Small Business Is Powerful **Driver** Of Local **Economy**

Ву Judy Kramer County Reporter

ccording to numerous studies reported at www.amiba.net, an average of 48 percent of each purchase at local independent businesses is recirculated locally, compared with less than 14 percent from large chain stores. So, the result of shopping locally rather than in big box stores means more money is available to provide local employment and support local services such as police and fire.

See Locally on Page 8

GOOD FOR THE COMMUNITY AND YOU, purchases made from a local retailer have a multiplying effect of between three and seven times. Birdman Apparel owner Stephanie Adair spent Tuesday printing t-shirts with employee Jennifer Flores. Adair told the Enterprise, "I grew up in a family business and I'm very conscious of the fact that buying goods and services in town benefits everyone."

Three Vie For Two Seats On **Warsaw R-IX School Board**

Anita Campbell County Reporter

The Warsaw R-9 School Board certified the Board election on January 22 with the following candidates on the ballot: Michael Schockmann, Brandy Fajen, and Rickie Caswell.

A life time Benton County resident, Michael Schockmann graduated from Warsaw High School in 1990. He later attended Missouri State and then transferred to the University of Central Missouri where he played football for the Mules.

Schockmann, an All-State Football player, married Deanna Gemes in 1993.

Michael and Deanna are the parents of three children: Lydia, 19, a freshman at the University of Central

Rickie Caswell

Missouri; Madeline, 15, a recent years. There has to be sophomore at WHS and Logan, 12, a seventh grader at John Boise Middle School.

Schockmann is self employed as a construction worker and farmer.

Schockmann is also a member of the First United Methodist Church of Warsaw where he serves on the Board of Trustees.

Schockmann said he was running for the Board because he thinks he can bring positive change to the R-9 District.

"I felt like I was well prepared to continue my education at the University,' Schockmann said. "I never felt disadvantaged because I attended a small, rural school, but I am not sure the school is at the same level as when I was a student. The high school I attended did not have the turnover of the staff that I have noticed in

Schockmann said he was concerned that all students, not just his own children, received a quality education which would prepare them for a good job.

teachers."

An incumbent on the Warsaw Board of Education, Rickie Caswell has served her first term and is running for re-election.

a reason we are not retaining

Caswell graduated from Lincoln High School in 1993 and attended the University of Central Missouri in Warrensburg.

Caswell and Dwayne Davis are the parents of two sons, Logan, 16, a junior at WHS and Cash, 9, a Warsaw North School student.

Caswell started the Edwards Jones office in Warsaw ten years ago and is

Steve Daleske **Declares Candidacy** For Benton County Commissioner

READY TO TAKE ON THE ROLE of Commissioner, Steve Daleske is poised to make a run for the post currently held by Michelle McLerran Kreisler.

ByJudy Kramer County Reporter

Steve Daleske has announced that he will run for the office of Benton County Presiding Commissioner in the August 7th primary election. Daleske previously served as South Side County Commissioner from 2012 until 2016. The first day of Candidate Filing for the Primary Election

is February 27. During Daleske's previous term as a commis-

sioner, he found himself multi-tasking many projects, along with his fellow commissioners. Included in these projects was the construction of the county's maintenance shed after a major fire destroyed it. There was also a bridge replacement and road realignment on Raven, south of Frisco; and construction of two other small bridges.

"We also handled a Federal Land Access Program (FLAP) grant, cooperating and coordinating with the City of Warsaw," said See Daleske on Page 8

BRIEFLY

The Benton County Museum is wanting framed wedding pictures of couples married before 1985 for the display window at the library during February. Names and dates should be included. Please contact Marsha Eaton at 660-525-3073.

Old-time Baptist Revival starting January 29th at 7:30 PM at 217 North Hwy 65, (next to the ambulance station) in Lincoln. Brother Russell Crouch and Brother Matt Henderson 417-327-2746.

A free movie will be shown at the Warsaw Branch Library at on Friday, January 26th at noon. The Legos Club for kids will be held at 4:00 PM on Friday, January 26. For more information, contact the library at 660-438-5211 or stop by 102 E. Jackson Street.

BENTON COUNTY HUNTING AND FISH-ING EXPO - Saturday, February 24, 9 AM - 4 PM, Warsaw Community Building. Sponsored by the Warsaw Area Chamber of Commerce. 660-438-5922 for more information.

WARSAW AREA NEWS

Written Ву Linnie Newman

On Wednesday January 17, we said goodbye to one of the most sincere good old Warsaw boys, Bill Salley. His main purpose in life was his family, making friends, sports, car racing and occasionally suds. I've known Bill for a long time. No matter if you met him on the yellow brick road or on the path to the outhouse, he always spoke and asked about your family and how you were doing. The conversation would be on family and of course his children and later grandchildren on both sides. So to Bill's family, I say treasure your memories and know his pain is over and never forget the man that adored you all. Happy trails to you Bill.

Get well wished to all with this frightening bug that's going around. It's very ugly. After returning home from the hospital, Paul Ward had to be taken back. At this time I think he's doing fine. Dude and Beth's children are always there for him though they work in another town, but are neighbors.

I want to take a moment to offer my sincere sympathy to the Harms Family due to the death of Mary Harms. God bless and keep everyone. We never know what is around the corner.

10, I met Iva Sweeney and Iva and Shirley had doctors appointments, but I was delivering goods to a special lady, Juanita at Bothwell

To everyone, stay happy and healthy and warm.

Special for those people less fortunate than to all.

God bless our great nation and those helping keep it. Remember our Vets, law enforcement officers and EMT's and every person you know and love and all of your enemies.

whom you've laughed, but you will never forget with whom you've wept.

Stay safe and God bless.

FRISTOE NEWS

I am writing this column tonight with a heavy heart. Another of my close friends, someone I have been asking for prayer in this column lost her battle with cancer last week. Helen Beyer lost her battle Thursday evening January 18. Helen had become a part of many activities in which I am involved. Before she became so worn down with illness that she couldn't participate she and I did exercises twice

She and I also both enjoyed garage sales, participating in bring a dish dinners, going to music shows and on and on. Simply put her passing has left a big hole in my life right now. Helen was a large part of the "Food Team" at Cowboy Church on Thursday nights as long as her health allowed. Everyone enjoyed Helen and appreciated her laughter and all the help she was always quick to give. A lot of people are going to miss Helen bunches, myself included. The Fristoe community came together Monday at 11;00 AM to serve lunch to family and friends of Helen at the Fristoe Community Building. A big thank you to everyone that contributed to the lunch and/or contributed time and energy in providing for the lunch. It was very appreciated. Everyone put the Beyer family on your prayer list also remember Darrell Smith, Shirley

Garrison! Adam and Bridget Arnett celebrate their 13th wedding anniversary January 22. It is sure much better, warmer, weather wise than it was 13 years ago. On January 27, Randy and Heather Reno celebrate their 6th wedding anniversary. A big happy anniversary to both of my sons and their wonderful wives and a huge thank you to both couples for the wonderful granddaughters they have provided for me. Hope you have a fantastic but safe week!

Piggott, Janet Adams,

Mary Scarbrough and W.Y

Laney and Maddie Arnett and Brooklyn and Boston Jackman wish their grandpa, Papa Jim Jackman a big loud Happy Birthday shoutout. Papa Jim's birthday is Friday January 26. Laney and Maddie also wish their Uncle Jesse a great big happy birthday, while Brooklyn and Boston wish their Daddy a happy birthday. Happy, Happy birthday Jesse Jackman from all the gang!

Fristoe Pentecostal Lighthouse Church was blessed Sunday January 21st to see their Senior Pastor Kenneth Ullum come in the church. The church was truly Blessed by the presence of Br. and Sis. Ullum in the church service. Br. and Sis. Ullum's daughter Jeanie brought them to church. Br. Tony Smith preached on Ezekiel 48:35 and the many names of God. Special prayer was held for some visitors and for Br. Ullum. The Fristoe Lighthouse Church is so Blessed with the Pastors The Lord has sent to them.

Prayer meeting: Monday morning, 9:00 AM, Fristoe Pentecostal Lighthouse Church.

Community Bible Study: Thursday morning, 7:30 AM Fristoe Community

Building. Tri-Lakes Cowboy Church: Thursday evening, Fristoe Community Building opens at 5:15, Food and music begins around 6:00 P.M. Prayer, Praise and Worship and Preaching God's Word around 7:00 P.M. Everyone is always welcome!

PET PEEVES

Below are five of my top pet peeves concerning sports.

5. Standing in the doorway at basketball games. Seriously? Go find a seat or move to the side but GET OUT OF THE DOORWAY!

4. Saving seats. Yea, put your coats in a seat but don't try to save a whole row. You have no more right to those seats than anyone else. Coming in late to a basketball game is no-no anyway. A guy who comes in late doesn't deserve a good seat compared to the people who were already there.

3. Evaluating players too soon. When I was a kid every outfielder who came along was going to be the next Mickey Mantle or the next Willie Mays. Never happened. LeBron James was declared the greatest player of all time before he ever stepped on an NBA court, Wait till a guy finishes his career and then make your comparisons.

2. Saying the referees beat you. Charlie Spoonhour said that referees may change the way you play a game but they never beat you. Fans on both sides say the referees were totally against them and for the other team. Sorry, it couldn't have been both ways. Most people are not qualified to referee a game anyway so how do they know?

I have been watching sports for over 53 years and I never saw a game where referees made that much of a difference. Bad calls even out sooner or later.

And no, the call in the 1985 World Series didn't beat the St. Louis Cardinals. Vince Coleman getting hurt before the series had something to do with it but really the Cardinals showed up the next day already beaten. Ricky Horton even said so. They had the Royals beat and let it get away. Happens all of the time.

1. Stating and overstating the obvious. I ask people how they are doing and they give me a weather report. Sorry, but I already know it is cold or hot or raining or snowing outside.

An announcer is getting paid to tell me if a team is way behind then they need to make a comeback in a hurry. We heard that all day Sunday during the football

I stopped interviewing coaches because it was the same thing all of the time. If we make our free throws, don't turn the ball over, rebound, score and play good defense then we have a chance to win. What genius came up with that? Shoot me but don't bore me

Hey, I got to go find a game to watch but you already knew that.

SOPHOMORE LANE BATES SHOOTS over Cole Camp's Ethan Ives in Warsaw's 61-54 victory on Thursday night at the WHS gym. Warsaw moved to 10-6 on the season.

Palmer Steps Up To Beat Cole Camp At Home

By Johnie J. Logue Enterprise Staff

When Freshman Trey Palmer is on his game then the Warsaw Wildcats have a legitimate triple threat offense. Palmer, with the score 43-42 at 5:35 mark of the fourth quarter, hit a runner, followed by a hesitation three to extend the lead to 48-42 and Warsaw never looked back in route to a 61-54 victory over visiting Cole Camp on Thursday night.

However, it wasn't easy as Cole Camp jumped out to a 7-0 lead before Matt Luebbert scored a lavup at the 5:29 mark. From there, Warsaw settled down and regained the lead at 14-10 to end the first quarter of play.

Cole Camp would tie the game at 19 all and then take the lead 24-21 and extend it to 26-21 on the outside shooting of Jarrett Farrar. Just seconds before half, Logan Davis had an excellent take away block on a Cole Camp player close to the goal to keep the halftime score at 26-23 with the Bluebirds ahead.

The third quarter was a

battle with the Wildcats behind. Davis would tie the game at 31-31 with a free throw and Palmer would put the home boys ahead with a three at 34-31. With the score 34-33, 6'5 Cole Branson would battle and show his determination with three tries at the basket to extend the lead to 36-33.

Cole Camp would retake the lead at 37-36 before Mr. Palmer would bang in another three to retake the lead at 39-37. Luebbert would drive for a layup and it was 41-37, but Kaden

Harms would bomb a three to make it a one point contest at 41-40. It was 45-40 after three.

When the smoke cleared, Luebbert had 22, Palmer and Davis had 14 apiece, Branson tossed in 6, defensive specialist Keegan Glenn had 5 and Lane Bates had two.

The slick shooting Harms had 21 to lead Cole Camp. Warsaw jumped to 10-6 on the season.

Cole Camp won the C game 41-16 and the JV contest 52-45.

Howe Hits Basket To Lift JBMS Girls By Johnie J. Logue

Enterprise Staff

The JBMS 8th grade girls great season came to an end Saturday with a huge victory over Osage. The win and Thursdays win over Eldon was enough for the Lady Cats to earn second place in the Eldon tournament. (*Eldon officials would not reschedule Tuesdays game vs California being missed from weather, resulting in giving Warsaw the forfeit

victory). The battle with Osage came down to the final seconds. Point guard Taylor Howe drove the length of the floor and made a con-

tested layup to go up by two points with just 18 seconds remaining.

Defense was again the calling card of the Lady Wildcats as they made several defensive stops in the final seconds.

Mira Segar led the scoring with 10, Karlie Jones had 6, Taylor Howe and Kylie Clevenger had 4, and Julie Long had 2. The 8th grade girls finished the season at 10 - 3.

The JBMS coaching staff of Tom Warstadt and Charlotte Beck deserves a lot of credit for the success of this program this past season.

Trivia Question -

Who was the first team Warsaw ever defeated in varsity football? (The year was 1978)

A.Iberia B. Archie C.Strafford.

Answer From Last Week- John Ward

Lincoln Girls Fall At Home

By Johnie J. Logue Enterprise Staff

Lincoln's six girls are still playing hard but lost to the Windsor Lady Greyhounds at home 46-22 on Thursday night. Windsor held a slim 9-8 first quarter lead before outscoring the home team by a 19-3 margin in the second quarter to take a 28-11 halftime advantage. .

Blayke Bays led the Lady Cardinals with nine points. Windsor was led in scoring by Dharma Gilmore with 14 and Taylor Swisher with 13. Lincoln's record drops to 2-13 overall and 0-6 in the conference.

WHS REUNION **BASKETBALL**

WARSAW'S KEEGAN GLENN BATTLES for a rebound against Hallsville on Friday night at Hallsville. The Wildcats lost to the sixth ranked team 79-39.

Wildcats Fall To **Sixth Ranked Team**

By Johnie J. Logue Enterprise Staff

The Warsaw Wildcats made the two hour trip to Hallsville on Friday night and saw what a top ten ten looks like as they lost 79-39 to the well coached, athletic Indians team.

After Hallsville got the opening tip and Ethan Thompson scored an unattested layup, you knew the Wildcats were in for a long night. Hallsville ranked sixth at 16-1, their only loss has been to Blair Oaks so far this season.

Hallsville moved without the ball as well as anyone that has played Warsaw this year and jumped out to a first quarter 25-16 lead after having lead 25-7 at one point.

Lane Bates and Malachi

Jackson were called over for a referee's conference on roughness in the second quarter but whatever the referee saw wasn't apparent to anyone else in attendance.

Hallsville's press and outside shooting just were too much to handle as the Cats trailed 48-24 at the half.

It was 67-35 after three and the mercy ruled helped the Cats as the clock rolled on throughout the fourth

Senior Cole Branson lead the Wildcats with ten points. The usually high scoring Matt Luebbert was held to nine points. Trey Palmer and Logan Davis had eight apiece and Keegan Glenn had four. Warsaw falls to 10-7 and 0-1 in conference

Five WHS Wrestlers Take First at **Brookfield**

By Johnie J. Logue Enterprise Staff

WHS Wrestling Coaches Jared Steenburgen and Lance Estes have a lot to proud of this past week. Five WHS wrestlers took first place at the Brookfield Tournament on Saturday.

Coach Steenburgen commented," We had a great day at the Brookfield tourna ment. These kids continue to work hard and get better each time they step on the mat."

Kolby Estes, who went in to the event as the top ranked wrestler in his class, took first place along with Dallas Larsen, Jayden Schepker, Kieon Davis and Del Graves.

Overall results were as follows:

Del Graves, 1st place Dallas Larsen, 1st place Justin Martin, 4th place Jayden Schepker, 1st place Kolby Estes, 1st place Colby Schwartz, 6th place Maleek Porter, 6th place Kieon Davis, 1st place Grady Miller, 3rd place Nate Fauquier, 4th place Colby Stephens, 5th place

HANNAH CHAPMAN LOOKS TO SHOOT against Hallsville last Friday night on the road. Chapman had 19 points as Warsaw lost a tough one 44-42

Lady Cats Let Game Slip Away

By Johnie J. Logue Enterprise Staff

It an very ugly game. The Warsaw Lady Wildcats jumped out early but allowed the Hallsville Lady Indians to take a 44-42 victory on Friday night. It was a strange first quarter in that Hallsville neither scored or committed a single foul and half of their shots never hit the rim.

Hannah Chapman burned the nets early with two threes on the left side of the court and hit a layup for eight of Warsaw's ten first quarter points. It was 10-0 after one. Warsaw had three fouls to zero for Hallsville.

While both teams played hard and played pretty good defense, the offense on both sides wasn't pretty to watch. It was 18-10 at the half as Hope Crane, Avery Abell and Lana Hicks provided the offense for the Indians.

The third quarter saw Warsaw struggle as they were outscored 11-6 and so it was now 24-21 setting the stage for a wild fourth quarter of play.

Kylee Fajen fouled out and Hallsville tied it at 34-

34 and took the lead at the 1:47 mark on a basket by Avery Abell. Warsaw would tie the game at 37-37 but Crane hit two free throws to put the Lady Cats behind again.Crane and Lydia Loethen would both foul out for the Lady Indians.

It was 43-38 but Chapman hit a clutch bucket to make it 43-40. Hallsville then hit a free throw for the 44-40

The crowd got into the game as the fans poured into the gym for the upcoming boys game to follow and Hallsville's 16 cheerleaders pumped up the crowd.

Head Coach Cody Morgan positioned Chapman and Jordan Plybon in the corners for a possible three at 44-40 with 7.8 seconds left. Hallsville guarded the corners as Chapman drove for a layup as the buzzer sounded to make it 44-42.

Chapman had 19 points in a great effort. Aubrie McRoberts had 13, Fajen six, Kya Schepker two on a break away and Kylee Creach two on a jumper in the first quarter.

Warsaw had beaten Hallsville by two earlier in the season. The Lady Cats fell

WARSAW'S KYLEE FAJEN DRIVES for a layup pass Jordan Young of Lincoln. The Lady Cats defeated Lincoln 63-42 at home on Monday night.

Warsaw Beat Lady Cardinals

By Johnie J. Logue Enterprise Staff

On a cold ,windy, dreary Monday night, the Lincoln Steadfast Six traveled down the road to Warsaw to take on the Lady Cats. Hannah Chapman and Aubrei McRoberts would both score 22 points to lead Warsaw to a hard fought 63-42 victory.

Chapman would nail a three to make 3-0 and Warsaw would press Lincoln . The Lady Cardinals struggled bringing the ball up and Marlin Hammond called time out after just 50 seconds into the game.

Lincoln settled down to some extend but trailed 14-11 after one. Lincoln would take the lead at 23-21 at the 2:45 mark but it was short lived as the Wildcats would come back and then stretch the lead to 32-25 at the half.

Lincoln's center Blayke Bays committed her fourth foul in the second quarter but stayed in the game as Jordan Young rode the bench. However, the second half would find Bays on the bench and Warsaw would take over. Bays would soon

TO GET YOUR **SUBSCRIPTION** OR PLACE YOUR AD! 438-6312

return but was helpless to defend under the basket with four fouls and with Lincoln only having six players.

Warsaw would score on break away by McRoberts, Chapman and Kylee Fajen to led 45-32 after three. Warsaw continued to press until midway in the third with a 18 point lead and a tiring Lincoln club. Stats on tie-ups weren't given but the game had several as both teams played hard and fought for every possession.

Fajen and Plybon each had seven points, Kya Schepker had three points and Kylee Creach had two points. Warsaw improved to 6-12 on the season.

Scoring for Lincoln: Blayke Bays 17, Christina Eckhoff 15, Lindsey Koll had eight and Jordan Young had two. Lincoln's record is now 2-14.

Warsaw Sets New Hours For Pool

By Homer May Enterprise Staff Why wait to see what Punxsutawney Phil, that famous Pennsylvania rodent, has to say Feb. 2 about spring's arrival? Under new business Jan. 22, Warsaw Board members decided that the City's Municipal Swimming Pool's hours of operation this year will be 12-7 PM Mon-Sat, and 12-5 PM Sun. Whether anyone sees his/her shadow or not, we'll bet it'll be a warm sunny day, perfectly delightful for souls now winter-weary. Traditional opening date for that Pool is about Memorial Day weekend.

The meeting opened at 6 PM, with Alderpersons Lou Breshears, Adam Howe, Dave Williams, Terry Marshall Sr., Eric Masoner present. Alderman Eric Flores was absent. Mayor Eddie Simons presided, City Clerk Jessica Kendall recorded. First business conducted was to approve the evening's agenda and minutes of the Jan. 8 meeting, then okay payment of bills pre-

Also under new business, the group authorizing Mayor Simons to execute a contract between the City and HCS Computer Solutions, for operation and maintenance of City Computers IT Service and other services, at a small increase in monthly and yearly fees. Responding to a question from Alderman Howe, Clerk Kendall said security for the City's computer systems is "adequate." Then the group approved an ordinance authorizing the Mayor to execute a letter of intent and assurance agreement between the City and USDA for a \$50,000 grant from USDA, to provide more parking on Main St. City Planner Randy Pogue added he anticipates work on that project will begin in July.

The group next approved gym memberships for 15 City employees at \$20/mo., beginning February. The plan will be reexamined periodically. Then Alderperapproved a budgeted \$33,142 purchase of a Ford Explorer with police package, from Maples Ford. Rick Ball Ford's bid was \$32,500, but Maples Ford, being a local supplier, had a slight

competitive advantage. People Service Manager Mark Breshears, who furnished a departmental report, said there were a couple of recent water main breaks around the City which were fixed. He added smoke testing of sewer lines around town will soon begin. Other managers of departments, boards and commissions also furnished periodic reports, without comment.

The meeting closed about 6:20 PM to go into executive session. These meetings are usually held on 1st and 3rd Monday evenings; visitors are welcome.

Questions To Ask Before Taking Social Security

Social Security can be an important part of your retirement income. So before you start making decisions about your payments, you'll want to know what questions to ask.

Here are a few to consider: How soon can I start collecting Social Security? You can begin receiving Social Security as early as age 62. However, your payments, as well as the survivor benefits payable to your spouse, will be significantly lower than if you wait until your full retirement age, which is likely to be between 66 and 67.

Can I wait until I'm past full retirement age to begin collecting payments?

Yes. Your monthly benefits will continue to rise until you reach 70, at which point they will max out.

Which is better: taking smaller payments for more years, or larger payments for fewer years?

There's no simple answer to this question. If you are in good health and have a family history of longevity, you may decide it's worth your while to wait as long as possible before collecting benefits. Also, if you enjoy working and don 't immediately need the Social Security payments, you may choose to wait. On the other hand, if your health is questionable, or if you would rather retire than continue working, you might want to start taking payments earlier. And, of course, if you simply need the money to help support yourself, you may not be able to wait. Additionally, don't forget potential implications for your spouse. Since the survivor benefit is based on the size of your retirement benefit, it may make sense to delay and maximize your retirement benefit, which could help provide the surviving spouse.

If I'm still employed when I begin taking Social Security, will my monthly checks be reduced?

If you're working, and you start collecting benefits before you reach full retirement age, your payments could be reduced if you earn more than the Social Security earnings limits, which are adjusted each year. Once you pass your full retirement age, though, you can earn as much as you like without having your payments reduced (although they could still be taxed).

Will I be taxed on my

Social Security benefits? Social Security benefits can be taxable at any age, whether you're employed or not. To understand your tax liability, consult with your tax advisor.

MISSOURI WIC INCOME GUIDELINES

Family	Annual	Monthly	Weekly
Size	Income	Income	Income
1	\$22,311	\$1,860	\$430
2	\$30,044	\$2,504	\$578
3	\$37,777	\$3,149	\$727
4	\$45,510	\$3,793	\$876

The Income guidelines are based on 185% poverty level. Benton County Health Department offers the Missouri WIC program to eligible residence of Benton County. The income guidelines count pregnant women as two family members. WIC is a resource for pregnant mothers, families with infants and children up to the age of 5. WIC offers many services that may be of interest to young families that include: breastfeeding education and support, nutritional counseling and nutritionally rich foods.

The Benton County WIC program is an equal opportunity provider. Benton County WIC is located 1238 Commercial Warsaw, Mo. 660-438-2876. WIC office hours: 8:30am-11:00am, 1:00pm - 4:00pm Tuesday, Wednesday, Thursday. The Last Tuesday of each month is Walk-in Day 8:30am-11:00am, 1:00pm-3:45pm. First come, first serve.

Can I claim Social Security benefits based on my spouse's earnings?

Yes, you may be eligible for Social Security benefits based on your spouse's earnings and Social Security record. This benefit is available if your full retirement benefit is less than half of your spouse's full retirement benefit. The spousal benefit is only available if your spouse has already filed for benefits.

These aren't all the questions you may need to ask about Social Security, but they can give you a good idea of what you should know before taking action. So take your time, get the professional advice you need, and make the right choices. You've contributed to Social Security your entire working life, so you've earned the right to maximize your benefits.

-Assisted the Cole Camp Ambulance with a medical in the 400 block of West Osage Street and a medical call in the 500 block of South Spring Street.

WARREN D. LOVE REPRESENATIVE

January 18, 2018 Greetings, My Fellow Missourians!

With the General Assembly now in session, Friday is my in-district work day. It actually started very early in the morning because of icy road conditions. I took my wife, Marla, to her workplace in Warsaw. While driving, it was obvious that the MoDOT road crews had been out salting the intersections and bridges. So, in appreciation of their good work, I picked

up some doughnuts and delivered them to the MoDOT barns in Warsaw and Preston.

From there, I called on the city officials of Weaubleau and Wheatland along the "Discover More on Highway 54" route. I spent lunchtime at the McCarty Senior Center in Wheatland. I had plans to make a presentation at Hermitage High School afterward, but due to schools closing because of the weather, the recognition event was moved to the McCarty Senior Center. It was an honor to present a resolution to Hermitage High School Senior Easton Sabala. This fine, young man placed 1st out of 165 competitors in the Class 1 State Cross Country Championship in November. He also helped lead the Hermitage/Wheatland H.S. Cross Country Team to a 2nd place finish in the state championships following 3 consecutive years as the state champs. We are very fortunate to have excelling students in our district who are blessed with wonderful guidance from their instructors and coaches!

CONSERVATION/CWD

UPDATE:

I conferenced with Aaron Jeffries, Missouri Dept. of Conservation Deputy Director, this week. He updated me on the results of testing deer for Chronic Wasting Disease (CWD) that was completed in our area during opening weekend of the Fall firearm season. While 2 positive samples were confirmed in our district (one adult buck in Cedar and one adult buck in Polk counties), MDC suggested the low number of positive results illustrated the disease was recently introduced into these areas. The Missouri Department of Conservation has reported CWD-positive results for 15 free-ranging deer out of nearly 18,400 test results this season. This season's testing was called for because of 2 infected deer harvested in the previous 2016 hunting season. Because of this year's results, a rather small 4-6 mile area near Collins has been targeted for eradication of the deer herd. Hopefully, this will lessen the spreading of the fatal disease. You can learn more about CWD online at https://huntfish.mdc. mo.gov/hunting-trapping/ wildlife-diseases/chronicwasting-disease-cwd.

If you would like to be added to the e-mail list to receive our Capitol Reports, you can e-mail me at warren.love@house. mo.gov or call the Capitol office at (573) 751-4065 and talk to Kelley Rogers, my Legislative Assistant.

"Ride For the Brand" Representative Warren D. Love

Commission **Discuss Fort Lyons Avenue Bridge Project**

By Anita Campbell Enterprise Staff

Shafer, Kline and Warren, Inc. project manager Dustin Berry and Larry and Pam Siercks met with the Benton County Commission to discuss the upcoming bridge project on Fort Lyons Avenue in Benton County at the January 11 meeting of the Commission.

In other business Sheriff

Eric Knox met with the Commission to discuss his 2018 budget. Treasurer Rick Renno, Clerk Susan Porterfield, Capt. Jeff Canfield, Lt. Dean Noll, Michelle Bruns and Diana Marmino were also present.

Commissioners **Meet Discuss New Jail Facility**

By Anita Campbell Enterprise Staff

Representatives from L. J. Hart Company and HMN Architects met with the Benton County Commission at their January 18 meeting to discuss the proposed new jail facility and public relations options for this project. Those in attendance included Larry Hart, Courtney Wegman, Adam Kuehl, Sheriff Eric Knox, Capt. Jeff Canfield, Jail Administrator Greg Wenberg, Diana Marmino, County Treasurer Rick Renno and County Clerk Susan Porterfield.

District 1 Commissioner Dale Jr. Estes made a motion to accept the bid from Zollicker Oil Company for Road District #1 for red diesel fuel at a cost of \$2.359. The motion passed. The other bid received was from Warsaw Oil Company at a

price of \$2.43. Commissioner Estes made a motion to accept the bid from Zollicker Oil Company for Road District #1 for unleaded gasoline at a cost of \$2.055 per gallon. The motion passed. The other bid was received from Warsaw Oil Company at a cost of \$2.02 per gallon.

Company To Apply As **Construction Manager** For New County Jail

By Anita Campbell Enterprise Staff

Universal Construction Company, Inc. representative Steven Smith met with the Benton County Commissioners at their January 16 meeting to express interest in working in some capacity as construction manager at risk and/or construction manager agency in the construction phases of the proposed jail facility.

George Hall met with the Commission to present information pertaining to Benton County Sewer District #1

Sheriff Eric Knox met with the Commission to discuss his 2018 budget. Treasurer Rick Renno, Clerk Susan Porterfield, Capt. Jeff Canfield, Lt. Dean Noll, Michele Bruns and Diana Marmino were also present.

County Clerk Susan Porterfield submitted bills for approval and payment.

Cole Camp Audit Due In February

By Homer May Enterprise Staff

Under departmental reports, January 18, Cole Camp City Clerk Ami Dieckman stated that Auditor Renda Armstrong will be in City offices, February 20-22, to perform an audit of the City's 2017 books. There was no indication that the audit was anything more than a typical periodical examination of records.

The meeting opened at 7 PM, with Alderpersons Earlene Oglevie, Wayne Karman, Eric Hoke, Bob Meuschke present. Mayor Burton Bormann presided; City Clerk Dieckman recorded. First business conducted was to approve the evening's agenda plus the December minutes, and minutes of an executive session which followed the December meeting, then agree to pay bills presented. The group received financials from Clerk Dieckman without comment. Early on, the group received information that the City has received a \$100 donation for its dog

Also in early session, Lynette Stokes, Executive Director, Benton County Tourism Commission, furnished an overview of BCTC's 2016-2017 activities, saying there has been a 17 percent growth in tourism related activities in Benton County, during that period. She mentioned an August 4-5 repeat of the Cigar Box Festival held in Warsaw in 2017, also other activities such as a recently created BCTC Facebook page. She asked for and received assurances of a \$1.00 per capita contribution from the City, in 2018.

Alderpersons also discussed a proposal for the City to pay for repairs to the local Boonslick Regional Library building, expected to total about \$9,440 for City related projects; with another \$6,390 in expenses to be paid by BRL. The project is expected to be paid for through a donation by Carol Loomis, and Mayor Bormann said he would contact Loomis to make sure the funds are still available. The project will be put out for bid.

Under old business, the group agreed to a \$285/ month Medicare reimbursement for full-time City employee Roy Wagner. Then under new business, the group clarified a previous decision that the City will contribute \$1,000/year toward employee Health Saving Accounts for those who opt into that plan.

City Clerk Dieckman reported that perhaps as much as \$25,000 in repairs and upgrades are needed at City Hall. Discussion did not proceed to a decision to seek bidders for such work. Police Chief Stephen Phillips said he had received several complaints about business entities operating in the City without licenses. He added that all police cars are in operation. Public Works Director Klark Bohling reported his Department dealt with one frozen meter during the recent cold spell. He added he had received two bids for replacement of UV lamps (\$1,773.51) and other electronic equipment (\$2,781.99), and the group authorized him to purchase

The meeting closed about 8:45 PM. These sessions are usually held on 3rd Thursday eves; visitors are welcome.

Warsaw Chamber Hosted Member Appreciation Event

By Anita Campbell Enterprise Staff

Over 50 members of the Warsaw Chamber of Commerce gathered at the Truman Overlook Center on January 9 for the State of the Chamber event. Kyle Hessenflow, Chamber President, spoke to the group about plans for the new year. According to Chamber Director Mac Vorce, the topics of conversation also centered on working together with the different groups in the county as well as the use of

the social media to get the word out about the opportunities in the area.

Then on February 24 the Chamber will be hosting the Benton County Hunting and Fishing Exposition at the Warsaw Community Building from 9 AM until 5 PM. Events will be both inside and outside of the Community Building. There is even a possibility of a boat ride along in the Harbor so those selling boats can show off their newest models. The Expo will also feature demonstrations, vendor booths, a silent auction and advice from hunting and fishing professionals.

Next on the agenda for the Chamber will be the Missouri Mountain Bike State Championships to be held in Warsaw again on May 19 and 20. This is the largest mountain bike race in Missouri and qualifies bikers to compete in the National Mountain Bike Race held in West Virginia. Local biker Joe Vorce won his division last year and competed in West Virginia.

"With all our trails and gravel roads, Warsaw is the perfect place to live if you are a mountain bike enthusiast," said Mac Vorce. "We have seven adult state champions living in the Warsaw area and the interest is growing."

There are different styles of racing such as short course which is very intense, cross country and marathon (which involves biking 36 miles). There are also different levels of competition such as Beginner, Intermediate and Expert level. There are also levels for children, Junior Level, 15 through 18 years old and Junior Level, 14 years and under.

Vorce commented that the Missouri Bike Federation now uses Warsaw as an example of a unique place for biking as the USB Route 51 makes plans to make Warsaw part of the route from Bolivar to Sedalia. When this is complete a biker could safely travel from Springfield to Sedalia.

According to Vorce, Bike Packing is also a growing national trend that will be important to the Warsaw area. "Warsaw has so many great places for bikers from our numerous campgrounds to all of the convenience stores which makes bike packing easier," Vorce said. "Bikers who are going long distances look for places to spend the night and pick up groceries so Warsaw is a prime location."

The Chamber of Commerce office is now in the process of moving from their location next to the Enterprise to the office at the front of the Warsaw Community Building. The Warsaw City office has moved to the basement of the Community Building.

'We think this is an excellent spot for the Chamber since all the other offices are there," Vorce said. "We will be able to communicate quickly without the need for setting up a meeting."

Vorce also commented that the Community Building office would serve the Chamber well as people coming to events would be able to pick up flyers and other information to keep them up to date on Chamber events.

Members of the Chamber include: Kyle Hessenflow, president; Josh Sater, secretary; Lori Dunkin, treasurer;

Kevin LaPittus, Leo Porter, Carrie Rieman, Jessie Kendall, Deanna Glenn, Ron Letcher, Chuck Allcorn, Rickie Caswell, Eric Reinertsen, board of directors; Erin Cordrey, Corp of Engineers liaison; Mac Vorce, director and Jenn Bradshaw, office assistant. Board meetings are held the second Tuesday of each month at noon in the basement meeting room of the Equity Bank.

Sedalia Man Seriously Injured **In Benton County**

By Anita Campbell Enterprise Staff

A Sedalia man was seriously injured in an accident in Benton County on January 19 at 5 AM.

The accident occurred when Glen A. Temple, 66, of Sedalia was driving a 2001 Volkswagon Jetta on Dillon Road in Benton County. The vehicle traveled off the roadway impacting a cattle gate. The vehicle continued on traveling west into a private pasture before striking a large tree.

Temple was taken by Air Ambulance to the University of Missouri Medical Center in Columbia with serious injuries.

Tpr. T. W. Murrell of the Missouri Highway Patrol investigated the accident

WARSAW Police Report

On 01/16/2018 Richard Beck,48, was arrested at Probation and Parole for an active Miller County warrant with a bond amount of \$500.00 cash only.

On 01-21-2018 Stephen Sanchez, 60, was arrested at his residence for an active Benton County warrant for arrest with no bond.

On 01-22-2018 Mark Leaver, 17, was arrested for possession of drug paraphernalia.

On 01-22-2018 John Boley II, 38, was stopped and arrested for driving while intoxicated.

On 01-22-2018 Jerry Nunn, 59, was stopped for traffic violation and arrested for possession of drug paraphernalia.

Apply Online For MDC Spring **Managed Turkey Hunts Starting** February 1

Missouri youth, archery, and firearms turkey hunters can apply online for 2018 spring turkey managed hunts Feb. 1 - 28 through the Missouri Department of Conservation (MDC) website at mdc.mo.gov/ springturkeyhunts. Managed hunt details and application procedures are outlined on the webpage. Drawing results will be posted starting March 12.

Spring turkey hunting youth weekend will be April 7 and 8 with the regular spring season running April 16 through May 6. Detailed information on spring turkey hunting will be available in MDC's "2018 Spring **Turkey Hunting Regulations** and Information" booklet, available where permits are sold beginning in February.

ENTERPRISE

LOCALLY

(Continued from Page 1) protection. It also helps fund parks and road maintenance. Prosperous local businesses are more likely to sponsor youth sports, contribute to charities and participate in other civic service.

Several local Warsaw business owners were asked about their versions of the benefits of shopping locally.

Shelley Hare, owner of ReMax of Warsaw, Landing Bistro, Landing Boutique, Grace for the Moment and Team Hare, said that she employs many individuals in her local businesses. She is thankful for the support the local community has given to her as well as to other businesses down town. This helps businesses grow and in turn attracts people to stay, play and shop in the area.

"If there is nothing here we can't bring them in to our city," said Hare. "There is a lot of support for each other from local businesses themselves. During Heritage Days, the Bistro wasn't open so I recommended other places to eat to those I came in contact with. During that event, there was a lot of traffic from Sedalia. We are coming up and people want to come here. I came here in 1974 and have always shopped locally, and particularly liked the former Courtney five and dime store on Main Street.'

The manager of the Warsaw Antique Mall, at 245 W. Main Street, said the City needs the revenue from sales tax, and that it benefits the community. She said she wished it was easier to shop locally, but she realized that it was necessary sometimes to go to stores out of the area for certain products. She thought the local area had a lot to offer, and had services available such as medical clinics.

Owners of Bill's Repurpose, at 233 W. Main Street, said for the most part the biggest share of down town shops are Mom and Pop. That is, they are run by the owners who live locally. They said they were proud of the fact that local businesses helped each other, by referring customers to other businesses if what they were looking for was not available in their own shop. The owners expressed a lot of respect for Mac Vorce who manages the Warsaw Chamber of Commerce, and has had a lot of positive results in the business community. They said he recently voluntarily shoveled snow from sidewalks on both sides of Main Street from Seminary down to The Pottery Shoppe to make it easier for customers to enter shops.

Ruby Humphrey owns the Wooden Wagon antique store. Supporting her business also supports her clients who rent booths in her store, generating income for the business, her clients and more sales tax to be used for the community. Humphrey also contributes to the community by offering some sewing classes to people who live nearby.

"I hosted sewing classes once a week when I owned Mary Jane's in Clinton, and helped girls and women who hadn't learned to sew in homemaking classes in school," said Humphrey. "One of these young women contacted me after she had graduated in Theater and was doing a lot of sewing while working in her field. She told me that she could name her price for her sewing skills because people in Theater don't sew like she can."

Forbes.com put out an article online on November 20, 2017 offering five ways small businesses can benefit from customers who shop locally throughout the year.

The first benefit was that it creates more local jobs. Apparently, local businesses create the majority of economic growth, employing about 77 million Americans and improving stability in communities. Independent businesses create about

two-thirds of private sector jobs. Every \$10 million of spending at a local business creates 57 jobs, whereas the same spending at Amazon creates 14 jobs at the mega business.

Another benefit is that local shopping enhances diversity. Chain stores often stock shelves that reflect national demands. But a local sporting goods store is more likely to focus on community interests, offering apparel in local school colors, for example. Often local stuff is more interesting than chain store products because they display local characteristics and culture.

Local networks are strengthened by local shopping. Small businesses can provide access to local expertise about products and services that work best in the local geographic area. For instance, a local garden shop can tell you the type of tomato which grows best in the local climate. Thriving local businesses often hire other small businesses to perform support tasks or provide raw materials and resources. This bolsters networks which can promote further growth.

Shopping locally is also good for the environment. Consumers who walk to local town centers reduce their use of cars and buses. Local business owners also tend to be more civic-minded.

Neighborhoods served by successful small businesses see home values increase 50 percent on average. As real estate prices grow, communities can attract new investments to spur continued economic growth which, increases local tax revenue.

DALESKE

(Continued from Page 1) Daleske. "Our part was road overlaying. During my term, we had some major damage from floods and took care of repairs which totaled a half-a-million dollars in FEMA reimbursement funds that continued to trickle in up until 2017."

If elected to the office of Presiding Commissioner, Daleske will work to keep the county financially sound, while still moving forward, not only with infrastructure but the needs of the whole county. He wants to work with all the cities in the county and open up lines of communication with all people. He is acquainted with the maintenance and operation of county equipment, and will get input from other commissioners in an effort to use the dollar "as best we can."

"I want to move the county in a forward direction," said Daleske. "Not just for the four years of my term, but for five, ten, and 15 vears ahead. Down the road we will have upswings and downswings and we need a plan of action in place so we can address each situation. The almighty dollar only goes so far, even though the county has needs that far surpass those amounts. We need to work with what we have and keep moving forward. Not all of our ideas pan out, but you have to keep trying."

Daleske moved to Warsaw in the early 1980s and graduated from Warsaw High School. He also attended State Fair Community College, taking vocational-technical courses, and belonged to the State Fair Chapter of Future Farmers of America. He runs a farm on Route MM, and previously worked 25 years as a Sedalia fire fighter. He also served as a Reserve Warsaw Police Officer for about five years. During his days off, he worked in residential and commercial construction. He is currently a member of the Benton County Cattlemen's Association, the NRA, International Association of Firefighters (IAFF), and is president of the Farmer's Mutual Insurance Company Board.

SCHOOL

(Continued from Page 1) very involved in community activities such as the Warsaw Chamber of Commerce Board and the Warsaw Athletic Booster Club.

Caswell is running for reelection because she wants to improve the Warsaw school system and attract teachers who want to come to Warsaw to teach. "I believe we are headed in the right direction but there is much more to do," said Caswell. Caswell is concerned about the conditions of school building as well as pushing for improvements in the academic areas.

Brandy Fajen is finishing her first term on the Board and is running for re-election to finish what she has begun.

"I want our students to be college ready when they leave high school," said Fajen. "We need to work together as a school district to do what is in the best interest of our children."

Fajen graduated from Holden High School in 1996 and attended State Fair Community College. She and her husband David Fajen have been married since 2000 and are the parents of Trevor, 19, a student at Ozark Technical College; Kylee, 15, a student at WHS; Tyler, 10, a Warsaw North School student and Trinity, 4. At the present time Brandy and David have a foster daughter in their home. Over the past 10 years, the Fajens have fostered 27 children in their home.

Fajen also is the owner of Children's Palace, a day care facility in Warsaw.

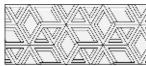

In addition to working with the children in Children's Palace, Fajen is an active member of Warsaw PTC, the Benton County Early Education Childhood Development Foundation, Fajen Foundation, Benton County Youth Coalition, 30th Circuit Foster Parent Support Group, River Church and River Church Youth ministry.

Fajen believes the Warsaw R-9 District has turned a corner and is heading in the right direction as a district. "We need to make sure all our grade levels are working on the core curriculum," said Fajen. "I am a very strong willed person and I am not afraid to ask the tough questions to make sure we are doing whatever we need to make Warsaw the best school it can be."

Fajen said that she is a hands on Board member

in that she helps out wherever she can. "I am not above sweeping the floor and washing dishes at any event the school sponsors," Fajen said. "I want to be involved in every activity that I can be."

The Warsaw R-9 School Board election will be held April 3.

What Does It Mean To You When People Buy Goods and Services Locally?

"When people support businesses in town, it helps everyone in town. Your family, friends and customers all benefit."

Liz Hollingsworth

"I try to be 100 % local. It's vital to our economy and benefits all the citizens in the area by keeping jobs here."

Mike Doty

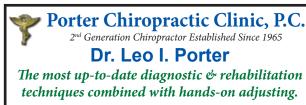

"Supporting local professionals and merchants increases employment and that increases the morale of our community." Jessi Kendall

"Buy Local"-You see it in the store window and often times in the news. The message is "let's support local business," a kind of community cheer. But buying close to home is more than a feel feel good moment, it's worth it to buy right here. There is a profound economic impact of keeping money in town and the fate of many communities increasingly depends on it. The merchants and professional people on the following pages invite you to stop by and see the goods and services they have to offer and they sincerely appreciate your business. Keep jobs and our economy strong right here in Benton County and give your dollar another chance to travel through town.

WELL KNOWN FOR QUALITY MEAT, Joe Hubbard and G&W Foods Manager Bill Marks are proud of the store's selection of USDA Choice meat.

G&W Returns To Warsaw

By Anita Campbell Enterprise Staff

fresh meat department, deli and bakery in addition to a full line of groceries.

Newman's Country Mart was sold to Dan William and Bruce Grisham of Willow Springs, MO, just eight months ago. Since then G&W employees have worked to remodel the store and make some major improvements.

"We have been working on the overall store conditions," said General Manager Bill Marks."I worked here in Warsaw at the old G&W located in what is now the Warsaw library, but at that time we just didn't have the volume to

Pets And

while their parents shop. G&W is located at 1018 East Main Street in Warsaw.

G&W also offers fresh fruit

to all their young customers

under the age of 12 to enjoy

Bad Breath

If you've ever experienced dry mouth, you know how uncomfortable it can be. Unfortunately, your pet can get dry mouth too, and it can lead to more serious issues down the line and can also be a sign of more serious current health issues.

Dry mouth is a condition where saliva loses its protective benefits and leads to an overgrowth of odor-causing bacteria and plaque accumulation, as well as increases the risk of periodontal dis-

While such diseases as diabetes can contribute to dry mouth in pets, the most common cause is medication. What's more, it is believed that medications increase the risk of developing complications due to dry mouth by 40 percent. This side effect is far-reaching. Medications for allergies, anxiety, urinary incontinence, osteo-arthritis pain, heart conditions, high blood pressure and more can bad breath can help, as it is often a red flag that something is wrong.

ENTERPRISE

Experts say that you don't need to wait until this becomes an issue to protect your pet's health.

"Prevention is always the best medicine," says Pamela K. Bosco, president of Pet King Brands.

Bosco recommends Oratene Brushless Oral Care for pets, an easy-to-use oral care product line that doesn't require brushing. Whether it's the water additive, breath freshening spray or brushless toothpaste gel, the enzymes in its formula work to replenish what is missing in order to help restore healthy oral flora, as well as destroy odorcausing bacteria and remove plaque biofilm. The products tions due to dry mouth, and will benefit any age dog or cat, especially those on medications, aging pets, or those pet parents averse to brushing.

Oral health is crucial to a

to pay special attention to the state of affairs in your pet's mouth by taking steps to prevent dry mouth, a condition that can lead to serious health issues when left untreated.

Benton County Democratic Party Club

Submitted by Nicki Goers

The Benton County Democratic Party Club meeting was held January 17th at the Warsaw Library. We started the evening with the Pledge of Allegiance, which always sets the tone for our meetings.

Our speaker, Joseph (Joe) Poor, is the president of the Laclede County Progressive club. He is a candidate for the Missouri Senate 28th District in the November election. Joe's Facebook page, Joe For Mo 28th, shares the following Franklin D. Roosevelt quote: "The test of our progress is not whether we add more to the abundance of those who have much, it is whether we provide enough for those who have too little." Joe began his program discussing the cuts in spending that occurred this last year in MO, emphasizing how these cuts affected education and older adults.

He stated that investing in education is important, especially in rural areas. We can't skimp on education that prepares our youth for their future. In MO we have changed the funding formula for education which makes it look like we are closer to full funding. However, there isn't enough funding and more schools are switching to 4 day school weeks to cut expenses. Joe also told about looking into free community college for Missourians. The state of Kentucky does this. The cost would be small compared to other education costs, around \$8 million, and could take advantage of available loans and scholarships to keep the cost down. Community colleges could provide 2-3 year programs and apprenticeships to teach trades and skills for infrastructure projects like building roads and bridges as well as preparing students for a continuation into 4 year colleges, if they were interested.

Joe is also against funding cuts to programs that assist the elderly and disabled. "Someone should tell Eric Greitens that denying disabled Missourians vital care isn't very pro-life and taking necessary medica-

tions from the elderly isn't a family value." Law makers had proposed a plan to use unused state funds to restore the cuts. Governor Greitens vetoed it and refused to have a special session where alternative funding proposals could be discussed.

Joe is pushing for a prescription drug oversight program. Missouri is the only state that does not have a functioning state-wide prescription drug monitoring program. We have a tracking system for pseudoephedrine which is used to make methamphetamine, but no tracking for other prescriptions like OxyContin. Patients in MO can go from doctor to doctor and there is no record that they've previously been prescribed an opioid. Opioid overdose is now a top cause of death. Joe shared with us that just last week a classmate of his died from opioid overdose.

Joe mentioned that Mississippi is one of the poorest states in the U.S. He feels that this is because they have Right-to-Work regulations and therefore workers have very low wages. "Unions set the bar for wages. We need to repeal Right-to-Work." In MO we need to vote no on Proposition A in November. He said that safety on the job is also a concern. Union workers have a safer work environment and more training. He felt that private corporations have more instances of pension plans failing and ruining workers' retirement, while most all unions have strong pension plans.

Another topic Joe covered was the MO Democratic Party's Farmer's Bill of Rights. This bill includes Right to Fair and Open Markets giving family farms the right to compete against the 6 giant corporate farms in MO. The corporate farms control the market making it expensive for family farms to grow crops. They then receive less than fair prices when selling. The section of the bill, Right to Local Control of Land, is important. MO in recent years lifted a ban on foreign farm owners, allowing other countries, including China, to purchase land throughout the state. The St. Louis Post Dispatch warned that "northern Missouri could become a province of China." Another section of the bill, Right to Rural Opportunity, addresses our farming families having access to all services needed to enable them to raise their families, schools and healthcare are two examples. Joe encouraged us to look up the Farmer's Bill of Rights presented by the Missouri Democratic Party.

Joe ended by saying, "It's not about Democrats and Republicans. It's about haves and have-nots. We need good education." Joe then answered several questions from the group and said he would back for future club meetings.

Following Joe's program we held a business meeting where we discussed several club activities including our participation in Halloween Hoopla, two successful fundraisers, two recent trash pickups along our adopted mile of Highway 65 and plans for a meet the candidates event. The next Benton county Democratic Party Club meeting will be February 21st, 6 PM at the Warsaw Library.

Pharmacy Owners Boot Camp Held At J&D Pharmacy

By Judy Kramer Enterprise Staff

Customers entering the Common Ground Café on Main Street Thursday evening, January 18, were treated to a bonus musical evening while eating their dinner. The entertainment took place on the third floor of the café where participants in a Pharmacy Owners Boot Camp were having a Meet and Greet Dinner to begin their January 18-19 seminar. Host Don Grove, owner of J&D Pharmacy, engaged Jim and Darlene Hayes as well as Addie, Brett and Lisa Jarvis to sing and play instruments. All members of the group sang and Jim Hayes played lead guitar. Darlene played piano, Addie played the ukulele and guitar, and Brett was on the drums. Grove had especially asked for 15-year-old Addie to perform because he was very impressed with her talent when he had seen her at another event where

the band performed. Seminar presentations were held in upstairs rooms at J&D Pharmacy the following day, where pharmacists heard from speakers including Don Grove, Tony Di Rico (Founder and CEO of Profit Hunters), Meredith Bell (Co-founder and President of Performance Support Systems), Eric Schmidt (Founder and President of Winfield & Associates Marketing & Advertising), and Don Farrell (Founder and Chief Cultivating Officer for

Fresh Revenues). Grove and his personal marketing consultant shared 10 money-making ideas for independent pharmacies. Grove has been an innovator in the pharmacy industry for over 40 years, and had a plethora of ideas to pass on. His pharmacy was one of the first six in the U.S. pioneering the University of Mississippi's/Cardinal Health prescription synchronization program for independent pharmacies. He led the way in computerized pharmacies in 1975, the drive-up window in 1976, family discount cards in the 1980s, a network of satellite infusion pharmacies in the 1990s and most recently his patent pending workflow system – SmartFlow.

Grove's J&D Pharmacy has also been the site of many 21st century innovations such as a new IT strategy for patient care where an in-store Education Center offers free private access to medical videos for patients who want the latest information about their ailments. J&D was one of eight pharmacies in the U.S. selected for a visit and interview by an international consumer-consulting firm that was trying to understand pharmacies in our countries. A little over a year ago, Grove hosted focus groups at Golden Valley Medical Health-Care so that medical personnel could see a demonstration of the new medicine-dispensing machine called Livi, made by PharmRight Corp.

Grove talked about how to double or triple prescriptions, save money by using key bobs instead of keys, and how to boost employee retention with four-day work weeks and bonus gift cards. Other speakers taught participants about hiring, employee development, social media marketing and sales training, and there was even a speaker/master storyteller – Tom Feltenstein.

Grove's wife, Cheryl Grove revealed that Don was hoping to host seminars at his pharmacy as frequently as once a month in the future.

One participant at the January 18-19 Boot Camp, Howard Danzig, President of Employers Committed to Control Health Insurance Costs (ECCHiC), said that "Don Grove is a tremendous guy and should be a model for the pharmaceutical industry." Danzig also spoke to attendees about how to control health insurance costs by eliminating the middle man (insurance) and buying prescriptions directly from the pharmaceutical companies.

Attendees at the Boot Camp paid \$495 to register for the event, and were given a money-back guarantee that if they were not satisfied with the seminar, they could get their money back. Attendees also received \$4745 in bonus products and services that included: two Winslow Reports and Dashboard, StrongforPerformance Dashboard and one subscription, Customized Social Media Analysis & Strategy Recommendations, Don Grove's Marketing Idea Manual, Custom Sales Training, and a com-

REMEMBRANCE Thursday, January 25, 2108

Helen Ann **Beyer**

Helen Ann Beyer, age 72, of Fristoe, MO, passed away Thursday, January 18, 2018, at Citizen's Memorial Hospital in Bolivar, MO. She was born on April 20, 1945, in Fontana, KS, the daughter of the late Vern M. and Dorothy Mildred (Knight) Conklin.

Helen grew up in Osawatomie, KS and graduated from high school in 1963. In June of that year, she began working for Ward's Distribution Center where she was a supervisor. In 1990, she left there and began working for Hallmark until 1997.

On April 20, 2001, she was united in marriage to Darrell Beyer in Miami, OK. They made their home on a farm in the Fristoe com-

Helen was an avid garage sale goer, always looking for a bargain. She loved flowers and gardening and spent many hours with Darrell feeding their cows. She enjoyed all animals, especially her dog, Poochie. Helen attended the Cowboy Church in Fristoe, and was also a board member of the Concord Cemetery.

She is survived by her husband, Darrell, of the home, two step-sons, Duane Beyer of Fristoe, MO and Mike Beyer of Kansas City, MO, three step-grandsons, Steven, Michael J. and Cody Beyer, and one step-greatgranddaughter Mackenzie. Also surviving is her brother, John Conklin (Eloise) of Strong City, KS, two nieces and two nephews, other relatives and many friends.

Visitition for Helen Beyer was held from 1:00 to 2:00 P.M., Monday, January 22, 2018, at the Reser Funeral Home, Warsaw, MO. Graveside services followed the visitation at Concord Cemetery, Fristoe, MO. Memorials may be made to St. Jude Children's Hospital or the Ronald McDonald House in her memory. Arrangements under the direction of the Reser Funeral Home, Warsaw, MO.

Bill Fockler

Frank W. "Bill" Fockler, age 92, of Warsaw, passed away Friday, January 19, 2018 at the Lincoln Community Care Center in Lincoln, Missouri. He was born on July 6, 1925 in Knob Noster, Missouri the son of William Frank and Goldie M. (Dickey) Fockler.

Bill grew up in Windsor, Missouri and graduated from Windsor High School in 1943. He enlisted and served in the United States Army. He was united in marriage to Betty Vogler on September 18, 1947 in Sedalia, Missouri. Bill worked as a postal carrier in Sedalia until the mid-1960's. In 1969 they moved to Warsaw where he sold real estate for Ruby Davis Realty for nearly fifteen years. In May of 1973 he graduated with an Associate of Science degree from State Fair Community College.

Bill was baptized at the First Baptist Church in Camdenton, Missouri. He was a lifelong fancier who hatched, raised, and showed prize winning bantam chickens and was the Secretary of the Poultry Show at the Missouri State Fair for over twenty years. He enjoyed antiques and flea marketing and had a booth at the Valley Flea Market in Warsaw for many years.

He is preceded in death by his parents and a step-sister, Agnes Hill.

Bill is survived by his wife Betty, of the home, two children, Kent Fockler, and his wife Carrie, of Fern Park, Florida and Kay Hunziker, and her husband Le-

lan, of Independence, Missouri, four grandchildren; Christopher Fockler, and his wife Angela, of Broken Arrow, Oklahoma, Steven Fockler, and his wife Alexandria, of Broken Arrow, Tanya Lynn Brown, and her husband Roy, of Independence, Missouri and Billy Lee Hunziker, and his wife Lindsey, of Blue Springs, four great-grandchildren; Cody, Aiden, Mason Daniel and Cora Marie, and another great grandson on the way, two step grandchildren; Chris Martindale and family, of Longwood, Florida and Beth Sharpe and family of Winter Springs, Florida.

Funeral Services for Bill Fockler will be held at 1:30 Saturday, January 27, 2018 at the Davis-Miller Funeral Home in Lincoln, Missouri. Visitation will be held Saturday morning from 10:00 until 11:30 A.M. at the funeral home. Graveside Services and Military Rites will follow the funeral at the Spring Branch Cemetery, in Avery, Missouri.

SFCC Now Able To Award Addtl' Summer **Pell Grants**

The United States Department of Education (DOE) has approved changes to the Pell Grant program that will allow eligible students to receive up to 150 percent of their Pell award for an award year beginning 2017-2018.

The new regulation now allows colleges to award Pell for summer classes even if students have attended full-time in the fall and spring and have used 100 percent of their Pell for the year. To be eligible for the additional funds, students will need to be eligible to receive Pell for the payment period and enrolled in at least six credit hours in the summer semester. Eligible students may receive Pell grants for up to the equivalent of 12 semesters.

State Fair Community College Financial Aid and Veteran Services Director Lana DeJaynes says this change will help students stay on track to reach their educational goals in a timelier manner.

"The ability to access Pell funds for summer classes means that eligible students can keep taking classes and not have to put their education on hold until fall," said DeJaynes. "Students will be able to keep their academic momentum, and that can make all the difference in whether or not they reach their goals. Losing that momentum could cause some students to abandon their goals completely or delay earning that degree or certificate in a career with more earning power."

The federal Pell Grant program provides needbased grants to eligible students to promote access to higher education. Unlike student loans, grants are not repaid. Grant funds are awarded based on financial need, the cost to attend college, full- or part-time status, and a student's plans to attend college for an academic year or less. To establish eligibility, students need to complete a Free Application for Federal Student Aid (FAFSA) each year they plan to attend college.

For more information, contact SFCC's Financial Aid at finaid@sfccmo.edu or (660) 530-5834. Visit www.sfccmo.edu to apply for admission. Enrollment for summer is open, and classes begin June 4.

SFCC Announces Fall Academic **Honors**

State Fair Community College has named the following students to the president's list and dean's list for the fall 2017 semester. To qualify, a student must complete 12 or more GPA hours with a grade point average of 4.0 for the president's list or a grade point average of

3.5-3.99 for the dean's list. SFCC President's List

HOPEWELL BAPTIST CHURCH

The weather felt like a warm, spring day this Lord's Day. Marilyn Manley led the Sunday School opening, Donna Schutz was at the piano and Billy Quessenberry led the music. Happy Birthday to Doylene McLerran and to Seth. Additions to our prayer concerns include the Steve Lynch family, Cindy Ferguson and family, Nadene Williams, the Josh Keller family, Tammy Erwin Sawyer as well as those from our church family who are ill. A thank-you from Dorothy Feaster was shared. We will observe the Lord's Supper this coming Sunday, January 28. Warren Love gave the children's message. He spoke of our value in God's eyes. Shelly Rains led children's church. Our special music was brought by a quartet who sang How Great Thou Art.

Our message was brought by Dr. Mike Fuhrman. Philippians 3:12-14 was the scripture text for his message, Why I Am a Christian. We are sinners who need to be saved. We need the realization that we need Jesus. Our lives are full of struggles. Our lives are full of questions. The Christian life is a life of hope. It is a life of new creation, a life of pilgrimage, and a life of forgiveness. We are Christians because of who Jesus Christ is. He is the perfect, sinless, Savior.

LINCOLN **FIRST** BAPTIST CHURCH

God bless everyone. Hope you enjoyed the weekend weather. It was beautiful. Winter is still here so don't get used to this weather yet. Sunday school had an attendance of 43 today including 1 visitor. Birthdays celebrated

were Louese Bistline, Sue Rank and Alex Griffith. Linzie Griffith joined our church today. She had been attending for some time now because she married the pastor's son, Alex. Many are on the prayer chain so keep praying everyday for them and others.

Pastor's sermon was taken from Romans. He talked about exploited and devalued humans. There are many ugly and bad things going on in the world today. God values human life because He created us. We are created in His image. Where are you in your relationship with Jesus? God created Adam from the dust of the earth and created every detail of our being. God is always working on us to make us better. Stand up in all areas of your life, defend life and help others understand the value of life.

God owns it all. God is sovereign and deserves our hearts. No day goes by without God in our lives. There is nothing we need that God cannot provide. Be good stewards because God wants more from us. What we have been given he requires more. Everything is a gift from God. Open your eyes and see what others need.

UNTIL NEXT WEEK GO WITH GOD AND GOD BLESS.

From The Pastors Desk Johnie J. Logue

When the Jordan Swells

A pastor's life is an ongoing conversation and prayer to God. The fact that he is still in the ministry is a testimony that he has kept the faith.

Church attendance has little reflection on his theology or his Bible knowledge. Location and speaking ability probably is more of a cause for good attendance than anything

Music also plays a big part today with attendance as people want to be entertained.

Children programs also attracts church members.

Pastors are judged by their preaching ability when in reality that is a very small part in what they actually do. Many students I went to Bible college with were much better preachers from the pulpit than those who went on in the ministry. Those great preachers dropped by the way side pretty fast.

Think about it, anybody can stand behind a pulpit and talk about something. Depending on their God given voice, they can sound really good. However, when the Jordan swells they usually disappear.

So instead of judging your pastor by his preaching or church attendance, test him by the swelling of the Jordan.

Grace Baptist Church is located at 31046 MM Hwy. Call 660-223-6826 for more

Denise Hinkle Resigns From R-9 Board

By Anita Campbell Enterprise Staff

Warsaw Board of Education member Denise Hinkle resigned from the Board at the January 22 meeting. In her letter of resignation to the Board Denise stated,

"It has been a great honor for me to serve on the Board for 11 years of combined service. The district has seen many changes since my first term in 1999.

"My other commitments have become too great for me to be able to fulfill the requirements of my position on the Board. I feel it is best for me to make room for someone with the time and energy to devote to the job. I would like to say 'Thank you' to the citizens who voted for me to represent them on the Board.

"Recent memorial services have caused our family to look at our lives and ask what we might want to do differently and that has also influenced my decision.

Money once spent can be replaced, but time once spent, can never be replaced.

"I regret any inconvenience my resignation may cause the Board of Education, and pray that you will find great applicants to choose from when you appoint someone to complete my term on the Board.

"It has been enjoyable to be a part of the team helping to improve the school, I do hope that my service has been a positive influence on the Board and community. Thank you for understanding my choice to step down at this time."

Warsaw R-9 Superintendent of School Shawn Poyser presented Hinkle a plaque for her eleven years of service to the school district.

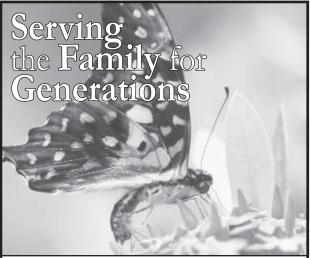

The Board will be accepting applications to fill the remaining year of Hinkle's term. Contact the Office of the Superintendent for more information, 660-438-7120.

THURSDAY • JANUARY 25 • 2018

By James M. White Publisher

It's just one crisis to the next, isn't it? First it was the President's annual physical and now it's the government shutdown. This whole fiasco just goes to show that maybe we don't need so much government. If both parties were so opposed to the shutdown, then why did it happen? I'll tell you why, if the government is shut down, it's because our legislatures want it to be shutdown. Job security comes to mind. Let's create problems and never solve them. And earlier this morning a senator told CNN from the capitol, "We need to work for the American people." Well, who did you think you were working for? Three hundred million citizens and this sorry bunch is the best we can do? I certainly hope not.

A few months ago I mentioned three of the swinging bridges that used to dot our landscape. Only the Upper Bridge remains today. And that prompted a call from Paul Shinn who said the late Jack Harvey could recall most of the bridges that used to stand in the county. "Mr. Shinn," I said, "You've come to the right place. Before Jack Harvey died he wrote down the bridges he remembered while growing up, I just need to find where it was filed." And last night I ran across it while looking for a bridge picture. Let's take a quick trip the past.

Here's what Jack Harvey told the Enterprise in 2005.

"The Middle Bridge was built in 1902 and collapsed when cattle crossed it in 1913. It was re-built in 1916 and taken down 60 years later when Truman Dam was built and finished. The river rose over the road almost every year. In 1943 the river was the highest I had ever seen it, which was up to the eves of the Old Depot. (Where the Corner Garden is currently located). That was

WORD ON THE STREET

Do you think the new tax bill will benefit you?

Yes. Jim Cowart

I don't know and will wait and see. Jyl Daniels

I think on the front end big companies will benefit but that may mean raises and bonuses for employees. It definitely means more money for the middle class.

Brandon Barker

four feet higher than regular flood stage.

The Upper Bridge was built in 1908. In 1916 a cyclone came down the river and took it down. It was re-built in 1928. I remember crossing it that year on my way to a ball game in Climax Springs, which we won.

Built in 1910, the Heath Bridge suffered the same storm that took out the Upper Bridge in 1916. It was located between the Mile Long Bridge and the concrete bridge that was built in 1935 between Warsaw and Clinton. That bridge was blown out when the Mile Long Bridge was con-

In 1912, the Bailey Bridge was built halfway between Warsaw and Wisdom, where I was born. The John Ed Bailey place was on the West end. At the point of the crossing was 200 acres of the best land on the Osage River. I traveled over this bridge in 1924 with my Dad to Warsaw, where he was going to Independence to see about some land. On the return trip home it was raining quite a bit. When we got to the bridge, the rain had frozen on the floor and both horses fell. That really put fear into a ten year old boy. The Bailey Bridge was taken down during the mid-1960's.

The Teal Bend Bridge was built in 1918. It wasn't constructed very well. It was located three miles down the river from the Bailey Bridge. Crossing that bridge involved driving past the Walnut Grove School House and the Charley Harvey Place."

A Warsaw High School graduate, Jack Harvey died in 2006 at the age of 92.

It's time to close up shop for the day and take a walk across the Swinging Bridge. Thankfully it's a bit of our history still standing. Take care of yourself.

> Til Next Week: J.M.W.

CORRECTION

Last week's Enterprise carried an article that incorrectly stated the owners name of the Warsaw Laundromat. The owner of the Warsaw Laundromat is Monica Bradley. The Enterprise regrets the error.

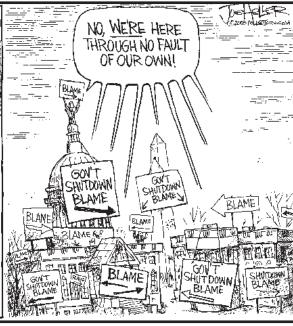

How to Cook an Easy **Chicken Dinner Without** A Recipe

This crispy, oven-braised chicken dinner can be made countless different ways. But it's always easy and delicious.

Learning how to make an easy chicken dinner is important for getting dinner on the table on weeknights. Cheaper, more delicious, and harder to mess up than any other parts of the chicken, chicken thighs are a weeknight dinner workhorse. But please note: When I say chicken thighs, I mean the bone-in, skin-on variety. Cooking chicken that's still attached to the bone will always yield juicier, healthier, more

flavorful meat. You might think that in order to get a crispy-skinned chicken thigh, you have to

Letters To The Editor

technology and equipment.

I was impressed with their

water tank for training

Dear Editor.

My husband Robert, and I spent several weeks visiting family and traveling back and forth to Los Angeles. We had a wonderful time with kids and grand kids, but we also came away with an awe for the union organizations and union support in California and other southwest states.

Our son-in-law, a member of the local labor movement, arranged a meeting for Robert at the Southwest Regional Council of Carpenters. There he met with the president of the southwest council, was interviewed, and featured in their news letter along with a photo taken by Robert during the anti-right to work rally at the Missouri State Capital in August. In their article they wrote of how anti-labor right to work legislation is "a misnomer because the lack of such legislation does not deprive anyone of the right to work, allows employees to benefit from collective bargaining without paying for it. The effects of right to work legislation are lower wages, lower rates of employer-sponsored health care coverage and lower rates of employersponsored pensions."

On the drive back from LA we stopped in Las Vegas at the Carpenters International Training Center. It is amazing! It's the largest and most comprehensive training facility of its kind in the world! On our tour we were told the center has more than 1.2 million square feet under roof. There are large conference areas, classrooms, state-of-the-art training areas and guest accommodations. They use the most current craft skills instruction, and have top

underwater welders. That also included knowledge of air tanks, compressors, breathing devices and avoidance of being shocked by their equipment since water is a conductor of electricity. Other programs included vocational instructor training, forklift qualification, gas turbine qualification, welding, welding inspector training and many others. Training for safety, use of safe materials and OSHA requirements are important to them. For solar and wind energy they train for support systems and placement of solar panels, and work with large oil pumps used for wind turbines. Carpentry includes a really huge field of abilities, not just the often thought of working with wood. Another reason for

being in awe of the union movement in the southwest is the number of unions. Unions are there for almost every aspect of life. Hotels, restaurants, theaters, music venues, stadiums, museums, parks, theme parks, zoo, Staples Center, Disneyland, Six Flags, Universal Studios, convention centers, casinos, printing services, hospitals and clinics, healthcare, optometry, TV, grocery stores and pharmacies are some of them. This includes producers, too, of beauty items, games, sporting goods, clothing, appliances, household goods, chocolate and candy, beverages, and

4 pages of food products. Just for the Los Angeles area there are over 10,000 listings of items and businesses union made or represented. Labor411. org lists thousands of union-made options. Most of these items and businesses also have union representation in other states. There is a movement

getting started in the southwest to buy union, just like the push to buy American made or to support free-trade. Labor411 feels like consumers, even with the smallest of purchases, can support companies that treat workers with dignity and respect, create an economy that benefits everyone, not just the top 1%. Buying union and supporting unions helps fight inequality and its negative effects on the middle class. It rewards companies that provide middle class wages for their employees and can help build a stronger

America. In November Missouri residents get to vote on Right to Work. This is a law that wants to prevent unions. Preventing unions means lower wages, less safety on the job, more out sourcing of jobs to out-of-state workers, and less tax revenue for local communities. With the training union workers receive, roads and bridges are built with quality. Vote no on Prop A in November.

Valerie Larm

We want to know what you think. Each week we will pose a question, we look forward to your responses. **Question of the week: Do you support a proposed** four day school week and why?

• Letters should be 250 words or less. • Letters should avoid name calling and libelous language. •Letters can be submitted via mail at PO 128 or by email at bentoncountyenterprise@yahoo.com

give the chicken a good pan-sear. The truth? As long as the cooking temperature in your oven is hot enough, and you cook those thighs surrounded by a bit of liquid, you can get a crispy skin and super moist meat with a braise. All you need to make an easy chicken dinner is 45 minutes and this simple 3-step method:

1. Prep your chicken and oven: Preheat oven

to 400 degrees Choose how many chicken thighs you want to cook (depending on how big they are you'll want one or two per person). Find an oven-safe dish with sides somewhere between 2 to 4 inches tall and that's big enough to fit all the thighs with a little wiggle room around each piece. Season both sides of each thigh with salt, pepper and if you like, a spice or two. Arrange the thighs in the dish skinside up.

2. Add the liquid and "extras"

Now for the fun part: pick your braising liquid mean whatever you want to add to turn this into a complete dinner: canned beans; chopped potatoes, carrots, squash or onions; dried fruit; sliced apples; garlic cloves; sliced citrus; fresh herb sprigs. Your braising liquid should complement your extras (and vice versa)—choose between red wine, white wine, sherry, vermouth, chicken broth, orange juice, lemon juice, beer, canned diced tomatoes with their juices, a jar of salsa, or a combination of these. I love the classic combo of garlic, lemon, white wine, and white beans, or garlic, canned diced tomatoes, rosemary, and white beans. (But then, I've got a soft spot for white beans) Whatever you choose, surround the thighs with enough so that only the bottom half of the thighs is submerged, and this is important; the skin is clear and exposed. Brush, drizzle, or rub that skin with a little bit of oil, and you're

ready to let the oven do the

and extras. By "extras" I

rest of the work for you. Cook at high heat in the

top of the oven Set a rack in the top third of your oven. When the oven is fully preheated to 400°F, slide your thighs onto the top rack cook for 30 minutes. Check the chicken: What you're looking for is nicely browned skin. (By the time the skin is browned, the thighs should be thoroughly cooked through, but feel free to use a thermometer to be sure.) If the chicken's not ready, let it cook a few minutes longer—depending on the size of the thighs, it should take 30 to 45 minutes total. When the chicken's done, serve it with big spoonfuls of sauce and vegetables. Finally, feel free to take your time when eating. After all, there's only one pot to clean when you're done. Now you know how to make an easy chicken dinner

without a recipe.
