## Clinton SFCC Director Marks Major Milestone

BY JENNIFER JACKSON  
Staff Reporter

A man came in the front door of the State Fair Community College-Canton building recently. He was on his way home from work, he said, and stopped by to find out about classes and programs offered there. Learning that he had always wanted to go to college, Dara Bigler and the front-office staff talked to him about programs, and showed him how to apply.

While he was filling out forms, he called his mother on his cell phone, and told her he was applying for college.

"She was so excited that her son was going to college," Dara said. "I went over to him later and told him, 'This is why we do what we do.'"

It's what Dara has been doing ever since State Fair Community College, based in Sedalia, opened a Clinton branch in 2003. Last week, co-workers held a surprise party for Dara to mark her 20 years as director of SFCC's Clinton campus.

The party was held in the Truman Regional Educational Center, 1701 N. Second, where SFCC-

A STATE OF THE ART Surgical Tech Lab is a highlight of the SFCC Clinton campus where Dara Bigler has been the Director for 20 years. Bigler said students use a dummy with interchangeable parts in conjunction with the new Surgical Technology Program.

Clinton moved in 2010. But when Dara started the branch, classes were held at Clinton Technical School at 5th and Wilson, she said. The first classes were offered through ITV, Interactive Television, where the instructor is in one location and the class is broadcast in real time to students in other locations. "We joked that we had six ITV classes and 12 students," Dara said.

Since then, the State Fair campus in Clinton has served more than 4,000 students and offered more

than 2,000 classes. It is now located in a 22,000 square-foot building across from Golden Valley Memorial Healthcare.

From those first classes, programs have grown to 10 associate degrees, plus students can take online classes at other SFCC locations. The largest number of students are in health sciences, Dara said, with three associate degrees and two certification programs.

"We can get you job-ready in two years," Dara said.

Degrees include an

Associate of Applied Science in Nursing, which prepares students to sit for the RN certification exam. Students can complete the degree in two nine-month semesters, Dara said. The format is hybrid — students can come to campus for lecture courses, or attend class online, via Zoom.

"SFCC's Nursing Program front-loads the critical-nursing skills classes," Dara said.

Labs and clinical classes must be attended in person, she said, to master practical

## Free Matinee Brings Big Screen Fun To Heartland

Heartland Community Theatre is pleased to announce the latest edition of our upcoming Sunday monthly movie matinee at 2:00 p.m. on Sunday, June 25th, 2023.

This month's feature presentation is "The African Queen" (1951), starring Humphrey Bogart and Katharine Hepburn, directed by John Huston. This presentation is set in East Africa, at the beginning of World War I. The captain of a riverboat is persuaded by an English missionary to undertake a dangerous trip up a treacherous river and attack a German gunboat. Humphrey Bogart won an Oscar for "Best Actor in a Leading Role" for his portrayal of the riverboat captain.

Admission is always FREE for this monthly event, along with gourmet pop-

## The Game Box Debuts, Brings Magic To Square

BY JENNIFER JACKSON  
Staff Reporter

Jennifer Jones and her husband, Kurtis, work nights at Schreiber's Cheese. They have four children, and are "GGPs" — great game players, and are addicted to playing a strategy card game called Magic: the Gathering. The equivalent of bridge for people in their 20s, 30s and 40s, Magic is a social game, with adventures familiar to the generation who grew up with Tolkien's Lord of the Rings movies or Joseph Campbell's take on the "Hero's Journey" mythology, where the hero enters a fantasy world, faces challenges and returns home transformed.

To play Magic, the Jones traveled to Sedalia to play with other aficionados, or hosted games with their co-workers at their house.

"We would have 12-plus people in my house," Jennifer said. "We needed a place to play."

So in March, the Jones rented a store space on the Clinton Square, installed

carpeting, painted the walls and had artist Jenn Bennett paint a mural. Last Thursday, they opened for business as "The Game Box."

Getting the necessary licenses was challenging in itself, Jennifer said, like the card game, of which the winner is the one who perseveres.

"Everywhere I went — the courthouse, city hall — they would ask 'Have you done this?'" she said. "There was always one more thing you needed."

Jennifer started her life's journey in Deepwater, and attended Lakeland schools. Kurtis was born and raised in Clinton, and attended CHS. Jennifer's guide to

opening and running a business was her aunt, Kathy Charles, who owned Ginny's Red Barn Antiques.

They were set to open earlier, but faced other obstacles — the air conditioning went out and the merchandise didn't arrive, Jennifer said. Now they have the shelves

### Have I Got A Line For You!

By James Mahlon White

Nice surprises come almost every day. Thursday afternoon was quiet in the Clinton office when Aunt Jane came through the door. The subject of Kaysinger Bluff came up, though I'm not sure how and this led to the Visitor Center. Matthew Boring and I rode bikes out to Kaysinger and watched it being built. Looked like a flying saucer to us and our imaginations ran wild after seeing Close Encounters Of The Third Kind. We did have a good time back then, biked everywhere including treacherous treks across the Old Middle Bridge. Speaking of treacherous treks, Aunt Jane said she and a friend once climbed down Kaysinger Bluff to the river. They went under the little natural bridge a bit to the west. It was called The Devil's Chair. Why? JWB said she didn't care to know.

non carborundum." Or maybe I should be nice, with an old Irish blessing: "In the name of God, who made a pathway of the waves, May He bring us safely home at the end of the day." You bet old buddy.

INTERNATIONAL NEWS! A new theory is out that King Tut was drunk and crashed his chariot. This caused injuries that led to a slow, painful death. The report cites the reason as Tut's apparent love of wine which was stocked in his tomb, along with multiple chariots. This old world is full of mystery and who knows how King Tut really met his end. At least these researchers didn't blame it on climate change.

Well, President Biden is at it again, this time with plans to build a railroad across the Indian Ocean. Okay..... and on Friday he ended a speech with "God Save The Queen." Funny he should bring the British Monarchy into a gun grabbing speech. The first ATTEMPTED gun grabbing that happened on this continent was by British Troops. This started the Battle of Lexington and Concord. What crazed times we live in. Who knows what Uncle Joe will think of next? Ladder to the moon?

Here's my advice for the day, in Latin: "Illegitium

The Agriculture Committee of the Greater Clinton Area Chamber of Commerce would like to invite businesses, groups, clubs, organizations, etc. to be a sponsor of the Ag golf tournament. Last year, the committee raised enough money to give away three-\$1,000 scholarships to college students from Henry County, and we have set the same high goal for this year. The Ag Committee is asking that you consider being a hole sponsor for \$100 and participating in our golf tournament again this year. The deadline to be a hole sponsor is Friday, July 7th, as we must allow time to make sure we have signs for everyone. If you would like to know more info on being a sponsor or entering a team in the tournament, call 660-885-8166.

Clinton Disc Golf Tournament; Modern disc golf started in the 1960s on campuses and city parks. The rules and terms are very much like traditional golf. Disc golf started as frisbee golf using trees and such until organizers decided to formalize the sport. In the 1970s a 'Whamo' toy inventor redesigned the frisbee into a disc that can fly much farther. They also de-

signed the catch baskets that are used today. The game took off with over 18,000 courses worldwide with over 14,000 in the USA. Hundreds of courses are added each year. The DGA (Disc Golf Association) was formed in 1976. The sport is still growing both at the amateur and pro level. The Clinton Front 9 was put in Artesian Park in 2011 and the Back nine in 2021. These courses were sponsored by the Tony Komer Foundation and the Clinton Tourism Committee. Successful small local tournaments have been held at our local course but on Saturday, June 24 our first Regional Tournament will be held. The tournament will host Pros and several levels of amateurs. You can get more information by going to Udisc.com or Discgolfmonkey.com. Spectators are welcome. The parking lot for the course is west of the Artesian Swimming Pool, South of Hole #1.

The Olde Glory Days Committee would like to thank the Clinton Rotary Club for letting us present info about this year's celebration on Thursday during their regular meeting.

## Clinton Healthcare Spotlight Resident of the Month Rosalie Looney

Rosalie was born on July 11, 1934, to Irvin and Mary Yount in Edwards Missouri. She is one of six children. Rosalie graduated from Warsaw High School. Soon after graduating she met her husband, Dale Looney. Dale was in the Army, and they married in 1952. Dale and Rosalie have three beautiful children Rodger, Sherry, and Kathy. Rosalie suffered not only the loss of her husband Dale but also Roger and Sherry. She has eight amazing grandchildren and four great-grandchildren. Rosalie owned a bar D&R which stood for Dale and Rosalie off the Clinton Square for forty years. This bar also had a nick-

name of Duck and Run. She loves nothing more than to be around people. Some say she was the life of the party. She enjoyed dancing and making people laugh.

When she had time away from the D&R you could find her at the bingo hall, casinos and playing cards. For many years she gave back by volunteering at the American Legion in Clinton,

Mo. After selling her bar and losing her husband Rosalie came to Clinton Healthcare & Rehab on June 14, 2021. She enjoys visiting with family and friends. She looks forward to the activities every day. She enjoys going to the beauty shop twice a month to get her hair done. While out she loves to shop and go out to eat. She is full of life and says laughter is the best medicine. Her advise to the younger generation is to go to church. She says, "True happiness begins with making yourself happy." "Don't depend on other people to create happiness for you."

## Local Author & Cat Appreciates Your Support

## Two SFCC Apprentices Earn Journeyman Certificates

State Fair Community College Apprenticeship Program Director Lori Blalock is pleased to announce that Shaun Taber of Smithton and Devon Tunis of Sedalia have earned their United States Department of Labor, Office of Apprenticeship, Journeyman Certificates in Industrial Machine Systems Technician.

An apprentice in industrial machine systems must complete up to two years of classroom work and 4,000 hours of on-the-job training to achieve journeyman status.

"Congratulations to Shaun and Devon for putting in the hard work to earn their certificates at Tyson," said Blalock. "It's been great having them in our Apprenticeship program, and we wish them all the best in their careers."

Apprenticeship programs are for people of all ages who want to earn a salary while they learn and gain direct job skills. These programs offer employers the ability to strengthen and build their workforce and provide a tailored, high-quality talent pipeline.

SFCC currently offers the following registered apprenticeship programs: Industrial Electrical Maintenance, Precision Machining, Welding, Engineering Design Technology, Construction Management, Robotics and Automation Tech, Millwright, Commercial Driver's License, First-Line Supervisor, and Digital Media Marketing.

Funding for SFCC's Apprenticeship program is provided by a MoAMP grant from the U.S. Department of Labor's Employment and Training Administration. For more information on how to enroll in the program as a student or employer, contact Blalock at (660) 596-7135, email apprenticeships@sfc-cmo.edu or visit [www.sfc-cmo.edu/apprenticeships](http://www.sfc-cmo.edu/apprenticeships).

## Ralph Filder, Jr. Excellence In Education Scholarship

REBEKAH RIFFLE FROM SHERWOOD, was awarded the Ralph Filder, Jr. Excellence in education Scholarship, presented by NeCo Seed Farms. She was presented the award by NeCo Production Manager, Lucas Filer.

Rebekah Riffle, a senior graduate at Sherwood High School, has been awarded the Ralph Fidler Jr, Excellence in Agriculture Scholarship, valued at \$1,000.00. This is the 13th year the scholarship has been available, which honors Ralph Fidler, Jr. Ralph graduated from Sherwood High School and was employed by NeCo Seed Farms, Inc. for 10 years. Ralph had a passion for agriculture, a strong work ethic, and was a highly committed team member. He passed away of A.L.S. also know as Lou Gehrig's disease, in May of 2010. The scholarship is awarded to an individual who has exhibited the strength of character to

"accept the challenge to improve the field of agriculture." This person also demonstrates a strong work ethic as evidenced by excelling in school and the organizations he or she is involved in, and has financial need.

Rebecca plans on attending State Fair Community College of Sedalia, MO in the Fall. She will be majoring in Agronomy. This major will allow her to further her knowledge as an Agronomist and as a 3rd generation family farmer. At Sherwood High School, Rebekah maintained a 3.89 GPA and was a member of FFA, Sherwood Ag Program, Team Captain in her sports teams throughout High school, and Academic All-State 2021-2023.

Congratulations Rebekah! We're cheering for you -NeCo Seed Family.

## Gift from UCM Alumnus Gives Underserved Students Advantage for Success

Contributing to the success of underserved students,

Michael S. Harding, a 1973 University of Central Missouri graduate who grew up in St. Louis, has established the Harding Family UCM Advantage Scholars Endowment with a \$250,000 gift to fund a comprehensive college access and completion program for UCM's incoming freshmen. While plans are being made to publicly honor his generosity this fall, the UCM Advantage Scholars program and the newly named Harding Student Support Services Center are expected to make a positive difference in the lives of future UCM students who will be supported from their first semester through graduation.

"This program is meant to provide personal, professional and academic support for incoming students who do not meet all of the automatic admission criteria, but clearly possess the potential to be successful with the advantage of additional equitable structure and support systems," said Ken Schueller, senior director of student success at UCM.

Participants in the program will benefit from access to unique opportunities to get involved on campus, assistance with finding on-campus employment, access to a success team who understands individual student needs, targeted academic

MICHAEL S. HARDING

coursework, tutoring and workshops, mentors and mentoring opportunities, and financial awards.

To make such opportunities possible, Harding worked with the UCM Alumni Foundation to create an endowed fund, which is a permanent fund in which the gift remains intact and invested at all times. Earnings from the endowment provide financial support in perpetuity. Distributions from the donor's gift and others who may wish to contribute financially to this endowment will cover the UCM Advantage Scholars program expenditures, such as scholarships, student mentor/tutor salaries, professional development, programmatic funds and tangible needs for the Harding Center.

"With the help of resources provided by the Harding family endowment, we are able to offer this program at no additional cost to eligible students," Schueller

said.

A member of the UCM Alumni Foundation Board of Directors, Harding currently resides in Tomball, Texas, and is retired from a successful corporate career. In working with the staff at the UCM Alumni Foundation, he expressed his gratitude for the full cadre of experiences that the university opened up for him while he was pursuing a Bachelor of Science in Criminal Justice Administration from 1969 to 1973.

Harding's college education paved the way for his selection to a prestigious management trainee program, which ultimately led to a career that spanned more than three decades with Anheuser-Busch Companies. He recently retired as president and chief executive officer of Anheuser-Busch's packaging group. During his time with the company, Harding provided managerial direction and leadership for the packaging group's corporate offices in St. Louis, including 400 corporate and salaried employees involved in Operations, Engineering, Research and Development, and Quality Assurance. He also was responsible for management of 14 manufacturing plants and facilities, with approximately 1,900 employees nationwide.

Now serving as a consultant and lecturer, Harding has never lost touch with the importance of higher education, which also took him to institutions such as Pepperdine University, the University of Michigan and the University of North Florida for graduate and postgraduate education. By means of lecturing and supporting his three children through college, Harding witnessed the trend of students beginning their college careers underprepared and as a result discovered a passion for how he, as an alumnus,

can make a difference for today's and tomorrow's students.

"What makes an academic institution special and renowned is its alumni support, especially those who have achieved a level of prominence in their careers to keep the legacy alive for future generations," he said. "What more can be asked of an alumnus than to extend a hand up in the form of giving back?"

In appreciation for his investment in students, the UCM Board of Governors in its May 2023 plenary session approved naming the Student Support Services Center in the Elliott Student Union the Harding Center. Schueller said details have not yet been finalized, but plans are being considered to conduct an official naming ceremony during the 2023 Homecoming celebration. Information about that event will be released when available.

"Michael Harding and his family deserve our deepest thanks for their generous support of our most promising students," said Courtney Goddard, vice president for university advancement and executive director of the UCM Alumni Foundation. "With this gift, the Harding family has chosen to invest in UCM students who are most vulnerable to stopping short of graduating for a variety of reasons, which makes this gift truly unique and an investment in a better future for not only UCM but for all of us."

UCM's Harding Student Support Services Center is particularly geared toward students who are the first in their families to pursue a college education, who come from a low-income background or who are challenged by a physical disability. # Missouri is moving to time-based electric rate plans this fall.

Missouri customers will have a choice of **four new rate plan options**. Evergy is here to help you understand your options and choose the rate plan that best fits your household.

Learn more at [evergy.com/MyPlan](https://www.evergy.com/MyPlan)

## Why is Missouri changing to time-based rates?

Timing is everything when it comes to energy costs. Time-based rates match the cost you pay with the actual cost to produce energy. With time-based rate plans, you'll pay less for energy during off-peak times, when demand for energy is lower, and more for energy used during the peak hours of 4-8pm.

## Central Methodist University

### Students Earn Degrees

Central Methodist University celebrated its Spring 2023 commencement on May 13 in Puckett Fieldhouse on the Fayette campus. Former board of trustees chairman Robert Courtney gave the commencement address as a packed house of family, friends, faculty, staff, and other guests celebrated the graduates. Students were recognized for earning degrees at the master's, bachelor's, and associate's levels.

The following local students were among those on the program for the event:

Kari Michelle Wright, of Windsor -- Master of Science in Clinical Counseling (clinical counseling)  
Jackson Dalton Rotert (cum laude), of Montrose -- Bachelor of Science (sports management)  
Alanna Seton, of Windsor -- Bachelor of Science in Education (social science education)

### Dean's List Honors

The office of Central Methodist University Provost Rita Gulstad announced recently the students included on the Spring 2023 Dean's List.

Almost 900 students across all campuses and online learning met the requirements for placement, including a grade point average of 3.50 or higher for the semester.

The following local students were among those who earned recognition by the university:

Ashley Jane Babcock -- Appleton City  
Jennifer Nicole Bruce -- Clinton  
Rachel Christian -- Montrose  
Angela Nicole Dixon -- Calhoun  
Camryn Elizabeth Lynde -- Windsor  
Lilian M. Patterson -- Creighton  
Angela Lynn Roberts -- Clinton  
Brenda Joann Robinson -- Clinton  
Jackson Dalton Rotert -- Montrose  
Andrea Mikael Schmidt -- Creighton  
Jake Wheatley -- Windsor  
Since its founding in 1854, CMU has evolved into a university that confers master's, bachelor's and associate's degrees through programming on its main campus in Fayette, Mo., and through extension sites and online.

### Nominate a Veteran/Active Duty Military Service Member

The deadline to nominate a Missouri veteran or active duty service member for the 2023 Missouri State Fair Military Flag Retreat, sponsored by Capital Materials, Retrieving Freedom, Inc., and Starline Brass, is quickly approaching!

The Military Flag Retreat Ceremony honors veterans and active duty service members from across Missouri, and will be held in front of Historic Administration Building on the Missouri State Fairgrounds. The ceremony will take place all 11 days of the Missouri State Fair and honor one individual each evening.

As a part of the selection process, individuals can be nominated using a form available on the Missouri State Fair website. Nominees must be Missouri residents and available to attend one of the 11 days of the 121st Missouri State Fair, Aug. 10-20. Once a nomination form is complete, it can be mailed, faxed, or emailed to the Missouri State Fair. The deadline to submit nominations is July 5, 2023.

Send in your nominations now to join us in honoring our military service men and women at the Military Flag Retreat Ceremony at the 2023 Missouri State Fair!

with Guest Sports Reporter **TIM KOMER**

**Looking Back: 92 Years of CHS Football**

The following is a complete win-loss history of the modern football Cardinals. I say modern because there was football before 1931 but the program had been stopped years earlier. The modern program has had 27 different coaches. The Cardinal football program was brought back to life by Coach George Ramsey in 1931. He ran the program for 11 years. He literally had to rebuild it from the ground up, including fields, uniforms, equipment, and players. His years ran from 1931 to 1941 with the yearly record of: 2-5, 1-6, 3-2-1, 1-4-2, 4-1-3, 3-2-1, 5-1-1, 0-5-1, 2-5, 4-2-1, 5-2-1. Orval Johnson was next and he had two stints: In 1942 the team went 3-1-1. Then from ('1946-'51) Orval's teams had four winning seasons out of five: 7-2, 5-2, 5-3, 7-1, 1-7-1. Coach Johnson also coached basketball and was the coach of the great 1950 boys' basketball team. (The trophy is still missing by the way). In 1943, Patrick Freeman went 4-0-1. In '44 the Glen Rice Cardinals went 1-6-1. In 1945 Dr. Roy Nolte went 2-5. Dr. Nolte had to coach this year and parts of others when other men were fulfilling military duties. Interestingly, the Cardinal football program has had nine one-year coaches and five with two years. In 1952 and '53, Jack Richardson went 3-4 and 3-7. In 1954, William Thompson had a fine year at 7-2-1, but moved on. John Gieringer coached in '1955 and '56 and went 6-4 and 5-3. From 1957 to 1963 Ed Coley had five winning seasons out of seven: 7-1, 9-1, 10-0, 7-3, 5-5, 7-3, 4-4-2. Coach Coley has the highest CHS winning percentage at .721. Coach Allen Ritchie (1964-1970) had seven years at the helm including one

undefeated season in 1968. His record: 0-10, 2-7-1, 3-6, 9-1, 10-0, 8-2, 5-3-1. In '68 the Cards were the WCC Champs. Coach Ritchie was later inducted into the Mo Valley Athlete HOF. Abe Clark (1971-'73) went 3-6, 1-8, 5-3-1. Before his fourth year, Coach Clark died in a rafting accident. Ron Aldridge struggled (1974-'75) with 0-9-1 and 1-7. Coach Aldridge also coached basketball and track. He retired in 1995. Gladden Dye had two bites at the apple, his first, (1976-'78): 6-4, 5-3-2, 7-3. His second bite ('1985-'87): 4-5, 6-4, 7-3. In 1979 Fran Schwenk went 5-5. He went on to have success coaching at the college level. Big D (Don Bruns) was the head coach for three years (1980-'82): 1-8, 6-3, 3-6. Don coached at Knob Noster for 12 years before coming to Clinton. Dennis Vanarsdall worked hard in 1983 and went 4-5. Richard Deggs followed in '84 with a tough 1-8 season. Bob Endy took over the reins in 1988 and led the Cards for eight years, (1988-'95): 9-3, 10-1, 11-2, 8-3, 6-4, 0-10, 3-7, 5-5. He had several outstanding teams. Endy has the most wins in the program's history at 52. Dave Wanniger followed for four years (1996-'99): 6-4, 5-5, 2-8, 2-8. Coach Wanniger was a coaching legend for the Windsor Greyhounds. Tom Gramates had four years, with '03 at 5-5 being his best year. (2000-2003): 0-10, 4-6, 2-8, 5-5. A friendly Mike Long worked hard for six years with modest success (2004-'09): 4-6, 2-8, 5-5, 8-2, 2-8, 4-6. Chris Smoot stepped in for five years (2010-'14): 3-7, 5-6, 7-3, 2-8, 1-9. His wife Anne also coached at CHS. They both moved on to Nevada. With a ton of experience, mainly in KS, Bill Lowe coached the Cardinals for three years ('2015-'18) with

**Clinton Senior Ava Potter Set To Embark On Final Seasons Of Stellar Career**

**READY TO ENJOY ONE FINAL RUN**, the Lady Cardinals Ava Potter will begin her senior year on the softball field, flip to the basketball court in the winter, and then finish on the soccer field. But following her graduation next fall, Potter will hang up her cleats and high-tops to pursue a career in broadcast journalism.

Ava Potter will be a senior in the class of 2024 at Clinton High School. She is a three-sport athlete who plays softball, basketball and soccer. Though her talents are well-known on the fields and courts for the Lady Cardinals, Potter will let those memories lie after graduation in pursuit of a working career in broadcast journalism.

**OS:** When was your first athletic memory?  
**AP:** My first athletic memory was playing basketball for our local Park & Rec basketball league, back when they used colored wristbands to establish which girl each one of us had to guard. My color was green, so I guarded the girl with the green wristband on the opposing team. Playing the best defense a seven-year-old could, I stole the ball from the girl and made a layup on the other side, and that was when I fell in love with the game of basketball.

**OS:** Does your family enjoy sports? Tell me what sports, do you bond over them?  
**AP:** My family consists of multiple athletes that all played different sports.

The main sport we all bond over by far is basketball. Basketball is a large part of our family's life, and we constantly have the sound of a game playing at home as a sort of background music to our life.

**OS:** Who would you say has had the biggest impact on your athletic career?  
**AP:** The biggest impact on my athletic career is probably watching my dad coach basketball at the high school level growing up. As a kid, I was constantly at the high school; games. The atmosphere and adrenaline rush of a close game, while watching my dad teaching from the sidelines made me dream of playing on that high school court.

**OS:** What's your favorite thing about summer sports?  
**AP:** My favorite thing about summer sports is playing with girls of all ages in each sport, building those relationships among all grade levels. I also get to connect with girls from other schools playing on my traveling softball team.

**OS:** Do you prefer in-season or out-of-season athletics?  
**AP:** I prefer in-season because each season is in-season for me because I play three different sports, one in the fall, one in the winter, one in the spring, and all three in the summer.

**OS:** Tell me about some influential coaches you look up to.  
**AP:** Former head coach of the North Carolina Tar Heels Basketball Team, Roy Williams. As one of the best, winningest coaches of his era. In 33 years of being a head coach, Williams mounted an unbelievable 903-264 record. He captured three NCAA Tournament Championships and nine NCAA Tournament Final Four appearances. Growing up we were and still to this day watch the Tar Heels, they are my favorite team.

**OS:** What are some ways you stay active outside of sports?  
**AP:** I stay active by going to summer weights and going on walks.

**OS:** If you had to choose one sport that you enjoy the most what would that be, why?  
**AP:** I enjoy watching basketball the most, but I also

love playing softball. Basketball has always been a constant but my love for softball grew once I started playing travel ball. My softball team is unlike any other, we all are constantly dancing, laughing, and enjoying each other's company.

**OS:** Tell me about the atmosphere at Clinton sports?  
**AP:** The atmospheres at Clinton Sports are full of passion. You can see how much we students love the sports we play. From the cheers, chants, fans, and support from the community, I proudly say that the Cardinals are ALL IN when it comes to sports.

**OS:** Do you plan on playing college sports?  
**AP:** No.

**OS:** What are your after-high school plans?  
**AP:** Attend the University of Missouri-Columbia and major in Broadcast Journalism with a minor in Sports Journalism.

**Lady Cards Softball Hosts Youth Skills Camp**

**THE CLINTON HIGH SCHOOL SOFTBALL TEAM** hosted a summer youth skills camp for upcoming Lady Cardinals softball players last Monday and Tuesday, June 12 and 13. The camp focused on basic fundamentals and skills of the game, including hitting, fielding and base running. Clinton coach Sydney Snyder said, "We would like to thank anybody and everybody who played a role in making this possible for us. To the campers and their families—THANK YOU for showing your support. We can't wait to see you at some games this fall!"

## Basketball Cards Attend Shootout In Branson

**CARDINALS BOYS BASKETBALL** attended a shootout in Branson on Thursday, June 15. These shootouts are designed to help build team spirit and skills in a less formal setting than a normal regular season game.

### LOOKING cont.

one great run in 2016 when they fought for a district title. Lowe's record: 3-7, 9-3, 4-6. Coming out of Osceola Paul Carney's Cardinals struggled and went 0-10 in both 2018 and '19. The rebuilding was still stalled as Kevin LaFavor went 0-9 in 2020. In 2021 the program took a 'gap-year' and played JV only. In 2022 Coach Cody Carlson got some traction and went 2-9, including one win in district play. In 2023 the new head coach is Todd Mowery. Go Cardinals. Until next time.

Rates effective as of June 7, 2023. CD specials require a \$1,000 minimum opening deposit up to a maximum of \$250,000. Subject to certain conditions and qualifications. Deposit products offered by U.S. Bank National Association. Equal Housing Lender. Member FDIC.

1 Offer good for the initial term only. CD is automatically renewed for the same term. The rate is determined based on the published rate for the CD, excluding CD Specials, that is closest to but not exceeding the term of the CD. Advertised rate and APY are offered at the bank's discretion and may change daily.

2 Annual Percentage Yield (APY) assumes principal and interest remain on deposit for the term of the certificate. All interest payments for the APY will be made at the end of the term or annually, whichever occurs first. Penalty will be imposed for early withdrawal. Fees could reduce earnings on the account.

ALDEN DALE  
BUERGE

Alden Dale Buerge was born on May 1, 1951 in Harrisonville, MO to Paul and Margaret (Berkey) Buerge, second of three boys. He was raised in a farming family which turned to banking in 1965 with the purchase of First National Bank of Butler. Alden graduated from Adrian High School in 1969. He studied at Central Missouri State University, where he earned a BS in business administration and also met and married the love of his life, Kathryn Blair. Also during these formative years, he earned his pilots license, purchased a J-3 Cub, and developed a lifelong passion for aviation. Alden had over 7,000 hours of pilot in command time in dozens of aircraft, earning the highest FAA licensure – Airline Transport Pilot. After college, he went to work in the family business, rising from teller to President and CEO of both First State Bank of Joplin and First National Bank of Clinton. Leveraging his passion for aviation in his business, he was known nation-wide as “Your Sky Banker” and incorporated business flying into the management of his business interests stretching over three states. Alden and Kathy raised three boys, two of whom followed him into banking, and one into aviation. In his spare time, he spent many happy weekends with friends and family at Grand Lake o’ the Cherokees. Alden was also an avid outdoorsman, traveling as far as Alaska, Nicaragua, and Africa to hunt big game. He was a 2016 “Missourian Award” recipient, proud member of The Order of Quiet Birdmen, and Daybreak Rotary. Alden and Kathy belonged to Christ’s Community Church where he never missed an opportunity to make a friend, or share a story. Alden was a larger-than-life figure who was a blessing to those who knew him best, and whose grandchildren found in him an advocate and friend. In typical fashion, he refused to accept a terminal cancer diagnosis in 2011, and added eleven years to the one he was given, by fighting courageously and

creatively with the help of his wife. His final flight was exactly three weeks before his passing. Alden passed at home, with his family by his side, on June 14, 2023.

Alden was preceded in death by his parents Paul and Margaret, and his grandson, Jaxon Buerge. He is survived by his wife of fifty one years, Kathy, his brothers Robin and Steve, as well as his sons, their wives, grandchildren and great-grandchildren: Aaron & Angye, parents of Emalye, Aven and Aspen, Justin & Trisha, parents of Jaxon and Maxwell, and Brandon & Beth, parents of Charlotte, Isaiah, Silas, and Ezra. Emalye and Sam are parents of Wyatt.

Alden will be laid to rest at Mt. Hope Cemetery, next to Jaxon, in Webb City, MO. Funeral services will be held Tuesday June 20, 10am, at Christ’s Community Church. In lieu of flowers memorials are being directed to either, The Ronald McDonald House of the Four States or Mt. Hope Cemetery Care Fund c/o the mortuary. Arrangements have been entrusted to the care of Parker Mortuary in Joplin, Missouri.

ROBERT LEWIS  
HENSELMAN

Robert Lewis Henselman, 75, passed away peacefully at The Pines in Kirksville, MO on Monday June 19th, 2023.

Robert (Bob) was born Sunday, July 20th, 1947, in Clinton, MO to James and Nola Henselman of Lowry City, MO. Robert had one son, Tyler Henselman, born to him and Marilyn Fetters in September of 1980. Robert spent the last 47 years in Northeast Missouri by way of Kahoka, MO, Memphis, MO and most recently the last 23 years in Kirksville, MO. He also spent January to early April for the last 10 years in Venice, FL for fun in the sun with his own No Socks Nation.

Robert graduated from Appleton City High School in 1965 and went on to achieve his Bachelor of Science degree at Central Missouri State College (now UCM) in May of 1969. Robert was drafted to the United States Army in late October of 1969 where he served two years with a portion of the time in Vietnam and Germany. Robert was honorably discharged from the US Army, 1st Calvary Division, in February of 1971 with a rank of

Specialist 4 (SP4). During his service time, Robert achieved the decorations: National Defense Service Medal, Vietnam Service Medal, Vietnam Campaign Medal, Good Conduct Medal, Army Commendation Medal and Bronze Star Medal despite sneaking away an additional 11 days for some much-needed R&R. Upon returning to the United States, he enrolled in Graduate School at Central Missouri State University (Also now UCM) and was a part of the first MBA class to graduate with a Master’s degree in 1973.

Robert grew up on the family farm, now Henselman Centennial Farm, between Lowry City, MO and Appleton City. He greatly enjoyed spending time farming, but life chose a different path that led to successful 30 year career in banking and concluded with his retirement from US Bank in April of 2007. He was also a proud board member on the Northeast Missouri Health Council for 27 years.

Robert had many passions in life. He greatly enjoyed spending time with family and friends, especially his grandchildren and great nieces and nephews as time would allow. An annual fishing trip to the Eleven Point River with the guys for over 50 years always gave him great anticipation and excitement. He was a very passionate sports fan in Mizzou Football and Basketball, Kansas City Chiefs and Kansas City Royals. Some of his best times were Saturdays at a tailgate in Columbia with fun loving people, music blaring and laughter all around. The annual trip to Knoxville, IA in August was a great way to start the summer wind down and provided many wild stories over the years. He very much enjoyed his Thursday golf outings with many friends and the tall tales that came along with the cold beverages afterward. He ventured out to many places across the United States with his favorite gal Cathy Adams and met a whole new set of friends during the winter months in Venice Florida. Sometimes it was the simple life spent with Cathy, Tyler, Ashley, Trent, Abby, Shahed, the Jesse’s and the grandkiddos at Spring Lake. He had memories in all walks of life including many trips that rarely went as planned with his son, Tyler, which made for some of the best stories. Just the way that Bobbio liked it. Of all these wonderful things he enjoyed, his favorite peace in his time here was being a father, friend and confidant to the children he felt blessed with. Robert always believed this was a wonderful world. He was an amazing man and he truly loved his life.

Robert was preceded in death by his parents, James and Nola Henselman, special friends John (surviving wife Dee) and Damen Eggleston of Memphis, MO and Ted Kirchner of Kahoka, MO.

Robert is survived by his son Tyler Henselman of Kirksville, MO, special gal Cathy Adams of Kirksville, MO; sister Charlotte (Elmer) Rotert of Montrose, MO; three stepchildren Abby (Dr. Shahed) Badiyan, two grandchildren of Chesterfield, MO; Ashley (Trent) Barnes, two grandchildren, two of Kirksville, MO and Jesse (Jessica) Detweiler of Kansas City, MO. His nieces Kimberly (Wes) Carter of Montrose, MO; Cheryl (Scott) Munsterman of Warrensburg, MO; Becky (Billy) Neuenschwander of Deepwater, MO and nephew Tod (Tabitha) Kirchner and many great nieces and nephews.

Visitation will be from 6-8 p.m. Thursday, June 22, 2023 at Davis-Playle-Hudson-Rimer Funeral Home.

Funeral service will be held at 10 a.m. Friday, June 23, 2023 at Davis-Playle-Hudson-Rimer Funeral Home. A visitation will be held Monday, June 26, 2023 at the Ohio Christian Church from 10-11 a.m. followed by a graveside service at the Westfield Cemetery in Lowry City, Missouri.

Arrangements in the care of Davis-Playle-Hudson-Rimer Funeral Home, Kirksville, Missouri; www.davisplaylehudsonrimer.com.

VELMA JUNE  
COWDEN

Our Dear Mother, Velma June Cowden, passed away peacefully at home on June 9, 2023 at the age of 89. She leaves behind her husband William Cowden, daughter Rebecca Callahan, son Mark Cowden, granddaughter Elisabeth Crumrine, great-granddaughter Sophia Crumrine and great-grandson Grayson Crumrine. Those of you who knew her are welcome to attend her graveside service at Englewood Cemetery, Clinton, MO on June 24, 2023 at 11:00 a.m.

She will be remembered with a smile on her face and an ice cream cone in her hand.

ROBERT “BOB”  
WRIGHT,

Robert “Bob” Wright, age 88, of Clinton, Missouri passed away on Wednesday, June 14, 2023 at Appleton City Manor in Appleton City, Missouri.

Robert Coleman Wright was born June 18, 1934, in Clinton, Missouri, to proud parents Lorenzo Dail Wright and Dorothy Elizabeth (Manuel) Wright. He joined his family and friends in heaven on June 14, 2023, at Appleton City Manor in Appleton City, Missouri, at the age of 88. In his last few hours of life, he was surrounded by family, who shared their favorite memories with him.

Robert (better known as Bobby Cole or Bob) Wright lived at his birth home in Clinton, Missouri, for one year before moving to Garden City, Missouri, after his parents purchased the Garden City Hatchery, later known as ABC Farms and Hatchery. His family also owned the Wright Manufacturing Company, and Bob worked for both companies growing up. One aspect of his job was to be available during hatchings, and he was sometimes required to stay overnight at the hatchery to analyze the cause if new baby chicks died.

During his childhood and adolescence, Bob spent many hours hunting and fishing on his family’s property, mentored by his father, who was also an avid outdoorsman. Bob’s mother and father were both pilots, and he joined them in this venture. Bob even flew himself to his first solo flight.

Bob graduated from Garden City High School in 1952 and always joked that he was in the top 10 of his graduating class, often failing to mention that his graduating class only consisted of 10 students. He played basketball in high school and later enjoyed playing basketball with his grandchildren.

After graduating high school, Bob attended one year at the University of Missouri-Columbia (MU) before enlisting in the United States Air Force. He was immediately deployed to Korea and became a

ground photographer for the 5th Air Force. Due to his exceptional marksmanship, he was the favored ground photographer and was often chosen to accompany higher-ranking officers on missions.

After his military service, Bob returned to the family home in Garden City, Missouri, and continued working at both family businesses. From the moment he laid eyes on Carol Ann (Welsh) Wright, he knew she was the one he would marry. Carol, however, did not yet know he existed. They were married at the United Methodist Church in Clinton, Missouri, on August 3, 1958. Two daughters were born from this union: Lezlee and Loree. In 1961, they relocated to Clinton, Missouri, and Bob started working in the insurance business. After retiring, he worked part-time for Henry Co. and Cass Co. Sheriff’s departments.

Bob and Carol were married for 64 years (almost 65). When asked what picture he would like brought to his bedside, he responded that he wanted the picture of his wife, Carol, in her wedding dress. This was displayed in his room, and during his final moments, he was comforted by stories about their life together. His family will always remember his love and dedication to all of them. When in need, he offered his family both financial and emotional support to better themselves and their families.

Bob was preceded in death by his mother, father, brother, and sister. He is survived by his wife, Carol Wright; daughters, Loree (Dennis) Walrath and Lezlee Talbott; grandchildren, Tyler Talbott, Kristen Christ, Haylee Clark, Travis Talbott, and Destry Walrath; eight great-grandchildren, and many other nieces, nephews, and friends.

We love you always and miss you already.

Funeral services were held June 19, 2023 at the Vansant-Mills Chapel. Clinton with Dr. David Maggi officiating. Special music included “Old Rugged Cross and Send Me Gently Home.” The casket bearers were Brandon Christ, Ryan Clark, Destry Walrath, Dennis Walrath Tyler Talbott and Travis Talbott. Charles Dail Rutt, Jerrod Welsh, Jay Welsh, James Rutt, Mark Rutt, Warren D. Smith and Duane Bray were honorary bearers. Interment followed in Calhoun Cemetery, Calhoun, MO.

Military honors were under the direction of VFW Post #1894 and the US Air Force.

Services were under the direction of Vansant-Mills Funeral Home of Clinton, MO.

## CLARICE NORTH

Clarice North, 94, of Windsor, Missouri, died Monday, June 12, 2023, at St. Lukes Hospital, Kansas City, Mo.

She was born September 4, 1928, in Racket, Mo., the daughter of Jud and Mable (Cochran) Summers. She attended schools in Leesville and Coal and graduated from Clinton High School. Her first job was in the billing department at United Telephone in Clinton, Mo.

She married Charles E. North on March 4, 1950, and to this union 3 children were born, Gail, Bill, and Mike. The family lived in Kansas City, Mo., for 43 years and Clarice worked in accounts payable at the Western Auto home office in downtown Kansas City. She retired in 1990 and Charles and Clarice moved back to Windsor in 1995. She joined the Windsor United Methodist Church and she was Secretary and Treasurer of the Christian Service Group, taught Sunday School, was the Membership Chairman, and was on the Council Commit-

tee. She enjoyed traveling, especially annual trips to Hawaii with Charles. She canned vegetables from the summer garden and her green beans were enjoyed year-round at special family dinners. Clarice loved her children and grandchildren and her dog and cat “Rosie” were faithful companions.

She leaves behind three children, Gail Echerd (Tom), Blue Springs, Mo., William “Bill” North, Kansas City, Mo.; Michael “Mike” North (Nancy), Palmdale, California; 3 grandchildren, Kimberly Echerd Dilley (Brian), Seminole, Texas, Timothy Echerd (Stacey), Mission, Ks., and Kelly North Baughman (Brett) Belton, Mo.; 4 great-grandchildren, Samantha, Alyssa, and Emily Baughman and Austin Dilley; and several nieces, nephews, great-nieces, and great-nephews. She was preceded in death by her husband Charles on September 1, 2018; 4 sisters, Velma Byrum, Jane Huey, Laverne McLeran, and Perrie Benson; and 2 brothers in infancy.

Graveside services were 2:00 p.m., Saturday, June 17, 2023, at the Tebo Cemetery, Leesville, Mo., with Pastor Pete Hill officiating. The family suggests contributions to the Windsor United Methodist Church in care of the Hadley Funeral Home, Windsor. Condolences may be left online at www.hadleyfuneralhome.com.

DOROTHY A.  
HUTSON

Dorothy A. Hutson, age 93 of Clinton, Missouri, passed away, Sunday, June 4, 2023 at Adair Village, Clinton, Missouri.

Dorothy Aileen (Duxbury) Hutson was born on November 18, 1929 to Bird and Annetta Duxbury in Kansas City, Kansas.

Dorothy loved going to garage sales, eating out, shopping, and seeing her family at family reunions. She worked at Unitog and Rivals for many years.

She is survived by her children; David (Sandra) Hutson, Ron (MaryAnn) Hutson, Connie Hutson, Sandra (Robert “Poncho”) Knight, Richard Hutson, James Hutson, Nancy Hutson, her step children; Jimmy Dale and Nancy Hutson, Cecil and Carol Hutson, 17 grandchildren, 42 great grandchildren, and 31 great-great grandchildren.

Funeral services were held June 10, 2023 at the Vansant-Mills Chapel, Clinton with Rev. David Mills officiating. Special music included “Amazing Grace and In the Garden.” The casket bearers were David Hutson, Ron Hutson, Kevin Hutson, Richard Hutson, Jim Hutson and Josh Hutson. Interment followed in Englewood Cemetery, Clinton, MO.

Services were under the direction of Vansant-Mills Funeral Home of Clinton, MO.

## Calhoun UMC

Welcome to the Good News from Calhoun United Methodist. We are a diverse group of folk pleased to gather in fellowship and love, to praise the Lord with church family and guests. We ring the church bell at 9:45 to call the "flock" to 10:00 Worship.

We extend our Sympathy and Christian love to the family and friends of Linda Noland and Robert Wright who passed into the arms of Jesus recently. There was a good crowd for the celebration of life service for our friends Helen and Ray Reynolds Saturday morning with Brother Mark Abney. Our thanks to Calhoun Baptist Church; for the invitation to gather there following the service. Others on the prayer list Bob Baird, Bob and David Burson. We ask for prayers for our church and congregation as we take a hard look at what God has in mind for us next.

Joys to celebrate: We praised God for much needed rain this morning and pray for more in the days ahead. We are thankful the many blessings and opportunities we receive by the grace of the Lord. Linda Hawkins was our visitor today.

We welcome visitors any Sunday morning for worship, come dressed as you are comfortable, bring the youngsters and be prepared to receive a blessing for your effort. We are a Concerned and Praying church if you find yourself in need of prayer we encourage you to join us any Sunday morning. We will be blessed by your presents.

## Drakes Chapel UMC

This Sunday our new conference year began with a big welcome back to Pastor Margie Briggs after her return from the Missouri Annual Conference in St. Charles Mo.

The church presented Pastor Margie with a beautiful corsage for her dedication and faithfulness to Drake's Chapel. This begins her 18th year as faith leader to this small country church and grateful congregation.

We were blessed by Lori Rima as she sang the praise song "How Great Is Our God". God has indeed given Lori a special gift. We hope she will share that gift with us again very soon.

Pastor Margie's message "DRP" was one leaving us wondering at first and then inspired as deep in her sermon "DRP" was revealed to us as Designated Religious Person. At times we are such a person and other times we seek that person in our lives.

We welcome you to join us in person or on Facebook live each Sunday morning at 8:30. We are located 5 miles east of Clinton off of 52 Hwy. Look for our sign on the road.

We hope this week you will find blessings all around so you may be a blessing to others.

## First Baptist

Pastor Pat Findley continued his summer sermon series of 'Ears to Hear' with a message titled 'Parable of the Great Banquet'. In Luke 14:15-24, those invited to the prominent pharisee's banquet began making excuses to not attend, so he began inviting all people, regardless of their status, until his home was full. Pastor Pat used this parable to emphasize our invitation to God's Kingdom. First, the Kingdom of God is a party! There, Jesus will not only be the guest of honor and the host, but He'll serve US! Second, God's Kingdom should be our highest priority - no excuses! Third, extending God's invitation is our mission because God wants a full house! God's heart is for ALL to be invited. Finally, every person responds to Jesus' invitation, and we each have a choice to accept or decline. By serving and loving others, may we encourage people to accept this great invitation!

On June 25th, the Men's Discipleship Center, Forged by Christ Ministries, will host a Come and See Day at their new building from 3:30 p.m. to 6 pm. Also on June 25th, the Jamaica team will report on their recent mission at 6:30 pm at the Vansant location. Vacation Bible School will be held July 16th-21st. More information can be found at [www.firstbaptistclinton.church](http://www.firstbaptistclinton.church). Celebrate Recovery is on Tuesday evening, beginning at 5:30 p.m. at FBC Vansant, for anyone with hurts, habits and hangups. Worship services are held at 8:30 a.m. and 11:00 a.m. For more information, please contact the church office at 660-885-2211.

We invite those without a church home to join us in worship of our Lord & Savior, Jesus Christ. First Baptist Church exists to fulfill the Great Commission (Matthew 28:19-20) by loving people into a growing relationship with Jesus Christ.

## Mt. Calvary

### Apostolic Pentecostal

"What's Your Relationship with Your Spiritual Father"  
Luke 15:17-19. (KJV)

Fathers are role models to their sons. Good behavior or bad, the son is a witness to their father's behavior and learns from it.

Because children learn what they live, fathers should have to watch how they talk around their children. The sons should know their father is the leader and head of the house. He should teach them how to be a role model. Jesus gave parables in the New Testament, and they were important and put there for a reason.

The story of the prodigal son illustrates the broken relationship between the father and the son when we stray

from our spiritual father.

The son took his inheritance and wasted it on loose living. The son found himself among pigs and slop before he realized his father's servants were living better than him. He resigned himself to return to his father.

Luk 15:20-24. (KJV)

This father was not hard-hearted toward his son. He was overjoyed to have his son home.

Jesus is letting us know that he is our spiritual father. Our relationship with him is broken when we stray away from him. No matter how far we go, we can come back to his waiting arms. The important thing is to get back into relationship with him before it is too late.

You are the one who broke relationship with him, and it is up to you to come back. Some do not return to our father and go to the grave lost. God is waiting with open arms. No matter how far you have strayed, it is not too late to come back.

God Bless.

## Mt. Zion UMC

Pastor David's message, "The Holy Trinity", was prefaced with a New Testament reading from 2 Corinthians 13:11-13, and a Gospel reading from Matthew 28:16-20.

Even though the Trinity is certainly within Scripture it is not explicitly taught in Scripture. The apostles and Gospels assume a knowledge of the Triune God.

At the council of Nicaea, in 325 AD, the Nicene Creed—that most Christians recite today—was put forward as a statement of belief. It outlines the role and relationship of God the Father with God the Son, and the role of God the Holy Spirit. God the Father, our Creator, made all things—except Christ Jesus, God the Son. God the Son was begotten, not made—taken from the very substance of the Father—light from light, true God from true God. And God the Holy Spirit/Ghost—which proceeds from God the Father and God the Son—offers council, advocacy, inspiration, and love to creation.

The Triune God represents the fullness of our faith and our entire faith flows through the Trinity. 1 John 4:15-17 tells us that God is love. We are commanded to take this revelation and explain to others the God we serve and the incredible things that God has done for us. So be the ambassadors of love, reflecting the illumination of the Holy Trinity and bring others into this grand body of believers. Amen!

## Trinity Lutheran

And let us consider how to stir up one another to love and good works, not neglecting to meet together as is the habit of some, but encouraging one another, and all the more as you see the Day drawing near. Hebrews 10:24-25. "Christianity is a relationship, not a religion." Not true. Don't believe it.

The Christian Church is real. It's important. The triune God...Father, Son, and Holy Spirit...can be found there, wherever two or more are gathered in His name..

It is true that in this gathered body we call the "visible church," false Christians and secret unbelievers may be present. They are not actually part of the Church. They are just there. However, a person should never shun participation in the body of believers here on earth just to avoid associating with some who may be unbelievers.

Most people who belong to and attend a Christian church are sincere believers. In fact, few unbelievers these days care enough about what people think of them to bother going to church and pretending to be faithful Christians. Instead, they openly mock God and revel in their unbelief.

There are tremendous benefits for all believers in Jesus Christ as their Lord and Savior to attend his church. Attend church this Sunday. Attend church regularly. Your faith will be strengthened and you will be blessed by God for your faithfulness. Amen.

"For where two or three are gathered in my name, there I am among them." Matthew 18:20

## Urich Baptist

6/11 Service

We were blessed with rain on this Lord's Day. Clint Keeney rang the church bell. Mrs. Julia Klinefelter led in the congregational singing with Mrs. Dixie Collins playing piano. We rejoiced with Charles Forbes on his birthday. Clint Keeney and Charles Forbes collected the offering.

The scripture passage from Pastor Chad Pollett's sermon was from John 9: 13-34. In this passage the Pharisees are investigating Jesus' of a blind man. The Pharisees thought Jesus was a sinner, but the healed man said V.33 "If this man (Jesus)were not from God, he could do nothing." The Pharisees were upset with what the man said and threw him out. Jesus showed mercy to the blind man. As Christians we are to have a heart filled with love, kindness, mercy, forgiveness, patience, and fruitfulness. Have a great week.

## Valley Center United

We celebrate on this Father's Day and every day, for the memories and the love and joy it brings when we honor our fathers.

We are an open and affirming church who welcomes all to come worship with us next Sunday morning!

We thank the members of our church and other dear

friends who have given so generously to our local Food Bank. We send prayers of love and healing for some members of our church family who have some serious health issues. We pray for our churches, communities, country and world. We continue our prayers for the families of the Ukraine as they face horrific atrocities of war in their country and in their lives every day.

'We rejoice in our sufferings, because we know that suffering produces perseverance; perseverance, character; and character, hope'.

Christ's teachings were of, 'watch, do and teach'. He shared his words and images to his followers and he spoke to them about faith and truly believing in God. But then he showed them by healing the sick, restoring vision to the blind and many more powerful miracles. It was not enough to just say it, but it was important to also do it. He revealed his power and great love by doing all of the miracles.

It is the same for us. We are not just to stand by, we are to go out and 'watch, do and teach' others, just as Jesus did. He knew it would be a challenge for us, because there will always be some who are unwilling or not ready to hear his word. Sometimes we just have to dust off and move on in those situations. The 'no's' should not stop us. We need to get rid of any distractions and understand the important task he has given to us; to be the ones who have the courage and heart to go and demonstrate God's glory and power.

Give them all an invitation, whether they are ready or not to hear, to come and be part of God's love and glory.

skills, but having the web-conference classes allows working professionals, including LPNs and EMT-Ps (paramedics), to reduce commuting time while completing RN training. If people want to get a bachelor degree later, they can do so while working as an RN, she said.

The newest degree program at SFCC/Clinton, announced in February, is Applied Science in Surgical Technology. The campus received a grant to create a surgical tech lab, Dara said, plus a classroom and office space. SFCC also offers a degree in Applied Science in Medical Assisting, which began in 2016. All the nursing programs are full for next fall, she said. In addition to GVMH, which donated \$30,000 a year for three years to the Medical Assistant program, the campus partners with Compass Health and the Clinical Technical School.

“Our goal is to provide people with a high quality education, skills and training, so they are work-force ready as soon as possible,” Dara said.

The campus draws students from a 40-mile radius of Clinton, she said, including 30 to 40 students from the CHS graduating class every year. It also draws graduates from Clinton Christian Academy, and students from Lakeland, Sherwood, Osceola, Calhoun, Warsaw, Butler and Appleton City.

For home-schooled or public-school students, it offers dual-credit classes (college and high school). The average age of students at SFCC/Clinton is 24, Dara said, although the campus does have students in their 60s.

In addition to classrooms and labs, the Truman Regional Education Center center has a computer lab and a student commons area with a snack bar with coffee and cocoa.

There is also a testing center where students can take exams for EKG, phlebotomy and CCMA, Certified Clinical Medical Assistant, certification. The Clinton Fire Department uses the testing center to give certification exams required for fire fighters, Dara said.

“They’re not just from Clinton, but come from across the region,” Dara said.

The Kiplinger Basin Regional Planning Commission was pivotal in obtaining the building, Dara said, formerly the Wetzell Clinic. Organized as CARE — Community Association of Regional Enterprise — people came forward, obtained grants and bought the building and remodeled it, naming it the Truman Regional Educational Center to be all-inclusive to the area.

“It’s all because of a group of community members who wanted to see State Fair here,” Dara said, looking around the lobby and student commons area.

The goal: to strengthen the community as a whole by helping grow people’s educational opportunities, she said.

Dara said SFCC/Clinton was offering classes using web conferencing (Zoom) before COVID hit, so already knew

**GAME BOX****Continued from page 1**

the game tables set up in back and are open, noon to 7 p.m., and to 10 p.m. on Game nights.

They officially opened on June 15, and participated in the Main Street “Sip into Summer.” They hosted their first game night last Friday.

To share child care, Jennifer and Kurtis live with her sister, who is a nurse, and brother-in-law, Jeremy Cochran, who works at Schreiber’s during the day and helps out at the store.

“We’re the Night Walkers, and they’re the Day Walkers,” Jennifer explained.

Players in Magic are called Planes Walkers, who can move through the multiverse. Kurtis started three years ago playing Magic at the encouragement of friends, Jennifer said, but the game itself dates to 1993, when

how to webcast classes. The problem: some of the students didn’t have access to Wi-Fi, Dara said, so had to find places in their communities where they could access it.

“I was surprised to learn students were taking classes in the parking lot of Casey’s,” she said, “and some were in the ball field in Urich.”

The campus continues to offer web-conference option classes, post-COVID, she said, because it’s a way to stay connected with students when life throws them a curve, Dara said.

SFCC-Clinton is the hub for all the medical-assisting education programs in the State Fair Community College system, Dara said. Michelle Slater serves as SFCC-Clinton campus navigator for students, including those in medical assisting and surgical technology programs. A navigator helps students enroll in classes, hurdle obstacles and stay on track to graduation. Dara said she is fortunate to have a dedicated team, including full-time instructors in mathematics and biology and 40 adjunct faculty. The assistant director, Abby Tribble, is her ‘right-hand’ person, and Bill Morris plays a huge role at the campus in maintenance and security, Dara said.

There are also six peer mentors, students who work at the front desk and are there to answer any questions prospective or current students may have.

Most of all, Dara wants people to know of the opportunities offered in Clinton through State Fair Community College, whether it’s to train for a job after high school or make a mid-life correction.

“It’s about helping individuals find their path in life,” Dara said.

That’s been her focus for 20 years, during which she’s grown with the job, Dara said, completing her master’s degree in educational technology. It’s a focus that has remained constant through all the physical changes at SFCC-Clinton, as a sign on the front desk of the lobby attests: “Without the student, there would be no need for the institution.”

Through her 20 years as director, Dara has chaired hundreds of meetings, dealt with mountains of paperwork and spent long hours at her desk, planning programs. The job culminated in seeing how excited that one man was to enroll in classes in a creative field he’s always wanted to study, and how proud his relatives were that he was realizing his dream of going to college.

In addition to medical services degrees and certification courses, SFCC/Clinton offers associate in applied science degrees in teaching, early childhood development, business management and criminal justice, and an associate of arts degree that transfers to a four-year college. Almost all lecture classes have a webcast option.

it was invented by Richard Garfield. The great-great-grandson of President James A. Garfield, Richard, whose father was an architect, grew up in Tibet and Nepal and not knowing the languages, connected with kids his age by playing card games and marbles.

When he was 13, he started designing games, and has a degree in computer mathematics. He invented Magic when he was working on his doctorate in combinatorial mathematics.

Asked to design a game that would be portable and could be played at conventions, Garfield originated the idea of using trading cards, like baseball cards, to play a card game. The first printing of Magic cards sold out within months, and by 2018, an estimated 35 million people were playing it. Celebrity

players include rap artist/record producer Post Malone, 27, and professional football player Cassius Marsh, 30, a linebacker with the Seattle Seahawks. Marsh has his own trading card business, cashcardsunlimited.

There are also Magic tournaments in Germany, Japan, and all over the world, and conventions for Magic players in the United States, including the Grand Prix Las Vegas, which attracted 4,500 players in 2013.

“I hope to go to the next one,” Jennifer said.

Magic is easy to learn but hard to master, Jeremy said. Like most card games, it is a combination of luck and skill, with part of the skill in building and using the cards in your deck, he said. It requires creativity and strategy, like chess, Jeremy said, and knowing how to read your opponents, as in poker or politics.

Like bridge, it’s also a good social game and a way to meet people, Jennifer said. Four people play the traditional “Commander” format, she said, but there is also a two-person version and one for six people. The Game Box will hold sessions for people who want to learn, Jennifer said, and you can come down and watch people play on Game Nights. Games can last six to seven hours, she said.

“We’ve started a game at 7 p.m., and the next thing we know, the sun is coming up,” she said.

Also helping out at the store is Zak Barrett, the store’s Pokemon expert, who works at Champion Oil. The Game Box also carries Marvel Ravensburger puzzles, and

include catfish biology and characteristics, regulations, equipment needed for alternative methods, techniques and strategies, types of baits, regulations, and water safety. After this session, from 6 p.m. to dusk, participants will take to the water in groups to set their own juglines. Bait will be provided.

The next day of the program, June 24, participants will check lines and collect fish from 8-10 a.m. and return to Greenfield High School. From 10 a.m.-noon, there will be a catfish cleaning demonstration. The event will end with a fish fry. Harvested fish will be divided among all participants.

Participants are encouraged to bring their own personal snacks, water, and a sack dinner for the June 23 portion of the program. All equipment (lines, fish-cleaning equipment, etc.) for this program will be provided. All participants must possess a valid Missouri fishing permit (unless they’re exempt). This program is for ages 11 and up.

Participants are encouraged to attend both sessions. People who cannot attend both sessions should e-mail Whitaker at [Lyle.Whittaker@mdc.mo.gov](mailto:Lyle.Whittaker@mdc.mo.gov) or call 417-895-6881, ext. 1644 to see if accommodations can be made.

Staff at MDC facilities across the state are holding in-person and virtual programs. A listing of these programs can be found at [mdc.mo.gov/events](http://mdc.mo.gov/events).

Discover Nature - Fishing Event On June 15

Fishing is a great way to connect families with the outdoors. It’s a great tool to introduce children to healthier lifestyles and it’s a good activity for strengthening family bonds. These are some of the many benefits of the Missouri Department of Conservation’s (MDC) Discover Nature - Fishing Program.

This program provides free lessons to help kids and families gain skills and confidence to enjoy fishing through a series of four instructional sessions:

Lesson 1: Equipment, casting, proper fish handling

Lesson 2: How to tie a knot and bait a hook

Lesson 3: Five common Missouri fish - their anatomy, habitats and life cycles

Lesson 4: Fishing with lures, fishing regulations

Interested families will have a chance to take Lessons 3 and 4 of the Discover Nature - Fishing program series of classes at MDC’s Bois D’Arc Aquatic Education Pond on June 15. The program will be from 6-9 p.m. The Bois D’Arc Aquatic Education Pond is part of MDC’s Bois D’Arc Conservation Area and is located at 4045 State Highway UU near Bois D’Arc in western Greene County.

This is the follow-up class to the June 8 Discover Nature - Fishing program held at the Bois D’Arc Educational Pond that covered Lessons 1 and 2. It is recommended that families take all four lessons, but it is not required.

All fishing gear will be provided by MDC staff. Participants should wear clothing and close-toed shoes suitable for outdoor and water activities. People can register for this event at:

<https://mdc-event-web.s3.amazonaws.com/Event/EventDetails/192681>

Each participant must register for this program individually. To register your child, you may need to make a family account, or add them to an existing family account. You can also make a separate account for your child. Participants will not need a fishing permit to take part in this program. For questions about this event or about the registration process, contact MDC Community Education Assistant Jeanel Stockton at [Jeanel.Stockton@mdc.mo.gov](mailto:Jeanel.Stockton@mdc.mo.gov) or at 417-737-0698.

Information about other upcoming Discover Nature Fishing classes can be found at [mdc.mo.gov](http://mdc.mo.gov).

**Mdc Confirms Second Northern Snakehead Captured In Missouri**

Fisheries management biologists with the Missouri Department of Conservation (MDC) confirm a second northern snakehead has been recorded in the state.

The fish was captured by an angler May 19 while seining for bait at Duck Creek Conservation Area in Wayne County. The first northern snakehead recorded in Missouri was caught in a borrow ditch within the St. Francis River levees in Dunklin County in 2019.

MDC staff spent two days looking for additional specimens on Duck Creek Conservation Area and Mingo National Wildlife Refuge. This effort found no additional fish, likely indicating they’re in the area, but at low numbers.

The northern snakehead was discovered in eastern Arkansas waterways in 2008. Since then, its distribution has been expanding, spreading north through the waters of the St. Francis River watershed.

“Unfortunately, it was only a matter of time before we saw this species continue to spread in Missouri,” said MDC Fisheries Management Biologist Dave Knuth.

Snakeheads are an invasive species native to Asia. They’re aggressive predators, preying on native species and competing for resources.

“This fish has a wide temperature tolerance, can spawn multiple times in one year, and can survive in low-oxygenated waters by breathing air,” said Knuth. “The impacts of this species on native fish populations are still to be determined and it’s something we will have to follow over time.”

If you find a northern snakehead, MDC recommends the following:

Make sure it’s a snakehead. Northern snakeheads can be confused with the native bowfin. Snakeheads have a snake-like appearance with a much longer anal fin than the bowfin.

Do not release the fish or throw it on the bank, as it could migrate back to the water or to a new waterbody. Remember this fish is an air-breather and can live a considerable amount of time out of the water.

Photograph the fish so the species can be positively identified.

Report any sightings of the fish to MDC’s Southeast Regional Office at 573-290-5858.

MDC reminds the public it is illegal to import, export, sell, purchase, or possess a live northern snakehead in Missouri. MDC will continue to monitor its spread in the state.

**Join Mdc To ‘Talk Turkey’ During July 6 Wild Webcast**

The Missouri Department of Conservation (MDC) invites turkey hunters, landowners and managers, and others interested in Missouri’s wild turkeys and turkey hunting to its “MDC Wild Webcast on Talkin’ Turkey” on Thursday, July 6, at noon.

MDC Turkey Biologist Nick Oakley and MDC Turkey Habitat Initiative Coordinator Meagan Duffee-Yates will share information on the wild turkey population in Missouri including harvest trends, production trends, MDC’s annual brood survey, and research findings. They will also discuss habitat loss and the impacts of weather and predators on turkey numbers. They will take questions from webcast attendees as time permits.

Register in advance for the free, live MDC Wild Webcast on Talkin’ Turkey at [short.mdc.mo.gov/4Po](http://short.mdc.mo.gov/4Po). Then join the webcast live on July 6 from noon to 1 p.m.

**Free Wild Jellies Classes June 30 At Clinton**

The Missouri Department of Conservation (MDC) will offer free classes on how to make wild jellies from native spring flowers. The classes will teach how to identify, harvest, and prepare jellies and other wild edibles from flowers produced by dandelions and wild violet, as well as flowers from redbud trees and elderberry shrubs. Four sessions will be offered at MDC’s Lost Valley Fish Hatchery in Warsaw on Saturday, June 17. Three sessions will be offered at MDC’s Clinton Office on Saturday, June 30.

“There is a bounty of wild food available in Missouri throughout the year,” said Ginger Miller, MDC conservation educator. “Come learn how and when to make beautiful wildflower jellies with us.”

Registration is required for these classes, which are open to all ages.

The session times for the classes at the Lost Valley Fish Hatchery in Warsaw on June 17 and registration links include: from 9 to 10 a.m., <https://short.mdc.mo.gov/4P5>; from 10:30 to 11:30 a.m., <https://short.mdc.mo.gov/4PS>; from noon to 1 p.m., <https://short.mdc.mo.gov/4PT>; and from 1:30 to 2:30 p.m., <https://short.mdc.mo.gov/4Pq>.

MDC’s staff offers a variety of classes year-round to connect people with nature, from foraging for wild edibles to catching fish for table fare. To check out offerings in your area, visit MDC Events at [Events | Missouri Department of Conservation \(mo.gov\)](http://Events | Missouri Department of Conservation (mo.gov)).

**JENNIFER JONES AND HER HUSBAND,** Kurtis, have opened “The Game Box,” a hobby collectible store with a game room on the Clinton Square where people can gather to play Magic and other games. The mural on the back wall is by artist Jenn Bennett, and represents the five colors and lands of the Magic world: blue islands, green forests, red mountains, white plains and black swamps.

**Mdc Program On Catching Catfish By Alternative Methods**

Fishing for catfish has long been an activity that has provided angling excitement and excellent table fare.

Individuals interested in learning more about how to catch these popular sport-fish by alternative methods (trot line or some other type of set-line device) should plan to attend the Missouri Department of Conservation (MDC) program “Alternative Methods Catfishing Clinic.” This free two-day program will be June 23 and June 24 and will be taught by MDC Conservation Educator Lyle Whittaker in two segments. The first segment will be from 4-6 p.m. on Friday, June 23 at the Greenfield High School Agriculture Classroom (418 W. College, Greenfield). The next segment will be 8-10 a.m. on June 24. Participants will meet at the Greenfield Public Access on Stockton Lake.

People can register online for this program at:

## The Shepherd Calls by Dr. H. Wade Paris

### HE IS WITH JESUS

Some good friends of ours lost their only child, a son. He was only 51 years old. His clothes caught fire while cooking, and he burned to death—a real tragedy for the family.

I was asked to conduct the funeral because I was instrumental in their son becoming a Christian during Vacation Bible School. I accepted the invitation with a mixture of feelings. I felt inadequate to comfort my friends. I have not experienced what they were going through. On the other hand, I could tell them with confidence that their son was in heaven because I was present when he accepted the Lord. That truth was the best comfort I could give.

Jesus promised to prepare a place for those who accept Him. He said, "I am going to prepare a place so where I am you may be also." (John 14:1-3)

It is common for folk to describe heaven as having golden streets and pearly gates. That presents a beautiful picture; and, no doubt, heaven is beautiful. However, the problem with describing heaven is twofold: (1) Apart from John's report in Revelation 21, we have no firsthand accounts. No one has returned from heaven to tell us about it. (2) The second problem is found in the human language. We do not have the words to describe heaven's beauty, even if we knew what it is like. Even John's words in Revelation are "this worldly" and limited.

So, what should we say of heaven's beauty? It is a place where we will know God, our Creator, even as we are known by Him. God told John that in heaven, "God will dwell with His people. God himself will be with them and be their God." And that is what makes heaven beautiful—the perfect presence of God.

Think about it, what greater words of comfort could I give my friends than to say, "Your son is with Jesus now."

## THE LITTLE APPLE

JUNE 14, 2023

Stellar VBS will be hosted at First Baptist Church of AC June 20-23. Stellar is for kids 5 years old through those that have completed 4th grade. They will start with a meal at 5:30 and conclude at 8:30 p.m. each evening. Family members and friends can join in daily at 8:15 p.m. as they wrap up their day. They also invite families to church on Sunday, June 25 for the finale and a meal following services. Sign up free online at: <https://forms.gle/11vyYKtqveVYKzNA> Paper copies are available upon request. For info, call 660-476-5512 or message them on Facebook.

The Appleton City Ministerial Alliance is excited to announce new events for the community to participate in. Third Sunday Services will be held each month throughout the spring, summer, and fall months at area churches. Everybody is encouraged to attend as they will participate in a variety of formats including traditional, contemporary, singspiration, etc. Each meeting will be from 7:00 - 8:15 p.m. (roughly), and they will have donation opportunities for those interested towards the ACMA. The first date is coming up June 18 at River of Life Fellowship in Rockville. The initial endeavor will be a testimony service where they encourage one another with stories of what God is doing in their lives, followed by some light snacks and fellowship. Plans are underway now for the July 16 service as a singspiration event held locally. More information will follow. They look forward to seeing you attend and participate in these exciting services, the third Sunday of each month.

Fischer Track has started laying the rubber surface at the ACHS track. The community is asked to stay off the track for 30 days.

AC Pool is open Sunday-Saturday noon-5:00 p.m. General family admission costs: Ages 11+ \$3.00, Ages 4-10 \$2.00, Ages 0-3 FREE with a paid adult. Season Pool Pass cost: \$60 for 1 person, \$20 for each additional person. Passes can be purchased at the pool or you can pay by credit card at City Hall. Pool party costs are 1 hour for \$90 or 2 hours for \$150. Start times for parties are 5:30 or 6:00 p.m. Swim lessons are scheduled for July 10-14. Beginner class will be 5:00-5:45 p.m. Your child must be able to touch the bottom of the pool without assistance (3 ft.) Intermediate class will be 6:00-6:45 p.m. The Lion's Club of Rockville has again made a donation to help lower the cost of classes, \$15 for 1 child and \$10 for each additional child in family. You can sign up for lessons by calling or stopping by the pool during regular hours or by contacting them through Facebook. They thank Mr. Tommy Payton and the members of the Rockville Lion's Club for providing another year of swim lessons.

There will be a benefit chicken dinner Friday, June 23 from 4:00-7:30 p.m. at the Fair Haven Park (on HWY C, 8 miles north of Walker, MO) to benefit Stoney Creek, Fair Haven and Walnut Creek Schools. The menu is all you can eat fried or BBQ grilled chicken, chicken & noodles, beans cole slaw, homemade bread and butter with freshly cranked ice cream and homemade pies for dessert. A freewill donation will be appreciated.

Appleton City July Second Saturday event will be July 8 from 6:00-9:00 p.m.

The Appleton City Fair will be August 19, with the parade at 5:00 p.m.

LEAP (Lewis Equine Assisted Programs) will have a barn dance, chicken dinner and silent auction fundraiser 6:00 - 9:00 p.m. at the Lowry City Community Center, 406 W. 4th St in Lowry City on June 24. Music will be provided by Campfire Cowboy, Randy Polson. Adult tickets are \$12, Children 5-12 are \$8. All proceeds will benefit Lewis Equine Assisted Programs. For tickets or more information, contact Kim at 816-506-6825.

River of Life Fellowship in Rockville is hosting a 24 hour worship service Saturday, July 1 into Sunday, July 2. Evangelist Mark Oswald, and his wife Rachel, from Shawnee, Oklahoma, will be present and ministering three times during the worship service. They will begin Saturday around 12:30 p.m. with some light snacks and an overview of the planned meeting. Mark will preach that afternoon and they will have interspersed times of worship and prayer throughout the evening and overnight. Coffee will be available throughout the night as well (say Hallelujah!). They will also have a light meal that evening followed by a youth centered service near 7:00 p.m. Other area ministry will be attending and involved throughout the evening. It is a come and go as you are able time to worship the Lord and be encouraged. They will take

Communion Saturday evening, as well as again on Sunday morning. Full breakfast will be served at 8:30 a.m. on Sunday, followed by regular Sunday School, and morning worship service with Mark sharing the AM message. An offering will be taken to bless the Oswalds. All are welcome to come and worship in a first ever type of event for the area, as they seek the Lord for 24 hours.

The 19th Annual Appleton City Car Show will be July 8 in the City Park, right off 52 Hwy across the street from Zink Motor Company. Check in 8:00 a.m.-noon. Car Show noon-3:00 p.m. This is a judged event. There is a \$10 entry fee, with proceeds going to two \$1000 scholarships for local high school students.
