JAMES WHITE

For Missouri State Rep. 57th District

WHAT I BELIEVE:

I'm a 5th generation Missourian who believes in the United States Constitution and common sense Midwestern values. Over the years, I've watched our government chip away at the very freedom our country was founded on. Ever expanding regulations and red tape strangle small business and cost Missourians jobs and dreams. During the recent pandemic we all witnessed that "We The People" have very little control over our daily lives as government bureaucrats locked us down and closed our small businesses. "We The People" don't work for our politicians, they work for us. I'm pro-life, pro 2nd Amendment, and believe that our schools need every tool possible to educate our students. I believe in life, liberty and the pursuit of happiness without harassment from our government. Freedom is about living free, not by ever-changing government rules. With your support, I pledge to be a new voice for you and not just another career politician.
