Great People, By Nature

MAYOR CARLA MOBERLY

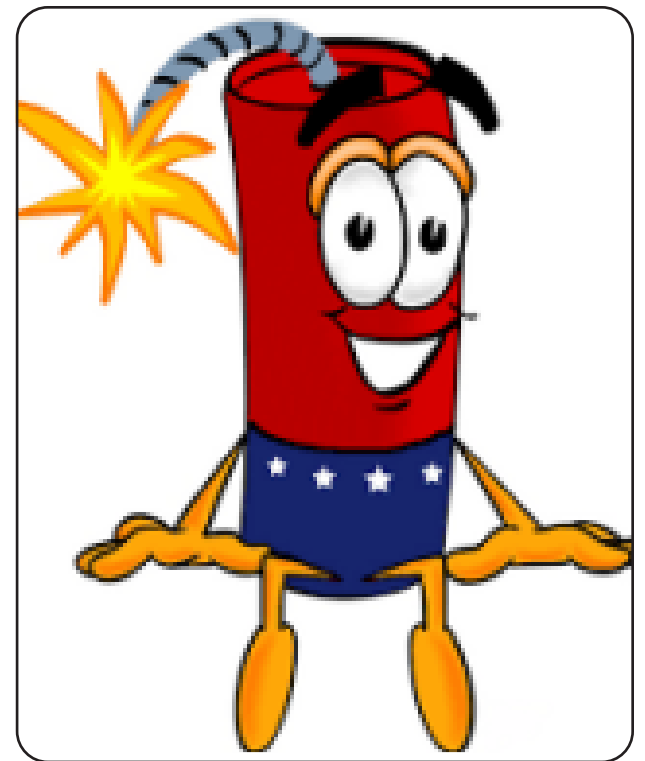

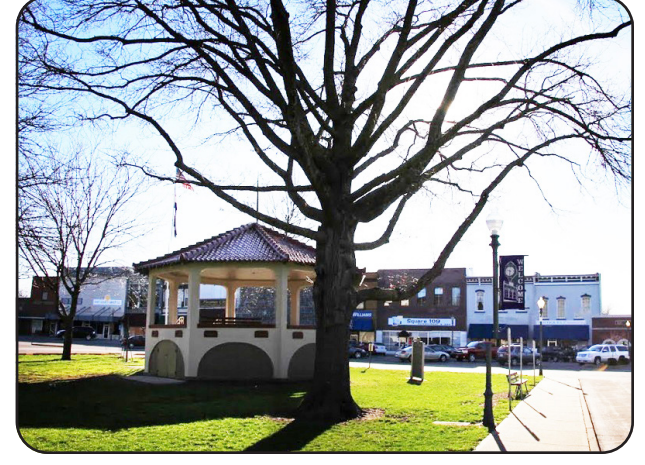

Dear Community Members,
My first year as Mayor has gone by quickly. There have been projects that were completed this past year that began several years ago, others are still in progress and others were recently initiated and will soon be underway. The Artesian Pool Re-

hab Project began in November 2021 with the passage of a 5-year 1/8% Parks Sales Tax. Phase I - Pool Interior was completed in time for the 2022 season. A composite surface system, with a 25-year warranty, was installed in the main pool and the children's pool. Phase II - Pool House Remodel is nearing completion. The 1974 structure has a redesigned, contemporary layout and a fresh appearance. It will be completed in a few weeks, for the 2023 season. Phase III - Parking Lot Improvements will begin at the end of the 2023 pool season. Admission fees for the pool have been deeply discounted during the life of the tax.

A ¼% Fire Protection Tax was approved in April 2017 to purchase four new fire trucks, other vehicles and various types of equipment. As promised, an aerial truck and a pumper truck have already been purchased. The third truck, a pumper, is scheduled to arrive in mid-June. The fourth truck, a pumper, will be ordered in FY 27-28. New fire protection gear and breathing apparatus have also been purchased. The city has been awarded \$44,942, in ARPA/Public Safety Grants, from the MO Dept. of Public Safety. The city is required to provide an equal amount in local funds. The Fire Dept. will purchase a cardiac monitor and a digital fire extinguisher trainer. The Police Dept. will purchase new protective plates for officers' armored vests. The city council designated \$92,000 in local ARPA funds for the Hurt Park Improvement Project, which consists of 2 new shelter houses with metal roofs and new concrete pads, con-

crete sidewalks from the parking lot to the shelter houses, a metal roof on the restroom, new restroom fixtures and a new slide. The construction contract has been signed and work will soon begin. Later this summer, the Downtown Square and adjacent streets will receive an application of approx. 40,000 s.y. of seal coat and new striping for parking spaces. The new striping plan will provide parking spaces that are 1-foot wider than the existing parking spaces. The city has been awarded a \$70,800 Urban Conservation Grant from the MO Dept. of Conservation. An Urban Conservation Area will be developed at Antioch Hills Park. The project will consist of 1+ miles of natural surface walking trails, an ADA accessible parking lot and trail section, wildflower and monarch gardens on a 30-acre tract. The city is required to provide an equal amount in local funds or in-kind donations. The project is scheduled to be completed by the end of 2024. These are just a few of

the exciting things that are going on in the city of Clinton. As always, feel free to contact me, Council members or city staff to discuss projects or to find out ways in which you can be involved in our community!

Zach Ketner - General Manager

Everhart's Outdoor Store has a long-standing tradition of family, hunting and fishing. I am very proud to join that tradition back in November of 2022 as the new general manager of Everhart's Outdoor Store. I have been in retail management for just over 20 years and have a passion for being a part of the community and helping everyone enjoy what they do. This is my first experience working in a small business running the day-to-day operations and ordering for Melissa as my other roles were in the "big box" corporate retail environment. To tell you the truth I am enjoying this opportunity much more because I get to be involved in every aspect of the business. My wife, Melissa, and I have two children Addison and Logan that both love to be outdoors. Most of the regulars have met me and know that I am committed to helping Everhart's be a strong member of the community and be here to serve and help everyone enjoy the outdoors for years to come. I look forward to working with everyone and with the help of all my great and passionate experts Everhart's is ready to keep honoring its tradition.

Clinton Chamber of Commerce

No matter if you live in Clinton or if you're from out of town, The Greater Clinton-Area Chamber of Commerce welcomes you to Clinton, MO... Great People, By Nature. Clinton is located at the intersection of MO Highways 7, 13, 52, and 18...one hour southeast of Kansas City, one and a half hours north of Springfield and west of Columbia, and two hours east of Topeka, KS. The Historic Downtown Square, the largest square district in MO, offers a Victorian setting making you feel like you took a step back to the 1800's. Browse through shops, where you will find jewelry, clothing, quilting supplies, a book-

store, restaurants, the visitor's center and an array of gifts. Our award-winning Henry County Museum and Cultural Arts Complex, located in an old Anheuser-Busch building, takes you back in time and is worth seeing. In the middle of it all is the Henry Co. Courthouse, which dates to 1893. As you soak in the small town atmosphere, don't miss the Memorial Bandstand, the Soldiers Memorial, the 9/11 Memorial and the granite Historic Fountain that was donated to Clinton in 1911 by the Human Alliance Foundation. Since Clinton is locat-

ed on Truman Lake, it is a tourist destination for those interested in outdoor sports such as boating, hunting, hiking and fishing. Other outdoor activities in and around Clinton include camping, golf, bicycling and more. Olde Glory Days is Clinton's 4th of July celebration featuring music, food, parade, carnival, games and more. Clinton offers Cruise Nights from May through Oct., wine stroll, and quilt walk just to name a few. Artesian Park has a pool, 18-hole disc golf course, ball fields, walking trail, playgrounds, shelter houses, tennis courts, horse shoe pits and an amphitheater. The Community Center offers courts, weights, track, exercise, indoor pool and a new "inclusive playground". Clinton features three outstanding hotels: Hampton Inn, Parkfield Inn and Westbridge Inn. The Clinton Chamber promotes economic development through the attraction of new business and industry and the retention of existing businesses by providing the resources that en-

able and advance the general well-being of the community. Our vision is to be the catalyst for economic growth within the greater Clinton area. **H&C Plumbing & Electrical
24-Hour Service Calls**

In an effort to better serve their customers, H & C Plumbing & Electrical has recently added to their field staff to provide more prompt and timely service.

Heath Cunningham, along with wife Megan, have owned and operated H & C and have been catering to the plumbing and electrical needs of Benton County and the surrounding areas for over 20 years.

However, entirely family owned, demand for the area's needs recently rose, so while Heath was once able to keep up on his own and or with minimum help, that increase has allowed him to bring on more staff.

Lead technicians; Bob Rodgers, Chase Steiner, Mark Beckler, Dustin Perry and Russ Brockman and service techs; Gage Whitaker, Devon Boul, and James Kellner. Cindy Bayless is the friendly voice of H & C. With just a simple phone call, she can an-

swer many questions that you might have, but if not, she will always get the answer for you. She also takes care of all scheduling for the crews, estimates and quotes.

From industrial to commercial to residential, Heath and his crews can facilitate any needs for general service to construction of new home or buildings.

H & C can also accommodate any requests in regards to kitchen and bathroom remodels, drain cleaning, generator installations, septic locations, water heaters and water softener installation, electrical ser-

vice upgrades and dock inspections.

They also have a drain snake camera to locate any hard to find clogs.

A new service, in addition to plumbing and electrical for H & C is mini-excavator and Skid-steer work.

For a free estimate or to schedule an appointment, call the H & C Plumbing and Electrical office at (660) 428-2371.

They're located at 924 East Main Street behind Twin Lakes Towing and across for Beth's Osage Mini Mart.
