## City Of Warsaw Will Receive Big Bucks From Transportation District Closeout

AN AUDIT conducted by the State of Missouri concluded that the City of Warsaw will receive a windfall of funds from the closure of the Truman Dam Access Road Transportation District.

By  
Judy Kramer  
County  
Reporter

According to www.kttn.com Missouri State Auditor Nicole Galloway issued a closeout audit of the U.S. Highway 65 and Truman Dam Access Road Transportation Development District (TDD) on Tuesday, November 22. The TDD Board may now proceed with the abolishment of the taxing district that was formed in 2003 to

improve roadways with the construction of Commercial Street, Polk Street, storm drainage, and northbound and southbound highway ramps.

Walmart was in the present location of Orscheln Farm & Home, 1551 Commercial Street, in the early 2000's and its management wanted to build a larger store located at its present address, 103 W. Polk Street. The new building site was not within Warsaw's city limits at the time and Walmart oversaw TDD so it could pay for road improvements being constructed to make the new

store accessible.

"The City of Warsaw worked with the Walmart TDD Board to put in the roads according to City regulations," said City Planner Randy Pogue. "The TDD didn't pay for all road expenses, and when the construction was completed, the City annexed the property and took over the TDD. We (the City of Warsaw) never collected a penny from the sales tax revenues collected by the taxing district."

The City of Warsaw is the public entity overseeing the TDD Page 3

## Pride Of Warsaw Hosts Gala Event, Filled With Performances And Dance

The Pride of Warsaw Band and its boosters hosted a magical evening on Saturday, November 19 when they hosted their First Annual Band Gala in the gymnasium at Warsaw High School. The evening was also under the coordination of WHS Director of Bands, Curt Thomas.

The jam packed evening was put on to celebrate band members and their accomplishments, as well as show appreciation to the business community for their sponsorship and support throughout the

school year.

The night began with a catered dinner provided by Ashley Haidusek. Following the delicious meal, the Pride of Warsaw performed their 2022 production entitled *Twisted*.

The WHS Concert Band then performed "A Message on the Rock," giving thanks to all Veterans in attendance. Soon after, the WHS Jazz Band played eight tunes, much to the crowd's enjoyment. At the end of the band's performances, guests were invited to dance the night away.

"The Gala was a huge success," said Thomas. "Students, parents, and the Warsaw business community were in attendance. It was a great way to cap off our marching season."

"The whole idea came about as a way to thank our sponsors for helping raise the funds needed to purchase a trailer so that we can take all of our equipment in one vehicle. We are blessed with such an outstanding philanthropic business community. Thank

I use a standard recipe of 2 cups cold leftover mashed potatoes, 1 whole egg, and ¼ cup flour. If you have a lot more potatoes, add another egg and some more flour. Mix the egg into the mashed potatoes with a fork until well blended then add the flour. At this point you can add any mix-ins that you prefer. Finely diced green onion, bacon bits, granulated garlic, grated cheese and so on. Pour approximately 2 tablespoons of oil into a cast-iron skillet and heat over medium heat. Scoop out heaping tablespoons of mixture into the hot oil. (I like bacon grease!) Dip the back of a spoon into the oil and use to flatten the potato mixture to about 1/4-inch

thick. By dipping the back of the spoon into the oil, the spoon will not stick to the potatoes, making flattening them much easier. If you find it simpler, make the patties and then add to pan. Fry until golden brown and then flip and continue to brown the potato patty on the other side. Remove to a paper towel-lined plate to serve.

I love Thanksgiving leftovers almost as much as the meal itself. So, I make sure there are plenty of mashed potatoes. After turkey sandwiches, mashed potato cakes are a favorite.

local portion of the project and serves as the Local Transportation Authority. The Missouri Highways and Transportation Commission (MHTC) has jurisdiction over the state portion. The project was completed in 2005, and by January 2020 all project costs and debts had been satisfied with the revenue collected by the TDD. The scope of the state audit was to evaluate the financial status of the district during part of 2021 and the period from January through June 30, 2022. The methodology of the audit included reviewing financial records and other pertinent documents, interviewing various personnel of the district and certain external parties. The audit also assessed risk that illegal acts, including fraud, and violations of applicable contract, or other legal provisions could occur. The audit was conducted in accordance with the standards applicable to performance audits contained in Government Auditing Standards.

From inception through June 30, 2022, the TDD received \$3,723, 178 in sales tax revenues from

a 1/2-cent sales tax on all taxable sales inside the district's boundaries. It paid \$1,905,534 in project costs and \$1,079,268 in interest costs. The 1/2-cent sales tax will no longer be collected once the TDD is abolished, but there has been a delay in steps taken to bring about the abolishment and there has been approximately \$700,000 in unnecessary sales taxes collected through the end of September.

"Since the completion of the project, the City Mayor, City Planner and City Alderpersons have reached out to TDD to convene a meeting for the purpose of requesting a state audit that was necessary before moving for a dissolution," said City Attorney Cale Haddock. "There was some interference in convening the meeting until 2022."

Now that all outstanding project costs and debts have been satisfied, and after the district's final costs and professional fees are paid, the remaining balance of more than \$600,000 will be distributed to the City of Warsaw under state law.

Pogue said the remaining balance from the TDD should be available to the City of Warsaw by the end of this year. The funds will be in a restricted account and are to be reinvested for road improvements at the intersection of Polk and Commercial Streets. An Engineer is already at work designing the improvements from the intersection back to the Truman Dam Access Road. It is expected that an additional lane will be created to help with some of the traffic backups occurring near McDonalds.

(Continued from Page 1) visitor Kim Percy then reported on a December 3 Warsaw event, "A Hallmark Christmas", to take place in the city's downtown. She mentioned that some Main Street parking will be unavailable during the event, which will feature (among other positives) a hay ride, and a Christmas parade starting at 6:00pm. Visitor Tiffany Jaegers with Winter-Dent, the city's insurance representative, discussed 2023 renewal of health insurance for city employees and their families. Steve Tade, also with Winter-Dent, discussed 2023 renewal of property insurance, including flood and liability insurance coverages for the city. Those matters will soon be discussed by the group, probably when they deal with the 2023 budget.

Aldermen then approved two ordinances: (1) contracting between the city's financial contribution toward a candidate's law enforcement training in exchange for a commitment by the candidate to maintain

employment with the city for a definite term; and (2) authorizing a contract with "Go Gov" for emergency notifications to citizens, at a cost of \$3,900/year, allowing timely notification of problems. They also approved a resolution approving a continuing agreement between the city and People Service ... for the city's annual maintenance/repair and (non-capital) expenditures increase, and monthly compensation increase and base amounts for chemicals used. Some increase in costs, going into the new year, is expected. In last business, Administrator Pogue was approved to write a Community Revitalization Grant which may see bike and pedestrian pathways installed in the Eastgate area of Main Street. A discussion followed on that matter.

The meeting closed about 6:56pm to go into executive session. These open sessions are usually held on 1st and 3rd Monday eves; visitors are welcome.

## Ladycats Top Cole Camp In Overtime

**DRIVING TO THE BASKET**, the Lady Bluebirds Karley Thayer looked to score in last week's game against the Ladycats. It was the first for both squads of the 2022-23 season. Warsaw was victorious in overtime, 61-53.

By  
*Adam Howe*

In the first tilt for both teams last Monday night, the Ladycats earned their first win of the season, 61-53 in overtime over the visiting Cole Camp Lady Bluebirds in front of a good, early season crowd.

"Cole Camp came to play a tough, physical game," Ladycats coach Matt Henderson said. "It's always good competition."

As is typical in many games that come early in

the schedule, both offenses had trouble getting things going from the tip. Cole Camp used success from beyond the arc to nail three 3-pointers in the first frame to take an 11-6 advantage after one.

In the second quarter, Warsaw used a barrage of field goals and balanced scoring to surge ahead, 25-20 at halftime.

The Ladycats matched Cole Camp, 11-11 in the third period and led 36-31 at the end of the third.

In the fourth, Warsaw led by as many as 9, but the Lady Bluebirds defense

forced timely turnovers down the stretch and converted on many, using a 21-16 advantage in the fourth to tie things up at 36-36 at the end of regulation.

The Ladycats owned the overtime period, taking the frame 9-1 and the 61-53 win in overtime.

"It was definitely a great team effort, especially on the defensive side," Henderson said. "I also found it interesting that we had top scorers ranging from the youngest to the oldest on the team."

Ashlyn Laue and Tanna Howe both led the Ladycats

in scoring with 16. Rachel Henderson was also in double digits with 12.

Kyla Harms paced Cole Camp with 23 points and Karley Thayer had 10.

## Lincoln Girls Win Opener Over Hermitage

**LINCOLN'S** McKenzie Yearout looks to pass the ball in Monday night's opening game of the season at home. Lincoln won 22-19 over Hermitage.

A young rebuilding Lincoln squad scratched out a 22-19 victory over Hermitage, who had beaten Miami (MO) on Friday night.

Alyssa Mellen started the scoring with a steal and a layup for Lincoln. Gracy Eifert bombed a three and McKenzie Yearout banked a three with two seconds left to give Lincoln a 8-2 first quarter lead. Lincoln handled the press well in the first frame.

Lincoln jumped out to a 12-2 second quarter lead only to see it dwindle to 12-10 at the half. Lincoln had trouble getting off a shot as indecision and turnovers began to take their toll.

In the third, Kindle Bartley hit a free throw to draw the Lady Cardinals within one at 13-14 as Hermitage took the lead.

The fourth quarter was a thriller as the two inexperienced teams battled for control.

Eifert hit an open Bartley for a layup with 8.4 seconds left to take a 20-19 lead. Eifert then hit two free throws with 4.7 seconds to go to ice the game.

Eifert reflected when asked about being nervous, "I wasn't nervous. I just knew I needed to make them."

New head coach Dana Lynde commented, "We are working hard and hope to keep improving."

Her son and new assistant coach Brett Bryant added, "We need to keep our composure and set up our plays."

Yearout commented, "I think we are coming together as a team. It was a great win. I practiced hard in the summer to improve my game. We need to keep improving."

They are being tested in the Warsaw tournament this week.

The JV lost 12-2 in two quarters of play in the nightcap.

**HERMITAGE (19):** Sabala, 7; McKenzie, 4; McKenna, 3; Harris, 5.

## Wildcats Win Opener Over Concordia

There wasn't much offense to speak of, but defense was at a premium in Warsaw last Tuesday night when the Wildcats beat Concordia in their season opener with a low scoring, 35-27 final.

Warsaw led 12-5 after the first and then carried that same margin into the locker room at the break, leading, 20-13.

The defense of the Wildcats held Concordia just 5 field goals in the entire game.

"I'm proud of the effort we played with," said Cats coach Matt Brownsberger. "But we still have many things we have to work on."

Warsaw shot just 11 of 24 from the charity stripe.

A modest 15-14 advantage for the Wildcats in the second half allowed them to escape with the 35-27 win.

"It's always good to win the first one, but now we have to get ready for the next one," Brownsberger added.

It has been a beautiful Thanksgiving week in the Fristoe area. The longer the weather stays halfway nice, the longer the propane that people have put in their tanks will last, and easier on budgets for the winter. This

is being written Sunday November 27 and there is only 24 days until winter begins BUT that means on December 22, days will begin to get longer each day. I always look forward to that.

The Fristoe area sends condolences to the family of Dean McMillan. Dean was very sick in hospital but asked to be allowed to be home when he passed away. He passed away on Wednesday, November 23, the day before Thanksgiving. The area where Dean lived will miss him very much.

Prayers for Carolyn Colbert, Lewis and Judy Retherford, Curtis Allen, Alice Boston and Mary Scarbrough this week! Special prayers for Carolee Apperson and Jeanne Wright.

Made many friends while Cowboy Church that began with Glen Harpham and the Warsaw First Baptist Church was in operation. I bumped into a great lady, Pam Myrick that I got to know as we both attended The Cowboy Church while it was being held at The Fristoe Community Building on Thursday nights. Visited with her a few minutes. When I look back, it is unbelievable how many people I got to know and enjoyed spending time with while Cowboy Church was being held at the Fristoe Community Building and not very many of the people I came in contact with are still a part of the church that was in Fristoe Community

Building.

However when the Cowboy Church was taken out of Fristoe, that gave me much more time to spend working in my own church, The Fristoe Pentecostal Lighthouse Church. While Cowboy Church was in operation almost half or more of attendees of Lighthouse Church passed away, and the church needed attention that it hadn't been receiving. Dear Pastor Ullum had been patient waiting for the congregation to renew their love and then he became ill and he turned things over to Pastor Tony Smith. In the years Br. Smith has taken over, the church has renewed growth in size as well as spirit. A typical morning has wonderful music as well as praise, worship, preaching and singing. Br. Ken sang a song most of us didn't know entitled "I Love You", and did a wonderful job and the Smith's sang the beautiful hymn entitled "I've Got Plenty Of Time" and they did a fantastic job with it. Br. Smith's message was from Ecclesiastes Chapter 8 verse 10. He brought it out to us that we must stay in walk with God and keep The Lord in or lives and not let our salvation slip away. If we forget our salvation what is worse is how not only do we forget but we will be forgotten.

Thought for the week: A secret to success is to start from scratch and just keep on scratching!

Hope everyone that reads Fristoe News has a great, safe, and enjoyable week!

**WEEK OF NOVEMBER 28** ♈ ♉ ♊ ♋ ♌ ♍ ♎ ♏ ♐ ♑ ♒ ♓

**WEEKLY HOROSCOPE**

**Sagittarius 11/22-12/21:** If you've been wanting to be even more direct and confident in your closest relationship and give voice to your deepest desires, you'll get a green light to do that again in the beginning of the week. This could also be a fruitful time to talk about shared assets with a significant other or close loved one. Either way, spending time meditating on what you want now allows you to gain clarity around your tightest bonds, giving you even more focus as you navigate the road ahead. Later, the cosmos spurs you to explore new ways to advance your skill set and set yourself up for props from higher-ups.

**Capricorn 12/22-1/19:** You've been on a journey, figuring out what you want to give and receive from your closest one-on-one relationships, and you'll have your opportunity to speak your truth in this area of your life as the week starts. If reciprocity hasn't been a factor in a long-term love relationship or friendship, it's time to get in balance or move forward in a way that feels healthy and fulfilling. Later, clashing with someone special might be part of doing the work to expedite healing. The cosmos strengthens your resolve to pursue your most intimate needs.

**Aquarius 1/20-2/18:** You might be inspired to turn over a new leaf related to your diet, fitness, or mind/body wellness routine in the beginning of the week. If you've already gotten the ball rolling, now is the time to get even more clear and precise, taking action that both feels right intuitively and seems like the logical next best step. Whatever moves you make now can lay the groundwork for vitality and balance in the days and weeks ahead. Later, it's a brilliant time to connect one-on-one with your significant other, a dear friend, or a close colleague on a project that's close to your heart. By working together and leaning on one another's strengths, you're sure to be unstoppable.

**Pisces 2/19-3/20:** If you've been wanting your daily schedule to be more balanced because you've been feeling spread too thin, you'll have a sweet opportunity to take productive steps at the start of the week. Even if your ideal scenario (like working from home or finding more time in the day to meditate or do an online workout) feels out of reach, there's merit to setting bold intentions and taking baby steps now. Later, connecting with your significant other or loved ones (perhaps over a beautiful home-cooked meal or heartfelt chat) comes easily.

**Aries 3/21-4/19:** Consider setting an intention related to matters close to your heart, home, and family when the week starts. Whether you've been wanting to find more time to dedicate to connecting with loved ones or redecorate your home office, coming up with a step-by-step action plan now can be a wonderful, productive first step to seeing your vision become a reality. Later, it's easier to get in touch with your inner child and enjoy a playful, spontaneous time with loved ones and friends. You'll feel even more self-assured in leaning in to fiery, passionate, playful energy and allowing that to guide and create seriously memorable moments.

**Taurus 4/20-5/20:** You might gain a burst of confidence that you can apply toward infusing your day-to-day life with an improved work/life balance as the week starts. If having a challenging conversation with a higher-up or reworking your family's weekend routine feels like a smart move, you'll have it in you to take care of business in a proactive, self-assured way. Later, sudden shifts or surprises could crop up in your closest relationships. Though you tend to prefer the known and the routine to the unusual, allow yourself to go with the flow and find the silver lining in whatever ends up catching you off guard. It could be more positive than you realize.

**Anita's Column**

I apparently am one of the few people who refuses to put up the Christmas tree until after we eat the turkey on Thanksgiving. I love Thanksgiving and just don't want to rush the season.

I always saw Thanksgiving as the time to teach my children how to prepare all the special recipes handed down to us from each of the famous cooks from our family. I would assign each child a special dish to fix and then I would supervise.

Daughter #1 being the oldest was often assigned the turkey and brisket because those were considered the more difficult and important dishes. Daughter #2 usually made the dressing, gravy and rolls, following Nannaw's (Grandmother Mabel McLaughlin) recipes.

Daughter #3 was in charge of setting the table and peeling potatoes while Daughter #4 fixed green bean casserole and corn casserole.

I put #1 Son in charge of the hors d'oeuvres table. Since he was only 5 at the time it consisted of cheese, summer sausage and crackers but at least he felt like he was contributing.

I continued to make the pies because I just couldn't hand over that responsibility.

Anyway, one year I had knee surgery so they took over the cooking completely as I sat in the living room with my leg propped up with pillows. It was difficult not to laugh as I listened to the conversations.

"Amber, I need the giblets for the gravy," said Daughter #2.

"I don't have them," was the answer.

"You have to have them because you fixed the turkey and they are inside the turkey," Daughter #2 replied.

"Listen, I just buttered and seasoned the turkey and I put it in the oven. I didn't see any giblets. What is a giblet anyway?"

**WORD ON THE STREET**

**What is your favorite Christmas movie?**

*Christmas with the Kranks. I love when the spray tan goes wrong!*  
-Jen Sabella

*Ben Hur. It's not really Christmas, but I watch it every December.*  
-John Brower

*White Christmas. It's a classic.*  
-Jerry Callahan

I told them to look inside the cavity of the turkey for a package.

"Oh, this is disgusting. We cooked the giblets with the turkey."

I told them it was okay and to just cut the giblets up and throw the bag away.

They also thought they had ruined the ham because they couldn't cut it but they had forgotten to take off the wrapper. It was the best ham ever!

We also had an incident with the oven the first time Son-in-law #1 came for a visit. I opened the oven door to check the turkey and flames shot out of the oven. Everyone rushed over to check out the stove, except our guest. He just sat calmly in the living room waiting for dinner. The oven had died but the turkey tasted delicious.

Luckily, they made all their mistakes in my kitchen and by the time they were in their own homes with their own families, they were amazing cooks.

This year I decided that the grandchildren would fix the big dinner. Grandson #3 was in charge of the turkey while Granddaughter #1 fixed meatballs and rolls. Grandson #4 was in charge of the mashed potatoes and stuffing.

Grandson #3 said he volunteered for the turkey because all he would have to do would be to butter the turkey and put it in the oven. When I asked about the seasonings and temperature for the oven and how long the turkey should cook, he looked puzzled. "I'll look it up on the internet!" he replied. "You might not know this, Nana, since you were born in the 19's but you can find out anything on the internet."

Grandson #3 was most concerned when he removed the neck of the turkey from the cavity. "What is this?" he asked. When I explained it was the neck and that we would cut what meat we could off to add to the dressing and the gravy. "Oh, good, I was afraid it was a part of his body we wouldn't want to eat."

Anyway, Grandson #3 came up with what he called his special turkey sauce and using a marinade injector, he injected his special sauce under the skin of the turkey. He also added fresh rosemary as his finishing touch. He made sure to ask me to add his special sauce recipe to the family cookbook.

Grandson #4 enlisted the help of Grandson #3 to peel potatoes. There was a slight mishap when Grandson #4 happened to slice one of his fingers but a band-aid fixed the injury and he continued his job of peeling ten pounds of potatoes. I thought it was a bit much, but it was his decision. He ended up mashing the potatoes with an old-fashioned potato masher since all ten pounds of potatoes wouldn't fit in the mixing bowl. After adding milk, butter, sour cream, salt and pepper, the taste testers reported the mashed potatoes were a success.

Granddaughter #1 mixed up bread dough the night before and kneaded it before setting it out to rise. Luckily, it did rise! She did not kill the yeast. She and her brother and cousin rolled the rolls Thanksgiving morning to bake at noon. They were delicious and were quickly eaten at Thanksgiving dinner with plenty of honey butter. She was also in charge of meat

balls and made enough for everyone to have four. We may be eating meat balls for a while.

Granddaughter #9 helped with setting the table so we did have to check around the table for silverware, but she did get to participate in the special dinner.

The best part of the experiment was that the children were very proud when the family praised their culinary skills and remarked how good everything tasted. They helped clear the table and load the dishwasher, but their mothers ended up putting the leftovers away and washing the big pans. My crew was worn out and needed a break. Two days of cooking was exhausting. Now we are ready to start decorating for Christmas!

**COLA is sweet for Social Security recipients**

If you receive Social Security, you've probably already heard that your checks in 2023 will be bigger – considerably bigger, in fact. How can you make the best use of this extra money?

Here's what's happening: For 2023, there's an 8.7% cost-of-living adjustment (COLA) for Social Security benefits – the largest increase in 40 years. Also, the monthly Medicare Part B premiums are declining next year, to \$164.90/month from \$170.10/month, which will also modestly boost Social Security checks for those enrolled in Part B, as these

premiums are automatically deducted.

Of course, the sizable COLA is due to the high inflation of 2022, as the Social Security Administration uses a formula based on increases in the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W). So, it's certainly possible that you will need some, or perhaps all, of your larger checks to pay for the increased cost of goods and services. But if your cash flow is already relatively strong, you might want to consider these suggestions for using your bigger checks:

- *Reduce withdrawals from your investment portfolio.* When you're retired, you will likely need to withdraw a certain amount from your portfolio each year to meet your expenses. A boost in your Social Security may enable you to withdraw less, at least for a year. This can be particularly advantageous when the markets are down, as you'd like to avoid, as much as possible, selling investments and withdrawing the money when investment prices are low. And the fewer investments you need to sell, the longer your portfolio may last during your retirement years.

- *Help build your cash reserves.* When you're retired, it's a good idea to maintain about a year's worth of the amount you'll spend from your portfolio in cash, while also keeping three months' of your spending needs in an emergency fund, with the money kept in a liquid, low-risk account. Your higher Social Security checks could help you build these cash reserves. (Also, it's helpful to keep another three to five years' worth of spending from your portfolio in short-term, fixed-income investments, which now, due to higher interest rates, offer better income opportunities.)

• *Contribute to a 529 plan.* You could use some of your extra Social Security money to contribute to a tax-advantaged 529 education savings plan for your grandchildren or other family members.

• *Contribute to charitable organizations.* You might want to use some of your Social Security money to expand your charitable giving. Your generosity will help worthy groups and possibly bring you some tax benefits, too.

While it's nice to have these possible options in 2023, you can't count on future COLA increases being as large. The jump in inflation in 2022 was due to several unusual factors, including pandemic-related government spending, supply shortages and the Russian invasion of Ukraine. It's quite possible, perhaps even likely, that inflation will subside in 2023, which, in turn, would mean a smaller COLA bump in 2024.

Nonetheless, while you might not want to include large annual COLA increases as part of your long-term financial strategy, you may well choose to take advantage, in some of the ways described above, of the bigger Social Security checks you'll receive in 2023. When opportunity knocks, you may want to open the door.

## FROM THE PASTOR'S DESK

JOHNNIE J. LOGUE

### The Ramblings of a Country Preacher

Well, I'm sitting here on Thanksgiving Day by myself. Thought I would ramble a little bit. I thought I would title this 'what pastors want their people to know', but I can't speak for other pastors. Besides, I might say some things that have nothing to do with that title. A friend of mine asked me to get on TikTok. I have found it to be very strange at times. Certainly, when it comes to religion.

I have been facing a life changing decision and have been split right down the middle. I mentioned that to someone and they said that I should pray about it. Really? I probably pray as much or more than anyone I know. Duh!

I saw signs this week saying "We are closed so our employees can spend time with their families." What else would they do? Duh!

I misplace something and the people ask me where I lost it. Really? Duh!

Okay, here are some things that you shouldn't do. Don't call your pastor on Saturday night to talk for two hours about the time of day. You need him, call him but save your chit chat for the other days of the week.

Don't tell him you are going to quit the church five minutes before he preaches. He is human so that will probably effect how he

preaches. As a matter of fact, don't even talk to him five minutes before he preaches if you can help it.

You want to be a blessing? Show up to church on Sunday and don't walk in or leave criticizing everything. Some small church Christians are some of the best Christians in the world. They have to be. They train the stepping stone pastors, they suffer hardships larger congregations have no clue about and their church is always shorthanded.

Some small church pastors are some of the best preachers and knowledgeable pastors around. Go talk to Jack Davis in Cross Timbers about the scriptures then go talk to a larger church pastor and tell me I am wrong.

If you judge a book by its cover, you should have met Sonny Stull.

Well, these are my opinions as a pastor for 32 years. Remember, opinions are just opinions.

## LINCOLN FIRST BAPTIST CHURCH

Thanksgiving has passed for another year. I pray everyone was thankful for the blessings they have. Many are still in need of prayer. Our attendance is holding steady. Bro. Jesse Klaiber has filled the pulpit in November and willing to do December also. We welcome him and his family. We will be having soup and sandwiches at 5 pm on Wednesday evening with decorating the church for Christmas following at 6 pm. All are encouraged to come and help. We will be having The Hanging of the Greens next Sunday December 4 at 10:30 am with a carry in holiday meal to follow service.

11-20-22 Bro Jesse's sermon was about prayer warriors. Text from Luke and Matthew. We have a choice to love Jesus or not. When in the garden Jesus prayed that the events before Him would pass from Him. He prayed this three times and then He accepted the time to come for His death. He was beaten, spit upon and made fun of. Only God had the power to stop the crucifixion. No one has power over us unless God gives it to them.

Be sure you are a child of God. Jesus went thru that punishment for everyone

and their sins. He bled and died and rose again for us. As Christians we're not perfect. Be honest and come back and repent.

11-27-22 Be ready to preach, pray and die. Bro. Jesse told the story of Lazarus dying. Mary and Martha sent word to Jesus that Lazarus had died. Jesus returned to Mary and Martha's home. They told Him if He had been there their brother would still live. Jesus wept for His friends. Jesus did this for everyone that was there. The power of prayer is great.

As Christians we should shout to the world about Jesus. Don't let someone perish in hell just because you didn't say anything. Open your mouth and let others know about Jesus. Churches are empty because Christians don't say anything. Offend people for Jesus' sake. Look toward heaven and shun evil and hell. Who are you serving? Seek the Lord and all things will be added unto you.

HAVE A BLESSED WEEK AND GOD BLESS.

## UNITY OF THE LAKES

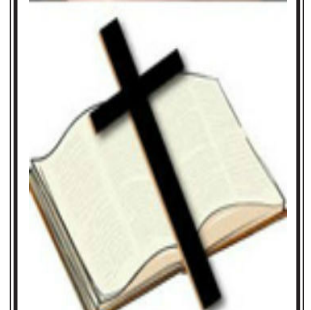

Would you like more peace in your life? Sunday 12/4/22 is the second Sunday of Advent and we focus on peace. Unity of The Lakes is very blessed to have Rev. Laura Bennett as our guest speaker. Rev. Laura taught Bible at Unity Ministerial School for several years as did her father before her. She is a gifted speaker and teacher. You can be assured it will be a special service. **MDC Reports 197,724 Deer Harvested During November Firearms Deer Season**

Top harvest counties were Franklin, Texas, and Callaway.

Preliminary data from the Missouri Department of Conservation (MDC) shows that deer hunters in Missouri harvested 197,724 deer during the November portion of firearms deer season, Nov. 12-22. Of the 197,724 deer harvested, 102,633 were antlered bucks, 16,929 were button bucks, and 78,162 were does.

Top harvest counties were Franklin with 4,175 deer harvested, Texas with 3,607, and Callaway with 3,416.

Last year hunters checked 188,928 deer during the November portion of firearms deer season with 102,054 being antlered bucks, 16,537 being button bucks, and 70,337 being does.

For current ongoing preliminary harvest totals by season, county, and type of deer, visit the MDC website at [extra.mdc.mo.gov/widgets/harvest\\_table/](https://www.mdc.mo.gov/widgets/harvest_table/).

For harvest summaries from past years, visit [mdc.mo.gov/hunting-trapping/species/deer/deer-reports/deer-harvest-summaries](https://www.mdc.mo.gov/hunting-trapping/species/deer/deer-reports/deer-harvest-summaries/).

"It would have been hard to ask for much better weather during the November portion than what hunters experienced this year," said MDC Cervid Program Supervisor Jason Isabelle. "To have sustained temperatures that were well below average for nearly the entire season portion was quite remarkable."

Isabelle noted that the colder weather likely resulted in increased deer movements, contributing to this year's higher harvest total.

MDC reported one non-fatal firearms-related hunting incident during the November portion of the firearms deer season. It was self-inflicted and occurred in Bollinger County.

Missouri's archery deer and turkey season resumes Nov. 23 through Jan. 15, 2023. The late youth portion of firearms season runs Nov. 25-27. The antlerless portion of firearms deer season runs Dec. 3-11 (in open counties) followed by the alternative methods portion Dec. 24 through Jan. 3, 2023.

Learn more about deer hunting in Missouri online at [mdc.mo.gov/hunting-trapping/species/deer/](https://www.mdc.mo.gov/hunting-trapping/species/deer/).

## CANCER CARE CLOSE TO HOME

### Help us Bring Radiation Oncology to Clinton

The Golden Valley Memorial Hospital Foundation is pleased to announce that its capital campaign to bring radiation oncology services to Clinton and the surrounding communities is well underway and we would like to offer you the opportunity to participate.

At Golden Valley Memorial Healthcare, we diagnose nearly 300 new patients with cancer every year. Beyond those diagnosed here, many others are diagnosed at other healthcare facilities in our region. We feel strongly that all of these individuals deserve the opportunity to be cared for by providers they know and trust, at a state-of-the-art facility, without the burden of traveling far from home.

With your help, we can bring this vital service, and hope, to our communities.

To learn more about the radiation oncology campaign, contact Sarah Duncan, Foundation Director, at 660.890.7108 or [foundation@gvmh.org](mailto:foundation@gvmh.org).
