## MO Legislature Attempts To Mandate 5-Day School Week

By  
Anita Campbell

Reporter

Five years ago the Warsaw R-9 School District switched to a four-day week schedule. At the time, the Warsaw School Board cited that the four-day week would help them to attract and retain teachers. Another reason for the four-day week was the savings in transportation.

But, one Missouri senator is proposing that it is time for all schools to return to a five-day school week.

St. Louis County Senator Doug Beck recently proposed the legislation.

According to the Missouri Department of Education, "The 4-day school week law was enacted in 2009, at a time post-recession when schools were looking at all available cost-saving opportunities. Now, 4-day school weeks are more typically being put into place as a teacher recruitment and retention

tool, as states across the country face unprecedented workforce challenges.

"Our department is in the early stages of studying how 4-day school weeks impact student learning.

In the meantime, we encourage school districts to be thoughtful in how they continue to serve students and families on that fifth day of the week, knowing the importance of high-quality

instructional time for students," the department stated on their website.

According to Warsaw R-9 Superintendent Scott Gemes, the decision on the four day school week is up

to local school board.

"The selling point of the four-day school week was to help the district attract qualified teachers to the district," said Gemes. "For

### Lincoln Approves Penalty Fee For Tampering With Water Meters

Under new business Monday eve, Lincoln Aldermen approved a \$100 penalty fee for anyone who tampers with a water meter or equipment in the city, relating to "unauthorized customer manipulation of water meters." Aldermen asked City Clerk Sabrina Brown if there were occasions when customers failed to pay their water bills and thereafter had their meters closed. She replied "yes." Mayor Glen Nelson added that it's relatively easy for a customer with a meter which has been shut off to illegally turn it back on.

The meeting opened at 6:00 PM on Monday, February 13, with Aldermen Jack Lietzke, Barbara Hammond, Phil Fisher, Janice Swearingin present. Mayor Nelson presided; Clerk Brown recorded. First action by the group was to approve minutes of the January meeting

The West Central Association of REALTORS (WCAR) has a \$5,000 grant from the National Association of Realtors to use for a Placemaking project in Warsaw. The project will be considered next week for approval by the City. If approved, the project will be called Light Plant Park and will be on a

triangle of land within local walking trails.

"We want to put in some benches, and are looking at some free libraries, a pet waste container and just whatever the city needs," said Monica Thacker, Association Executive for WCAR. "This park will offer a place to rest while walking or riding bikes through the trails. The grant was approved for this project last August and we are working with the City of Warsaw to see what part they want WCAR to play in

our partnership."

Placemaking grants are available to state and local REALTOR Associations to help fund lighter, quicker, cheaper placemaking projects in their communities. These projects can be built in under one year. They can be used to create community gathering places, attract residents and visitors, bring life to downtowns, support walkable communities, and preserve open and green spaces. The site used for a

## Benton County Celebrates Chiefs Super Bowl Win

Andy Reid, Patrick Mahomes, Chris Jones and the Kansas City Chiefs appeared in their third championship game and secured their second Lombardi Trophy in the last four years on Sunday when they defeated the Philadelphia Eagles in an instant classic, 38-35 in Super Bowl LVII at State Farm Stadium in Glendale,

Arizona.

Though the game was played on the west coast, amped up parties and voluminous roars across Benton County may have been heard on the Chiefs sideline halfway across the country.

The Super Bowl and it's parties are, for all essential purposes, another non-traditional "holiday" on the calendar. And like Easter, the Fourth of July, Thanksgiving or Christmas, much planning goes into get-togethers with hosts

- ½ cup cocoa powder
- ¾ cup sugar
- ½ cup water
- 1 Tablespoon butter, I use unsalted butter and add a pinch of salt. If using salted, just omit the salt
- ¼ teaspoon vanilla extract

I'm still thinking about chocolate even after gorging on Valentine's Day. So, one of my favorite and quick recipes for a chocolate fix is this quick hot fudge sauce.

Use a heavy saucepan, add the cocoa, sugar, mix, add water and stir until smooth. Place over medium heat-high heat and bring to boil, stirring constantly. Remove from heat, stir in vanilla and butter, continue stirring until butter is melted. Use while still warm. It makes about one cup.

the most part the districts that switched to the four-day week did not go back to five days after the switch."

"It is too late to change to a five-day week this year because school districts are already planning their calendars for next year," said Gemes. "No one seemed to care when it was just smaller districts going to the four-day week but now that some of the larger school districts are making the move, the legislature has begun to take notice."

The Independence School District recently voted to go to the four-day schedule for the 2023-2024 school year.

Missouri State Senator Beck of St. Louis County was the lawmaker who proposed adding a mandatory five-day school week amendment into Senate Bill 4 or the 'Parents Bill of Rights.' The amendment did not go in the bill, so the Independence School District can continue with their planned four-day school week, which would begin next year.

"This goes completely against local control," Cole Camp Superintendent Steve Hubbard said of the lawmaker's idea. "Every school district has a dually elected school board that makes these decisions. This is quite a bit of overreach by the state legislature to come in and take away that control from local school boards."

According to the Missouri Department of Elementary and Secondary Education, the state has 144 school districts operating four days a week this academic year, instead of the traditional five-day school week. The shortened learning weeks are used by many rural districts as a teacher recruitment tool.

In the era of workforce shortages, larger districts are catching on — potentially leading to teacher recruitment problems for rural districts. Independence is shifting to a four-day school week. St. Joseph is considering whether to do the same.

During last week's Missouri Board of Education meeting, President Charlie Shields said he has heard a lot of discussion in the Capitol over the past week about the four-day school week movement.

"I think, rightfully so, there's a lot of concern. Is that the right thing for students and is there any data that shows that moves us in the direction of greater student achievement," Shields asked. "I think at this point, there is not that data out there but districts continue to move in that direction."

The schools with shortened weeks must still fulfill the same number of hours of instruction as schools running five days a week.

Shields, who is a former Missouri Senate President Pro Tem, said the intent of allowing districts to make the switch to four days a week has changed.

"Way back when the school districts were facing a transportation crisis, we were not fully funding the transportation, categorical fuel costs were increasing and the legislature's response was to move to allow districts to move to a four-day school week, primarily focused on those districts that had really large transportation costs. The idea was that they could do

that to solve some of their financial difficulty around transportation. And now, what we're hearing is that districts are doing that as a teacher and staff recruitment issue. It was done to solve the transportation crisis. It was never envisioned as a teacher recruitment and retention issue," he said.

In the current state budget year, Missouri fully funded the formula used to bankroll K-12 public education to the tune of \$3.56 billion. It fully funded its share of school bus transportation costs by providing a total of \$328 million to schools. The state also offered grants this budget cycle to help schools boost teacher pay for new educators and experienced ones.

Legislative bills have been filed this session to increase Missouri's minimum teacher pay to \$38,000 annually over a three-year period. The minimum salary for a teacher with a master's degree and at least ten years of teacher experience in public schools would increase from \$33,000 to \$46,000.

Another bill would provide a student loan forgiveness program for students who become teachers in public schools with high needs.

Missouri has about 550 school districts and charter schools.

Missouri Commissioner of Education Margie Vandeven told the state board Tuesday that it gives her "great pause" to see the number of districts switching to a four-day school week as a strategy to improve teacher recruitment and retention.

"Eventually, if we are a state full of four-day weeks it will no longer be a teacher recruitment and retention strategy and we will have a number of schools operating on a four-day week, which is not typical for the workforce that they are preparing to enter," she said.

Early in the meeting, as part of a legislative update, Vandeven and two members of the state Board of Education questioned the academic impact of the truncated schedule now adopted by 145 — roughly 27% — of districts in Missouri.

Although the four-day week schedule will continue for some schools for the 2023-24 school year, the legislature may bring this up again in future legislation.

Different communities served by WCAR are surveyed and are partnered with to provide growth management. surrounded by family and friends.

"We had around 40 friends and family over to watch the game," said Justine Howell, who hosted one party with her husband, Dustin. "We had a full spread of food; pulled pork, wings, dips, desserts..."

With the focus primarily on the big game, the food comes in at a close second.

"We have a group of great friends who come over to watch the game, and our guest list is growing," Jeri Cain said, who hosted a party at her home with husband, Corbin. "This year, we had chili, meatballs, cheese dip, several other dips, a lot of other snack foods and special Chiefs cookies."

Brent and Jackie Whitaker, who are also annual hosts, served up a similar menu.

"We hosted almost 60 people," Brent Whitaker said. "I smoked pork butts and everyone brought all the good stuff to go along with it."

The game, itself, was the obvious highlight of the evening and, much to the delight of the Chiefs crowd at all three parties.

"My favorite part of the game was when Travis Kelce scored his touchdown on the Chiefs first drive of the game, and his dance in the endzone," said 8-year old Kylee Ferguson, who was at the Howell party.

"Besides the win, probably the loudest we got was when Nick Bolton scooped and scored a touchdown for the Chiefs defense," Whitaker said. "Of course, he's a Mizzou guy, so I kind of initiated that."

Over at the Cain party, the Bolton play was also celebrated, but not as much as the touchdown by Kadarius Toney that gave the Chiefs their first lead of the second half and the Skyy Moore touchdown reception that stretched the lead to 8 just a possession later.

"Those touchdowns just gave you the feeling that they (the Chiefs) were going to win," said Cain. "You could just see it in Mahomes' eyes."

Being with special friends, family and other fans made the night for most party-goers.

Andrea Ferguson, who was also at the Howell party, said, "I loved getting to share this experience with my girls. They enjoyed (and understood) this one more than the 2020 win."

Her other daughter, 14-year old Hailey, agreed, "I loved all of us getting together to support the team and the game we love."

"We had a lot of fun with the teenagers and the little kids," Howell added. "We were playing music to get the kids hyped, and when the kick went through the

uprights to put us (the Chiefs) up by 3, everyone went nuts! We had to settle them down for the last 8 seconds of the game and then everyone lost their minds!"

Cain's husband, Corbin, said, "We're getting spoiled with the Chiefs and Super Bowl parties... but I hope it never ends! Three times in four years kind of makes it a tradition now!"

Ferguson's youngest daughter, 6-year old Avery, enjoyed the game, but wasn't near as tuned in or nervous as her mother. She simply said, "I told you the Chiefs were going to win the Super Bowl!"

You were right, Avery. To the delight of all of Red Kingdom, you were right.

and the evening's agenda, then agree to pay bills presented. A citizen asked if there was anyone local, preparing grant applications for senior housing. Mayor Nelson responded there are no longer many builders in Benton County.

County Economic Development Director JoAnn Lane informed the group there will be a February 22 Economic Development Meeting held in Lincoln, and a September 19-21 Connecting Entrepreneurial Committee conference scheduled for Benton County. The CEC conference Pre-Event will be held at the Drenon Ranch Arena in Lincoln on Tuesday evening, September 19. The main conference will kick off on Wednesday, September 20 in Cole Camp with lunch and a keynote speaker before breaking into sessions. The evening networking event will be in Warsaw. The breakfast, day two sessions, and closing keynote of the conference will be held in Warsaw. She added the CEC conference will be a non-traditional event where some sessions are hosted by local entrepreneurs in their business establishments.

Under old business, Mayor Nelson said there was much confusion over a proposed marijuana sales tax; he recommended the group delay action on it, pending receipt of more information. He added that a proposed water/sewer line extension project was not as far along as he had hoped, and initial anticipated costs may be more than expected. He recommended the group look into financing options. Then Mayor Nelson commented on the city's dangerous buildings/nuisance ordinance. He said the city has politely warned several places which violated that ordinance, but was met with no appropriate response. He added it was now time to send complaint letters to those places.

Under departmental reports, Police Chief Jason Wenberg reported that two applicants for police officer

positions have backed out, and that his department had experienced a slow month. Public Works Director Josh Cole said his employees had installed a number of meters; and the department has gotten the "ball rolling" on northside projects. He added his employees had been recycling some scrap metal, but have not gotten started on the proposed Municipal Airport project. City Clerk Brown reported that auditors will arrive in the city next month.

Alderman Sweargin

asked the group to allow volunteers from her church to plant potted flowers on Main Street, and was approved to do so. The meeting closed about 6:35 PM. These sessions are usually held on 2nd Monday eves; visitors are welcome.

## Cardinals' Strong Second Half Just Too Much For Windsor

**THE CARDINALS** Connor Lynde scored two of his 22 points on this easy layup on Senior Night last Tuesday. Lincoln beat Windsor, 72-36 to move to 23-0 on the season.

By  
*Johnie Logue*  
Sports  
Reporter

With the 2022-23 Lincoln Cardinals, it is always the calm before the storm. Most teams can play with them for the first half, then in the third quarter, Lincoln turns into a defensive machine holding teams under ten points and usually just 4-5.

Lincoln took matters in hand in the second half and disposed of a pesky Windsor squad, 72-46 last Tuesday as part of Senior Night festivities, honoring the Class of 2023. Windsor came in at 6-14 and didn't seem to care that the Cardinals were 22-0.

Windsor hit some shots and played a tight zone that forced Lincoln to shoot from the outside. Lincoln can usually make a few but their bread and butter is driving to the paint.

It was a five-point game at 35-30 at halftime.

Lincoln senior Bryce Koll said, "Coach said if we wanted a close game then we can keep playing like we are playing but if we want to

win by 20, then we need to drive the paint."

Guess what? They drove the paint. Coach Burke commented, "First it was Kyle (Eckhoff) then it was Connor (Lynde) then it was Mack (Hesse)."

Koll commented, "It took us awhile to find our groove. It was a physical game and the referees let us play."

With two of the best football teams in the extremely tough Kaysinger Conference over the past five years and with the court full of football players, it was no surprise that the game would be physical.

It was 52-35 after three as Lincoln's third quarter onslaught defense held Windsor to just five points. The Cardinals were 16-20 at the free throw line. Freshman Riley Sanders went 4-4 from the line in the fourth quarter.

It was Senior Night and the six seniors; Lynde, Eckhoff, Hesse, Koll, Kaleb Mundy, and Ross Johnson stood tall. They moved to 23-0, tying the girls program for most wins to start a season.

**LINCOLN (72):** Lynde 22, Mundy 7, Eckhoff 15, Koll 2, Hesse 16, Johnson 4,

Sanders 4.

**WINDSOR (46):** Mickle 4, Cooley 2, Burglary 3, Witherspoon 9, Paxton 14, Craig 2, Richey 11.

## Lincoln Wrangles Mustangs To Stay Undeclared

By  
*Johnie Logue, Sports*

The dream season continued for the Lincoln Cardinals as they defeated Northwest, 54-44 on the road last Friday.

The third ranked team in Class 2 Cardinals led by as many as 13 points but couldn't put Northwest away. The Mustangs, the eighth ranked team in Class 1, hung around by making some tough, well-defended shots and controlling the offensive boards.

Cardinals coach Tyler Burke commented, "We couldn't pull away from them because they made a lot of tough shots and they rarely turned the ball over. We felt like we had the game under control. Our kids have been in that spot."

Northwest played a triangle-and-two as well as man-to-man as they switched throughout the game at various times and situations.

Coach Burke countered, "I don't think it (their zone) bothered us at all. It slowed the game down.

Kaleb (Mundy) and Kyle (Eckhoff) had most of their points as a result of the triangle-and-two. It allowed Mack (Hesse) to get great positioning."

Speaking of Mundy, he hit five threes, four in a row in a shooting exhibition that electrified the Lincoln fans.

Hesse, in the meantime, attacked the basket and all Northwest seemingly could do was to put him on the line. The senior made 10-11 at the charity stripe in his 22 point night.

Northwest grabbed nine offensive rebounds just in the first quarter giving them several more opportunities to score. It was 14-8 after one and 27-19 at halftime with the Cardinals on top.

Coach Burke said, "Their offensive rebounds came a little bit from the tight flex offense they were running. All five defenders were buried under the basket. The rest was just effort. They are a good rebounding team."

Senior Night seems to bring out the best in some teams.

Coach Burke commented, "We played well in all the right spots. Not easy to beat a good team like that on their home court for Senior Night. Proud of our kids. Kaleb (Mundy) and Mack (Hesse) had big games. Kyle (Eckhoff) hit big shots in big spots. Great team win."

The victory extended their record to 24-0 which is, unofficially, a school record to start a season. The girls had a previous high of 23-0. The Cardinals have two more games remaining on their schedule for the regular season.

Lincoln is the number one seed in the upcoming district tournament to be played at Lincoln. Lincoln drew a bye in the first round and will play the winner of Concordia and Green Ridge. If victorious, they will move on to face probably either two seed Tipton or three seed Sacred Heart. They have beaten both twice and the old adage about the difficulty of beating a good team three times could come into play.

Asked about hosting the tournament, Coach Burke commented, "We put in to host the tournament before the season started. Hosting the tournament is a lot of

work but we are glad to have it here."

## Lincoln Girls Struggle In Loss To Windsor

**LINCOLN'S** Alyssa Mellen stole the ball and headed for a layup on the other end of the floor. She had 14 of her team's 25 points in the loss to Windsor on Tuesday night at home on Senior Night in Lincoln.

It was a full night if basketball last Tuesday at Lincoln High School. Senior Night brought out a good crowd. The JV boys won and so did the undefeated boys varsity.

However, for the girls it was the nightmare on Lamine St. Coming off their biggest win of the season with a 13 point come from behind consolation victory over Cole Camp in the Kaysinger Conference tournament, they were the favorite at home against a 4-18 Windsor squad.

As one might say, no such luck, as Windsor won 38-25 in a game that sent first year Lincoln Coach Brett Bryant off scratching his head.

"We had no energy. To their credit, Windsor hit some shots," Coach Bryant said.

As unorthodox as a few were, yes, Windsor made their shots and put Lincoln in a hole early on. It was 12-5 after one and 22-12 after two.

The nightmare continued as the girls scored just two points in the third as it was 35-14.

Coach Bryant commented, "I didn't say much at halftime. I told them to figure it out."

He added, "Our girls need to live in the gym and

overcome our flaws."

The silver lining is that even the best teams sometimes come out flat after a big win and if it is going to happen then it is better now than in the district playoffs in two weeks.

**LINCOLN (25):** Mellen 14, Manning 3, Eifert 2, Bartley 4.

**WINDSOR (38):** Barber 3, Bestworth 3, Arnold 6, Scott 11, A. Buckhalter 6, K. Buckhalter 8.

## Bluebirds Win In Harrison's Return To The Floor

By Johnie Logue, Sports

Cole Camp fans who have been waiting for Reid Harrison to regain his form from his off-season injury will have to wait no more. The slick junior had 22 points in Cole Camp's surprisingly wide margin of victory over Northwest, 66-47 on the road last Tuesday night.

Northwest, being a hard place to play, couldn't handle Cole Camp's press and fell apart in the second frame. It was 18-13 after one with Northwest ahead but things turned as the Bluebirds went to work for a 34-25 halftime lead.

Coach Shearer commented, "We pressed them and jumped them. (Ethan) Shearer played well and things went well for us."

Cole Camp shot 57 percent from the floor to Northwest's 35 percent and the Bluebirds outscored the host team in the paint, 30-20.

A surprising stat was that neither of Cole Camp's centers Michael Wissman or Preston Oelrich scored.

However, Gentry Dieckman, the Bluebirds' 6'6" springboard forward, also had 22 points and was 8-12 from the line.

Harrison had 22, Dieckman 22 and the rest of the team had team 22 for their 66 point total.

It was 55-36 after three. It was Northwest's third loss in a row after losing to Tipton and Sacred Heart in the Kaysinger Conference tournament last week.

Cole Camp, with Harrison intact, will be an even more dangerous team come district tournament time. They are now 16-6.

**COLE CAMP (66):** Dieckman 22, Harrison 22, Shearer 5, Howard 7, Bright 2, Ives 6, Strathman 2.

**NORTHWEST (47):** Million 9, Caron 7, Tichenor 15, Boss 7, Nietus 7, Crooker 2.

Warsaw trailed 29-17 at the end of the first period and fell behind 53-30 at the half.

A 27-13 margin for Versailles led to an 80-43 deficit after three quarters were in the books and, with the clock running for the entire fourth frame, Versailles rode home with the 86-49 win.

Logan Gemes tallied 12 points in the loss and was the only Wildcat in double figures.

**WARSAW (49):** C. Seevers, 2; G. Ferguson, 2; L. Henderson, 2; J. Bunch, 6; K. Stevenson, 1; S. Poyser, 2; J. Depriest, 4; B. Slavens, 0; T. Boyer, 7; G. Montez, 8; L. Gemes, 12; N. Siebert, 3; R. Fajen, 0; C. Thornburg, 0.

The Butler Bears presented a matchup nightmare in guard Carter Trumbore as he accounted for 31, more than half of the offense in Butler's 57-38 win over the Wildcats at home on Friday night.

Trumbore tallied 16 in the first quarter, leading the Bears to a 26-17 lead and Warsaw fell behind 36-21 at halftime.

The Wildcats offense, or lack thereof in the second half allowed Butler to steal a win in front of a good homecoming crowd, 57-38.

Logan Gemes led the Wildcats again with 13 points.

**WARSAW (38):** C. Seevers, 0; G. Ferguson, 2; L. Henderson, 3; J. Bunch, 6; K. Stevenson, 2; S. Poyser, 2; J. Depriest, 4; B. Slavens, 0; T. Boyer, 2; G. Montez, 2; L. Gemes, 13; N. Siebert, 3; R. Fajen, 0; C. Thornburg, 0.

On Monday night, the Wildcats picked up a game at Aurora and played, perhaps, their most competitive game of the season against a larger opponent, but still came up just short in a 63-60 loss.

Warsaw trailed just 17-16 after one and 32-28 at the halftime break.

A 16-10 advantage for the 'Dawgs stretched their lead to 48-38 at the end of the third but the Wildcats fought and clawed in the fourth, and used a 22-16 advantage to come up just shy of pulling off their second victory of the season, falling 63-60.

Logan Gemes paced the Wildcats with 16 points while Jayce Depriest and George Montez followed closely behind with 15 and 13, respectively.

## Shorthanded Ladycats Drop Two On Week

By Adam Howe, Sports

It was another long week for the Ladycats after they suffered two more losses to fall to just 5-20 on the 2022-23 season.

Due to injuries, some short-term and others season long, and other illnesses, the Ladycats have seemingly had to piece together lineups for the last few weeks.

On Wednesday night, the Ladycats played host to the Versailles Lady Tigers and, after trailing just 12-10 at the end of the first, surrendered a 23-15 margin in the second to trail 35-25 at the break.

An 18-6 margin for the visitors stretched their lead to 53-31 and an 11-6 advantage for the Ladycats

in the fourth was too little too late as they dropped yet another one, 57-41.

Tanna Howe was the lone Ladycat in double figures with 12.

**WARSAW (41):** K. Mostaffa, 5; H. Ferguson, 5; A. Laue, 9; R. Henderson, 5; J. Bilderback, 0; T. Howe, 12; L. Arnett, 5.

**VERSAILLES (57):** J. Lutjen, 1; A. Jones, 3; B. Anderson, 5; Ki. O'Rourke, 22; K. Bullock, 4; A. Davidson, 0; K. Richey, 18; S. Bland, 2; Ko. O'Rourke, 2; K. Rainer, 0.

The Ladycats took on the Butler Lady Bears on Friday night as part of homecoming festivities and played a tough one but just couldn't pull it off as they yielded yet another one, 55-44.

Butler led 14-8 at the end of the opening quarter but used a 16-11 advantage in the second to pull within one, trailing 25-24 at the half.

A 12-9 margin for the Lady Bears in the third stretched their lead to 37-33 before they used an 18-11 advantage in the fourth to seal the 55-44 win.

Ashlyn Laue and Tanna Howe both accounted for 14 points for the Ladycats.

**WARSAW (44):** K. Mostaffa, 6; H. Ferguson, 3; A. Laue, 14; J. Bilderback, 0; T. Howe, 14; G. Drake, 2; L. Arnett, 5.

**BUTLER (55):** S. Shouse, 7; Z. Fritts, 17; K. Fischer, 2; H. Humphrey, 0; B. Campbell, 1; C. Cook, 11; A. Clover, 14; C. Fritts, 3; G. McCown, 0.

## Boone Will Represent Warsaw As First-ever Ladycats Wrestler To Qualify For State Tournament

**WARSAW'S** Skylon Boone punched her ticket to the MSHSAA Girls Wrestling State Tournament after pinning the returning State Finalist for a 3rd place finish at the Class 1 District 3 Tournament last weekend. Boone becomes the first female state qualifier for the Wildcats since MSHSAA sanctioned girls wrestling. Naomi Yoder (2-2), Alysia Yoder (0-2) and Brooklyn Jackman (0-2) also competed well for Warsaw this season. Unfortunately, their seasons all came to an end this as they did not advance to the final event.

## Wildcats Drop Three More, Prepare For District Play

By Adam Howe, Sports

The Wildcats fell to a lowly 1-22 after adding three more losses in the "L" column last week.

On Wednesday, Warsaw hosted future Ozark Highlands Conference foe, Versailles and suffered an 86-49 defeat at the hands of the Tigers.

The Wildcats offense, which has struggled all season long to find an identity, was no match for the well-oiled Tigers who converted in transition, knocked down jumpers and

## Fristoe NEWS

By Pat Arnett  
Contributing Reporter

Fristoe News had really good weather over this past weekend. Hopefully it continues. Anyone with a desire for gardening is getting that urge in their blood. My mother always told me that she and her sister O'thell, always made lettuce beds and put onions in the ground on Valentine's Day if weather was permitting.

I visited several friends this past week and I have several I want to put on our list of prayer requests. Steve Gemes brought me up-to-date on his mom, Easter, and sister Donna. Easter has been fighting bad health for nearly a year, first one thing and then another, and Donna had the leg removed last summer and she still has problems fighting off any kind of infection. Donna lives in Rogersville, MO. and Easter and husband Don are still in Macks Creek. But this is still quite a distance for Steve to come visit them. Please keep Easter Willis, Donna Nelson, Carolyn Colbert, Curtis Allen and Mary Scarbrough in prayer! I stopped by and visited Carolyn Colbert last week and was blessed to stop by

on the day Gladys Mae and Janie were there visiting her. They both seemed to be in decent health.

Sending a Happy Birthday shoutout to my granddaughter Laney on Thursday, February 16 as she celebrates seventeen years. Love you and Happy Birthday. Also celebrating a birthday this week is Patty Jackman Lindsey on Monday, February 20. I will also say Happy Anniversary to my husband Dean as we celebrate our anniversary next Sunday, February 19!

Fristoe News sends sympathy and prayers to Judy Mills Noland on the death of her younger brother, Dennis Mills yesterday. Dennis and Judy were raised here in Benton County and attended R-6 and Warsaw High School. Dennis has two sons. His wife, Karen passed away some years ago. Again, many prayers for Judy!

Fristoe Pentecostal Lighthouse Church had wonderful church service starting with music. Claude and The Lighthouse Singers sang "I Will Sing The Wonderous Story" and Ken Heir did a great tribute to his wife Gail for Valentines Day. Br. Smith's message was from the book of 1 Thessalonians Chapter 4, beginning at verse 13 talks about The Rapture and how it will take place and the pastor taught how we, as believers should be prepared and ready!

Thought for the week: Going to church doesn't make you a Christian

any more than going to McDonald's makes you a hamburger!  
Hope everyone reading this has a wonderful week!

## WEEK OF FEBRUARY 20 WEEKLY HOROSCOPE

**Pisces 2/19-3/20:** Zeroing in on your deepest desires and making a play for them can feel liberating and empowering as the week gets underway. You'll be reflecting on the ways your closest relationships fulfill your needs (or not) and thinking on the best, most productive ways to express your feelings. This can be a lovely time to trust your intuition, not to mention a moment that's ripe for relationship bolstering. Later, the cosmos creates confusion with a dear friend, loved one, or significant other. It'll be hard to zero in on facts, so wait until you have more clarity before jumping to any concrete conclusions.

**Aries 3/21-4/19:** You'll feel like you're on top of the world-extra creative, fired up, and ready to pitch exciting passion projects at the start of the week. Make sure to call a meeting with higher-ups to go over plans that allow you to lean into your artistic impulses. Or if you're feeling like putting work on the back burner temporarily, you might decide to enjoy a spontaneous activity with loved ones or someone special. Later, you could be compelled to brainstorm and launch a new project with a friend, colleague, or partner. Teamwork-and giving as much as you're receiving-is the key to success.

**Taurus 4/20-5/20:** As the week gets underway, you'll be focused on perfecting your daily routine. Whether that means experimenting with a new workout plan, checking out that meal delivery service, or making a point to check in more with your loved ones, you'll want to take steps and make changes that will bolster your emotional, mental, and physical well-being. Later, you might find it's hard to separate fact from fiction when it comes to emotional issues that arise with friends and loved ones. You'll do well to wait until you have more information to make any moves.

**Gemini 5/21-6/20:** Steel yourself for delays and setbacks that could feel maddening in the moment early in the week. While you'd prefer not to have to slow down, this period can present the opportunity to go back to the drawing board on everyday to-dos that were left unfinished or unresolved. You might also find you're apt to pick up a wellness routine that previously served you well. Later, the stage is set for pleasure and fun if you're willing to go with the flow. Being spontaneous with loved ones can make for sweet memories.

**Cancer 6/21-7/22:** At the beginning of the week, you might be inspired to revisit a beloved activity that landed on the back burner (think your favorite art form or playful hobby), reconnect with a former lover, or revisit your first date with your sweetheart. When it comes to the pastimes that bring you joy right now, what's old is new again and can not only have you feeling nostalgic but also offer you a new, magical perspective on relationships and pleasure. Later, the cosmos lays the groundwork for you to pursue whatever endeavors bolster a feeling of support and security. Finding more space in your schedule to connect with loved ones or redecorating a room in your home with the help of family members could prove gratifying emotionally.

**Leo 7/23-8/22:** You could find yourself compelled to reflect on your roots and elements in life that bring you a sense of security as the week starts. You might find that you're

## Have I Got A Line For You!

By James Mahlon White

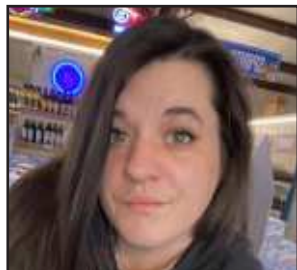

The balloon problem is... well ballooning, though the Pentagon is calling the latest an "unknown aerial object". It was shot down over the Great Lakes on Sunday. Get ready for the next WHO warning... "The Earth is being attacked by aliens" as they ramp up fear and suspend civil liberties to "keep us safe". Either China is testing our mettle or this new crisis has been manufactured to divert our attention from inflation, the migrant crisis and a laptop. If it is aliens, and they're looking for intelligent life here, it's best to keep them away from D.C.

Speaking of the Capitol, I read this morning that the Secret Service is reviewing security procedures again, after another attempt by someone to jump the White House fence. You'd think it would be more secure than our borders, but I guess not. Times have changed since the days of Andrew Jackson. The entire American public was invited to his inauguration. Most seemed to have shown up too. Security? Who needs security at a White House reception? The house was filled with revelers even before President Jackson arrived on horseback. Soon afterwards he left by a side entrance and rode over to Gadsby's Hotel in Old Town Alexandria, Virginia for the night. The crowd continued to descend into a drunken mob, only dispersed when bowls of liquor and punch were placed on the front lawn of the White House. The place was left a mess, including several thousand dollars worth of broken china. It was said that some came in, grabbed a bunch of silverware or a candlestick and walked off. These were entitlement folks. Some even carried off paintings as well. Now look what we've come to. One little fence jumper and the place goes crazy.

## WORD ON THE STREET

For Valentines Day, do you prefer flowers, chocolate or a nice night out?

Flowers and dinner. But I do love flowers.  
-Stormy Dotson

Flowers last longer.  
-Sylvia Kiser

Probably flowers.  
-Dr. Teresa Hills

Quote of the week:  
"When the people fear the government there is tyranny. When the government fears the people there is liberty."  
-Thomas Jefferson

The rain Tuesday reminded me of an old story I heard growing up about a flood in Warsaw. Before the dam, they came twice a year and hit lower Main Street. A gentleman named Ed Everett had to get on the roof of his house and was calling out into the night, "If I have any friends, let them come to me now!" Bet you've felt that way at times, too. In fact, I had that experience yesterday when a skunk took aim at Max (Schanuzer) and I while walking along the river. A perfect end to a crazy day.

Time to move onward. We all have crazy days. So let's close with:  
May the blessings of light be on you,  
light without and light within.  
And in all your comings and goings,  
may you ever have a kindly greeting  
from them you meet along the road.

Take care old buddy.

### Can you benefit from new RMD age limit?

When you're working, you may spend decades contributing to retirement accounts such as your 401(k) and IRA. Once you're retired, though, you'll likely need to begin withdrawing from these accounts to help pay for your living expenses. In fact, you'll be required to take money from them at a certain age — but that age requirement is changing, and it could lead to changes in your financial strategy.

Let's look at some background behind this development. You put in pre-tax dollars to a traditional IRA and 401(k), so your contributions can lower your taxable income and your earnings can grow on a tax-deferred basis. Eventually, though, you must take withdrawals from these accounts or face tax penalties. (A Roth IRA does not have the withdrawal requirement; you can essentially keep the money intact as long as you choose.) As part of the SECURE Act 2.0 of 2022, the age at which you must take these withdrawals — technically called required minimum distributions, or RMDs — has increased from 72 to 73. So, if you turn 72 in 2023, you now have another year before you're required to take RMDs.

The SECURE Act 2.0 also mandates that, in 2033, the RMD age will increase again — to 75 — so, depending on your current age, you may have even more time to plan for the effects of RMDs. Of course, you may need to start taking withdrawals from your retirement accounts before you reach either RMD age — 73 or 75 — so the additional time may not mean much to you. But if you can afford to wait

until you must start taking RMDs, what issues should you consider?

Perhaps the most important one is taxes. Your RMDs, which are based on your life expectancy and account balances, are considered taxable income in the year in which you accept the money. If you have sizable amounts in your traditional IRA and 401(k), these RMDs could be large enough to bump you into a higher tax bracket, leading to greater taxation of Social Security benefits and a Medicare surcharge. So, the ability to delay taking RMDs can be beneficial from a tax standpoint, at least for a time. On the other hand, by delaying RMDs, you might eventually have to take bigger taxable withdrawals from your accounts that may have larger balances because they've had more time to potentially grow.

You could address the issue of taxable withdrawals by converting your traditional IRA to a Roth IRA before

you're faced with RMDs — and now, you have more time to do so. Roth IRAs have no RMDs, and since a Roth IRA is funded with after-tax dollars, your withdrawals are tax free, provided you don't begin taking them until you're at least

59½ and you've had your account at least five years. Again, though, taxes are the issue — any pre-tax dollars you convert from a traditional IRA to a Roth IRA will be taxable in the year of the conversion. To reduce this tax hit, you could

space out the conversion over several years.

When thinking about delaying RMDs or doing a Roth IRA conversion to avoid RMDs, you'll need to consult with your tax advisor. But the new RMD age limits do give you more flexibility in these areas, so think carefully about how you might benefit from the added time.

## WARSAW CHRISTIAN CHURCH

You therefore must endure hardship as a good soldier of Jesus Christ. No one engaged in warfare entangles himself with the affairs of this life, that he may please him who enlisted him as a soldier (2 Tim. 2:3-4).

This is probably not a favorite verse. We don't like the idea of enduring hardship. We want the blessings of following Jesus. While the blessings are many, there is also hardship that comes to those who follow Jesus. Paul tells Timothy that if he wants to be a good soldier of Jesus, trials will come. He cautions Timothy not to become overly engaged in the affairs of this life. His focus must be on the Kingdom of God. Just as a soldier forsakes the affairs of this life to serve in the army, so we must not become so swallowed up in this world that we lose sight of our Leader.

Hardships may come because we follow a Commander who is not popular with many. The more serious we are about our faith the more likely we will encounter opposition and hardship. The question we must ask is this. If faith in Jesus leads to hardship, will I continue to follow Him? God wants us to count the cost. He is not looking for disciples who only want blessings. He desires followers who are willing to endure hardship.

## FROM THE PASTOR'S DESK

JOHNNIE J. LOGUE

Teach us to pray  
Someone told me recently that they pray every night at

9:20 because their mother said that was the time they were born. Then this person asked me if I had prayed today. Well, I didn't want to sound pious or do I now, but I said I prayed that morning. I prayed on my way driving to town. Hwy MM is a scary road with deer, wild drivers, wicked hills and curves. I prayed at the library, McDonalds, the post office, Walmart, in the parking lot, in the bathroom, at a friend's house over hot chocolate and on the way home. I prayed over my Bible and while I was on the phone.

I pray over just about anything I eat or drink. Not long prayers but just a giving of thanks.

I was very fortunate in that I had a friend who taught me to pray. We prayed together everywhere. In our cars, in parking lots, at work, driving, whenever and wherever.

Do I pray enough? Not hardly.

I probably know no more about prayer than I did when I was first saved. I really don't and I have read more books on prayer than on probably any other subject.

Half of the scriptures people refer to on prayer are taken out of context. We seldom know if God answered our prayer or someone else's who prayed the same thing.

Only thing I know is that I should pray with faith, and with a clean heart and not worry. Moreover, we should always pray.

Women seem to pray with a passion that men don't naturally have.

The true answer to prayer is the peace of heart regardless of the answer.

I seldom if ever pray for signs or throw out a fleece. I don't know how Biblical either one really is. Jesus condemned signs and we are never told to throw out a fleece.

Recently, I struggled with a decision that was tearing me apart. Two things happened out of the normal so I made my decision based on the circumstances which I rarely do. Yeah, I think I made the right decision.

I make bad decisions when I listen to people or when I look at things from a worldly perspective. I do listen to people, some preachers, some doctors and some Christians. I am just

careful about acting on their advice.

"I went to a men's prayer meeting at church where 50 some men would gather at seven in the morning on Sunday for prayer. Then there was Wednesday night prayer meeting. Bible college was in a constant state of prayer.

After all of these years, I feel I know less about prayer than other subjects. All I really know is to pray in faith with a clean heart.

The disciples didn't ask Jesus to teach them anything else but to teach them to pray. Not *how* to pray but simply *to* pray.

## LINCOLN FIRST BAPTIST CHURCH

Good morning everyone. We are holding steady with attendance at church. It is great to see people coming to worship the Lord in His house. Our youth group is meeting every Wednesday evening at 6 pm. I hope it will grow with young people wanting to serve the Lord. WMU meets the first Tuesday of each month at 1:30.

Our church gave a Valentine party for the people of the senior housing here in Lincoln. There were a few residents who enjoyed the afternoon. We played games, sang songs, ate good food with Bro. Jesse giving a devotional. Everyone seemed to enjoy

the afternoon.

Pastor Jesse's text was from Mark 4: 35. This passage is where Jesus calms the storm. A storm arose as Jesus and His disciples were crossing the river. Jesus was asleep in the boat and the disciples were scared. They awoke Jesus and He calmed the storm. On the other bank was a man called Legion who could not be restrained. Legion lived in anguish. Cutting and hurting himself all the time. Jesus drove the evil spirits from him and he was healed.

We all go through storms. Our children watch how we handle the weathering of the storm. With Jesus we have it all. If we serve God we may not get what we want but what we need. Jesus and the devil doesn't dwell in the same house. When saved our house is cleaned and swept. It is up to Christians to fill that hole with good things. It will either be filled with worse demons or with good. Jesus was Legion's hero. The harvest is great but few workers. Who is your greatest hero? Jesus needs to be your greatest hero.

UNTIL NEXT WEEK. COME AND JOIN US AT 9:30 FOR SUNDAY SCHOOL AND 10:30 FOR WORSHIP. THERE IS A PLACE FOR EVERYONE. GOD BLESS.

### Missouri School Kids Invited To Participate In No MOre Trash! Contest

Trash-can-decorating contest runs through March 17

The Missouri Department of Transportation invites Missouri students in grades K-8 to help fight litter in Missouri – and to have creative and educational fun – by participating in the 2023 “Yes You CAN Make

Missouri Litter-Free” trash-can-decorating contest. The contest is part of MoDOT’s annual “No MOre Trash!” statewide litter campaign, which is held in April.

The contest encourages school aged kids to join in the fight against litter by decorating a large trash can with the “No MOre Trash!” logo and a litter prevention message using a variety of creative materials. Schools, or home school programs, may submit one trash can entry in each competition category: grades K-2, 3-5 and 6-8. Entries are judged based on creativity, adherence to the contest rules and effective use of the theme and logo.

First-place winners from each competition category receive \$200 awarded to the sponsoring schools. All first-place winners are then eligible for a grand prize of \$600 and a trophy awarded to the sponsoring school.

There is no entry fee for the contest. Participating school groups must submit a completed entry form online with up to three photos and a release form by March 17. Contest rules, entry forms, release forms, logos, past winners and educational information can also be found at modot.org/trash-can-contest.

## REPRESENTATIVE JIM KALBERLOH 126TH DISTRICT

To the Constituents of the 126th District,

Trying to wrap up a busy week at the Capitol! Committee hearings are in full swing now and keeping us hopping! In my committees we heard bills in Transportation Oversight and Budget Appropriations. I also presented one of the bills I filed, HJR 17, which would freeze the assessment on personal residence for anyone over the age of 70. If passed, this would keep seniors property tax on their residence from increasing so dramatically and running some out of their lifelong residence. It would not reduce or eliminate it, but would keep it at where it is presently and those on fixed incomes would better be able to budget this expense.

I had several visitors this week from people back in the district, which is always a treat! My sister and brother-in-law, Marley and Sharon McLerran stopped by on Monday as they were passing through Jefferson City. Jim and Peggy Mackie from Hickory County stopped by Tuesday and we had a nice visit, they are great people! Wednesday, Kaitlyn Bruce, from Osceola, stopped by with State Fair Community College. She is a student in their dental hygienist course, telling me about all the great things that SFCC offers and being close to home is a nice perk! St. Clair County Sheriff Lee Hilty stopped by with the Sheriff's from Cedar and Barton counties and updated me on their offices. Wendy McGhee, Henry County Circuit Clerk, also stopped by Wednesday and filled me in on her extremely busy schedule and work load!

We passed 3 bills out of the house this week as well, as bills are now coming to the floor for the full house approval:

### Missouri House Approves Vital Public Safety Legislation (HB 301)

House Speaker Dean Plocher and the members of the Missouri House of Representatives took an important step this week to provide assistance to areas of the state plagued by violent crime. The House approved HB 301 by a vote of 109-35. It was during his Opening Day Address that Speaker Plocher told his colleagues they “cannot be bystanders as unchecked crime causes the systematic destruction of our proud state.” He called on House

members to make it a priority to enact common sense reforms and provide the resources necessary to protect every Missouri community. Plocher said HB 301 represents a good faith effort by the legislature to provide assistance to areas of the state such as St. Louis where violent crime has run rampant.

HB 301 is a wide-ranging public safety bill that includes a key provision that would allow the governor to appoint a special prosecutor in areas of the state with an excessive homicide rate. The bill specifies the governor would be empowered to appoint a prosecutor in any circuit or prosecuting attorney’s jurisdiction that has a homicide rate in excess of 35 cases per 100,000 people and where the governor determines there is a threat to public safety and health. The special prosecutor would be appointed for a period of up to five years.

The sponsor of HB 301, who previously served as director of the Missouri Department of Public Safety, said it’s important that the state act to help with the problem of violent crime in St. Louis or in any part of the state.

HB 301 also contains several other provisions designed to improve public safety in Missouri. The bill would establish the Peace Officer Basic Training Tuition Reimbursement Program to help address the shortage of police officers in some parts of the state. The bill would also ensure the Department of Corrections to implement a policy to help offenders apply for Medicaid and obtain vital documents such as a birth certificate or Social Security card. Additionally, the legislation establishes factors for a judge or judicial officer to consider when setting bail, includes protections for a judicial officer’s personal information, and creates Blair’s Law.

### House Approves Bill to Allow Direct Access to Physical Therapy (HBs 115 & 99)

Lawmakers gave strong bipartisan approval this week to legislation that would allow patients to have direct access to physical therapy. The Missouri House approved HBs 115 & 99 by a vote of 147-1.

The sponsor of the bill noted that 47 states currently allow some form of direct access to physical therapy. She pointed out that studies show patients with direct access have fewer visits and less overall cost. “Direct access is about individual choice in health care decisions through the elimination of unnecessary and burdensome regulations,” said the bill’s sponsor. She added, “Allowing individuals to make their own decisions regarding their own health care is really great policy, and eliminating the referral requirements is one step to making health care more accessible to all people.”

Under HBs 115 & 99 a physical therapist would no

longer need a prescription or referral from a doctor in order to evaluate and initiate treatment on a patient. To qualify, the physical therapist would need a Doctorate of Physical Therapy Degree or five years of clinical practice as a physical therapist.

The bill also states the physical therapist must refer to an approved health care provider any patient whose condition is beyond the physical therapist’s scope of practice, or any patient who does not demonstrate measurable or functional improvement after 10 visits or 30 days, whichever occurs first.

### Missouri House Approves Supplemental Budget Bill (HB 14)

This week the members of the Missouri House approved a supplemental spending bill that will allocate additional funds for the current state operating budget. The House gave initial approval to the bill by a vote of 148-2.

In total, the bill allocates more than \$627 million in funding. Some of the highlights of the supplementing spending plan include:

- 8.7% pay increase for state workers
- Does not include general assembly and statewide elected officials
- Additional \$2 an hour shift differential for night shift direct care workforce (prisons, hospitals, other care facilities)
- \$286.5 million in spending authority for the State Emergency Management Agency.
- \$628,750 appropriation to the Department of Agriculture to help address the growing black vulture problem impacting livestock owners statewide.
- \$20 million to establish school safety programs, including physical security upgrades and associated technology, bleeding control kits, and automatic external defibrillators.

I am honored to serve as your Representative in the Missouri House. If at any time, you have questions, concerns or ideas regarding state government, please feel free to contact me at 573-751-5388 or Jim.Kalberloh@house.mo.gov.

representatives, it is now more important than ever for the people to advocate to protect the right to life at the state level," said Susan Klein, Executive Director, Missouri Right to Life.

"In addition, the latest statistics indicate that chemical abortions account for more than 53% of abortions in America," said Klein. "With the abortion industry actively promoting the online sale and shipping of foreign abortion pills from remote prescribers in other states or countries, it is vital that we take action to protect women and their unborn babies from these dangerous drugs," she said.

This year, Missouri Right to Life is championing more than a dozen areas of priority legislation, including:

A statutory ban on the public funding of abortion

A ban on public funding of travel for abortions

A ban on referral for abortions on publicly-funded university campuses

The protection of women and unborn babies in Missouri from abortion drugs being shipped into the state

Legislation making adoption more available and affordable; and

A statutory ban on the public funding of unethical research in Missouri

### MDC Offers Free Class Feb. 25 On Designing A Native Plant Landscape Garden

Learn about what species grow well and their care and maintenance

Having a good planting plan can help gardeners develop a native plant garden that meets their goals. The Missouri Department of Conservation (MDC) will offer a free virtual DIY Native Landscape Design class from 10 to 11 a.m. on Saturday, Feb. 25. This online course will help gardeners make choices about what species to plant and how to design their placement for a successful garden.

Native wildflowers and grasses can provide year-round color and texture. They're adapted to Missouri's soils and climate, and once established, maintenance can be more minimal than for non-native plants. Plus, natives better serve songbirds, pollinating insects, and wildlife. Thoughtful species choices can also provide a series of wildflower blooms from spring into autumn. Native prairie grasses provide backdrops in summer, golden-red color in autumn, and interesting patterns in winter.

Late winter is a good time to prepare for spring planting. Cydney Ross, MDC native landscape specialist, will provide suggestions and talk about how selecting the right plants and designing with intent can help a gardener achieve the colors and patterns they seek. A backdrop for the class will be the extensive native plant garden at the Anita B. Gorman Discovery Center in Kansas City, where Ross is based. That garden showcases how natives can be used in landscape designs.

The DIY Native Landscape Design class is open to participants ages 18 and older. Registration is required. To register, visit <https://short.mdc.mo.gov/4Y4>.
