War And Peace: Take A Time Machine Into Missouri History

BY JENNIFER JACKSON
Staff Reporter

This coming weekend, Sept. 15-17, Primitive Olde Crow is taking visitors back to the 1860s by hosting a Civil War re-enactment at the winery grounds, east of Clinton off Highway 7 South at 32 SE Hwy.Aa.

There is no charge to attend the reenactment, which will be staged by the Missouri Civil War Reenactors Association and the 8th Missouri Cavalry, a horse cavalry unit based in Springfield. Artillery, cavalry and infantry units from four different states will clash at Olde Crow, according to David Plummer, commander of the 8th Mo.

"The 8th Mo Cavalry will portray Union soldiers, including mounted, dismounted, and civilian members," Plummer said. "We will have around 25 members at the event."

The group, based in Springfield, participates in Civil War reenactments, living history events, rides in Midwest and national events, and has been seen in movies and documentaries, according to the 8th Missouri Cavalry Civil War Reenactors Facebook.

educational events is the group's primary goal. Friday, Sept. 15, is set aside for school groups to visit the camps on the grounds of Primitive Olde Crow, which consists of the Mercantile, event barn and a brick-oven pizza restau-

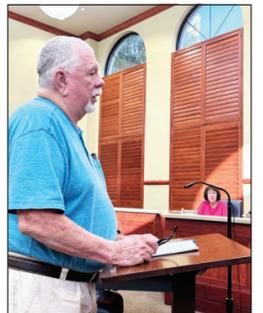

rant. Visiting the camps allows students to talk to the reenactors, who strive for historic accuracy in their uniform and equipment, and see how Civil War soldiers lived during a campaign, the equipment they carried and types of weap-

ons and artillery they used.

The soldiers' camps will open to the public on Saturday at 9 a.m., with unit drills at 10 a.m. Battles will be re-enacted at 1 p.m. on Saturday and Sunday. Demonstrations take

Go "West Of Pecos" For A Frontier Comedy In Clinton

BY JENNIFER JACKSON
Staff Reporter

The signs on the wall of Judge Roy Bean's saloon/courtroom warn against behavior that is bound to rile the judge: No fighting'. No spittin' on the floor. No cussin'.

The biggest no-no of all: No shooting on Lily Langtry Day.

Those are the rules in Langtry, Texas, a railroad town where Judge Roy Bean's word is the law, and the premise for Heartland Community Theater's fall comedy, "West of Pecos."

On trial is Orin Powers, who not only broke the "No shooting on Lily Langtry Day" rule, but also shot two holes in the posters of the singer that the judge put up around town. In his defense, Orin only hit the photo of Lily in the kneecaps and he was aiming for Wild Man Jack, who stole Orin's horse. But as Orin admits, he's not a very good shot.

Judge Roy Bean was a notorious real Western figure who claimed to be

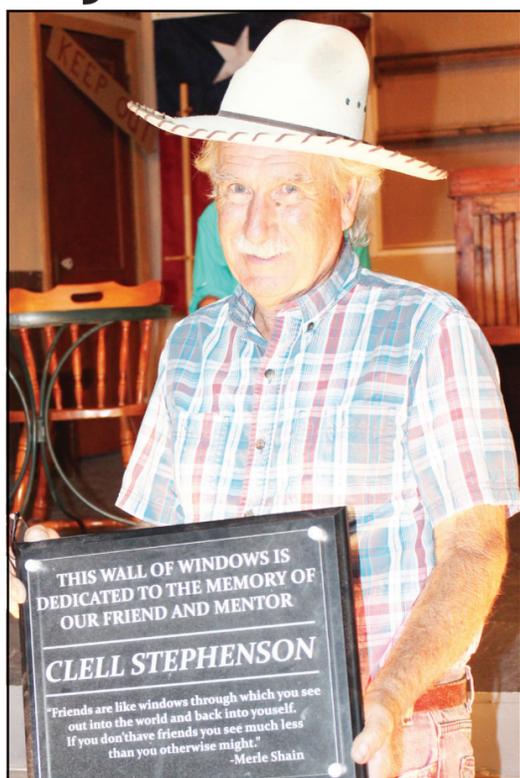

"the only law west of the Pecos," the river that was the dividing line between East and West Texas. The judge, played by Joe Trogden, was an ardent fan of Lily Langtry, who he never met, but named his saloon, the "Jersey Lily" after.

At the end of Act 1 of Tim Kelly's play, Lily, played by Claire Crittendon, arrives in Langtry to plead for clemency for Orin, who the judge is bent on hanging.

But by the second act, Lily is caught up in her own melodrama with Squire Peutry, who threatens to foreclose on Lily's grandmother's cottage if Lily doesn't agree to marry him. Julia Klinefelter of Urich plays Lily's grandmother. Von Schmidt, who is also the play's director, is the evil squire.

Mike Klinefelter plays Spurs, an outlaw that hangs around Judge Roy Bean's saloon. Sam French is a ranger who maintains order with a shotgun. Kate French plays Orin's

Have I Got A Line For You!

By James Mahlon White

Monday was the 22nd anniversary of the September 11th attacks. Seems like a long time ago, but it really wasn't, though there's a whole generation who have no memory of it. For many of us, it's a date we remember "where we were." This event should be required in EVERY civics class in EVERY high school in America, otherwise history is doomed to repeat itself. I was in Dallas attending a meeting downtown and had the TV on while getting ready. There was a story about Gary Condit, the Congressman accused of killing a girl names Chandra Levy. While listening to Gary's latest problem a bulletin came across..."A plane has crashed into one of the World Trade Center buildings".... then another one. Wonder if our open border policy has set us up, God forbid for another attack? A Texas judge just order the removal of a 100ft inflatable Rio Grande barrier stating, "The buoy is a threat to safety." UNBELIEVABLE! The only danger is to someone breaking the law. Meanwhile we continue to erase and change American history, warts and all, by tearing down statues, renaming schools and coming up with new holidays to honor rioters.

large amount of Roman weapons dating back to 100 BC were found in a Spanish settlement. Romans rampaged Spain in what is now France where they killed thousands of Gauls and Julius Caesar enslaved thousands more. From ancient times to modern, Europe's land is covered with blood from one end to the other and I'm surprised there haven't been calls for taking down statues of Caesar over this. Ah well, human history is full of mystery, compassion, love and violence.

Speaking of mystery and violence, a Secret Service Agent who witnessed President Kennedy's assassination has come forward with new information. Paul Landis says he found another bullet and believes it struck the President in the back, disputing the "Magic bullet theory." I still find it odd that everyone chooses to ignore the CIA's possible hand in all of this, President Kennedy hated them and they disliked him, especially after he said he was going to, "Break up the CIA and scatter it to the wind." Meanwhile, we are supposed to go on thinking that one bullet did all the damage, pin-balled around in the car and landed on Governor Connally's gurney. What really happened? We'll probably never know, but what does it matter now? We can't go back and undo it.

INTERNATIONAL NEWS! Roman swords in almost mind condition were discovered in a Dead Sea cave last week. They date back 1,900 years. Fascinating to think about "Who" they belonged to and how they ended up there. I remember several years ago when a

Missouri is moving to time-based electric rate plans this fall.

Missouri customers will have a choice of **four new rate plan options**. Evergy is here to help you understand your options and choose the rate plan that best fits your household.

Why is Missouri changing to time-based rates?

Timing is everything when it comes to energy costs. Time-based rates match the cost you pay with the actual cost to produce energy. With time-based rate plans, you'll pay less for energy during off-peak times, when demand for energy is lower, and more for energy used during the peak hours of 4-8pm.

MARY SUSAN "SUE" CLOUD

Mary Susan "Sue" Cloud was born on August 23rd, 1960 in DeKalb, Illinois to parents John and Bonnie McClure. She departed this life on September 9th, 2023 at Research Medical Center in Kansas City, Missouri after an aggressive battle with cancer.

She grew up in Detroit, Michigan. She went to Gardener Grade School, Ruddiman Junior High, and Cody High School. She met her husband Terry Wayne Cloud in Michigan in 1992, and they were married November 16, 1994.

She worked for several years at Schreiber Foods until her first cancer diagnosis forced her to retire in 2017.

Family was her world. She knew everything she possibly could about her kids and grandkids, and if you asked her how they were she would show you pictures and tell you endless stories. She always showed up. She made everything and everyone better.

Her favorite place to be was outside. She loved her daily walks and tending to her flowers. She simply loved the sunshine, and she was the sunshine of our family.

If you ran into Mary, it was probably at Walmart. One of her favorite things to do was shop.

Mom was a very loving person. She would give her last dime to anyone in need, hence she became a mom to many others. Any friends of her children will attest, there was no mom like our mom.

The past five years she was in remission were the best years of her life. She retired from Schreiber after decades of service to

the company. She traveled more than she had her whole life. Any chance she got, she would fly to Pennsylvania to see Nicole and Brielle. Also, she started a tradition of flying to Michigan to visit her brother and sister. Family was her world.

She is survived by her husband, Terry Cloud of the home; three children, Ricky McNabb, Clinton, MO, Nicole White (Mike), Chambersburg, PA, and Melodie Cloud (Mason), Nixa, MO; grandchildren, Paige, Jordan, Greyson, Kayleigh, Marley and Brielle; and numerous "fur grandbabies"; siblings, George McClure, Roxanne Davis and Maurya McClure; and numerous nieces and nephews.

She is preceded in death by her parents John and Bonnie McClure, her father and mother-in-law Mark and Barbara Cloud, her brother John McClure, and one granddaughter Riley McNabb.

A Celebration of Life will be at 10:00 a.m. Friday, September 15, 2023 at the Bradley & Hadley Funeral Home, Clinton. The family will receive friends Thursday evening from 6:00 to 7:00 p.m. at the funeral home. Condolences may be left online at www.bradleyhadley.com.

She spent 31 years working at Golden Valley Memorial Hospital, where she advocated for patients needs as a ward clerk, phlebotomist and culminating her career as a lab processor. Upon retirement in 2019 she moved to Liberty, Missouri to be closer to her daughter and grandkids. In her spare time, she loved listening to music, playing cards with neighbors and spending time with family. She cherished her mother daughter trips to the nail salon, especially getting matching nail colors. Her love for dogs always brought her so much joy. Her grandkids were the light of her life and proud of them beyond measure. She never grew tired of her favorite sweet treat of fudge rounds and Coke. This side hustle allowed him access to the games, along with representing the organization at community charity events throughout Tampa Bay. He loved the charity work so much that he also joined the Tampa Bay Rays organization working as a 50/50 raffle team member. This close-knit team focused on raising money at the games for charity and community giveback programs specifically the Ronald McDonald House of Charities. Jonathan loved his two dogs, Dutch and Daisy, along with his cat Charles.

Jonathan is survived by his father, Ken (Gail) Jurgensmeyer of St. Charles, Missouri and his mother Jennifer McCarthy of Dunedin, Florida, his sister Emiley Jurgensmeyer of Palm Harbor, Florida and his brother Eric Jurgensmeyer of Tampa, Florida, along with aunts, uncles, many cousins, and many friends with the Tampa Bay Bucs and Rays organizations.

Jonathan's smile, laughter and fun-loving approach to life will be missed by all. He touched so many lives in a positive way. He would want all of us to practice kindness each, and every day.

Vicki Renee Hale, age 62, passed away on Wednesday, August 9, 2023 at St. Luke's Plaza Hospital in Kansas City, Missouri.

Vicki Renee (Ellis) Hale was born on September 25, 1960 to Henry and Wanda Ellis.

Vicki loved to pull the wool over your eyes and tell you a story that was so big that she had everybody believing what she said. She had the gift of GABBING, she was shy at first, but when she got her nerve up, she would start talking. She loved to tell a story or a joke and sometimes it would backfire and she would be put on the spotlight. Vicki would just rub it off and keep on talking again. Everybody who got to know her started pulling stuff on her. Vicki just loved all the attention. Vicki was well loved by all.

Survivors include her husband Howard Brian Hale of Clinton, Missouri, one brother Randy Ellis and wife Laura of Lee's Summit, Missouri, many nieces and nephews, and her best friend Cindy Caddell of Pleasant Hill, Missouri.

This Is A Cemetery

Lives are commemorated – deaths are recorded – families are reunited – memories are made tangible – and love is undisguised. This is a cemetery.

Communities accord respect, families bestow reverence, historians seek information and our heritage is thereby enriched.

Testimonies of devotion, pride and remembrance are carved in stone to pay warm tribute to accomplishments and to the life – not death – of a loved one. The cemetery is homeland for family memorials that are a sustaining source of comfort to the living.

A cemetery is a history of people – a perpetual record of yesterday and a sanctuary of peace and quiet today. A cemetery exists because every life is worth loving and remembering – always.

Calhoun UMC

This weekend was the 114th Annual Calhoun Colt Show, on Sunday the area Churches gather at the rear of the City Hall building in the center of the square for a union church service; with around 68 in attendance. Tom Colwell from the newly formed Calhoun Community Church gave the opening and closing prayers. Rev. Joe Hall from Mount Mariah Church was song leader, Rev. Mark Abney from Calhoun Baptist gave the children's message and Rev. Larry Mallory from Mt Olivet gave the message. The offering of \$352.00 was given to the Hope House sponsored by Calhoun Baptist Church. The worship service and children's play day rounds out a weekend of fun and fellowship in a small town atmosphere.

An exciting time was had at Calhoun Community Church (formerly Calhoun UMC) on Saturday during the Colt Show. A "Quilt Share" was enjoyed by folk attending the fair. The pews in the church sanctuary were covered with quilts brought in to share. Best of Show was voted on and an embroidered quilt depicting 1920's children shown by Beverly and Steve Siercks won best of show and received the Best of Show trophy. Second place was a 100 year old Dresden Plate Quilt from the collection of Barbara and Tom Colwell. In front of the church a bake sale was held featuring homemade Cinnamon Rolls by Carolina Lane and other delicacies. Tours of the church were given and much visiting was enjoyed. Our thanks to all who came; and made a most enjoyable day for our small but growing congregation.

Clinton Church of the Nazarene

September 3, 2023 Service

Our sermon was called "Words Matter!" Think about it. Words can praise or compare our thoughts for better or worse. Words can build a persons morale, or riddle that same morale, with doubts or fear. John 2:18. We can glorify God through our words of love and hope. We don't control our thoughts all the time. We can however, trust Jesus words to be the true gospel.

Come down from heavenly heights to brighten our days and our thoughts. Always remember, Jesus has the answers. We can call out to Him in prayer any time, any where knowing He will never forsake you nor leave you.

He only asks us to trust Him above all else. He is there for you and He will never forsake you. Praise the Lord.

We thank each person who came to worship here today, we hope you received encouragement for your future. Only trust Jesus.

Drakes Chapel UMC

It was a glorious halleluiah Grandparent's Day at Drake's Chapel UMC on Sunday. Jesus said, "Let the little children come to me for the kingdom of heaven belongs to such as these."

We were blessed that several children and one grand dog came to visit this peaceful chapel where their grandparents worship our Savior. Long time, or perhaps we should say lifetime parishioner Mickey Chapman shared some of Drake's Chapel history and stories of how things were at our church years ago. Drake's Chapel is known to be the oldest church in Henry County. It was organized in 1835.

Mickey told of ice cream suppers and dinners that drew people from all around. The ice cream suppers were discontinued in 1969 because they could not keep up with the demand. Lots of folks to this day will seek out local United Methodist Churches known for their delicious ice cream suppers.

Pastor Margie's yellow bag contained a beautiful book which she read to the grandchildren. The book title was, "When I Talk to God, I talk About You." The book was written by Chrissy Metz & Bradley Collins and was illustrated by Lisa Fields. It seemed as if everyone enjoyed the book as well as the children.

Margie message told of the many passages where Jesus talked about children. He tells us how important the scriptures about children are for us to remember tod3/. Each grandchild present received a wooden palm cross as a reminder that Jesus will love them forever.

The church received another member by a letter transfer. We continue to grow our congregation in so many ways. We are blessed is so many ways!

We thank God every day for His many blessings. It would be a special one should you choose to join us for worship on any Sunday at 9:00 in person or on Facebook live. Just look for Margie Briggs. Our church is located five miles East of Clinton on Hwy. 52.

First Baptist

On Sunday, members and guests were given a voluntary opportunity to speak on how God was at work in their lives. Many of the incredible stories included providing lunches over the summer, raising money for believers to attend FaithWalk, partnering with other Baptist churches, both in Henry County and abroad, and many more awesome testimonies of God's hand at work all around us. Later in the service, Kevin Griffey asked, by show of hands, who among us made the decision to follow Christ before age 25. He reminded us of the importance of connecting with young people. As we prepare to offer more opportunities for connection, there is a need for people to serve in youth and children's ministries. This is an incredible opportunity to impact young hearts and minds for generations to come. We are all called to spread the good news to accomplish God's purpose in our own lives. Let us all consider our service to the Lord, especially in connecting with young people all around us!

Beginning October 1st, Sunday worship service times will change to 9:30 a.m. and 11:00 a.m. and Sunday School will then be offered in 3 times slots: 8:15 a.m., 9:30 a.m. and 11 a.m. Youth and Children's Ministry will also align with these times. Celebrate Recovery is on Tuesday evenings, beginning at 5:30 p.m., for anyone with hurts, habits and hangups. On Thursdays at 6 pm, GriefShare provides help and encouragement after the death of a spouse, child, family member, or friend. For more information and upcoming events, please visit www.firstbaptistclinton.church or find us on Facebook at 'First Baptist Church - Clinton, MO'.

We invite those without a church home to join us in worship of our Lord & Savior, Jesus Christ. First Baptist Church exists to fulfill the Great Commission (Matthew 28:19-20) by loving people into a growing relationship with Jesus Christ.

First Presbyterian

Each day is a gift from God to live, serve, worship and proclaim His goodness. Every good gift comes from his bountiful hand. Remember to praise Him for your blessings. The message brought by Rev. Nancy Gillard this week was Go, Proclaim, Heal based on Matthew 9:35 - 10:8. Our anthem was "Amazing Grace".

Overflowing is the word to describe our foyer shelves with the donations of prescription glasses, garden seeds, Best Choice labels and school supplies. The response to this mission project has been remarkable. These donations are for the Festival of Sharing and collection will continue through Sunday, October 1. Men, women and children of all ages are helped through your overwhelming support of this mission project. It's not too late and there can never be too much of a good thing. If you haven't had the opportunity to contribute there is still time. All donations are much appreciated.

On September 10 we celebrated Evangelism Sunday with a contributed chicken dinner served immediately following the worship. It was a wonderful time of fellowship and food enjoyed by those attending.

Mt. Calvary Apostolic Pentecostal

"We Have A Lot to Overcome"

We have a lot to overcome in this world with how things are going. It tells us in

1Co 10:1-5. (KJV)

We have to stay in God's word and his strength. Keep him in our spirit. It is a heart thing.

We can hear God's word, but it has to have meaning and direction in our lives. We need God in our lives and the Lost should be brought into the knowledge of God.

There has to be a change. We should pray for all those who despitfully use us. We need the power and influence of God upon our lives. Those who are lost need salvation. 1Pe 1:16. (KJV)

Let us be Holy, not religious. Holy is true, God is true, his word is true and we should be true to him.

1Pe 4:14.

It means a lot to know God will never leave you or forsake you.

James 4:7.

Salvation is a heart thing, not a mind thing. God will lift your heart when you are down. He did not put the sin on you, but he will remove it from you if you are willing to give it up.

You have to be obedient. Sometimes God will tell you strange things, but it is for you.

He is here to do whatever you ask, take authority over it in the name of Jesus.

Speak no evil of anyone because they are different. We have Christ in us. He will work through us because he has the power to do so. You can't outdo God. You do not have to go looking for blessings, they will come to you. (James 4:8-17)

2Ti 2:2.

We need to keep our focus on the Lord. God will deal with the ungodly. Let us glorify God and not self. Do not allow yourself to be lured away from God.

Put on God's armor and always teach the truth of God's doctrine. Our power is in the word and prayer brings change. When you have the light of God in you. You can take authority and denounce evil. Light moves darkness away.

Listen to the Lord and wait on him. He will take care of you. (2Corinthians 12:7-9) God Bless.

Trinity Lutheran

Nancy Richeson, a long-time member of Trinity Lutheran, recently celebrated her 82nd birthday on September 1st. Congratulations and Happy Birthday, Nancy!

Don't forget to mark your calendar. The LWML is holding an Ice Cream Social & Bake Sale after the service on September 24th. The LWML is requesting donations of pies and baked goods. There will be a silent auction with the pies, and a bake sale with items donated to the event.

In his Small Catechism, a summary of the Christian faith for parents' use to instruct their children, Martin Luther urged parents to teach their children thusly:

"I believe that I cannot by my own reason or strength believe in Jesus Christ, my Lord, or come to Him; but the Holy Spirit has called me by the Gospel, enlightened me with His gifts, sanctified and kept me in the true faith.

In the same way He calls, gathers, enlightens, and sanctifies the whole Christian Church on earth, and keeps it with Jesus Christ in one true faith.

In this Christian Church He daily and richly forgives all my sins and the sins of all believers.

On the Last Day He will raise me and all the dead, and give eternal life to me and all believers in Christ. This is most certainly true.

Urich Baptist

We were surrounded in love as we gathered to worship the Lord.

Clint Keeney rang the church bell. Mrs. Julia Klinefelter led in the congregational singing with Mrs. Dixie Collins playing piano. We rejoiced with Mick Vogt and Michael Klinefelter on their birthdays.

Clint Keeney and Randy Vogt collected the offering.

The scripture passage from interim Pastor Steve Sowell's sermon was from John 15:18-27. In this passage it tells us there are consequences to our choices. If we choose to believe in Christ as our Savior there will always be those who hate us. The Holy Spirit in us gives us strength and guidance to stay steadfast in our faith no matter what we endure. All believers will be blessed to be in heaven for eternity with the Lord, believing family and friends.

Have a blessed week and remain steadfast in serving the Lord.

Valley Center United

"Who do you say I am?" It is part of our faith to answer, "You are the Messiah".

No matter who you are or where you are in life's journey, you are welcome here at Valley Center. Freedom and new life comes from knowing and following God.

The date for our annual Oktoberfest is on Saturday, October 14th. We welcome everyone to come spend the evening with us! There will be a country store, musical entertainment and plenty of delicious food to enjoy! Serving is from 3:00 to 8:00. Our Homecoming Sunday will follow the next day! We thank the anonymous "crew" that did some very beautiful landscaping around the church this week! Valley Center continues to support our local food bank! It is an important mission for our church.

Irelyn lit the candles to begin our worship services.

Our message today was, "What Shall We Confront Today?"

When Jesus said, "Who do you think I am", it was a confrontation. Jesus is our perfect model. Just as he confronted others with some hard questions, we too need to step up and speak out about important issues!

Even when the world doesn't react, when their beliefs are that there aren't any problems, no homeless, no hunger, no apathy or no health issues in the world, it is then that we need to speak up! Just as Jesus confronted others with questions, we react in confronting the world. We are to use our voices to make changes and to bring the information that is needed to be heard. It is all so easy to let others do the work and for us to sit aside and watch. We often feel that we are just one person, what can we do? But with God, all things are possible.

As people of faith, we should always have a list of issues, concerns, projects and opportunities that keep us focused on the teachings and values of Jesus.

What's on your list? Who do you want to be? What is your passion that you want to speak up about? ? What will it take to bring understanding? Remember, Jesus gives us the strength and courage to continue even when it seems that nothing will bring unity.

It is so important to have that conversation, voice our concerns and be the change! We need to embrace and confront the world to make it a better place!

COUNCIL Continued from page 3

The second reading of Bill No. 2023-26 was held (regarding the airport terminal project inspection services) and was approved by the council.

Councilman Cameron Jackson gave the Public Works committee report. The first item on the report pertained to the Golden Valley Memorial Hospital and OakStar Drive project. Of the three options, the third one was ultimately chosen by the council - it is the most costly of the options, but is "the most thorough and far reaching

option." The projected cost is \$270,000, and the city's cost-share portion will be negotiated. The project is not part of the right-in, right-out area which Councilman Gene Henry has asked to be looked at a past council meeting. That project will be a separate project at a future date; the city will be pursuing a concrete solution for it, too.

Proposed rate changes for the city transfer station were reviewed and discussed. Essentially, the fee schedule will be simplified and restrictions on commercial demolition materials being brought to the

transfer station will now be in place. It was proposed that no business demolition materials be accepted at the transfer station (or commercial sources) which is to include rental property materials, too. Household demolition materials will still be accepted (with conditions). To that end, the first reading of Bill No. 2023-31 was held (and approved) which changes the transfer station fee schedule and outlines fines for violations. "These [commercial demolition materials] are a major drain on the city," said Councilman Jackson.

The council approved a spiral slide to be ordered as part of the Hurt Park renovations. The slide will cost \$10,700 plus \$2,500 shipping.

The materials for the new boiler building at the Aquatic Center are in - Councilman Jackson reported it appeared the staging materials for that project were on site. The Artesian Park pool was scheduled to be drained after Labor Day. Pump repairs for the slide will be made after it is drained.

A pickleball tournament will be held at the Artesian Park tennis courts. The fee for the tournament was donated. "The city council will have a pickleball team," said Mayor Carla Moberly.

The indoor Aquatic Center is still looking for two full-time positions as well as a full-time assistant. There are not enough lifeguards, either, to cover shifts during the open swim periods in September.

At the Waste Water plant, the cost for the pole camera/inspection will cost \$7,500. This is part of the I & I program of improvements. It will be a few more weeks before the sampler is installed.

It was reported there was a lot of debris from the storm a few weeks ago and the generator failed. New batteries were installed and new signs with emergency numbers have been added at all the lift stations.

A meeting between the Department of Natural Resources and members of the Stoneridge subdivision will take place soon. Recall that DNR is putting pressure on this subdivision, which lies outside of city limits, to upgrade their sewer system. The subdivision is being encouraged to hook into the city's sewer system: there will need to be a lift-system installed there, but more will be known after the October 3 meeting. Adopting the sewer in that location does not mean that the roads there will be adopted as well.

The status system at the Waste Water Plant went down early Saturday morning. One-quarter of the systems at the plant were able to be made operational again, but the part (\$6,000) to (hopefully) fix this issue has been ordered. The PLC (status system control) may need to be replaced.

The Public Safety report

was given by Councilman Gene Henry. The city, regretfully, accepted the resignation of two firemen: Camron Hooper and Frank Mesh. The positions are advertised (according to Fire Chief Mark Manuel in attendance). The department is two more personnel short which will only create more safety issues. "Finding applicants is difficult," said Chief Manuel. There was some discussion of translatable coverage at the Fire Department from other departments (from qualified individuals). Also, Captain John Scott of CPD passed around the new body armor for the city council to compare (to the old armor). Although the new armor provides the same protection, it is much lighter.

Councilman Daniel Wilson gave the Finance Committee report. On the agenda were the annual bids. The road salt was awarded to Central Salt at \$74.21 per ton. Golden Valley Disposal was the only bid for trash service and was awarded the bid. Councilman Gene Henry asked about the advertising process to, perhaps, encourage more bidders. Mats, mops, and towels for the city were awarded to Unifirst. The new financial software training will start soon. There is a nine-month training period allotted by the company it was purchased from. Both the Clinton Tourism and Economic Development agreements were allowed to renew.

Mayor Moberly said she was concerned about the ability of the city to hire new employees and how it has been a struggle to find applicants for various positions. She did thank Aaron Potter for coming back out of retirement to help at the pool.

City Administrator Christy Maggi reported the changes (to the fees and the accepted services) will begin October 1. She also thanked the department heads for their work while she was gone.

New business for the council included the first readings for Bills No. 2023-28, 2023-29, 2023-30, and 2023-27. The first readings were all approved by the council. They are, respectively: fee schedule for city services, pay plans for the city, budget adoption for the city, and the adoption of a specific drug and alcohol testing policy for ATS. It should be noted there was considerable questioning about city fees from Councilman Gene Henry. He questioned, among other fees listed, those for cigarette licenses, gas line inspections and UTV licenses. He also wondered if procedures and rules for UTV's were being observed in town. Captain John Scott of the Clinton Police Department thought those rules were being monitored, as far as he knew.

The council adjourned at 7:21 pm.

September has arrived! That means it is time to start planning your baby chick. Clinton was, at one time, the baby chick capital of the world. Hatcheries in the area raised chicks to send throughout the country. The Gallery Three celebrates this piece of local history with a Peepfest. We are asking area artists to create a baby chick. This year 'Anything Goes'. Chicks may be painted, sculpted, sketched, photographed, made from clay, paper, wire...let the imagination run with it. The only limitation is the size, no chicks over 3x3 feet or under 3x3 inches. All chicks need to be turned in to the Gallery Three at 137 S. Washington by Saturday September 30th. They will then be displayed around the square for voting. The 'People's Choice' will select two winners, one for school age & one for adults. There is no fee for entering.

CHART (Community Health Assessment Resource Team) is hosting a Pickleball Tournament Oct. 28th at the Artesian Park Tennis Courts (if raining, Clinton High School). Men's, Women's and Mixed Doubles. Pool play followed by bracket style. \$80 per team with t-shirt included. Cash prizes for first and second. Proceeds go to support Henry Co. Christmas Angel Tree and Christmas Cheer Foundation. Call Tyler at 660-223-3210 or tyler.pulcini@lpha.mo.gov for questions, to enter or to sponsor.

KDKD FM, Clinton Main Street, and Guardians of the Children presents "ScareFair on the Square" Community Trunk or Treat Sat., Oct. 28th from 4 till 6pm.

Cardinals Break Into Win Column Behind Strong Defensive Effort

THE CARDINALS DEFENSE came through in a big way in Clinton's 21-7 home win over Holden last Friday night. The Cards will travel to Pleasant Hill this week to take on the Roosters.

Cardinals football finally got into the win column with a 21-7 victory over Holden in front of a raucous home crowd last Friday night.

Following the win, I caught up with Clinton head coach Todd Mowery.

OS: What turned this game around for the Cardinals as a practice to last weeks detrimental loss against Odessa?

TM: We mainly spent a lot of time focusing on our mistakes and attitudes this week in practice. Last weeks Odessa game was a stern reminder of where the program used to be in terms of attitudes that we never want to revert back to again. It was good to see a complete 180 this week.

OS: How was the team attitude as opposed to last week?

TM: We were off and on this week. I honestly wasn't sure what mentality we were going to bring with us against Holden. We've worked extremely hard to change our mindsets since day one back in June. The boys exceeded expectations Friday night and showed us what we all knew they were capable of.

It's just believing in themselves because they've always been counted out.

OS: What did you do to correct these issues during practice from last Friday?

TM: Repetition and extreme focus on the task at hand. Sometimes it's really easy to just go through the motions in order to get through practice. In that aspect, nothing really changes. So it was just a matter of making it a priority for everyone to do their job every play and not worry about anything else.

OS: Tell me about your offensive line.

TM: We have been pretty happy with the offensive line. Of course there's always room for improvement but they are playing good football and giving Lafarge adequate time to throw the ball when we need it. It's really nice to see some size up front this year.

OS: Tell me about your defensive line.

TM: This defensive line needs all kinds of credit. They have honestly been the heart of a lot of our success. This week was their first big test. Holden has a great offensive

line with a ton of size. We were excited to see how we would stack up against them and that didn't disappoint. Our d line was dominant the entire game. I'm not sure the numbers yet but I know we held them to their lowest offensive numbers of the season and it wasn't even a question.

OS: Brag on some players that you feel helped in this win for Clinton.

TM: I never really like to single any one player out because it takes all of us to win, especially in games like that. Everyone knew we let a win get away from us in week one and they were adamant in that not happening again. The entire team played an outstanding and solid 4 quarter game. We asked them to give everything they got and they all stepped up.

OS: You had a huge home crowd, do you think that aided in the energy change?

TM: So I get pretty locked in to the games and honestly didn't realize how big the crowd was until after the last snap. But outside of that, playing at home always has its advantages and the energy that was

brought by the community was simply amazing and one of the reasons why I love Clinton. I told my wife later that night that I wish I would have had a chance to just turn around and take it all in for a minute. Everyone in the stadium made the walk back to the locker room after the win a very memorable one.

OS: Additional comments?

TM: It was just an outstanding night not only for football, but for the community as well. Successful Friday night's just have a way of bringing people together. By starting with having the youth teams lead us out of the tunnel, to watching our boys perform at a level we've all been waiting to see, to the locker room celebration after the game, Clinton Football took a huge step forward. We still have a long way to go to get where we want to be, but everyone is buying in to help get us there. Our seniors deserve the absolute best this year, and I'm so grateful they were able to get a monkey off their back.

Lady Cards Take First At Warrensburg Softball Invite

Strong Hitting Not Enough As CHS Falls To Pleasant Hill Chicks

CHS Softball fell 6-2 to Pleasant Hill Varsity Chicks on Tuesday despite out-hitting them nine to five. A single by Briley Wishard put CHS Softball on the board in the top of the first. Pleasant Hill Varsity Chicks captured the lead, 2-1, in the bottom of the first after Mara Shouse grounded out, and CHS Softball committed an error, each scoring one run. Pleasant Hill Varsity Chicks extended their early lead with two runs in the bottom of the second thanks to RBI errors by Addilyn Miller and Natalie Hamilton. Addie Tippie earned the win for Pleasant Hill Varsity Chicks. The righty allowed three hits and one run over two innings, striking out three and walking none. Wishard took the loss for CHS Softball. The righty went six innings, giving up six runs (one earned) on five hits, striking out two and walking five. Wishard went 3-for-3 at the plate as the pitcher led the team with one run batted in. Kennison Crispi collected two hits for CHS Softball in four at bats. Addison Meeks led Pleasant Hill Varsity Chicks with two hits in four at bats. Hamilton led Pleasant Hill Varsity Chicks with two walks. Overall, the team had a strong eye at the plate, piling up five walks for the game.

CHS Holds Off Odessa Bulldogs For Victory

Despite seeing their 6-run lead whittled down by the end, CHS Softball still held off for a 7-6 victory on Thursday. Odessa Varsity Bulldogs closed the gap by scoring on a double, a fielder's choice, a single, an error, and a single. A single by Kenadie Austin put CHS Softball on the board in the top of the first. CHS Softball added to their early lead in the top of the third inning when Briley Wishard singled, scoring one run, Kennison Crispi singled, scoring one run, and Austin doubled, scoring two runs. The Shepherd Calls
by
Dr. H. Wade Paris

IT'S COMPLICATED

Our very capable Sunday School teacher, Jim Nelson, was leading a discussion of Acts 9 through 11. Those chapters tell how the gospel moved from Judaism to Christianity. This passage reports the happenings of that momentous event. It reveals God's ingenious involvement in human affairs. It is complicated. Let me outline it for you.

Peter was on a tour telling people about Jesus; he stopped in Lydda long enough to heal the bedridden Aeneas, then moved on to Joppa where he raised Tabitha/Dorcas from death.

Disciples in nearby Caesarea heard of Peter's presence and sent for him. In Caesarea, an angel alerted Cornelius, a Roman Centurion and devout God-fearer, of Peter's whereabouts and advised him to send for Peter.

Peter is at the house of Simon the Tanner---a no/no for Peter because Jews have no "truck" with those who touch the dead. Peter has a vision; a sheet descends with creatures "unclean" to Jews. God instructs Peter to "kill and eat."

"No," Peter responds, "I don't eat unclean food."

"Don't call what I create unclean," God scolds. Messengers from Cornelius are now at the door, and Peter accompanies them to Cornelius' home.

A crowd of Gentiles gather. Peter preaches to them the message of Jesus, and the Holy Spirit falls on them all. Peter "gets it." The gospel is for all of God's creatures. He proclaims, "Now I understand; God has no favorites; all who fear Him are acceptable."

The Greeks had a word for this kind of complicated account. They called it a pregnant story. There are at least five key players in the story. It unfolds in more than four towns in a very pagan society. There is a demonstrative vision from God, two angels deliver messages, and then the climactic, surprising descent of the Holy Spirit on the Gentiles in the presence of Peter, the other Jews, and the entire group.

Think about it! Without any knowledge on the part of the participants, God worked out this complicated event, and that opened the gospel to all the world.

As our Sunday School class concluded, I was wondering what yet untold plans God is making for me and you.
