DURING A TOUR OF BENTON COUNTY on Monday, Congresswoman Vicky Hartzler met with Warsaw Police Chief Jason Wenberg. Hartzler praised Chief Wenberg for his bravery during a May gun battle resulting in the Police Chief being shot. Wenberg took down the assailant, saving the citizens of Warsaw from a potentially horrific situation.

## Hartzler Hails Police Chief As Hero

United States Representative Vicky Hartzler was in Warsaw on Monday, July

9, to speak to local veterans and business people.

Hartzler's first stop was at the American Legion Hall where she addressed the veteran's concerns about health care.

"There is a shortage of doctors and nurses in the VA

hospitals which we are trying to change," said Hartzler. "Private hospitals are able to recruit doctors while they are still working as residents; however, the VA Hospitals cannot compete so they are unable to fill the positions we have. I am

sponsoring a bill to address this issue."

Several veterans voiced their concerns about how long it takes to get an appointment at a VA Hospital.

"We are investing hundreds of millions of dollars to hire more people to work See HARTZLER Page 7

Rodeo fans filled the arena for the Twenty-seventh Annual Benton County Rodeo on July 6 and 7.

Bethany Tye was crowned Benton County Rodeo Queen. Madi Glor was crowned Rodeo Princess and Riley Nevius was crowned as the Little Miss of the Rodeo. Rodeo Scholarship winners were C. J. Parks and Madi Glor.

According to Rodeo volunteer Erin Kellner, both nights of the rodeo had great attendance but on Saturday night it was standing room only.

In Steer Wrestling the winner was Tyler Mann See RODEO on Page 7

EQUESTRIANS WERE IN THE SPOTLIGHT at the Benton County Rodeo including Madalyn Arnett. The annual event took place in Warsaw last weekend and was presented by the Shawnee Masonic Lodge.

## Child Drowns In Lake Of The Ozarks

## FRISTOE AREA NEWS

Another hot week has just passed. Temperature in the mid nineties but feeling like 101 - 105 most days. I know we will be wanting some heat in January when the temperature is 10 degrees or maybe even zero to 5 below.

Reminder: Antwiler Community Park cordially invites you to the Annual Old-Fashioned Pie Auction, Saturday July 21st, 2018 at 7:00 PM and The Benton County Candidates will be providing Hotdogs, Chips, Cookies and drinks beginning at 5:30. So hey everybody, come on out early have a FREE dinner, visit with friends and neighbors AND meet the candidates! Also remember that all proceeds go to and benefit the Antwiler Community Park for Park improvements!

Had a word from former Fristoe resident Nancy Tackis who is now residing on their boat at Slidell, LA. She mentioned it is hot, humid, and muggy down there also. Nancy's husband Daren is still traveling from Louisiana to his work in Modesto CA and Nancy stays with their boat with her companion Libby. Yes she still has her dog Libby. I was glad to hear from her and find all is still good with her and Daren.

Wishing a happy anniversary to Jim and Teresa Jackman, better known as Papa and Granny, from their group of grandchildren. Jim and Teresa celebrate their anniversary on Thursday July 12th. Hope you all are having a great week!

Fristoe was wonderfully represented Friday and Saturday night July 6th, and 7th at the Benton County Rodeo. Last years Lil' Miss winner Madalyn Arnett and last years Princess winner Donna Pitts both residents of Fristoe, were there to pass the crowns they won last year on to this years winners. Donna and Madalyn both made the residents of Fristoe attending the rodeo very proud.

Please keep in mind our friend's daughter Cindy Grotz as she seems to still be struggling with seizures or type of attention loss. Cindy is the daughter of Dennis and Donna Grotz and would very much appreciate the continued prayers for Cindy's recovery. Please keep David First, Darrell Smith, W.Y Garrison, Mary Scarbrough and Fristoe Pentecostal Lighthouse Senior Pastor Kenneth Ullum. Fristoe Lighthouse Church is having a carry-in dinner right after services Sunday morning July 15th, to celebrate the birthday of Pastor Tony Smith who is celebrating his birthday that day Sunday July 15th.

Prayer meeting: Monday morning, 9:00 AM, Fristoe Lighthouse Church

### WARSAW LEATHERNECKS DETACHMENT 1254

As a Veteran Organization we are more than aware what our Law Enforcement Officers face each and every day.

They deserve our support and we will accomplish that by hosting a Fish Fry on July 20th, 2018 for the Benton County Sheriff's Office and the Warsaw Police Dept. to generate funds for them.

All proceeds from this event will be donated to this worthwhile cause.

We consider our law enforcement members to be the first line of defense to protect our citizens and having said that it is imperative that they have the proper safety equipment to function as safely as possible.

Come join us to show your appreciation for what they do. 607 E Jefferson,

Warsaw, Mo.

## For The Love Of The Game!

Written By  
Johnie J. Logue

Two of the best basketball movies I know of are naturally Hoosiers and Blue Chips. I have watched both many times. The problem I have is that neither coach seems to understand the game very well. One thing is that Gene Hackman says no player is irreplaceable. Seriously? You have a Michael Jordan, LeBron James, Kevin Durant, and a host of others on your bench?

However, the real problem for me is not that he wants his players to pass four times before they shoot but that he doesn't seem to have a handle on the game. There was a local coach who had his players pass nine times before they could shoot. I know that because I sat by a player's dad one night and questioned why the kid wouldn't shoot an open shot. His dad informed that if he would had shot then he would had been made to run laps in practices the next day.

More so is true of Nick Nolte in Blue Chips. He repeats himself several times. Again, they are great basketball movies, just somebody with more basketball knowledge needed to work on the script when it came to the coaches.

In my fictional story "Faded Glory," my coach Thomas August Morgan III, is in a time when basketball was still growing into what it is today. Several have mentioned they liked the story and if you are a basketball fan then we are coming to the part that hopefully you will enjoy.

I moved my team from 1925 to 1927 because of some of the rule changes after 1925. I called two basketball historians last night in Springfield MO. and they couldn't answer my questions. Everybody I talked to knows of someone who they claimed invented the jump shot. Sorry, but that honor is given to Kenny Sailor in 1934.

If there is somebody living, maybe a son, a daughter or grandson or grand daughter that can give me some insight on Warsaw's 1925 boys basketball team, then please contact me at Johniewarrior@gmail.com. I have read the old newspapers but I still have some questions that I would love to have the answers.

By the way, I have always been a Lakers' fan but now with LeBron James, I may have to change my mind. As a kid, I also liked Boston but the L.A Lakers were my favorite team. I liked Kareem Abdul-Jabbar, Wilt Chamberlain, Jerry West, Gail Goodrich, Elgin Baylor, Bill Bridges, Jim McMillan, James Worthy, Keith Wilkes, Magic Johnson, Happy Hairston, Cazzie Russell and even Kobe Bryant.

I remember getting off work and coming home and watching the NBA Championships in the

There are two outs in the bottom of the seventh with a runner at third and the Warsaw Lady Wildcats are leading 4-0 over Palmyra. It is the state championship game in Columbia on Monday, October 25, 2010. This game actually started in Springfield on Saturday but was postponed due to rain in the top of the fourth.

The count on the batter is 0-2. Senior Kelli Wenberg, the little blond headed girl with the golden arm, takes a deep breath, gets the sign from Kreisel, winds up and delivers, a swing and a miss, strike three, the Warsaw Lady Wildcat's are now the 2010 State Champions.

Coach Steve Larson remembers, "Bottom of the 7th, 2 outs vs. Palmyra-Wenber was swung on and missed for strike two. Coach (Jackie Downing) and I were out of the dug-out leaning on the rail; she looks at me and says "What are you going to do?" I said "Stand right here and watch the girls celebrate."

The game is history but it lives on in the memories of Warsaw players, coaches and their many fans. They were 25-4 and lost only to Smith-Cotton, Liberty and to the much larger school Rock Bridge twice.

The girls confidence grew as the season wore on. Head Coach Steve Larson

recalls, "I remember at one point towards the end of the season, Megan Palmer asked me "If we win state do we get rings?" I told her I didn't know about them, but you can bet I will buy one. Well, that scenario played out and yes, we got rings."

When Coach Larson made out his batting order it was usually as follows:

- 1st Kelli Wenberg - Pitcher
- 2nd Aubry Grenoble- Left Field
- 3rd Megan Palmer -SS
- 4th Caitlyn Cooner -Third Base
- 5th Haeley Kreisel -Catcher
- 6th Kristina Strader- Second B
- 7th Shawnah Kee -First Base
- 8th Stacie Williams- DH
- 9th Mackensie Wallace- RF

Danielle Stackhouse- CF  
Coach Larson recalls his memories of their bus driver and the trip to Springfield. "Our bus driver's name was Frank Kirby; he drove most of our away games, and often times his wife Sheree joined us. Of course I made sure that Frank was our driver for the big event, and his wife came along also. Frank was a special individual, he had traveled most of the United States, and at the time was a cancer survivor. God blessed us with Frank and Sheree, just down right good people. I

believe Frank was originally from Paoli, Indiana, and served for four years in the Navy aboard the USS. Coral Sea. Frank was unable to beat cancer. He was diagnosed in 2011 with leukemia. Cancer would take his life in 2012. He was as much a part of our team as the players were. We love you Frank and you will always have a place in our hearts.

As the bus left the HS/MS complex, the teachers and students lined up along the Lane of Champions to see us off. One special group was Kim (Stapp) Nichols, and the life skills students. They were some of our biggest supporters. They always made our sandwiches for away games. Remember, our girls are like shrews, if they don't eat regularly they will wilt away to nothing. Her class made signs for us and unbeknownst to her, I still have many of them. When we arrived at the North Elementary School with the sirens blaring, the students had made signs and lined the drive. The girls got off the bus and mingled among the students, shaking hands and taking pictures. They loved every minute of their newly acquired fame. We loaded the bus and headed through downtown. People lined the streets, business owners, parent, day care children, they were all there. Mary

Burke and the group from First Community Bank, shot silly string at the bus, it was great. When we reached the South Elementary School, Mr. Barb had the students out in front of the building with more signs. We had the girls sign a couple of balls and Coach "D" gave one to her nephew, and we gave one to Mr. Thomas' daughter. We left the south school without our escort, cut through a back road back out to Highway 65. Our next stop was at a restaurant in Fristoe to pick up some cookies! After our brief cookie stop we were finally on our way to Springfield. Signs lined the road and we honked as we went by Skyline in case they didn't know we were going to state. Mrs. McCubbin made sure our bus would be noticed, EVERY (I was accused of leaving names off) player's name (nickname) and number were on the bus windows, the inside was decorated with crape paper, balloons, motivational quotes on the back of the bus seats, and a poster, signed by many of the high school students."

So there you have our walk down memory lane. For those involved it is a memory that they will never forget.

### Chapter Six- The Dilemma

Bruce Doyle was a three time golden glove champion who went on to fight professionally. He reared back to swing at the Red River player and suddenly felt a strong grip on his wrist. It was 6'5 220 pound, John Starks. "Don't do this. You will get kicked out and we need you for Viper"

Starks said loudly. Tom heard it and was reminded that the Viper game was next, just three days away.

Doyle turned and walked away. Coach Morgan took him out of the game and told him to cool off.

Tatum wiped the blood from his face and stayed in the game. Torre went on to destroy Red River 47-13.

People began to leave the court. It was 8:00 PM on Thursday evening and Tom was still there. He had seen the game and had seen David Torch light up the gym with his amazing shooting ability

Needless to say, he had no place to go. He caught a glimpse of Victoria Sinclair going out the door. Tom walked through the school and caught his reflection in the trophy case. He was now 17. He was young and strong again. So he decided to go back into the gym. Everyone was gone but a janitor.

Tom had dreamed of running up and down a court again and so he did. He picked up a basketball and made possibly the biggest mistake of his life. He squared his shoulders to the basket and with finger tip control he shot a twenty foot jump shot. He swished the net.

Then he heard a voice, "Where did you learn to shoot like that?" It was Coach Morgan. Now Coach Morgan was like 5'7. He wore a gray suit with a yellow tie. He was slender in build

"What's your name Kid?" Coach Morgan asked. Tom remembered that he wasn't suppose to lie so he said "Tom Torino."

"Where do you live?" Coach Morgan asked. "I am just passing through." Tom said. "You play basketball kid?" Coach Morgan asked.

"Well, I have." Tom replied. Yea, around a hundred years in the future.

"What kind of shot was that? Coach Morgan asked with a grin. I never saw anything like it.

Tom had messed up. He allowed someone to see a jump shot in 1927. The jump shot wouldn't come along for another 11 years. He could have changed history.

Where are you staying? The coach asked.

"I don't know" Tom said.

"Well, come home with me and tomorrow I want you to teach my kids that shot you just made. We have a big game coming up and could use something like **FADED**

that.”

Tom did not know what to do. He had 55 dollars and 35 cents in his pocket which was like six months wages in 1927. He had no identification and no clothes other than what he was wearing. He knew he couldn't teach the Torre players the jump shot. Torre knew the outcome of the game and what would follow. The jump shot could mess things up big time. He was told by the strange voice not to change history and his knowledge of the game of basketball could do just that.

He felt totally alone and was surprisingly hungry. The coach took him to a diner. He had never ridden in a Model-T Ford before. Along the way he noticed gas prices were 15 cents a

gallon.

Tom sat in the diner and looked at the menu. A cup of coffee was four cents and a coke was three cents. A sandwich was ten cents. However, wages were around five cents an hour.

Tom hid his billfold under the table and pulled out a dollar bill. "I will pay for this," he said. Coach Morgan began to ask Tom a hundred questions about why he was here and where he got all of that money.

On the walls on the diner were pictures of Babe Ruth, Jack Dempsey and a host of other sports heroes. Tom wondered if he could go see Babe Ruth play.

The coach got up and went to the bathroom. At that moment, Victoria Sinclair walked into the dinner with a group of girls. Tom knew most of them from the

year books.

He still thought that all of this was just a dream. Was this God doing this and was it something to do with the gypsy woman. However, Tom didn't think a dream would hurt but just then he felt a sharp pain run down his neck as someone struck him from behind. He turned around and it was Bruce Doyle. Tom jumped to his feet and Doyle swung at him. Tom blocked his punch. This was going to be a 1980 golden glove champion against a 1925 golden glove champion. To be continued.....

## Jewell Marie Kellner

Jewell M. Kellner, age 91, of Lincoln, Missouri, passed away Saturday, July 7, 2018 at the Lincoln Community Care Center. Jewell was born on October 7, 1926 in Fairfield, Missouri, the eldest daughter of Henry E & Martha McMillin. She was one of 14 brothers & sisters: JimEd, Geneva, Jesse, Jack, Bill, Bud, Nancy, Pansy, Junior, Peggy, Della, Cindy & Grace.

Jewell married Jim Kellner on December 25th, 1945 at the age of 19. They had five children together: Linda, Sonny, Laura, Susan & Rebecca.

Jim & Jewell moved from Warsaw to California in 1954. They lived in Orick, Pacifica & Vallejo for the next 30 plus years before returning to Warsaw in 1986.

Jim preceded Jewell in death on January 27th, 1990.

Jewell was a member of Emmanuel Baptist Church. She was a good Christian who believed in the power of our lord and the power of family. She helped any family or friend who may have needed a helping hand. Our home was opened many times for people who were struggling in life.

She donated her time to the senior citizen's hall where we all know her famous quote "There is always someone worse off than you; a friendly smile goes a long way".

Jewell was a member of Eastern Star, both Vallejo lodge & Warsaw lodge where she was worthy matron. Jewell was an excellent seamstress from quilts to ball gowns. She also donated many years to making hospital gowns for the Shriners Children's Hospital in San Francisco.

Alzheimer's is a terrible thing to get for such a brilliant woman. Jewell leaves behind a large family who has missed their mother & grandmother.

Children: Linda & Ray Cox - Klamath Falls, Oregon, Sonny & Sheila Kellner - Warsaw, Missouri, Laura & Scott Bianchini - Anderson, California, Susan Kellner - Cottonwood, California, and Rebecca & Jonathan Anderson - Yuma, Arizona.

Grandchildren: Mike & Felicia Cox, Jason & Patrick Finn-Cox, Amy Kellner, Jesse & Eryn Kellner, Jewell & Mike Garrett, Andrew & Lori Favilla, Amber & Jeff Brock, Nathan, Corbin, Isabella & Terrance Anderson plus great grandchildren and great great grandchildren.

We wish you an easy flight home mom.

Arrangements for his cremation are under the direction of the Reser Funeral Home.

## LINCOLN FIRST BAPTIST CHURCH

Hallelujah and Praise the Lord. Little Ally Russell was baptized today into the Lord's kingdom. May He bless her in her walk with the Lord. Forty seven attended Sunday school today. Nell Moor gave birthday offering for her daughter Shelia who lives in Alaska. Children's camp is this week with the Younger camp next week. We have lost two members of our community. They were Gloria Meyer and Patricia Ficken. Please pray for their families.

Train up a child was the subject of the sermon today. Did things stick that you were taught as a child? Faith is the most precious thing in this life. The most important thing is to seek the salvation of your children. When they have been taught the things of God that child needs to decide for themselves. Children need to start as babies learning about their Lord. God continues to mold us throughout our lives. Parents are responsible first to God and then to the teaching of their children. We are to have a child like faith, take God at His word and trust Him.

God also knows what He is doing in your life. Each of us as believers has a spiritual gift that God has given us. To honor and glorify Him use that gift. Our purpose is to help others with the gifts we have been given. The gifts we have been given is to work for the body of the church. UNTIL NEXT WEEK GO WITH GOD AND GOD BLESS.

## HOPEWELL BAPTIST CHURCH NEAL BROOKS, PASTOR

What a beautiful morning to be in the house of the Lord and to witness the baptism of Evelyn Garringer! Richard Manley presented our Sunday School opening and Billy led the music with Barbara at the piano. Special music was provided by Linda and Billy, accompanied by Forest on the guitar, as they sang "On the Wings of A Dove". Brother Neal brought the message based on Galatians 1:6-10. The simplicity of the Gospel is that Jesus loves us and gave His life on the cross for us. People add things to the Gospel and, by doing so, they are saying we are better than Jesus. We are trying to fix the Gospel according to our ideas and thus, perhaps, to control others. If you add to the Gospel you are deserving of Hell. If you try to please people, you are not working for the Gospel. There are consequences for what we do. Only in Christ do we have real goodness and salvation. Only God can save us from our sins.

## VICTORY TEMPLE/ TRI LAKES COWBOY CHURCH

It was a wonderful night of praise and worship at Victory Temple/TriLakes Cowboy Church Thursday evening. This was our first service since combining the churches. We would like to thank everyone who worked so hard getting the kitchen ready.

The music was wonderful. There was guitar, banjo, dobro and piano music. Pastor Cline brought the evening message and a good time of fellowship was had by all.

Sunday morning most of the same musicians were there and the message was about how to defeat and conquer the enemy that tries to destroy our life. Deut. 7:1-21 The Lord give us a clear message about what to do. Christians are not to compromise their godly principles with the world. We are to dedicate our lives to the will of God. If God is not blessing what you are doing, then do what God is Blessing!

May your day be blessed,  
Pastor Francis & Cathy Cline.

## WARSAW AREA NEWS

By  
Linnie  
Newman

Here's hoping everyone had a fun and safe 4th of July. Seriousness first deepest sympathy to Sandra Owens/Nelson on the death of her husband and to Alvin Meyers and family on the death of Gloria Long/Meyers, his wife. I've known both of these families for several years. For those I

didn't know about deepest sympathy also. We also lost one of our members of the association, Berd Smith two doors over from me. Barb Smith, his wife is moving to Florida with her daughter and family. We'll miss you Barb.

I had some people call to check on my why I didn't have news this past week so Billie here it is just Sunday evening and I'm writing and Leroy thanks for calling to check on me. I seem to forget sometimes a person is too stubborn for their own good "Imagine that a red head, woman and also a Ferguson stubborn." My! My! Mike and I spent some of the June 30 with family and friends up north with about 70 to 80 in attendance for lots of laughs, big fireworks display and all diet food. Haha.

I had the pleasure of meeting our newest neighbors Keith and Annalisha Green this morning. They are from the City but she plans to be here during most of the summer painting, etc and they plan to add some decks on. She works for the school system so is off this summer. So Welcome, Welcome as a new family here in Doc's Retreat #5. I also called in the home of Dude and Beth Hudgens today to take him and her some baked items. Her daughter Debra and Eugene Gouge was also there. Dude was sorta down today.

I also went up to Racket to the auction of Pat Gross with lots of people I knew. Lots of antiques, it had been going yesterday and today. Shirley Church is sort of the under the weather and Iva Sweeney attended a family reunion in Wheatland. Butch and Brenda have had company for 3 weeks and took today off and ran off by themselves, the Lomax family are in Ohio on vacation and Harold and Edie are back from a 3 day church convention in Springfield. Good to have my coffee hounds back.

Late July 9, haven't accomplished much today but sit on the front porch at Harold and Edie's drinking coffee and discussing the world and things away they use to be. Neighbor Pat, our police chief came and sat with us. After visiting with cousin Connie Rogers found out of the death of Gary Crabtree of North K.C. one of the local boys here as a teenager. A memorial will be held later. Clint and Connie Rogers and family vacationed in Branson over the 4th of July. Also Bonnie Golden of K.C. passed she was the late Guila Mae Hudgens sister. Sister in law of Nolan Hudgens. So a fond farewell to each and everyone and their families. Happy Birthday and Anniversaries to all! God Bless our Armed Forces, P.D. and each and everyone here and away. See ya next week. Be healthy, wealthy and wise. Take care and greet everyone you meet.

**HARTZLER**  
(Continued from Page 1)  
in the veteran's administration, but this will take time," Hartzler said.

Missouri's Fourth District is home to a large concentration of veterans, Hartzler introduced H.R. 3754, the REHIRE Act, which would empower these hospitals with the flexibility to hire and compete with other medical providers. This measure will help improve Missouri's VA facilities and ensure that its veterans receive the highest quality and most responsive care possible.

Hartzler commented that H.R. 3754 will allow veterans to see a local doctor if they are not able to see a VA doctor within 30 days.

Hartzler also spoke of the VA Mission Act; which will expand the 9/11 Caregivers Act to veterans of wars before 9/11.

"Those who served in Korea, Vietnam and other conflicts deserve the same treatment as those who served after 9/11," Hartzler said.

After her forum with the veterans, Hartzler traveled to The Landing where she spoke to citizens in a forum sponsored by the Warsaw Chamber of Commerce.

Hartzler spoke to the Warsaw citizens about the Tax Cuts and Jobs Act which she said would give a typical middle-income family of four in Missouri's 4th District a tax cut of \$2,122.

Hartzler said the tax cut bill will allow a citizen to keep more of every paycheck by reducing tax rates at all income levels and nearly doubling the standard deduction to \$12,000 for individuals and \$24,000 for married couples.

Hartzler commented that the tax bill will help unleash the growth of jobs and paychecks by allowing all business to immediately deduct the full cost of new equipment which improves operations and enhances the skills of workers.

Another challenge facing the 4th district is the drug epidemic, which has reached startling proportions throughout the country. Hartzler launched the "Drug Free MO Initiative" to fight against drug abuse, working with counties to establish drug courts and talking to teenagers about the danger of drugs. Working with law enforcement, parents who lost their child to drug overdoses, and motivational speakers, she organizes high school assemblies where young people are challenged to be the generation which chooses to live drug-free.

Informational resources are provided to help teens overcome opioid and drug abuse. "We have to work with doctors to make them seek other forms of relief of pain so their patients do not become addicted," Hartzler said.

Hartzler also spoke of the need to have fewer people on welfare and instead put them to work. The Farm Bill which passed the House and Senate addresses that issue.

Congresswoman Hartzler made the following statement about the House's passage of the 2018 Farm Bill. "Missouri farmers work hard every day to feed the world and they need the certainty this farm bill provides. This bill ensures the American consumer continues to enjoy the safest, most abundant food supply in the world by strengthening safeguards and improving public/private risk management programs vital to American agriculture. In addition, the Farm Bill makes significant investments in rural broadband, promotes trade, invests in research and development, and expands conservation acreage.

"This bill contains historic improvements to the SNAP program to help recipients break the cycle of poverty by improving work opportunities for able-bodied adults receiving federal nutrition assistance. This bill promotes

work and individual success while empowering those dependent on government assistance. These common-sense improvements will reduce unemployment and help people move from dependency to independence and self-sufficiency," said Hartzler.

Hartzler finished her tour of Warsaw by visiting Warsaw Police Chief Jason Wenberg.

Hartzler is scheduled to meet with Warsaw High School FFA members and their adviser Stan Adler on Thursday.

**CANCER**  
(Continued from Page 1)  
volvement with the fund, although June's husband, Larry Walthall, will more than likely continue helping with hole sponsor signs and other miscellaneous tasks.

June was a charter member for Benton County Cancer and helped to organize the fund itself. She helped set an example for others and was a great leader for the future in the fight against cancer.

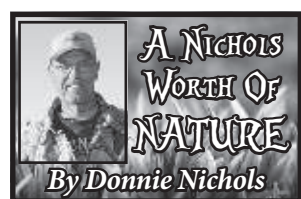

One of the many things making the BC Cancer Fund unique is that all donations to the fund, every bit of money that goes toward it, stays in the Benton County community. The fund is organized to assist any family or individual who is battling with cancer, regardless of financial status. For more information on the fund, contact Myra Reser, one of the founders of the BC Cancer Fund, at 660-547-3685, or contact any BC Cancer Fund board member.

This year the BC Cancer golf tournament will take place on Saturday, September 15, 2018, instead of on a Wednesday as in the past, in hopes to increase involvement from the community. More info will be available shortly. Feel more than welcome to donate and be a part of such a great event, all in the name of helping those battling cancer.

**ACCIDENT**  
(Continued from Page 1)  
right side of the road, struck a ditch and overturned.

Archer was transported to Bothwell Regional Hospital by Benton County EMS with moderate injuries.

The accident was investigated by Tpr. R.J. Chapman of the Missouri Highway Patrol. Chapman was assisted by Tpr. D. A. Paulsen and Tpr. J. W. Miller and the Benton County Sheriff's Office.

As you travel about on our highways and county roads, I hope you have been enjoying the spectacular display of native wildflowers. Our native flora follows an ancient pattern of blooming schedules. Early in the spring the smaller short stemmed plants are the first to reach for the sun to flower and produce seed before the taller plants reach higher and shade them out. It's all about harvesting energy and different species occupy different niches to capture the sun's energy and propagate.

Now is the time of the yellow explosion. Though there are still plenty of white native plants blooming; different species of beardtongue (Penstemon), horse nettle, poison and water hemlock, Indian plantain, Indian hemp, white indigo, daisy fleabane and others plus the non-native Ox-eyed daisy and Queen Anne's lace (wild carrot) but it is the time of the yellow flowers. Tickseed and tall coreopsis, gray headed and yellow coneflowers, brown and black-eyed Susans, compass plant, prairie dock and numerous varieties of sunflowers plus others dominate the landscape. Scattered among this wave of yellow is the orange butterfly milkweed. Some of the pink and purple species are also beginning to bloom. Common milkweed, wild onion, tickseed trefoil (stick tights), lead plant, ironweed, glade and purple coneflowers and several species of liatris, thistle (we have "good" native thistle) and others.

Unfortunately, in most of these areas, there is an energy thief, sericea lespedeza (Lespedeza cuneata), a non-native legume native to eastern Asia. It has no biological controls, is flood tolerant and likes fire. This perennial upright forb is 1-3 feet tall with alternate 3-leafed clustered leaves, usually green with a whitish underside. It flowers in August producing clusters of 1-3 pea-like yellowish-white blooms with purple to pink markings.

Sericea lespedeza was first introduced to the United States in 1896 by a North Carolina agriculture experimental station. There was little study or use until 1924 at a USDA experimental farm in Virginia. It was planted in part to control soil erosion, forage for livestock and cover and food for wildlife. Research has proved it is only utilized by grazers in the early stages of development. It contains tannins which increase as it grows and makes it unpalatable. Four inch sericea lespedeza contain 6% tannins with 21% at 36 inches. Its benefits to wildlife has not been supported by research. Deer will utilize sericea if it is kept short by mowing or grazing. Quail may consume seeds in fall and

early winter but the energy content is low and will not sustain them in harsh conditions. Sericea lespedeza has spread widely across the nation and its ability to thrive under a variety of conditions and its tendency to crowd out other species, plus the fact that it is allelopathic (exudes chemical compounds in the soil from roots or shed parts that inhibit germination and/or growth of other species). It is devastating to our native species. Sericea is a prolific seed producer. Individual stems produce an excess of 1000 seeds and there are

over 350,000 seeds in a pound.

On July 1, 2000 in the state of Kansas, sericea lespedeza became the first federally listed forb crop to be designated as a noxious weed, and may soon be confirmed as such in Missouri, Nebraska and Oklahoma.

Unfortunately, sericea seed is still sold in some southern states.

If you have sericea on your property, now is the time to spray - within the window of June 15 - August 15, prior to flowering it can be killed using Rem-

edy or Pasture Gard HL. Be sure to follow label recommendations. It may take a few years but if you are persistent it can be eliminated.

"Until man can duplicate a blade of grass, nature can laugh at his so called scientific knowledge." Thomas Edison

Forbes, Lake of the Ozarks Park, Edwards, MO, celebrated their Eighth Annual Fishing Tournament July 7th. Over 50 contestants of all ages participated in the tournament and lunch afterwards. Prizes were awarded in four categories and there were drawings for door prizes. Forbes is grateful to all her sponsors for providing merchandise and vouchers for our yearly event.

The Forbes Lake of the Ozarks Park has over 12,800 acres and consists of five miles of shoreline property along Lake of the Ozarks. It has three interior private lakes that are over 20 acres each including recreational amenities with boat launching sites.

The Park includes an RV Park and picnic areas for our Land Owners and their guests. There are many excellent views of the three inland lakes, Missouri countryside and of course, Lake of the Ozarks itself.

We are dedicated to preserving the pristine beauty of our community and maintaining the appropriate services for all members while ensuring our Covenants, Conditions and Restrictions are upheld.

The Forbes Landowner's Association currently has several lots for sale. If interested, please contact our office personnel by calling (660) 438-4039 or visit our website - <http://forbesloa.net>

**Nailings LLC Offers New Home Construction As Well As Remodel**

New to the Benton County area but with over 40 years of experience in the construction business, Phillip Maring of Nailings, LLC is ready to remodel your kitchen, bathroom or your whole house. Maring and his wife Julia lived in the Kansas City area for many years but after they sold their home in Oak Grove they decided to move to their lake home here in

Warsaw. Phillip has stayed busy since moving to Warsaw with building room additions, screen porches, garages, custom steps, roofs and complete gutting of houses to remodel. Phillip employs several part time semi-retired workers to help him with his various projects as well as working with younger workers who are learning the construction business. Nailings, LLC recently finished a complete remodel for Gerad Wombles, a realtor at Anstine Realty in

Clinton. "They did a great job with plumbing, electrical work, flooring, and painting. They completely remodeled a house for me," said Wombles. "They were on time, worked hard and finished up in about two weeks. I was very pleased with the results." Nailings, LLC is located at 25069 Timberlake Drive near Warsaw. Call 660-438-2680 to make an appointment with Julia for a free estimate on your building project.

## FRIENDS OF THE BENTON COUNTY SHERIFF'S OFFICE

The Friends of the Benton County Sheriff's Office will host a free seminar on the Neighborhood Watch Program for all citizens of Benton County in an effort to reduce crime and criminal behavior in Benton County. The seminar will be held on Thursday, July 19th, at the Warsaw Shrine Club, 32605 Hwy MM, Warsaw from 7:00 PM to 9:00 PM. Deputy Storm Walker will be the facilitator.

The objective of the Neighborhood Watch Program is to help make neighborhoods as safe as possible, to deter criminal behaviors and empower Benton County citizens to help them protect themselves and their property, as well as reduce the fear and incidence of crimes. The primary method used is increased vigilance and improved reporting of suspicious behaviors to the Sheriff's Office. Deputy Walker will explain the Citizen Patrol Program for the County which is supported by the Sheriff's Office and was developed to support citizen involvement in the reduction of crime and criminal behaviors in Benton County. He will inform attendees how to actually develop effective Watch Programs in their individual neighborhoods which will be recognized by the Sheriff's Office. This helps establish lines of communication between their neighborhoods and the Sheriff's Office.

Light refreshments will be served. Everyone in Benton County is aware of the increasing criminal statistics and activities in the County. Now everyone is invited to come and hear how to do something to help effectively decrease the crime and illegal behaviors and make this a safer community in which to live. For further information, please call (417) 719 2538 or (660) 438 6927, or email at friendsoftheBCSO@gmail.com. Information about this Seminar and the Friends of the Benton County Sheriff's Office can be found on Facebook at Friends of the Benton County Sheriff's Office.

## BOONSLICK REGIONAL LIBRARY WARSAW BRANCH

By Johnnie J. Logue  
Enterprise Staff

I recently concluded a sixteen session course at our local library called, "Stay Strong, Stay Healthy." The free course conducted by a trained instructor, Melissa Cotton, consisted of simple basic exercises for senior citizens.

It is hard to admit you are getting old but I am. I cannot whip four or five guys anymore. Maybe two or three on a good day. I can't run up and down the basketball court anymore. My doctor wants me to walk three miles in 45 minutes. I don't even drive my van that fast.

I take walks but it is easy to get out of the habit. I used to left weights at home but I pulled a muscle and was sidelined for months.

I would recommend the classes for senior citizens who want begin an exercise program with a trained professional. Then you can move up to more difficult classes later on. The key thing for me was to learn how to do things the right way so I can continue to exercise at home.

Mostly my daily routine calls for me to sit. I sit in front of the computer at the paper and more so at the library and at home I am on my cell phone. I sit to read my Bible and study for sermons. I sit at McDonald's and naturally, you sit when you drive.

Yea, I use a push mower to mow my ditches and I do things around the church but

I have gotten out of shape. Our trainer was very good and physically fit. I figured they would give us someone who weighed 350 pounds. She has moved and will no longer be teaching classes in our area. So it is our loss. I would probably take the class again and again. So "thank you" from all of us who took the classes!

with salt, toss, place into a colander and let drain for about an hour. Add to pickle mix and refrigerate.

**Basic solution:**  
 ½ cup sugar  
 ¼ cup white vinegar

Mix and add cukes. I put sprigs of tarragon into the mix, use your herb of choice, onions, etc, whatever you like.

From here; a short pithy phrase often heard around Benton County. I often wonder how long someone must live in an area to be "from here". I once heard someone say; Well, I have lived here for 29 years but am not from here.

After our big house fire Mike and I went traveling about thinking about where to live and start over. I'm 'from' Savannah/St. Joseph in NW MO. Born and raised, I guess I can say I'm from there. But when we went up to Bethany where my Great grandparents were farmers, we met several people who remembered them and decided I was from there. Now I'm from here. We decided after trekking about for over 6 months. The physical beauty of the area along with the small town atmosphere was most appealing, so we chose to make Warsaw and Benton County our home.

There were two features sealing the deal for us. One was a great cup of coffee in town and the other was the library. And our library is a community jewel. Bright, clean and inviting with a staff that is welcoming, helpful and has never made me, a book worm to the max, feel like the electronic klutz I am. So what does the above have to do with my food column? Nothing; but I am overwhelmed with cucumbers so sitting and writing this column is a break. I planted 5 different types and they are all producing at top speed. I am still moving at slow speed with this tick disease. So most of the cukes are peeled, very thinly sliced and put into my favorite quick pickle solution.

Peel and slice cucumbers very thinly, take out seeds if old or bitter. Sprinkle

## JIM HAYES

**PRESIDING COMMISSIONER**

*I entered this race because of the Jail issue. I knew in 2016 we could do better than 14 Million dollars worth of debt for our children and grandchildren. In the next two years, many important decisions will be made by the Commission, decisions that will effect the counties economic standing in the long term. With your help, I'll make sure each dollar is spent wisely. The only promise I will make if elected, is to stand for re-election in four years to be judged by the voters.*

Hello Benton County! I'm reaching out today to inform you of a rash of thefts and burglaries taking place within our County. They are not confined to any one geographical area and we are sure that they are not the same perpetrators. Most of the thefts are done by people who can't or won't work due to drug usage. A smaller percentage of the crime, is crimes of opportunity.

I need your help! I need you to be vigilant! Please be aware of your surroundings. You know who belongs in your neighborhood and you know who drives in your areas. If you see something out of place or you don't recognize a vehicle, jot the plate number and vehicle description down on a pad of paper, or better yet, take a picture of it. Keep it on hand so if something happens and you or your neighbor become a victim, we have a place to start.

Those of you who watch CSI or Criminal Minds will expect finger prints and tire track molds to be done, DNA testing on site and a super computer in the form of a laptop that can solve a crime in minutes. I'm sorry to break it to you but TV sometimes stretches the truth on a few things! Finger prints can be taken and crimes solved but it's rare to find a good print in the county setting with all the dust and dirt and a lot of the bad guys wear gloves. Then you need to be a career criminal or there won't be a finger print record at all. Did I mention it could take months or even a year to get a result if you're lucky enough to find a good print? Property crimes are at the bottom of the State labs priority list due to lack of violence.

Where I'm going with this good citizens, is watch out for one another! If you see something, say something! Get involved and take your neighborhoods back from these thieving no goods! Spend a little money and install some good quality color night vision capable cameras. They need to record to the cloud so you have the video even if they steal or destroy your equipment. Purchase a good security system. A few dollars up front might be the difference between getting justice for your loss, or the bad guys never being caught. Without an eye witness or the unblinking eye of a camera, the chances of solving this type of crime is slim.

The Friends of the Benton County Sheriff's Office is hosting a community outreach on our Neighborhood Watch Program. I urge you to come join us on July 19th at the Warsaw Shrine Club starting at 7:00 PM. Bring your neighbors, find out what to watch for and get your neighborhood organized. This program is free and open to the public. Be a part of the change you want to see in Benton County! We can make a difference if we work together as a community!
