Marijuana Initiative Gets Major Interest

Missouri supporters of medical marijuana will have their say in the November election. The only question: Do they cast a yes vote once, twice, or three times?

Thanks to successful petition drives for three competing proposals, all three are on the ballot. Two would amend the Missouri Constitution; the other would simply change state law.

According to local physician Dr. Donald Allcorn of Lincoln, citizens should vote no on all three proposals.

"There are no proven benefits to smoking marijuana," said Allcorn. "The Missouri Medical Association has taken a stand against all three proposals because of the lasting effects of smoking marijuana."

Allcorn explained that children who smoke even one marijuana stick can experience a permanent drop in their IQ. Long term effects in adults smoking marijuana leads to a reduction in cognitive skills. Many

WHS Students Show Off Silly Side In *Seussical The Musical*

The Warsaw High School Music department will pres-

ent "Seussical The Musical" on the WHS stage on November 2, 3, and 4.

Seussical is a fantastical musical extravaganza based on the children's stories of Dr. Seuss. The writers of Seussical have brought to

life all of their readers' favorite Dr. Seuss characters such as Cat in the Hat, Horton the Elephant, Gertrude McFuzz, Mayzie LaBird, and Jojo, the little boy with a big imagination.

The audience will be

transported from the Jungle of Nool to the Who's living on a speck of dust. Seussical is fun for the whole family!

Vocal director Deanna Schockmann said this musi-

Man Hailed As Hero For Rescue On Truman Lake

The Corps of Engineers presented a Plaque of Recognition to Lonnie "Buddie" Murrell at Long Shoal Marina, at 10 AM on Thursday, October 18. Murrell was

being honored for rescuing three men on May 2, 2018, when their boat hit a stump, causing it to capsize and sink on Truman Lake.

IN RECOGNITION OF A DRAMATIC RESCUE, the US Army Corps Of Engineers presented a plaque to Lonnie Murrell for his efforts in the rescue of passengers from a capsized boat on Truman Lake. Attending the ceremony at Long Shoal Marina were Corps of Engineers Operations Manager James Sandberg, Don Eckers, Lonnie Murrell, Sondra Murrell, and Missouri State Trooper Tim Murrell.

Mary Gemes Hangs Up Hat At Hawthorn

After 38 years of working in the banking industry, Hawthorn Bank vice presi-

dent Mary Gemes is retiring on Friday, November 2.

Mary was hired as a bank teller by Osage Valley Bank president Orla Crudginton back in July of 1975.

"I really didn't have any training except for Mrs. Louise Campbell's classes at Warsaw High School, but I learned on the job," said Mary.

Mary took off a few years when her children were born but returned to the bank in 1980 where she would continue to work for the remainder of her career.

Local W.I.C. Office Receiving Items

Our local W.I.C. office is getting help from the women in the Chillicothe Women's Correctional facility by providing handmade baby blankets that are going to be used as a positive incentive for moms who are on time for their appointments. This positive reinforcement is to instill good work ethics. Moms who are on time for their appointment will be able to enter their name in a weekly drawing to win a blank or handmade baby set while supplies last.

BETA SIGMA PHI

Our meeting for October was held at the home of Danell Pricer. The Opening Ritual and Pledge of Allegiance were given.

Everyone was reminded of the coming convention o October 12-14. We hope to fill our treasury with the quilt, lanterns, and bracelets.

A great deal of time and effort has gone into making these. They deserve a big round of applause.

Clothes were brought to meeting as requested, and these will be taken to school by Doris Williams and Cathy Parman.

The door prize was won by Carolyn Street. There is always much excitement to see what is in the basket. This raffle money goes to help charities.

Daniell gave a very interesting program on how Asa Griggs Chandler, looking for a cure for addiction to opium, developed the formula that is now Coca Cola.

Our next meeting will be at the home of Cathy Parman. It will be a taco lunch at 12:00.

We invite anyone who would like to join us to call Linda Craig at 438-3399.

Lawrence Harms

Lawrence Harms is a long-time traditional country singer from Missouri that has been 'keeping the music alive' for a very long time. He worked for Silver Dollar City in Branson way,

LAWRENCE HARMS

way back when the music was old-time fiddling and old-time mountain-country Ozark style music. It's fun to listen to that again, and brings back fabulous memories of where 'real' country music originally came from in our part of the world. The Ozarks, like the Appalachians, is a mountain life-style that incorporates into local and regional music 'truths' that stand out, not only in feeling, but in historical happenings. Lawrence (better known as Larry) Harms is also a tremendous writer of these kind of 'truth' songs. He's a strong traditionalist and keeps that 'spirit' alive. Unknown where this was recorded at, but his voice is strong and clear, and stands out just as it should. The old-time methods used for recordings sometimes overlooks the obvious, but even this is not a critique for Larry's voice is loud and clear. Not one 'chase fame' he has always been a participant rather than a competitor, and keeps good old-time gospel music at the forefront of his repertoire as well. A well liked local and regional singer, Larry has been in forefront of Missouri Ozark traditional country music fro something like fifty years. I certainly welcome the opportunity to listen to, and review favorably, this recapture of a great musical genre that is rapidly disappearing from the American scene. Still, as long as there is a Lawrence Harms, there will be the very focus of what 'rural' music is all

MISSOURI DEPARTMENT OF CONSERVATION

Preliminary data from the Missouri Department of Conservation (MDC) shows that young hunters ages 6 through 15 harvested 13,560 deer during Missouri's early youth portion of the 2018 deer hunting season, which ran Oct. 27-28. Top counties for the early youth portion were Howell with 350, Osage with 316, and Franklin with 263 deer checked. Last year's harvest total for the early youth portion was 17,412.

"Warm temperatures and gusty winds this weekend presented much more challenging hunting conditions compared to last year, but Missouri's youth still pulled off a respectable harvest," said MDC Cervid Program Supervisor Barb Keller.

For the latest deer harvest totals by county and portion, visit MDC's website

at <http://on.mo.gov/1jjz7Ew>.

Archery deer hunting continues through Nov. 9 and again from Nov. 21 through Jan. 15, 2019. Up next for deer hunting in Missouri is the November portion of firearms deer season, which runs Nov. 10-20. That will be followed by the late youth portion of firearms deer season on Nov. 23-25. The antlerless portion of firearms deer season runs Nov. 30-Dec. 2. Lastly the alternative methods portion will run Dec. 22- Jan. 1, 2019.

Get more information on deer hunting in Missouri through MDC's free 2018

Fall Deer & Turkey Hunting Regulations and Information booklet available where permits are sold, from MDC regional offices and nature centers, and online at <https://bit.ly/2pamBwF>.

MARIJUANA

(Continued from Page 1)
of the people who develop severe drug habits such as heroin or cocaine stated with a marijuana habit.

Allcorn went on to say that if a person wants to use marijuana for pain then an oral medicine containing marijuana can be prescribed.

Marinol is FDA approved medication for chemotherapy-induced nausea and vomiting, and anorexia from AIDS. Currently, there is no FDA-approved medical indication for prescribing marijuana.

Marinol is a synthetic form of THC (delta-9-tetrahydrocannabinol), as its active ingredient.

THC is a natural component of the marijuana plant, Cannabis sativa, and it's psychoactive, which means it attaches to chemical receptors in your brain and produces a feeling of euphoria, or what we call a "high". Oral dronabinol is the chemically manufactured form of THC that is FDA-approved to treat chemotherapy-induced nausea and vomiting (in patients who didn't respond well to conventional nausea and vomiting treatment), as well as anorexia related to weight loss in patients with AIDS.

Both Marinol and dronabinol come in capsules of 2.5 mg, 5 mg and 10 mg strengths. The medication takes about 30 minutes to an hour to start working, with peak effects at 2 to 4 hours.

Marinol is approved by the FDA for medical uses, whereas marijuana has not been approved for any medical use at all at the federal level. In states where medical marijuana is legal, a healthcare practitioner provides an "authorization" for use that is considered by the federal courts to be protected physician-patient communication.

Additionally, Marinol, or dronabinol, does not contain all the components of the full marijuana plant. The medication is a synthesized version of THC (delta-9-tetrahydrocannabinol), one of over 60 cannabinoids found in Cannabis sativa. Two cannabinoids in marijuana have been studied for medicinal uses: THC and cannabidiol.

But what happens if all three proposals are passed?

According to the Missouri Secretary of State's office, the constitutional amendments take precedence over the state law proposition. If both constitutional amendments pass, the one with the most "yes" votes takes effect.

But legal experts agree that passage of more than one measure will almost certainly result in a court fight. Former Missouri Solicitor General Jim Layton said one key issue remains unclear: If a measure passes but is nevertheless trumped by one of the others, would its non-conflicting provisions also become law?

Former Missouri Supreme Court Chief Justice Michael Wolff figures such nuances will be irrelevant to most voters.

"If they want medical marijuana, they're going to vote for all three of them," Wolff said.

All three would allow patients with cancer, HIV, epilepsy and other conditions access to medical marijuana. The differences largely involve how marijuana would be regulated and taxed, and where the new tax dollars would go.

Backers of the two competing constitutional amendments are waging a bitter fight.

Amendment 2, from a coalition of patients, doctors and veterans called New Approach Missouri, emphasizes the value of medical marijuana for veterans. Post-traumatic stress disorder is among the conditions that would qualify, and a 4 percent sales tax would go to a newly-created fund for health and care services for veterans. The sales tax revenue also would be used to administer licensing of

medical marijuana businesses.

New Approach Missouri spokesman Jack Cardetti said the measure would "put the decision-making process back in the hands of doctors and patients when it comes to medical treatment options."

The competing Amendment 3 effort is financed almost exclusively by Brad Bradshaw, a Springfield personal injury attorney who also is a medical doctor. It would impose a 15 percent tax on the retail sale of marijuana as well as a wholesale tax on the sale of marijuana flowers and leaves. Those funds would be used to create a new state institute to research "presently incurable diseases."

Critics say the Amendment 3 tax would be far and away the highest in the nation on medical marijuana. Cardetti was critical of a provision in Amendment 3 that would give Bradshaw broad powers over operation of the new research institute, including choosing its board members.

Bradshaw, who has loaned \$1.5 million to the Amendment 3 campaign, also is dealing with two tax liens amounting to more than \$119,000. He and his wife were subjects of an \$88,166 lien from the Missouri Department of Revenue in November. Bradshaw's company was the subject of a \$31,375 federal tax lien in April.

Bradshaw filed lawsuits that sought to have the other two measures removed from the ballot over petition signature issues. A judge in August tossed out the suit over Amendment 2. Bradshaw in September withdrew the case against the state law proposal, Proposition C.

Proposition C would impose a 2 percent tax on the sale of medical marijuana to be used for veteran services, drug treatment, early childhood education and public safety in cities with medical marijuana facilities.

Mystery surrounds its backers: Proposition C is supported by Missourians for Patient Care, a political action committee. It has not disclosed its financial supporters. E-mail and phone messages left with the PR and lobbying firm behind the petition drive were not returned, and an attorney involved in the effort declined comment.

Kevin Sabet, CEO of Washington-based Smart Approaches to Marijuana, said his group opposes all three Missouri measures.

Thirty other states have passed medical marijuana laws. Missouri legislative researchers have estimated that more than \$100 million worth of medical marijuana could be sold annually if it becomes legal.

Colorado legalized medical marijuana in 2009 and then legalized marijuana for other use in 2012.

According to the new report by the Rocky Mountain High Intensity Drug Trafficking Area entitled "The Legalization of Marijuana in Colorado: The Impact," the impact of legalized marijuana in Colorado has resulted in:

1. The majority of DUI drug arrests involve marijuana and 25 to 40 percent were marijuana alone.

2. In 2012, 10.47 percent of Colorado youth ages 12 to 17 were considered current marijuana users compared to 7.55 percent nationally. Colorado ranked fourth in the nation, and was 39 percent higher than the national average.

3. Drug-related student suspensions/expulsions increased 32 percent from school years 2008-09 through 2012-13, the vast majority were for marijuana violations.

4. In 2012, 26.81 percent of college age students were considered current marijuana users compared to 18.89 percent nationally, which ranks Colorado third in the nation and 42 percent above the national average.

5. In 2013, 48.4 percent of Denver adult arrestees tested positive for marijuana, which is a 16 percent increase from 2008.

6. From 2011 through 2013 there was a 57 percent increase in marijuana-related emergency room visits.

7. Hospitalizations related to marijuana has increased 82 percent since 2008.

Even if Missourians approve the legalization of marijuana for medical purposes at the state level, cannabis would remain illegal at the federal level. Marijuana remains a Schedule I controlled substance alongside heroin and many synthetic opioids.

The Benton County Enterprise asked several local, state and federal law enforcement officials whether they had a position on any of the medical marijuana measures as well as whether their offices have started planning for how to adapt if Missourians legalize marijuana for medical use.

Benton County Sheriff Eric Knox: "The passage of any of the three proposals will make our job harder at the Sheriff's office," Knox said. "When we pull over someone under the influence of alcohol we can easily determine whether or not that person is driving under the influence by having the person take a breath test but when we pull over someone who is high what would the test be? Also it will be harder to police the marijuana growers."

The main objective is that voters need to be informed about the issues before they head to the polls on November 6.

MUSICAL

(Continued from Page 1)
cal was selected because it not like anything they had ever done before. "I could be flexible as far as casting went since the characters could be either male or female and the costuming was easy. The students are dressed mainly in black pants and a colorful t-shirt," Schockmann said. "We also wanted to do a show which would appeal to young children. This is truly a family show."

Drama coach Jetti Bristow has helped Schockmann with staging and lines. "I am really proud of the students," said Bristow. "They have worked hard and this will be a fun show for everyone."

The cast includes: The Cat in the Hat, Madeline Schockmann; Horton the Elephant, Grady Miller; Jojo, Ariel Givens; Gertrude, Allison Thomas; Mayzie, Alexa Scrivener; Sour Kangaroo, Kathryn Ricke; Mr. Mayor, Lerran Yoder; Mrs. Mayor, Lauren Kreisel; The Grinch, Dakota Steinhoff; Yertle, Schmitz, Kieon Davis; Vlad Vladikoff, Jared Thomas; Sign Who, Benjamin Kawal; Bird Girls, Samantha Blake, Jamie Jorgensen, Aubrie McRoberts, Becky Petesch; the Wickershams, Dakota Steinhoff, Haley Dwyer, Gabrielle Porter, Kylie Clevenger.

Performances are Friday, Nov. 2 at 7 p.m.; Saturday, Nov. 3 at 7 p.m. and a matinee on Sunday, Nov. 4 at 3 p.m. Tickets are \$8 for adults and \$5 for students or children 4 years to 10.

Children three and under are free. Tickets are available at the door or in advance from any cast member. All performances will be held in the Warsaw High School gymnasium. There will also be concessions available before the show begins and during intermission. The music department is also holding a bake sale during intermission. For an entertaining evening, come to "Seussical the Musical" and support our WHS music department. GEMES

(Continued from Page 1)
Mary has seen many changes in banking during the past 38 years. One of the biggest changes was when Mr. Crudginton retired and sold the bank to Larry Beach. Later the bank was sold again and the name was changed from Osage Valley Bank to Hawthorn Bank.

Although Mary never left the bank, the position of president of the bank changed several times from Orla Crudginton to Larry Beach to Betty Beach to the now head man, Chuck Allcorn.

As well as working for several different bosses, Mary also worked with many special people as well. "When I started in the bookkeeping department, I worked with Deanna Spencer, Trixie Barshe, Jannelle DeLong and Susie Barb," said Mary. "We posted and filed every check by hand. In fact, if we were behind, the tellers such as Blondean Arnett would come back and help us as well."

Banking has changed as well over the past 38 years.

"When I went to work for Osage Valley Bank, the only bank was downtown in a building which had been a bank for many years,"

Mary said. "Everything was manual. We counted checks by hand. We prepared all the statements and mailed them right here in town. In fact, our customers could come into the bank, pick up what we called counter checks and just fill in the name of the bank. I remember one elderly man who refused to buy personalized checks when we switched over to personalized checks. He said he had never paid for a check that was the bank's responsibility. I think the bank just bought his checks and gave them to him because he was so upset by the change."

Change, however, comes to every company and change is something all employees have to accept. Mary commented that when the bank switched to using computers it was a big change for all the employees; however, she said that having all the information on the computer makes her job much easier.

Even the hours of the bank have changed since Mary began. "We use to open from 9 to 3 and we were closed on Thursday because we had to be open on Saturday from 9 to 3 because that was when the farmers came to town," Mary said.

Mary has also held several positions in the bank from teller to bookkeeper to assistant cashier to vice president of operations.

"I applied for a job at the bank because I enjoyed bookkeeping and I grew up on a farm and I knew I didn't want to work on a farm," Mary said.

Mary's family (Breshears) lived on a farm near Fairfield that was covered by Truman Lake after the dam was built.

"There were 7 of us and there was always plenty of work on the farm," said Mary. "We were 17 miles from town so we rode the bus to school and there weren't many trips to town."

Mary and her high school sweetheart Mike also raised a large family with 6 children, Teresa, Michael, Todd, Neil, Levi and Chad. Mike and Mary have been married 50 years and now boast a family of 12 grandchildren and 11 great grandchildren.

Employees of Hawthorn Bank will be celebrating Mary's career on her last day Friday, so customers are urged to come by and have refreshments in the afternoon and congratulate Mary on her 38 years with the bank.

Warsaw Football Recap
Pigskin Magazine had Warsaw winning five games this season and so did most people in the area. Well, the Wildcats ended up 2-8, leaving most folks wondering what could have been if a play here or there would have went the Wildcats' way.

First, Quarterback Matt Luebbert would go down with an injury in the off season and Junior Matt Couzens was given the quarterback job. In just his second ever varsity start, he would break the school passing record with 312 yards in a 44-40 lost to Knob Noster.

Eli Hawkins became the odd man out in the running scheme, but led the team in tackles on the defensive side of the ball.

Kieon Davis would be THE MAN and break the school rushing record against Butler with 350 yards. Other than Luebbert and Chase Steiner, who missed most of the season, there were minor injuries along the way. Luebbert could have been an all-state wide receiver and Steiner was improving as a running back.

A bright spot was the emergence of Junior Zach Chapman. He led the team in interceptions and had a couple of huge TD runs. Junior Clayton Simons also took center stage at times as a wide receiver.

Jake Luebbert and Lane Bates were good on the line, along with a few others.

Once again, the kicking game suffered. Some high schools do not take the time to develop a kicker and Warsaw falls into that category.

Freshman Brady Slavens was given the QB job at the end and looked good. He can run the ball and is learning on the passing end of things. El Dorado Springs fans were even impressed with him.

I want to thank Head Coach Ryan Boyer for doing post game interviews with me on the field, even in our bad losses he was always the utmost professional.

Where do they go from here? Slavens will improve. Chapman will probably be your key RB. Simons will be the main target and Bates will bolster the line on both sides of the ball.

To our seniors, I say thank you, as I enjoyed watching you play and I will miss you. I was at practices and I saw the work you put in not just on the field but also in the weight room early in the morning. I enjoyed your wins and I suffered along side of you in your losses.

I also want to thank Bradley Brown for running the camera this year for Warsaw's BCETV football games. As always, I enjoyed traveling to the games with Barry Edwards.

So, another year is in the books. Hey, I got to go find a game to watch.

Warsaw Beats Lincoln In Truman Lake Area League Championship

By Johnie J. Logue
Enterprise Staff

There is help on the way for Warsaw varsity football team as the 5th and 6th graders would win the Truman Lake Area League Championship on Sunday at WHS. The team coached by Kevin Love, Shawn Poyser, JD Wilson, Rick Fajen, and Drew Burdick defeated Lincoln 26-13.

Tydavian Pritchett would score from 70, 35 and 30 yards out to give Warsaw a 20-0 half time lead. John Wilson would intercept a pass as the clock ran out, ending Lincoln's last drive of the half.

On their first play of the second half, Lincoln's quar-

terback Dawson Parrott would take off around the right side for a 50 yard TD and with the extra point it was 20-7. In a quarter with fumbles and flags on both sides, Warsaw held on to the two touchdown lead going to the fourth quarter.

Lincoln would score again in the fourth on a nice pass to Riley Sanders, who out battled Warsaw's defenders in the corner of the end zone and it was quickly 20-13.

Warsaw would score again and it was 26-13 and Warsaw fans began to breathe a little easier.

Lincoln would have a touchdown called back on a penalty after a pass completion had netted some 50

yards.

Two huge defensive plays would sink the Lincoln Cardinals. Jayce DePriest would block a Lincoln punt at the 5:16 mark and Josh Bunch would bust through the line and sack the quarterback in the closing minutes as Warsaw would get the ball back and run out the clock.

Drake Murrell had a nice game at QB and Fisher Love, Ryan Fajen, Brennen Slavens, Shane Poyser, and a host of others played well. Pritchett would switch off from running back to QB off and on during the contest.

The Lincoln football team is made up Peyton Painter #21, Matthew Cook #49,

Dawson Parrott #1, Ben Eckhoff #1, Hunter Vandaveer #4 Dalton Jones #2 Camden Everhart #5, Blake Elrod, Elijah Smith #42. Ethan Goosen #2 Curtis Lopez #72, Ashton Wolfe, Noah Siebert #13, Riley Sanders #20 Anthony Srader #8, Josh Kauffman #5 Bogan Lines #8, Alex Vanblaricon #4 Larry Roberts #45 and Chase Young #3.

It was a great championship game and we are looking forward to next year.

Nightmare Third Quarter Ends Warsaw's Season

WARSAW'S FRESHMAN QUARTERBACK, Brady Slavens, tries to break free from the grasp of Shelby McKinney in the first quarter last Friday at El Dorado Springs. Slavens would later score to give Warsaw the brief 8-0 lead with the PAT only to fall 56-20 to the Bulldogs in district play.

By Johnie J. Logue
Enterprise Staff

The Warsaw Wildcats ended their 2-8 season with a 56-20 lost to El Dorado Springs last Friday night on the road.

The Wildcats scored on their opening drive at the 7:47 mark on an eight yard run by Freshman QB Brady Slavens. The PAT made it 8-0.

Eldo would score after intercepting a pass and completing a 29 yard pass of their own from QB Trey Babcock to All-State Tight End Shelby McKinney. Babcock was questionable after missing last week's game with a high knee strain. It was 8-6 at the 3:11 mark of the first quarter.

Kieon Davis would break from out the pack at 11:16 of the second quarter for a 30 yard touchdown. The missed PAT left the score 14-6 and Eldo fans seemed worried.

Eldo would score from 74 yards out on a fairly simple pass play for the TD to tie the game at 14-14.

However, the Bulldogs would score again at 6:48 to make it 22-14. Warsaw would ramble down to the one yard line with a

minute to play but failed on four attempts to score. Give Eldo credit as their defense stepped up as Dylan Gallette had a huge sack to push Warsaw back to the 11 yard line. Warsaw called a timeout and Slavens ended up running out of bounds to end the half.

The second half was a true nightmare. Warsaw started out with an on-side kick that failed, thus giving the ball to the Bulldogs on the 50. Tanner Witt would race to the one and later score to make it 28-14 with the PAT.

Witt would catch a pass and escape Warsaw's DB and run 50 yards for an easy score to make it 36-14. They would score again and was 43-14 at the 5:56 mark of the third.

Zach Chapman would race 70 yards for Warsaw final TD but it was too little too late. With the game zipped by for the final 56-20 score.

To add insult to injury, El Dorado Coach Derek Scrogins on his post game show, complained that Warsaw left their starters in too long against his JV. Allowing the seniors to play out their careers seemed like thing to

do. They also played "Who Let The Dogs Out."

For the game, Davis was 19-62 rushing and 4-30 receiving with a TD. Slavens was 6-20 passing and 17-94 rushing with three interceptions. Chapman was 2-77 rushing and threw an interception.

The BCE will try to have season stats and updates next week.

WHS Runners Qualified For State

CROSS COUNTY STATE QUALIFIERS Alyssa Alcantara, Trey Palmer, Maleek Porter, and coach Ehren Banfield. They each bested their personal best times at districts at Hollister last week.

By Johnie J. Logue
Enterprise Staff

The top fifteen scores qualify for state in Cross Country. Warsaw had three to make the cut at Hollister last week.

Warsaw Cross Country Coach Ehren Banfield commented on his three qualifiers last week, "Alyssa Alcantara ran a great race throughout the entirety of the 5K. She stayed in that 2nd place slot for most of the race. She had a small pack that followed her but she was able to slowly pull away from them as they slowly slid back.

Trey Palmer and Maleek Porter got out to a good start

and early on and Maleek was sitting in 15th position which is the cut off for qualification to state. Maleek and Trey fought and pushed themselves as they keep position and advanced to state next weekend at Oak Hills Golf Course in Jefferson City.

I am personally happy that Maleek finally qualified for state his senior year as he has wanted to qualify for many years now. He has finally seen his day at achieving a goal he has wanted for a long time. I have never seen Maleek as happy as he was today with his personal achievement."

Shearer Adjusts After Severe Football Injury

By Johnie J. Logue
Enterprise Staff

They are our Friday night warriors. We yell and we scream. We win when they win and we lose when they lose and when one gets hurts, we suffer along with them.

Evan Shearer, a senior at Cole Camp and the son

EVAN SHEARER

of the head football coach, Kevin Shearer, was severely injured last year against Sherwood. He went to Golden Valley in Clinton and received an IV. After a Monday morning seizure, headaches, and throwing up, Shearer went to see doctors at the University of Missouri and received the bad news. He had a subdural hematoma on the right front lobe of his brain.

Being the determined young man that he is, he was able to rejoin his basketball team to end the season and then go on to play a full baseball season. The talk around Benton County was that Shearer was back this year on the football team and that Cole Camp would be that much harder to beat. The wide receiver and middle linebacker was doing well until the sixth game of the season against Buffalo.

Shearer commented, "It was probably the best play of my high school career. The red sea opened up, I saw the running back, I stuck him, perfect form tackle, shoulder pad. It was great, felt amazing."

Two plays later, he jogged off the field and went to his dad and pointed to his head and said, "It is up here again." He felt "heavy feet" like the first time and knew something was seriously wrong. Well, his parents rushed him to Bothwell where they performed a Cat-Scan and later he was life flighted to Columbia. As the doctors said, "he was struck by lightning twice" as he did not have a pre-disposed issue. It was a different spot on his brain. He had wanted to walk onto a college football program somewhere, but his football playing days were over forever. He had played football ever since the first grade and had dreamed of grander times. He had also planned on going into the military, but that is probably not going to happen now.

Shearer commented, "Parents should not be afraid to let their kids play football because of what happened to me. The odds are greater that they will be hurt in a car wreck than on a football field. This was a one-in-a-million freak accident that happened twice. I don't blame football for this. Life didn't give more than I can handle. I feel I have a good grasp on what has happened to me."

He hopes to be released to play basketball and baseball in a couple of weeks. The 4.2 GPA student has eyes on studying pre-med or pre-law or some kind of engineering career and even perhaps being a football coach one day. Right now, he is a defensive student-coach along side his father and is having a great time. As the middle linebacker and the defensive captain, his move into coaching was a natural process.

He is not suffering for any physical problems, but mentally it has been tough. He would later add, "It is hard not to walk out on that football field, but I know

I can't. I feel great but I know I can't play. "As far as coaching the other football players," They are my peers and they know that I am just here to help." The football team have really been behind Shearer throughout his

illness. "I am really close to them. They mean the world to me. I couldn't ask for a better group of guys to be around me." He is great young man and we wish him the very best.

WEEKLY HOROSCOPE

♈ ♉ ♊ ♋ ♌ ♍ ♎ ♏ ♐ ♑ ♒ ♓

Aries 3/21-4/19: Think big and get your goals in mind! Life is full of choices, but don't make too many compromises, you don't want to settle. Planetary placements can spark action and give you the motivation to make your dreams a reality.

Taurus 4/20-5/19: Romantic Venus is retrograde and can bring up old hurts and emotional baggage. Deal with it and let it behind. Your energy can heighten the love vibe now and you don't want negativity getting in your way. Focus on your love list.

Gemini 5/21 - 6/21: Relationships, whether at work or with someone special are your first priority. Someone special can help you open your mind and heart to create excitement about the future. In life, you get further when you focus on positive outcomes.

Cancer 6/22 - 7/22: This is an amazing time! Your love zones are hot with activity. If you are looking for love, you could be in the right place at the right time. For couples, build new memories. A meaningful discussion can be the start of transforming your life.

Leo 7/23 - 8/22: Love, romance and passion are in the stars! With Mars in your love zone, you could meet the love of your life, but be forget, life is full of compromises. Whether you are single or a couple, love someone just the way they are.

Virgo 8/23 - 9/22: Whether it relates to co-workers, friends or your partner, togetherness is what gives you the most satisfaction in life. The more you open yourself up to share your inner thoughts and feelings, the better you will get to know someone.

Libra 9/23 - 10/22: Combined Venus Uranus energy can prompt someone to push you in the right direction for a money opportunity. But don't put all your energy into your career, pay attention to love, too. Be on your best behavior and look your most stunning self.

Scorpio 10/ 24 - 11/ 22: Money is on your radar! With the influence of Mercury, a discussion can open up new opportunities to consider. There is a lot happening and life can be intense right now, but don't get distracted, stay focused on your higher priority.

Sagittarius 11/22 - 12/21: An opportunity to stand up and speak your truth can be challenging but a blessing in disguise. Move forward with confidence. It is up to you to take control and make your life happen - don't sit back and wait for someone else to step up.

Capricorn 12/22 - 1/19: You have responsibilities, but friends are important. Get out and socialize. A social event can put you in touch with someone who captures your attention and heart. Money matters are on your mind, and a new development can be a blessing.

Aquarius 1/20 - 2/18: Your career is on fire! Action planet Mars in your sign puts pressure on you to do more than what is humanly possible - pace yourself. It's wise to work as a team rather than go solo. Family affairs demand your attention, make time for them.

Pisces 2/19 - 3/20: Soul love is in your stars! The blend of both romance and passion can be intense. If in a relationship, you can move love to the next stage. Singles can have a magical connection. Travel is possible, for work or love.

STEPPING STONES

Our Motto: "PLANT YOUR NEIGHBORHOOD"

The Stepping Stones Garden Club October meeting was a very special event. It was held at Patty Orsborn's Amish barn in Autumn Estates, Warsaw. Sixteen members attended. The barn offered ample space to create and decorate. Pat King who demonstrated how to make mosaic pots, is a member and local artist.

Sara Blacklock and Patty Orsborn provided delicious fall treats that included cookies pound cake hot apple cider, and coffee. It was a chilly fall day, a perfect setting for the event.

Before the fun began there was discussion on 2019 FGCM donations. The Missouri Prairie Foundation, the State Fair Gazebo maintenance, Powell Gardens, FGCM Presidents project, State Scholarship fund, Twin Lakes Hospice, Benton county Hospice, Warm House, and Warsaw R-9 Academic Excellence were chosen.

The prior Stepping Stones meeting minutes were approved and the 2019 dues have been paid. A motion was made and approved to resume care of the Hooper House gardens located at the Truman Visitor Center.

A holiday Youth Workshop event will be held at the Warsaw Boonslick Library on November 3rd beginning at 9am. The decorating supplies will be provided by the Stepping Stones garden club. This will be a fun holiday art time for the kids. This proved to be a very popular event last year.

Final plans for the set up of the WCD Meeting and Flower Show and MODOT pickup were discussed.

By the end of our creative meeting mosaic tiled pots

and stepping stones were completed. Our Garden club is very fortunate to have Pat King's time and talent available.

The next Stepping Stones garden club meeting will be held at the Warsaw Christian Church 320 State Street on November 14th beginning at 10 am. A Round Table discussion on "Native Plants" will be held. Each member will present a one minute report on the Native plant name they drew at the October meeting. We will also have a silent auction. Members are asked to bring items for the auction and nonperishable food items for the Warsaw food pantry. And, bring your finished art piece from the October meeting to show off. We would like pictures to put in the yearbook.

Dates to remember: November 3rd Youth Workshop at Boonslick Library 9 am.

November 4th Daylight Savings time ends.

November 14th Stepping Stones mtg . Warsaw Christian church 10 am.

West Central District Meeting and Flower Show

The S.S.G.C. WCD meeting and Flower show was a big success. It was held on October thirteenth at the St Ann's Catholic Church and Rectory in Warsaw. The event was very successful due to the wonderful participation of Stepping Stone members as well as outside garden club members from Windsor Raytown, and Kansas City. We had a rainbow of ribbon awards with lots of blues, reds, yellows and whites. Flower designs as well as Horticulture specimens were judged.

The luncheon was delicious. The menu consisted of barbeque sandwiches, coleslaw, potato salad, baked beans,

chips and beverages that included hot apple cider. An assortment of delicious cake made by members was served for dessert.

A BIG "thank you" goes out to Carl Shipman of Warsaw who cooked the barbeque. Zarda, watch out!

The Flower show and lunch were followed by the WCD meeting. Our FGCM president, Karen Blackmore presided. During the meeting Karen presented "Brightest Bloom" certificates to four S.S.G.C. members: Nancy Konkus, Sara Blacklock, Cindy Keesler and Patty Orsborn. These certificates recognize outstanding service which includes attitude, participation, and organization to their club. Also our annual yearbook received a 1st place (Blue ribbon) award from the Missouri Garden Club Central region. Patty Orsborn is the editor of our year book. Thanks to Patty and all the yearbook volunteers who made this happen.

It was quite a job putting together the West Central District meeting and Flower Show event. However, the Federated Garden Clubs of Missouri recognize the importance to stay informed and educated regarding what our goals are for future gardeners and our earth. We are partners in planting America.

Since the last increase of the motor fuel tax in 1996, Missouri's built 6200 more miles of roads and bridges, with traffic nearly doubling, but due to inflation the 17-cent gas tax is worth only 7 cents of the value it had then, with inflation eroding 60% of the buying power of the gas tax. Prop D is needed to properly fund our roads and bridges.

PROPOSITION D WILL:

Pay for about 46,000 miles of highway pavement and help repair the over 2,000 bridges in poor condition that are getting more dangerous for our families, school buses and emergency responders to cross every day.

This proposition provides a 66% increase or \$123 million annually in new gas tax funding for our counties and cities to be spent on local roads and bridges that are in need of repair.

Prop D will add over \$100 million in funding to state law enforcement who risk their lives for us every day.

A GOOD BARGAIN FOR OUR FAMILIES

Costing the average Missourian only \$1.25 per month initially, the improvements to Missouri's roads and bridges will help grow the economy, reduce vehicle maintenance costs and result in \$1 billion in Federal Matching Funds for our roads and bridges.

REGULARLY AUDITED AND CONSTITUTIONALLY DESIGNATED

The revenue generated from Proposition D will be regularly audited and constitutionally designated to ensure it is spent the way it was intended.

CHASE CRAWFORD FOR STATE REPRESENTATIVE

NEW LEADERSHIP FOR JEFFERSON CITY

I'm Chase Crawford, a 3rd-generation auctioneer, and a former school teacher. Raised in St. Clair County, I now serve as a County Commissioner in Hickory County.

Working in towns across Benton, Cedar, Hickory and St. Clair Counties, and with all the farmers and families and folks in between, I've seen first-hand how regulations and taxes can hurt our rural way of life.

I've never had much use for polarizing politics. In Jefferson City, I'll work to get the resources we need to make our area a better place to live, work, start a business, and raise a family.

Affordable health care and prescription drugs.

Safe country roads to take you home.

Education today for tomorrow's economy.

Protect our seniors and our veterans.

Have I Got A Line For You!

By James M. White, Publisher

Another shooting. Sometimes it does seem that the whole world has gone nuts, doesn't it? This time it was at a Synagogue in Pittsburg. Eleven people gone in the blink of an eye. There is sadness not just for the victims and their families, but sadness for the entire country. Somehow, we've grown almost numb to these horrific events and have gone from shock to "here we go again".

Flu season is headed our way and this brought to mind learning about the Spanish Influenza Epidemic in history class. Editions of the Enterprise from this time period (1918) are illuminating. That fall was an awful time in this county, state, nation, and world. Entries on deaths from "La Grippe," "The Flu," "Influenza," and "Pneumonia" appear in the Enterprise from September through December. This was a worldwide calamity and World War I was raging. The Mayor of Warsaw and county officials ordered that all area activities involving more than several dozen persons were not be held. This included schools, theatres, funerals and weddings. Attendance at church was discouraged and people were asked to pray in their homes or read Bible passages over the telephone with members of their congregation. The Benton County Sheriff announced no visitors would be allowed at the jail. Some prisoners were released to go home to their families, on the understanding that once things got better, they had to return and serve out their sentence. Commerce slowed, people limited their shopping, and many people were reluctant to come to town. Home owners placed signs in their yards stating which family members within were sick. In other instances, "Quarantine"

placards were displayed in Warsaw, Lincoln, and Cole Camp. One death notice included this one from Clinton. "Roland Owen and wife, 603 South Washington Street Clinton, lost their little son, John, October 15, to influenza which developed into pneumonia."

There are people still standing who will recall older members of their family, now long gone, who related living through this time. My Grandmother White told me about losing her brother, US Army 1st Lt, Tom Kelly who died from influenza at Camp Funston KS. By the beginning of winter, deaths from influenza slowed and then sputtered out by spring, and life went on.

A tip of the hat to my old buddy on Locust Street whose birthday is on Halloween. Aunt Jane is also good at sending cards and notes. I'm not, but I wish I were.

I've rambled all over the place in this column and will call a halt to it. In the meantime, remember it's the possibility of good things happening that keep life interesting.

Til Next Week:
J.M.W.

Letters To The Editor

Notice: All letters to the editor must be signed, before they can be printed!

Dear Editor,

Now I understand. But when I was 15 years old and waiting for my Father to take me home from high school where he was a teacher, I did not. I was standing next to him when another teacher asked him, "You're Hispanic, aren't you?" I had heard endless times about how proud my dad was of his native Cuba, "A paradise on earth," and his Spanish parents, so I was shocked when he answered, "No, just American." The man was a bit confused and walked away. After all, Spanish was one of the subjects my dad taught. I asked, "Why did you say you're not Hispanic-American?" "Because I'm not and don't let anyone tell you that either." While I processed that shocker he continued, "When I came to this country I left my loving parents with \$3.00, one suitcase and a piece of paper with the address of the Warren Wilson High School Work Farm in North Carolina. I didn't speak English and it was very hard for me, but 11 years later I EARNED the right to be called an American. I am just as American as you or anyone else. I refuse to be labeled with a hyphen as if I am something different than all other Americans. Being American is a system of beliefs and values. It has nothing to do with your heritage or knowledge of cultures. It is a privilege that I earned legally."

That was the end of the lecture I never forgot. Unfortunately, I never learned to speak Spanish as I should have, but I do understand that we must all make a choice whether to be an American or not. Perhaps all native citizens such as myself should have to take the same training and test as new immigrants before having the full privilege and power to vote in this country. A rite of passage that is sorely needed.

Sincerely,
Stanley Diaz

Dear Editor,

Why wouldn't anyone want to stand with our President to stop this caravan? They're trying to come here and enter illegally. Those in this caravan have painted swastikas on our flag and have burned it. They have no business coming here illegally in the first place. Imagine how they'll act if they make it past our border. YES, Trump needs to send our military to the border. I resent the radical left wanting to abolish ICE and have open hemispheric borders. PLAIN AND SIMPLE, WE NEED THE BORDER WALL!!!

The Right to Work law needs to be passed. You can still join a union if you want, but you can't be forced to join a union. It would also mean more businesses would come to Missouri if unions weren't involved. You can still earn a decent wage with and without a union.

Vote ID laws need to be passed nationwide to eliminate illegals and dead people from voting.

On Life, Liberty and Levin last Sunday a climatologist from the CATO Institute, Dr. Patrick Michaels explained that climate change and global warming are made up from government models and are NOT accurate. These models are made in the hopes of controlling the people. Russia's model is accurate and shows the earth has warmed slightly in the last century. Dark Winter is another very informative documentary by a meteorologist John Casey. God controls the weather and it always recycles. Look at past weather records.

Vote November 6th and remember AMERICA FIRST AND ALWAYS!!! Our future generations will thank us.

Lynne Markham
Dear Editor,

Your vote is Important! Be sure to vote November 6th or get your absentee ballot in by the same date.

One issue that hasn't had much discussion so far is Proposition D that is asking to increase the motor fuel tax. Ads on TV promote the proposition as a method of repairing unsafe bridges and roads. This is a plus because it would also mean jobs for middle class workers who would be paid prevailing wages for these public works projects. These jobs also expand the economy in the area and provide more taxes for schools, police and city government.

But did you realize that this measure will generate at least \$288 million annually to provide for the funding of MO state law enforcement? Local governments would receive an estimated \$123 million annually. Be aware if you vote yes for bridges and roads that about 70% of the fuel tax increase would go to State Police, including Highway Patrol and Water Patrol. Around 30% would go to roads and bridges.

We now pay fuel tax of 17 cents per gallon. Voting yes would increase the fuel tax 2.5 cents per year starting July 1, 2019 and continue each year until the fuel tax reaches 27 cents per gallon, July 1, 2022. The tax would also apply to natural gas, liquid natural gas and propane, but only if they are being used as an alternative motor fuel. There are pluses and minuses to Proposition D. Vote for what is most important to you.

In his letter to the editor last week, Warren Love mentioned that a poll he had taken in 2017 had a majority of yes on Right to Work (RTW), and that was why, when it comes up in the MO Legislature next year, he would vote yes. I'm hearing about other candidates in the state who now are pledging

that they would vote against RTW when it's introduced because 67% of MO voters said NO. In Benton County alone, 65% were against RTW. Warren Love should be representing the people of the 125th district.

Another concern was Mr. Love's explanation of voting for charter schools, but in a limited way. Limited or not, funding charter schools and vouchers means less money for local public schools.

Mr. Love is against Amendment 1 because he believes the redistricting of MO representative districts would become partisan. Our present redistricting procedures came extremely close to being over ruled in the courts because of gerrymandering. Redistricting in Amendment 1 is spelled out in a very impartial way. Democrats and Republicans, both, wouldn't be able to do gerrymandering. Limiting dark money and lobbyist gifts is a real plus and would affect all. Amendment 1 is nonpartisan. The money being spent on Vote No on 1 signs and advertisement is coming from wealthy donors who want to give PAC money to candidates and lobbyists. Please remember Mr. Love's views as you vote.

Another important vote on November 6th is for candidates of the MO Senate District 28. Joseph Poor has some really good goals and beliefs. For education, the legislature should budget fewer corporate tax cuts and tax cuts for wealthy people and use this money for higher education and K-12 schools. Joe wants to improve access to higher education and training for lower skilled and blue-collar workers. He believes we should establish prescription drug monitoring programs to battle substance abuse in the state and to stop being able to get prescriptions from multiple doctors for opioids. Joe is against RTW and feels we must Finish the Job we started with our Vote NO on Prop A.

Sandy Crawford, his opponent for the 28th District, mostly states she's running on her experience of having served a few years. Mrs. Crawford voted for RTW, voted to repeal MO's prevailing wage laws and voted against raising the state minimum wage. Sen. Crawford voted to kick 63,000 senior citizens off of the MO RX program, which provides funding assistance for prescription drugs and she voted against a prescription drug monitoring program to fight the opioid crisis. She repeatedly voted down funding for public education. Most of the money for her campaign has come from PACs.

Joseph Poor stated, "We can't solve tomorrow's

problems with today's leaders using yesterday's thinking, and so often it seems like that's what we're trying to do."

This is a very important election. We need to elect people who can represent us and become part of the checks and balances that our government set up. Congressional, Judicial, and Executive branches are supposed to work independently of each other. U.S. and MO Congresses are supposed to be their own entity to choose nonpartisan judges and help our people strive for liberty and justice for all, and not allow executive privilege to be what is governing us. Vote November 6th. We CAN make a difference!

Valerie Larm

I couldn't cook when I was younger. After getting married at age 25, I realized that someday, sometime, I was going to have to cook something so I went to school.

My younger sister never did learn; she was more than awful. She crossed over many years ago but her cooking fiascos remain a family legend. Not a stupid woman, she had several college degrees and a masters, but didn't have much common sense. One year for my birthday she decided to make a cake. However she couldn't remember the difference between a cake and a pie pan. So she made the cake in pie pans, put them together so it looked like a flying saucer. She did note that it was really hard to frost the sides! Indeed. The entire family unmercifully teased her for years.

My niece showed me some recipes I had given my sister, trying to inspire her to make something. She did make the following, easy enough so that even a confused cake baker could make these.

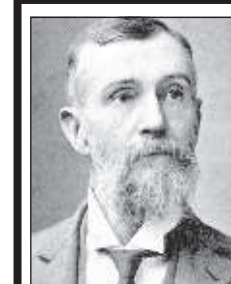

Quick Oven Buttered Corn Sticks

4 tablespoons butter, melted
2 cups biscuit mix
1 can creamed corn (8-3/4oz)

Preheat oven to 450.
Combine biscuit mix and corn; stir until forms soft dough. If really sticky add a little more biscuit mix. Knead about 15 strokes on a lightly floured surface.

Roll out into 6x10 inch rectangle. Cut into 1x3 inch strips. Take each strip and heavily brush each side with the melted butter. Place in shallow baking pan and bake for 10 to 12 minutes.

I like these with honey and more butter.

WORD ON THE STREET

If you had the opportunity, would you take a voyage on the newly constructed Titanic II?

Probably not. I'm just not interested.
Rosy Mitchell

Yes, if it doesn't stop where it did last time.
Scot Lesswell

Absolutely. Today's technology is so much better.

MAKING SENSE OF INVESTING

RICKIE Caswell, AAMS®
Financial Advisor

Is Your "Digital Estate" in Order?

If you spend a lot of time on the internet, you're not just shopping or being entertained, or following the news or participating in an online community. You're probably also dealing with accounts and information that eventually can become part of your digital "estate." And if this estate isn't properly looked after, it can lead to confusion and conflict among your survivors, as well as an opportunity for hackers to try to get at whatever resources they can touch.

If you haven't stopped to think about it, you might be surprised at the number of assets that could become part of your digital estate. You may have financial accounts (banking, brokerage and bill-paying); virtual property accounts (air miles, "points" for hotel bookings); business accounts (eBay, Amazon, Etsy); e-mail accounts (Gmail, Outlook, Yahoo); social networking accounts (Facebook, Twitter, Instagram); online storage accounts (Google Drive, iCloud, Dropbox); and application accounts (Netflix, Kindle, Apple).

Given all these areas, how can you protect and preserve your digital estate? Here are a few suggestions:

- Create a detailed inventory of digital assets. Following the categories listed above, draw up a list of all your digital assets.

- Document your wishes for how you want your digital assets managed. If you don't specify how you want your digital assets managed upon your death or incapacitation, you might be opening the door to lengthy legal battles over access to these assets. In a worst-case scenario, your heirs and beneficiaries might never get the assets you had intended for them.

- Name a digital executor in your last will and testament. A digital executor can accomplish a variety of tasks related to your digital estate, such as transferring online assets to your heirs; closing accounts you don't want transferred; managing personal materials by archiving or deleting files, photographs, videos and other content you have created; and, finally, informing online communities of your passing. When choosing a digital executor, you'll want someone you can trust, of course, but you'll also want to make sure that person is skilled enough in technology to search your computer properly and navigate the internet and multiple websites. Not all states recognize a digital executor, so you may want to consult with a legal professional to learn about the laws governing digital estate planning in your state. Also, even if you have a digital executor, online platforms enforce their own rules about who can or can't access a deceased person's accounts. If you are concerned about this, you may want to contact the customer service areas from these types of providers - Google, PayPal, Facebook, etc. - to learn their policies.
- Review your plans. Review your digital estate plans on a regular basis, just as you do with your physical/tangible estate plans. The digital world is a fast-moving one, so you'll need to stay current with changes.

In some ways, managing a digital estate can be more challenging than dealing with a physical estate. But by following the above suggestions, you can help reduce any "cyber-angst" your loved ones may feel

PROPERTIES WILL BE SOLD IN THIS ORDER AND ON SITE AT EACH ADDRESS

#1) 102 N. Commercial. Selling at approx. 11 am. Move-in ready! 2 bedrooms, 1 bath home on 66x132 lot. This clean home has like-new carpet, central heat/air, oak kitchen cabinets, and warm knotty pine or painted sheet rock walls. Kitchen is complete with dishwasher, refrigerator, and glass-top cook stove. Located by the Katy Trail and within walking distance of downtown, this would make a great starter home, retirement, or rental. Starting bid on this home is only \$30,000. And will sell to the highest bidder over that!

#2) 405 W. Florence Approx. 11:15 am 3 bedroom, 2 bath home on Corner Lot with nice shade trees. This home sports a large bath off the bedroom, covered back porch, and covered front deck. Has central heat, and a basement/storm cellar. Located within walking distance of Caseys General Store, and by the Katy Trail. Starting bid on this home is only \$20,000. It will sell to the highest bidder over that. Home is currently rented.

#3) 309 E. Jackson Approx 11:30 am 3 bedroom home on nice corner lot. The brick architecture on the front of this home gives it pleasing curb appeal. Inside, the living and dining rooms have nice hardwood flooring. The attic bedroom has a private exit door going out to a deck. There is a garage in the basement, and a shop building with a carport on the side. Starting bid on this home is only \$40,000, and will sell to the highest bidder over that. This home has been rented to the same person for several years, who will consider continuing to rent from the new owner.

#4) 304 E. Jackson Approx 11:45 am 91 x 156 Vacant lot. This vacant lot sells ABSOLUTE to the highest bidder with NO reserve!

Terms of Real Estate: Buyer will pay 20% of purchase price down day of auction, to be placed in escrow until closing (approx. 30 days). Taxes prorated at closing, seller will furnish title insurance. For information or to view property, contact auctioneers.

FFA Teaches Students About Importance Of Agriculture

By Anita Campbell
Enterprise Staff

The Warsaw High School FFA Chapter participated in the Food for America event by sponsoring a day for students to learn about the importance of agriculture in society on Friday, October 5.

FFA members set up exhibits for students to learn about where their food comes from as well as other aspects of producing the food they eat. Students from Ruth Mercer Elementary, North Elementary and South Elementary were bussed to the high school to participate in the day.

Exhibits were set up and explained by the following FFA members: Dairy Goats, Derek Maddux and Luke Rasberry; Horse Care, Alexis Mantonya and Donna Pitts; Draft Horses, Allison Pool and Savannah Neth; Use of Drones in agriculture, Wesley Drake and Austin Brazel; Hay Baling and Equipment, Lerran Yoder; Fish, Zach Sharp and Jake Graham; Corn, Austin Rossner; Chocolate Chip Cookies, Julie Long and Devin Hawley; FFA, Semaj Stinson and Brendan Griffith; Gunstocks (Forestry Products), Dakota Macon; Natural Dyes, Emmaleigh Kowal; Beef Cattle, Natalie and Sarah Johnson; Bottle Calves, Kaitlyn Hawley and Aidan Comer; Goats, Jeremiah Johnson and Chris Harrell; Sheep, Jesse Johnson.

Hunting Safety, Zach Nelson and Illusion Haidusek; ATV Safety, Dakota Steinhoff and Parker Grego; Pumpkins, Woodola Johns; Highland Cattle, Nicole Say; Rabbits, Ellie Wassman; Chickens, Hyleigh Hines; Guinea Pigs, Dennis Harrison; Corsican Sheep, Jared Thomas; Welding safety and application, James Kellner; MODOT, Eric Flores; Chronic Wasting Disease in White Tail Deer, Missouri Department of Conservation (Drew Burdick).

"More than 18 percent of all Americans are employed in the industry of agriculture. To most people, this information comes as a complete surprise. The food we eat, the clothes we wear, the paper on which this information appears, perhaps even the ink that printed it—all are based in agriculture," said FFA adviser Stan Adler. "Our purpose is to show students how important agriculture is to our society. They need to understand that the food they eat does not just magically appear in a store. There are people who grow that food."

Agriculture is America's largest industry, employing more than 21 million people in everything from growing food to selling it at the supermarket. And less than 2 percent of Americans are actually farmers and ranchers.

Today's agriculture employs people in many different professions. They include specialists in production agriculture, processing, distribution, trade and marketing, the environment, nutrition, food safety, research, agricultural policy and nearly 200 other career areas.

Agriculture has grown into a high-technology, futuristic enterprise. It is America's largest single business. Because of this growth, the United States

has evolved from a nation in which producers could provide only for themselves to one in which they are helping provide for the basic needs of the world's population.

Benton County Residents Injured In Johnson County

By Anita Campbell
Enterprise Staff

Two Warsaw women were injured in an accident on U. S. 50 east of Route P in Johnson County on October 28 at 3:12 PM.

The accident occurred as two vehicles were west-bound on U. S. 50. A 2006 Chrysler driven by Craig A. Dewitt, 21, of Warsaw overtook and struck a 2003 Ford F350 driven by Randy Rittman, 60, of Knob Noster. The Dewitt vehicle ran off the left side of the roadway and came to rest in the median.

Dewitt was taken to Western Missouri Medical Center by JCAD with moderate injuries. Dewitt was wearing a seat belt. Passengers in the Dewitt vehicle, Mary J. Porter, 20, of Edwards and Charlie J. Sprinkle, 20, of Edwards were transported to Western Missouri Medical Center of JCAD with moderate injuries. Porter and Sprinkle were not wearing safety devices.

Cpl. J. J. Crump of the Missouri State Highway Patrol investigated the accident. Johnson was assisted by the Johnson County Sheriff's department.

Lincoln Man Seriously Injured

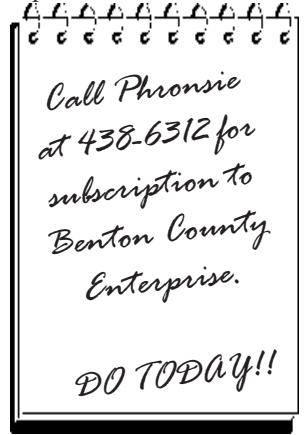

By Anita Campbell
Enterprise Staff

A Lincoln man was seriously injured in an accident at the intersection at White Rock Avenue at Harper Road in Benton County on October 29 at 12:20 PM.

The crash occurred as a 1993 Dodge truck driven by Jerald Brandt, 71, was travelling eastbound on Harper Road and experienced a mechanical failure. Brandt was unable to stop at the intersection and crossed over White Rock Avenue and struck two trees before coming to rest. Brandt was not wearing a safety device.

Brandt was taken to the University of Missouri Medical Center in Columbia with serious injuries.

MSGT N. K. Johnson of the Missouri State Highway Patrol investigated the accident. Johnson was assisted by TPR. T. W. Murrell and the Benton County Sheriff's deputies.

HOPEWELL BAPTIST CHURCH NEAL BROOKS, PASTOR

What a beautiful drive to church this week! Janice Putnam led the Sunday School opening. Billy Quessenberry led our music and Donna Schutz was at the piano. We enjoyed meeting Helen Rose, the newborn daughter of Bro. Neal and Emily Brooks. Happy 21st birthday to Bethany Quessenberry. We will observe the Lord's Supper this coming Sunday. Please remember Joe, Virginia and Josh Scott in your prayers as well as Dorothy Feaster. Warren Love gave the children's message and spoke of the Bible being God's road map to Heaven. Randy Polson sang a medley of songs, including I'll Fly Away, to honor a special lady, Dorothy Feaster. Colossians 3:12-17 was the scripture text for the morning message. Do Everything for the Glory

of Him. These verses, written by Paul, tells what Christians are supposed to be like. As God's chosen people, a people set apart, we are to clothe ourselves in compassion, kindness, humility, gentleness and patience. To be humble is to give God the credit for the goodness in the things we do. We should forgive others in the same way God forgives, deeply. The body of believers are to be peaceful and thankful. Christ's place is to govern the church. At the close of our service, Randy and Angie Polson came forward to place their membership with Hopewell. Welcome, Randy and Angie!

LINCOLN FIRST BAPTIST CHURCH

May the Lord bless and keep you. It has been lovely autumn weather. I really enjoy this season. 42 enjoyed Sunday school today including 1 visitor. Leah and Delilah who are twins celebrated their 4th birthday. Many are on the prayer list. Please be in prayer for each of them. Movie night will be November 3rd at 6 PM. Movie will be "Mile in His Shoes." 5th thru 12th grade are invited as well

as adults. Don't forget daylight savings time ends November 4th. Set your clocks back so you are not late for church.

Text for the message was Luke 15. Pastor referred to the parables of Jesus. His focus was on the Parable of the Coin. The woman represents God who searches for His lost people. Christ is the husband and the bride is the church. God doesn't loose what He has. The church is to care for the coins and to find the lost ones. The Word of God is the light and when we open it we let it shine on others. God's word shows us what everyone needs. Because of our attitudes we loose those who are lost. Sweep, turn on the light, find the lost and rejoice.

In 2 Peter, Peter tells us to increase our knowledge of God's word. Knowing God means to desire Him more. We have been given everything by God both eternal and earthly. Find out what God's promises are and stand on them. God never fails to prove His promises. Be partakers of His divine nature and power which we can do things. You don't have to have all the answers because God does.

UNTIL NEXT TIME GO WITH GOD AND GOD BLESS.

Mike's Custom Bobcat

Clear Property Without Burning

Are you wanting to open up your brush covered property? Give Mike's Custom Bobcat a call. Mike Taylor has been in business in Warsaw for over two years and he specializes in tree removal and clearing

land. "Many of my customers are from the Kansas City area and they have purchased land down here to use for deer hunting, but the brush and tree cover make it impossible," said Taylor. "So, they call on me to clear out areas for trails and clear areas for camping."

Taylor has a bucket, post hole drill, fork, stump grinder, and

other equipment to take care of any land improvements.

With Mike's Custom Bobcat service, a customer can have a selected tree removed or a total clearing. With Mike's Bobcat, he is able to take the tree down, grind it up, and use the remains for mulching on the site. The customer is able to open up the property without burning.

Check out Mike's

Custom Bobcat on Facebook or call Mike's Custom Bobcat at 816-752-5051 to schedule an appointment with Mike.

Warsaw CTC Receives New Grant

By Anita Campbell
Enterprise Staff

Warsaw R-9 School District Assistant Superintendent Christian Meier presented the Warsaw Board of Education with a Career Technical Education grant that he had applied for during the summer. The Board accepted the grant for \$7,662 which will be divided between the agriculture, business, FACS and health departments.

The agriculture department plans to purchase a plasma torch for their projects. The business department plans to purchase additional software as well as sending their instructors to professional development sessions. The FACS department will purchase a digital camera as well as electronic dolls. The health department will also receive some of the funds but have not decided on their purchase. The grant was specifically designated for career and technical classes.

"I didn't come on board with the R-9 District until July 1 which was when the grant applications were due but I contacted the state and was given permission to apply so I did and luckily we won a grant," said Meier.

In other business, the Board was presented with the results of the Assessment Committee's findings from the Parent Communication Survey. Surveys were distributed to all parents in the R-9 District and of the 1,248 students, 276 parents responded.

Most parents felt most comfortable receiving school information from a phone call from the school (88%). Other forms of communication included: E-mail, (74.3%); Mail Home, (35.5%); School Website, (20.3%); and Social Media, (19.2%).

Most parents were interested in receiving school information from the following: My student's teacher, (53.6%); Building principal, (31.5%); and District office, (14.9%).

On a scale of 1-5 with 1 being strongly disagree to 5 being strongly agree, how would you rate the district's current efforts to communicate with parents? Parents rated the district as 4 for (33.3%); 5 for (30.4%); 3 for (22.1%); 2 for (7.2%) and 1 for (6.9%).

Of those surveyed, 48.6 percent were parents of high school students; 39.1 percent were parents of middle school students; 36.2% were parents of North School students; 21.7 percent were parents of North School students; 21.7% were parents of South School students; and 11.2% were parents of Ruth Mercer students.

During the principal reports, all principals reported that attendance is up compared to this time last year.

A work session for the Board of Education members will be held on October 30 from 10 AM until noon.

The next Board of Education meeting will be held on November 15 at 6 PM in the CLC room at the high school.

MISSOURI CATTLEMEN'S ASSOCIATION

Cattlemen Reiterate Need for USDA to Regulate Fake Meat

The National Cattlemen's Beef Association (NCBA) highlighted food safety and product labeling expertise within the U.S. Department of Agriculture (USDA) during a two-day public meeting on lab-grown fake meat October 23-24. The public meeting, hosted jointly by the U.S. Department of Agriculture (USDA) and the Food and Drug Administration (FDA), featured a wide range of topics for consideration, including potential production hazards, food labeling, and marketing claims.

NCBA President Kevin Kester and President-Elect Jennifer Houston delivered remarks during the open comment periods of the session. Houston explained why USDA is well-positioned to apply current food safety processes to lab-grown fake meat products. Two-thirds of the facilities already overseen by USDA are "processing-only" facilities where harvesting of animals does not take place.

"Ensuring lab-grown fake meat products are subject to strong, daily inspection by USDA's trained professionals is essential," she said. "The health of consumers is on the line, and USDA is far better suited to ensure the safety of lab-grown products."

Kester focused his comments on how USDA oversight protects consumers against false and misleading marketing claims.

"USDA can be trusted to enforce truthful, transparent labeling of the products under its jurisdiction," he said. "Beef producers welcome competition, but product labels and marketing must be based on sound science, not the misleading claims of anti-animal agriculture activists."

The Missouri Cattlemen's Association (MCA) led the effort for Missouri to become the first state in the nation to pass legislation requiring transparency with consumers.

"The Missouri law is all about marketing with integrity," said MCA Executive Vice President Mike Deering. "If it's grown in a laboratory or is derived from a plant, consumers deserve to know that. It's that simple."

Deering said MCA sup-

ports efforts to ensure USDA is the agency responsible for regulating and providing oversight of lab-grown food products.

"FDA has a history of being very relaxed when it comes to accurate labeling on food products. We are fine sharing shelf space, but these products must go through the same rigorous inspection process as the products farm and ranch families produce."

A Missouri Life & Missouri Values

During her time in Congress, Vicky has focused on restoring the American Dream for our families, providing for the common defense, and standing up for our values.

Restoring the American Dream

- Supported the largest tax decrease in American history which has created jobs and allowed families to keep more of their hard-earned dollars.
- Fought for a Farm Bill that works for our farmers and expands rural broadband to our communities.
- Established the MO Drug-Free Initiative to encourage our young people to live drug-free and to help those impacted by drugs find recovery.

Keeping Us Safe

- Ensured that our military is fully funded, ready to meet any threat.
- Co-sponsored legislation to reform the VA and ensure timely access to care.
- Passed legislation giving border patrol agents more tools to stop drugs coming into our country.
- Passed in the House the Police Officers Protecting Children Act to allow off-duty or retired police officers to protect our kids on school grounds if local school boards want them to.

Protecting Our Freedoms

- Vicky is a passionate defender of our constitutional rights, and is A+ rated by the NRA, and is 100% pro-life.
- Passed in the House the Empowering Law Enforcement to Fight Sex Trafficking Demand Act to give law enforcement officers the resources they need to find and prosecute these criminals.
