Army Veteran Becomes Bona Fide Dog Trainer

BY JENNIFER JACKSON
Staff Reporter

On March 7, U. S. Army veteran Rebecca Price packed her car with clothing, bedding, kitchen items and her three-month old Dalmatian puppy, Percy. Leaving their home on Ohio Street in Clinton, Rebecca drove 230 miles to the Tom Rose School for Professional Dog Trainers in High Ridge, Mo., near St. Louis. There, she and Percy spent the next six months, living in a dorm apartment on the grounds, and spending almost every waking hour in training sessions.

"I got up at 6 a.m., and classes went until sundown," Rebecca said. "I would get a quick bite to eat, and then go back to training that went into the evening."

Due to the schedule, Rebecca and Percy made only a few trips back to Clinton, but at the end of July, finished the course and returned to Clinton, where Rebecca runs Dalmatia BnB, a "home away from home" boarding option for dogs. Now she is sharing what she and Percy learned at the Tom Rose School through "Board and Train," a three-week course of basic and ad-

GOING BACK TO THE BASICS, Rebecca Price worked with Percy in the backyard of her Clinton home. Price told The Democrat, "Getting a dog to climb up on the stand is one of the first things I teach because it focuses their attention and reduces distractions. Percy ignored Crumb, a pug who observed the training."

vanced obedience training through a combination of group classes and private lessons.

The training prepares the dog to pass the American Kennel Club's Canine Good Citizen (CGC) test, for which a dog must exhibit good manners when meeting a stranger or other dog, walk on a leash through a crowd and sit, lie down and stay on command.

Rebecca also breeds Dalmatians — Percy is one of six puppies born to Oreo and Juliet, her adult Dalmatians, last year.

In addition to Board and Train, Rebecca offers Puppy Class, four sessions of basic training for puppies, in which they learn commands, socialization and CGC prep.

"If you are struggling with your dog's bad behaviors

or want your puppy to be trained in obedience, we are here to help," Rebecca said.

She also offers private lessons for dogs, either at her home or the owner's house, teaching basic or competitive obedience, therapy dog training or whatever the owner needs.

Rebecca also offers Schutzhund/IGP Tracking, which

Concern Over Allen St. 'Welcome Homeless Sign'

BY LUKE EDWARDS
Staff Reporter

The Clinton City Council met in open session August 1, at City Hall. Councilwomen Debbie Smith and Martha Nichols were absent.

Following roll call and the recitation of the Pledge of Allegiance, the approval of the previous meeting's minutes were approved. The city council was a bit longer than usual and lasted until about 7:30 p.m. Here are the highlights:

Personal appearances: Clintonian Floyd Romig approached the council about the "hobo fence" on West Allen Street. "How'd you like that in your front or back yard everyday?" he asked the council. Mr. Romig said he considered it an eye-sore and also an issue of public safety. It appears there are some code issues concerning the property in question that are being processed in the local municipal court, but as yet no resolution has been achieved. The city council deferred to City Attorney Doug Harris who reiterated that things needed to play out in the municipal court first.

Reports: Amanda Johnson gave the Clinton Main Street update. She updated the council on the new Christmas Lights on the Square for this year (in partnership with Clinton Tourism to make it happen). Cars may pull on the square and tune into a radio station which will be in sync with the light display (at regular intervals). She also spoke about updates to billboards, a Main Street Connections meeting in St. Louis, and more "Slipping Into Summer" events on the downtown square which promotes local business. The annual Piccadilly is September 12 and the theme this year

is "Barbie." Tickets go on sale August 16th for that. She highlighted several new businesses on the downtown square and reported that Clinton Main Street was designated as a Main Street America affiliate out of 1200 communities.

Economic Director Mark Dawson also reported to the council. He reported four new project interests in the last six weeks — one of those needing rail access (which they were able to accommodate) but, alas, the amount of property needed was more than could be offered. Other project activity involves an electronics related industry and, of course, the ongoing "Project Queen" which is still in the works. He reported that "Project Diversity" is moving very fast. "We've been extremely busy," said Dawson. He reported working with Evergy recently to increase capacity issues at the Gerhardt Industrial Park as well. Overall, there have been 34 new projects this year and Director Dawson projected this year to have the most projects fielded since he started.

Historical Society Looks Forward To A Look Back On Shoe Factory

BY JENNIFER JACKSON
Staff Reporter

In 1931, the International Shoe Factory opened in Windsor. Its payroll carried the town through the Depression and four more decades, but by 1985, its days were numbered.

"I was there when the door was locked and it was closed," Dorothy Warren of Windsor said.

Dorothy will share her memories of the last days of the International Shoe Factory, along with some mementoes, on August 12 at a reunion for people who worked at the factory, or had family who did. Hosted by the Windsor Historical Society, the reunion is open to the public, and will be held at the fellowship hall of Windsor United Methodist Church, starting with lunch at 12:15 p.m. Fried chicken will be provided. Those attending are requested to bring side dishes and desserts.

The Windsor Historical Society held a 90th anniversary reunion last August, marking the day the factory produced its first

shoes. The factory was on Colt Street, five blocks north of downtown, but was the center of economic and social life in Windsor for five and half decades.

It prospered during World War II, supplying 47 percent of the combat boots and military dress shoes for Russian soldiers. Boots were shipped out by train

to St. Louis, where the company was incorporated.

The International Shoe Company had factories in other towns, and after merging with other companies, it became the largest shoe manufacturer in the county.

Government contracts for military footwear kept

the Windsor factory open through the mid-1980s. But in May of 1985, word came that the factory was going to be closed. By the end of June, the last orders had been filled, the machinery had been dismantled, and most of the workforce was gone.

"It was the end of an era,"

Have I Got A Line For You!

By James Mahlon White

Get your popcorn. This latest indictment of The Donald is going to be fantastic theatre. Subpoenas will be flying and the lineup of politicians, FBI and DOJ folks will be a sight to behold. A lot of people don't think this has anything to do with President Trump and everything to do with election interference. Uncle Joe said it out loud in a speech, "We won't let him be elected again." This whole show is like Princes and Lords who vied for the English throne centuries ago and jailed each other. Today it's a cabal of politicians doing the same thing and framing it as "justice." That idea is a vanishing notion in this country.

Well, well, well, Hunter's former business partner testified that President Biden was aware of his son's shady business dealings and called in during some of them. The Prez denies this and a spokesperson said, "These calls were about the weather." UNBELIEVABLE! Dinners, pictures, phone calls from oligarchs and \$50 million going to the Biden Family though shell companies. Who would have guessed it's all about the weather? Wonder if the banks with 200 suspicious activity reports knew this was all about the weather? Burisma knew it wasn't about the weather when Uncle Joe leveraged \$1 BILLION in taxpayer money to fire a prosecutor in Ukraine. Hunter got a \$10 million payday and the Big Guy got 10%. The DOJ is all over two sailors who were caught selling sensitive information to China and THEY SHOULD BE. Yet, here is our President walking around the beach in Rehoboth free as a crippled bird. Rules for thee, but not for me.

Better switch to something else before I upset my pen

pal and get another tome on President Trump's foibles and the glories of communism. But I do enjoy the correspondence!

Had a steak sandwich at Powell's in Clinton on Friday. It was GREAT and nice people working there too. Sign on the wall says, "If it weren't for you, we wouldn't be here." That's true for many things in life. Speaking of food, coconut pie would have been good for dessert. Lyla Williams makes one from a recipe her Mom used 50+ years ago when she ran Margie's Coffee Shop. It was located at Poor Boy Corner and was a popular place in this area. Lyla once left a coconut pie on my desk with a note saying, "This is not just a piece of pie, it's a piece of history."

I'm winding around and around. Lord save us from ghoulies, ghosts and things that go bump in the night.... and a few other things. Who'd have thought we'd witness what's going on in our country and the world right now? Listen, hang in there Old Buddy and have a buster of a day.

TRAINER

combines tracking, obedience and protection, and AKC Scent Detection. Those became her favorite part of the Tom Rose curriculum, she said, because they were fun for both the trainer and the dog. Percy learned to detect a scent in a selection of boxes, along a long wall and among 100 items, indicating the item with either a pseudo-drug scent or anise by sitting.

Police officers brought their Malinois Belgian Shepherds and German Shepherds from around the St. Louis area to the school to train alongside the civilian dogs.

"There would be 50 police cars in the parking lot on the days we did scent detection," Rebecca said.

Rebecca said living at the school was an adjustment at first — the hardest part was being around people all the time, as her dorm apartment was adjacent to a training room. But she soon realized the students spent so little time in their rooms, it didn't matter. She kept in touch with her teen-age children in Clinton by virtual reality, she said, and her grown son came to the school and visited her.

As well as cooking in their dorm apartments, students got together for pizza or barbecues, she said, and she got to have dinner with Tom Rose, an author and celebrity in the dog-training world.

"He is soft-spoken and knowledgeable," she said. The training at the Tom Rose School was so intense, she had to get another Dalmatian, Arrow, to share the load with Percy. Then her female adult Dalmatian, Juliet, developed separation anxiety, so "Jules" also went to live at the school with Rebecca.

"I had to rent another room just for the dogs," Rebecca said, "so that I had some space to study."

Rebecca supports the Clinton Animal Shelter, and is volunteering her new skills by taking and training a shelter dog in basic commands. Her first subject was Jazzy, who was uncontrollable on a leash. In three weeks, Rebecca taught Jazzy to respond to sit, down and recall, and to walk calmly on a leash. Jazzy has been adopted by a family with two small children, and Rebecca said it was heartening to learn that even the youngest girl can walk Jazzy on a leash without the dog pulling.

Rebecca is getting another shelter dog to train, she said.

On August 19, Rebecca and her family will return to the Tom Rose School for a graduation picnic, where she will receive her professional certificate. To graduate, students had to teach their dog to perform a trick. Percy learned to do an "orbit," which means the dog walks backwards in a circle around the owner, Rebecca said. Percy also learned to wipe her paws on a mat.

Arrow learned to jump over Rebecca's arm, a prerequisite to jumping through a hoop. Dogs can also be taught to give a high-five and do a "hand-stand," balancing on their front legs.

Tom Rose is the author of "Dog Training with the Touch," "Training the Competitive Working Dog," and "Dogs That Love and Protect." Rebecca said she was originally motivated to go to the Tom Rose School to train a protection dog for a friend who had experienced domestic violence. Attending the school changed her life, Rebecca said, and although it wasn't easy, she will be forever grateful to the instructors for the experience.

"This profession requires discipline, commitment, the ability to problem solve

and more," Rebecca said. "They have set me up for success."

In addition to improving your pet's behavior around other people and pets, training improves your bond with your dog, Rebecca said.

"You learn how to communicate with them and speak their language," she said.

To sign your dog up for a Board and Train course, Puppy Classes or private lessons, go to the Dalmatia BnB Facebook page. For more information, go to dalmatiabnb.org or call 660-890-5766.

JAZZY WAS ADOPTED after Rebecca put the shelter dog through a three-week Board and Train program at Dalmatia BnB, where Jazzy learned to walk on a leash around the Square.

CITY COUNCIL
Continued from page 1

by Councilman Cameron Jackson, include: council approval to construct a timber-framed boiler building for the Aquatic Center instead of the much delayed block-style building originally planned; shelter houses, ADA parking and restrooms are complete at Hurt Park — part of the restoration project there; the outdoor pool-house is open and there have been many positive comments. There are still some minor things to complete at the Artesian Pool, but it will soon be complete.

The Artesian parking and Hillcrest/Oakstar Drive pavement work is to be delayed because the projects came in about \$300,000 each over what was anticipated. Both will be put back out to bid. Council Gene Henry said he was disappointed that the drive related to the project, but which is under city purview, is not complete. He said the exit onto Business 13 (near the Everhart store) is in very poor shape and "give the city of Clinton a black eye). It was discussed that the project be completed without regard to the timeline for the other paving projects and will be on the Public Works agenda.

Other Public Works matters discussed/resolved at city council: the upper level pump repairs are complete; four hoists are needed to be inspected (as they are annually); there was an operations audit at Waste Water; all monitors have been installed at the lift stations, the most recent (and final one) was the Deer Creek one. Also, a request from the Stoneridge Home Owners Association to be annexed to the city was discussed. The request is due to pressure from the Department of Natural Resources to significantly improve their water filtration system and bring their waste water systems up-to date. It was discussed that the extra waste water would not be a problem capacity-wise for the city, but there is still discussion about whether the roads would stay private or become part of the city's responsibility. Early indications are that the city will try

to not adopt the roads along with the waste water systems.

Public Safety report highlights: Councilman Gene Henry reported, with the assistance of Captain John Scott of the Clinton Police Department, the software update needs of CPD. It was explained that the procedure manual, which other departments tend to have automatic updates for, is lacking at CPD. Although the start-up cost for the implementation of these programs (one is Lexipol for policy/procedure and the other is Caliber which allows for up-to-date reporting of police reports to other agencies), not having them is costing more in man-power and time than necessary. The council approved the purchase of both — Lexipol is \$51,000 to initiate and \$15,000 annually, and Caliber is \$100,000 to start and \$19,000 per year. The Caliber purchase will bring CPD into compliance of which they have been out of for many, many years. The council also authorized the donation of the surplus car (#7) which was reported to be in very poor shape, to the UCM Drive Course which CPD uses to train officers at, too (a mutual sharing of resources). The council authorized the purchase of a mass spectrometer to help CPD identify substances (i.e., drugs) without touching them. It will also enable holds of individuals charged without having to send off to a lab for verification, at least in the onset. A mass spectrometer was used recently as part of a departmental sharing from Warrensburg's PD to help apprehend an individual selling drugs near a school here in town. There was discussion about including Henry County in the purchase of the piece of equipment, but ultimately it was decided that it could be purchased (\$30,000) using American Recovery Plan Act monies and shared with other agencies (like the Henry County Sheriff's Department) as warranted. The final portion of the report included sharing that the new fire truck will be officially placed into service on August 3.

Councilman Wilson reported the Finance Committee's findings: The first reading of Bill No. 2023-21 was held and approved. The bill establishes procedure if it is found that there is a conflict of interest for officials. Resolution 10-2023 regarding a lease agreement at Gerhart Industrial Park (which has been in place since 1983) was approved by the council.

Mayor Carla Moberly complimented all the city department/agencies for their work after the recent severe storm. She deferred the floor to Fire Chief Mark Manuel after the nice words: Chief Manuel told the council he was worried about the lack of manpower per shift the fire department is experiencing (and has been experiencing for some time). He had tracked that only 86 of 213 days this year the department had full coverage on shifts. There were four structure fires in July alone and there were four heat related injuries to firefighters during that time as well to which the ambulance had to respond. Chief Manuel said he attributes all of those to understaffed shifts. It is a situation in which he fears something worse may happen to one of the responders if not corrected.

Unfinished business:

Bill No. 2023-22, an ordinance providing for the submission to a vote of the people the question of a local parks sales tax was read (first reading approved). Also, the first reading of a transportation sales tax question (Bill No. 2023-23) was held and approved by the council. A small discussion about the approval (by the state of Missouri) to authorize for a public safety tax was held, however, it was suggested that it not be an issue on the November ballot so as to give folks time to learn about it (the suggestion of Fire Chief Manuel). A Public Safety Tax was previously a forbidden territory for public entities.

New Business for the city: the first reading of Bill No. 2023-19 was held which addresses pertaining to a code of ethics for the ATS program (this is a requirement).

There was no closed session as expected at the beginning of the meeting (adjourn at 7:30 p.m.).

"My name is Joe Hilty and I am running for re-election to the board of directors for Osage Valley Electric. It's an exciting time to be a part of the new broadband expansion into rural West Central Missouri! I hope you have had the same great experience me and my family have had with the new service! If you are still waiting, it's coming very soon. We are nearing completion of the project on our system. We also have some challenging times ahead with the retiring of older generation plants due to the cost to maintain under the current EPA guidelines while virtually no permits are being issued for expansion of existing or the building of new plants, all the while electricity demands increase annually. Know that your cooperative board and its partners are fighting to do the best for you, our members, all the way up to Washington D.C. I look forward to being a part of that direction and would appreciate your vote starting August 1st! Look for the tab/link on our website at www.osagevalley.com or the link provided on the OVEC Facebook page. As a member, you can also join us on August 24th at the Benson Convention Center in Clinton for our annual meeting where you can vote in person."

Comprehensive Cancer Care is Closer Than You Think

CHEMOTHERAPY

SURGERY

RADIATION

Treatment for cancer often involves three treatment options used in combination: surgery, chemotherapy and targeted radiation.

If even one of these is unavailable or difficult to access, it can complicate or compromise the success of treatment.

Closer Care Coming Soon

When it opens later this year, the Dr. James and JoAnn Bourland Radiation Oncology Center will feature the cutting-edge technology of the most advanced linear accelerator. In addition to noteworthy radiation specialists, the center will offer world class cancer care in a familiar setting without a lengthy drive, potentially saving you hundreds of hours that could be better spent doing things you enjoy.

SHIRLEY MARIE MULVEY

Shirley Marie Mulvey, 84, of Otterville, MO died Saturday, August 5, 2023, at Bothwell Regional Health Center.

She was born November 9, 1938, near Windsor, MO in Johnson County, a daughter of Curtis and Sarah Margaret (Bohon) Powers. On June 12, 1965, in Otterville, she was married to James D. Mulvey, who died May 3, 2005.

Mrs. Mulvey was a member of First Baptist Church of Otterville and served in various capacities in her younger years. She was raised and educated in Windsor, MO and was a 1955 graduate of Windsor High School. She worked at Hallmark Card Co. in KC a short time. She then worked for The Rival Company as a purchasing agent for 43 years, retiring in December 2000. She started working in the Sedalia, MO office in 1957 and transferred to the Clinton, MO office in 1993. She enjoyed crocheting in her spare time, reading, and being with her family.

Survivors include two sons, Richard Wayne Mulvey (Belinda) and David Wray Mulvey (Tonya), both of Otterville; a daughter, Joyce Marie Lear (Rodger), of Oak Grove, AR; one sister, Ellen Faye Meinert, of Warsaw, MO; two brothers, Charles Lee Powers, of Windsor, and Robert Wayne Powers (Frances), of Excelsior Springs, MO; three grandchildren, Giulia, Gessica and Giordan Mulvey; one step-grandson, Daniel Lear; one great-grandchild, Raven Marie Adair; three step-great-grandchildren, Austin Lear, Makayla Lee Lear, and Christian Lear; one great-great-grandchild, Mason Freeman; sisters-in-law, Faye Mulvey, Ellen Powers and Frances Powers; and numerous nieces and nephews.

In addition to her husband and parents, she was preceded in death by two grandchildren, Kyla Marie Daniel and Shalotta Jo Daniel; a sister, Sarah June Zimmerman; and a brother, Walter Dean Powers.

Funeral services will be held at 11:00 a.m. Wednesday, August 9, 2023, at First Baptist Church of Otter-

ville, with Rev. Russ Slocum officiating.

Burial will be in I.O.O.F. Cemetery, Otterville.

The family will receive friends from 10:00 a.m. until service time Wednesday at the church.

Memorial contributions are suggested to First Baptist Church of Otterville. Arrangements are in the care of Heckart Funeral Home.

ELIJAH MONROE HAY, JR.

Elijah Monroe Hay, Jr. - a servant of God and lover of people - died July 30, 2023, in Georgetown, Texas. He was 78.

Born July 14, 1945, in Clinton, Missouri, to Elijah Monroe and Sarah May Hay, EM was the youngest of 12 children. He was an uncle at birth and is affectionately called "Uncle Junior" by his nieces and nephews. He was preceded in death by his parents and by eight of his siblings. He is survived by his wife of 57 years, Ann Hay, his daughter Angela Pettigrew and her husband Rob, his son Eric Hay and his wife Sarah, his grandchildren Mia and Maggie Hay and Katie and Caroline Pettigrew, and his siblings Harry Don Hite, Rose Ann Phillips and Carolyn Hubbs.

With such a large family who all lived in Clinton, his growing up years were filled with family. All the family gathered at the Hay farm on Sundays for meals and outdoor fun. Perhaps that is why for all his years as pastor the fellowship of the local church felt natural to him.

E. M. was a life-long learner and earned degrees from Southwest Baptist College (BA), Southwestern Baptist Theological Seminary (M.Div.) and Midwestern Baptist Theological Seminary (D.Min). Being the first person in his family to attain a doctorate was a high point for him, particularly since his father only had a fourth-grade education. He became an avid reader, filling shelves of his pastor's study with books relating to theology, leadership, and discipleship - and his home study with biographies of great men.

During his 45 years as a minister, E. M. found success in reaching people for Christ by just being who he was: a caring, generous,

approachable, thoughtful, fun-loving man whom God had called at 16 to enter the ministry. He embraced preaching the gospel, but also excelled at involving congregations in service and leadership, discipleship, and decision-making. He loved casting the vision God had given him and seeing it become a reality. During his life, E. M. pastored churches in Lake Ozark, MO, Jacksboro, TX, St. Louis, MO, Plano, TX, Tyler, TX, Independence, MO, and, finally, Sun City where he was senior pastor at The Worship Place from 2009 to 2014.

Throughout his life, E. M. was a great encourager, mentor, and friend to thousands of people. Whether sharing God's word from the pulpit, building a church staff, counseling others, being a neighbor, being fully present during good and bad moments, telling a story or joke, or calling others just to check in, he sincerely loved, enjoyed, and valued others.

One other hallmark trait of EM was his love for adventure and fun. He enjoyed hiking in the Rockies, fishing trout streams, horseback riding with his brother, photography and golf. He also loved projects around the house. It seemed like home was not home unless there was a stack of bricks or sand or dirt or wood near the driveway.

Of all this, E. M. could be proud, but he was a humble man, who would say that his greatest accomplishment was raising two good kids - and that is true. But only our heavenly father knows the eternal good he did by being a grace-filled gentleman as he stood behind the pulpit, interacted with the congregations of the churches he pastored, and loved his family and friends.

The family wishes to thank the team at Georgetown Living for their loving care during his time there. Friends are invited to celebrate E.M.'s life at a service and reception on Friday, August 18 at 2:00p at The Worship Place, 811 Sun City Blvd., Georgetown, Texas. Friends and family - especially those in Missouri - are also invited to honor EM at a memorial service on Saturday, September 16 (with visitation at 12 and the service at 1 p.m.) at First Baptist Church, 1531 N. Vansant Road, Clinton, Missouri.

In lieu of flowers, please consider a tribute donation to the building campaign at The Worship Place via check at 811 Sun City Blvd., Georgetown TX 78633 or by way of their online donation link at twtptx.org/giving.

ROBERT R. "BOB" GEORGE

Robert R. "Bob" George, 67, of Clinton, Missouri passed away Saturday evening, August 5, 2023 at his home. He was born August 31, 1955 in Windsor, Mo., the son of James Clyde George, Sr. and Frances Louise (Clark) George.

He married Brenda Hughey on June 4, 1984, and she preceded him in death on August 28, 2001. He later married Mary Faye Whitchurch in Roseland, Mo., on May 31, 2003. She survives of the home.

Bob taught school in the Lakeland School District and various area schools. He was a letter carrier for 30 years with the United States Postal Service. Following his retirement he was Santa Claus for the Silver Dollar City theme park in Branson, Mo., for several years.

He attended and graduated from Calhoun Schools, and was looking forward to his 50 year class reunion. He attended State Fair Community College, and graduated with his teacher's degree and certificate from Central Missouri State University, now the University of Central Missouri. Bob was a member of the Good Hope Baptist Church, Clinton, Mo., where he was a longtime Deacon. He enjoyed his role as Bible school leader and helping with the children's programs. He was a former member and Deacon with the Calhoun Baptist Church. He was a longtime supporter and participant in the Calhoun Colt Show. Bob was a member of the Clinton Masonic Lodge, No. 548, A.F. & A.M., the Scottish Rites Bodies and Ararat Shriners, playing in the Drum and Bugle Corps. Bob also enjoyed helping with the Cub Scouts and volunteering his time and talents for the Special Olympics in Sedalia, Mo.

In addition to his wife, Mary, surviving are two sons, Scott George, Louisville, Kentucky and Kevin George (Natasha), Las Vegas, Nevada; three grandchildren, Christopher Deemer, Clinton, Mo., Griffin Smith and Alder Smith, both of Las Vegas, Nv., one brother, Bill George (Jeanie), Springfield, Mo.; and several nieces and nephews.

In addition to his first wife, Brenda, preceding him in death are his parents and one brother, Jim George.

Graveside services and interment will be at 1:00 p.m. Tuesday, August 8, 2023 at the Englewood Cemetery. The family will receive friends from 11:30 a.m. to 12:30 p.m., just prior to the graveside at the Bradley & Hadley Funeral Home, Clinton. Condolences may be left online at www.bradleyhadley.com.

ly and friends of Robert Ray George who passed into the arms of Jesus this week. Please remember those on our prayer list Patty Dump, Jean Dittmer, Mary George and sons, Bob Howard, Mr. & Mrs. Robert Bond, Lou Young, Iris Pinkston, Nancy Mountain, Peggy Eshelman, Sonya Short, Millie Redding, Alma White, Carolina Lane, David Crawford, Bob Baird, and David Burson. We continue to pray for our military men and women and their families, as well as others in service jobs that we depend upon daily. We pray for guidance as we continue forward as a Christian fellowship on the square in Calhoun, Mo.

Joy's celebrate: Rev. Jackson Short was our speaker today. We were pleased to have Clint and Debbie Land with us again; as well as Linda Hawkins and Sue Lesmeister. The storms last week brought life sustaining rain, for some electric power was off for nearly 24 hours with lots of tree damage. Several from here attended the Eldorado UMC ice cream supper Saturday evening and enjoyed the fireworks display at Farrington Park later that night. Harvesters Food Drop is scheduled for Friday, August 11, about 12 p.m. on the Calhoun square.

Should you be looking for a new place to grow your faith come by for a visit. Coffee and a snack at 9:30 in the Welcome Room with worship at 10:00; come dressed as you are comfortable, bring the youngsters and be prepared to receive a blessing for your effort. We are a Concerned and Praying church should you find yourself in need of prayer we encourage you to join us any Sunday morning. We will be blessed by your presents.

Drakes Chapel UMC

Do you believe in miracles? The question was posed to the congregation on Sunday. Pastor Margie wasted no time engaging us in discussion that would lead her into today's message.

Drake's Chapel has been in prayer for so many the past several months and those prayers in some cases proved to let us experience what it is like to be a part of God's miracles.

Sometimes we just underestimate the power of prayer and how God listens to those of us who reach out to him. We know that all miracles are not earthshattering. We can see them every day. Could be in the birth of a baby that came into this world with a sick heart who needed a transplant and the gift of a perfect match was given or a dreaded diagnosis that never came to be... the cancer is gone. We at Drake's are very much aware of God's goodness and his blessings and yes, his miracles. The bible tells us so!

We are excited to be working on a mission project for the teachers at Sherwood Elementary. We will be putting together a basket of items for each teacher that they can use throughout the school year. We so appreciate the dedication of these educators and what they sacrifice to give their best to the children in that community. What most teachers give to their students goes far beyond what happens in the classroom.

The fall season will soon be upon us and we can't wait to share God's beauty with you at Drake's Chapel UMC. We hope you will join us Sunday in person or on Facebook Live at our new time 9:00 a.m. You can find us 5 miles east of Clinton off Hwy 52. Look for the sign on the highway.

First Baptist

On Sunday, guest speaker Grant Miller delivered the ninth message of the summer sermon series, 'Ears to Hear', titled 'Parable of the Good Shepherd'. In Luke 15:1-7, Jesus describes how the good shepherd leaves the 99 to find the one who is lost. This parable illustrates how heaven rejoices when one sinner repents. In Psalm 23, David describes that being a good shepherd also means that they will lay down their life for their sheep, as Jesus did for us. Because we are His, Jesus protects all of us. He desires a relationship with us enough to chase after us, and He rejoices when we are found and when we turn to Him. In the times when Jesus spoke this parable, He was looked down upon for being with outcasts. This reminds us that everyone was created in His image. We are all sinners, but still deserving of His love. He is waiting for us to turn to Him. All we need to do is repent and He will rejoice over us!

Celebrate Recovery is on Tuesday evenings, beginning at 5:30 p.m., for anyone with hurts, habits and hangups. GriefShare will resume on August 17th to provide help and encouragement after the death of a spouse, child, family member, or friend. Worship services are held on Sundays at 8:30 a.m. and 11:00 a.m. For more information and upcoming events, please visit www.firstbaptist-clinton.church or find us on Facebook at 'First Baptist Church - Clinton, MO'.

We invite those without a church home to join us in worship of our Lord & Savior, Jesus Christ. First Baptist Church exists to fulfill the Great Commission (Matthew 28:19-20) by loving people into a growing relationship with Jesus Christ.

First Presbyterian

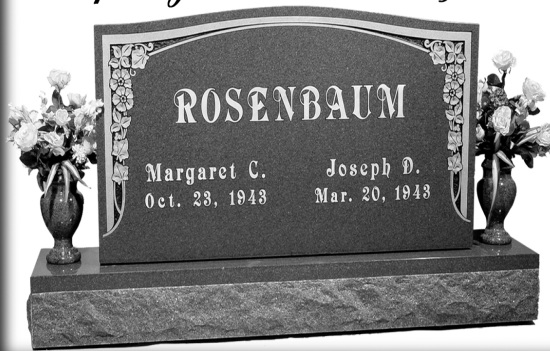

Our joy is found in the Lord. We can be assured of His tender mercies toward us. Let us pass that on to others. Serve by helping and ministering to those around you. By doing so you are serving the Lord. Oh what joy will follow. This Sunday's sermon title was True Grit as Rev. Nancy Gillard continued the summer sermon series "Faith on Film". Hebrews 11:1 was the choice of scripture. This week's anthem was performed by our choir "Rejoice, the Lord is King!" with Abby Hicks on the flute. What a blessing to have such talented musicians.

As a follow-up to the marvelous work begun at Jesus Camp, a new youth bible study, Core Values, began Sunday, August 6th and will run a total of 5 weeks. Youth ages 4th - 7th grades are invited to come. The fruits of the spirit are being studied and activities, dinner and songs will be included each week. For more information contact the church office at 660-885-5181.

The Presbyterian Women will resume their monthly meetings on Friday, September 8 at 1:30 pm in Fellowship Hall. Their book study this year will be "Sacred Encounters, The Power and Presence of Jesus Christ in Luke". Please let Connie Grisier know if you wish to purchase a book. All women of the church are invited and encouraged to attend.

Tai Chi classes meet each Monday and Wednesday at 10:00 am. Tai Chi helps strengthen your core and improve balance. Consider joining.

Summer is almost over and the kids will be back in school. It will soon be too late for family vacations but it is never too late to come worship with us. You will find a friendly group of people waiting to make you feel welcome. If in person worship is not an option watch the broadcasts available online at our website: fpclinton.com

Mt. Calvary Apostolic Pentecostal

“There is a Storm Coming”

Storms can be dangerous with the wind and lightning. What if a storm rose in the middle of the ocean? Where could you run? But to the Lord.

God told Paul that he was going to Rome. No matter what comes up before him. We should have that kind of faith. Do what God has called you to do.

Acts 27:9-11. (KJV)

People are like this. You can tell them something and they will listen to someone else and do what they say. That is how the enemy works.

That is how young people are today, they won't listen. Act 27:13-15. (KJV)

The devil likes to get you out in the middle of the sea. Through the storm, Paul told them to be of good cheer, that no life would be lost, only the ship.

God had to be involved in this from the start. How can a ship be destroyed and there be no loss of life?

Act 27:30-32.

When people get into stressful situations they don't think clearly. If the ship is going to be lost, a small boat will not withstand the storm either.

Paul told them unless they abide in the ship they would not be saved. It takes a man or woman of God to say something like that.

People always want to know how God is going to do something. They need to get out of his way and allow him to work.

(Acts 27:41-43)

They grabbed pieces of wood from the ship and were saved. How does this apply to us? When we hear a storm is coming we have to make preparations to be ready for it. What are we doing to prepare for the storms of life?

Mat 14:22. (KJV)

Jesus told the disciples to get on the ship and go to the other side. He told Paul to take a ship to Rome.

If God tells you that you are going somewhere. Do not panic when you are in the middle of a storm. Jesus told the disciples to be of good cheer when they saw him on the water. Peter wanted to go out to Jesus and Jesus told him to come.

People want to run out when there is a storm. Peter needed blinders on because when he focused on the storm he started to sink. People do that today, focus on the storm instead of focusing on Jesus.

When we are in a storm we need to call on Jesus. Jesus asked Peter why he doubted. Many Christians need to build their faith.

Peter was a hand length from Jesus but he lost faith. You can go a long way with faith. When Jesus and Peter stepped on the boat, the storm calmed.

Jesus was asleep on the ship when a storm came, but he was still with the disciples.

(Matthew 8:23-27)

Be prepared because we will endure all kinds of storms before we reach heaven. Don't be afraid of the storms of life. As Christians, we are supposed to have the Holy Ghost.

Don't allow Satan to take away your desire to read the word of God. Don't allow him to keep you from calling on God, or preparing for a storm coming. God Bless.

Valley Center United

Let the name of the Lord be praised, now and forever more.

Mary Chapman's thanked everyone for coming to her 98th birthday party! What a wonderful evening celebrating her birthday together!

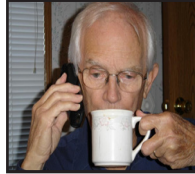

We thank David Cummings for joining us this morning and playing the piano while David Maggi sang! What talent they have!

The Bible has many wonderful stories about faith. Noah had the faith to build the Ark even before the storm. Abraham was 75 years old when he moved and totally changed his life. Sara was 90 years old when she gave birth to her son. If we look into these faces and you will see what faith looks like.

Today, we often have doubts and worries and we don't look for the light. just as with Sara, Abraham and Noah, faith comes without discussion or question and great things will follow!

Wisdom makes us cautious and sees things as they are. Faith allows us to see things as they could be.

We do not see with our eyes, but with our faith.

The Shepherd Calls by Dr. H. Wade Paris

SOUL FOOD---GOD'S WORD

“Well, it's over, Tom,” the old man said. I had just finished the Bible study at the nursing home. The words were spoken as though “Tom” had just dismounted from the dentist's chair. “Tom” had been asleep. That added injury to insult. Still, I chuckled when people reach their age, we grant them latitude. I could not help thinking how these men were typical of the world's attitude toward God's Word. For some, God's Word is painful like going to a dentist. The discipline of reading ranks low in popularity, reading the Bible even more so. The Bible, God's word, is food for the soul, and many are not hungry for it.

For others, Bible study is dull and boring. This is the worst disease of the non-Bible-readers. It means either the person has not really tried to study the Bible (and that means he does not want to), or it means he is dead inside. The Bible is not dull nor boring. There is life on every page, and its pages are as varied as the stars in the heavens.

There were twenty-six elderly people at the Bible study. Sure, some of them slept, and some just came to get out of their rooms; but some drank in every word. Thank God for folk who feed on God's Word. They shall be as a tree planted by the rivers of water, that bringeth forth fruit in his season; his leaf also shall not wither; and whatsoever he doeth shall prosper.” Psalm 1:3

The column above is one of the first The Shepherd Calls columns I ever wrote. It was to be a Pastor's Paragraph for our church's weekly bulletin. The local newspaper, Sikeston Daily Standard, picked it up and invited me to write a weekly article for the religion section of the newspaper.

The religion editor, Frank Burrell, encouraged me and sometimes prodded me. That was the summer of 1977, and since that time I have written nearly 2,400 columns. As you might expect, much has changed in those fifty plus years. Today, the printed word suffers with the rise of electronic media. Still, I continue to write; and we e-mail several hundred columns each week to media sources and individuals because God's word is food for the soul.

Commission THURSDAY JULY 27TH, 2023, 7TH DAY OF THE JULY TERM

The Henry County Commission met pursuant to adjournment at the courthouse in Clinton, Missouri.

Those members present were: Jim Stone-Presiding Commissioner, Dale Lawler-South District Commissioner, Kelly Marriott-Deputy County Clerk, Absent: Rick Fosnow-North District Commissioner

At 9:00 a.m. Commissioner Stone brought the meeting to order.

The agenda was approved as presented.

The minutes from the Tuesday, July 25th, 2023 meeting were read; Commissioner Lawler made a motion to approve the minutes. Commissioner Fosnow seconded the motion, motion carried.

Expenditures from the following were approved to be paid: Road and Bridge, Employee Benefits, Juvenile Office, University Extension

LaChrisa Gray, Prosecuting Attorney, attended the meeting to discuss appointments to the new LERF Board. A call was made to Tina Redding to ask if she would be interested in serving on the board. Tina agreed to serve. Prosecuting Attorney Gray then discussed a piece of equipment that the City of Clinton and the County are looking at purchasing. She believes that the equipment would be a service to not only the Courts but Law Enforcement.

Commissioner Stone left the meeting at 9:30 a.m.

Due to a lack of a quorum the 10:00 a.m. bid opening for a time clock system for the Detention Center must be rescheduled. The bid opening will now be Tuesday August 1, 2023 at 10:00 a.m.

Commissioner Lawler had to leave to attend a TAC meeting at 9:30 a.m.

Commissioners adjourned at 9:30 a.m.

TUESDAY AUGUST 1ST, 2023, 8TH DAY OF THE JULY TERM

The Henry County Commission met pursuant to adjournment at the courthouse in Clinton, Missouri.

Those members present were: Rick Fosnow - North

District Commissioner, Dale Lawler - South District Commissioner, Rick Watson - County Clerk

Absent: Jim Stone - Presiding Commissioner

At 9:00 a.m. Commissioner Fosnow brought the meeting to order.

The agenda was approved as presented.

The minutes from the Thursday, July 27th, 2023 meeting were read; Commissioner Lawler made a motion to approve the minutes. Commissioner Fosnow seconded the motion, motion carried.

Expenditures from the following were approved to be paid: Law Enforcement Fund, 27th Circuit Treatment Court, Court Administration, General County Government, Collector, Assessor, Administrative Handling Cost Fund, Prosecuting Attorney's Training Fund, Inmate Security, Road and Bridge, Law Enforcement Department, Prosecuting Attorney, County Clerk Buildings and Grounds, Victim Advocate, Employee Benefits

The Commission discussed the narcotics analyzer that the City of Clinton and the Prosecutor's Office wants to purchase. Commissioner Lawler shared of some research he had done on the machine and its capability.

Commissioner Fosnow shared of a conversation he had with the Mike Briggs of the Windsor Special Road District. The conversation was centered on CART rock contracts.

Commissioner Fosnow also shared of a conversation he had with Kenny Price in regards to tow service dispatch calls from the 911 center. Commissioner Fosnow shared that he doesn't have any control over 911 Emergency Communications. He was referred to visit with them.

Clerk Rick shared a solicited proposal to repair the roof of the Emergency Operations Center on Washington St. The estimate came to \$27,119.00. No action was taken.

Commissioner Fosnow shared that he met with Gary Scott to discuss a log jam on Big Creek causing the issues on NW 1101 Rd.

At 10:00, the Commission conducted a bid opening for the purchase of a Time Clock Management and Scheduling software for the Sheriff's Office. Only 1 bid was received, from Tyler Technologies. The bid totaled. \$33,760.00. After brief discussion, Commissioner Lawler made a motion to purchase the software, Commissioner Fosnow seconded the motion. The motion passed with a roll call vote of Lawler - yes, Fosnow - yes, and Stone - absent.

Tina Redding, Deer Creek Township Board Member met with the Commission to discuss the county's CART contract. She provided documents that outlined the final costs for the 2023 contract for her township. She shared that rock had increased 50% over 2019's prices, and that hauling had increased 80% over 2019's prices. She requested that the Commission allow for additional funding in 2024's budget for CART rock distributions to townships.

Tina also shared that the township has been busy getting fallen trees removed from the roadways, due to the Sunday storms. A return call was made to Megan Malott to discuss working with the county to remove the log jam on Big Creek, in Big Creek Township, which causes a back-up and floods NW 1101 Rd in Bogard Township. She shared that she has made contact with numerous agencies in her research for assistance. Commissioner Fosnow shared that the county would be replacing the 2 bridges on NW 1101

Welcomes Podiatry Nurse Practitioner

JAMIE MOORE

Golden Valley Memorial Healthcare (GVMH) is pleased to welcome Jamie Moore, AGNP-C to its Podiatry Services team.

In this role, Moore will work alongside Dr. Garrett Child to provide the diagnosis and treatment of disorders of the foot, ankle and lower extremities through surgical and nonsurgical means.

Moore received a Master of Science in Nursing Adult-Gerontology Nurse Practitioner from Maryville University in St. Louis, MO, a Bachelor of Science in Nursing from MidAmerica Nazarene University in Olathe, KS and an Associate of Applied Science in Nursing from Fort Scott Community College in Fort Scott, KS.

"We are delighted to welcome Jamie to the Podiatry team," said Savanna Facklam, Executive Director of Ambulatory and Tele-

health Services. "She is an expert in her field, and I am confident that she will be a great asset to our patients."

For more information about GVMH, visit gvmh.org and follow on social media @choosegvmh.

Announces August Employee of the Month

ASHLEY DITTMER

We are pleased to announce that Ashley Dittmer is the August Employee of the Month.

Dittmer has been an employee of GVMH since July 2018 and works as a Certified Medical Assistant in the Clinton Clinic.

Her nomination stated that Dittmer is always gracious and helpful with new employees or students, immediately making them feel at home. She goes above and beyond to advocate for patients and is the go-to person in her department for questions.

As the Employee of the Month, Dittmer received a GVMH gift and her name will be engraved on a plaque to be permanently displayed in the hospital. She is also one of 12 finalists for the 2023-2024 Employee of the Year award.

Rd with 2 culverts at each bridge.

Collector Ann Julian shared that she is down to 38 properties that will be offered at the August 28th, Back Tax Sale. There was also discussion of her enacting an office policy.

Paul Wilson called into the Commission to inquire about moving trees from a right of way. He was referred to Dennis Bowers, of the Road and Bridge Department.

At 11:05 Megan Malott and Gary Scott met with the Commission. Megan shared that she is the Executive Director for the Fulton County, Indiana Soil and Water. She shared of various grants available, in Indiana, that assist in removing log jams. Megan provided pictures of the drift wood causing the log jam in Big Creek. Gary shared that he had removed the log jam about 18 years ago, and had paid for the whole project himself. Megan shared that she had contacted James Reenan, of the US Army CORPS of Engineers, out of Jefferson City. There was discussion regarding grants and funding to assist in removing the log jam. It appears that Indiana has a grant available, but not Missouri. Gary shared that he wasn't looking for money, but thought the county needed to get involved in order to get permits from the Missouri Department of Conservation.

The Commission called the local ASCS Office. Anionette Bullock referred the Commission to the US Army CORPS of Engineers. A call was made to James Reenan, a message was left. A call was made to the US Army CORPS office in Warsaw, a message was left.

Ms. Mallot read an email she had received from James that stated there are no bank stabilization programs available from the CORPS, at this time. He also stated, in his email, that he would be able to assist with the permitting. A call was made to Mike

Mueller, of the Missouri Department of Natural Resources. Mike shared that his agency would not be able to assist with the project.

A call was made to Shannon Stewart of Kaysinger Regional Planning Commission. A message was left. Commissioners adjourned at 12:00 noon.

60 Years Of Family Reunions

ANDREW DAVIS MCQUEEN AND SARAH TOPE MCQUEEN

ATTENDEES AT THE MCQUEEN REUNION 2023

For more than 60 years the descendants of Abel "Ellsworth" McQueen and Nellie Briggs McQueen have gathered on the 4th Sunday in July to catch up on family news, reminisce and exchange stories about life and reunions in the past. Having missed only a single year during the covid pandemic, the group again congregated on Sunday, July 23, in the community room at Cloy Estates. In addition to our regular attendees (Brenda Glass, Karla Glass Barnes, Donna Ebersole Kingsolver and Ed Ebersole represented the Mary Nadin McQueen Glass family, Denver Siercks, Denise Siercks and Deanna Siercks Hon represented the Sarah Rhoda McQueen Siercks family, Jamie Hunsucker Faudere, Dan Hunsucker, Callie Hunsucker and Morgan Hunsucker represented the Alice Oletta McQueen Yearout family and Sharon McQueen Black represented the Joseph Charles McQueen family) we were excited to welcome new-

comers to our reunion, Kristen Stoudt and daughters Olivia Stoudt and Talia Stoudt, who represented the William Herbert McQueen branch of our family tree. Special guest (and now an honorary member of the McQueen family) was Dee Parish who, along with her husband Chris, are the owners of "Uncle Andy's House."

There was a great deal of sharing interesting information about McQueen family history, and Kristen brought along fascinating show-and-tell memorabilia.

It was decided that next year's reunion would be held at Farrington Park in Windsor, the park having been the venue for about 50 such gatherings. We would also like to extend an invitation to other branches of Andy's and Sarah's family to join us. For more information about upcoming reunions, contact Deanna Hon at dhon@phonixcompanies.net or Sharon Black at sharonblack1600@gmail.com

LOOKING BACK

with Guest Sports Reporter **TIM KOMER**

THE USWNT's Megan Rapinoe hung her head following her team's loss to Sweden.

USA Falls to Sweden! One Millimeter: Are you kidding me?

This was not a game of inches, but of millimeters, one millimeter to be exact. A very painful loss in overtime. PKs knocked the US National Soccer team out of the 2023 World Cup, Sunday, August 6. It was in the first round of the 'Knock Out Stage'. This was the earliest the US has ever been sent home. I was crazy enough to get up at 4 a.m. to watch the game. It was a good one, but a huge heartbreaker. In this game, the US Women played their best soccer of the tournament, but found no goals in regulation or in the 30 minutes of OT. To win the US goalie, Alyssa Naeher, needed to block one more PK shot from the Swedish team. Naeher guessed correctly, leaped to her right, and the shot banged off her hands. A great save, but the spinning ball flipped up in the air. Naeher knew she had to slap it away from the goal line. She did, I thought. The shot was reviewed (dang modern technology) and it was found to have crossed the goal line by one millimeter. It was very disappointing news from the high-tech seven-

camera video review. The US Women had their chances in regulation, and so did Sweden. I can not imagine the pressure on the players asked to take PKs to win or lose a World Cup. Three of our star players missed. Hard to believe. How about the massive pressure on the goalies? Even if you are

a fan you have to think that USA women's soccer is no longer dominant. The world has caught up. In a way, that is a good thing. It makes for better soccer, but in the future, it would be nice to see the US teams play better than they did in this tournament. They only scored four goals in four games and three were against low-ranked Viet Nam. I know soccer is a defensive game, but you can not win a World Cup like that.

Deserved or not I am sure the coach, Vlatko Andonovski is gone. Was he part of the problem? Most would say yes. It was clear to me that subbing Rapinoe for Morgan late in the game made no sense. Morgan had multiple shots on goal during the game. Rapinoe ended her great career by missing a critical PK. Of course, coach Andonovski had big shoes to fill. After all, the US National team had won two straight World Cups. A tough act to follow.

What's next? Older Players: Megan Rapinoe at 38 will hang up her National team cleats, Alyssa Naeher is 35, Alex Morgan is 34, but may return, Julie Ertz at 31 has announced her retirement, Crystal Dunn is 31. She had a good tournament, but will she return? Remember players have to earn their way back onto the team. It is extremely competitive. Lindsey Horan and Emily Sonnett are both 29 and could be done with their WC careers. Soccer is a young person's game. (Most games are.) Soccer, as I like to say, is a track meet with a ball. After a big loss, our National teams always go through a lot of 'evaluation'. No doubt there will be new faces in Looking Page 15

Steward Chosen To Take Reigns Of Cardinals Basketball

Clinton High School is proud to announce it has selected Andre Steward as its next boys basketball coach. Coach Steward will also begin his second year teaching social studies at Clinton Middle School this fall.

Steward, a 2008 graduate of CHS, is no stranger to the basketball court. He was a member of the 2008 CHS district championship team, which had an impressive season record of 23-5, and was ranked 5th in the state for class 4A. Steward was also an All-Conference, All-Area and All-District player.

Coach Steward has taken his passion and love for the game and shared it with others through coaching. This year will be his third year coaching in the district. He also started a youth basketball organization in

2009. The Nets organization has grown to accommodate 10 teams. The 6th grade boys team recently competed at the Show-Me State Games in Columbia, MO, placing third.

With the support from his significant other, Lacie Kenney, and children Andre, Amaya and Brinlee, as well as a multitude of community and family members, Steward is excited for this new journey.

"I am truly honored and humbled to receive this opportunity to become the head basketball coach in the town I was raised in," he said. "This community means a lot to me, I am glad to be a part of this journey."

"The Clinton School District is excited for Coach Steward to take control of the boys basketball program," said CHS Activities Director Kevin LaFavor.

Boys Basketball Coach

CARDINALS BASKETBALL will be led by Andre Steward in 2023-24. Steward is charged with turning around a program that hasn't had a winning record in five seasons.

"Coach Steward knows the game really well, and as an assistant coach has proven his ability to build relationships with student-athletes. Andre has developed and built the Clinton Nets

Youth Basketball Program over the past 7-8 years. This shows a commitment to not just basketball but the Clinton community as well."

Welcome, Coach Steward!

Lady Cardinals Tennis To Be Led By Combs

Emily Combs
Clinton High School
Girls Tennis Coach

THE LADY CARDINALS TENNIS program will be led by Emily Combs. She enters her first year with Clinton tennis, but is beginning her 24th year in the classroom.

Clinton High School is proud to announce it has selected Emily Combs as the next head coach of the

girl's tennis team. This fall, Coach Combs will also begin her 24th year of teaching in the Clinton School District,

where she is a math teacher at Clinton Middle School.

Combs played multiple sports during her years as a student-athlete, including volleyball and basketball. She continues to be competitive by participating in local 5k races.

Combs and her husband Brad (Director of Clinton Parks and Recreation) are both graduates of Clinton High School. Together they have two children. Carley will be a senior at CHS and is a varsity cheerleader and tennis player. Quintin and his fiancée, Haylee, live in Clinton. Quintin is also a Clinton High School graduate and is currently the Assistant Agronomy Manager at Farmers Elevator.

"I am excited to be coach-

ing again and for this year's tennis season," said Combs.

"I have become passionate about this sport. Not only is it a life-time sport but it teaches confidence as well as mental and physical toughness. I have watched these girls play the past three years and I look forward to continuing to grow strong athletes as well as developing poise on the court for off-the-court situations."

"Emily has been working very hard to prepare for the fall season on short notice," said CHS Activities Director Kevin LaFavor. "She has coached multiple sports in the district over her tenure, and I am excited to see what she can do with our student-athletes"

Coach Batschelett To Head Middle School Football At Clinton

Clinton Middle School is proud to announce it has selected Dave Batschelett as the head coach of it's Cardinals football team. Coach Batschelett will also be joining the staff at Clinton High School this fall where he will be teaching social studies.

Batschelett is a proud 1987 graduate of Clinton High School. During his high school career he was a 3-year letterman in football and wrestling. He was also an All-Conference offensive and defensive lineman and captain of the 1986 CHS conference championship team. Batschelett's love of football did not end in high school. For 10 years, he shared his knowledge and passion for the game with youth football programs

where he coached students in grades 3-8. Coach Batschelett is also an AFAA Certified Group Fitness Instructor.

"I recently moved back home after 30 years away to put myself in a position to give back to the community that raised me and gave me so many opportunities," said Batschelett. "I'm excited to be an integral part of teaching Clinton's student-athletes how to work hard and achieve greatness both on and off the field of play."

Clinton Activities Director Kevin LaFavor is looking forward to Batschelett leading the CMS Cardinals. "Coach Batschelett is coming home after a long stay in the St. Louis area," LaFavor said. "We are excit-

well as hold them accountable to keep improving day in and day out."

Welcome home, Coach Batschelett!

Lady Cards Softball Receives Generous Donation From Hawthorn Bank

EARLIER THIS SUMMER, Clinton High School girls softball was blessed to receive such a kind donation/sponsorship from Hawthorn Bank in Clinton! This team focused on building relationships with their community this summer. It has been a great experience for them, and they couldn't be more thankful for the support their program has been shown. Their season starts Monday and they can't wait to have another great year!

**NOTICE OF PUBLIC TAX RATE HEARING
DAVIS R-XII SCHOOL DISTRICT
AUGUST 15, 2023
7:15 P.M. TO 7:30 P.M.**

A hearing will be held from 7:15 P.M. to 7:30 P.M. August 15, 2023 at Davis R-XII School at which time citizens may be heard on the property tax rate proposed to be set by the Davis R-XII School District. The tax rate is set to produce the revenues which the budget for the fiscal year beginning July 1, 2023 shows to be required from the property tax. Each tax rate is determined by dividing the amount of revenue needed by the current assessed valuation. The result is multiplied by 100 so the tax rate will be expressed by cents per \$100 valuation.

ASSESSED VALUATION (BY CATEGORIES)	PRIOR TAX YEAR 2022	CURRENT TAX YEAR 2023
Real Estate Residential	\$ 5,702,900	\$ 6,098,590

**HENRY COUNTY HEALTH CENTER
NOTICE OF PUBLIC HEARING: 2023**

A public hearing will be held at 6:00 pm on Monday, August 28, 2023 at 1800 Community Drive, building B. in the Education Room. There will be signs on the entrance door notating the location.

At this time, Henry County citizens may be heard on the proposed tax rates to be set by the Henry County Health Center board. The taxes proposed are for the purpose of operating the Henry County Health Center during the 2024 year. Each rate is determined by dividing the amount of revenue required by the current assessed valuation. The result is multiplied by 100 so that the tax rate will be expressed in cents per \$100 valuation:

Assessed Valuation	Prior Tax Year (2022)	Current Year (2023)
Real Estate	\$343,728,113	\$384,527,116
Personal Property	\$109,290,554	\$116,446,754
Totals	\$453,018,667	\$500,973,870

	Prior Tax Year (2022)	Current Tax Year (2023)
Proposed Property Tax Rate (per \$100) for General Operating Purposes	0.0847	0.0835
Revenue required to be provided from Property Taxes as set in the Annual Budget	\$383,706.81	\$418,313.18

Increased Tax Revenue from New Construction and Improvements	\$15,622.32
Increase in Tax Revenue from Reassessment	\$19,185
Percentage of Increase in Tax Revenue from Reassessment	5.0000%

The budget of the Henry County Health Center can be inspected at the Administrator's office at the Henry County Health Center. The above assessed valuation figures are subject to change as determined by the Henry County Assessor. These tax rates are subject to change by the State Auditor's office. LOOKING cont.

2027.

Many of the 'kids' on the 2023 National team will very likely return: Alyssa Thompson is 18, Trinity Rodman is 21 (Yes, Trinity is Dennis Rodman's daughter), Sophia Smith is 22, and Naomi Girma is 23. Others that we might see are Andi Sullivan 27, Emily Fox 25, and Emily Sonnett age 29. I sure hope, my favorite player, Rose Lavelle, age 28, returns in 2027.

So, the future does look bright, but I do believe we need to be ready for parity. If the world has caught up, what will that look like? It is fun to note that girls have many paths to their soccer dreams: Travel teams, Developmental teams, College teams, and several Pro leagues. To the US Women: "We will see you and support you in 2027, but no millimeter PKs next time. OK?"
