said Schultz.

Beth Drake will be working as well at her establishment Osage Mini Mart.

"I've worked every Thanksgiving for as long as I can remember so this one won't be any different."

"Thanksgiving is the most traveled holiday so people will need gas," Drake said.

Osage Mini Mart will be open regular hours on Thanksgiving from 6 am until 11 pm.

"My mom will have dinner with us either on Saturday or Sunday," Drake said. "My children do the cooking I just supply the turkey."

Drake commented Osage Mini Mart will be closed on Christmas Day. "That is the only day we close," Drake said.

"We work on 48 hour shifts so we won't be off until Saturday," Keys said. While the 6 person crew will be at the Ambulance Center during the holiday, they will not be without a Thanksgiving meal.

"Our administrator makes sure that we have the ingredients for a Thanksgiving meal but we fix the meal ourselves," Keys said.

A twenty year veteran of emergency medicine, Keys said it wasn't the first Thanksgiving he has had to work. "I will get to celebrate on Saturday with my family," Keys said.

"Luckily, we usually don't have as many calls on Thanksgiving when families are all together. It is usually the day before or the day after when people are traveling that we get more calls," Keys said.

Anyone looking for a place to eat out on Thanksgiving, Common Ground located on Main Street in Warsaw and McDonald's located in the North Town Center are both going to be open regular hours all day on Thanksgiving Day.

Something new this year during the Chili/Soup Supper will be a display of Trees for Charity that will be decorated by businesses, civic organizations, churches, individuals, and others, with décor relating to a favorite Benton County charity. Visitors to the Community Building the evening of November 8th (and Saturday, the 9th) may vote for a tree by putting money in a bucket in front of that tree. Each penny donated counts as one vote, and the tree that gets the most votes (money) wins. The money from all of the buckets in the contest will be given to the winner to donate to a charity of choice. Those wishing to register for this free event can do so at www.welcometowarsaw.com/27/annualcommunityevents. Scroll down to Christmas on the Harbor, New and Exciting Events.

After the supper, shopping, music and voting, take a stroll down to the harbor to view the lights display.

Saturday, December 9th, begins as children have Breakfast with Santa from 9 to 11 AM. Breakfast is served from 9 to 10 AM while Santa reads "The Night Before Christmas." At 4 PM, the Warsaw Community Christmas Cantata will be performed in the Community Building. Parks and Recreation Director, Susan Cooner, said the goals of these events included providing family entertainment for residents and visitors that would be treasured for a long time.

"Christmas, for many adults, is about feelings and memories," said Cooner. "A lot of us can remember fond holiday memories from 20 years ago or so that remain with us and make us happy. We want to make it possible for those who take advantage of these events to build memories that they will have for the future too. These events are also excellent ways to bring people to Warsaw. If they are spending money here, it helps our community. For the few events requiring participants to buy tickets, those funds are given back to the community in various forms."

Cooner wants to thank all those who have helped plan and activate these events including the Christmas Committee members: Susan Cooner, Lynette Stokes, Mac Vorce, Chuck Alcorn, Suzie Broderson, Charlene Million, Amie Breshears, Kelly Stackhouse, Jimmy White, Barb Zillner, Kristin Fisher and Jessica Kendall.

COLE CAMP

(Continued from Page 1)

The meeting opened in regular session at 7 PM November 16, with Alderpersons Wayne Karman, Earlene Oglevie, Eric Hoke, Bob Meuschke present. Mayor Burton Bormann presided; City Clerk Amie Dieckman recorded. First actions by this group were to approve the evening's agenda and minutes of the October meeting, then agree to pay bills presented.

Under old business, the group discussed a proposed ordinance modifying the City's Funeral Leave policy. "If it ain't broke, don't fix it," was the prevailing mood among Cole Camp Alderpersons, as debate over a proposed "fix" to the City's Funeral Leave policy got underway. The issue was brought about because of a concern relating to City employee Roy Wagner, who reportedly attends a number of military veteran funerals each year, as part of an honor guard ceremony. No one criticized his presence at such events; all applauded his dedication to duty. Randy Healan, with American Legion Post 305, spoke against the proposed ordinance, which died from lack of support.

Under new business, Rex Smarr, with Mike Keith Insurance, discussed a proposed renewal of City Property/Liability Insurance for 2018, with an approximate increase of about \$2,000, due mostly to an additional

Police employee and new patrol vehicle. He said the increase was despite low claims expenses. The group approved his offer. That company will address a health benefits renewal in December.

Following the group discussed proposed 2017 budget amendments, based on actual vs. projected expenses; approved as presented. City Clerk Dieckman expressed a hope that such amendments will henceforth be made closer in time to non-budgeted expenditures. The conversation moved on to a proposed Library remodel. Mayor Bormann remarked that although the remodel will be accomplished with \$10,000 donated by Carol Loomis, the project will still require three bids, to be received before next meeting of this group.

City Clerk Dieckman asked if the City auditor contract needed rebidding for the 1017 audit. City Attorney Gary Cover replied that there would be no problem in selecting the firm the City has been using the last few years. Police Chief Stephen Phillips reported the new patrol car is in but needs installation of a radio and brackets. He added, with cooler weather it's been a slow month. PW Director Bohling said a new and more accurate water tower gage has been purchased at \$4,178. He added PW has been winterizing City properties. Alderwoman Oglevie reported that some Parks equipment has been received and should now be erected.

The meeting closed about 8:05 PM, to go into executive session on a personnel matter. These meetings are usually held on 3rd Thursdays; visitors are welcome.

Although there were too many booths to describe completely, some that caught the attention of a lot of customers were the The Nut Wagon, and Sweet Antiques where homemade toffee and fudge were sold.

There were other booths selling homemade breads, other bakery items, and packaged food mixes.

Eyecatchers intended to attract the man of the house from the Tucker Horseshoe Designs featured one of a kind items made from horseshoes. The Twisted R handmade wood products such as wine glass and bottle holders, as well as yard signs. Craft-T-Leather and knife cases, billfolds and checkbook covers.

There were educational toys, soaps, Christmas décor, jewelry crocheted items, clothing, soft soy wax sprinkles, rugs, Kettle Korn and much more.

The 2017 collectible Christmas Ornament was offered for sale at the Information/Greeter's table. It is the 17th in the series being offered by the Chamber. A lunch room was open through the show, serving pulled-pork sandwiches, homemade noodles/chicken, hot dogs, chili, chili cheese Frito pie, assorted pies, and beverages.

Santa Claus showed up at the corner of the gym from 2 to 3:30 PM and presented children with a treat from the Chamber. He posed with kids while parents took pictures.

plan proposal that the University of Missouri would like to implement in 2018. This plan would potentially allow specialists to share duties with three neighboring counties to consolidate counties into regions.

Nick Smith met with the Commission on behalf of Septagon Construction to discuss construction procedures and phases necessary when building a jail facility.

The Commissioners left the courthouse office with custodian Pete Crabtree to go to the Brady Annex building to view the storage area in the building. Decisions were made concerning disposal of some items and clean-up of this area is being planned.

In other business, the Commissioners discussed the information received from bond underwriters for the jail project. District 2 Commissioner Jim Hansen made a motion to hire L. J. Hart and Company as the bond underwriting firm in the jail project. The motion passed.

County Treasurer Rick Renno gave his weekly financial report, noting that sales and use tax revenues were down this month. County Clerk Susan Porterfield submitted bills for approval and payment.

HOPEWELL BAPTIST CHURCH

We have much for which to be thankful! Janice Putnam led our Sunday School opening, Billy Quessenberry led the music and Barbara Ott was at the piano. Happy birthday to Carolena Anderson as well as to Josh Scott. Thank-you to all who helped fill 237 shoe boxes for Operation Christmas Child. Please remember Virginia Scott, Sue Shepherd and military families who cannot come home for the holidays.

Warren Love gave the children's message. He spoke of Jesus setting us free from guilt. Sherry Stover led children's church. Randy Polson played his guitar and sang His Eye Is On the Sparrow for our special music. Our morning message was brought by Bro. Warren. His scripture text was Romans 1:1-17.

Paul was born a free man, but he had been a slave to sin. Paul was called to share the gospel and he answered the call. The gospel is the Good News. The gospel gives us a set course of joy in Christ. Paul was not ashamed of the gospel of Christ. We, too, should not be ashamed of the good news of the gospel.

Paul was not ashamed of the gospel of Christ. We, too, should not be ashamed of the good news of the gospel.

Paul was not ashamed of the gospel of Christ. We, too, should not be ashamed of the good news of the gospel.

Paul was not ashamed of the gospel of Christ. We, too, should not be ashamed of the good news of the gospel.

Paul was not ashamed of the gospel of Christ. We, too, should not be ashamed of the good news of the gospel.

Paul was not ashamed of the gospel of Christ. We, too, should not be ashamed of the good news of the gospel.

Paul was not ashamed of the gospel of Christ. We, too, should not be ashamed of the good news of the gospel.

Paul was not ashamed of the gospel of Christ. We, too, should not be ashamed of the good news of the gospel.

Paul was not ashamed of the gospel of Christ. We, too, should not be ashamed of the good news of the gospel.

community. The music was a blessing and the preaching was inspiring. A fellowship was held afterward with lots of good food and fellowship. UNTIL NEXT WEEK GO WITH GOD AND GOD BLESS.

BENTON COUNTY HISTORICAL SOCIETY

Announcing a new project for the Benton County Museum and Historical Society.

In an effort to preserve our local history we are providing a way for you to tell your stories. We currently have a phone recording line called Life On Record. It will be our "Audio Keepsake" phone line. This is a free call to a recording machine where you can call in and leave a message about your memories of Benton County.

Just call 1-800-437-3009, and when prompted, punch in the invitation

number of 37095. You will be connected. Short messages are fine, but you have up to 30 minutes to talk. You can call back as often as you want.

We welcome all your memories and are especially suggesting Thanksgiving and Christmas stories as you visit with your family over the holidays. Encourage your family to participate in sharing their stories. We will change topics from time to time so feel free to call again.

We will be collecting these message and plan on making a CD for the Museum. The phone line will be in operation for awhile so you have time to think about a lot of things.

We look forward to hearing from you. Everyone has a story to tell. Share your piece of Benton County History with us.

The phone number is 1-800-437-3009, Invitation number is 37095.

THANK YOU

From the bottom of my heart for all the cards, flowers, gifts, calls and visits. I continue to recover and appreciate your thoughtfulness.

IN LOVING MEMORY

TONYA KOHRS

January 17, 1967 - November 21, 2012

*We thought of you with love today,
But that is nothing new.
We thought about you yesterday,
And days before that, too.
We think of you in silence,
We often speak your name,
Now all we have are memories,
And your picture in a frame.
Your memory is our keepsake,
With which we'll never part.
God has you in His keeping,
We have you in our hearts.*

You are sadly missed & thought of every day!

COLE CAMP ELEMENTARY SCHOOL welcomed District 28 Missouri State Senator Sandy Crawford as a guest reader on November 20, 2017. Senator Crawford read The Very Stuffed Turkey to students in Mrs. Campbell's class and The Great Turkey Race to Mrs. Ogle's first grade classroom. Senator Crawford has such a love for reading and getting into the schools that she made time for us between meetings prior to the start of the busy legislative session.

HUGE SUCCESS!
WARSAW KNIGHTS OF COLUMBUS

Would like to thank everyone for making the 12th Annual Monster Shrimp Boil the BEST!

A special thanks to all the Knights, Wives, their families and friends, who put in an enormous amount of time and labor working the shrimp boil. Without their help we would not have a chance of success. The Knights of Columbus owe a very special thanks to their lifeblood, THE SPONSORS, who are listed below. The sponsors not only back us up financially, but also with their personal support. We hope that you will patronize our sponsors if you need their services in the future. Special thanks go out the Burr King Manufacturing for bringing out their whole crew. Also for producing our parking signs and flyers - in honor of our late Grandknight, Jack Krier.

Sometimes errors are made, and I would like to correct two with an apology. In our listing of sponsors we should have listed R & C Adventures, LLC, (who you can find on Facebook), and Papa Joe's who was missed in a previous ad.

OUR SINCERE THANKS TO THE FOLLOWING SPONSORS:

Word To The Wise

It is one of the blessings of old friends that you can afford to be stupid with them.

~Ralph Waldo Emerson

WEEKLY HOROSCOPE

Aries 3/21-4/19: You may find that purchases or entertainment could be expensive. Romance is likely if you participate in unusual forms of entertainment. Generosity will put you in the poorhouse. Mingle with those who can further your goals.

Taurus 4/20-5/19: Take care of the needs or responsibilities of elders. Beware of someone who is trying to make you look bad. You can help sort out problems that friends are facing. You can travel for business or pleasure.

Gemini 5/21 - 6/21: Limitations at work might set you back. Financial gains can be made through wise investments. You may be tempted to get involved in secret affairs or love triangles. Don't let the cat out of the bag.

Cancer 6/22 - 7/22: Stick to travel or do things in conjunction with groups. Don't lend to people who have given you negative vibes. Tell them to get out of the mess they are in and then you'll consider getting together with them. You should teach children some of your unique creative talents.

Leo 7/23 - 8/22: You may attract attention if you get out socially. Read some books on self awareness. Keep your wits about you and be sure that you can trust those you confide in. You can travel for business or pleasure.

Virgo 8/23 - 9/22: Don't let your partner goad you into wearing your heart on your sleeve. Past partners are likely to reappear. Be careful not to confuse issues when discussing the matters at hand. Major moves will be emotional and not necessarily to your benefit.

Libra 9/23 - 10/22: You may have difficulties with foreigners. You can make money if you get involved in real estate deals. Expressing yourself in novel ways should lead you down new avenues. You will be in a high cycle regarding work.

Scorpio 10/24 - 11/22: You have a real need to be vocal. You have been stagnating for some time now and you need a change of pace. If you have to deal with large institutions, be careful not to make waves. Don't let someone talk you into parting with your cash unless you can truly see the benefits of doing so.

Sagittarius 11/22 - 12/21: Do not react too harshly when dealing with partners. You'll be angry if those you live with aren't pulling their weight. Be sure to pay attention to your financial status. You will need to finalize important deals this week.

Capricorn 12/22 - 1/19: Your love will not be willing to listen to your criticism. Your talents might just be discovered. You need to do something energetic and different. The personal problems you may be having are interfering with your productivity.

Aquarius 1/20 - 2/18: Family members will not be happy with the amount of time you are spending away from home. Control your emotions and everything will fall into place. You will reach the most people if you speak out at an organizational function. An older loved one may be having problems.

Pisces 2/19 - 3/20: In-laws may cause difficulties. Travel should be considered. You can find out important information if you listen to friends and relatives. This is not the best time to take a risk, to gamble or spend money you really can't afford to part with. Prove your worth; concentrate on getting the job done and steer clear of office politics and gossip.

WARREN D. LOVE REPRESENTATIVE

VETERAN AND MEMBER OF THE WARSAW American Legion, Dick Sanford, visits with Rep. Love before the Wreathing of the Waters ceremony on Saturday at Drake Harbor.

November 22, 2017
My Fellow Missourians, I thoroughly enjoyed helping commemorate our veterans last weekend. On Saturday, the City of Weaubleau hosted a veterans' parade and the laying of a wreath at their beautiful Veterans' Memorial. This memorial is one of the most impressive in Missouri, in my opinion, and located on Highway 54 (Discover More on Route 54!). I also attended observances and ceremonies at the Osceola High School, the McCarty Senior Center in Wheatland, and the Wreathing of the Waters in Warsaw. As I observed people in attendance at each of these functions, particularly the young children, it reminds me that we need to be so grateful to our veterans who served to preserve and protect our freedoms for future generations.

I firmly believe that this great nation will continue to be this great nation for our children and grandchildren as long as we have the right to life, liberty and the right to own property; we owe our veterans all of our respect and gratitude for these rights. "We the People" need to do better taking care of our veterans. We need to help them further their education, employ them when they return home, and provide the best of medical and mental care. According to the VA Suicide Prevention Program Facts, there was an

average of 20 veterans per day during 2014 who died from suicide in the United States. Think about it: that is 7,300 people...veterans...heroes who put their life on the line for our nation. This is tragic and unacceptable. Our actions must speak louder than our words. We must uphold our obligations to care for and support our veterans.

In recent months, our veterans' heritage has been under attack with the desecration and vandalism to objects of remembrance: a monument in the Springfield National Cemetery, an Iwo Jima Memorial in Massachusetts, a Frances Scott Key monument in Maryland, just to name a few. I am passionate about history and our heritage and believe all objects of remembrance should be protected. Therefore, I intend to sponsor the Missouri Veterans Heritage Protection Act during the 2018 legislative session.

GIVING THANKS: My family and I hope everyone has a wonderful Thanksgiving. I look forward to spending time with my children and grandchildren next weekend. My prayer is that everyone has a safe and blessed day with family, rich in thankfulness as well as giving!

SEDALIA PETSMART TOY DRIVE Benefits Bothwell Regional Health Center. A visit to the hospital can be frightening, especially for children. Sometimes a stuffed animal is just what the doctor ordered to provide relief for a scared or hurting child. As part of a charitable initiative by PetSmart, the Sedalia PetSmart recently donated hundreds of plush puppies and kittens to Bothwell Regional Health Center (BRHC). In its sixth year, the PetSmart toy drives have provided thousands of toys to children in need and hospitalized children across the country. Shoppers are invited to purchase a plush toy and donate it at an in-store collection bin. The new PetSmart store in Sedalia began the promotion in September, and Kristen Mckeage, a customer engagement leader at PetSmart, said the response has been overwhelming. "In addition to the 250 or so toys we brought to the hospital, we also took a car-full to the Salvation Army," Mckeage said. Dianne Williams, nursing director for 2 Southwest, Pediatrics and Orthopedics at BRHC, said the donation of toys makes a big difference to children who come to the hospital. "You can't imagine what that little stuffed animal means to the little kids," Williams said. "Some of them come from humble beginnings and they don't get a lot. It's really awesome to see them light up when they get a toy. It's something for them to squeeze, and it's a comfort." Williams said getting a new toy can give children a positive memory of what often starts out to be a scary trip to the hospital. She said the PetSmart donation reveals "the big hearts" people have in Sedalia and the region. "I'm amazed at how many people give back to this community," she said.

Families Gather Together To Enjoy Thanksgiving

By Anita Campbell
Enterprise Staff

Thanksgiving is traditionally a time to gather together with family and friends to give thanks for all of our many blessings. Every family has their own traditions which usually involve a wonderful dinner.

"Our Thanksgiving traditions involve time with family and friends and some special foods," said Ami Breshears. "My mother-in-law, Jean Breshears always cooks a delicious feast and so do our family and friends who join us. Homemade rolls, cranberry-orange relish and chocolate pie are some of my favorites! It's definitely a culinary highlight of the year. We usually have a couple of family gatherings so we can see everyone and we also visit my dad in the nursing home. We've added some new family members over the years and we've also had some pass on; it's such a special time to be together and celebrate our blessings."

"We spend the day together as a family," said Gail Wallace. "Our dinner is usually pretty traditional. This year we are smoking turkey on my husband's new pellet grill. I decided to buy a holiday puzzle this year and some activities for the kids."

Tracey Spry said that her family starts their Thanksgiving celebration by watching the Macy's Day parade. "Later we have a big dinner with all of the family. My mother-in-law's chicken and noodles are the all-time favorite. After dinner we normally take a nap and then head to Osage Beach to shop."

Sometimes traditions have to be altered a little; however, being together with loved ones is the most important tradition.

"This year we are breaking the traditional Thanksgiving at grandma's house," said Amy Spunaugle. "We will be having dinner at my sister's house in Lee's Summit. Allison will be working an overnight shift at St. Joseph's Medical Center in KC, so we moved Thanksgiving to the city so she can be there. We will have the traditional turkey, Texas style potatoes, green bean casserole, rolls and such. Of course, the desserts will include pies and other tasty treats."

Of course, there is always that one cook in the family who makes the best of everything.

"Our Thanksgiving is at the Dixon house," said Maxine Dixon. "Our table is full

meatballs, homemade rolls, noodles, deviled eggs, veggies, pies, cobblers. . . It's quite the day of gluttony," said Charlotte Beck.

Thanksgiving is also a time to remember those who won't be at the family table.

"When my grandparents were still alive, Thanksgiving used to be THEIR holiday," recalled Adam Howe. "The entire family (usually 60-80 of us) went to their house at the lake. It was an all-day (and night) event, really. Every family (ok, the ladies) pitched in and helped with preparing the meal while the kids all played and the men "visited over many games of horseshoes, cards, etc. After dinner the holiday was always capped off by a pretty large bon-fire. However, now that both grandparents have passed, a group of us still make an effort to continue Grandma and Grandpa's tradition, but it's not nearly the same as it always was. We actually rotate yearly between the country (Warsaw) and the city to try to accommodate everyone who might want to come. The company that does come and the dinner are always great though. We can always count on that."

"All the brothers and sisters and their kids join us at Roberta and Scotty's house for Thanksgiving," said Kristy Henderson. "Sometimes we have a few tag along friends as well. We will eat a traditional meal of turkey, brisket, mashed potatoes, and homemade rolls. Everyone brings side dishes that are usually our family favorites. Some arrive the night before and we let all the cousins play together. We all eat too much and usually draw names for Christmas that day. Some will nap, some will get some exercise and some hit the road headed for home. It's always good to see those closest to us."

Tradition is what makes Thanksgiving such a special time for families.

"The first Thanksgiving we were married, we asked all our families to come to

our apartment on the Plaza in Kansas City so we could watch the lights come on that night," recalled Marsha Eaton. "So, since 1975, our families and special friends who are invited have changed, but the one constant each year has been our Thanksgivings together at our home. Everyone brings food to add to the table, with my mom's oyster dressing and Randy's mom's cranberry salad part of the tradition. We take a group picture and, in fact, we will have those past pictures out this Thursday to compare hairstyles, clothes, and reminisce about those we have lost and celebrate additions to the family. We also have a Thanksgiving tree that we each add a leaf saying what we are especially thankful for this year. It's our favorite day of the year!"

"My girls love tradition, so every year that means we go to Grandma and Grandpa McLerran's house on Thanksgiving Day," said Michelle McLerran Kreisel. "They always watch the Thanksgiving Day parades while Grandma makes their Thanksgiving favorites, mashed potatoes and pumpkin pie. We have a small family and simply enjoy sharing the day together."

"Traditionally, we spend Thanksgiving with my entire family, along with my husband's family," said Melissa Slavens. "I am blessed to still have my 94-year-old grandmother, who remains to be one of the hardest working women that I know."

"My favorite memories are getting up early to sit in front of the television to watch the Macy's Thanksgiving Day Parade. I am also grateful to my husband's family and the ability enjoy some of their favorite recipes passed down from the Button family, such as their famous ham balls. We end up the day by watching our favorite family movie, 'National Lampoon Christmas Vacation.' Thanksgiving isn't just a day, it's a way we can live our lives every day!"

Of course, there is usually something that happens which makes some gatherings even more memorable.

"We will go to the Campbell House as usual for Thanksgiving," said Amanda Adler. "Mom will fix the turkey, mashed potatoes and gravy and pies while my sisters and I will add the sides. One Thanksgiving I will never forget was when I was in high school and my mom had knee surgery the day before Thanksgiving. We told her that the five of us could handle the big dinner and not to worry. We had always helped prepare the food but we had never done it without Mom supervising. Anyway, Mom sat in her recliner in the living room and answered all our questions as we attempted to fix our first Thanksgiving dinner. We were pretty proud of ourselves until we tried to cut the ham. It looked and smelled wonderful but we couldn't get the electric knife to make a dent in it. Mom got her crutches and hobbled over to the kitchen to report with a grin that we had forgotten to take off the inner wrapper. It was good anyway. Then it was time to make the gravy and I asked my younger sister to give me the gibbles from the turkey. She didn't even know what a giblet was. We had baked the turkey without taking out the package of gibbles from the inside of the bird. We had a great dinner anyway."

Hope your Thanksgiving is a memorable one.

3 Projects To Transform Your Yard For Birds

Millions of wild birds are killed each year flying into windows, including private homes. Birds face other dangers, too, in your yard, whether they are migrating or flying locally.

Everyone, but especially those who enjoy having birds visit their yards and gardens, should take steps to make their homes a safer place for birds.

"Birds are part of a

healthy ecosystem. Turning your home into a refuge for birds is good for the environment, saves lives and can add beauty to your garden," says Spencer Schock, founder of WindowAlert, a company that offers decals and UV Liquid that are highly visible to birds but barely noticed by people.

Schock is offering three home projects you can do to help protect birds.

- Do some planting: Creating a bird-friendly yard does not have to be at odds with your desire to have a beautiful garden. Plant trees, shrubs and flowers that provide birds with the nourishment and shelter they need. The good news is that there are many beautiful varieties of bird-friendly vegetation. To be a good environmental steward, opt for species native to your region.

- Make Windows Visible: Preventing birds from striking your windows is easier than you may think because birds can see certain light frequencies that humans can't. An easy way to make your windows visible to birds in a way that won't disrupt your view outside your window is by applying UV decals and UV liquid to your windows. Consider those from WindowAlert, which are proven to effectively alter the flight path of birds and prevent window strikes. While the ultraviolet coating will look like etched glass to you, it will be quite visible to birds. For best application techniques, visit windowalert.com.

- Monitor the Cat: If you have cats that like to spend time outdoors, be sure to monitor them to prevent bird hunting. If possible, consider keeping birds safe by creating an outdoor area for your cat to roam that's enclosed. If you're handy, you may try building this area yourself, but keep in mind, read-made structures are widely available, too.

With a few simple steps, you can convert your garden and yard into a veritable safe haven for birds. (Article provided by StatePoint)

Super New Disc Golf Course Opens Near Dam
A new nine-course, advanced disc golf course is nearing completion on Corps of Engineers land near the swimming beach and Truman Dam. The course is playable at this time, but still needs signs and concrete pads that should be installed before or by this summer. It is the second disc golf course to be developed in the county in recent years. The first disc golf course was developed by the City of Warsaw, Parks and Recreation Department in 2012 with Mac Vecce leading the effort to open up the new sport venue at M.K. White Park. It is flat with water on two sides and has a good mix of right and left holes with several mature trees to negotiate. "The new disc golf course is the result of a partnership between the Corps of Engineers and a disc golf club called the Driving Force," said Jason McCray, Pastor of the Warsaw Bible Church and a referee and coach for the Parks and Recreation soccer program. "The Corps provided the land and the buckets, and we (the club) designed the course and will help maintain it. The reason we built a second one in Warsaw is that the first one is great for beginning or intermediate players, but we wanted one that offers more advanced challenges with the potential of becoming an 18-hole course." A 9-hole course was the addition of a Wine 101 Class. Held at the Warsaw Community Church, she is trying out for a position with the Scudalia Chapter of Sweet Adelines International, an organization of women dedicated to excellence and are committed to advancing the enjoyment of music.

Easy Ways To Cut Back On Sugar

Nationwide, 30 million children and adults have diabetes, and 86 million are prediabetic, according to the American Diabetes Association (ADA).

November is National Diabetes Month, and an excellent opportunity to take steps to decrease your risk of developing Type 2 diabetes. A leading risk factor for Type 2 diabetes is being overweight. But the good news is, according to the ADA, losing just seven percent of your body weight can decrease that risk by 58 percent.

One way to manage your weight is to cut back on sugar, which can often be a sneaky source of weight gain.

Before getting started, it's important to remember that many healthy foods naturally contain sugar, a carbohydrate your body burns for energy. Processed sugars are different, adding calories that provide no other nutritional benefit, and at excessive levels, disrupting your metabolism, and potentially posing serious health risks.

The USDA's dietary guidelines recommend that added sugar account for less than ten percent of your daily calories -- that's a maximum of 50 grams a day for average women and 62.5 grams for men. To keep your sugar consumption in the healthy range, Courtney McCormick, Corporate Dietitian at Nutrisystem offers the following tips:

- **Hold the Ketchup.** You know baked goods and candy are loaded with added sugar, but so are many foods you may not think of as especially sweet. A tablespoon of ketchup, for instance, has four grams of sugar. Salsa, barbecue sauce, spaghetti sauce and even bread are hidden sources of sugar.
- **Sweeten with Spices.** Replace sugar from coffee, hot cereal and other foods with spices that have a naturally sweet taste, such as vanilla, cinnamon and cardamom and candiamon.
- **Flavor Your Water.** A 12-ounce can of soda has as much as 40 grams of added sugar. Skip the soda and drink water sweetened with fresh fruit and herbs, like strawberries and basil or lime and mint.
- **Start with Plain.** The fruit in the bottom of your yogurt can come with 25 or more grams of added sugar. Buy plain yogurt and add your own fresh or dried fruit.
- **Snack on Fruit.** One cup of blueberries, for example, has seven grams of natural sugar to satisfy your sweet tooth, but the fruit also comes with fiber to help you feel full and slow the breakdown of the sugars, so you don't crave more calories soon after eating it.
- **Bake with Applesauce.** Eating fewer baked goods is sure to reduce your sugar intake, but when the occasion calls for you to make a cake, replace a third of the sugar in the recipe with an equal amount of unsweetened applesauce. For a delicious no-sugar added applesauce recipe, visit leaf.nutrisystem.com/recipes.
- **Eat Right and Often.** When you're hungry, you crave calories and that too often leads to sugary snacking. Reduce between-meal munching by eating healthy, filling foods four to six times a day. Programs like Nutrisystem provide portion-controlled meals and snacks throughout the day, giving you the structure you need to eat right.

This National Diabetes Month, make small swaps to reduce your sugar intake and more easily manage your weight. (Article provided by StatePoint)

For The Love Of The Game!

Written By
Johnie J. Logue

Before I Became A Sports Writer

I would like to share with you some of the various jobs I have had over the years. Most people think preachers are lazy because most are fat.

I have been a pastor for 27 years and in that time I worked for Bishops and Fajens for seven years until they went belly up. I also subbed at various schools in the area and in Arkansas. I was trimmer then and the kids everywhere I went called me "Mr.Bean."

Like most kids in my time, I did chores for my allowance. I washed dishes, mowed the lawn, took out the trash, cleaned the bath tub and tried to keep my room clean.

My first job was in a paper factory shredding papers. From there, I worked in a greenhouse in 110 degrees heat. Yea, it was miserable at times.

I worked in a binder factory for seven years on the second shift as a material handler. Since I am a night owl that was a good job for me. I did miss the Larry Bird vs. Magic Johnson encounter for the NCAA championship because I was working. That was the bad thing in those days for a sports fan on the night shift because you couldn't tape games or shows.

I would go fishing all night though and sleep all day until I had to go to work. I also could go to the Blue and Gold daytime basketball games. So there was pros and cons with both. My dad would take his vacation and go to every single game during the week. Yea, I come by my love for high school basketball very honestly.

Up until I was 23, I only weighed 145 pounds. The reason why was that I worked hard. Almost every job I ever had up to that point caused to me to be constantly busy and to walk. I also played basketball all of the time. I wasn't good but I played. I am fat today mainly because I sit in front of a computer and I sit and study my Bible most of the time.

Later, I was a night watchman which was surprising one of most tiring jobs I ever had.

In my four years of Bible college, I cleaned offices, washed UPS trucks and mowed lawns. I also had a pickup truck and did odd jobs like delivering furniture and helping people move.

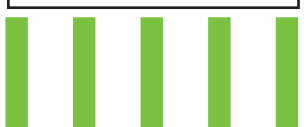

I had other jobs for brief periods of time and am probably missing some which I will think of later.

Hey, I got to go and find a game somewhere.

P.S- Make sure you read my brand new column called, "You Got Game?"

High School Basketball Is Here

By Johnie J. Logue
Enterprise Staff

High school basketball will start next week and it should be very interesting to say the least. All three Benton County teams are entered once again in the 85th Warsaw boys and girls tournament.

The Warsaw boys drew the eighth seed and will face the No. 1 Seeded Skyline Tigers. Lincoln is seeded fourth which could be a mistake. Tyler Burke's team could be pretty good this year before all is said and done.

The Warsaw boys are coming off a two win season and things could be rough in the beginning. They lost to St. Elizabeth 29-12 last week in Eugene at their jamboree. Also, they lost to host school Eugene 41-12 and they managed to beat Macks Creek 24-14.

New Head Coach Scott Floyd has been working with the kids and they are slowly improving as time goes by. Like most teams, turnovers will probably be the biggest thing to worry about in the beginning and Stockton and Skyline will test them in their first two games.

Juniors Matt Luebbert and Logan Davis will have to handle the scoring load. Cole Branson, a 6'5 Senior could be a big difference before the season is over. Last year they averaged 39.2 a game and needless to say that is not near enough to be very successful at any level. The boys need about 60-65 ppg. and the girls need 50-55 at least to be successful on a regular basis.

The boys will probably shoot more threes this season. Senior Tyler Simons and Freshman Trey Palmer will be asked to be shoot the basketball from the three point line. Simons has been inconsistent and Palmer is untested.

Again, they need a another ball handler in a hurry to step up. Sophomore Lane Bates will give the Wildcats a wide body in the middle and along with Luebbert and Branson he will have to rebound for the Wildcats to win.

The smart teams will double team Luebbert and so Davis will have to score from the outside or drive and get to the free throw line. Coach Floyd has worked on their passing game so hopefully it will cut down on their many turnovers as Davis loved to dribble the ball last season. Branson in the middle will give him someone to pass to and Branson showed he could score late last season.

Luebbert is a pure athlete and can play all five positions on the court if needed. He would give them a big guard with Bates and Branson down low. Senior

Keegan Glenn is not a scorer although he has looked better in practice this year. Glenn is just a battler and he does it with a smile on his face. Another surprise could be Jake Luebbert. He is a big, strong kid who could help underneath.

On the girls side, the defending State Champions, the Skyline Lady Tigers are seeded first and they return three time All- State Kaylee Damitz and she is worth the price of admission. Warsaw drew the fifth seed and will play Conway on Monday at 6:00 Pm. That might be a high send for the Lady Wildcats. We will find out a little more when they play Cole Camp on the road this week. They do return probably the best girl player in Benton County in Aubrie McRoberts. She scored over 300 points as a freshman last season. She is a true softball player but she is such a gifted athlete that she can play just about any sport very well. Coach Cody Morgan deserves a winning team and has worked with the girls on their passing. His problem will be to find a couple of scorers to help McRoberts. Kylee Creach, Hannah Chapman and Jessie Glenn could solve the problem. Their bomber though

is Jordan Plybon. She can shoot threes and could average 10-15 ppg. This season. Well enough of that. You can read more in our sports edition set to come out soon.

Cole Camp JV Prevails Over Warsaw

By Johnie J. Logue
Enterprise Staff
Warsaw jumped out to a 6-0 lead but went into a scoring drought and trailed at the half 12-8 after leading 6-4 after one..
Cole Camp's size inside was just too much at times for the smaller Warsaw girls. Freshman Kylee Fajen had

eight points to lead Warsaw She was 4-6 from the free throw line.
It was 23-14 after three as Warsaw just couldn't get any offense going. Warsaw has six freshmen and Cole Camp has four.
It was Warsaw's Assistant Coach Cary Creach's first game as Warsaw's JV coach. He encouraged the girls when they made free throws and he should be a good fit with the program.

AUBRIE MCROBERTS guards the inbound pass as Cole Camp's Camryn Schear tries to inbound the ball. Cole camp won at home 48-47.

Cole Camp Beat Lady Cats In Opener Thriller

By Johnie J. Logue
Enterprise Staff
The Cole Camp Lady Bluebirds defeated the Warsaw Lady Wildcats 48-47 on Tuesday night in Cole Camp. Warsaw led 3-2 for the only time in the heated contest. It was 14-6 after one and it looked like Cole Camp would pull away early in the second quarter with a 23-11 lead, but the Lady Cats came storming back. It was 23-16 when Warsaw would cut into the lead with pressure and the help of Cole Camp's turnovers. It was 23-18 at half.
The game was ugly in the sense there was many turnovers by both teams. The defense actually played better than the offense as both teams missed chip shots, open looks and free throws.
In the second half, Warsaw sent the message early that they were in this for the long haul. They came out battling and stayed close through the rest of the game but couldn't take the lead. It was 34-28 after three.
Aubrie McRoberts, who struggled with her shooting touch led the Lady Cats with 14 and hit one in the last second to make the final score 48-47.
Warsaw tied the game on a lay up by McRoberts on a great pass by Jordan Pylbon. Pylbon also hit a huge

three to pull Warsaw back to 46-43 in the last minute as Cole Camp appeared to have matters in hand. McRoberts hit a reverse dippy doo with nine seconds in the contest to make it 48-45.
Warsaw's Jesse Glenn had 13 and really had a nice game. All of the girls played hard, and scrapped for every single possession.
Cole Camp's Head Coach

Rick Grunden believes a lead is never safe and he was correct in this struggle. Cole Camp was 21-6 last season and strangely they have no seniors.

Scoring - Warsaw - McRoberts 14, Glenn 13, Pylbon 8, Creach 4, Yach 4, chapman 2 Fajen 2.
Cole Camp - Gudde 9, B. Dougherty 6, D. Dougherty 4, Harms 7, Williams 8, Harding 11 Schear 4.

Jumping
This is the first installment of my new column called "You Got Game?" and it is about improving your game as an athlete. We will give tips from various successful athletes and coaches during every season. Right now we will start with basketball.

This kind of started when someone wrote me a note asking me to tell how Roger Pickard learned to jump. So I contacted him and you will see his comments below.

Roger Pickard is in the WHS Basketball Hall of Fame. He went on to John Brown and became a star there. Pickard averaged 18 rebounds a game at WHS over three seasons and is the all-time leading rebounder and will probably stay that way for years to come.

Calvin Murphy, a 5'8 Hall of Fame NBA player, once said that he wore army boots in practice in order to help him jump higher. Murphy was a scoring machine but could dunk when he was in grade school.

Pickard was really just 6'3 but he always out-rebounded his taller opponents. He played with a passion and added to his God given abilities with hard work.

Pickard commented, "Obviously part of it was innate but I used to jump rope all of the time. Someone told me that would help my coordination. I could argue that but it didn't help much. Also, I used to jump in place. My goal was to try to touch my head on the ceiling or whatever was above. I would bounce up and down until I would hit it or get yelled at or couldn't hit it at that point. I would come back again until until I could do it."

Also, I would find a place that was 11-13 feet and try to touch it. I kept coming back day after day. I probably did this 15-30 times a day. Drove my folks nuts."

Next week we will talk about rebounding. Don't miss it.

WHS ATHLETES OF THE WEEK

THE WHS ATHLETES OF THE WEEK are Aubrie McRoberts, Hannah Chapman, Jessie Glenn and Jordan Pylbon. McRoberts had a game high 14 pts against Cole Camp on Tuesday night. Chapman broke the press. Glenn had a career high 13 points and Pylbon hit some big threes to keep Warsaw in the game in their 48-47 loss to Cole Camp.

Have I
Got A Line
For You!

By James M. White, Publisher

Most people have spent the week getting ready for Thanksgiving. This year family members will gather at sister Julie's home. Niece Gabrielle and her grandmother Delores Lorenz are in charge of the turkey and all the trimmings. I'd prefer a good rare roast beef instead, but have been informed that turkey it will be. Dinner will be served at 1:00 PM and by early evening, we'll dig into the leftovers. Brother-in-law Steve usually fixes a stuffing sandwich. That's always seemed like bread wrapped in bread to me, but each to his own I guess.

Our Thanksgiving menu seems to be one thing that doesn't change much in this often disjointed world. And this just popped into my mind. While there are many Christmas songs, there's not so many for Thanksgiving. "Come Ye Thankful People" and "Over The River And Through The Woods," are the only two that come to mind.

This is way off course if we're talking about Thanksgiving, but I read a report last night that Congress is looking at ways to limit the President's authority to launch nuclear weapons. The effort has been led by Senator Corker. Good Lord, have they all lost their minds? The premise behind our nuclear response strategy has been to provide a response before our enemies can cause further harm. Waiting around for Congressional approval would probably mean we'd be wiped out. If they can't agree on a healthcare bill after seven years of promising they'd fix it if elected, how would they ever agree on launching a nuclear strike? Anyway, this brings to mind what old Ben Franklin was asked at the close of the Constitutional Convention

WORD
ON THE
STREET

What is something you are thankful for this year?

"My youngest son and his family have just moved to Cole Camp. He has five children and we will get to enjoy our grandchildren."
Bob Gare

"My family."
Lisa Rymer and son Granger of Florence, MO

"My family and our good health."
Tammy Henley

in 1787. "Well, Doctor, what have we got, a Republic or a Monarchy?" Franklin replied, "A Republic if you can keep it."

Have a happy and safe Thanksgiving Day wherever you're headed. Don't forget to remember the ones who aren't at the table anymore, because they beat us out the door. I wonder if they know what's going on? If not, we'll sure have lots to tell them someday.

Til Next Week:
J.M.W.

Tempus fugit... Thanksgiving is upon us, so without any bloviating, here is one of my favorite bar recipes.

Congo Bars

- 11 Tablespoons unsalted butter
 - 1 pound light brown sugar
 - 3 large eggs
 - 2-3/4 cups all-purpose flour
 - 2-1/2 teaspoons baking powder
 - 1/2 teaspoons salt
 - 2 cups semi sweet chocolate chips
 - 1 cups walnuts or pecans (first toasted) and chopped
- Preheat oven to 325 degrees

Butter a 10 x 15 x 1 inch baking pan (jelly roll type) In a large bowl, mix butter, brown sugar, and eggs, making sure to break up any lumps of brown sugar.

In a separate bowl, sift together the flour, baking powder and salt. Mix the dry ingredients into the egg mixture, then stir in chocolate chips and nuts.

Spread the batter into the pan as evenly as possible. It will be sticky, use your fingers to pat it out.

Bake for about 20 minutes or until deep golden brown. Remove from the oven, let cool a few minutes, cut into bars while still warm.

I think these slightly improve after a day in an air tight container stored at room temperature.

During Holidays, Be Extra Vigilant About Protecting Financial Data

To help achieve your long-term goals, such as a comfortable retirement, you should save and invest regularly. But that's only part of the picture. You also need to protect your financial assets in various ways. One such method is guarding your personal information - especially any information that could be linked to your financial accounts. It's obviously important to be vigilant

at anytime, but you need to be even more on your toes during the holiday season, when fraudsters are particularly active.

So, to help keep your important data under wraps during the holidays, consider these suggestions:

- Extend your protection to all mobile devices. Identity thieves can now compromise your mobile devices by installing spyware that steals usernames, passwords and credit card information. Fortunately, you can fight back. By doing a little research online, you can find the best mobile security software for your needs.

- Use multiple passwords. Online security specialists recommend that you use different passwords for each new online shopping site you visit during the holiday season. Although this might seem like a hassle, it can be helpful, because even if identity thieves were to grab one of your new passwords, they still couldn't use it for other sites you may visit. And you can even find a free online program that can help you keep track of all your passwords.

- Be suspicious of "huge savings." It happens every holiday season identity thieves develop fake sites with attractive graphics and stunningly low prices on a variety of items, especially digital devices. If you fall for these pitches, you won't get any merchandise, but you might get a handful of headaches once the bad guys have your credit card number and other personal information. To prevent this, be wary of any deal that sounds too good to be true, and do some digging on the websites that offer these mega-savings.

- Watch for fake shipping notices. During the holidays, when you may do a lot of online shopping, you will probably receive some legitimate shipping notices. But the bad guys have gotten pretty good at generating fake notices designed to resemble those from UPS, FedEx and even the U.S. Postal Service. If you were to click on the link provided by one of these bogus notices, you could either take on some malware or get taken to a "phishing" website created by the shipping notice forgers. Your best defense: Only shop with legitimate merchants and only use the tracking numbers given to you in the email you received immediately after making your purchases.

- Keep your Social Security number to yourself .As a general rule, don't give out your Social Security number online - to anyone. No legitimate retailer needs this number.

Finally, be aware that not all attempts at stealing your personal information will come online . When you're out shopping at old-fashioned, brick-and-mortar stores, consider bringing just one credit card with you - and protect that card

from prying eyes.

By following these precautions, you should be able to greatly reduce the risk of being victimized by identity thieves and other miscreants. And the more comfortable you are in doing your holiday shopping, the more you can enjoy the season.

National Adoption Awareness Month

November is National Adoption Awareness Month and January 2, 2018, will mark a historical day for Missouri. The Missouri Adoptee Rights Act, which takes effect on this date, may allow Missouri-born adoptees, ages 18 and older, access to a copy of their Original Birth Certificate. It is estimated that this new law will affect hundreds of thousands of adult adoptees.

G's Adoption Registry, a non-profit 501(c)(3), will be hosting an event called Breaking the Seal at the Capitol Plaza Hotel in Jefferson City from December 31, 2017, to January 2, 2018, when adopted adults will begin receiving their information.

On October 1, 2017, the Department of Health and Senior Services began accepting applications from all Missouri-born adoptees who wish to request a copy of their Original Birth Certificate. According to the revised law, copies of Original Birth Certificates may be released beginning January 2, 2018. Adoptees born prior to 1941 may receive them now.

For more information, call 660-833-5880.

Thomas Benton White
Publisher 1879 - 1915

Thomas Benton White came to Benton County in 1879 and started the Benton County Enterprise. He had a Washington Hand Press and an abundance of faith in the area and a passion to bring local news to Benton County. While times and technology have changed greatly in the last 139 years, we still share his abundance of faith in the Osage Valley and his passion for bringing Benton County the local news.
