepers not only had food and drink, they also got the silver and gold that left behind. (2Kings 7:3-9 KJV)

If they would have stayed at the gate stuck, they would have missed out on their blessings. Fear can get you stuck to the point that you can't move.

2 Kings 6:15-17: And when the servant of the man of God was risen early, and gone forth, behold, an host compassed the city both with horses and chariots. And his servant said unto him, Alas, my master! how shall we do? And he answered, Fear not: for they that be with us are more than they that bewitch them. And Elisha prayed, and said, LORD, I pray thee, open his eyes, that he may see. And the LORD opened the eyes of the young man; and he saw: and, behold, the mountain was full of horses and chariots of fire round about Elisha. (KJV)

Elisha's servant was paralyzed with fear. Elisha told him to fear not. Satan doesn't want us to be servants of God.

God called Moses through the burning bush. God was with the Israelites through their journey; a cloud that went with them by day, and a pillar of fire at night.

The Israelites were delivered from Pharaoh, but they had that moment in time when they wanted to return to bondage. They were stranded, they thought, between Pharaoh's army and the sea. Moses told them to fear not and see the glory of God. God told them to go forward. (Exodus 14:10-12 KJV)

We do not want to be struck on our journey. We also don't want to get stuck.

When the Lord comes back, he is coming for a church without spot or blemish.

How many people do we know who are stuck? You can't let this happen to you. God Bless.

Mt. Zion United Methodist

Pastor David's message, "Finding Grace", was prefaced by a New Testament reading from 1 Cor. 15:1-11, and a Gospel reading from Luke 5:1-11. Have you ever thought about the concept of Grace—what it is and how it works? Grace is defined as "the free and unmerited favor of God, as manifested in the salvation of sinners and the bestowal of blessings." What does this mean? Grace is the incredible power that comes from the heart of God that is offered to each one of us to overcome our sinful self.

John Newton describes his journey from a vile slave trader and captain of a slave ship to later becoming a monk. He did this in a beautiful poem, "Amazing Grace", which became the familiar song we all know. "I once was blind, but now I see—'t was Grace that taught my heart to fear—how precious did that Grace appear, the hour I first believed—'tis Grace that brought me safe thus far, and Grace will lead me home—amazing Grace that saved a wretch like me."

Grace literally changed the heart of someone who performed the most immoral occupation—someone who bought and sold peoples lives. This power of Grace—freely given to a man as wretched as John Newton—is offered by God to all people. St. Augustine said that Grace is so overwhelming that when God extends it you could not resist if even if you wanted to. But Jacob Arminius said that we must accept God's Grace before in can change us—this is freewill.

God offers this Grace to all people even when we think ourselves to be moral in most of our dealings. Yet, we are not perfection, as Paul writes; "the wages of sin is death". We are all mortals stained with sin and not one of us can claim to be without some transgression against God and our neighbors. As the Jews discovered—even with 613 laws of God clearly written out—it is impossible to earn our way into the presence of God. It is only through this free gift that God offers—this Grace—that we can find our way to God.

This Grace remains just as powerful and active in our day as it was in times past when people accepted this Grace and allowed it to transform their lives for the transformation of the world. So, accept God's offer of Grace and let it transform your life—making you a new person. Let it grow in you and direct your actions, for that is an outward sign of an inward transformation as you perform acts of love and charity to our neighbors. Let Grace guide you home. Amen!

Northeast Baptist Church

On Sunday, February 20, Northeast Baptist Church will celebrate the ordination of Jeff Sargent into the gospel ministry. Jeff grew up just down the road in Calhoun and has lived in this area his whole life. At the age of 31, Jeff gave his life to Christ at Northeast Baptist Church and felt called into ministry at age 42. He has been serving at Northeast Baptist Church since that time. From Jeff, "The Bible promises that when we turn to Christ in repentance and faith, He will make us into a new creation. It is the most incredible adventure! From the mountains of NW Haiti to Sub-Saharan Africa, from the Aleutian Islands of Alaska to your own backyard, you never know where God will lead you, and you will never regret following Him!"

For more information about NEB Church, please visit our website at <https://nebchurch.org>.

Trinity Lutheran Church

The Trinity Lutheran Church Youth Group will hold its annual Valentine's Dinner this Saturday, February 12th, at 6 pm. The event is a fundraising effort to send youth group members to the LCMS National Youth Group gathering this summer on July 9-13, in Houston TX. Everyone is welcome and encouraged to attend. To sign up or for more information, contact Dara Harwell at 816.718.0126.

Pastor Kueker has accepted a call to Concordia Seminary, Saint Louis. This Sunday, February 13, will be his final Sunday here. A "Farewell and God's Speed" reception for pastor Kueker and his family will be held immediately following the Divine Service in the lower fellowship area. Please plan to attend and say farewell to the Kueker family.

Divine Service 10 am; Sunday School 9 am; Church phone 660.885.4728.

Urich Baptist Church

The sunshine lifted our spirits as we gathered to worship the Lord. Today, Clint Keeney rang the church bell. Mrs. Julia Klinefelter led in the congregational singing with Mrs. Dixie Collins playing piano. We rejoiced with Paizley Forbes and Sandra Keeney on their birthdays. Gary Vass and Randy Vogt collected the offering.

The scripture passage from Pastor Chad Pollett's sermon was from 1Timothy6:17-21. This passage is Paul's prayer and letter to Timothy urging him to be steadfast in building a strong foundation of faith in the church. He wanted Timothy to faithfully guard what God had given him. We must do the same. God wants our hearts, faith, our love, and generosity in all areas of our life. The true treasure in life is in Christ Jesus. Have a fantastic week.

Valley Center United

"Whom shall I send, and who will go for us?" Then we said, "Here we are, send us".

Give us the strength, courage, vision and faith that we might always choose that which is good, right and just in your eyes.

As we came to church this morning, we had cleared roads, parking lot and sidewalks because of some very busy and thoughtful church members! We are grateful for these mystery workers! It is amazing how things just seem to "get done" as they are needed!

We send our prayers of support and love to the family of

Craig Keith. We send our prayers to the Faith Church in Prairie City for the passing of their minister Phillip Fox. We send prayers of love and healing to Linda Gurley Lysinger who is facing some serious health issues.

Jesus said, "I will make you fishers of men". Jesus spoke to the disciples and asked them to cast out their nets. They were reluctant because they had fished there for a while without any luck. But they did as Jesus asked and their nets became overflowing with fish. They believed and were never the same again.

Do you remember when you were called? Did it come after years of preparation in church or Sunday School or even from watching others who were believers living their faith? Or did it just happen one day when he simply called your name.

Sometimes people get frozen in their faith. We may have confusion and some preconceived notions that are hard to let go of. We need to listen carefully to Jesus's instructions and hear what he has to say and what he needs us to do. We feel his presence in our prayers.

At that moment, we realize that things will change and be different. We will never go back, just as the disciples didn't go back. They went out and became fishers of men even though they had some hesitation and confusion, but their faith gave them strength.

God also gives us strength. We respond by dropping our own nets; by letting go and doing what he asks us to do and becoming fishers of men as well.

We need to listen carefully and believe, for it is the gift of faith that we accept his grace and salvation.

Celebrating National Girls And Women In Sports Day

The Lady Cards, led by Coach Stacie Womack, owe a lot to the ladies in the article below. The NGWSD is celebrating it's 35th year.

On February 4, 1987, President Ronald Reagan declared the first National Women in Sports Day in recognition of the history of women's athletics. It also recognized the progress made by the Title IX amendment passed in 1972. 2022 is also the 50th anniversary of Title IX, the landmark 1972 legislation. We know Billie Jean Kings, Florence Griffith Joyner, Althea Gibson, Danica Patrick, Wilma Rudolph, Babe Didrikson, Shannon Eastin, etc. But there are others we should know:

1. Florence May Chadwick: August 8, 1950, at the age of 32, Chadwick swam across the English Channel in record-breaking time. She broke many records. She was inducted into the International Swimming HOF.
2. Ora Washington: She played in the days of segregation. But

she dominated in basketball and tennis.
 3. Alice Greenough Orr: As a child, Alice Greenough was immersed in ranch life. She helped promote the Rodeo circuit especially for women athletes. In 2002, Alice Greenough Orr was one of the first honorees inducted into the Cowgirl Hall of Fame.

4. Effa Manley: Effa was not an athlete. However, she had a great mind for the business of athletes. A bi-racial women she later became a part owner of a Negro League team and was very instrumental in getting better deals for the Negro league players moving to the Major Leagues. In 1946 her team won the Negro League World Series.

5. Margaret Wade: She loved basketball and played college ball in the 1920s but the program was later eliminated. In

1959, Wade returned to her alma mater as the Director of Women's Physical Education. Delta State relaunched the women's basketball program in 1973. With Coach Wade at the helm, the team earned three consecutive Women National Championships.

6. Dorothy Sears Ainsworth: Throughout her career she was known for her dedication to women's and girls' physical education. At Smith College, she advanced physical education as an educator, serving as its Director of Physical Education for more than three decades. She helped establish the International Association of Physical Education and Sport for Girls and Women in 1949.

Girls today are walking on these ladies' shoulders. (Adapted from Women's Sports Foundation/NCAA.)

Optimist League: Osceola Girls

There are four teams in the 7th-8th grade girls division. They play on Monday nights, with the post-season tournament starting Feb. 21. Osceola Team Roster: Brynn Belisle, Reanna Cameron, Lydia Jones, Lindsey Shoemaker, Jasmine Bray, Remi Osborn, Natalie Gannaway, Kayln Tillotson, Taryn Wood, Leah Crowder, and Pammi Limiac.

AREA SPORTS with Sports Editor TIM KOMER

This I Remember

Cade Mantonya: Cade recently received the Tony Komer Foundation Baseball Scholarship. Of course, I had to ask Cade about a sports memory. All the memories given to me so far from others have been very interesting. I enjoy listening to people tell their stories. Cade's memory surprised me a little. It was not about an event per se or a fun happening, but about "encouragement." You see, Cade remembers being a low-on-the-totem-pole sophomore in 2018-19 on the CHS basketball team and he was not getting much playing time. Cade said, "I was pretty discouraged, but the older guys

ahead of me kept telling me to keep working, to be patient. They said, "Soon you will be leading this team." Cade continued with obvious sincerity, "Their encouragement made all the difference in the world."

Cade made it clear he wanted all the following upperclassmen listed as the guys who encouraged him: Austin Gillund, Joey Naber, Preston Slack, Ben Markham and Jack Lankford. He even called me later to make sure I had all of them that he had mentioned.

What a neat memory. So nice to hear stories like this. Thanks for sharing Cade.

'Hutch' Wins Awards

This sports page likes to keep track of former Cardinals and occasionally former Cardinal coaches. This is one of those times. Congratulations to Coach Sean Hutchinson for being named the Class 1 Soccer Coach of the year. This is his second time for this honor. "Hutch", as he was known here in Clinton, has been teaching and coaching the last seven years at the Smithton R-VI S.D., just east of Sedalia. His 2021 team (23-1) made the Elite 8 in the postseason. He also had three players named to the All-State team. "Hutch", also fondly known as "The Beard", coached the CHS Cardinal Boys Soccer team for five years (2008-2012). He was also the

assistant coach for the girls' team. Coach Hutchinson, and the other early coaches, like Dr. Steve Ritter, laid the foundation for the growth and development of the school's program. Coach Hutch ushered in the school's first double-digit win seasons. Major Norm King was the first Cardinal soccer coach in 2000.

Coach Hutchinson was proud to tell me the interest in girls' soccer at Smithton has increased to the point where they are starting their own program. (Soccer has been co-ed at Smithton up until this point.) Coach, it was nice to visit with you, and congratulations. Game On.

Garrett Goes Big: Joins 1000 Point Club

Obviously, without the teamwork and direct assists from his teammates, those 1,000 points would not have been possible. Left to right (seniors): Alessandro Piccolo, Blake Munsterman, Corbin Meeker, Garrett, Hayden Towne, Logan Crowder, and Kaiden Ketterman. I am sure they are all proud of their hard-working, fun-loving, teammate.

Garrett shares the moment with his proud parents Diane and David. Garrett hopes to attend college this fall on a track scholarship.

Lakeland Viking Senior Garrett Strange reached the 1000 point milestone on Tuesday, Feb. 1 at home. The 17-2 Lakeland Vikings were playing the 8-9 Midway Vikings. Lakeland was rebounding (sorry for the pun) from a tough 73-66 loss to the Hogan Prep Rams in the finals of the CIT. You had to believe Lakeland would come out fast and furious against their next opponent and they did. They won 84-28 over the Midway Vikings. Garrett needed 23 points in the game to reach his 1000 point milestone and he dramatically got 23. Congrats to the team on their season and to Garrett for this accomplishment.

Cardinal Grapplers At Compete At Holden

Senior Jacob Allen joined the Cardinal wrestling team this season with absolutely no experience. If you know wrestling (any sport really) to start your senior year is not the recipe for success. Wrestling is clearly a skill sport, a sport where you can not hide, so to speak. I talked with Jacob at his first practice and wished him well, knowing there was a good chance he would not last long. He assured me he would stay with it. Many high school rookies do not, for obvious reasons. Jacob not only hung in there (he did lose a lot, of course) but he is now starting to win more and more often. Many people are proud of him, especially his coaches. I am proud of him too. He won two matches at the Holden Tri on Monday, Jan. 31.

On Monday, Jan. 31, Allen, Andy Vandenburg. Team Score: 45 to 24 Wins against Holden: Bailey Pack, Amitria McNack, Lucas McMenemy, Triston Switzer, Jacob Allen, Lucas McMenemy, Will Golder. Team score: 53-24.

title match. The finals were held Monday night, Feb. 7. Amitria's opponent was a junior, Bailey Joiner. Joiner was a 34-1 wrestler from Lebanon. (Lebanon won the team title.) Joiner's only loss this year came at the hands of McNack at the Wonder Women Tournament earlier this season.

The district title match was not what most expected. Joiner came out strong and pulled ahead in the first period 6-5 and the fight was on. Amitria could reverse but not fully settle into a pinning move so Joiner would reverse back. The score was 11-9 Joiner going into the third period. (There are three two-minute periods in wrestling.) There was another flurry with only a minute left. Amitria was up 14-13 but got reversed yet again and was losing 15-14. Amitria dramatically reversed back with 20 seconds left, now leading 16-15. This was the only match going on and the fans were

into it. Amitria refused to be turned and the clock struck zero. With her hand raised Amitria finally let her engaging smile come upon her face. She is not only going to State but she is going as the District 3 Champ. Congrats to her and her hard-working coaches. In four short years, girls' wrestling has grown in leaps and bounds, not only in numbers but in skill level. This growth has been fun and impressive to watch.

Team Results (Top 5): Lebanon 282, Nixa 158, Belton 146, Harrisonville 137 and Waynesville 113. With only two wrestlers CHS came in 22nd with 29.5 points. The State tournaments (92nd for boys and 4th for girls) will be held on February 17-19 at the Mizzou Arena in

Amitria on top of the medal stand holding her 1st place medal and her bracket. She is the 135 pound District 3 Champion, on her way to the State Championships starting Feb. 17 in Columbia. Good Luck Amitria.

McNack gets the pin on her opponent.

McNack takes a breather before executing her next move in the match that helped her move on to state.

Farmland Prices Make Young Farming Difficult

Kenny Ragland
Reporter

Increasing farmland prices are forcing hard choices upon rural youth making career decisions. And older Ag producers would prefer to have their descendents be able to farm.

Members of the Future Farmers of America at Clinton High School, and seniors from the Henry County Cattlemens Association, spoke about their feelings on February 1 and January 26.

"I remember when the price of land was \$325 an acre," said Gene Reid. "The price of land now is ridiculous." Amounts of \$4,000 - \$5,000 per acre are asking prices currently online for row-crop land in Henry County. Ranch land shows prices of \$2,200 up to \$5,000 for asking prices. Reid told of land nearby that was listed a lot higher.

"They started out at \$17,500 an acre," he said. "I've heard that

they are now down in the \$8,000 range asking price."

Clinton High School juniors wanting to farm, are hoping that prices don't keep them from being able to choose Ag careers. "I plan to farm with my dad," said Garrett Doll, son of Eric and Meredith Doll.

"We currently run a row crop operation near Montrose." Being able to purchase additional land, is something Doll is concerned about. "We have to be able to live comfortably (on what we earn)," Doll said. "It is better to own the land you farm."

Lauren Bailey, daughter of Danny Bailey and Kathy Bailey, has ranching experience and would like to raise horses. "I will need good pastureland to do that," she said. "I would like to study horse judging at Northeast Oklahoma State University."

Taylor and Suzanne Bush ranch in the Henry County area, and are also concerned about youth being able to get into farming. "We (Henry

County Cattlemen Association) are entirely too gray," said Taylor Bush. "Our associations goal is to get more youth involved in our organization."

Low interest rate loans for farmland, not government assistance, are ideas Suzanne Bush supports.

"I see that as a way to involve older farmer succession plans for youth," said Bush. "Some families don't have sons and daughters who want to go into the farming business. This way, youth who do want to farm could."

A different perspective about land prices, was put out by Brandon Jurgensmeyer, branch manager for Helena Chemical in Clinton. "Land isn't priced too high," said Jurgensmeyer. "It's just early."

The experienced Ag businessman said that every farmer who purchased farmland, always says they gave too much. "After they own it for a while," they will stop saying that. "Land is always like this."

The Missouri State Highway Patrol reported Since midnight on February 2, the Patrol has responded to: 2,038 Calls for Service
1,140 Stranded Motorist
460 Crashes - 24 injuries and 1 fatality
Road crews were hard at work, trying to treat and clear the snow and ice.

A few days this week, the temperature is predicted to climb to almost 60 degrees! The snow has been starting to melt and will soon be gone. Spring is just right around the corner. With a little over a month, who knows what else will be in store for us the remainder of the winter!

The snow covered roads by traveling very difficult. MoDot crews and local snow plow drivers were able to get businesses, roads, and high-

ways clear for safer commuting within a few days of the storm. Although they weren't able to run all of their trucks due to a number of reasons, they were still able to make it happen. MoDOT has many safety precautions that take place when a storm is in the forecast. The crews have pre-shift activity meetings to go over what to expect and the responsibilities for each specific job. National Weather Service, Highway Patrol, and all the departments of MoDOT work as a team and share resources to ensure the safety of everyone. Steve Campbell, the district engineer of MoDOT for the southwest, was very pleased with the amount of positive compliments and responses from the community.
