Bus-Da-Move: Cheaper Than A DWI!

A UNIQUE WAY TO GET AROUND, Bus-Da-Move is perfect for any event on the go!

If you're looking for good, safe and fun transportation for your next group outing, look no further than

Bus-da-Move, right here in Warsaw! Purchased and on the road in the summer of 2020, Bus-da-Move is a 14 passenger "party" bus owned by Charlie and Stacy McGann. Charlie and Stacy are both equipped with

Missouri Class E drivers licenses, so either or both of them are ready for your group!

At Bus-da-Move, the slogan is "Life Uncomplicated", so whether you're next date with friends is to one of Missouri's nearby wineries, a wedding, an anniversary, a birthday party, bachelor/bachelorette party or maybe just a night out on the town, they are there to ensure that your celebration is memorable. No refreshments are

served on the tours, however, clients may bring coolers onboard. Most pickups and drop-offs are made at a central location, but if a group lives in close proximity of one another, the McGann's are willing to pickup at individual homes too. Just discuss those details with Charlie or Stacy at the time of your reservation and they'll always do their best to accommodate you!

There is a minimum tour of three hours for \$240, or just \$80 per hour. If all seats on the bus are filled, the cost per person breaks down to only \$18... and that's MUCH "cheaper than a DWI", as Charlie likes to say.

Bus-da-Move is not only locally owned, but also licensed and insured. You can find Bus-da-Move on Facebook or give them a call at (660) 723-6052.

B3 Investments And Insurance

BILLY HELVEY is dedicated to providing peace of mind for every customer.

“Creating Peace of Mind With all your Investment and Insurance Needs!”

When we say creating peace of mind, we mean it. At B3 Investments and Insurance, we are dedicated to relieving the stress and uncertainty of Medicare, Health Insurance, and Wealth Management for you!

We have found there is a correlation between health insurance and investments, and we create plans that work in conjunction with one another and not opposing. By educating and showing our clients how their Health Insurance, Medicare, and Investment Portfolios can thrive together when times are good and bad, we create better qualities of life for our clients.

Much of your success and the ultimate legacy of your estate will be dependent on how you manage protection of

assets, accumulation of assets, and distribution of assets.

By having the wrong protection, not having any protection, premature death or a long-term illness can wipe out a significant accumulation as well as put you and your loved ones in a very difficult situation. Creating investment plans based on your goals and profile may help you achieve independence and freedom you desire as well as build an estate for those you love. Having the right plan in place, gives you the enjoyment and flexibility of doing what you want, when you want, and where you want with potentially less worry for the future.

B3 Investments & Insurance is a full-service agency that works for you the client, not the insurance or investment company.

The Wood Shed: Master Woodworking

GARY AND LINDA REISH, owners and operators of The Wood Shed, can create custom pieces to last a lifetime.

The Wood Shed was established by master craftsman Gary Reish and was originally a small craft store near Truman Lake just west of Warsaw, Missouri.

At first, he worked on building crafts and bird houses at night and selling them during the day. Today, it is a successful Super Sales Center for Carolina Carports, Inc. and also sells cabins and sheds, furniture, signs, and quality gifts and crafts.

Gary started the business after retiring from UPS as an over-the-road driver. His wife of 35 years passed away and he found himself a "one-man-team." Linda had worked in customer service for many years and after she joined the team, they've made many changes and are enjoying the Ozark life.

Tony is a gifted artist with a very talented eye for building and routing wood products. He learned how to route signs and create furni-

ture and has become an indispensable asset to The Wood Shed.

We work around Tony's passion for hunting and fishing, and he thinks outside the box to continually amaze and awe our customers.

He has become an expert at building signs, coffee tables, cedar chests and other indoor or outdoor items ... just about anything Gary and Linda can think up.

He loves working with wood because every piece is unique and, therefore, everything is a one-of-a kind.

Gary was first drawn to the area by the warmth of southern Missouri hospitality.

He loved the beautiful area and mostly mild weather. The Wood Shed is a fun place to work and shop. Y'all come in and visit us at 13913 HWY 7 North in Warsaw. For more information, call (660) 438- 8705 or stop by our website at www.ozarkwoodshed.com!

Cosmic Cafe has been in business since 2006 and has recently been chosen as the Best Breakfast In Town. State Farm Insurance: Suzie Brodersen

A NEW YEAR MEANS A NEW LOCATION for Suzie Brodersen and the staff at State Farm Insurance.

2021 turned out to be the year of "The Big Move" for State Farm Agent Suzie Brodersen and her team. After having an office in the Northtown area of Warsaw for nearly 16 years, the agency relocated to 1605 Sunchase Drive - the old Remax Real Estate office in November of 2021.

While the space is significantly larger than what they occupied previously, it has allowed the agency to finally have some flexibility they didn't have previously. The office now includes a welcoming entry with a counter as well as a large conference room for meetings. There is also ample parking for customers right out front - which is something that was scarce in the previous location. Continued improvements are planned for 2022 including a ramp to replace the front steps along with a covering over the front entry.

Once these projects are completed, Suzie and her team plan to host a community wide open house to allow everyone to see the new space. This will

be the perfect time to not only show our commitment to the area, but also celebrate the 100th Anniversary of State Farm Insurance.

State Farm was founded on June 7th, 1922 by a farmer named G.J. Mecherle, and it is the #1 insurer of autos and homes in the United States. The State Farm Mutual Automobile Insurance was started in 1922, and State Farm Life Insurance came along in 1929. The State Farm Fire & Casualty Company serving the needs of homeowners followed in 1935. State Farm now offers over 100 products through its companies and strategic alliances. The Company has a strong and proud heritage, and they always strive to be "A Good Neighbor."

Great things are happening at State Farm in Warsaw! Suzie and her team of Jill, Dusty, and Madeline look forward to celebrating not only a new space but also 100 years. More information will follow, but always feel welcome to stop by and say hi at the new location!

Surprisingly great rates that fit any budget.

**Hilltop Bar-B-Que:
An Oldie But A Goodie**

HILLTOP BBQ is one of the oldest BBQs in the area, still serving top quality food.

Two years ago I said in February that 2020 was going to be our best year ever. We all know how that turned out. Now in 2022 we still face many of the same problems and add to that extremely high food costs.

Speaking of extremely high food costs, beef brisket is ridiculously high. It forces us to sell anything with beef on a plate at an embarrassingly high price. We are not happy with it and we know you are not either. Our suggestion is to buy other meats.

We continue to serve a wide variety of BBQ meats. Besides beef brisket, we serve pulled pork, ham, turkey, pork spare ribs and andouille sausage. And don't forget we serve an oriental menu that includes home egg rolls, crab Rangoon, cashew chicken and

sweet and sour pork. It's safe to say we have one of the most diverse menus in the area.

In an effort to help our customers with high prices, we allow everyone to eat from our kids menu. These are about half size of our adult dinners and yet enough food to satisfy. We know seniors have appreciated that the we allow them a smaller portioned option.

We look forward to serving Warsaw and the lakes area again this season. We are into our 22nd year of ownership of this landmark business, and we plan to continue serving the same great food and providing you fast and friendly service. You can find us on Wildcat Drive just south of Warsaw on Highway 83. Dine-in or carry-out by calling (660) 438-6311.

Truman Lake Adventure Club

FOR FUN TIMES GALORE, contact Jen and Mac at the Truman Lake Adventure Club!

If you go to our website trumanlakeadventureclub.com, you will see that we offer people a chance for adventure through our cycling and paddling events, and, at the same time, offer business owners a partnership that gets them exposure in outdoor/active lifestyle communities all over Missouri and into Kansas. Our events give people a reason to stay focused and keep striving towards personal goals, while having fun and engaging with like-minded folks. These events also help promote our business partners and let people know who is investing into the community by advertising them on the radio, in multiple newspapers, on social media, and on Adventure TV.

So, who is the Truman Lake Adventure Club?

Jenn Bradshaw: I have always loved the outdoors. I grew up in Southern California swimming and surfing in the ocean, hiking the Sierra Nevada, camping, and skiing. I love the outdoor adventure that happens in beautiful Benton County. Truman Lake and Lake of the Ozarks are gorgeous from a kayak, and the incredible trail systems being developed here are top notch for hiking and biking. I started mountain biking about 10 years ago and fell in love with the sport. I became a four-time Missouri State Champion Mountain bike racer. I also embraced gravel riding and was the first person to ride the Butterfield Stage Experience from Springfield to Jefferson City, a 254 mile back country tour through nine Missouri counties. My love of these outdoor adventures, photography, and the desire to help others experience the beauty of it all has led me to be an owner in the Truman Lake Adventure Club.

Mac Vorce: I have been a mountain bike race promoter since 1997, and I have been building and maintaining trails since 1995. I became a War-

saw resident in 2001 and started building trails in 2002 that became the Truman Lake Mountain Bike Park. In my years of living in Warsaw I have seen an immense amount of people change their lives for the better because of cycling and getting active in the outdoors. I have held many roles in this community and currently keep very busy as the Director of the Warsaw Chamber of Commerce and co-owner of the Truman Lake Adventure Club. I have seen how events can shape a community, and how important they are for promoting our area. Some of my best days start with me yelling, GOING IN 5-4-3-2-1-GO!"

The Truman Lake Adventure Club began by inviting people to go on cycling, kayaking, and hiking excursions. The enthusiastic response to these small group meet-ups showed us that there was a need for this kind of organization. The meet-ups empowered people to show up and try something different, or an activity that they always wanted to try.

In 2022 the Truman Lake Adventure Club has 8 events planned to help people strive for goals, get started on a healthier path, and spend time with like-minded, encouraging individuals.

You can be a part of it too! Get your business involved as an Adventure Club Partner and get involved with all the excitement and advertising. Last year we spent \$13,000 promoting our partners, area, and events. If you have a business that needs exposure in the community, a partnership with the Truman Lake Adventure Club will benefit you.

We also have a fantastic Kids Club that meets at the Truman Lake Mountain Bike Park on Monday nights at 6pm, plus we coach the NICA (National Interscholastic Cycling Association) middle school and high school mountain bike racing team. Trumanlakeadventureclub.com.

Plumbing & Electrical**

H&C PLUMBING & ELECTRICAL has been serving Benton County for over 20 years!

In an effort to better serve their customers, H & C Plumbing & Electrical has recently added to their field staff to provide more prompt and timely service. Heath Cunningham, along with wife Megan, have owned and operated H & C and have been catering to the plumbing and electrical needs of Benton County and the surrounding areas for over 20 years. However, entirely family owned, demand for the area's needs recently rose, so while Heath was once able to keep up on his own and or with minimum help, that increase has allowed him to bring on more staff. Lead technicians; Bob Rodgers, Shane Brazel, Mark Beckler and Russ Brockman and service techs; Gage Whitaker, Devon Boul, Dustin Perry, Austin Brazel and Gaven Cunningham. Cindy Bayless is the friendly voice of H & C. With just a simple phone call, she can answer many questions that you might have, but if not, she will

always get the answer for you. She also takes care of all scheduling for the crews, estimates and quotes. From industrial to commercial to residential, Heath and his crews can facilitate any needs for general service to construction of new home or buildings. H & C can also accommodate any requests in regards to kitchen and bathroom remodels, drain cleaning, generator installations, septic locations, water heaters and water softener installation, electrical service upgrades and dock inspections. They also have a drain snake camera to locate any hard to find clogs. A new service, in addition to plumbing and electrical for H & C is mini-excavator and Bobcat work. For a free estimate or to schedule an appointment, call the H & C Plumbing and Electrical office at (660) 428-2371. Bothwell Regional Health Center

BOTHWELL'S LARGE NETWORK of outpatient clinics and facilities includes both primary and specialty care.

Bothwell Regional Health Center expanded its presence in Benton County in late 2021 when Lincoln Family Medicine, owned by Dr. Donald K. Allcorn, joined Bothwell's network of family medicine clinics. In anticipation of Dr. Allcorn's retirement, Dr. Matthew Roehrs joined Allcorn in September to provide primary health care for families and people of all ages. The pair worked together until Allcorn's retirement from the practice last month after 37 years of caring for generations of patients.

Prior to joining Bothwell Lincoln Family Medicine, Roehrs completed three years of family and community medicine residency training at the University of Missouri Health Care in Columbia. He received a bachelor's degree in Biology in 2013 from Westminster College in Fulton, Missouri, and his medical degree

in 2018 from A.T. Still University in Kirksville, Missouri.

Roehrs has brought a new type of care to the area called osteopathic manipulative medicine, which is a hands-on approach that moves a patient's muscles and joints. This includes gently stretching, applying pressure and resistance to move joints and tissues, correcting issues in a patient's range of motion. This technique can improve migraines, shoulder problems and neck and knee pain.

Roehrs is married to Dr. Misty Todd, family medicine and obstetric physician who joined Bothwell Cole Camp Clinic in September 2020. Todd works with Nurse Practitioner Pam Eckhoff and together they provide primary care to people of all ages, as well as lab tests and X-ray services on site. Todd also offers prenatal care, performs deliveries and takes care of patients in Bothwell

hospital.

Drs. Roehrs and Todd share a passion for rural communities and health care and own a small farm and cattle operation between Sedalia and Cole Camp. During their time off, they enjoy going to Truman Lake and spending as much time as possible with friends and family.

In Warsaw, clinicians at Bothwell Health Center-Truman Lake continue to provide primary family care to everyone in your family with a focus on strong relationships. The clinic now features on-site 3D mammograms for the best in early cancer screening for women, as well as on-site, X-rays and bone density screenings. In addition, some of our cancer, women's health, orthopedics and sleep specialists spend time at the Warsaw clinic each week or see patients virtually to offer additional care as needed.

We are honored to serve Benton County for all your health care needs. To learn more about Bothwell Regional Health Center and how we can help you get well and stay well, visit brhc.org.

H&R Block: Your Local Tax Experts

THE STAFF AT H&R BLOCK are always happy to help with any of your tax needs.

Even though the tax season is almost over, there is so much information that you still need to know if you haven't filed your taxes. We are here and ready to help as the 2021 tax season comes to a close on April 18th.

Did you know that if you made less income again in 2021 than you did in 2019 and receive earned Income Credit or Child Tax Credit, you can still use your 2019 income to figure your 2021 refund?

Taxpayers with qualifying children received an advance on their Child Tax Credit this tax season and could get the other half of their Child Tax Credit on their 2021 tax return. Unless you opted out of the payments, letters were sent from the IRS showing the amount of Child Tax Credits received in advance including the number of children these payments were received for. If you file jointly, be on the lookout for both taxpayer and spouse to

receive these letters.

The IRS is continuing the charitable contribution this year without having to itemize your deductions. The allowance is \$600 for taxpayers filing jointly and \$300 for all other taxpayers.

Don't forget that we are always happy to offer a "second look" at your return to see if there is anything you have missed. We do this at no charge, unless we find money you have missed. If we find that something was missed, we can file an amendment to ensure that you are getting everything that you are entitled to.

We would like to give a huge thank you to Roxanne Hatton and Leeann Younghans for their many years of service in our office, we truly miss you both. We wish you many happy years of retirement.

Come see us at H&R Block of Warsaw, we are located at 1878 Commercial Street.

Deer Rest Campground

CHARLE AND STACY MCGANN are the owners and operators of Deer Rest Campground.

Lifetime residents of Warsaw and new owners of Deer Rest Campground, Charlie and Stacy McGann purchased the beautiful property from the Hirsch family after serving as campground hosts for 10 years. They fell in love with the property and have always dreamed of owning their own business one day. This was the perfect opportunity and they are excited to share the awe and beauty of their new campground with their guests.

Beautiful views of the water can be enjoyed from the entire shoreline at Deer Rest, and whether you fish, kayak or just take in the scenery - you're sure to love this waterfront scene offered by the McGann's unique property. Wildlife you may catch a glimpse of during your stay at Deer Rest Campground include deer, squirrels, geese, beautiful bald eagles, and sometimes even pelicans! Primitive camping is a great way to enjoy a little more peace and quiet - to really relax into nature with fewer distractions. At only \$16 a night who can resist?!

At \$30 per night the Basic camp sites include water and electric only, but reserve a Full hook-up site that includes all water, sewer and electric amenities for just

\$35 a night. Several sites feature fire pits and a shower house and dump station are located for all guest's convenience. There is always hot coffee in the office for Deer Rest guests on the weekends and seasonal entertainment is being planned as well to provide a social atmosphere. So go ahead and splurge a little!

But the good news is that, with existing sites selling so fast, Charlie and Stacy have upgraded and completed 46 additional sites to Deer Rest Campground for a grand total of 74, along with adding in a new fish cleaning station. The renovation of the campground office is complete with a rustic décor with a cozy atmosphere that the McGann's hope will be inviting for their guests to gather and visit. Future plans are to open a small store, a second picnic pavilion for social gatherings and possibly cabin rentals.

There's much to see at Deer Rest Campground, so take your time, look around and learn all there is to know about them. You can do that by calling (660) 438-6005 or by visiting their website at www.deerrestcampground.com. You can also find them on their Facebook page at "Deer Rest Campground".

Sterett Creek – Kicking It Up A Notch, Prepping For Fun In The New Season!

Sterett Creek Resort & Marina is now in its ninth season under the ownership of Ken and Cathy Beyer. With all the improvements and expansions in the last 8 years, Sterett Creek is now THE place to be on Truman Lake for outdoor recreation!

With over 285 slips for rent, Sterett Creek Marina has a variety types and sizes of slips with docks that are under 7 years old. The natural pest control method we use, which is essential oil based, does a great job of controlling the spiders on the docks and your boat! The marina also offers a launch ramp with public access for a \$5 launch fee or a \$40 seasonal pass, and an outside storage lot for boats and campers. The refueling dock offers 90 octane ValveTect gasoline, the only marina on Truman Lake with this quality fuel. A small convenience store at Sterett Creek Marina offers bait, boating supplies, loads of water toys and a variety of snacks, beer, wine, alcoholic and non-alcoholic drinks and hand dipped ice cream.

The fleet of rental boats available at Sterett Creek Marina are second to none on the lake. The five 2021 25' 200 HP Tri-

toon Lowe boats and one 25' deck boat are only a year old and a joy to drive. Unlike past seasons these tri-toons are able to tow skiers, tubers or wakeboarders. You can still rent a bass boat or fishing pontoon for those wanting a day of fishing on the lake.

Motel guests coming in will find some updates in some of the rooms with the removal of the paneling and doors between the rooms for crisp bright comfortable rooms. New this year they have an apartment/suite at the front of one of the motel buildings with amazing views of the lake, 2 bedrooms/1 bath, living room and full kitchen. Great for families or fishing partners to share!

The Drunken Minnow Bar and Grill at Sterett Creek Marina serves a variety of appetizers, a nice selection of delicious pizzas and appetizers with a full bar. Open May through September, with walk-up service, the patio next to the Minnow provides the dining area and is often jammed full of hungry customers. Lil Papa Joes restaurant operates on the property and offers great food for break-fast and lunch 6 am to

2 pm Thursday thru Monday.

The Sterett Creek Resort campground now has 100 sites, the motel has 40 rooms with either queen, double or twin beds along with kitchenettes and microwave/fridge options. Fishermen appreciate the electric outlets located outside of each motel room while guests often take advantage of the BBQ grilles and picnic tables located around the motel and at the pavilion.

The Guest House at Sterett Creek has become a gem on the lake. With its 4 bedroom/2 bath, full kitchen, washer/dryer, a large living room with a 60 inch TV and Wi-Fi overlooking the lake, it is a great place for a group getaway or family reunion. This cabin sleeps up to 10 with 3 queen beds and 2 sets of bunk beds.

Sterett Creek Resort and Marina is located on the Marina Road exit off of Hwy 65, 3 miles north of Warsaw. They can be reached at 660-438-2280 (marina) or 660-438-2821 (motel), on their website at www.sterettcreek.com, or just stop by for a drink and some great food at the Drunken Minnow.

Edward Jones: Rickie Caswell

RICKIE AND STACY at Edward Jones help build financial comfort and satisfaction for every customer.

Rickie Caswell, an Edward Jones financial advisor in Warsaw, still remembers the day she decided to join the financial services firm. That was 16 years ago.

The fact that Caswell works in the same community in which she lives is unique among financial services firms, most of which do their business by phone. By establishing branch offices in communities throughout the country, however, Edward Jones enables its financial advisors to establish one-on-one business relationships with its investors.

"I've enjoyed doing business the old-fashioned way - in person," Caswell said. "And our branch team looks forward to many more years serving the investment needs of our friends, neighbors and business

associates."

Stacy McGann, the branch office administrator in Caswell's branch office, also is celebrating her anniversary with the firm. McGann has been with Edward Jones in Warsaw for 15 years.

Edward Jones, a Fortune 500 company headquartered in St. Louis, provides financial services in the U.S. and, through its affiliate, in Canada. Every aspect of the firm's business, from the investments offered to the location of branch offices, caters to individual investors. The firm's 19,000-plus financial advisors serve more than 7 million clients with a total of \$1.5 trillion in client assets under care.
