LifeFlight Eagle is proud to be accredited by the Commission on Accreditation of Medical Transport Services (CAMTS) since 2001. CAMTS is a peer review organization dedicated to improving patient care and transport safety by providing a dynamic accreditation process through the development of standards, education, and services. Every three years, CAMTS conducts an accreditation site visit at LifeFlight Eagle. This March, LifeFlight Eagle will have its triennial visit.

NOTICE

The Commission on Accreditation of Medical Transport Systems will conduct an accreditation site visit of LifeFlight Eagle on March 7 & 8, 2022. The purpose of the site visit will be to evaluate the program's compliance with nationally established medical transport standards. The site visit results will be used to determine whether, and the conditions under which accreditation should be awarded to the program. CAMTS accreditation standards deal with issues of patient care and safety of the transport environment. Anyone believing that he or she has pertinent or valid information about such matters may request a public information interview with the CAMTS site surveyors at the time of the site visit. Information presented at the interview will be carefully evaluated for relevance to the accreditation process. Requests for public information interviews must be made in writing and sent to CAMTS no later than 10 business days before the site survey begins. The request should also indicate the nature of the information to be provided during the interview. Such request should be addressed to: ADMIN@CAMTS.ORG The Commission will acknowledge such written requests in writing or by telephone and will inform the program of the request for an interview. The Commission will, in turn, notify the interviewee of the date, time and place of the meeting. This notice is posted in accordance with CAMTS requirements and shall not be removed until the site visit is completed.

I am Jim Stone, Presiding Commissioner of Henry County and have filed for re-election. While we have accomplished a tremendous amount, we have several large projects that are in progress or about ready to start. These include bringing broadband/high speed internet to homes throughout the county, road and bridge repair, infrastructure upgrades, and additional courthouse improvements. I have decided to run for re-election so I can oversee the completion of these large projects that we have laid the groundwork for.

It is an Honor to serve the people of Henry County. I will continue to be fair, honest and serve the people to the best of my ability.

Your vote is greatly appreciated.
Thank You,
Jim Stone

IN THE SPOTLIGHT

PREMIER CLIMATE CONTROL

I started out in the HVAC field when I was just 15 years of age. After graduating from Green Ridge high school, I went to Linn State Technical College for the 2-year associates degree in HVAC.

When I completed college I went to work for a good, local company where I honed my skills and took every chance to increase the knowledge that was presented to me. After 11 years with that company, I realized that I wanted to own my own company.

In March of 2011, I started Premier Climate Control with my main goal be-

ing focused on customer service. I feel customer service sometimes gets lost as a company grows, but without this, we would not be in business.

I make it my personal goal to look at customer service every day and make sure that the work being done is what I would want to happen in my home. I have been fortunate to have awesome support from my wife and my family. I pride myself on our craftsmanship of work and the top-notch quality of the equipment that I put my name

on.
-Eric, Owner.
