## Rolling Into The Future: Clinton Tour And Shuttle Service Departs

BY JENNIFER JACKSON  
Staff Reporter

When COVID hit, Greg Shannon decided to call it quits after 35 years in health care, seven of those years at Golden Valley Memorial Hospital.

Last Friday, the Chamber of Commerce held a ribbon-cutting ceremony at the KATY Trailhead for Katy Trail Tours and Shuttle, Greg's new venture.

"I'm doing something I enjoy," Greg said at the ribbon-cutting. "I am passionate about bicycle riding."

His new business provides shuttle services for people and bicycles, baggage transfer and ride assistance for people riding the KATY Trail.

Greg describes himself as "semi-retired" but the new business is keeping him busy. After wielding the giant scissors, he was off to Sedalia in his station wagon, pulling a trailer, to pick up four pieces of luggage at the Bothwell Hotel and ferry them to the Hotel Frederick in Boonville. He also got a call about riders needing a shuttle from Sedalia, so was picking them up. The next day, he

was scheduled to shuttle three people from Clinton back to Sedalia, he said.

The first step before putting the pedal to the idea was talking to people riding the trail to see if the need was there. Then he called the Chamber of Commerce and asked "Do you get requests for shuttle service?"

"They said 'All the time,'"

Greg said.

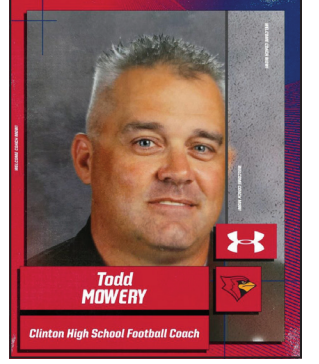

The answer was a slight exaggeration — shuttle service for the KATY Trail is a seasonal business, he said. But the answer inspired him to incorporate the business last October. With the spring weather, his services are in demand, and he's already had repeat customers, he said.

Greg also offers what he

calls his "non-shuttle" option, which is picking up your car and driving you to the start of your ride, then driving your car to the destination, where it is waiting for you. It's a service he is providing to a man from North Carolina, who is flying to Missouri to ride the trail. Greg is picking him up at the airport and driv-

## Earth Day An Inspiration & Connection To Our Planet

BY JENNIFER JACKSON  
Staff Reporter

People join a Master Naturalist chapter because they have a strong interest in some aspect of the natural world. In the Hi Lonesome Chapter, which serves Henry and Benton counties, there is the prairie guy, the snake lady and even an edible bug expert. Roxanne Stockdall is the exception.

"I know a little bit about a lot of things," she said. "I love the birds, I like the plants. I even went on the frog and toad surveys, which were at night and a lot of fun."

Roxanne is president of the Hi Lonesome Chapter, whose members are planning to celebrate Earth Day by participating in programs as varied as their interests.

On April 21, the chapter is presenting an International Dark Skies (IDS) night at Knob Noster State Park in conjunction with the Astronomical Society of Kansas City. One of three IDS events at the site, it offers night sky viewing and promotes awareness of light pollution. The ASKC will have telescopes, Roxanne said, and the Hi Lonesome Master Naturalists plan to

**BIRD WATCHING IS BIG** for many, including Kathy Hetherington who pointed out a Great Horned Owl to Roxanne Stockdall while on the grounds of the Missouri Department of Conservation Clinton office.

On Earth Day, April 22, they'll be at an Earth Day fair on the campus of her alma mater, the University of Central Missouri in Warrensburg, sponsored by the Citizens for Environmental Action.

On April 29, the chapter will be in Arrowrock, Mo., for the Birds, Bees and Blooms festival. The annual spring festival at the state historic site is sponsored by the Missouri River Bird Observatory (MRBO), which the chapter has

been involved with since it started.

"We've helped with bird banding and bird surveys," Roxanne said.

Roxanne will show her collection of pressed flowers and give out seed bombs at the chapter's table at Birds, Bees and Blooms, she said. She's not the chapter's expert on native plants, but said she is her grandsons' go-to person about them.

"They'll pull something up and ask, 'Grandma, is this edible?' before pop-

ping it into their mouths," she said.

Hi Lonesome's native prairie expert is Donnie Nichols, who helped in the relocation of prairie chickens, going to Kansas where the birds were captured, and brought them back, to reintroduce them in Missouri prairies. The Hi Lonesome Master Naturalists also helped with a program to reintroduce black bears to southern Missouri, Roxanne said, helping tag bear

## Have I Got A Line For You!

By James Mahlon White

President Biden was on the move last week with Hunter on a trip to Ireland. Must be a deal going down. Just another day in the life of corrupt career politicians mired in scandals and crises who know they are above the law and won't face consequences. Meanwhile, half the world is conspiring against the USA. If that's militarily, I'm sure North Korea wouldn't mind starting the conflict. Our NATO partners will run for the exits, kinda like France just did. This country is focusing on an agenda that has the rest of the planet scratching their heads. The President was criticized for not taking questions from reporters while on this "official trip" working on behalf of the American taxpayers. Why would he take questions? He'd have to answer why his family received so much money for doing nothing from the communist Chinese. Isn't it amazing there's a Federal job paying people to repeatedly yell, "Thank you, thank you very much" in order to drown out questions from the press? UNBELIEVABLE!

stations in our homes. This way they can shut us down if we drive too much. What a disaster in the making!

Halfway through April and Jubilee Days in Warsaw and Old Glory Days in Clinton will be here in a blink. Both reassuring things in this chaotic old world. This day is a gift to all of us. Life is fragile. Hang in there old buddy.

## Get to Know Clinton, MO

NAME: Britnea Monaco.  
BIRTHPLACE: Sedalia, MO.  
YEARS IN CLINTON: 10, Henry County 34.

FAMILY: My husband is a strength and conditioning coach at Clinton High School, we have three little ones, Franki (4), Rocco (2), and Benni (1). Both of our parents worked in the Clinton community for many years. Louie Monaco was an Ophthalmologist at GVMH, his wife Benecia Carmack had a law firm and was also a Circuit Judge for Henry County. My father, Brian Briggs was a superintendent at the Montrose Power Plant for 30+ years, and my mother LaDonna was the most incredible stay at home mom and now a famous artist (in the reborn doll community).

THE BEST THING ABOUT LIVING IN CLINTON IS: I love how tight knit our community is. One time my husband walked out of Walmart with a large item, and an off-duty police officer put the item in his truck and followed us home with it. No matter what tragedy you are faced with, there is always someone who will love and support you.

OCCUPATION: Board Certified Behavior Analyst, former early childhood educator.

WHAT I WANTED TO BE WHEN I GREW UP: I thought I was funny enough that I would end up on Saturday Night Live. That was my goal in life.

FIRST JOB: Lifeguard.  
FAVORITE CHILDHOOD MEMORY: My mom was always so

thoughtful and giving, she would let us make May Day baskets and deliver them to local nursing homes.

THE BEST TIME OF MY LIFE WAS WHEN: I have many "best times", but I think I am living the best time of my life right now!

MOST EMBARRASSING MOMENT: Well, there are too many of these to count, but I will give you the most acceptable time. Once I ate way too much at a Sunday brunch and had to undo my pants in the car. When I got to Walmart I realized I walked through the entire store with my fly and pants undone. I wondered why I got so many stares.

WHAT DO YOU VALUE MOST IN YOUR FRIENDS: I am not always an easy friend to deal with, and somehow my friends always accept me for who I am in the moment. I could not love or appreciate their genuine kindness more.

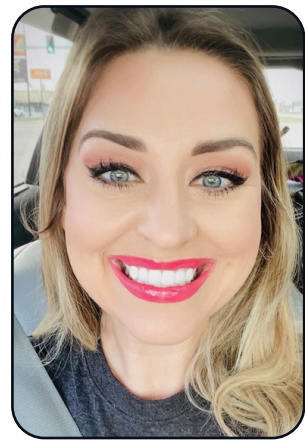

YOUR GREATEST FEAR IS: Meeting a bigfoot head to head while walking out of my parents house late at night.

I HOPE I NEVER HAVE TO: Watch one of the loves of my life hurt or me hurt.

I'VE NEVER BEEN ABLE TO: Tell a lie, I am really awful at it and the truth will come out.

IF I WON THE LOTTERY, I WOULD: Pay off my house, take a really fun trip with my family, and buy my teacher friends all the things they need for their rooms that they don't have the money for.

MY DREAM TRIP WOULD BE

TO: Belize.

HOBBIES: I love to do anything that I get to work with my hands! My husband may say I have too many projects going, but I think I am going just fine, hehe.

FAVORITE BAND OR MUSICIAN: I love all music, but I really love The Dirty Heads and Brandi Carlile.

FAVORITE MOVIE: Romy and Michelles High School Reunion.  
FAVORITE DRINK: Diet Vanilla Coke.

FAVORITE SNACK: Beef jerky.  
FAVORITE CANDY: Raisinettes.

FUTURE GOAL: To help and support as many people as I can.

WHICH PERSON DO YOU ADMIRE MOST: Easy, my mom. She is perfect in every way.

ADVICE YOU WOULD GIVE YOUR YOUNGER SELF: Don't be so hard on yourself! God always finds a way to make our lives work out even if it is hard to see in the moment.

WORDS TO LIVE BY: Behavior goes where reinforcement flows.

UNIQUE INSURANCE FOR YOUR UNIQUE LIFE.

Maybe you dream of open land on a quiet ranch or a busy neighborhood filled with kids playing together. Whatever it is, I'll be here to help you pursue your dreams.

Let's talk about your unique future, and how I can help you protect it.

*Thank you!* We have been humbled by the compassionate reaction to our loss. The loving spirit of this community was shown through the many acts of kindness and words of encouragement from family, friends, neighbors, coworkers, and strangers. Thank you to all who contributed to her sons' education fund. Bro. Curtis Owens, who had officiated at her baptism, gave her a fine farewell to this earth. Our home church, Vista Baptist, and Pastor Jimmy Johnson have been so supportive and served a delicious dinner. The CCA "family" merits special thanks. We appreciated the care shown by those on the scene, the staff at GVMH and Sheldon-Goodrich. ~Colleen Wisner's Loved Ones

ing him to St. Charles, then driving the man's car to Clinton, saving the customer time that could be better spent on the trail, Greg said.

KATY Trail cyclists tend to be self-directed riders, Greg said, but in addition to shuttle services, he offers trip planning, with distances mapped out and places to stay set up ahead of time. Ride assist is another option.

"We do have people who are worried about being in a storm, or a breakdown on the trail," he said.

Almost all of his customers are from out-of-state, he said, who are looking for a local contact. He's even gotten a call from a woman in Ecuador. Cyclists he shuttles seek his advice on where to stay or camp in Clinton, and where to eat.

"I consider myself a complement to businesses in town," Greg said.

He also has bicycles to rent, including regular bicycles, hybrids and electric(e) bicycles. Renting an ebike opens up the opportunity for Clinton residents to make weekend or three-day excursions on the KATY Trail, riding to Columbia or even Jefferson City, he said. "Then they can jump on Amtrak and ride back to Warrensburg, where I will pick them up," Greg said.

He recently met a 70-year-

old woman from Georgia, who was riding an ebike on the trail, he said.

Greg said he loves to ride the KATY trail, but has never made any of the big supported rides, like Big BAM (Bike Across Missouri). This year, however, he has been hired to provide support for organized rides, including one sponsored by ROADS Scholars, for people over 50.

Greg provides shuttle service the whole length of the KATY Trail, he said. At 240 miles long, it is the longest continuous recreational trail in the country, created when train tracks were removed from the bed of the Missouri, Kansas and Texas Railroad, known as the K-T. The corridor is now a Missouri state park, with the trail winding through Missouri's wine country and along the north bank of the Missouri River to Boonville, then dropping down through farm country to Sedalia, Windsor, Calhoun and Clinton.

Greg also provides tour and shuttle services on the Rock Island Trail, which connects Pleasant Hill, southeast of Kansas City, with Windsor, and which will eventually connect all the way to Kansas City.

For more information about KATY Trail Tours & Shuttle, contact Greg Shannon, Katytrailtours@gmail.com, or call 417-372-9220. His website is Katytrailbike-tours-shuttle.com.

tation session," she said.

After completing the course, Master Naturalists keep track of their volunteer hours. Extra training is optional, but if you take eight hours of advanced training and complete 40 hours of service a year, you can add "certified" to your Master Naturalist title, she said.

ROXANNE STOCKDALL, president of the Hi Lonesome Master Naturalists, said the program has increased her knowledge of native birds, plants and amphibians.

PLANTS  
Continued from page 1

Cucumber, green beans, tomatoes and pepper plant starts, including jalapeño, green and banana peppers, will be available, according to agricultural science teacher Jessie Miller. Many of the plants are shipped to the greenhouse as seedlings from a supplier, Miller said.

"We also start seeds in our germination table for the sale," Miller said. "Most of the seeds we start are vegetables and fruit."

Ornamentals include geranium, impatiens, coleus, zinnias and begonias. The sale is very popular, so gardeners are advised to arrive early for the best selection. The hanging baskets make popular Mother's Day gifts, and sell fast.

A Greenhouse class cares for the building and the plants, Miller said, maintaining the seedlings that come in, and propagating and growing plants. Proceeds from the sale go to maintaining the greenhouse, and provide funds for the school's FFA chapter field trips and contests.

The next big project for the FFA program is a school farm, where students will get hands-on experience raising livestock. The red

An upcoming program is Primitive Skills Day at Farrington Park in Windsor on May 6. People of all ages can come and learn archery, camping and fishing skills, including catching, cleaning and cooking fish. Sign up for it now on the MDC website.

Clinton High School Principal Jennifer Corson said, "We are thrilled to announce the hiring of Coach Todd Mowery as the next leader of our Clinton High School football program. After an extensive application review and interview process, the hiring committee knew Coach Mowery brought the highest priorities for success to our program and school district, including longevity, great for students on and off the field, and the talent needed to bring our football program to new levels of success. Coach Mowery brings with him the experience needed for the high school program through his high school, middle school, youth coaching and teaching accomplishments and the dedication he has put forth to the Clinton community for the past several years. He has a proven track record of developing student athletes not only on the field, but within the classroom and their academic success, as well as their personal lives. Coach Mowery has earned the respect of his athletes and their families, which has already provided a strong foundation toward next year's football program. Please help us in wishing Coach Mowery the best as he begins this new coaching endeavor within the Clinton School District!"

She added, "Clinton has and will continue to have competitive boys in the program. All it is going to take is the right leader, mentor and coach to guide them through a successful season".

Mowery brings a load of experience and a strict but caring personality in his coaching history.

I made the opportunity to visit with Cardinals football's newest leader.

OS-Tell me a little bit about yourself, tell me about your coaching history.

TM-In 2014, I started to transition out of my previous career and back into the coaching carousel by coaching skill sets at several different major recruiting combines such

as Nike's "The Opening", Rivals 250 and, USA Football. From there, I finished the transition in Osceola as a defensive coordinator. After leaving Osceola, I spent two years at Eldorado Springs HS as a varsity co-defensive coordinator and Head JV football coach along with varsity assistant wrestling. After making a move to Clinton at the beginning of this school year, I was the Head Coach for Clinton Middle School football and Head Varsity wrestling coach. I'm extremely grateful and ready to lead the Cardinals this upcoming season. I want to bring stability to the program for many years to come.

OS-What aspects of football do you get most excited about?

TM-What excites me the most with the game is the development aspect. Watching young athletes get better every day to achieve their goals is extremely important and rewarding to see. Outside of that, just the overall atmosphere of Friday nights in the fall is pretty hard to beat.

OS-What, in your opinion, makes an excellent football player?

TM-First off, they have to be coachable. If you don't have the most talent, but you work hard and strive to get better, that goes a long way. The next biggest thing is you have to be a competitor. Compete in every single thing you do. All I ask is that you strive to get 1% better every day.

OS-Can you describe how you would go about developing a game plan?

TM-Finding the opposing team's weakness and putting a plan together to attack that to the best of our ability. Find a way to limit what the opposing team does well. We have to be able to adapt and overcome. Having a balanced attack will allow us to utilize our players. In a college program you can recruit to a specific system. As high school coaches we can't do that so we can't expect to run a system not built for our players, we

Paul Landkamer is the chapter's "bug guy," specializing in edible bugs. He gives programs that are popular with school-age children, Roxanne said.

Roxanne said both her daughters have taken the Master Naturalist course. Her daughter Elizabeth Duckwork is the chapter's "snake lady," interested in all things reptilian.

Marge Lumpe and Ryan Steffans are birding experts who are participating in the May 13 Global Big Day of Birding, sponsored by the Missouri River Bird Observatory.

Roxanne has two birding apps on her phone. "Merlin" has both a photo and a song identifier. She uses the Cornell Lab of Ornithology's app to record bird sightings on her cell phone and to send sightings in. The phone also sends in the coordinates of your location, she said.

Roxanne has also learned to identify amphibians — peepers, cricket frogs, bullfrogs — by sound.

Roxanne, who grew up in Odessa, has a bachelor of science degree from UCM. After she discovered a predilection for cooking, however, she worked at her aunt's restaurant, Blackwa-

ter Bottoms, on Highway 50, in the '70s and '80s.

In 2009, she was working at the End Zone in Sedalia, she said, the year her boss was taking the Master Naturalist course.

"Every week after the class, she'd come into the kitchen and tell us about all these interesting things she'd learned," Roxanne said.

So Roxanne thought, "I can do that," and took the course the next year. She is now serving her second term as president of the Hi Lonesome Chapter, which meets in Cole Camp, and is named for a nearby prairie. The Hi Lonesome Chapter has 12 active members, she said, but would like more people to sign up for the course. But for the MDC to offer it, there has to be enough interest. The Master Naturalist course is a class one night a week for 11 weeks, plus three field trips. The cost of \$110 covers materials, and the course is offered online, Roxanne said.

The Hi Lonesome Chapter meets at St. Paul's Lutheran Church in Cole Camp on the first Tuesday of the month at 6 p.m. Members can attend meetings online, she said.

"If we have enough prospective members, the chapter will offer an orien-

### MOWERY Continued from page 1

have to adapt to our talent and skill set in order to be successful

OS-Think of the best football game you have played. How did you prepare for it?

TM-One of my best games was my senior year of high school. The opposing team had an all-state RB who had multiple D1 offers. My mindset was that he would not get past me. I played that scenario over and over in my head the entire week leading up to gameday. Focus, aggression, and being a competitor made that happen. Being mentally prepared for what is front of you is half the battle. Believe in what you can do!

OS-What made you want to apply for the head football coach position?

TM-My family and I love being a part of the Clinton community. When we first came to the area a few years ago, we were immediately welcomed by several people in the community. In the end, the opportunity to lead the Clinton High School program was the ultimate goal from day one.

OS-How are you going to build team morale?

TM-First thing is, we have a good amount of juniors and seniors coming in next season. They've had a tough road during their high school years. We have to give not only them, but the rest of the team as well, the best experience possible. We have to keep the season enjoyable and give them all a reason to want to be a part of the team. Winning cures a lot of things, but wins are not always guaranteed.

OS-What do you look forward to at the start of next season?

TM-I'm most excited to see how we've progressed in the off-season and what we can accomplish in a new system.

Friday nights in the fall are something that many in the Clinton community hope to be able to be excited about. Mowery is hoping that he can bring that to them. In a few short months, everyone will see.

**Holds Annual Employee Banquet**

VIRGINIA GRAHAM

SAVANNA FACKLAM

MELONDY BOWLAND

Golden Valley Memorial Healthcare (GVMH) recently held its annual Employee Banquet to show its appreciation for staff and their dedication throughout the 2022-2023 fiscal year.

The event included a dinner, special program, service awards and awards for Employee of the Year and Leader of the Year. In addition, Virginia Graham was recognized as the first employee to work 50 years at GVMH.

This year, Melondy Bowland was selected as Employee of the Year. She has been an employee of GVMH since May 2015 and works as a Social Worker in the Social Services department.

According to Bowland's supervisor, Ranae Walrath, Director of Social Services, "Melondy has been chosen as Employee of the Year because she truly has a Heart of Gold. Her focus is on patient safety and success. Melondy wants to know her patients and understand their support system so she can help them recognize their strengths and overcome limitations. She is a valued member of the GVMH team who embraces her responsibility to be a resource for our staff, patients and the community. I am so pleased Melondy is being recognized for her dedication to the organization. She deserves it!"

Savanna Facklam was recognized as the Leader of the Year. Facklam has been an employee of GVMH since November

2009 and was recently promoted to Executive Director of Ambulatory and Telehealth.

Per Facklam's supervisor, Kyle Adkins, Chief Operating Officer, "Savanna is a trusted leader and perhaps the most sought after mentor for new leaders in the organization. She is accountable to her team, peers and leaders in all that she does. She understands the "why" as well as anyone and is relentless in ensuring the best care possible for our patients. Her smile is infectious and you just cannot help enjoying your time working with her. More importantly, she is a tremendous friend and we are blessed to be able to work alongside her every day. I could not be more proud of Savanna receiving this honor."

Virginia Graham was recognized as the first employee to work 50 years at GVMH. Currently, she is the Executive Assistant to the CEO. Graham started at GVMH when it opened its doors in 1972 and has held various positions over the years in Medical Records, Human Resources and Administration. "We are extremely thankful to have Virginia at GVMH," said Craig Thompson, Chief Executive Officer. "We appreciate all her hard work, devotion and the wealth of knowledge she has. Virginia is one-of-a-kind."

**MARK C. SMITH**

Mark C. Smith age 51 passed away on Wednesday, March 29, 2023 at his home in Clinton, Missouri.

Mark Christopher Smith was born in July of 1971 in Independence, Missouri. He attended Lakeland public Schools and earned an Associates degree in Machine Tool from State Fair Community College.

He was married to his wife Loretta for 28 years. Mark was a machinist and he taught adult machine tool classes at one time. He also volunteered with the Tightwad Fire Department and he became a member of the Parks Chapel Baptist Church.

Mark is survived by his wife, Loretta Smith of Clinton, Missouri, two children, Nickolas Smith (Alysa Tucker), Breanna Smith (Jordan Sneten), three

sisters,

Belle Spencer, Shelly Siercks (Steve), Robin Coonrod, and one brother, Brian Oles (Angela). And his faithful buddy, Apollo.

He was preceded in death by his parents, John and Elizabeth Smith, one brother Popeye (Steve) Oles, one niece Rachel Parrish, and one nephew Justin Baumgarden.

Funeral services were held April 4, 2023 at the Vansant-Mills Chapel, Clinton with Rev. Brad Elmer officiating. Special music included "I'll Fly Away and How Great Thou Art." The casket bearers were Aaron McNeely, Dan Green, Jeremy Smith, Eric McNeely, Jamie Foster and Daniel Anspaugh. John Glenn, Chris Sperry, Milton Houk and Randy Howell were honorary bearers. Interment followed in Englewood Cemetery, Clinton, MO.

Services were under the direction of Vansant-Mills Funeral Home of Clinton, MO.

**DON "THE FISH" FISHER**

Don "The Fish" Fisher aged 82 passed away peacefully at the KC Hospice House on Saturday March 25th 2023. Don was born on October 29, 1940 to Ernest Elmer Fisher and Nettie Kathryn Fisher in Weir City, Kansas. He was preceded in death by both parents along with two brothers Fred and Ernie.

Don is survived by his wife Rachel of the home in Clinton; sister Nadine Roberts; daughters Donnell Williams (Clayton), Jenette Scales (Dennis), Jane Elmer (John), and Jennifer Huff (Allen). Grandchildren surviving include Ryan Minta (Courtne), Tayler Enlow (Cody), Ashley Scales - Sci-meca (Alex), Zachary Scales (Morgan), Tanner Elmer (Mason Huff (Madison). Also survived by 4 great grandchildren and numerous nieces and nephews.

Don graduated from Weir High School in 1958. He excelled in athletics playing football, baseball, and basketball. Later in life his love of sports would see him taking up golf. Following high school he would

marry and from that union would be the 2 oldest daughters, Donnell and Jenette. He would then move to Wichita, Kansas to be near his sister Nadine. There he would graduate from Moler Barber School in 1966. Interestingly, Rachel (who just happened to be Nadine's best friend from nursing school) arrived in Wichita for a visit with Nadine. She would send Don to pick up Rachel and that would be the beginning of a relationship that would last over 55 years. Don's sense of humor was well known and he could be heard making a play or parody on the Fats Domino song Blueberry Hill and would sing that "I Lost My Thrill on Smallwood (Blueberry) Hill." With this marriage he gained a bonus daughter, Janie.

Rachel and Don would have one child together, Jennifer. They would move around and eventually land in Clinton in 1977 where they would make their home. Don would barber with his good buddy AJ at the Ideal Barber Shop. He would entertain his clients with stories, jokes, and tall tales. His camaraderie and banter with AJ was well known far and wide.

While he took up golf prior to Clinton, he would become a lifelong golfer and left a mark everywhere he played. More often than not he could be heard on the course belting out "Rockin' In the Treetops. Lifelong friends would be made including CZ who gave Don one more nickname "Little Buddy". Don's health would eventually take him to more of an observer role on the sidelines of the golf course.

Don will be remembered

most for his sense of humor. So many friends and family have shared wonderful memories highlighting his jokester nature, their first haircut stories, singing and dancing on the golf course and so much, much more. Many notable quotes and memories have been shared but the following from Bubba aka Eric Mitchell seemed rather fitting - "Ole Fish will be Rock'n in the Tree Tops All Day Long - bringing Joy and Happiness to Everyone Up Above. Tweet Tweet Buddy!"

A Celebration of Life was held March 29, 2023 at Meadowlake Country Club, Clinton, MO. Private family inurnment will be at a later date in Vansant Road Cemetery, Clinton, MO.

Services were under the direction of Vansant-Mills Funeral Home of Clinton, MO.

## Calhoun UMC

Welcome to the Good News from Calhoun United Methodist. We are pleased to gather in fellowship and love, to praise the Lord with church family and guests. We ring the church bell at 9:45 to call the "flock" to 10:00 Worship. Our service is live-streamed for face book.

We extend our Sympathy and Christian love to the family and friends of the DeCombs family who lost a loved one this week. Special prayers were said for Kay (Scrogg) Gregory in the loss of her home by fire. Others on the prayer list are Linda & Doug Cooper, Brenda Hunter, Macayla Lowe, Jaden & baby, Sharon Millers niece, and the Burson family. We continue to pray for those suffering in Ukraine and those who are trying to get them relief. We are asking for prayers for our church and congregation as we take a hard look at our attendance and finances.

Joys to celebrate: Pastor Margie lead a Maundy-Thursdays Service at Calhoun UMC this week with 14 in attendance from both churches. Easter greetings to all. What a beautiful sun rise this morning and the moon was large and Easter Egg Shaped. We gathered for Easter morning breakfast at 7:30 with several guests from Drake's Chapel. Ms Verna's special music "Consider the Lilies," was enjoyed by all. In the absence of Miss Linda at the piano, song leader Tom Colwell lead our Easter Hymns acapella. Sharon Miller was surprised by six of her family coming to church as a group; unannounced. Sara Veatch had her brother Glen as her guest. Pastor Margie's grandson Justin and Brecklyn Briggs were guests, as well as Jerrene Harrelson. We were also pleasantly surprised to see Judy and Dave Reynolds who haven't been here since Covid. Good Friday was Judy's Birthday, and we wish her many more. Dave has had some skin cancers removed recently and is getting along fine. Master James Stocking lit the altar candles for the first time this morning with assistance from his Mother. We were 37 strong today, and were pleased to have such a great group. Reminder next week will be Harvesters at Calhoun; volunteers are encouraged to come to the Colt Show building about noon. Extra help is always welcome.

We welcome visitors any Sunday morning for worship, come dressed as you are comfortable, bring the youngsters and be prepared to receive a blessing for your effort. We will be blessed by your presents.

## First Baptist

On Sunday, Pastor Pat Findley delivered his 8th message from the Experiencing God series titled "Surrendering All". Pastor Pat used Genesis 22:1-14 to illustrate total surrender to God. This involves not only what we give to God, but also what we hold back from God. Surrender involves sacrifice. Members and guests were challenged to consider what sacrifice God may be asking us to surrender, and to ask ourselves if we are prepared for the growing pain that can accompany that sacrifice. The fear of the Lord is the beginning of our growth in our relationship with Him, and we should rest assured that God will provide where He guides. If you are waiting for God to guide you, perhaps He is waiting on you for full surrender.

For those who have experienced grief or mourning, GriefShare is held on Thursdays from 6-8 pm at FBC's Vansant location. Celebrate Recovery is on Tuesday evening, beginning at 5:30 p.m. at FBC Vansant, for anyone with hurts, habits and hangups. Henry County Rescue Mission offers dinner on Thursdays at 5:30 p.m. at the downtown location, 209 E Jefferson. Worship services are held at 8:30 a.m. and 11:00 a.m. For more information, please contact the church office at 660-885-2211.

We invite those without a church home to join us in worship of our Lord & Savior, Jesus Christ. First Baptist Church exists to fulfill the Great Commission (Matthew 28:19-20) by loving people into a growing relationship with Jesus Christ.

## First Presbyterian

Last Sunday we proclaimed the good news of the resurrection of our Savior Jesus Christ. Let us remember to roll the stone of ignorance, stubbornness and fear away from our hearts. Celebrate His resurrection knowing His love is poured out for you and for your healing. May this reality bring you peace. Rev. Nancy Gillard brought the message When He Opened the Book from Luke 4: 14 – 22. Our handchimes choir played the beautiful old hymn "Crown Him with Many Crowns" as our anthem.

Sunday, April 30 will be the last day to bring your donations of deodorant for the Samaritan Center. Your gifts are most welcome and may be placed on the shelf in the foyer.

It's that time of year to begin the "Children in Africa" projects. Our talented sewers turn out the most adorable creations of dresses and shorts for the children. We appreciate the use of their skills for this worthwhile project. Fabric, elastic, trims, bias tape, and patterns are available in the foyer. There are examples of dresses and shorts on display. If you have questions about this project simply ask a Naomi Ruth Circle lady.

Come and be a part of the Tai Chi classes held here each Monday at 10:00 and 11:00 am and Wednesday at 10:00 am. Tai Chi helps strengthen your core and improve balance. There is room for you.

Come worship with us. You will find a friendly group of people greeting you. If in person worship is not an option watch the broadcasts available online at our website: fpc-clintonmo.net or Facebook First Presbyterian Clinton MO. Stay updated on the happenings at First Presbyterian by visiting our website.

## Mt. Calvary Apostolic Pentecostal

"Hold On to the Promise"

Galatians 3:27-29. (KJV)

There is more than only believing. You have to believe before you have faith in Christ in order to receive the promise.

The Apostles had a hard time getting people to believe in Jesus. Besides believing in him, you have to do what is required to get to heaven, which is obey his commandments. Before you can obey his commandments, you have to believe in him.

For those who hold on to the law, the law i. the Old Testament was our school master that would bring us to Christ. Once Jesus came, we do not have to perform sacrifices, as they did in the Old Testament. He was the sacrifice.

Romans 6:3-4. (KJV)

We go down in sin and raise up a new creature in Christ. Hebrews 11:1 Now faith is the substance of things hoped for, the evidence of things not seen. (KJV)

By faith, Noah knew rain was coming, though he had never seen rain, he built the ark as God instructed him to. He held onto the promise.

By faith in God, we believe how creation began by God. For those who are non-believers it is hard for them to grasp. We need to have faith to carry on.

How do you glory in tribulation? It is hard, but Paul said

tribulation works patience, which works experience, which works hope. When you go through troubles, having patience, you know God will get you through and take care of you.

This gives you experience that you can help someone else who is going through something similar. This will bring hope.

Act 14:20-22. (KJV)

Paul held onto the promise. After being stoned, he went back into the city, the town folk threw him out of. God gave him a purpose, and he was determined to finish it.

Through tribulations we must hold on to the promise of God in order to make it into God's kingdom. He promised in we would obey his commandments and live right, we will enter into his kingdom.

Trust in God's holy word and strive to do everything right so we will be ready to make heaven our home. Hold on to the promise. God Bless.

## Mt. Zion UMC

We had an amazing, jubilant celebration of the Easter Season! Christ is risen! Christ is among us! Christ has done that great act of atonement and won the victory over sin and death! Glory to God! His work is finished and we are now children of the New Covenant.

So, what is our task now? As Pastor David explained in his message, "Defending Easter", It is to tell the story of Jesus. When we tell others the story of Jesus it is witnessing why we have faith and how this faith has changed us, shaped us and how it will continue to make us more righteous as we grow in grace.

God teaches us valuable lessons about evangelism, sometimes in the strangest places. That is why we must always be ready to make our defense for the Gospel and always do it with gentleness and reverence (1 Peter 3:15) remembering that Jesus is with us as we testify as witnesses of the faith.

When Christ sent out the apostles, He did not send them out alone, He gave them a gift—the gift of the Holy Spirit. Jesus declares that their mission—which by inheritance is also our mission—is to evangelize and make disciples of Jesus Christ for the transformation of the world. Jesus further states that maintaining the faith and trusting in the power of the Holy Spirit remains the cornerstone of sharing and defending the faith.

So, go and spread the new Hope of Easter, telling the story of Jesus to those who know and those who want to know more. Always be ready to defend your faith and give reason for the hope you have in Christ our Lord. Amen!

## Trinity Lutheran

Starting this Sunday, April 23, Pastor Jerry Smith will serve as the new vacancy pastor here at Trinity-Clinton. Pastor Smith also is the full-time pastor of Trinity Lutheran in Appleton City.

With the change in the vacancy, the elders are also changing the times of our worship service. The new times, beginning this Sunday, will be Sunday School and Adult Bible Class at 12:00 pm, (noon), followed by the Divine Service at 1:00 pm.

Loralei Loman, daughter of Brian and Kendra Loman, received the Rite of First Communion last Sunday. The rite recognizes that Lorelei has been taught and accepts the doctrine of the real presence of Jesus's body and blood in the sacrament, that she personally believes the words of Christ, "For You," and has been examined by the Pastor to be sure she understands the forgiveness of sins and the strengthening of her faith offered in The Lord's Supper. Welcome, Lorelei!

Zoe's Home had a very busy and productive week. So many women need a safe place to lay their heads at night. We will be moving in two of the women in the coming days. Please pray for them and their children as they transition into our home. Please also be praying for the women that I had to say I'm sorry to. In Christ, Emily Stocking.

Despite 2,000 years of Christian teaching, the world is full of those who go through life believing they are good. They believe good people go to heaven, and bad people go to hell, based on their actions here on earth throughout their lives. God is just a celestial scorekeeper, the referee.

Of course, given our human tendencies, we all tend to think we're pretty good most of the time, and certainly better than most people all of the time. How could we not be good in God's eyes?

Christians understand that everyone is a sinner in need of a Savior. "No one does good. Not even one" (Romans 3:12). Every single one of us is deserving only of God's wrath and judgment. Our goodness is an illusion. Our good works outside faith in Christ are worthless in God's sight. Our only hope is not in our inherent goodness or good works, but our faith in Jesus Christ. It is His good work of death on the cross which brings us the forgiveness of our sins and the salvation of the entire world.

Trinity Lutheran Church preaches Christ crucified. Why? Because Jesus' death and resurrection, not our good works, is our ONLY hope for our salvation. Praise God!

## Urich Baptist

It was a cold Sunday as we joined together to worship the Lord. Clint Keeney rang the church bell.

Mrs. Julia Klinefelter led in the congregational singing with Mrs. Dixie Collins playing piano. We rejoiced with Mrs. Dixie Collins on her birthday. We praised the Lord on the Baptism of Mrs. Brenda Richeson.

Randy Vogt and Clint Keeney collected the offering.

The scripture passage from Pastor Chad Pollett's sermon was from John7:53- 8:11. In this passage the Pharisees and Sadducee's had made a plan where they thought they could arrest Jesus. They brought a woman caught in adultery to stand in front of Jesus and a group of people. They asked Jesus "In the Law Moses commanded us to stone such women." What would he say? Jesus answered, "If any one of you is without sin, let him be the first to throw a stone at her." The crowd began to go away until only Jesus and the woman were still there. No one condemned the woman and Jesus told her to go and sin no more. The same is true today. Repent of our sins and Jesus will forgive. Have a blessed week.

## Valley Center United

Every time we gather, we celebrate Easter! We are an open and affirming church and welcome all to come and worship with us on Sunday morning!

We continue our prayers to our dear friends and families who are recovering from surgery or illness. We send our love, support and prayers to those families in the Ukraine. We give thanks for the faith that grows within our hearts and say without hesitation, 'HE HAS RISEN'!

Karen and Andy Lasswell welcomed us as we gathered here at the brow of the hill for worship. We wish Isaac Neuenschwander a very happy 12th birthday!

Imagine the emotion that the disciples and the people felt as Jesus came into Jerusalem. Imagine the confusion

as they went into the garden and a mob came and took Jesus away. They watched him carry his own cross and tortured. But when they heard that the tomb was empty, some thought it was a trick, even though they had been told what would happen. Some of those who gathered on that third day, were afraid of how the authorities would react. They hesitated rather than being a band of believers. They responded by being silent and frozen, not sure of what really happened.

But, when Jesus appeared in the midst of their confusion, He gave them evidence of what happened. He said to them "I am with you now and give you peace". They then knew it was really him.

How would we have responded as we reached the empty tomb? Would we have stood frozen and unable to react or would we get up and stand strong? Would our emotions of disbelief have taken over or would we break our silence and complacency of our actions and carry his message into the world.

This day and everyday is a celebration of Easter that gives us the message of love, joy and of the greatest hope ever given. It is the peace that passes all understanding.

Dear Lord, bless us and surround us with your love and peace. Give us the strength, courage, vision and faith that we might always choose that which is good, right and just in your eyes. Amen

## State Fair Community College SFCC Student Receives First-Place MBEA Award

**STATE FAIR COMMUNITY COLLEGE** Digital Media Communications student Dawson Propst received a first-place award from the Missouri Broadcast Educators Association in April.

State Fair Community College Digital Media Communications student Dawson Propst of Stover received a first-place award from the Missouri Broadcast Educators Association (MBEA) on April 1 at Southeast Missouri State University. Propst was recognized for a video he produced featuring Sedalia business No. 5 Bistro & Bar. He competed against students from two- and four-year institutions

throughout Missouri. "Being recognized at the state level for this project is an honor that I will never forget," Propst said. Besides attending SFCC full-time, Propst is owner of D-Pro Studio, which mainly produces wedding videos. He said creating the No. 5 Bistro & Bar video allowed him to step outside his comfort zone. "Editing together this fast-paced promotional piece was a creative challenge, and I thoroughly enjoyed every second," Propst said. "In addition, working with a local business for my classes at SFCC provided valuable real-world experience that will no doubt help me as I pursue my career in the digital media industry." SFCC Digital Media Instructor Tim Oar said Propst has "the inherent flair of a genuine storyteller." "Whether it's crafting a 30-second promo, capturing the unforgettable moments of a wedding or editing a short film, his

knack for bringing the various pieces together in an entertaining and engaging way is always a joy to experience," Oar said. "It's great to see his work get the recognition it certainly deserves."

Propst estimates that the two-minute video took about 10 hours to produce. His video can be viewed at <https://youtu.be/ljg-4b1X-u4>.

"There is so much more that goes into creating a video like this than most people realize," he said. "Footage assembly, color correction, music choice, and story development are just a few jobs that take time to get right."

MBEA was established to "encourage and coordinate educational and instructional activities related to broadcast education," according to its website. The awards recognize excellence in video and audio production, scriptwriting and multimedia. Broadcast

professionals or qualified faculty judge the entries.

SFCC's Digital Media Communications program prepares students for communication careers by teaching communication, journalism, marketing, and public relations fundamentals and using technologies such as blogs, podcasts, video production, websites, and social media platforms.

## Daum Museum To Host Artist Panel, Pottery Demonstration April 20

The Daum Museum of Contemporary Art will host a free panel discussion and pottery demonstration on April 20 with artists from three exhibitions: "Coalescence: Exploring Contemporary Ceramics and Artist Communities," "Threads That Bind: Elucidating Diverse Voices of Womanhood," and "Long Way Home: C. Finley." The public is invited to attend.

The panel discussion will begin at 10 a.m. in the Stauffacher Theatre. The pottery demonstration will begin at 1 p.m. in Stauffacher Building Room 40.

Artists Gina Pisto, Casey Whittier, Nicole Woodard, Debra Smith, and C. Finley will participate in the panel discussion in Stauffacher Theatre over their current exhibitions, artworks, and questions generated by the audience. SFCC's Art History instructor Dr. Meghan McClellan will moderate the panel discussion. Artist Samuel Johnson of Coalescence will lead the pottery demonstration following the panel discussion.

Gina Pisto of Coalescence is originally from Columbus, Ohio, and is currently an artist-in-residence at Belger Crane Yard Studios

in Kansas City. ### Missouri SBDC to host social media marketing workshop

The Missouri Small Business Development Center (MOSBDC) at State Fair Community College will host a Facebook and Instagram Social Media Marketing workshop 1-4 p.m. May 15 in Fielding Technical Center on the SFCC Sedalia campus. Canvas Suites, LLC is sponsoring the workshop.

Leveraging the power of social media networks can be the key to achieving a business's marketing and branding goals. Workshop objectives include developing a social media plan, creating Facebook and Instagram profiles, designing media posts using Canva and customer relationship management programs (Mailchimp, Hootsuite, etc.), and examining social media trends.

Participants will learn how and when to update Facebook profiles and cover photos, schedule posts and events, and use messenger and live-stream tools. How to create Instagram visual content and the differences between Instagram private and direct message

tools will be discussed.

Cost is \$39 per person. Participants must bring a mobile device, preferably a laptop, to the workshop.

To sign up, go to <https://missouri.ecenterdirect.com/events/24423>. For information, contact SFCC's Kelly Asbury, MOSBDC director, at [kasbury1@sfcsmo.edu](mailto:kasbury1@sfcsmo.edu) or (660) 596-7350.

The Missouri SBDC at State Fair Community College is made possible by a funding partnership through the federal Small Business Administration, the University of Missouri Extension and SFCC's The LearningForce.

The Henry County Memory Fund was established in 2014 to raise funds that will remain in Henry County, MO to help provide support to caregivers, family members, and patients of Alzheimer's/Dementia. We provide up to \$500 a year for assistance with prescriptions, medical bills, durable medical equipment, respite care, transportation, utilities, housing assistance needs, and other areas of needs. Payment disbursement directly to vendors is preferred.

### Big Purple Party

Please join us on Saturday, May 6, 2023 for our Annual Big Purple Party! The Party will be held in Hawthorn Bank's parking lot at Old Country Club Park with registration at 9:00am and ceremony at 9:30.

We will honor our friends, family and loved ones struggling with or lost to Alzheimer's and dementia.

There will be giveaways, a ceremony to honor our loved ones, followed by a short walk if you choose to participate.

### LOOKING BACK

with Guest Sports Reporter **TIM KOMER**

Looking Back: Draft Day

The old NFL drafts, which started in 1936, were not much more than, "Hey kid, we heard you were pretty good; do you want to play for us?" The first draft had a pool of only 90 players. The draft quickly evolved to, "Hey kid, we know you did well in high school/college (after talking to their coach) can we talk?" Later still, "Hey kid, we saw you play and Tom (a team employee) likes your chances, do you want to play for us?" Then (after scouting really got organized), "Hey kid, I am a scout for the Giants, we

and was learning how to scout and conduct a draft. The NFL 'big bucks' did not show up until the TV money kicked in.

The emergence of the AFL sped up the need for an organized and combined draft. The first televised NFL draft was in 1980 and was aired on ESPN. Pete Rozelle wasn't sure it would draw any fans. He was wrong. The draft grew each year and in 2010 it went to a three-day event. It was in New York, but has been on the road since 2015. Again, it has landed in KC this year.

Note: There are different types of drafts. The most covered is the "entry" draft for newly eligible players. But, there are expansion drafts, supplement drafts, etc. Currently, each of the 32 NFL clubs receives one pick in each of the seven rounds. The number of teams and rounds has changed over time. The order of selection is determined by

THIS 2023 NFL DRAFT will be held at Kansas City's Union Station and is expected to draw a huge crowd.

are interested in you, do you want to come to NY for a talk and physical?"

By 1963, teams had formed modern 'scouting partnerships'. And now it is, "Hey kid, you have been thoroughly scouted, vetted, and evaluated. We checked, your eligibility, so we hope to see you at the scouting combine." The combine pulled all the team's scouting partnerships into one event. The early names of these scouting camps were National Invitational Camp (NIC), or the NFL Scouting Combine. The combine, as we know it today, was started in 1982. TV and the popularity of football have made it an event all by itself. The 2023 draft is being held in Kansas City at Union Station, April 27-29.

I love the fact that the first player ever drafted was Heisman winner, Jay Berwanger, and he never played in the NFL. Because pro football, in 1936, was not paying big bucks and was not that well thought of, Berwanger passed on the chance. I am sure that does not happen a lot today. The NFL was very young (it started in 1920)

the reverse order of finish in the previous season. Each round starts with the team that finished with the worst record and ends with the Super Bowl champions. Of course, trades can change that order. Teams that didn't qualify for the playoffs are assigned draft slots 1-20. The club with the worst record will pick first, and the one with the best record will pick 20th. Teams that did qualify for the playoffs are assigned draft slots 21-32. The order is determined by the results of the previous year's postseason play. The draft is so important to the serious NFL fan, that mock drafts are held just to see what might happen. Numerous sports talk shows will do nothing but talk "draft" for months, literally. "Do the Giants need a QB? Can the Chiefs finally replace Tyreek Hill?", etc." It is a feeding frenzy.

The young athletes are put on display, their 40-yard times are established, and off they go to the draft. Many of the top first-round prospects will have camera crews in their homes to capture the

family celebration when they get the call. Watching the draft, the die-hard fan may be delighted or appalled by each pick. Here in Chiefs Kingdom: "Do we need a backup QB?" I think you know the answer to that. Get ready... the Chiefs will be on the clock on April 27, and they get the 31st pick in the first round. I bet they will pick \_\_\_\_\_ . I bet I am right.

My favorite part of the Draft is "Looking Back". How did the past draft picks turn out? Some first-round picks do great, such as Payton Manning and Patrick Mahomes. Some do not, like Todd Blackledge. He was picked #7 by the Chiefs in 1983. There have been many #1 picks flame out, such as Tony Mandarich. In 1989 he was picked ahead of Derrick Thomas and Deion Sanders. Surprising, right? How about Johnny 'Football' Manziel? Fun to note that Travis Kelce was picked in the third round, 63rd overall. I really love it when a non-drafted player proves the experts wrong, such as, Kurt Warner, Tony Romo, Wes Welker and Adam Vinatieri.

For most of us, we really pull for the 7th-round guy like Tom Brady - 198 players were picked before him. We like to find out that the QB picked ahead of Mahomes (Mitchell Trubisky) has only had moderate success. Maybe the biggest draft blunder was the Chargers drafting Ryan Leaf in 1998. He was picked #2 but flamed out quickly. Even after all the scouting, the vetting and the NFL Combine, the Draft is still an inexact science.

Next week I will take a look at drafts in other professional sports. Clearly, the NFL gets the most coverage, but all the other sports have their own form of a draft.

Until next time.

**BASEBALL cont.**

Andrew Steiner earned the victory on the mound for Summit Christian Academy Eagles Varsity. The righty went four innings, allowing two runs on three hits and striking out five. John Ficiuns threw one inning in relief out of the bullpen.

Chase Beasley took the loss for Clinton Cardinals Varsity. The pitcher surrendered ten runs on seven

hits over three and a third innings.

Evan Mantonya, Jacob Balke, Will Golder, and Braden Best each collected one hit to lead Clinton Cardinals Varsity.

Summit Christian Academy Eagles Varsity collected nine hits. Zumwalt, Carter Jeffries, and Xander Zumwalt all managed multiple hits for Summit Christian Academy Eagles Varsity.

**Clinton Cardinals Varsity Loses Lead Early in Defeat**

Clinton Cardinals Varsity fell behind early and couldn't come back in a 16-2 loss to Oak Grove Panthers Varsity on Saturday. Oak Grove Panthers Varsity scored on a groundout by Mason Weber, a single by Nick Reeves, a double by Aiden Squires, and a single by Kaden Kinzel in the first inning.

The Clinton Cardinals Varsity struggled to contain the high-powered offense of Oak Grove Panthers Varsity, giving up 16 runs.

Oak Grove Panthers Varsity got on the board in the first inning. Weber ground out, scoring one run.

Oak Grove Panthers Varsity scored four runs in the fourth inning. The big inning for Oak Grove Panthers Varsity came thanks to a single by Darien Steen and by Jude Greaves.

Eli Wilkinson took the win for Oak Grove Panthers Varsity. The lefty lasted five innings, allowing four hits and two runs while striking out five.

Kaiden Townsend toed the rubber for Clinton Cardinals Varsity. The pitcher lasted three innings, allowing 11 hits and 12 runs while walking one. Adam Toal threw one inning in relief out of the bullpen.

Clinton Cardinals Varsity scattered four hits in the game. Jack English and Will Golder all collected multiple hits for Clinton Cardinals Varsity. Golder and English each collected two hits to lead Clinton Cardinals Varsity.

Oak Grove Panthers Varsity collected 12 hits on the day. Sheldon Dean, Jordan Hall, Greaves, and Steen all managed multiple hits for Oak Grove Panthers Varsity. Dean went 3-for-3 at the plate to lead Oak Grove Panthers Varsity in hits. Oak Grove Panthers Varsity tore up the base paths, as two players stole at least two bases. Hall led the way with two. Oak Grove Pan-

thers Varsity didn't commit a single error in the field. Greaves had five chances in the field, the most on the team.

**MDC Says Slow Down And Give Turtles A Brake!**

*Watch out for turtles crossing roads this spring as they look for food and a mate.*

The Missouri Department of Conservation (MDC) encourages drivers to be cautious on the roads this spring and give turtles a brake! These reptiles are often hit by cars during the warmer months, but are at special risk this time of year because they are more active.

Common turtles spotted crossing Missouri roads include three-toed box turtles, ornate box turtles, and snapping turtles.

Turtles emerge from their burrows and begin the hunt for food and mates during warm and wet conditions, which can lead them to cross roadways, oftentimes resulting in their death. Thousands of box turtles are killed every year by vehicles.

Young males make up most of the travelers, sometimes wandering as many as six miles searching for territories and mates. Females are also crossing the roads in search of nesting areas.

Turtles are ectothermic, or cold-blooded, and depend on external sources of heat to determine their body temperatures. This is why people see them on warm asphalt during cool, spring days.

Vehicles are one of the leading threats box turtles face in Missouri, and MDC urges motorists to be cautious and slow down if they see a turtle in the road. If helping a turtle make it safely across, check for traffic and always move the turtle in the direction it is traveling.

Additionally, MDC urges the public to leave turtles in the wild. Taking a wild animal, whether a turtle or other wildlife species, and keeping it as a pet normally ends in a slow death. Leave turtles in the wild, follow the speed limit, and keep your eyes on the road.

For more information on Missouri's turtles, visit the MDC online Field Guide at <https://nature.mdc.mo.gov/discover-nature/field-guide/search/turtle>.

## Cardinals 4x100m Team Sets School Record In Jeff City

**HISTORY WAS MADE** on Saturday! Your Clinton Cardinal Boys 4x100m Relay broke a school record in Jefferson City. This former record was set in 2018 with a time of 44.57. That record fell to some amazing athletes with a new time of 44.01. That also puts them ranked number 6th in the state. That same group of boys in the 4x200m Relay broke the school record that was set in 1999 with a time of 1:31.40. In Jefferson City, the boys ran a 1:31.15! Your 2X CLINTON HIGH SCHOOL RECORD SETTERS consisted of Jase Wilson, Braydon Ethridge, Emrie Neal and Payton Sales.

The Shepherd Calls by Dr. H. Wade Paris

WHO'S ON FIRST?

More than once, a parishioner spoke with me about his alcoholic son. The boy had great promise but started drinking at an early age. By the time I knew him, he was an adult and an alcoholic.

In response to his father's pleading, "Why do you drink? Why don't you quit?" the son replied, "I just like to drink. From my very first drink, I enjoyed it; and I don't want to quit. All my friends drink." Eventually and prematurely, it cost him his life. Knowingly, consciously, this man chose to be an alcoholic. He chose a bad life over a good one.

There is a similar story in the Bible. A rich young ruler came to Jesus and asked how he could receive the good life---eternal life. (Mark 10:17-27). Jesus told him to obey the commandments; the young man said he had kept those from childhood. "Very good," Jesus replied, "but you have another problem. Your wealth is your God. Sell all you have and give it to the poor; and put God first in your life."

"No, thank you," the wealthy man said, for he was rich. One does not have to be rich or an alcoholic to be separated from God; but you do have to love God with all your heart, soul, and mind. To be a believer, God must have first place in your life.

One of the Renaissance poets wanted to take a wife, but there was a problem. He already had a wife. "Nothing doing," his present wife said, "it's me only or goodbye."

Jesus put it this way, "You cannot serve God and something else, for you will love one and hate the other." (Matthew 6:24-34) In other words, two things cannot be first.

To use our baseball lingo, you cannot have two runners on first. Who is on first in your life?

From the Clinton Animal Shelter: Since our shelter numbers have remained so high, the Kuranda beds that our shelter dogs sleep on are showing a lot of wear and tear. These beds are great because they keep the dogs off the concrete floor and are very durable. If you would like to order one for a shelter dog, please click on the link below. Our wish list is under Clinton Animal Rescue Endeavor. Thank you!!

Help Save The Dorman House. Nickolas Smith and Suzanne Bush are organizing this fundraiser to benefit Henry County Historical Society. Built in 1852, the Dorman House is currently the oldest standing two-story home in Clinton and listed on the Na-

tional Register of Historic Places in 1983. The home remained in the Dorman family for over 150 years but fell into disrepair as fortunes dwindled. Clinton Main Street purchased the home in 1996 from the Dorman family and spent six years restoring the house using volunteer labor. Clinton Main Street utilized the home as its office until 2008 when it was deeded to the Henry County Historical Society. While the historical society has kept up with minor maintenance over the years, larger issues with the structure have become more apparent. The east side of the home exhibits minor cracking and separation - and after many severe rain showers for several years in a row - the house has developed a serious foundation and wall issues. The Henry County Historical Society needs to take immediate action to prevent further damage and possible loss of the Dorman House. It is hoped that listing as a Place in Peril will raise awareness for the Save the Dorman capital improvement campaign and help the historical society find the expertise needed to guide them through the creation of a historic structures report and the proper restoration of this Clinton landmark.
