Warsaw Sets Hearing Date For Revocations

By
Homer May
County
Reporter

In late session Monday evening Aug. 20, Warsaw Alderpersons set a 5:45 PM Tuesday September 4 hearing date, for revoking City Business Licenses for non-payment. City Clerk Jessi Kendall said there are presently about 25 businesses with unpaid licenses.

The meeting opened at 6 PM, with Alderpersons Lou Breshears, Eric Flores, Adam Howe, Eric Masoner, Dave Williams, Terry Marshall Sr. present. Mayor Eddie Simons was absent, and Alderman Flores served as pro tem. City Clerk Kendall recorded. First business conducted was to approve a revised agenda, and minutes of Aug. 6 regular and executive sessions, then authorize payment of bills presented.

Visitor Mac Vorce, Executive Director, Warsaw Area Chamber of Commerce, proposed slight modification of the upcoming Heritage Days format, to allow for a hunting and fishing venue in the Drake Harbor area, in a newly designated See WARSAW Page 7

Warsaw Welcomes New Fire Truck

By

The Warsaw Fire Protection District (FPD) recently purchased a new Peterbilt fire truck that far outshines

and replaces the Department's 1967 model that has served the District for about 50 years. The new glossy red model is 10 feet tall and 29 feet long, compared to the old truck that is about seven and a half feet tall and 22 feet long. The new vehicle has the ability to

pump 1,250 gallons of water per minute, compared to 750 GPM in the old truck, and firefighters can now sit on air ride seats in the cabin with power steering and air conditioning. They will be more comfortable than they were while riding on a bench seat without modern

equipment. Oh! The back of the new truck sports an eye-catching picture of the Warsaw High School Wildcat.

"The truck is a 2014 model that was built from scratch and purchased at Fire Master Fire Equipment, Inc. in Springfield," See TRUCK Page 7

Domestic Violence Victims Empowered By Fundraiser

Four years ago a woman named Anna left her home in Europe for a vacation in the U.S. After arriv-

ing, she met a preacher's son and was "tricked" into marrying him. He immediately changed into a "control freak" who entrapped her by spending her money, taking her green card and phone, and making her believe that she would be in trouble with the law if she tried to find

help. She was verbally, emotionally and economically abused, and because of her financial loss, she lost her European house. Eventually, she escaped from the situation and stayed temporarily in different shelters. But, she

Warsaw Resident Brings Down The House At State Fair Idol Competition

TAKING THE TOP SPOT at the Missouri State Fair Idol Competition, Shirley Green has gained considerable attention around the state for her vocal prowess.

Eighty-one year old Shirley Green of Warsaw was named the first place winner at the Missouri State Fair Idol contest on Sunday. While Shirley has been singing all of her life, she was not expecting to win.

"I told my friends that I would go up there and sing in the first round but I was sure that I wouldn't make it past the first round, then

I went on to the next round and I was just so surprised when I was selected for the finals," said Shirley. "I could not believe I had won. I mean, me up there with all those talented younger women."

Shirley had recently won first place in the Voice of Katy Trail contest so her friends urged her to enter the Missouri State Fair Idol contest. In fact, Shirley hadn't been to the State Fair in years, but this year she went three times.

Shirley grew up in Climax Springs and spent SING Page 7

 Local businesses displayed their school spirit by participating in the WHS Junior Class Spirit project on Monday. According to Junior Class sponsor Jennifer Greene, the junior class raised almost \$400 as they painted local businesses with spirit phrases and symbols.
 Several juniors spent their first free Monday going up and down Main Street painting "Go Cats" and other popular spirit phrases as

well as painting footballs, softball and volleyballs for the fall sports season.
 "We have a great community," said Greene. "Local businesses also gave to the junior class for shirt sales. We raised over \$3,200 for shirt sales, \$2,000 went towards the shirts with the rest going to pay for the venue for Prom."
 Any business who would like to participate in helping the juniors paint the town green should contact Jennifer Greene at WHS 660-438-7351, extension 1052.

THE BENTON COUNTY, MO COMMUNITY EMERGENCY RESPONSE TEAM (CERT) classes have been scheduled for Benton County in Warsaw, MO. All classes will be held at the Warsaw/Lincoln Ambulance conference room at 1206 Medic Dr. Warsaw. The C.E.R.T. classes will educate individuals about disaster preparedness, about hazards that can impact the immediate areas involved in the disaster and provide training in proper basic disaster response skills. These skills will involve fire safety techniques, light search and rescue techniques, team organization, disaster medical operations, life saving skills with an emphasis on decision making processes, rescuer safety, what to expect in terms of immediate services and how to do the greatest good for the greatest number of people. All classes will be held in the evenings at 5:30 PM to 8:30 PM to enable those citizens who cannot attend day classes an opportunity to be a part of this vital community service team. There will be no charge for the classes.

The C.E.R.T. Classes will be held on three consecutive Mondays and three consecutive Thursdays. September 10th - Disaster Preparedness, Personal Protective Equipment & C.E.R.T. Organization; Sept. 13th - Fire Safety and Search & Rescue; Sept. 17th - Medical Part I & 2; Sept. 20th - Disaster Psychology & Terrorism; Sept. 24th - Hands on Demonstrations and Practice; Sept. 27th Communications Training & Course Review. Oct. 2nd - Final Testing & Full Disaster Simulation. Since different phases of the program are covered in each session, it is necessary to attend all the classes for a total of 20 hours. However, things do happen, so a Make-Up class will be held on Saturday, Sept. 29th from 9:00 am to 12:00 noon.

The classes will be taught by the Samantha Henley, Deputy Director, Benton County, MO Emergency Management with the assistance of Marie Payne- Bowman, C.E.R.T. Coordinator; Christy Barber, Martha Foster, Sal Rios, Jude Kelly, Deputy Sheriff Storm Walker and numerous professional members of the various EMS and medical services in Benton County.

The C.E.R.T. program trains citizens to be better prepared to respond to emergencies (tornadoes, floods, earthquakes, terrorism) in their communities when they happen, as well as assisting with non-emergency projects that help improve community safety. If interested, please email Marie Payne-Bowman at paynebowman@aol.com or call Martha Foster at (660) 438 6927. More information about C.E.R.T. can be obtained by going to Facebook at bcmoem.com.

AMERICAN LEGION POST #217

Members of the American Legion Post 217 family were saddened to learn of the passing of a 40-year member and World War II veteran Ernest H. "Ernie" Fischer this past week. Although he had been a resident of the Lincoln Care Center the last several years, Ernie continued to be interested in what was happening at the Post. His family brought him to see our new building a few weeks ago. A luncheon was held at the Post following his funeral giving us one last opportunity to honor his service. He

will be missed.
 The post is once again hosting a Patriot Day Ceremony on the Courthouse Lawn on September 11 at 11 AM in memory of those killed on September 11, 2001. All law enforcement, firemen and other emergency responders will be honored.
 Other upcoming events include a Gun and Knife Show Friday and Saturday September 7 and 8 at the Post on Wildcat Drive. The Legion Riders Chapter members are selling tickets for a Gun Raffle. The Auxiliary is planning a Halloween Dance for Friday, October

Benton County High School Football

It is hard to believe, but we are days away from the start of the 2018 high school football season. We hope to have the sports edition out by next week but until then I thought I would take a look at what we might expect from our three teams.

It is sad and odd at the same time that arguably the best athlete at both Lincoln and Warsaw are out with injuries in the case of Jackson Beaman and Matt Luebbert. Both excelled in football, basketball and baseball. Beaman is expected to play some but not at the starting QB spot. That job has fallen to Junior Bo Kroenke. Kroenke has played QB before so the position is not totally new for him.

Luebbert is out for the season and hopefully will play basketball and baseball. So, the QB job will be in the hands of Junior Matt Couzins. Couzins has shown a good arm and he makes good decisions. The thought was to put Luebbert at wide receiver if he did come back and I think he would have made all-state at that position.

Junior Kaden Harms will be the man at the QB spot for Cole Camp. He is coming off a pretty good sophomore season that earned him all-conference honors.

Warsaw has two good running backs in Eli Hawkins and Kieon Davis. Hawkins is your short yardage fullback and Davis should break more than a few long runs this seasons.

Lincoln has returning all-conference running back Gage Kahler. This kid is beaming with confidence and should have an impactful season.

All Conference Senior Jordan Farrar, Junior Marshall Fisher and Senior Evan Shearer will bolster Cole Camp's backfield. Shearer is the sleeper of the three as he was hurt most for last season.

All district and all conference Wide Receiver Adam Boyd from Cole Camp could be the best receiver in the county this season. However, Warsaw Senior Dalton Nickles may have something to say about that before the year is out. Lincoln has a pretty good player in Junior Nate Hesse returning. Kroenke was all conference at that position a year ago.

If Sophomore Devon Parrott for Lincoln is not the best kicker in Benton County then I don't know who is. Their secret weapon is not secret anymore.

Pigskin Magazine has Lincoln at 7-2, Warsaw 5-4 and Cole Camp at 6-3.

Hey, I got to go find a game to watch.

WHS SENIOR RUNNING BACK KIEON DAVIS is wrapped up by two Osage defenders during Friday's nights Jamboree at Randy Morrow Field. As always, the event was a lot of fun with a good crowd and a chance to get a glimpse of the 2018 Wildcats.

Football Is Here

By Johnie J. Logue
Enterprise Staff

Well, the 2018 WHS Football Jamboree is history and as always it was a lot of good, old fashion fun. The fans got a taste of football and the players were able to tackle someone other than their own teammates.

Head Coach Ryan Boyer commented on the event, "The jamboree is a glorified practice and is a chance for the coaches to evaluate the younger players. It gives the kids a chance to play against someone other than their own team. We were very pleased with our effort tonight. We have come along way from last year."

The jamboree also gives the players a chance to impress the coaching staff and to earn more playing time. It is evident that with all of the game films available that the coaches don't show everything they have at a jamboree. That was evident with the low scoring totals and the fact that all four teams played their JV squads quite a bit during Friday night's action.

Warsaw is preparing for Cass Midway next week at home. Pigskin Magazine had Warsaw at 5-4.

The districts match-ups came out Friday and Warsaw will once again have powerhouse Lamar to con-

tend with along the way.

Warsaw's defense looked stronger at times. Lane Bates got a sack early in the first contest. The fans observed a few holes in the defensive secondary. Dalton Nickles made a couple of real nice tackles. Justin Martin and Cameron Taylor scored TD's for Warsaw.

The Warsaw coaching staff consists of Coach Boyer and assistants Danny Morrision, Kyle Stoecklein, Jared Steenburgen, Nathan Parker, Justin Thomas and Johnny Eierman. With three former Warsaw quarterbacks in that group, then the QB position should be solid and well

informed.

The team manager is Ashten Cunningham.

Speaking of quarterbacks, both Matt Couzins and Brady Slavens had fair showings. Couzins didn't show the magic in his arm but I am sure we will see it next Friday night. Sadly, Matt Luebbert is out for the season. He had the makings of an all-state receiver even if he couldn't have returned at QB. Now it falls to Dalton Nickles, who showed some good ability late last season.

For those keeping score, Warsaw beat Osage 1-0, tied Buffalo 1-1 and tied Skyline at 0-0. We hope to see you at the games.

Warsaw Senior Befriends Underclassman Teammate

By Johnie J. Logue
Enterprise Staff

In this day of bullying, it is very refreshing to find someone who has enough compassion to befriend and stand up for someone who is being bullying.

WHS Senior football player Eli Hawkins known by some as "the Beast", is one such person as he has befriended Sophomore Kameron Andrews. Kameron was diagnosed with a disorder called, "Short Stature" and was made fun of by the other kids his age.

His mother Amanda Rose commented, "It had gotten to the point that he didn't want to go to school, let alone play any sports. I literally had to beg him to get him to play this year. Eli went out of his way daily to holler at my son saying things like, "Hey big man or "See you later big man," and pat him on the back. He doesn't say it in a hateful manner at all and is always trying to help out my son and make him feel welcomed and comfortable." She went to say, "The

whole team has done great this year, but Eli has really just gone above and beyond. Eli, if you are reading this, "Thank you!"

What some people may not know about Hawkins is that in football practice he doesn't like to hit his teammates with full force. He is just a soft hearted "Beast" and is probably a much better player during the games than at practice for that very reason.

So, the next time you go to a Wildcat game take a good look at numbers (40) Eli Hawkins and (18) Kameron Andrews. They are great friends and thanks to Hawkins, Andrews is out on that field every single day practicing hard like the other boys.

Just a closing thought, wouldn't it something if other kids at WHS and other schools would follow Hawkins lead and be a big brother to a younger, smaller kid. Yeah, this bullying thing could be stopped to some degree if somebody somewhere would step up. Thanks Eli!

Meet The Cats Fills Drake Harbor With Wildcat Pride

DRAKE HARBOR WAS AWASH IN GREEN during Saturday evening's "Meet The Cats" event. Bringing their school and community spirit to the event were Wildcats front row: Kinsten Cunningham, Aubrie McRoberts, Kya Schepker, Payge Adair, Kiersten Grobe. Back row: Madison KCoskey, Taylor Howe, Karlie Jones and Aspen Whitaker.

Several hundred people packed Drake Harbor on Saturday night to "Meet the Cats" as a kick off to the Warsaw High School fall sports season.

Members of the WHS football, volleyball, softball, cross country and cheer squad, as well as the Wildcat Marching Band, introduced themselves to the public. Coaches of the various sports spoke to the parents and community supporters about the upcoming season.

The annual event, sponsored by the Benton County Youth Coalition, offered free hot dogs and soda to the attendees. There were also games and a raffle.

BCYC also sponsored Fifth Quarter events after all home football games on Friday nights.

Equity Bank and local churches also sponsor the

Pasta Feed on Thursday night after football practice for the WHS football team. Then, on Friday morning the team meets at McDonalds for a team breakfast.

"We have a great community that backs our teams," said WHS Head Football Coach and Athletic Director Ryan Boyer. "We appreciate all of them who go out of their way to show our students support."

The first varsity football game of the season is August 24 when the Wildcats will take on Midway at 7 PM.

The WHS Softball girls will head to Marshall on August 25 for the Marshall Tournament.

Then, on August 27, the JV Football Cats will play Skyline starting at 5:30 PM.

Check out the Warsaw High School web site for a listing of all upcoming events.

Chapter Twelve- Gotch You

Just then the dog ran out onto the court and barked at Kooley. The pig was not to be outdone so he took off down the sidelines. The farmer went after the dog and asked Tom to catch his pig

Tom had never held a pig so he figured there was a first time for everything. He had never been to 1927 before either for that matter, but here he was chasing a pig during a basketball game. There was a little vestibule in the corner of the building that was out of sight from everybody and everything. Well, the pig ran for that area and Tom trapped him in the corner. Just then, Phillips shoved Tom and said, "Keep your pig off the court, pig farmer," and then shoved Tom against the wall. Well, Phillips had pushed little Ricky Tatum all over the floor during the game so Tom nailed Phillips with a right hand that sent him to the floor. Tom grabbed the pig and walked back to his seat.

The game resumed and Thorhagan would hit three in a row for a 18-8 lead. Another thing about this little gym was that it was dark. The lighting was very poor. However, Torre had the best gym in the area and most teams were willing to play there rather than have a home game. Several towns played outside on a concrete slab.

Torch had earned his reputation in tournaments playing on much nicer courts with high ceilings and good lights. The Torre backboards were made of wood and had a thud like sound when someone banked a shot. Gotch learned to use the backboards to his advantage.

Viper doubled team Torch every time he got the ball. It looked like it was going to have to be on the shoulders of James Gotch. He was 5'11 and a senior. Stark, Doyle, Tobias and Zimmerman were also seniors and this would be Torre's last winning season for awhile. Torch at 5'11 would move to center and he and Tatum would be surrounded by an inexperience squad of five new players.

MSHSAA had just started in 1927 and their two state championships were localized tournaments.

At this present time, Viper had jumped to a 28-18 half time lead. Thorhagen had 18 points. Torch had six. No team had scored more than 24 points against Torre this season for an entire game, much less a half, and that was Westmore College. High schools were averaging 19 points a game against the stingy Torre defense.

Halftime was just five minutes and Coach Morgan was busy instructing his players. His original game plan wasn't working. He had brought his chess board with him and was positioning his players on the court.

Starks, Tobias, Torch, Zimmerman and Gotch would be on the floor for the second half. Viper had put their three starters back in. It would be 17 minutes of pure basketball fury.

Tom glanced over at Victoria Sinclair. She looked worried. She was absolutely gorgeous and was a nice distraction from the game.

Kim Flippin Awarded MRTF Grant

REGION 6 VICE PRESIDENT OF Missouri Retired Teachers Association presents the North/South School Libraries with a check for purchasing Mark Twain Award books. Accepting the grant are Judy Kinkead, president of the Benton County Retired Teachers, South School Principal Jared Wallace, South School teacher Rachelle Yoder, Assistant Principal RME Shannon Deckard, North School/RME Principal Caleb Petet, and Warsaw R-IX District Superintendent Dr. Shawn Poyser. R-IX Elementary Librarian Kim Flippin was unavailable due to her mother's illness.

Missouri Retired Teachers Foundation (MRTF), Region 6 Vice-President, Arleta Godwin, presented elementary teacher Kim Flippin, of the Warsaw School District, with a \$500 check at the all school staff workshop on August 10. This \$500 award will assist with Ms. Flippin's project of purchasing Mark Twain award winner books for her students. This will allow her students access to read those books and enter a contest, as well as, help pay the cost of the trip for those students to the Children's Literature Festival held in Warrensburg each spring.

The MRTF, organized in 2001, is a tax exempt 501 (c)(3) charitable corporation devoted to raising funds to carry out certain charitable, educational, scientific, and literary purposes of the Missouri Retired Teachers Association and Public School Personnel (MRTA). As such, donations to the Foundation are tax deductible. MRTA, organized in 1960, is the membership association of over 27,000 education retirees where members strive to uphold and improve the integrity, value, and mission of our public schools so that all school personnel may live healthy, vital lives and be secure economically, socially, and professionally in retirement.

This year statewide, there were 309 applications for the Classroom Grants, with 98 Grants awarded in the state's 14 Regions. Region 6 includes the 9-county area of Bates, Benton, Cedar, Dallas, Henry, Hickory, Polk, St. Clair, and Vernon counties. The Grant applications were due by June 30, and winners were to be awarded their \$500 checks by September 15. The Grant Applications were to include detailed information

Eierman Update

By Johnie J. Logue
Enterprise Staff

Warsaw's Jeremy Eierman is batting .220 with six home runs and 16 rbi's after 47 games in the minors for the Vermont Lake Monsters. Eierman, who has played the last four year years with an aluminum bat at Missouri State is now becoming accustomed after the slow start to using the wooden bats.

Look for the Warsaw product to up his average and power numbers as time goes by. Numbers can be a little deceiving as he has hit several hard hit line drives thus far that have found their way to a fielder's glove. In due time those shots will eventually fall in.

Eierman was drafted as the 70th pick overall in the MLB draft by the Oakland A's. All of the Warsaw fans wish him the best.

It was intense. The crowd for the most part had lost hope. Little did they know what they were about to see. Tom knew bits and pieces and he had somehow traveled a hundred years back in time to see it. but even he would be surprised. To be continued.....

Benton County SMART START Partners With The ELKS

THE BENTON COUNTY HUMAN SERVICES COUNCIL would like to thank the ELKS for their vital participation in the SMART START event this year. Jerry Mewszel, Mike Blyth, Barry White, Tim Fink, Mary Ferrie, Dennis Schoen, Sherry Blyth.

Each year SMART START assists families with school supplies for children K-12 for the new school year. The local ELKS chapter in Benton County provided over 500 backpacks and pencil pouches, along with many other school supplies, for the event this year. Kristin Fisher, coordinator of SMART START, was contacted by Betty Mewszel about partnering on school supplies through the ELKS' Promise Grant funds. Through their funds, the ELKS were able to supply a much needed and somewhat expensive item-

backpacks. Each year we face a challenge in procuring enough backpacks for all the children in Benton County who need them. This year however, through the generosity of the ELKS, we were able to ensure that all children were able to go to school with a backpack. The Benton County Human Services Council and SMART START want to give a big "thank you" to the Elks. Through their giving, together, we were able to ensure that many children were able to start school with a SMART START.

TRUCK
(Continued from Page 1)
said Rob Lane, Chief of the Warsaw FPD. "The truck sat on the lot until we bought it, so it is in brand new condition. The purchase price was a good deal at \$245,000. We had been putting money aside for a new truck for a while and were able to buy it outright without having to ask for additional taxpayer money."

The new model has ladders, on the side, and hoses on top. Some firefighting equipment will also be moved from the old truck to the new one. The truck is a 2,000 gallon pumper tanker. It can be used as a pump tank or as a tanker that shuttles water from wherever it can get it during a response to a fire.

"We find water to fill the tanker in whatever location we can, including swimming pools with owner permissions," said Lane.

The old WFPD fire truck had a front mounted pump, and was jointly owned by the rural fire department and the City of Warsaw. It is being sent to the Central Polk County Fire Department in Missouri.

There are 24 members of the all-volunteer WFPD. One is a certified EMT and another is in EMT training. The department is not required to have EMTs, since an ambulance often accompanies fire trucks to their calls, but in the event that an ambulance is unavailable, medical help is still available. Members train two times a month on such things as basic fire fighting, extraction, rescue, and they practice pumping and doing water shuttles.

The WFPD has responded to two major, news-making fires in recent history including the arson fire at the American Legion Hall on August 11, 2017, and one at The Landing, Restaurant and Boutique, in August of 2016, thought to have been caused by an electrical short. The Department has also recently performed a vehicle extraction and had to rescue a gentleman who fell between buildings.

"However, we haven't rescued any cats from trees," said Lane. "Have you ever seen a cat skeleton in a tree?"

VICTIMS
(Continued from Page 1)
didn't regain her confidence and feel safe until she was accepted into Place at the Lake, Benton County's domestic and sexual violence resource center.

Anna said that when she was taken into Place at the Lake (PALS) several months ago, she was emotional, crying and hysterical, but the Lord told her to call their hotline and there was a room for her that had just opened up. After only a short period of time, her seizures came down, as well as stress and medicines. She said that it is a Christian-based shelter which is awesome, and the place is beautiful with fantastic support from the staff. She has been put in charge of organizing the PALS fundraiser that is coming up August 24-25, and it has boosted her confidence tremendously.

"I was told by my abusive husband that if I left him, or went to a domestic violence shelter, I would be arrested and jailed as he didn't file the immigration papers," said Anna. "He said that I was illegal. I believed this, so felt trapped and had no one to turn to. I was totally alone. But what he told me is not true. I want other women who are being held against their will, because they were deceived & brought here from abroad to be abused, robbed or used for sex trafficking to know that there is a special section in immigration for victims of domestic abuse and entrapment. You can go to any shelter in America! They can and will help you, give you a safe place to stay, and find you an attorney to take your case. Often, many work for free on cases for victims

of entrapment & domestic abuse of immigrants. So, please don't think you are trapped forever like I did. Call the hotline for domestic abuse. Walk in to your nearest police station or stop a police car if you have to. Even the police will help. You have the same rights as any other victim to be protected and kept safe from your abuser! Without Place at the Lake and another shelter I went to, I would never have known that most shelters don't even know about U.S. Citizenship and Immigration Services (uscis.gov) that spells out the rights of people like me. I only learned about this from an attorney.

Anna is trying to give back to the shelter by volunteering every day in its PALS Treasures Thrift Store at 201 E. Main Street in Lincoln. She also talks to other victims who come to the shelter to give them hope that they will survive their past abuse. She has moved out of the shelter and is being helped by a partner while she works with a legal advisor on her immigration status. She is presently not able to get a job or benefits because of the lack of the green card, but is going through the immigration process that may take as long as two years.

Place at the Lake is a faith-based, non-profit organization that provides shelter, education, advocacy and empowerment so domestic and sexual violence survivors can affect positive change. The victims who seek help from the shelter can suffer from sexual violence; physical, psychological, emotional, verbal and economic abuse. PALS provides education, legal and medical resources, hospital advocacy and helps victims with employment searches, resume building, furnishings and clothing, life skills classes and emergency shelter. But most of all, the shelter and its staff provide love and encouragement to rebuild self-confidence.

The all-volunteer center began organizing in 2006 by a group of ladies who said that domestic violence was terrible and decided to do something about it. PALS

Treasures, the group's thrift store, opened in 2008 and is one of the only stores that receives and sells used furniture. The shelter opened in 2012 and can house up to nine people (a combination of adults and children). The shelter often houses victims who are on the run from abusers in other parts of Missouri and other locations. It helps men, women and children of all ages, and teens who report sexual abuse can be referred to helpful resources.

"There are more women than men who request help," said Judy Cline, President and shelter manager. "That is probably because men are less likely to report abuse. Men seem to suffer more from financial and emotional abuse."

Although PALS is generously supported by local businesses, churches and individuals, its financial needs are substantial in order to maintain the shelter facilities. A fundraiser entitled PALS Thrift Store Outdoor Flea Market and Fun Day is planned for August 24-25 from 9 AM to 4PM to help with expenses at the shelter. It will be held in the parking lot at the thrift store and there will be hamburgers and hot dogs, a bake sale, and an auction of items donated by local businesses on Saturday at 1:30 PM. There will also be children's activities including animal balloons and face painting. A ten-foot vendor booth is \$20 and an eight-foot table can be rented for an extra \$10. Vendor and attendee information can be obtained by calling 240-210-3740.

"We always need volunteers at the store, on the Board of Directors and those qualified to work with clients," said Donna Harms, Vice-President. "We especially have the need for organizations to plan and hold fundraisers for us. Many of our volunteers are advanced in age and need help with this extra responsibility."

Call the CRISIS HOTLINE number 866-374-9044 if you or someone you know wants to discuss forms of violence or get assistance.

spot. The group agreed. Vorce also mentioned that Warsaw recently received an award for its work in trails improvement.

Under new business, the group approved an ordinance providing "common sense" guidance for employee personal cell phone use at work; also approved an ordinance wherein the City will enter into a contract with City Attorney Cale Haddock for services outside presently contracted attorney services. The matter involves a \$50,000 USDA grant for the City's Main Street project.

Alderspersons also authorized the Mayor to execute an agreement with the Missouri Highways and Transportation Commission, in connection with a Traffic Engineering Assistance Program, with \$8,000 federal and \$2,000 City money involved. That project will be budgeted for a 2019 project. And lastly, the group approved an ordinance authorizing the Mayor to obtain what is expected to be a short term loan relating to costs of constructing an eight-unit hanger at Warsaw's Municipal airport, initially approved Aug. 6. Grant funds are expected to pay off that loan before long.

City Planner Randy Pogue informed the group that several architectural firms will soon receive RFQs related to construction needed at the former UMB Bank on Main St., to be eventually occupied as City offices. He also updated the group on a TAP grant project which will see sidewalks, curbs, gutters, etc., constructed between Cosmic Coffee and Cow Patties, on Main St.

Pogue then mentioned that Proposition D, a state fuel tax increase idea, will be on the November ballot and, if passed by citizens, the City stands to receive more than \$33,000 as its share, and Benton County might receive as much as \$435,000 ... all funds to be put in transportation budgets. He did not comment on the proposal. People Service Manager Mark Breshears reported there were four recent breaks in water lines on

Sycamore St. Reports from other departments, boards and commissions were received without comment.

The session closed about 6:25 PM, to go into executive session on a real estate matter. The open sessions are usually held at 6 PM, 1st and 3rd Monday eves; visitors are welcome, but check with City offices (Ph: 660-438-5522) for up-to-date information.

SING
(Continued from Page 1)
her early childhood singing in her father's church in Climax. "My daddy (Guy Jones) sang and played the guitar in church," Shirley said. In fact one of her first public appearances was singing with her sister Kathryn on KWTO in Springfield. Shirley remembers they sang the gospel tune, "Heaven".

Shirley attended school in Climax, however, she quit school before graduation and was married at 15. She and her husband Roff Green would raise 6 children, 4 sons and two daughters. They even formed a singing gospel group 'The Singing Greens'. The Greens' daughters (Elaine Robertson and Brenda Denney) are still singing as part of the gospel group 'Second Generation'.

In fact, Shirley often attends Cowboy Church in Fristoe where her brother

Guy Jones, Jr. is the pastor. She plays the piano for church as well as singing.

"I don't read music, I play the piano and I sing by ear," Shirley said.

While Shirley usually sings gospel for the State Fair Idol contest, Shirley sang "I Never Once Stopped Loving You" and "You Ain't Woman Enough to Take My Man".

"I received a standing ovation for both of these songs so I decided not to change what I was singing," said Shirley.

Two of her sons were able to be with Shirley at the finals and they both joined her on the stage after the announcement of her win. She was also lucky to have many of her friends including Earlene Reser and her sisters at the Idol finals.

"It was the most exciting thing to happen to me in a while so I was beyond excited," Shirley said.

The mother of six, grandmother of 16 and great grandmother of 19, Shirley still lives on her own in an apartment in Warsaw and still drives herself wherever she wants to go. In fact she just recently bought a 2017 Jeep to get herself and her friends around.

"I am a real go getter and I intend to keep on having fun as long as I am here," said Shirley. "I believe in being happy and I live for today."

WARSAW AREA NEWS

By Linnie Newman

I want to apologize for not having any news last week. I was in Kansas City for a medical checkup on my heart. Everything is good. I really feel good too. We stopped at the Cody Bryan Home on the way back and everyone there was busy getting ready to work concessions at the fair. That sounds like a hot job to me.

I would like to take the time to thank each and every one that helped in any way on election day. A big thank you to my fellow workers Joyce, Ron and Linda at the Shrine Club and all the voters in the Fristoe voting precinct. Congratulations to all the winners. I enjoy working at the poll and seeing people I've known for several years.

On Sunday August 12 I attended church at Shiloh along with BFF Iva Sweeney and heard Billy Smith bring the word of God to us. After church Iva and I went to Collins and had dinner at Smith's Family Restaurant. Good old home cooking and we also did some sight seeing.

Shirley Church of Lincoln is back from her trip to New York and she really enjoyed it. I'm glad she's back safe and sound.

On election day Johnny and Darlene Spaug came out and I found that he is still playing the guitar at the Legion every Tuesday from 1 to 4. He's great and has it down pretty good after doing it for a few years. Also, if you want to cut a rug head out there. The Spaug's live down this way and I worked with Darlene at Unitog. Johnny was also part of the Truman Lake Opry Band, but us semi-retired at age 69. Harold and Edie went to West Plains on Monday this week to take their grandchildren home after spending some fun time with them and eating Edie's good old home cooking and doing some fishing. Special thanks to them and Roland, Brent, Butch and Brenda for all of the help they give us. May the Lord bless and keep you all.

The weather has cooled off some, but still shoots up there in the afternoons. Here's hoping we'll get some more much needed rain.

I spoke to Lila Barnes of Libby, Montana today and found out that her sister Lou Ellen has passed on. They are daughters of the late Bill and Mary Barnes of Shawnee Bend.

Deepest sympathy to the Applegate Family and also to the family of Virginia Flippin. She leaves her children Mike and Kim behind. She worked at Unitog as well and was also my neighbor on Polk Street. Res in Peace, Debbie and Virginia and may God be with your families.

Nolan and Beth Hudgens had his granddaughter Lori Leach and her son Austin Roeback visiting them. Lori is the daughter of the late Jim Hudgens who now lives near K.C. Nolan always enjoys visitors.

I attended the Truman Lake Opry Friday evening. They had a real good crowd. Dee Dee's little grandchildren sure stole the show.

Guess I'll sign off and get this to press. Take care each and everyone. God Bless you all. Happy Birthday and anniversaries to those that have them. Remember your older friends and neighbors and our nation and those that protect us.

I'll be back next week. Call me with news anytime. 660-438-5939

FRISTOE AREA NEWS

What a nice couple days it has been. The Good Lord knew those Fristoe Arnett girls Pumpkin Patch was desperately needing a drink, therefore He sent a wonderful rain. Thank you Lord! Papa Arnett walked down to check out the pumpkins and said it was going to be a really good crop!

The Antwiler Memorial Park Board reminds everyone that the Annual election of board members will be Monday night September, 10th at the Park Board meeting at 7:00 PM in the Fristoe Community Building.

The Fristoe Lighthouse Church wants to mention that it had special visitors Sunday morning in Rusty and Jeremiah Johnson in attendance of church and Sunday school with their Grandmother Lula Mae Johnson. The church is proud of the Johnson family and their faithful attendance. Others to make mention of are Ray and Ruth Lowry who have been faithful to attend since their wedding a couple months ago and Claude and Delores Prater that are not only faithful in attendance but also bring their music as a blessing. God is good!

A great big Happy birthday shout-out to DeWayne Colbert on August 24th and Jon "The Firefighter" Davis on August 28th.

The Fristoe community sends heartfelt condolences to the family of Virginia "Ginny" Flippen on her passing. Ginny was well known in the Fristoe area and loved by all. She was such a blessing while working at the Golden Valley Clinic in Warsaw. She is greatly missed.

Names on our prayer lists this week: Br. and Sis. Ullum at the Lighthouse Church, along with Leland Brown, W.Y Garrison, and Mary Scarborough.

Prayer meeting: Tuesday

morning 9:00 AM. Fristoe Lighthouse Church!

Community Bible Study: Thursday morning 7:30 AM. Fristoe Community Building!

Happy Trails Cowboy Church: Sunday evening,

6:30 PM. Fristoe Community Building!

Thought for the week: I'd rather be a failure at something I love than a success at something I hate!

Wishing a happy, safe week to all!

Spotlight Business Of The Week

By Anita Campbell

The Hangry Pig

Barbecued Brisket & More!

Looking for someplace new for lunch? Try The Hangry Pig located on the NAPA parking lot across the street from Walmart.

Owned and operated by Justin and Sarah Gerlt, The Hangry Pig offers brisket, pulled pork, burgers and many different combinations of barbecue sandwiches along with cole slaw and baked beans.

Open since June 15, Justin says he decided to open a unique food truck because he enjoyed cooking and he had been smoking meat for a long time.

"I worked in Sedalia for about 13 years and I decided to quit and try my hand at running my own business," said Justin.

The Hangry Pig is open Thursday from 11 to 7; Friday

and Saturday from 11 to 8 and Sunday from 11 to 6.

The Hangry Pig will be down on Drake Harbor for Heritage Days and Justin plans on bringing back the popular Smoked Turkey Legs.

"Business has been great, even better than I had anticipated," said Justin. "I thought it would take a while for word to get around about our red trailer but we have had a great summer and plan to be open year round," said Justin.

While Justin hasn't ruled out someday owning a restaurant, he likes the convenience of cooking from a trailer. Justin pulls his red trailer home every night because he does all of his cooking in the trailer.

"It takes 20 hours to prepare

the brisket and 10 hour for the pulled pork," Justin said. "We cook everything fresh, never frozen so it helps to have the trailer at home."

The Hangry Pig has been selling 100 pounds of brisket and 100 pounds of pork and 30 pounds of hamburger every week since opening.

"We make our own barbecue rubs and sauce as well as using our own recipe for cole slaw and baked beans," Justin said.

Some of the specialties include Boss Hog, a slow smoked pulled pork sandwich topped with pickled red onion; Pit Master, a slow smoked brisket sandwich topped with pickled red onion; and the Big Q, a 1/4 pound brisket and 1/4 pound of pulled pork topped

with coleslaw and red onion.

Justin and Sarah and their two sons, Radley and Skyler, are ready to serve you at the Hangry Pig and they are also willing to travel to cater your event.

Just look for the big red trailer with the pink Hangry Pig on the side and get ready for a dining delight. Call 660-723-2019 to schedule your event with the crew from Hangry Pig.

Have I Got A Line For You!

By James M. White, Publisher

Sunday was a gloomy day, and the rain didn't help, even though we needed it. The rain brought to mind something my Dad once told me. He said residents were fascinated with the annual spring floods before Truman Dam was built. Backwater would sometimes be waist deep in the lower portions of Warsaw. The Town Branch was a prized fishing spot with schools of bass and crappie in the backwater. Locals knew that the Osage originated in Kansas and there would invariably be someone among the river watchers say, "I wonder if it's raining out in Kansas?" Knowing his affinity for the Sunflower State, I'm sure Dad was the first to supply an affirmative answer.

Let's move on. To where though? How about Iconium? I passed through it yesterday afternoon and remembered the Toad Suck Grill. It had great barbecue and pulled meat sandwiches. Toad Suck, by the way, was the settlers original name for Iconium which is by the Benton and Saint Clair County line. It's beautiful country down there and, like the hidden little Village of Brownington, might be a good place to hide out when the Chinese, North Koreans or Lord knows who else "come to get us."

Warsaw resident Virginia Flippin died last week. Condolences go out to her family. Losing friends and family members is always difficult. Remembering the many good times over the years though, seems to help a bit. At least I've found that so. Virginia was a "charac-

ter" in the true sense of the word and you always knew where she stood on an issue and where you stood with her. She was one of the most kind-hearted people I've ever known. Her Wednesday morning visits to the Enterprise office could be counted on to bring a sense of levity when things were "going to hell in a hand basket." I'm privileged to have known her and call her my friend. God Speed Virginia.

Another weekend will open its door soon. I hope you get to do something you enjoy. In the meantime, keep your powder dry. Who knows what's ahead.

Til Next Week:
J.M.W.
P.S. From everyone at the Enterprise, we send special birthday greetings to Pam at Borings. It's people like her that give Main Street lots of PIZAAZ!

RICKIE Caswell, AAMS®

Time To Put Excess Cash To Work?

You'll always want to base your investment decisions on your own needs and goals. But there may be times when you might consider adjusting your portfolio because of risks and opportunities. Now may be one of those times.

Here's some background: In recent months, the Federal Reserve has raised short-term interest rates several times, and given its generally favorable outlook on the economy, it has indicated it may continue bumping up interest rates gradually over the next year or so. The Fed doesn't control long-term interest rates, but these rates often follow the lead of short-term movements. However, longer-term rates haven't yet risen as much as shorter-term ones, which means the difference between short- and long-term rates is relatively small, historically speaking.

This doesn't mean you should make drastic changes to your portfolio. You still need to stick with the asset allocation that's suitable for your situation, which typically involves owning a certain percentage of growth-oriented vehicles, such as stocks, and a certain percentage of fixed-income securities, such as bonds. However, if you do have space in the fixed-income part of your portfolio, you may find the higher interest rates offered by short-term bonds and certificates of deposit (CDs) to be attractive. To take advantage of this opportunity, though, you will need to have the cash available to invest.

Some people hold too much in cash, waiting for interest rates to rise, or

Letters To The Editor

Dear Editor,
The Warsaw Police Department would like to thank the Warsaw Leathernecks Det. 1254

as protection against the risk of a market decline. But holding excess cash involves its own risk - the risk of not investing. So, if you have your cash needs covered, you may want to consider investing any excess cash.

To determine if you are holding excess cash, you'll need to review your entire cash situation. For example, do you have enough cash, or cash equivalents, to create an emergency fund of three to six months' worth of living expenses? This fund can be vital in helping you pay for things like a major car repair or an unexpected medical bill without dipping in to your long-term investments. And, of course, you need enough liquidity to provide for your lifestyle, including your regular spending needs - your mortgage, utilities, groceries and so on. Also, you may want to set aside enough cash for a goal you want to reach in the next year or so, such as a vacation.

But if you have taken care of all these needs and you still have excess cash, you may want to consider putting this cash to work, possibly by investing in short-term fixed-income vehicles now being issued at higher interest rates.

And keep in mind that regardless of where interest rates are going, bonds and other fixed-income investments can offer some key benefits to investors. In addition to providing a source of regular income, these types of investments can help reduce the effects of volatility on your portfolio. While bonds can, and will, fluctuate in value, they typically can provide more stability to your portfolio and tend to behave differently than stocks over time.

After years of historical lows, shorter-term rates now have risen to levels that are more attractive to investors. Take the time to review your situation, perhaps with the help of a financial professional, to determine if taking advantage of these rates may be appropriate for you.
