## Splish-Splash! Work Is Underway To Open Clinton's Swimming Pool

BY JAZMEN CLAYPOOL  
Staff Reporter

It's getting warmer outside which is usually the cue for outdoor activities to begin picking up. Lucky for Clinton, Missouri we have a few outdoor facilities open to the public during warmer weather to help with the summer boredom. This includes the beloved Artesian Outdoor Pool located on Hudson Street right between West Rogers and West Allen Streets. The Artesian Outdoor Pool offers aquatic programs, lap swimming, and free swims. They also have amenities such as concessions area, shade area, and an area to host parties. The pool is 164 feet long and is equipped with two drop slides in the deep end, a single large serpentine slide that drops off into the middle section of the pool, kiddie pool, as well as a splash pad. The pool is also surrounded by the well known Artesian Park that offers many different playgrounds for varying age groups which are spaced throughout the large park. The Outdoor

**Have I Got A Line For You!**  
By James Mahlon White

It was a pleasant weekend with stops at Lub Dub in Sedalia and the wine stroll in Warsaw. Both places were jam packed on Saturday, but the traffic count in town (by observation only) seems to be down a bit. Probably due to gas prices. Somewhere, in a comfortable back room, a couple of our country's power figures may be sitting back and deciding what the next price hike will be. Sometimes my imagination goes out of bounds. I'm certain this couldn't be possible. No indeed!

Craig Bourne. He just returned from a trip to Santa Fe, in the mountains where it clouds up around 2:00 PM every day, but seldom rains. It's a town that's old, old old...probably some of it was there when the Pilgrims arrived. Early history books never mention that, but most were written by New Englanders. People who thought Pittsburgh, Pennsylvania was "way out west."

The morning zips along. Have a safe trip through your day old buddy.

Brace yourselves. President Biden's Disinformation Board is on the way. It will be headed by Russia expert Nina Jankowicz. Might as well call it Ministry of Propaganda & Public Enlightenment. I recall a country in Europe trying it in the 1930's. It's amazing how fast we went from an energy independent Republic with borders, to a land mass under authoritarian rule. Some folks mocked The Donald for his conspiracy theories but it turns out, much of it was the truth. Why not take a few commonly accepted facts like 50 year high inflation, record gas prices, food prices, border chaos, out of control crime and have our new Truth Tsar declare them nothing but disinformation. That should fix all of our problems. We keep hearing that we need to protect Ukraine from tyranny and propaganda, who's going to come and save us? What a crazed world we live in.

Til Next Week: J.M.W.

**Announcing Candidacy**

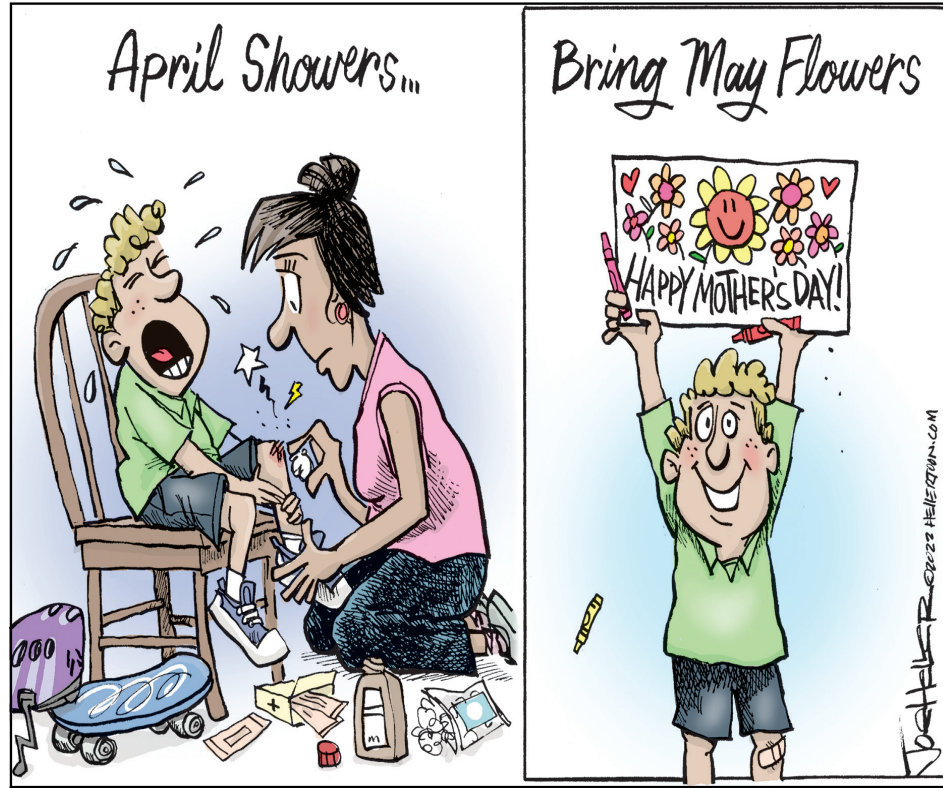

I am Taylor Bush and I am running for the office of Presiding Commissioner of Henry County.

One reason I am running for this position is to help find opportunities for growth and development for our county. Over the past 20 years, Henry County has experienced a population decline, due to environmental and economic changes, however little has been done to offset this trend.

I believe Henry County has outstanding assets such as quality health care, exemplary educational opportunities, and a well managed water and utility systems. The 2 and 4 lane highways throughout our county provide transportation opportunities for business and recreational opportunities. We are at a crossroad for growth and development. It is time for our elected officials to look further and deeper to find opportunities for growth and development. I would like to be your champion for finding these opportunities.

I believe that I have several qualifications that will assist me in the operation of the duties of the Presiding Commissioner. For the past 7 years I have been the review appraiser for the Henry County Assessor's office. In this capacity I have reviewed virtually every structure and traveled every road, street and highway in the county. I hold a Bachelor of Science Degree from CMSU. I am proficient in the operation of the equipment and technological resources used in the office of Presiding Commissioner. My background in construction, agriculture and business along with my Technology Education degree have provided me with the experience to serve as the building codes inspector for Windsor and Ulrich for the past seven years. Over the past 30 years. I have held membership and leadership roles in several organizations; Past Master of the Masonic Lodge, President of the Henry County Fair Board, Past President of Farm Bureau, and current President of the Henry County Cattlemen's Association. I am also involved with Henry County Farm Bureau Extension Counsel, Sunrise Opticist Club, Elks, a friend of 4-H and a member of the Presbyterian Church.

In 1981, I started a diversified farming operation between Blairstown and Chilhowee and we continue to raise cattle and crops today. The Missouri Board of Pharmacy and the Missouri Board of Registration for the Healing Arts are alerting license holders about a mail scam targeting licensed physicians in the state.

A Missouri licensed physician alerted the Board of Pharmacy office after receiving a letter that purported to be from the Missouri Board of Medicine. It was on official-looking paper, and contained identifying information, including a license number, registered address, and the signature of the Acting Division Director.

The letter appeared to notify the physician that his license was being suspended for illegal drug trafficking and cited federal and Missouri statutes. The letter identified an Officer in Charge from the Missouri Board of Pharmacy and the Board's phone number.

The physician called the Board of Pharmacy office to obtain verification of this action and learned this letter was not an official letter generated by either Board office.

If a licensee receives a letter from a licensing board, they are encouraged to:

Call the official Board office phone number found on their website

Check for information that may seem "out of place." For instance, there is no "Missouri Board of Medicine," instead, there is a "Missouri Board of Registration for the Healing Arts."

If you are asked to provide identifying information by phone or email, DO NOT GIVE THAT INFORMATION.

The Missouri boards will not ask you to provide this information in this manner.

Do not provide any banking or credit card information by phone or email.

Be careful that the email addresses and web addresses contained in these

types of communications are legitimate government addresses. They should have a mo.gov in their domain name

Please contact the appropriate board office immediately to report this type of scam.

**Clinton Christian Academy is the Spelling Bee Winner!**

On May 2nd, the West Central Missouri Spelling Bee was hosted by Clinton Christian Academy at First Baptist Church of Clinton. The annual event offers students from Clinton Christian Academy, Holy Rosary, Hudson R-IX, Zion Lutheran, Davis R-XII and St. Mary's to showcase their spelling ability.

The contest is divided into two divisions: grades 1 through 4 and grades 5 through 8. Each school involved sends two students to represent each grade level. The top two spellers in each grade then compete in the final spell off.

First round results were: First grade, Dakota McClure, CCA, 1st and Cole Lewis, Holy Rosary, 2nd; Second grade, Avery Gillis, Holy Rosary, 1st and Gwen Mefford, Davis, 2nd; Third grade, Adeline Willard, CCA, 1st and Liam Howerton, CCA, 2nd; Fourth grade, Ari Hilgenberg, Hudson, 1st and Kolton Womack, Holy Rosary, 2nd; Fifth grade, Brendon Jones, Zion Lutheran, 1st and Bo Sneider, Zion Lutheran, 2nd; Sixth grade, Beau Brownsberger, Hudson, 1st and Brady Booth, Hudson, 2nd; Seventh grade, Baylor Brownsberger, Hudson, 1st, and Carson Steward, St. Mary's, 2nd; Eighth grade, Brandt Henrich, Davis, 1st and Olivia Engerman, Hudson, 2nd.

All Spelling Bee participants received a certificate of participation. First and second place winners in each grade level received medals, and both final spell off winners received trophies for their overall first place finish.

Points are given for 1st and 2nd place overall by school. The school with

the most points receives the traveling plaque. Hudson was the school that totaled the most points and therefore was the overall

winner. The overall school winner determines who will host the Spelling Bee next year; therefore, Hudson will host in 2023.

This week, as always, we posted some new "Featured in Photos" on the Chamber's Facebook page. Be sure to go to that page and check out pictures from Dody Legacy Group, LLC...Equus Workforce Solutions and The Elks Lodge plus other "Featured in Photos" from the past month.

A new, fun way to get around Clinton is coming in about a couple of weeks. In the next week or so, the Chamber will be telling you more about The Bird and what it will mean for everyone in Clinton...those that live here and those who are visiting.

One of the three groups of Mizzou students that we have been working with here at the Chamber held their final Zoom call with us on Tuesday. Ideas they have come up with that might work in Clinton include a bike stop café, zip line, a winery, street art, outdoor dining, kayak and canoe rentals, an escape room, a social house and another fast food chain. They will now provide us more information on how the Chamber, tourism, Clinton Main St, the City and others may be able to attract these type of businesses to Clinton.

One thing that kept me busy this week was going to different businesses asking them if they would like to be a sponsor of Olde Glory Days. Any business, group, club, organization, couple, individual, etc. can be a sponsor of OGD. Family, Friends, Freedom. Olde Glory Days 2022. The theme and the logo for this year's celebration have been announced. Take a look at the 2022 logo when you go to the Olde Glory Days Facebook page.

**14 Agency Hazmat Training Held At The Benson Center**

**ATTENDEES:** Clinton Fire Department, Clinton Police Department, City of Clinton Missouri, Clinton School District, Golden Valley Memorial Healthcare, Henry County, Henry County 911 Dispatch, Henry County Emergency Management, Henry County Health Center, Henry County LEPC, Henry County Sheriff, Henry County Water District, Montrose Fire Department, Schreiber Foods

Imagine you are stopped at the intersection of Hwy 7 and 2nd St. in Clinton. A pickup coming into Clinton from Warrensburg on Hwy 13 begins to make a left turn onto Eastbound Hwy 7. Suddenly the pickup is broadsided by a tanker semi that ran the red light as it was travelling Westward through the intersection. What do you do?

This was the scenario that was presented to 26 representatives from 14 different Henry County agencies and businesses assembled at the Benson Center in Clinton, MO for a HazMat tabletop training.

The training scenario, led by Clinton Fire Deputy-Chief Matt Willings, began with the following objectives:

1. Determine the risks associated with the incident in this scenario and how to mitigate them with the resources immediately available to our County.

2. Identify response shortfalls and needed resources not immediately available to mitigate the incident.

3. Identify training needed, if applicable.

4. Educate ourselves on the resources available and what agencies the resources are associated with.

5. Utilize this scenario to prepare for similar real-world situations.

**INCIDENT INITIAL DESCRIPTION** - It is 11:30 am on a Thursday morning, temperature 65 with an expected high of 76 by 4pm. Wind is SSW at 5mph with gusts to 15mph. Traffic is normal for this time of year. Many residents are outside

enjoying the nice Spring weather. The Clinton School District will be releasing students early at 12:30pm for a teacher in-service.

**INCIDENT MESSAGE #1** - At 11:32am many calls to 911 regarding a semi-truck having run a right light on west-bound Hwy 7 at 2nd Street having hit a pickup that had turned left off North 2nd street onto east-bound Hwy 7. Calls to 911 indicate the semi-truck had overturned. Extent of injuries is unknown. Dispatch is unable to keep any callers on the line as some state they are going to "help". Each agency was asked how they would respond given the known information at the time.

**INCIDENT MESSAGE #2** - At 11:34am a Clinton police officer arrives and re-

ports 2 vehicles involved. Vehicle #1 is a ¾ ton pickup with what appears to be an unconscious occupant in the driver's seat. The vehicle has sustained serious front-end damage and is sitting on the roadway shoulder 300 feet west of the intersection. Vehicle #2 is a pressurized tank trailer, over-turned on the driver's side and about 340 feet west of the intersection. The driver is located sitting on the concrete median. The officer notifies dispatch that a pressurized hissing sound may be coming from the tanker. He states that there is a green placard (inhalation hazard) on the trailer with the number 1005 (Anhydrous Ammonia, liquefied). The roadway is mostly blocked, but gawkers are attempting to drive through the accident area. Each agency was again asked how they would respond given the known information at the time.

**INCIDENT MESSAGE #3** - First EMS units arrive on scene at 11:36am. Paramedics report a strong irritating odor while the unit exited the ambulance bay and that the odor got stronger as they approached the scene. Once again, each agency was asked how they would respond given the known information at the time.

**INCIDENT MESSAGE #4** - At 11:40am, Clinton Fire units arrive on scene. Additional Clinton Police and Highway Patrol also arrive on scene. A final opportunity was given each agency to give their response given all the information available.

A followup session to review the training objectives and how the responders reacted, good or bad, was done to critique the quality of the response to this accident.

I was impressed with how keeping you, yours and the entire Henry County community safe 24/7 during an emergency is much more complicated than one might suppose. A considerable amount of coordination between agencies is required in a response to an incident of this nature.

If you know a first responder, or meet one while you are out and about in Henry County, why not thank that person for committing to the hours of training throughout the year and the potential putting of his or her life on the line to keep our community safe from the unexpected, but inevitable moments when life isn't going our way?

## Clinton School District Board of Education Continues to Prioritize Teacher and Staff Pay

For the second consecutive year, the Clinton School District Board of Education is prioritizing strategies to recruit and retain highly-qualified staff, and one such method is an increase to the base salary of the teacher salary schedule. This increase of \$1,142 will take effect in the 2022-2023 school year and helps to make salaries in the Clinton School District competitive with other school districts of a similar size in the region.

The Clinton School District's 5-Year Strategic Plan, developed in 2018, outlines action steps to "increase salaries to be in the average range of other districts of similar size and demographics." The Board of Education believes that a compensation schedule that is comparable to other districts will ultimately benefit all students in the district.

"As the newly established Clinton School District Board of Education charts its course for the next year, a top priority has been increasing teacher pay. Recent years have taken a toll on the energy and resources of our students and staff. Ensuring our teachers have a pay scale equitable to nearby districts allows them to secure the resources they need for their quality of life and for their families. Ultimately, more security means our teachers can better support our students," says Board of Education President, Susan Jones-Hard.

In the weeks ahead, the Board of Education will also be making adjustments to the classified salary schedules in order to raise them

to more comparable levels. The Board of Education is committed to developing salary schedules that can both attract and retain highly-qualified staff in a fiscally sustainable manner for years to come.

## Launches New Teacher Appreciation Scholarships for Current or Aspiring Teachers

In honor of Teacher Appreciation Week, which runs May 2-6, WGU Missouri has launched a new scholarship for current and aspiring teachers who are seeking a bachelor's or master's degree in education. The WGU Loves Teachers Scholarships are available to new students who are pursuing an AAQEP and CAEP-accredited bachelor's or master's degree from the online, nonprofit university's top-ranked Teacher's College, or are interested in completing one of the university's post-baccalaureate or endorsement-preparation programs. Applications can be submitted online at [missouri.wgu.edu/teacherappreciation](http://missouri.wgu.edu/teacherappreciation) through June 30. The university is planning on awarding up to \$200,000 in scholarships.

The WGU Loves Teachers Scholarships are designed to assist aspiring teachers in obtaining the required credentials for a rewarding career as an educator and to help current teachers improve their skill set in the classroom or move into administration. Each scholarship is valued at up to \$4,000 and will be applied at the rate of \$1,000 per six-month term, for up to four consecutive terms.

"As teacher shortages continue to impact schools and learning across the country, it's more important than ever we show appreciation for all the teachers who are working tirelessly to educate our children," said Dr. Angie Besendorfer, Chancellor of WGU Missouri. "As we celebrate National Teacher Appreciation Week, we recognize how valuable our educators are and are proud to support them through this scholarship offering. We hope that by lessening the financial burden associated with going back to school, we can help current and aspiring educators to further their education and accomplish their career goals."

WGU Missouri's competency-based learning model provides students in the education profession with the flexibility to complete

courses on their schedule, with 24/7 online access to learning materials and the ability to take tests as soon as they master the material. This competency-based approach allows students to use their prior experience and training to help them move quickly through material they already know and focus on what they still need to learn, allowing them to graduate faster and at a lower cost.

## Local Student Named Semifinalist in U.S. Presidential Scholars Program

Christian D. Voelmeck, a graduating senior at Clinton High School, has been named one of 620 semifinalists in the 2022 U.S. Presidential Scholars Program. The semifinalists were selected from over 5,000 candidates expected to graduate from U.S. high schools in the year 2022.

Inclusion in the U.S. Presidential Scholars Program, now in its 58th year, is one of the highest honors bestowed upon graduating high school seniors. Scholars are selected on the basis of their accomplishments in many areas—academic and artistic success, accomplishment in career and technical fields, leadership, strong character and involvement in school and the community.

The U.S. Presidential Scholars Program was established in 1964 by Executive Order of the President to recognize some of our nation's most distinguished graduating seniors for their accomplishments in academics, leadership, and service to school and community. It was expanded in 1979 to recognize students demonstrating exceptional scholarship and talent in the visual, creative, and performing arts. In 2015, the program was expanded once again to recognize students who demonstrate ability and accomplishment in career and technical fields. Annually, up to

CHRISTIAN D. VOELMECK

161 U.S. Presidential Scholars are chosen from among that year's senior class, representing excellence in education and the promise of greatness in America's youth. Each year Scholars are presented with a Presidential Scholars Medallion.

A distinguished panel of educators have reviewed these submissions and selected 620 semifinalists. The Commission on Presidential Scholars, a group of up to 32 eminent citizens appointed by the President, will select the finalists, and the U.S. Department of Education will announce the Scholars in May.

The Presidential Scholars Class of 2022 will be recognized for their outstanding achievement in late June with an online National Recognition Program.

## SUZANNE JEAN SCOTT

Suzanne Jean Scott, age 76, of Deepwater, Missouri passed away on Saturday, April 16, 2022 at Menorah Medical Center, Overland Park, Kansas surrounded by family.

Suzanne Jean Claypool Scott was born in Chicago, Illinois on June 30th, 1945 as the oldest of Leslie Wayne Claypool and Doris Jean Blank Claypool's four children.

At a young age, she, her parents, and her siblings moved from Chicago to Deepwater, Missouri. Her siblings included Leslie Wayne Jr., Diane Marie, and Roxanne Irene. Suzanne met Shelby Jay Scott on a double date in Clinton, Missouri and they were married in March of 1962. Together they had four children, Sharol Jeanne, Shelley Jo, Stacey Jill, and Shannon Jay.

They raised their family in Lees Summit, Missouri for 20 years. They all have fond memories of weekend trips to Deepwater and Calhoun, where all the kids rode there and back piled in the bed of Shelby's truck.

After her children were grown, she eventually returned to Deepwater, Missouri to work in banking and retired as a home health care giver.

Suzanne had the special ability to always make you feel loved and welcome when you were around her. She had a close companion in her dog Jake, who she loved dearly. Many days were spent drinking coffee, reading, playing spider solitaire, recording movies to

her DVR, and tending to her plants and her critters (or as she would say, "pot lickens").

## Calhoun UMC

Welcome to the Good News from Calhoun United Methodist. We were pleased to gather in fellowship and love, to praise the Lord with church family. We ring the church bell at 9:45 to call the "flock" to 10:00 worship. Our service is live-streamed for face book. Our Sympathy and Christian love are extended to the family and friends of David Hutcherson and Ronnie Johnson who passed into the arms of Jesus recently. Others on our prayer list: Iris Pinkston and family, Linda Alford, Betty and Hal Ross, Charles Antwiler, Marie Miller, Kay Gregory, Audrey Osborne, J.C. Brown and Dave Burson. We continue to pray for the Ukrainian people, the lost, lonely and the least in this country. Each week we pray for many in the community who have ongoing illness and those recovering. We always lift up our military and their families, our country and our leaders, and today our neighbors on the east side of the Clinton square who are suffering loss because of the building collapse.

Joys to celebrate: Wow!! Spring is coming on strong, so refreshing for us all who enjoy gardening, and bird watching. Tom commented on seeing Baltimore Orioles this week. Congratulations to Harold and Patty Dump on the birth of grandson Memphis Alexander, Sara and Harold II are the proud parents; also Bob Howard announced the birth of a new great grandson Sutton William Barns. Sunday afternoon at 3:00 we welcomed CHS Seniors and guests for a Baccalaureate Service. There are only three students in the Class of 2022, Arianna Watson, Autumn Rusche and Isaiah Manis. Miss Watson was the only one able to attend. Pastor Margie Briggs of Calhoun and Drake's Chapel UMC, Pastor Joe Hall of New Life, Pastor Mark Abney of Calhoun Baptist, and Pastor Larry Hill of Mt. Olivet conducted the service. Each Graduate, received a Bible that can be connected to their smart phones by an app. A reception of cake and punch was served in the Welcome Room following the Service.

We are always pleased to have guests for worship, come dressed as you are comfortable. Be prepared to receive a blessing for your effort, and we will be blessed by your presence.

## Clinton Church of the Nazarene

Pastor opened the service with prayer.

Our poem today was called: Crucifixion The Resurrection!

What a privilege to be able to enter into the church and praise our Lord and Savior.

We welcome Donetta today as our new member. We also say P.T.L. Kairrie is able to be with us.

The Pastor's message was: Go! Don't just go, but go and make disciples, while making some noise for Jesus! Matthew 28:16-20 was the scripture used to illustrate the message. We also heard some great testimonies.

Jesus tells us to go and tell! Are you willing? We pray; open our hearts to the Lord to tell others about our Lord and Savior. Jesus assures us of his power. Jesus, The one who is and always will be! Jesus Christ: his authority extends our nations. Jesus the hope of the future. Resist the devil and he will leave you. Confess Jesus. He is King.

Verses from Philippians and Revelations were also used to further illustrate the message.

We thank each person who came to worship here today. We pray that you received a rich blessing by being here and that you will come again. See you in church.

## First Baptist

In the absence of Pastor Randy Shipman John Brittain who is with the Southern Baptist Convention in Warrensburg. Using Matthew 28:19-20, His message asked the question, "Why Jesus? Why Me? Why Missions?" As believers we are to serve the Lord through missions where there are people who don't know Him as Lord of their life. Michaela Allen, FBC Children Pastor invited the members to volunteer to work with

## First Presbyterian

Call on the Lord when you need help. He will hear you and meet your need. He will breathe new life into your spirit. Thank him for his grace and help. Acts 9: 1-6 and John 21: 1-19 was the scripture used by our guest speaker Mr. Bill Neely. Mr. Neely is the regional representative from Presbyterian Disaster Assistance. He shared with us the mission of PDA in the United States and the world. A potluck lunch followed worship.

Currently over 100 garments have been completed for the Girls in Africa project. Our talented sewers continue turning out these precious handmade dresses for some waiting child. The project wraps up later this month when they will be packed up and mailed to the organization in Michigan that delivers them to Malawi, Africa villages.

One and a half shelves in the foyer were covered with a variety of soup cans. These items were delivered to the Samaritan Center Food Pantry this week. Thank you to everyone who contributed.

The Presbyterian Women held their monthly meeting Friday, May 6. The monthly study was titled "What Are These Women Doing In a Place Like This?" This was the last lesson on strong women and grandmothers of the faith who were related to Jesus.

Tai Chi classes are held here every Monday and Wednesday morning at 10:00 am for approximately one hour in our fellowship hall. Come join in the fun.

Weekly ZOOM Bible Study is Wednesday at 11:30 am. Please contact the church office and the link will be sent to you if you are interested in participating.. Rev. Nancy guides this weekly study.

You are invited to join us in worship each week. If unable to attend in person, please find us online at: You tube Nancy Gillard, fpccintonmo.com or Facebook First Pres-

byterian Clinton MO. Sunday sermons, worshipful music, church updates and prayer times are available there. Our Sunday service is also broadcast on FM radio 87.9 at 10:30 am

## Golden Valley Christian

Mary Edwards Walker was a Civil War surgeon and the first woman to receive the Medal of Honor. Annie Edson Taylor was the first person to go over Niagara Falls; she did this by being sealed in a barrel before rolling down those tumultuous waters. In an all-male political environment, Jeannette Rankin was the first woman to hold a federal office in the United States. Helen Keller, both deaf and blind, earned a bachelor's degree. These were strong, courageous women. The Bible also tells of many courageous women in dangerous and treacherous times. Deborah, wife of Lappidoth and a prophetess, was the leader of the Israelites during a very tumultuous period and also became a military leader (Judges 4:4-10). Miriam saved her brother, Moses, while there was a commandment to kill all Hebrew baby boys (Exodus 2:1-10). In a male-dominated Roman Empire, Lydia, a merchant, stands out as a powerful figure involved in starting the first Philippi church (Acts 16:13-15).

GVCC has been blessed, so far this year, to welcome Jeff and Jill Blesky, David and Blenda Harrison, Les and Holly Smith, and Kevin and Emily Wisdom into our church family by transfer of membership. We thank God for these four very faithful and dedicated couples. The Charity Crafters and weekly Bible study are currently cancelled, due to schedule conflicts, until a later date.

Brother Elmer's message was taken from Daniel 1:1-21. Babylon and King Nebuchadnezzar were the supreme power of this time period. After the fall of Judah, young Israelite men were removed to Babylon, to be subjected to the Babylonian culture and beliefs, some to serve in the king's palace. Four young men, Daniel, Hananiah, Mishael, and Azariah, were even given new names. They were directed to consume the unhealthy food and wine of the royal house. Daniel resolved not to defile himself with the royal food and wine, and he convinced the chief official to allow him and his friends to have vegetables and water instead. God blessed this effort, keeping the young men healthier and better nourished than the others, and also giving them knowledge and understanding. When their training time was complete, the four were taken to the king, who questioned them in every matter of wisdom and understanding, and found them ten times better than all others. Christians should never compromise their faith, and should dare to be like Daniel.

Golden Valley Christian Church meets at 611 South Third Street in Clinton. Sunday School classes begin at 9:30 AM, and the morning worship service is at 10:30. Our interim minister is Elmer Fuller, and our website is www.goldenvalleycc.org, where you will also find links to access our Facebook page and YouTube sermons. We are happy to invite you to attend our services, where you will always receive a warm welcome.

## Mt. Calvary Apostolic Pentecostal

"Is Achan In Your Midst?"

Joshua 7:19 And Joshua said unto Achan, My son, give, I pray thee, glory to the LORD God of Israel, and make confession unto him; and tell me now what thou hast done; hide it not from me. (KJV)

Joshua 7:20 And Achan answered Joshua, and said, Indeed I have sinned against the LORD God of Israel, and thus and thus have I done. (KJV)

Joshua was a great man of God who trained under Moses. He saw first hand what God did for Moses and he knew God's voice. When God told him to take the people over the Jordan because his servant Moses was dead, Joshua knew it was God speaking to him.

Joshua didn't understand when the men of Ai smote some of his men. He questioned God, asking if he brought them across the Jordan to deliver them to the Amorites.

Joshua 7:7 And Joshua said, Alas, O Lord GOD, wherefore hast thou at all brought this people over Jordan, to deliver us into the hand of the Amorites, to destroy us? would to God we had been content, and dwelt on the other side Jordan! (KJV)

Christians don't appreciate the times God brings them deliverance. We have one bad day and we want to give up. Joshua saw many miracles God performed, but when they lost a battle, he wondered if they shouldn't be back on the Jordan.

It says in Joshua 7:10 And the LORD said unto Joshua, Get thee up; wherefore liest thou thus upon thy face? (KJV)

Joshua 7:11 Israel hath sinned, and they have also transgressed my covenant which I commanded them: for they have even taken of the accursed thing, and have also stolen, and dissembled also, and they have put it even among their own stuff. (KJV)

The Lord let Joshua know that Israel had sinned against him and they must remove the accursed thing from among them. Joshua told them to make their confession to God.

God tells us to stay away from many things. The Bible also warns against it, because if we continue to place ourselves within its grasp, temptation sets in. Sin is a curse to us. Stay away from it and those individuals who will lead you or tempt you toward sin.

In Haggi 1:5 Now therefore thus saith the LORD of hosts; Consider your ways. (KJV) If there will is an Achan in your midst. What he did was disobedience and disobedience is the same as witchcraft.

Be careful who you hangout with, you don't want Achan in your midst.  
God Bless.

## St Paul's Episcopal

St. Paul's Episcopal Church is a church that welcomes all into fellowship. We hope you can join us for Sunday worship during the six week season of Easter. We will have a priest with us for Holy Communion of May 8th and on May 15th. The other Sundays in May will be Morning Prayer from the Episcopal Book of Common Prayer. Services are at 10:00 AM. We are located on East Highway 7, a few miles past Walmart.

During the Last Supper Jesus gave his disciples a New Commandment, stating, "A new command I give you: love one another. As I have loved you, so you must love one another" (John 13:34). God's love is always with us. We are aware of that never ending and abundant love, and we take that love and shine it out into the world around us wherever we go—school, work, the grocery store, driving on the streets, getting gas, walking the dog ... always sharing God's love back into the world, wherever our little corner may be.

## Urich Baptist

Come and have your spirits lifted as we gather to worship the Lord. Clint Keeney rang the church bell. Mrs. Julia Kliefelter led in the congregational singing with Mrs. Dixie Collins playing piano. Gary Vass and Randy Vogt collected the offering.

The scripture passage from Pastor Chad Pollett's sermon was from 2Timothy4:6-8.

Paul knew he was near the end of his life. His faith in Christ was what was going to kill him. Nothing had stopped Paul from spreading the truth of Jesus. He had fought the good fight. Paul had trained Timothy to carry on encouraging him to continue spreading the word and living and serving everyday for Christ. We too must follow Paul and Timothy's example by serving and being strong in our faith. Have a good week serving the Lord and spreading love.

## Valley Center United

We are an open and affirming church and welcome all to come and worship with us on Sunday morning!

We send our continued prayers to Lauren Stinnett as she heals from surgery. We send our prayers to Pam Crump and Ronnie Crowder who are in the hospital. Our support and prayers go to the people of the Ukraine and for those who are helping and caring for those displaced families. Our church will take up an offering on Sunday, May 22nd for the Ukraine. We are accepting money and food items for the St. Clair County Food Bank. We send happy birthday wishes to Peg Neuenschwander, Chip Morten and Karen Switzer! Next Saturday Valley Center will make many gallons of DELICIOUS homemade ice cream to sell at the Lowry City celebration! All proceeds will go for our youth group's expenses to go to church camp.

The gospel tells us that Jesus asks Simon Peter three times whether he loved him. Three times he denied him. But Jesus gave him another chance and asked him to feed his sheep and to follow him. Peter was humbled and Jesus restored him as a person of faith. He had forgotten that Jesus had the power in God.

When Jesus died 2000 years ago, he changed the world. He was betrayed, denied and scorned and nailed on the cross to die. But after three days, he was resurrected and lifted up by the love and power of God. He had given his life for the ransom of many by bearing our sins himself.

The Resurrection matters. It changes everything. It is a force that transforms our world and restores us. It is more life changing than any other. It is a model of forgiveness and acceptance and an invitation to change the world. It should make a difference how we welcome others and respond to situations throughout our lives. It determines who we are. This living, breathing story of the Resurrection becomes ours to tell.

'Once we were no people and now we are God's people and from no promises to many promises'. The Resurrection matters.

\*\*\*

O GOD OF ALL JUSTICE AND TRUTH, HELP US TO TURN OUR LIVES OVER TO OUR SAVIOR JESUS. GIVE US STRENGTH TO CALL ON JESUS' NAME TO FIND THE PEACE THAT PASSES ALL UNDERSTANDING. EMPOWER US TO LOOK OUTWARDLY AND MINISTER TO THOSE WHO ARE IN NEED; IN JESUS' NAME WE PRAY, AMEN.

**LOOKING BACK**

**Looking At Missouri Sports Heroes**

It is hard to know where to start. There have been a ton of sports heroes that either became known by playing in Missouri or were born and raised here.

Our first did both. Norm Stewart was born in Leonard, Missouri on January 20, 1935. He was a star basketball and baseball player for Shelbyville High School, small town one hour west of Hannibal. He went to MU and played both sports. At 6'5" he was strong on the court scoring 1,112 points in three seasons. On the baseball field, he pitched a no-hitter in 1954 leading the Tigers to the College World Series Championship. He went on to earn letters in both sports for three

consecutive years, a rare event.

Norm played professional basketball for a short time but quickly came back to MU to be an assistant coach. (He was also drafted by MLB, but stayed only one season). He coached basketball in Iowa but later came back to Columbia to become the head coach of the basketball Tigers. He held that job for 32 years and 634 wins. His fame as the Tigers' head coach has overshadowed his personal fame on the court and the field. A true Missouri Legend.

He has been inducted into several HOF's. He still lives in Columbia. Norm, at 87, has had serious health issues, but still tries to stay active.

**CHS Golf Beats Panthers**

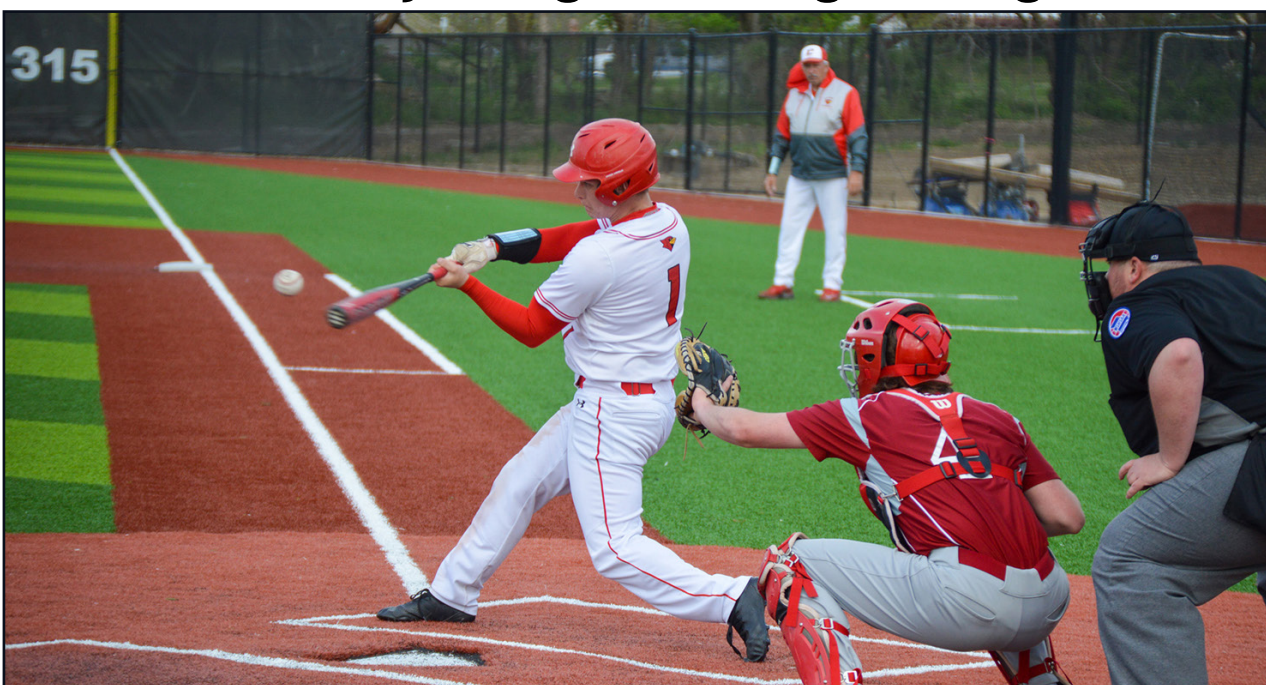

THE CARDINALS Golf Team traveled to Adams Pointe to play the Oak Grove Panthers on Wednesday, April 27. The Cards won by two strokes, 209-211. The Cardinals' Hunter Bose got the low score on the day with a 41. Jonah Hurt got the third lowest with a 50. Adam Walrath shot a 58, Mitchell shot a 66 and Landon Modlin shot a 60. The Cardinal matchplay record this year is 4-2. The golf team's match with Butler on April 29 was rained out. The Cardinal golf team plays in Class 3 District 13 with 13 other schools.

**Wishard Finishes Career At UCM For Jennies**

FORMER LADY CARD Gentry Wishard, a Clinton Alum and UCM Softball standout pitcher, has played her last competitive game with the Jennies. Gentry was an excellent pitcher for the Clinton Cardinals and many travel teams in the KC area. She pitched for the UCM Jennies for four years, but is moving on to grad school at MSU. Many of us in Clinton have watched this young lady grow up on and off the field and are proud of her. Her parents are Brian and Angie Wishard of Clinton. Gentry has a little sister, Briley, whom you have also seen on this sports page many times. Thanks for the memories, Gentry. Seen with Gentry is her college coach, Susan Anderson. The Jennies are usually very competitive in the MIAA, but this year they struggled at 17-36. Gentry had a career mark of 19-15.

**Cardinals Play Tough Through Rough Week**

CARDINALS senior Anthony Gumminger smacked three hits to lead the Cardinals, but the Cardinals could not overcome their defensive miscues against Warrensburg on Thursday night.

**Cards Fall To Bulldogs**

The Baseball Cards traveled to Odessa on Tuesday, April 26 to take on the 5-8 Bulldogs.

The final score, 13-7 in favor of Odessa, did not reflect that both teams collected the same number of hits, 12. Also, the Cards only gave up three walks, the Bulldogs two. It was the same in the error department, both teams committed three. The difference came in the timing of the hits and the timing of the errors.

The Cards had six RBIs to the Bulldogs nine. The Cards executed three stolen bases, the Bulldogs two.

Anthony Gumminger was back in the lineup and got a hit, scored a run and stole

two bases for his team.

Paul Shields took the loss for the Cards. He pitched two-thirds of an inning allowing six hits and seven runs. His season record fell to 1-2. Shields got relief help from Gage Mantonya.

Tyler Gardner, Shields, Westin Komer and Mantonya all had multiple hits for the Cardinals. Gardner went 3-for-4 at the plate.

The Cards' record now stands at 8-12 with six games left in the regular season. The Cards will play the 9-6 Warrensburg Tigers on Thursday.

Individual	Stats:
Shields (4,1,2,0,0),	Gumminger (4,1,1,0,0),
Gardner (4,3,3,0,0),	Mantonya (3,1,2,3,0),
McGuire (4,0,1,2,0),	Komer (4,0,2,1,0),
Collins (3,0,0,0,1),	Wirsig (4,1,1,0,0),

Team (33,7,12,6,2) with 8 SO.

**Clinton Baseball Loses "Home" Game At Warrensburg**

The game between the Cardinals and the Warrensburg Tigers was moved to the Warrensburg turf field on Thursday, April 28.

It was a bit of a slugfest with both teams getting 11 hits, but unfortunately the Cards had one too many errors (8 total) and the Tigers came out on top 15-10.

Gage Mantonya took the loss for the Cardinals with his record falling to 3-3. He got relief help from Jake Wirsig.

The Cards, down 11-3, had a big inning scoring seven runs in the bottom

of the fourth making it an 11-10 ballgame. The Tigers added two in the fifth and sixth inning.

The Tigers brought in their big hard-throwing left hander and the Cardinal hitters could not catch up with him. The final score was 14-10 Cardinals.

The Cardinals getting multiple hits were Anthony Gumminger, Westin Komer, Jake Wirsig, and Paul Shields. Gumminger led Clinton with three hits in four at-bats.

Both Shields and Gumminger made outstanding sliding catches in the outfield.

The Cards fall to 8-13. They were to play Sherwood on Friday, April 29, but it was rained out.

**Clinton Splits With Chicks, Owls**

**Lady Cards Can't Stop Chicks**

The 11-6 Lady Cardinal soccer team traveled to Pleasant Hill on Tuesday, April 26 to take on the 10-4 Chicks. Even though the Cardinals have been playing very good soccer most knew the Chicks are always a challenge. It would take a near perfect game to stay with them. It did not happen.

Skyte Wilson did not travel with the team, but Haleigh Richman was back in the lineup. The Cards are very athletic and can stay with a more experienced club for a time.

But, the Chicks had the upper hand and the majority of the ball possession. The Chicks scored early 1-0. Their attacks were fast and frequent. The Chicks went up 2-0. Pleasant Hill got an own goal as the Lady Cards were defending a corner kick. The Chicks went up 3-0 and the game was getting away from the Lady Cards. In the last minute of the first half Kinzie Hager took a corner kick, Allie Cardwell got her head on it and Mercedes Brown finished the attack making it 3-1 at the half.

The Cards fought hard in the second half but as they tired, the Chicks added two

THE LADY CARDS Mia Bagley (on the ground) gets some attention as she recovers from a hard tackle in recent competition. L to R, Kylie Williamson, Kinzie Hager, Raylen Richman and Coach Adams offer their support. These tough young ladies are close to making history by being the first Lady Cardinal soccer team to have a winning season.

more goals to win 5-1. The Cards get back at it on Thursday as they travel to Marshall to take on the 10-5 Owls.

**Lady Cards Rebound, Beat Owls**

The Lady Cards, playing at Marshall, on Thursday, April 28, were trying to rebound from a recent 5-1 loss to conference rivals Pleasant Hill.

Playing the 10-5 Marshall Owls, the Lady Cards started with clean ball control and a majority of the possession.

The Owls fought off the Cardinal attacks until 3:37 left in the first half. Kinzie Hager fed a nice ball to Skyte Wilson who took care of business making it 1-0 Cards at the half.

The second half was much the same with the Cards controlling the pace of the

game, but with little luck finding the net. Finally, Allie Cardwell crossed a ball to Mercedes Brown who beat the Marshall goalie.

The game ended 2-0 Lady Cards.

The Lady Cards are now 12-7 and, by press time, will have traveled to play the 6-7 Excelsior Springs Lady Tigers on Tuesday, May 3.

**CCA Blanks Heritage Christian**

The Lady Patriots' final game of the season was played at home on April 28 against Heritage Christian. They were 3-3 going in so it was an important game for their inaugural season. They were up to the task and won 6 to 0.

Kylie Bateman scored three goals, Isabella Griffey got a goal, as did Maddie Mosley and Taylor Bateman. Jessica Steward the CCA goalie has had a tremendous season but was not available in this game due to a senior trip. Kennedy

Vaughn played goalie for the first time after basically one practice and held the Columbia team to zero goals. Impressive. Next up is the Christian School State tournament in Joplin on May 5-7. Good luck Patriots.

## Alumnus Executive Produces Marvel Studios' Six-Part 'Moon Knight' Series

**UNIVERSITY OF CENTRAL MISSOURI** alumnus and former Warrensburg resident, left, Grant Curtis, as an executive producer, and actor Ethan Hawke, who portrays Arthur Harrow in Marvel Studios' six-part "Moon Knight" series, were part of a production team that was excited to introduce their project on Disney+ streaming service this spring.

such as prominent Egyptian filmmaker Mohamed Diab, who is making his U.S. directorial debut, and a cast that includes Golden Globe® winner Oscar Isaac in the title role, Ethan Hawke as Arthur Harrow and May Calamawy as Layka El-Faouly. The series was introduced March 30 exclusively on the Disney+ streaming service.

"It's different, which continues to be the success of the Marvel Studios brand," Curtis said about the series, which he describes as "a bit spookier, a little bit darker and a bit grittier" than most MCU presentations.

In the series, the audience follows mild-mannered museum gift-shop employee Steven Grant, played by Isaac, on a trek that unfolds into a psychological thriller after he experiences blackouts followed by memories of a life that far exceeds the mundane existence he has known. Steven, who has Dissociative Identity Disorder, discovers that he shares a body with his exact opposite, Marc Spector, a former marine and CIA operative who became a mercenary and ultimately the earthly avatar of Khonshu, the Egyptian god of the moon and vengeance. Steven and Marc learn how to navigate their complex identities and become part of a battle waged among the powerful gods of Egypt, with many enemies converging upon them.

Curtis' work on this project is part of a long history of involvement in film. The author of two books, his background as a movie producer has included projects such as the widely acclaimed "Spider-Man" trilogy with director Sam Raimi for Columbia Pictures, "Oz: The Great and Powerful" for Walt Disney Pictures and "Teenage Mutant Ninja Turtles: Out of the Shadows" for Paramount Pictures. He also directed, wrote and produced "Delaney," a documentary for ESPN Films "30 for 30 Shorts" about a former Kansas City Chiefs player who drowned saving a child, and was an executive producer on Disney's "Let's Be Tigers." These are just a few of many projects in which he has been involved.

Curtis said he was excited about the opportunity to introduce "Moon Knight" to a new audience. The main character appeared for the first time nearly 50 years ago in the comic book "Werewolf by Night" (Issue 32). Development of this superhero has taken various iterations over the years, although the relationship between Khonshu and Moon Knight has remained consistent. Working hard to stay true to that relationship, Marvel Studios' production team creatively pulled together for its screen presentation several character attributes, gleaned from decades of written materials, to create one of the most unusual superheroes of all time.

"One of my first tasks was going through and reading every comic book Moon Knight ever appeared in, whether that was 'Werewolf by Night,' or whether that was his [comic book] run that started in 1980 with 'Moon Knight' No. 1," Curtis said. He added that he and the writers on this project were intrigued by the intense character study the film series offered.

The series combines adventure, drama, mystery and a bit of comedy to keep the audience engaged in each new episode. True to the comic book tradition, the screenplay weaves plenty of unpredictability into this multipart story.

"One thing writers always do very well, just when you think you've got everything figured out on page 22, you turn to page

## Real-World Application of Learning

SIXTH GRADERS in Mrs. Townsend's ELA class are learning all about argumentative/persuasive writing, and are applying these skills in a real-world project.

Students are writing letters to Congresswoman Vicky Hartzler, asking for changes to happen regarding coastal communities. Students have read multiple sources of information in class together, pointing out three main problems that are occurring: Ocean Pollution, Sea Level Rise,

and Overfishing. Students were then tasked with conducting independent research based on their topic and finding evidence to support their argument within the letter. Once the letters are completed, they will be mailed to Congresswoman Hartzler in Washington D.C.

you on your toes," Curtis said. "It's never a gimmick. It's always through the character's point of view as he's going on these adventures and having to try to figure out what's going on."

In addition to creating a fast-paced adventure that keeps the audience guessing, there are many other reasons the creators of "Moon Knight" are excited about this project.

"Another aspect that appealed to us is the Egyptology, and the backdrop. We all seem to be fascinated with all things Egyptian," Curtis said. The writers' room was filled with numerous reference books on ancient Egyptian culture and deities, Curtis said. Experts in areas such as Egyptian archaeology visited with writers regularly to help ensure authenticity, and the same care was given to the backdrop. Much of the movie was actually shot at Origo Studios in Budapest,

Hungary, where there were many sound stages and access to field-specific experts who had vast knowledge of ancient statuary, pottery and hieroglyphics. A team of sculptors from Italy was brought in and spent three months creating the statues of Egyptian deities that stand in the Chamber of the Gods, a prominent setting for action sequences.

Similar attention to detail was given to helping the team develop its main characters. Curtis noted, for example, because the series addresses a mental health issue through the character of Marc Spector, the writers and the cast wanted to approach this topic with sensitivity.

"We wanted to be very reverential and respectful to a very serious issue, so we brought in consultants to help guide us on that," he said. "Our head writer, Jeremy Slater, always led the charge from day one about being authentic and respectful, and Oscar Isaac, our lead, had to act these parts on the screen in the same way."

This is the first time Curtis has worked on a multi-part series. He said it was a valuable opportunity to explore his craft as a producer, but it was not without challenges, particularly considering the way filming is scheduled.

"You don't film in sequential order. You don't start on page one and shoot that on day one," said Curtis, who has devoted approximately three years to this project.

He noted that scenes are shot according to what is best for production, and sometimes a scene can be moved to a different place in the film. Such was the case for the opening scene in which Harrow is seen putting on a pair of shoes

filled with broken glass. These images were actually intended for inclusion further into the film, but were moved to the front for a more powerful effect and to provide early insight into the character of Spector.

"That scene was not supposed to go there," Curtis said. "As we were looking at the whole film in post, we realized if we put that scene up front then that would inform the audience about this character from the very first time you meet him in the Alps. You realize from the beginning that this guy is a little off center."

Curtis, who grew up in the Warrensburg area, spoke fondly about his time at UCM, where his father, Dr. Dan Curtis, taught for years as a professor of communication and was a former department chair. Grant Curtis came to UCM, known then as Central Missouri State University, in the 1990s after completing a bachelor's degree in marketing at the University of Missouri-Columbia. While working on his graduate degree at UCM, he developed close working relationships with faculty members who became his mentors.

"There were two influential teachers in particular - Keith Mellinger and Dr. John Graves. They were the reasons why I went back to UCM to get my degree. Keith was a screenwriter who got his MFA from UCLA, one of the top screenwriting schools in the world. Dr. Graves worked in Hollywood for decades on numerous TV shows. It was his knowledge and experiences in this whole community that I gravitated toward," Curtis said.

As he was finishing his master's degree, Curtis landed in Los Angeles in 1997 for an internship on "The Late, Late Show With Tom Snyder" and to finish work on a screenplay, which was a requirement in his graduate program. While residing in LA, a friend who lived next door told him famous director Sam Raimi was searching for an assistant. Curtis believed his opportunity to work with Raimi was a stretch, but the great director saw something in him. Curtis went from being an assistant to Raimi to much tougher decision-making roles on films such as the "Spider-Man" trilogy, "The Gift" and others. He built within five years after earning his graduate degree the kind of resume that gets noticed, leading to his selection in 20002 as a UCM Outstanding Recent Alumnus.

Adding "Moon Knight" to his lengthy film resume is a great source of pride for Curtis. He spoke enthusiastically about his role as an executive producer on the project and the opportunity to bring the main character to the forefront for the first time in many people's entertainment experience.

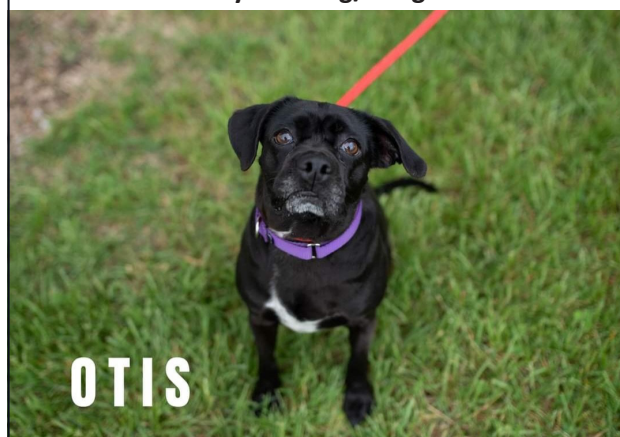

"From 1975 until now, there's been a lot of Moon Knight stories told by great artists and writers, and we think we reflected that in the Disney+/Marvel streaming episodes," Curtis said. "We think we also brought a new thread to this tale."

**Chamber Cont.....**

folks that put on the city-wide garage sales in the spring and fall. However, feel free to call us with any question you might have. And believe me, we get a lot of calls I never would have suspected a Chamber of Commerce would receive!

Here's a note to our Chamber Members and anyone and everyone looking for employment; The Chamber of Commerce continues to receive calls... people come in...and email us about jobs that might be available in and around Clinton.

When we see our Chamber Members post information about job openings, we do share that to our Facebook page. However, we're pretty sure we don't catch all of those job opening posts.

Please remember that YOUR Chamber is here for YOU. If you (a Clinton Chamber of Commerce Member) have any job openings that you are posting or if you want us to post it for you on our page, just let us know. Let us help you find employees!

Send your job openings to: [david@clintonmo.com](mailto:david@clintonmo.com) or [joyce@clintonmo.com](mailto:joyce@clintonmo.com). If you are not a Chamber member, we can still post your openings on our Facebook page for \$25.00. If you have any questions at all, email us or call 660-885-8166.

You can be 'Featured', BUT YOU DON'T HAVE TO BE IN FRONT OF THE CAMERA. READ MORE HERE:

You want your business to be featured but you don't want to be recorded. We can do that with pictures and a story.

The day after Labor Day last year, the Clinton Chamber began our 'Featured with David Lee' program. If you are a Chamber member, you could be 'Featured'.

We recorded more than 50 videos in the fourth quarter of 2021 and filled the Chamber's Facebook page with those videos of our Chamber members. The videos featured business owners, managers and others getting the message out to the public.

The Facebook posts featured the interview and photos of area businesses. Once a week for a month, the 'Feature' was brought back to the top of our Facebook page. After a month, of course it will still be on our Facebook page.

HOWEVER, we realize not everyone is comfortable in front of a camera being interviewed. So, David can come to your business, take some pictures and you can tell him what you would like the Chamber to say about your business and we'll include that info along with the photos.

We will post these photos along with your information on the Chamber's Facebook page and update it on our page once a week for a month.

So contact us at 660-885-8166 or email [david@clintonmo.com](mailto:david@clintonmo.com).

We are also still recording the videos as well if you would like to do that.

It's just another service of your Clinton Chamber of Commerce.

We have several committees here at the Clinton Chamber and volunteers are always welcomed. Our committees include Academic Excellence, Agriculture, Ambassadors, Military Affairs, Olde Glory Days and Tourism. If you would like to get involved in helping to move Clinton forward, just call, email, stop by or if you see me out and about...let's visit!

Is it time to become a member of the Greater Clinton-Area Chamber of Commerce for 2022? Well, of course it is! Businesses, couples, individuals, ANY-ONE can be a member of the Chamber. Call us at the Depot or email and we will tell you what you get and more just for belonging to the Clinton Chamber of Commerce.

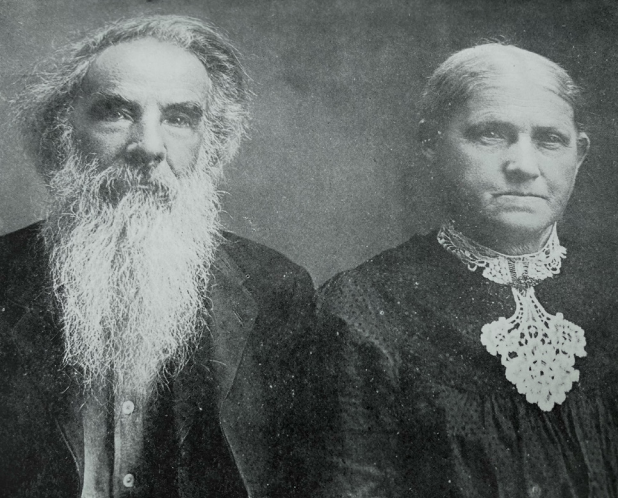

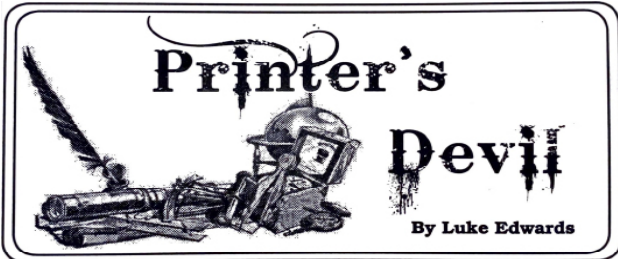

The State of MO and the Clinton Chamber of Commerce are working to get jobs filled. If you are looking for a job or if you are looking for employees, we are here to help:

IF YOU ARE AN EMPLOYER OR A JOB SEEKER we want to remind you of Missouri Job Center resources supported by your tax dollars. There are two great locations at 515 S. Kentucky Ave, Sedalia P.660-530-5627 and 621 E. Highland Ave, Nevada P.417-448-1177. We offer an amazing website <https://jobs.mo.gov/> that can be conveniently utilized from your personal computer. A chat feature has recently been added to assist with questions. You may also call during business hours and receive one on one services over the phone. Job Centers are eager to assist employers and job seekers in your community.

Don't forget, if you're a business owner and belong to the Chamber, be sure to update those Facebook pages so we can share your information on the Chamber's Facebook page. Be sure to like us on Facebook: Greater Clinton Area Chamber of Commerce or check out [www.clintonmo.com](http://www.clintonmo.com).

We are writing a lot of checks to Chamber member businesses as they either bring in or mail to us gift certificates they have received. Joyce and I are also going to businesses to complete this process as well. People buy these to give to friends, family, co-workers, employee of the month, as a thank you and so many other reasons. Call 660-885-8166 and order your gift certificates. They will be ready when you get here.

We get about three or four inquires each week from the public about places to rent in Clinton. We do have a list of landlords we give to them or email. If you have houses or apartments to rent, make sure the Chamber knows about it so you will be on the list.

ANDREW MCQUEEN AND HIS WIFE.

**CIVIL WAR PRISONERS AND ANDREW MCQUEEN OF LEESVILLE**

At various points in the Civil War, over 400,000 soldiers were held prisoner. Union and Confederate prison camps were uniformly undesirable, although some had worse reputations than others: Andersonville, for instance, is largely considered the worst of all Civil War prison camps. Somewhat different in their design, many southern prison camps were "open air" stockades; the conditions at Andersonville (an "open air" example) contributed to the disease and discomfort. Clean water and food supplies were rarely present, and the crowded conditions, without the benefit of sanitary practices, spread a lot of misery and death. By the end of the Civil War some 56,000 prisoners had perished (both sides); Andersonville, by August of 1864, held over 30,000 prisoners.

Usually, however, old buildings were modified to house prisoners, and, in a few cases, islands were

converted for the purpose of holding captives – such is the case with Belle Isle. Henry County pioneer Andrew McQueen (Leesville Township) was held at two Confederate prison camps: Libby Prison and Belle Isle. Andrew McQueen, though perhaps fortunate he was not at Andersonville, still underwent considerable suffering.

He had enlisted in September of 1862 with the 110th Ohio Infantry (Company K). The Ohio Infantry ended up in Virginia at the crossroads town of Winchester in June of 1863.

Winchester, which Stonewall Jackson had already secured in May of 1862 by besting Union General Nathaniel Banks, was still a prime piece of real estate and part of Robert E. Lee's overall plan to take the fight to the North (Pennsylvania, Maryland, etc.). In May of 1862 Stonewall Jackson had been able to kill a third of the Union men present there, take 100 cattle, about 15,000 pounds of bacon, and somewhere upwards of a half million rounds of ammunition; the

town was firmly in Confederate hands.

By June of 1863 Stonewall Jackson was dead, and the Confederates faced a new Union Commander at Winchester. But the new Union Commander (Major General Robert Milroy) had very little to show against southern forces there, either. Major General Milroy found himself cut off, surrounded, and outnumbered. In an effort to sneak out of the predicament he found himself in, he ordered his men to leave anything that made noise behind (wagons, cannons, etc.) and at 1:00 a.m. in the morning proceeded to leave the fort. Confederates under "Alleghany" Johnson anticipated his movements and left even earlier to cut him off: the result was a confused early morning skirmish where Milroy placed the 110th (and the 122nd and 123rd) in harm's way to try to break out of the Confederate hold. It was unsuccessful – Milroy and many of the Union troops escaped and fought on towards Harper's Ferry (Milroy yelling: "Men! Save yourselves!"). The Confederates only lost about 300 men and were able to inflict nearly 4,000 casualties on the Union forces. They also took 4,400 men prisoner and Andrew McQueen was one of them.

Libby Prison, where McQueen was initially taken, was in Richmond. It had originally been a warehouse and through some of the barred windows the tents on Bell Isle could be seen. It is where McQueen would eventually end up. The treatment was harsh. He lost 40 pounds in 40 days. One Confederate officer had a habit of cursing at the prisoners and beating them for no reason and one Irish prisoner with McQueen eventually knocked the officer senseless for his

brutalities; the other prisoners did not give up the name of the Irishman that retaliated and as a result all lost food and water rations for two more days.

Prisoner exchanges were common, and McQueen was exchanged in August (1863) and returned to his regiment – he was soon sent home. In early Spring of 1864, he married his sweetheart and then re-enlisted into the 157th Ohio Infantry for 100 more days. There was a third battle for Winchester (McQueen was not a part of) – this time, General Sheridan of the Union Army soundly defeated Lt. General Jubal Early, who had been a part of the victorious forces the previous year at the same spot.

McQueen suffered from health problems the rest of his life because of his experience in the war but was able to eventually settle down. Initially, he purchased 80 acres in Indiana but left because of the poor condition of the land (and his health) after four years. In 1869 he came to the Leesville Township and purchased 200 acres (for \$13 an acre), bought a team of horses, some livestock, and tools. The first few years for him "were lean years." To get settled, he cut logs, trimmed and finished them, and built his first home – a two-room log cabin. However, by 1885 he was prosperous enough to possess 700 acres and was able to build a framed house. He and his wife (Sarah) had several children and Andrew served as the Justice of the Peace for Leesville Township for 20 years and taught school.

McQueen used his home as a meeting place for the Dan McCook Post #312 of the Grand Army of the Republic and continued to do so until there were no longer any Veterans of the war to meet there.
