Carousel Set To Spin Again In Appleton City

BY JENNIFER JACKSON
Staff Reporter

In 2021, Linda Lampkin learned that the traveling carnival that came to the Appleton City Fair every year wasn't coming. The reason — Mary Reinke, who owned the Southern Fun Carnival, had died the previous year, and the carnival, based in Anderson, Mo., was being dismantled and sold.

Linda, the fair chairperson, was disappointed that the carousel, which children had ridden on every year for 11 years, would not be there for future generations.

So she went to Anderson with a mechanic friend and bought it.

She will open the gate at 4 p.m. on May 27 and set the animals spinning. The opening, on the Friday of Memorial Weekend, is a much anticipated event for Appleton City residents, for whom Linda bought it.

"It's a thank-you for all the parents and grandparents who did business with my father, uncle and great-uncle," she said.

Linda's father and her uncle owned the Lampkin Bros. Grain Company from 1954 to 1974. Her great-uncle owned the hardware

store from 1924 to 1963.

Linda said she bought the carousel because she wanted to contribute something to keep the town going. Originally a school teacher, she worked in Kansas City for Ralston-Purina as the first female salesperson west of the Mississippi, then at Kansas City Metro Community College as program coordinator of business

and industry.

It isn't an old carousel, Linda said, but was made by the San Antonio Roller Works between 2000 and 2002. Run by an electric motor, it is a menagerie model, with a variety of animals, from a rooster and a rabbit to a giraffe, zebra and elephant, plus eight horses.

The animals, 18 in all, are made of aluminum,

so there is a maximum weight limit for the rider of 150 pounds, set by the manufacturer. It is strictly enforced for safety. Young children must be accompanied by a person at least five feet tall.

Linda set the carousel up as a non-profit. The price for a ride is whatever people want to pay, she said, as long as it's a U.S. **Carousel 3**

Clinton Man Sentenced For Assault On A Law Enforcement Officer

CLINTON GLASPY

Clinton Glaspy, 33, of Clinton, Missouri, was sentenced to seven (7) years in prison by the Henry County Circuit Court for strangling a law enforcement officer.

Yahoo! Elks Mark 20 Years Of Tradition, Trips To Zoo

A FANTASTIC FIELD TRIP, Elks Lodge #1034 members took area students to the Dickerson Park Zoo where they set up tables and grills at the pavilion to provide lunch during the tour.

BY JENNIFER JACKSON
Staff Reporter

"I Spent the Day at the Zoo with an Elk" may sound like the title of a Dr. Seuss book. But for hundreds of students in Henry and St. Clair counties, it's a reality. They even got the T-shirt.

On May 3, Scott Humphreys and 25 members of the Clinton Elks Lodge took 184 students,

teachers and aides from four school districts on a field trip to Dickerson Park Zoo in Springfield. This is the 20th year the Elks has sponsored the field trip, which is for students who qualify for special services.

Scott is the youth activities chairman for Elks Lodge 1034 in Clinton, which started the annual zoo field day with 100 Clinton

School District students in 2003. It has grown to five school districts and almost doubled in participants. Each district chooses which students go, and arranges for bus transportation, Scott said.

The Elks Lodge reimburses the district for the transportation costs, pays for entry fees and zoo train tickets, provides everyone

with a hot lunch, and gives each student a T-shirt and a bottle of water and a box of animal crackers for the ride home.

"There is no cost to any of the schools," Scott said.

How it started: Scott was visiting his daughter's classroom at Clinton Middle School. He got to know the students well, **Zoo Day 3**

Have I Got A Line For You!

By James Mahlon White

Well, guess what? Swiss scientists found bones from a giant camel when they were digging in Syria. They may have discovered a new species of them. The bones seem to be from much larger camels than we have today, about as tall as a giraffe. There were more than 20 bones from different layers of rock, leading them to believe they lived in the area for thousands of years. Fascinating to think about and I remember a few years ago when we thought war was imminent with the Syrians.

The Donald's CNN Town Hall was a real barn burner. Some folks were upset at CNN for airing the interview. Afterward, a CNN anchor stated that people "Would be within their rights to never watch CNN again." UNBELIEVABLE! The idea that a news network can't interview the leading candidate of one party because they don't like him is ABSURD! The former President shot straight from the hip and said exactly what he was feeling and thinking. I don't always agree how it comes out, but find it refreshing. Anderson Cooper said he was shaken by the whole thing. No shock here. It was the first time he's ever been asked to be objective.

Daniel Penny, the former Marine who choked a man to death in a New York subway was charged with manslaughter last week. Penny stepped in when Jordan Neely was threatening passengers. Neely was arrested 42 times over the years. Most were minor charges. However, three were for unprovoked assaults on women in the subway. 42 arrests! I can't get my head around that. It's common sense that a person this disturbed would likely meet a violent end. I don't think Mr. Penny should be charged. He tried to do the right thing and protect others. It's what he was

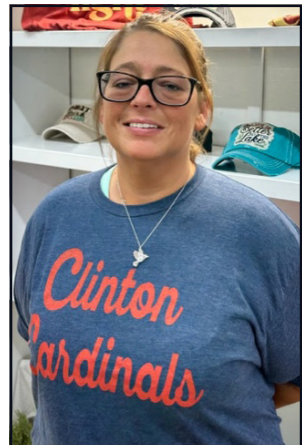

trained for. And I'm sorry for the state Mr. Neely found himself in. If I had the courage though, I'd have done what Mr. Penny did. Meanwhile, Alvin Bragg and the justice system in New York are straight out of the Marxism playbook. Persecute your enemies, release felons from prison, create chaos and destroy society.

Our world is moving faster and faster, with much awfulness and most of us don't like it one bit. Prayer and a sense of humor are about all we have. Hang in there and hold on tight old buddy.

Til Next Week: J.M.W.

paper bill and you don't want change — she doesn't want to deal with change or coins.

All the animals go up and down, but the project itself had to jump some hurdles. After buying two lots and having them surveyed, the workers found evidence of the previous building on the site -- when it was demolished, the pieces were buried on the lot. Someone who wanted the huge stones hauled off 25 truckloads of it, she said.

Next, Linda had to bring in gravel, which was an unexpected cost. In July of 2022, the concrete was poured, and Linda put her initials, LL, in it.

Linda had seen the antique carousel in Story City, Iowa, which is in an octagonal building, and knew that's what she wanted. Construction of the framework for the building started last October and was finished in late December.

"It was all my plan," she said. "It's what I envisioned."

They had a time getting the center supports up, she said. She had all the metal frame work powder-coated, she said, to minimize future maintenance. Then the brickwork for the walls was started, and doors and windows were installed.

The day after New Year's, the walk-in doors went in. In mid-January, members of the carnival owner's family came and installed the carousel, backing the central mechanism through the door.

The carousel didn't come with a sound system, so she decided to invest in one. They told her she could use a boom box, but she figured that since she had 'spent a dime' on the project, she might as well spend another nickel. For music, she contacted the operator of the Fort Leavenworth carousel, who sent her ten discs of calliope music.

Linda said she looked for a good book on carousels to guide her, but never found one. She put her own labor into getting the carousel ready, and spent hours scraping pieces of contact paper off the ovals that will hold mirrors.

"I was up that ladder five to six hours a day," she said.

She also bought 100 replacement bulbs for the small round colored lights that cover the carousel. The poles that hold the animals are painted in rainbow colors because Linda is active in leadership of the Rainbow Girls. The colors serve a practical purpose— if she needs to balance the platform, she can direct a rider to an animal on a different colored pole.

Linda applied for a permit from the Missouri Division of Fire Safety and Amusement Rides, and the carousel passed inspection. She visited carousels at the Columbia Mall, in Branson and in Oklahoma City, and developed a list of rules to deter any problems. Linda is putting up signs for the

behavior she's hoping to engender in the riders: Kindness and Respect, for the carousel and for each other.

Other safety regulations: Riders need to be suitably clothed — no wet swimsuits —and have on firm sole shoes, not flip flops or slide sandals.

People in Appleton City have been anticipating the opening of the carousel for months, she said, but especially since the lettering went up. She has received 40 photographs from people of their children riding the carousel, and one parent sent photos taken of their child at the fair on the same carousel animal two years in a row.

Starting Memorial Day weekend, the carousel will be open on weekends, Friday, Saturday and Sunday, from 4 p.m. to 7 p.m., through Labor Day.

Linda has roots in Henry County as well as Appleton City. She lives in a farmhouse on a hill west of Montrose, and can direct you to the original site of the dog-trot log cabin that was moved to the Henry County Museum grounds in the 1990s. It's close to the place where her great-parents settled in 1865, she said, and near the corner where Mt. Hope Church was built in 1880, and where Linda's club still meets.

Linda has the pier mirror and organ lamp her mother bought that were in the house that was built around the dog-trot cabin. Another historic note: Linda's uncle, Charles Lampkin, was the youngest presiding judge in Missouri in the 1950s.

In Appleton City, Linda is active in Appleton City Landmarks Restoration, Inc., which operates the Appleton City Museum and History Center, at 503 N. Maple, and restored and maintains the original Appleton City Library, the third oldest public library in Missouri, and the railroad depot, the last remaining depot on MK&T line.

For Appleton City's 2020 sesquicentennial, Linda compiled historic photographs and researched the history of the city's buildings. She has a photo of the building where the carousel is now, in the 100 block of the main street (4th Street), just past the city park.

Tin signs across the top of the building in the old photo identify the main occupants, the IOOF lodge and Herald Printing.

Down the street from the carousel, at the Appleton City librarian set up a gold carousel horse in the library window, and Ramona Swisher at 3 Wishes put her white unicorn in the window of her art gallery.

"They are welcoming the carousel to town," Linda said.

To get to Appleton City, take Hwy. 13 to the Montrose exit, then follow 52 west to the edge of Montrose and follow the signs south, then west, to Appleton City. For questions, call 660-476-5857 between 9 a.m and 9 p.m.

THE CAROUSEL has eight horses and 10 other animals.

THE CENTRAL MECHANISM required 11 feet of clearance, and went into its new home last January with less than an inch to spare, without having to take the air out of the tires.

ZOO DAY Continued from page 1

he said, and that's when he realized —some of the students had never been out of town, much less to the zoo. "They don't usually get out with their class," he said.

That first year, Scott arranged for the Elks to take Clinton students to the Kansas City Zoo. But the trip took too long and was so complicated, the Elks switched to the Dickerson Park Zoo on the north side of Springfield, an easier drive from Clinton and the school districts south of town. They have been happy with the choice, he said.

This year, the Clinton School District sent two buses of students, and the Calhoun, Montrose and Osceola school districts one bus each. Lakeland usually goes, he said, but had a conflict this year. The students are all ages, preschool through high school, and are accompanied by staff.

The drill: each school sets its own schedule when they want to arrive at the

zoo and start touring— Osceola usually arrives first, he said. Meanwhile, Scott and a crew of Elks and family members set up grills and tables in the pavilion, and prepare a hot lunch.

The zoo lets the students and staff go through the gate without stopping, Scott said, then afterwards, he gives them a list of the number of participants — this year totaling 184 — and settles up afterwards.

"They are very easy to work with," he said of the Dickerson Park Zoo staff.

Because it is the program's 20th year, Mike Crocker, the zoo director, came out and spoke to them, Scott said, thanking them for introducing students to conservation and wildlife protection. He also posted a photo of the Elks on the DPZ Facebook and a few years ago, the zoo published an article in its magazine about the program.

The zoo train was not working this year, Scott said, so they traded their train tickets to buy lettuce to feed the giraffes.

The giraffes and the monkeys are the students' favorite exhibits at the zoo, Scott said. The Dickerson Park Zoo has more than 500 animals representing 160 species, including kangaroos from Australia, tigers and elephants from Asia, and lions and giraffes from Africa.

The North American exhibit includes black bears and mountain lions, but Scott is not sure if it includes any actual elks.

The Clinton Elks Lodge youth program also sponsors a Little League team, softball and boys' baseball, and gives scholarships to high school seniors. Last Thursday night, at a concert by the middle school and high school jazz bands, the Elks presented a check for \$500

to Pat Miles, director of the Clinton School band program, to help buy a new sousaphone for the band. The Lodge also provided the room free of charge for the concert.

Scott's daughter is now 36, but is one of three people, counting himself, who have gone on the trip every year. Other Elks also bring their wives and family members.

And everyone —students, school staff, zoo staff, Elks and their families —enjoy it.

"It's a fun deal," Scott said.

Zoo Director Mike Crocker published a book last year, "True Tales from the Dickerson Park Zoo." Subtitle: "There's a Crocodile in the Bathtub!"

JD was a member of TOPS (Take Off Pounds Sensibly) for 32 years, even after she reached her goal weight she continued and enjoyed TOPS. JD and Janet had a TOPS tradition, they watched what they ate all week, then after weighing in every Tuesday their next stop was to get a doughnut or long john after all, they had a week before the next weigh in. JD had a never-ending love for jewelry, she enjoyed collecting it with her daughter in-law Linda, her sister Elva, and two of her favorite people Janet Taylor & Sheila Crain. They spent many days traveling from antique store to antique store hunting for the perfect pieces. As you can imagine she had an enormous collection. She stored her rhinestones by color, she loved all jewelry, but sterling silver and turquoise were amongst her favorites.

JD once said the biggest change in her life span was going from horse back to automobiles. She shared stories about her dad going into town via horse with saddle bags to get groceries they needed. JD was also amazed by technology, Krista introduced her to the technology of a "smart cell phone" at family dinners. From that point on, anytime you visited JD she needed you to look something up or play a particular song. She just could not believe something like this was possible. Then came Facetime, even though she was homebound she was able to visit her loved ones via Facetime. This was also something she was amazed about.

JD is survived by her daughter in-law, Linda Ridgway; one grandson Bret Ridgway (Cathy Ridgway); one granddaughter Krista Lutjen (Cody Lutjen); six great grandchildren; Austin Ridgway (Kayla Ridgway); Cole Ridgway (Carolina Ridgway); Cody Escalante; Chet Ridgway (Katerina Schroeder); Courtney Rotramel; Shaylee Lutjen (Spencer Ferree); two great great grandchildren; Rowan Eugene Ridgway and Rayni Dawn Fareebree; devoted niece, Janet Taylor (Gary Taylor); devoted niece Sheila Crain (Bob Crain) nephew JR Sapp (Sonjia Sapp) and many other nieces, nephews, and friends.

She was preceded in death by her parents Nancy and Edward; her husband Johnnie; her son Larry; her four sisters, Elva Wilson, Marguerite Kinney, Edna Hicks, and Shirley Sapp.

Funeral services were held May 5, 2023 at the Vansant-Mills Chapel, Clinton with Pastor Mark Abney officiating. Special music included "God On the Mountain, Face To Face and Amazing Grace" with J.R. Sapp as vocalist and Sheila Crain as vocalist/organist. The casket bearers were Paul Noble, Marty Kempe, Larry Smalley, Russell Hodson, Harold Ensor and Wayne Harms. Interment followed in Calhoun Cemetery, Calhoun, MO.

Services were under the direction of Vansant-Mills Funeral Home of Clinton, MO.

MARGARET ROYAL

Margaret Royal, age 98, of Clinton, Missouri, passed away Saturday, April 29, 2023 at Jacob's Ladder Care Center, Springfield, Missouri. Margaret (Reding) Royal was born April 13, 1925, in St. Mary's, Kansas. She was the third child to Joseph and Elizabeth Reding. She attended school in St. Mary's where she graduated in 1942. She played basketball while in high school and was known for her underhand-

ed shooting style from the free throw line. Margaret moved to Kansas City, Missouri at the age of 18 and took a job at the Kansas City Stock Exchange. After a few years, she moved back to Topeka, Kansas where she lived in a boarding house with her friend and roommate Vi. While there, Margaret and Vi were introduced to a young man named Raymond Royal. Both Margaret and Vi were invited to go out for the evening with Raymond and one of his friends. Since both girls wanted to be with Raymond, they decided they would have a foot race to the car to see who got to sit in the front seat with Raymond. Margaret won the race and, as they say, the rest is history.

Margaret and Raymond were married on June 23, 1945. To this union six children were born, Pat, Linda, Marilyn, Kenny, Bobby, and Tommy. The family lived in Rossville, Kansas and Topeka, Kansas during this time and Margaret took a civil service job at Forbes Air Force base in Topeka.

In the fall of 1965, the family relocated to Clinton, Missouri for Raymond's work in construction. With the Vietnam War ramping up, the eldest son, Pat, entered the Army and was sent to Vietnam in early 1966. The family was dealt a tragic blow when Pat was killed in action on October 2, 1966, at the age of 19. Pat was buried in Englewood Cemetery and Margaret has attended every Memorial Day celebration there for the past 55 years. Margaret was one of the oldest living Gold Star mothers in both Missouri and the United States.

Margaret was a devout Catholic and the Royal family attended the Holy Rosary Church. Margaret was active with the Alter Society and Ladies Auxiliary at the church. She was active in the local VFW.

On April 2, 1985, Raymond passed away and Margaret was left to be the guiding force of the family. She became involved in Hospice and was honored as the Volunteer of the Year in 1986. She spent several years as an election official in Henry County and enjoyed those times working with friends. Margaret remained active at Holy Rosary Church until her health no longer allowed her to attend in person. She was able to get out occasionally and loved going to Wanda's to get her hair done and catch up on the local news with the other ladies at the salon. She loved watching the Kansas City Royals and Wheel of Fortune. She would root for the Chief's, although she didn't understand football. She just knew if her kids cheered, she'd cheer!

Margaret loved her family and friends deeply and she loved the Lord. Margaret was preceded in death by her mother and father, Joseph, and Elizabeth, two brothers Ed and Gene, her husband Raymond, son Pat and one great grandchild, Nicholas.

She is survived by her daughter Linda (Jerry) Cochran of Clinton, daughter Marilyn (George) Wilhite of Clinton, son Kenny (Sherri) Royal of Clinton, son Bobby Royal of Clinton and son Tommy (Sherry) Royal of Springfield Missouri. In addition, she is survived by 9 grandchildren, 16 great grandchildren and 4 great-great grandchildren.

Margaret lived an extraordinary life full of love. The Royal family would like to express their deepest appreciation to everyone for their kindness during this time. As so elo-

quently put by a friend, "I can't help but feel that our earthly lives have been diminished by Grandma Royal's passing, and yet our fear of the hereafter is also diminished by the certainty that she will be there."

Funeral Mass was held May 6, 2023 at Holy Rosary Catholic Church, Clinton with Father Jim Taranto and Rev. David Mills officiating. Special music included "Amazing Grace, Be Not Afraid, Ava Maria, Shepherd Me Oh God, On Eagles Wings and How Great Thou Art" by organist/vocalist Tammy Templeton. The pallbearers were Shawn Wilhite, Jared Royal, Josh Royal, Jason Royal, Jeremy Cochran and Jamie Royal. Interment followed in Englewood Cemetery, Clinton, MO.

Services were under the direction of Vansant-Mills Funeral Home of Clinton, MO.

We extend our Sympathy and Christian love to the family and friends of Rev. Wanda Antwiler, Jane Adkins, and Mark Cloud who passed into the arms of Jesus this week. Others on the prayer list are Macayla and Jaden Hawkins and baby Kehlani, John and Marty Lloyd, Sharon Miller, Audrey's daughter Lisa, and the Burson family. We are asking for prayers for our church and congregation as we take a hard look at what God has in mind for us next. Just a reminder Lord, the wind continues to blow and we could use a nice gentle soaking rain.

Joys to celebrate: We were blessed with a good crowd for church this morning. We were pleased to Celebrate Mother's Day with the ladies of the church and remember special ladies in our lives. Special music was "Mama's Roses" by Ms. Verna. One of those special ladies is Lou Young, who celebrated her 89th birthday last week; we wish you Happy Birthday and many more. Shelby Bicknell announced the graduation of his nephew Clark G. Bicknell from Leeton High School. Clark is also the grandson of Carol Lane and has been a visitor here a number of times. "God Cannot Lie" was the title of the message this morning, using scripture from both old and new testaments, pastor gave us new insights into the meaning and hope the Bible brings to us. Both the books of Hebrews and John, we gain a new perspective of life in Bible times and the experiences people lived through. We are called to witness to the community and the world around us. We must be willing to be used by Jesus. He will never guide you wrong or leave you forsaken. God loves you unconditionally. God will never turn His back on you.

We thank each person for coming to worship here today. We pray that you received a rich blessing by being here and will come again. See you in church?

On Sunday, Pastor Pat Findley delivered his 12th message to conclude the Experiencing God series titled "Ending the Excuses". Pastor Pat used Exodus 4 to describe the excuses given to God when Moses asked Him to send someone else. When we make excuses, it tells us more about ourselves than the Lord. God assures us He'll give us what we need if we trust in Him. God cares more about our availability than our ability, and He always provides where He guides. The only question is: How will we walk it out? We should remember that God has us right where He wants us to be, and all we need to do is surrender to Him. What is your next step for experiencing God?

The Red Cross Blood Drive will be on May 18th & 19th. Vacation Bible School will be held July 16th-21st. Children's and youth camps are also approaching, and more information can be found at www.firstbaptistclinton.church. Celebrate Recovery is on Tuesday evening, beginning at 5:30 p.m. at FBC Vansant, for anyone with hurts, habits and hangups. Worship services are held at 8:30 a.m. and 11:00 a.m. For more information, please contact the church office at 660-885-2211.

We invite those without a church home to join us in worship of our Lord & Savior, Jesus Christ. First Baptist Church exists to fulfill the Great Commission (Matthew 28:19-20) by loving people into a growing relationship with Jesus Christ.

Our mothers make or have made sacrifices for us on a daily basis and too often we take them for granted. On Sunday, we celebrated them with flowers hoping to make each one feel as special as they are. A mother's love is unconditional. So is the love of our heavenly father. Through Him we can know love, live eternally and receive forgiveness. Helping to make the morning worship extra special our hand chimes choir played "O Love that Will Not Let Go" and our choir sang "Sing Joy! Make a Beautiful Noise! Rev. Gillard brought the message Asking for Directions: The Great Commission. Her text was Matthew 28: 16 - 20

Next Sunday we will have a guest speaker from the Pediatric Place. In 2023 a new autism center will be opened here in Clinton to provide physical, occupational and speech therapy. Mark your calendar so you will be here to learn about this new center that will provide much needed assistance to many.

The Naomi Ruth Circle ladies of the Presbyterian Women are at it again. This time they are asking us to donate tooth-

brushes for the Samaritan Center. It is surprising the quantity requested and distributed to those in need on a regular basis. Toothbrushes are an essential part of our daily health routine. Your help is appreciated for this mission project. Donations may be placed on the shelves in the foyer.

The "Children in Africa" project continues with several more dresses added to those already hanging in the foyer. Our talented sewers use their skills to create dresses and shorts for the children. Everything you need to sew these clothing articles is available in the foyer. Ask a Naomi Ruth Circle lady for answers to any questions.

Tai Chi classes continue here each Monday at 10:00 and 11:00 am and Wednesday at 10:00 am in our fellowship hall. Tai Chi helps strengthen your core and improve balance. Feel welcome to be a part of this group.

Come worship with us. You will find a friendly group of people greeting you. Mt. Calvary Apostolic Pentecostal

"We Need Courage While Serving the Lord".

Courage is the mental, or moral strength to withstand danger, fear, or difficulty.

The devil is sneaky and likes to work on the mind. We need to encourage each other in serving the Lord. The end times are coming and God tells us in his word what he will not put up with. People are doing these things and we witness it daily. 1Samuel 23:1-5

The Lord told David what to do but his men showed fear in verse three, thereby discouraging him.

Fear will cause you to disobey God, and lose your blessing. God told David the same when David inquired a second time.

When we trust God and remain faithful, it strengthens us in God.

God told Saul to destroy Amalek and everything in it, including the king. Saul was disobedient because he listened to his friends and kept back the best of the animals instead of killing them. He also spared the King.

1Sa 15:9

When Samuel questioned Saul's motives, he explained that he did obey, he was going to sacrifice the animals to God.

1Sa 15:22

If we aren't careful, we will be disobedient to God when we think we are doing something good. However, when God gives a directive, we need to follow it.

(1Samuel 15:3-33)

In 1Kings Ahab was ready to give all that the king of Syria demanded. Then he consulted with the elders, who told him not to consent to anything that the king demanded. Ahab sent word that he would not consent after all.

If it wasn't for the elders, Ahab would have given in out of fear. We have to be careful that we do not give in to the enemy. (1Kings 20:1-30)

When you win against the enemy, know that he will come back.

Mat 12:43-45. (KJV)

When you accept the Lord into your life, you will want to keep yourself strengthened in the Lord and have Holy Spirit dwelling in you.

Being a leper, Naaman expected Elisha to come out of his house, stand before him and call on God to heal him. Instead, Elisha told him to go wash in the Jordan seven times, and he would be healed.

Naaman didn't want to do it, but his servants encouraged him, and he went to the Jordan. He was healed.

(2Kings 5:9-14)

Some discourage and some encourage. Learn to listen to what God places on your heart. Encourage yourself and be obedient. God Bless.

Mt. Zion UMC

Pastor David's Mother's Day message. "Never Alone", was prefaced with a New Testament reading from 1 Peter 3:13-22, and a Gospel reading from John 14:15-21. The love of a mother is an "Agape"—unconditional—love. Agape is also the word used to describe God's unconditional love for us.

God's love, and the love of a mother, are powerful and incredible—willing to sacrifice whatever is needed for the benefit of our children. God loves us with that warmth of the first embrace of a mother—the pride of a father—and the fullness of an entire family, filled with admiration, hope, and guidance.

In our maturity some of our mothers have gone on to Glory, but Jesus teaches us that we are never alone. God—who loves us so much more than our mothers ever could—sent the Holy Spirit of Truth to be with us. It is through the Holy Spirit of Truth that we are able to know whether we are keeping the Commandments, and we come to return the love God has given us, and that our mothers taught us, to give back to God by loving God and our neighbor as ourselves.

So, remember, God loves you with a love that is far greater than a mother's love. You are never alone! Amen!

Urich Baptist

It was a beautiful Mother's Day as we gathered for worship service.

Clint Keeney rang the church bell. Mrs. Julia Klinefelter and Mrs. Cinasee Pollet led in the congregational singing with Mrs. Gail Perryman playing piano. Kevin Richeson and Clint Keeney collected the offering.

Scripture was read from Revelation 5: 11-14. The title of Pastor Chad Pollett's sermon was "Life Sermon of a Godly Mother." The scripture passage was from 1Corinthians12: 12-20. In this passage we are reminded that 'Many hands make light work.' As caring Christian people we must be willing to step up and help with work. As our body has many parts, our church(a group of believers) must come together for strength, help, and for whatever is needed and necessary.

Working together is necessary for all aspects of the church ministry and in sharing the Gospel. We all are blessed with many opportunities to share God's gifts anyway we can. Have a blessed week and share some blessings.

Valley Center United

Strengthen our commitments that all our days might be filled with faith and service.

What a beautiful day to come worship here at Valley Center! We received the much needed rain this past week and the birds were happily singing and the prairie flowers around the church are in full bloom!

Congratulations to John Neuenschwander who is graduating from Lakeland High school! We are so proud of him and all of his accomplishments over the years. And we appreciate him here in our church as well, he is always there to help and do what needs to be done. We wish him the best as he begins the next part of his life.

As humans we protect ourselves, we are often on guard. We develop a "fight, flee or freeze" mode. It is understandable to want to protect ourselves, but instead of these reactions, many people show empathy and they lend care to those in need and have a loving affirmation toward others.

Jesus used this loving and affirming mode as he traveled. His "All about love" showed his followers that they were clearly in the presence of the Holy Spirit.

Today, we have the same opportunities as in Jesus' day. We can be on guard and make quick assumptions of who people are or we can let go and be more open and affirming.

This empathetic attitude is something to be nurtured. To be curious, rather than judgemental and to be able to let go and reach out to others and see their value, is following Jesus.

God has anointed us to bring good tidings to the afflicted. Jesus reveals his love to us, which renews and sustains us. He sees our value and affirms his love for us.

RAIN OR SHINE,
day or night, in good times and bad, just like family or your closest friends, we are here in your time of need.

Medical Records, Human Resources and Administration, and we appreciate all she does, according to the Hospital's post on Facebook and the Chamber shared that post.

From the Clinton Main Street page on Thursday of this week; Yesterday, Clinton Main Street hosted area 4th graders to celebrate National Historic Preservation Month. They went on a historical walking tour and learned the history of our downtown, as well as why it's so important to preserve it. Students learned about the Bandstand, the Humane Fountain, the 9/11 Memorial, "They Stood Tall" monument, and ended at The Dog Trot and Schoolhouse. Fun was had by all, and we hope these kids gained a sense of pride in the history of their town! Thank you to the Henry County Museum, Clinton, Mo. for all their help in facilitating this day, as well as our amazing board members and David at the Greater Clinton Area Chamber of Commerce for going above and beyond to make this a great day for the kids. Thank you Clinton Intermediate School and Holy Rosary Catholic School for letting us host you!

Family member or friend: "I got you something I think you're really going to like." Graduating Senior: "What is it?!" Family member or friend: "A Clinton Chamber of Commerce gift certificate!" Graduating Senior: "You're right. It's EXACTLY what I wanted!"

Announcer: "Get your certificates Monday-Friday from 8am till 4:30pm at 200 South Main St. Call ahead; 660-885-8166." Graduating Senior: "Thanks family member or friend."

C.H.A.R.T. is hosting its 1st Annual Healthy Communities Golf Tournament this Spring (June 17 @ Meadow lake Golf Club Clinton MO). We are looking for sponsors to help reach our event goal of \$30,000, which will be used to assist Henry County Schools by paying off students' outstanding lunch account balances and purchasing supplies. For the current school year, those expenses exceed \$30,000, so your donation will significantly help our community by allowing lower/middle income families and all eight school districts in our local area to worry a little less about meeting these needs. All donations are welcomed and appreciated. For any donation over \$150.00, you or your organization will be noted on a hole sponsorship sign and receive recognition at the tournament and on social media pages. If you have any questions, please do not hesitate to contact me, Tyler Pulcini. I would be more than happy to provide you with additional information about how you can support our community efforts. If you wish to contribute, please contact us at 660-223-3210

You can be 'Featured', BUT YOU DON'T HAVE TO BE IN FRONT OF THE CAMERA. READ MORE HERE: You want your business to be featured but you don't want to be recorded. We can do that with pictures and a story. 'Featured with David Lee'. If you are a Chamber member, you could be 'Featured'. The Facebook posts feature an interview and photos of area businesses. Once a week for a month, the 'Feature' was brought back to the top of our Facebook page. After a month, of course it will still be on our Facebook page. HOWEVER, we realize not everyone is comfortable in front of a camera being interviewed. So, David can come to your business, take some pictures and you can tell him what you would like the Chamber to say about your business and we'll include that info along with the photos. We will post these photos along with your information on the Chamber's Facebook page and update it on our page once a week for a month. So contact us at 660-885-8166 or email david@clintonmo.com. We are also still recording the videos as well if you would like to do that. It's just another service of your Clinton Chamber of Commerce.

THE BIG AND SMALL OF IT ALL, Tyrone (Muggsy) Bogues, at 5'3" and Manute Bol, at 7'6", were once the shortest and tallest players in the league and teammates on the Washington Bullets (now the Wizards).

The Ball Doesn't Know . . .

Does body style/size matter in sports in general (man or woman)? Dedication in any human endeavor is the bottom line, but sometimes certain physical attributes seem to dominate some sports. No one would deny that height in basketball and size in football are huge factors in one's potential for success, but not always. Pure grit is always there. Following are some athletes that overcame their lack of height or size to become outstanding in their chosen sport.

Basketball: I always think of basketball's Muggsy Bogues. He was 5'3" and rose to be a very good player in the NBA. Plus, Muggsy (Tyrone) grew up under very tough circumstances. His heart and his desire to succeed was fueled by a mentor that showed him his small size was, as they say, "just a number". So even with the average size of NBA players being 6'7", Muggsy's mentoring and heart trumped his size.

Golf: Even in golf, the "bigger, stronger" approach is out front, and for good reason. But, it is not always the main determining factor for success. I love the saying, "The golf ball does not care how big you are". Tad Fujikawa, born in Hawaii, at 5'1" is an active pro that has won six tournaments to date. He overcame being born premature at 1 pound 15 ounces, with many potential health problems. Hard to believe, but at the age

of 15, he became the youngest player to qualify for the U.S. Open. Again heart trumps size. Did you know that one of the best golfers of all time, Gary Player, is only 5'6"? He certainly played big. Even the almost mythical Bobby Jones was only 5'8".

Football: Football is, of course, famous for its big and strong players. I remember big Christian Okoye (the Nigerian Nightmare) at 6'1" and 260 pounds running over defenders. Great fun right? But look these guys up: Jack "Soupy" Shapiro (5'1"), Trindon Holliday (5'5"), Darren Sproles (5'6"), Tarik Cohen (5'6"), Maurice Jones-Drew (5'7"). I am sure you remember Barry Sanders (5'8"). How about the 5'9" wide receiver, Steve Smith? The very tough Wes Welker is only 5'9". The football position that seems to demand height is QB, but we still have Kyler Murray at 5'10" and good ol' Doug Flutie was also 5'10". Even though being big is a huge advantage in football, heart and dedication are always fighting to be first.

Baseball: Baseball players have gotten 'bigger and taller' over the years, but the sport is still open to the small guys. Here are a few: "Wee Willie", Keeler the 5'4" Hall Of Famer; Freddie Patek, the 5'5" beloved KC Royal; Rabbit Maranville at 5'5" was a shortstop for 23 years with 2,600 career hits; Phil Rizzuto the 5'6" defensive Wizard for the Yankees; Joe Morgan at 5'7" was a HOFer with

Revolution FC United Finishes Season, Takes 2023 Nutmeg KC Tournament

MEMBERS AND STAFF of the Revolution FC United soccer club of Clinton recently completed a stellar 15-1 season, including taking the championship of the 2023 Nutmeg KC Tournament. The team is coached by Jason Goth.

Revolution FC United won the 2023 Nutmeg KC last week to bring in the first place trophy.

Revolution FC was established to promote and enhance the soccer culture in the Clinton area with the objective of providing a positive soccer experience for youth players at a competitive level.

The primary vision of Revolution FC is to provide players with soccer programs that teach fundamentals and encourage player development in a fun and challenging atmosphere. To achieve this goal they will make every effort to ensure that well-educated coaches develop the skills, fitness, teamwork and sportsmanship and to foster and perpetuate these qualities at all levels of their soccer growth. Revolution endeavors to empower their players with a life-long passion and love for the game of soccer.

Revolution FC values

teamwork, sportsmanship and teaching the importance of integrity.

At Revolution FC, it's understood that through team activities they are encouraging individuals to perform in group settings, growing self-confidence and creating future leaders that will transcend soccer and help their players in everyday life. The foundation of Revolution FC is built on taking responsibility for one's actions and always showing respect for others.

An interview was conducted with Head Coach Jason Goth. What he has to say about the team is posted below.

OS: When starting out this season did you think that with the group of boys you had it was in your grasp to achieve first place at the Nutmeg 2023 KC Tournament?

JG: Our team embraced the process of working hard, practicing, and developing our skills to become

better athletes and smarter players. We focused on our goals, and we worked together to make them happen. With our solid plan, well-crafted strategies, and exceptional teamwork, we were confident that we had what it takes to come out on top!

OS: Talk about you and your assistant coach, what do you all do to build not only a team bond but an extremely successful club ball team?

JG: Kody Maurer and I are the dynamic duo that makes our team culture positive and fun! We encourage open communication, respect, and unity among our players, while also developing their skills, tactical awareness, and game strategies. It's a winning combination!

OS: What was the goal at the beginning of the season, was it to take the Nutmeg 2023 in KC or less?

JG: Our goal was to help our players become bet-

ter athletes and people by developing their skills, teamwork, decision-making, and problem-solving abilities. Winning the Nutmeg 2023 tournament was a significant ambition, and we worked hard to get there. We encourage our players to work together, support each other, and overcome obstacles. We're thrilled with the progress they made throughout the season!

OS: What about team morale? Do you have a following besides just parents and direct family of the kids on your team?

JG: Creating a positive and supportive environment is crucial to our team's success. We believe that good team morale is the foundation of this environment, which is why we always strive to build a following amongst fans, the school, and the community to support the team. We also encourage parents

Bose Not Done Yet, Heads To State For Clinton Golf

Recently, Clinton golf coach Thomas Collison was interviewed about end of year golf results, what he had to say about the season is below.

"CHS Golf started off the year with a tri with Harrisonville and Saint Michael ArchAngel at Hoots Hollow in Harrisonville," Collison said. "This was a great first test for the team, as they worked out the rough edges of their games. CHS beat Harrisonville by 15 strokes and narrowly lost to Saint Michael by 5 strokes."

The team then traveled to the Grain Valley Invite and put their skills up against the best golfers in Kansas City, MO and Kansas City KS. The team played well against their competition but failed to take home any trophies or medals that day.

Collison said, "It was a great experience for all the players. We then held our first match of the year at Meadow Lake Country Club with Oak Grove and Center. Once again the kids put on a great demonstration of golf defeating Oak Grove by 25 strokes and Center by 35 strokes. Making us 3-0 in Conference play."

The following week was brutal for the team.

"On Monday April 10, we played at the Smith-Cotton

Classic at the Sedalia Country Club. The boys didn't play as well as they wanted to, James Peoples started off rough but battled back to shoot an 88, some of the best golf he has played all year. Each one of them continued to dig in and play the best they could."

On Wednesday, April 12, the team traveled to Lake Valley and played in the Laker Invitational.

Collison said, "This was a challenging course for the team. The team went up against absolutely the best golfers in the state of Missouri. The team was tired after two days of hard golf, and welcomed a little break."

The following week the team traveled to Warrensburg Hidden Pines Golf Club and played against the Warrensburg Tigers.

"The team won another Conference match beating the Tigers by 5 strokes 181-186, making us 4-0 in Conference play."

The team traveled to Pleasant Hill and played at The Rock against Pleasant Hill and Odessa.

"All the players played extremely well there, but Pleasant Hill proved to be too good and won by 20 strokes handing the Cards their first Conference loss of the year. P-Hill had a

141, Clinton 180, Odessa 210. This was a tough loss for us, but I felt really confident that we can improve and play better. Our next match was against Weaubleau, we played one day at Clinton Country Club and one day at Meadow Lake Country Club. The golfers on both teams had a great time both days. I hope to make this a much larger tournament in the years to come. I was very disappointed that only 1 school showed, but I have a great plan to get more teams here next year," Collison commented.

On May 1, the team played at the Conference Championships at Mules National Golf Course in Warrensburg.

"I was excited going into the play knowing that we had beat our competition in previous matches. However we did not get the strokes we needed to win and ended up placing 5th in the conference," Collison said.

The Class 3 District 3 championships were played in Cassville on May 8.

"The boys played some

10 All-Star selections; Yogi Berra, at 5'7", was the long-term anchor for the Yankees, and I always liked Kirby Puckett at 5'8". Our latest, short-but-great is Jose Altuve at 5'6". In MLB, most are tall, but not all. I always root for the "underdog" or "outlier", and sometimes they are undersized.

Soccer: Soccer is still known for its diminutive star players. Many internationals have been 5'1" to 5'3". Being tall around the goal can be an advantage, but the very talented small guys are still getting the job done. The famous Maradona was 5'5". Size in soccer is best summed up with one word, "Messi". He is 5'6". When Messi was a boy, because he was so small, a pro club actually paid for his hormone therapy. He showed them all. He is the epitome of SOS (Skill Over Size).

Hockey: The NHL, like football, is a size sport, but the undersized guys, especially goalies, have a role. For example: Brad Marchand 5'9", Johnny Gaudreau 5'9", Alex Debrincat 5'7", Mats Zuccarello 5'8", and Nathan Zube 5'4". I am not a real NHL fan, but the three players I do know; Gordie Howe, Wayne Gretzky and Bobby Orr, are all 6 foot, (average for the sport).

Other Sports: There are clearly some sports where being small is almost required. Pro Bicycling is a small-person sport. Gymnastics is for small folks. Jockeys are small, of course. Some sports handle size by having multiple weight divisions like boxing and wrestling. Tennis is often for the taller folks, but not always. Do you remember Michael Chang 5'9", Rod Laver 5'8", and Diego Schwartzman 5'7"? Even John McEnroe was average at 5'11". Ten-Pin Bowling has few size restrictions. Dick Weber, his son Pete Weber, Norm Duke, etc were all small men, but great bowlers. The moral of the story is: Heart and Determination often trumps size. I am 5'11", but they say I am shrinking, right? Until next time.

and families to be involved and provide constructive feedback and suggestions on how we can improve the team. With everyone working together, we can

achieve great things and help our players reach their full potential.

OS: What would you say was the team's hardest battle to overcome this year on or off the field?

JG: We faced a daunting opponent this year, an Oklahoma team that was a regional powerhouse. They had a size and experience advantage over us, which made it challenging for our players. However, our team showed incredible resilience and determination, and we devised a new game plan at halftime to counteract our opponents' strengths. In the end, we executed our tactics with precision and came away with a tie in the final seconds of the match, sending the crowd into a frenzy. This was a testament to our team's hard work and dedication, and we're thrilled with our players' performance.

OS: How long have these athletes played together? What is your main goal for this team?

JG: Most of these players have played together for two to three years now. Our primary goal as a team is to help our players develop a love for the game, maintain a good balance between academics and soccer, and prepare them for high school. We want to ensure that they are technically and tactically skilled enough to compete at a higher level while also supporting their personal development. As they move up into high school, we hope that they will continue to grow and become successful both on and off the field. This is an integral part of our team's philosophy and we're proud to have such a dedicated group of players who embody these values.

OS: What was the team's record this year? Were they undefeated?

JG: We had an amazing year and went 15-1 during our regular season. We also beat teams from 3 different states, and to top it off, we won the 2023 Nutmeg KC Tournament! This was a great accomplishment for our team and we're proud of their hard work and dedication.

OS: Tell me about what drives you to do this for the team? Is it to build better soccer skills, or is there something more behind it?

JG: As a coach, I'm driven by seeing our players grow and achieve success both on and off the field. My goal is to help them become better individuals, develop their leadership

skills, and prepare them for life. While soccer skills are important, we also want to instill values that will guide them through future challenges. In addition to this, I believe that a good coach should help their players with cognitive development, so that they can learn to think critically and make better decisions both on and off the field. Coaching this team is more than winning games; it's about helping our players become better individuals in every aspect of their lives.

The team finished 7th out of 16 teams scoring a 377 for the round.

SENTENCED
Continued from page 1

as the defendant, Clinton Gaspy. After the deputy made initial contact with the defendant in a nearby field, Gaspy ran on foot. The deputy pursued Gaspy, eventually catching up with him in a cornfield across Missouri Highway 7 from Hobbytime. As the deputy attempted to detain Gaspy, the two fell to the ground, and Gaspy was able to get on top of the deputy. Gaspy then began strangling the deputy. Their positions were such that the deputy could not retrieve his firearm. During the struggle, the deputy could not breathe, but was eventually able to bite Gaspy's hand, which allowed him to get free of Gaspy's grasp. The defendant then took off on foot again. Gaspy was located by the Henry County Sheriff's Office and Clinton Police Department hiding at a residence in Clinton the following morning. Trial had been set earlier in 2023, but in February the defendant changed his plea to guilty for assault in the second degree with a special victim (law enforcement) and felony property damage for the damage caused to ten or

more ATVs at Hobbytime. The minimum sentence for assault in the second degree when it is a special victim is five years in prison, with a maximum sentence of fifteen years. A sentencing hearing was held on May 9, 2023. Prosecuting Attorney LaChrista Gray argued and presented evidence on behalf of the State. The defendant presented evidence and argument through his counsel. The Court heard from the deputy, who believed he was going to be killed by the defendant while he was being strangled. The Court also heard from Henry County Sheriff Kent Oberkrom, who testified that this event has impacted his office and deputies. Several deputies from his office attended the hearing in support of the deputy involved. Sheriff Oberkrom added that the deputy would have been justified in using his firearm had he been able to retrieve it. At the hearing, Prosecutor Gray requested that the Court sentence Gaspy to the maximum sentence of fifteen (15) years and the defense requested probation or a small number of years. After hearing from both sides, Henry County Circuit Judge M. Brandon

Baker sentenced Gaspy to seven (7) years in the Missouri Department of Corrections on both counts with the sentences to run concurrently. Because the sentences are to be served concurrently, the defendant will not serve any more than seven years. His time in prison will count towards both sentences. The law requires the defendant to serve a minimum of eighty-five percent of the seven-year sentence as the assault is considered a dangerous felony, but he will also receive credit for the time he served in the Henry County Jail. Prosecutor Gray stated, "This deputy's service and sacrifice to the Henry County community cannot be overstated. Unfortunately, our law enforcement officers face incredibly difficult and at times impossible situations. Our community is fortunate to have officers like this deputy, who even while being held on the ground, continued efforts to deescalate the situation. His actions and quick thinking saved his life and our community a tremendous loss. My office will continue to prosecute cases involving the assault of our law enforcement officers to the full extent allowed by law."

kickoff, June 3, starting at 10 am. The 30-minute show, "Super Friends to the Rescue," illustrates this year's Reading Program theme, "All Together Now." "The performance is about how everyone has a super power," Ryan said, "and when we come together, we make more than the sum of the parts." The kick-off party, which is free, goes through 1 p.m. Activities include a 150-foot inflatable obstacle course for all ages, which has obstacles to jump over, crawl under, or go through, Ryan said. "You run it as fast as you can, and can challenge your friends' time," she said. There will also be a bubble place with a bubble machine, where kids can play and dance in the bubbles, and sidewalk chalk for those whose interests lie in the visual arts. The June 3 Kick-off will include a sign-up for the Summer Reading Program, which goes through July 29. For every 60 minutes that children in 0-5th grades read, or are read to, they will be entered in a drawing to win prizes. Older students read 130 minutes for each entry. Participants keep track of

how many minutes they read on BeanStack, (henrycolib.beanstack.com). A calendars of activities throughout the summer will be given out at the Kick-Off -- story time on Tuesdays, teen events on Thursdays, and family events on weekends. The library is partnering again this year with the Henry County Historical Society Children's Corner to bring a free puppet show to Clinton during Olde Glory Days. This year's show, on July 1, is by StoneLion Puppets of Kansas City, and is the story of a friendship between a caterpillar and a lady-bug. There will be two performances, at 1:30 p.m. and 2:30 p.m. on Saturday, July 1, 2023, at the Henry County Museum Annex. The Missouri Arts Council co-sponsors the puppet show. The Summer Reading

End-of-the-Program Party is August 5, when there will be drawings for bigger prizes. You do not have to be present to win, Ryan said. The program and events are free. The library will be putting up decorations illustrating the "All Together Now" theme, Ryan said, which promotes kindness, friendship and unity. Last year, more than 200 readers signed up at the kickoff for the Summer Reading Program, with a total of 400 participating, Ryan said. "We're hoping for at least 400," she said. "This is a big event. It keeps us going all year." The Henry County Library in Clinton is located at 123 E. Green St., Clinton, Mo. 64735, on the corner of Second Street (Business 13) and Green, two blocks east of the Square.

The Shepherd Calls

by
Dr. H. Wade Paris

WHAT JESUS SEES IN US

While sitting at a banquet table, a couple passed by; and I heard a lady behind me say loudly, "I'll never know what he sees in her." That made me wonder what people see in me or, more importantly, what does Jesus see in me?

The ministry of Jesus was growing. He would need help. He could not deliver God's message to the entire world alone. He chose twelve men to be his helpers, his disciples. If we had been there, we might have shuddered at His selections. They were a motley group--fishermen who may very well have been unable to read or write, a

Zealot (one who hated the Roman rule so much He believed it was okay to murder them) and who would have hated the tax collector, Matthew. William Barclay said, "If Simon the Zealot had met Matthew anywhere other than in the presence of Jesus, he would have stuck a dagger in him." Jesus' wisdom in choosing this group could be seriously questioned.

Anyone who has ever worked with groups knows how difficult it is to keep even a friendly group of twelve people focused and united. As one might expect, the disciples were not only different, but they also had personal difficulties. The brothers James and John sought to finagle the left and right seats beside the throne in Jesus' new kingdom. As you might expect, this did not sit well with the other disciples. That whole affair proved the disciples had no idea about the nature of Jesus' Kingdom. Judas was so displeased with Jesus' Kingdom con-

cept he became a traitor and then killed himself.

Despite all these differences and difficulties, these disciples led a Jesus movement that turned the world upside down. Ten of the twelve died martyrs' deaths. Peter, who rose to be the leader of the group, was joined in the ministry by his wife. The two of them were martyred together in Rome. Peter was forced to watch his wife being slaughtered and shouted words of encouragement to her in the process. Then, he was crucified upside down.

These were the same men who hid in an upper room during the crucifixion of Jesus. In answer to one's doubts about Jesus' selection of disciples, we must say Jesus saw this courage and character in them when no one else could. Jesus saw something in these men that others could not see. That leads me to ask, "What does Jesus see in me? What does He see in us?"

Poem About Birds

A Goldfinch on a feeder,
A Chaffinch on the ground,
A Blue Tit in a bird bath,
Having a splash around,
Sparrows in the hedgerow,
Blackbirds down below,
Walking around the field,
A solitary Crow,
Birds off in the distance,
Sitting up in trees,
Birds swooping through the sky now,
Whilst catching bugs and bees,
We sit and watch them soaring,
And sometimes wonder why,
It's us stuck down upon the ground,
And birds that get to fly.
