25 Years Later, Warsaw Municipal Airport Continues Flight To Success

By
Anita

The Warsaw Airport, located nine miles north of Warsaw on 65 Highway, was built in 1996. Owned by the City of Warsaw, the airport consists of a 4,000-foot concrete runway and includes tarmac tiedown area and AWOS (automated weather observation system).

According to Warsaw Airport manager Randy Pogue, the Warsaw Municipal Airport continues to exceed expectations. Due to seven straight years of increasing fuels purchases and hangars remaining full, the airport revenues continue to increase. With the airport growing in a positive direction. This growth has created a need for critical improvements. The city is developing a plan to make these improvements with primarily grant funding.

"The following information is from our 2020 Airport Layout Plan (ALP). This plan is required to be completed every 10 years and is the guiding document for airport expansion. An ALP is a required planning document that has to be approved by the Federal Aviation Administration for airport expansions using federal or state funds," said Pogue.

Since the recent ALP was completed, MoDOT has

ASCENDING TO SUCCESS, Warsaw's Municipal Airport has expanded since opening in 1998. Sedalia pilot Bill Ferguson spoke with airport operator Chas Perkins on Monday about his Cessna Skylane. Ferguson told the Enterprise, "I've been having my airplane serviced in Warsaw for the last several years and they do a great job!"

updated the total annual operations for the Warsaw Municipal Airport to \$10,110 annual operations. ALP 2022 projection for the airport was listed as \$8,009 annual operations in. Due to the ChasAero operations, the flight school and maintenance shop performed 4478 operations between January 2022 and October 2022.

The airport has exceeded ALP expectations and now has 28 full tenant hangars with a waiting list of 5. Including planes

in the hangars and on the apron area, total home-based aircraft are 37. The City of Warsaw owns a 6,400 SF maintenance hangar, located north of the terminal building. This hangar functions as an aircraft maintenance and storage facility and FBO, which performs aircraft maintenance.

Additional hangar space may be required to meet future demand for additional airport and/or aircraft services.

The city is allowed to

accumulate grant funds that are received each year for maintenance or expansion.

From 2019 to 2023, the city has accumulated a total of \$1,090,522. It has been determined that the apron area has to be expanded and these funds qualify for this use. Future requirements are based on a percentage of itinerant operations during the busiest month.

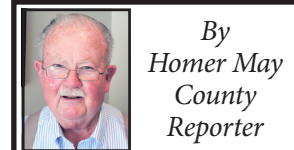

"The results of these calculations in the Airport Layout Plan revealed a future apron area expansion would be necessary. Currently, the

apron is at capacity with some day's planes parking in grass areas," said Pogue.

The apron expansion is currently in design. This proposed expansion is needed to support the growing transient aircraft traffic and the aviation business that is in our large hangar.

According to Pogue, the projects total \$4,950,000 and are the current projects the airport is in need off. The city will apply for an Airport Terminal **AIRPORT Page 3**

Cole Camp Offers One Time Discount In Return For Help

Cole Camp Public Works Director Heath Roark reported at Thursday eve's meeting that MO DNR informed him that the city has to report to DNR an inventory of its lead pipes in residences and businesses by October 24. He added that this deadline will impose a heavy burden on city inspectors, then suggested a one-time offering to owners of a discount on their water and sewer bills, if owners will furnish the required information. He thought the majority of owners would agree to furnish such information. Aldermen agreed, and okayed a \$20 discount to owners who do so. No information was forthcoming about the offer's exact date.

The meeting opened at about 7:00 PM on Thursday, June 15, with Aldermen Jon Beckman, Mindy Fox, David Locke, Diana Burdick present. Mayor Bob Meuschke presided; City Clerk Dawn Paul recorded.

First actions by the group were to approve the evening's agenda, also approve minutes of May 18 regular and closed meetings, then okay expenditure of up to \$60,000 for purchase of a new police vehicle and its add-ons.

In old business, the group agreed to place a four way stop sign at Eckhoff and Pine Sts., and will later **COLE CAMP Page 3**

Dam Restaurant Owner Looks To Future After Fire

By

A fire broke out at the Dam Restaurant and Lounge, located at 801 Kennedy

Drive in Warsaw, just before midnight on June 7. Owner, Sara Hudson, said that it is believed that the fire started in an electrical box with most of the damage on the inside of the building. She plans to reopen in the distant future when repairs

are completed.

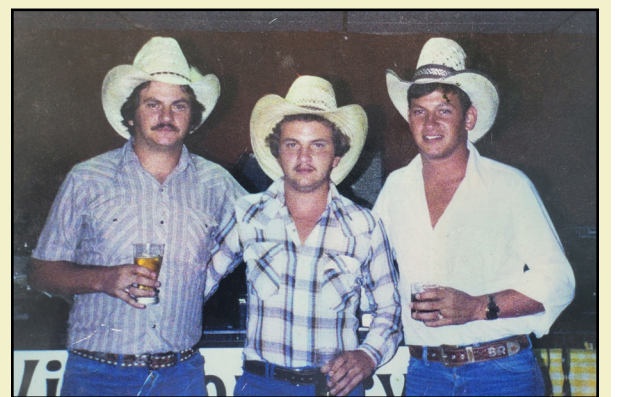

"Warsaw Police Officer Nikki Haake called me at 12:30 AM and I threw on some clothes and went to the site," said Hudson. "The building was still smoking, and men were working inside. It is not that old of a building, but it is going to take six months to a year to make all the repairs. Although the restaurant is my source of income, I have very good insurance that will take care of me and my employees while we are out of work. Some of my employees have found other jobs, but others will continue to work for me when we reopen."

Hudson made a post on the restaurant's Facebook page at 5:15 AM on June 8 reporting that she was overwhelmed with the number of people reaching out to her and **DAM FIRE Page 3**

DEALING WITH THE AFTERMATH of a fire at her restaurant, Sara Hudson vows that she will re-open her establishment in 6-12 months.

Part 1: Rigby Family Roots Run Deep With Musical Talent

A MULTI-TALENTED GROUP OF MEN, the Rigby brothers, including Bob, Jr., Bradley and Bruce, found inspiration in music from various sources and used it to propel their careers in different directions.

By

Contributing Reporter

Talent and inspiration often come from various sources. It may come from a childhood figure of importance, such as a teacher, or maybe a sports or musical star. Sometimes it's hereditary.

Recently, I had the pleasure of catching

up with Mr. Bob Rigby (Robert Jr.) to talk about his family's claims to fame - music and restaurant ownership.

After thinking about the best way to go about telling the family's story, I've decided to look at the two talents separately and individually. We'll start with the musical aspect.

There's little doubt about **RIGBY Page 3**

The secret to this watermelon salad is tomatoes. The fruit we think of as a vegetable (tomato) creates the perfect sweet-savory bridge to an otherwise predictable salad. Top it off with crunchy,

salty elements and the whole thing is delicious. Arrange it thoughtfully on the plate and it's beautiful. And forgiving. The amounts I'm giving here are guidelines; feel free to fool around.

- 1 mini seedless watermelon
- 4 to 6 early girl or heirloom tomatoes, cut into wedges, or 1 basket cherry tomatoes
- 1 lime
- coarse sea salt
- freshly ground pepper
- extra-virgin olive oil
- 1/2 cup crumbled feta cheese
- 1/2 cup roasted, salted cashews
- 6 to 8 basil leaves

Cut the watermelon into

large chunks and remove peel. Slice watermelon pieces into thin wedges. Tile the bottom of a serving plate or platter with the watermelon.

If using early girl or heirloom tomatoes, core and cut them into wedges or half-moon slices. If using cherry tomatoes, stem and cut each one in half. Arrange the tomatoes over the watermelon. Squeeze the juice of half the lime over the fruit then sprinkle with salt and pepper and drizzle with olive oil. Taste a bite of watermelon and tomato – if it needs more punch, squeeze over the rest of the lime and adjust the salt and pepper as needed.

Scatter the feta and cashews on top then tear the basil leaves into pieces and strew over the whole thing. Serve immediately.

AIRPORT

(Continued from Page 1) Program grant (ATP) grant to construct the Terminal Facilities, Automobile

Parking and Airport Access Road is projected to cost \$1,450,000 and funded by 95% federal.

The city is preparing to submit an Airport Terminal Program (ATP) grant. The grant requires a 5% local match to 95% federal funds. Currently, the city is researching additional grants that may be eligible to use as the local 5% match. Entrance roads, parking lots and terminal buildings are eligible for this grant.

The following is what the city proposes to submit in the ATP grant application. Total funds to be applied for is \$1,500,000.

For comparison, both 100 SF per Passenger and 150 SF per Passenger were used to calculate the future terminal building requirements, which resulted in a 2024 estimated space requirements between 1,890SF and 2,840 SF, respectively.

Currently the terminal has a kitchen, pilot lounge, AWOS computer system for pilots, a small meeting room for the flight school and a local flight club. It is the engineer's recommendation that the terminal be expanded to 2,840 SF.

A total of 36 parking spaces are available, including two ADA-compliant parking locations near the terminal building. According to the future forecast activity levels, a total of 52 (3,160 SY) parking spaces is recommended.

These recommendations are based on the peak hour operations for the terminal building, and the total square footage of the hangars.

During the US 65 expansion project to a four-lane highway, a cross-over from US 65 was located 800 feet north of the current airport entrance. From Highway 65, current access to the airport requires northbound traffic to perform a "u-turn" on US 65 at McDaniel Road, located approximately 850 feet north of the airport entrance. For traffic heading north from the airport, automobiles must turn south on US 65 to Drenon Road, over ¼ - mile to the south before performing a "u-turn" to head north again. This creates an unsafe and inconvenient access to the airport.

An assessment of the current airport access road resulted in a rating of "poor" due to cracking and deterioration of the pavement surface. The road requires a complete rehabilitation to maintain and preserve the pavement.

An alternative route is recommended to provide clear, direct access to the airport. The ALP study identified improvements for airport access from US 65. It recommends that the road be relocated to the north and have direct access to the aforementioned crossover. This will allow the airport entrance to align with this cross-over.

Chas Perkins and his wife, Ashley, owners of Chas Aero, have been involved in aviation for over 15 years. His experience in this industry is very diverse which has led to developing many skills. Their current business provides

inspections, repairs, upgrades, avionics install and flight instruction.

In the fall of 2016, the city of Warsaw negotiated with Chas and Ashley and they moved their operation there with the larger facility he was able to expand to a full-service operation that includes the flight school, Hangar Flying LLC.

Since the addition of Chas Aero, there are 40 airplanes privately owned that are parked at the Warsaw Airport and there are usually three to four flights a day leaving or arriving at the Warsaw airport from a distance of 50 miles.

Chas Aero offers training flights as well as renting aircraft to qualified pilots. Flying lessons cost \$200 per lesson and a prospective pilot must put in around 40 to 50 hours of training.

According to Perkins, it will cost about \$10,000 to obtain a pilot's license. "Anyone who wants to learn to fly is welcome to apply," said Perkins. "We do, however, run background checks and are careful to take safety precautions."

Those who do not want to pilot a plane can also schedule a scenic flight with a licensed pilot. Those wishing to take a flight can schedule one at the Warsaw Airport for \$200 for one hour. The Warsaw Airport is open from 8 until 5 Monday through Friday and weekends by appointment.

Chas Perkins grew up in Sweet Springs, Missouri, and learned to fly in Marshall. He holds a commercial multi-instrument license, CFI CFII. He is also a mechanic with A+P (Airframe + Powerplant), and IA (Inspection Authorization).

Perkins has developed many friends in this industry and continues to meet new people with the dream of flying. His love of flying started with his grandfather at the age of 14 and he has committed his life solely to the aviation industry. His skills and knowledge will allow him to assist in development of the Warsaw Municipal Airport sharing common goals of continued improvements to the airport that allows the current smaller based planes to share a facility with future larger aircraft.

DAM FIRE

(Continued from Page 1) offering support. She also thanked the Warsaw and Lincoln Police and Fire Departments for their great job responding. She was especially complimentary of Officer Haake who was there for her.

Terry Marshall, Assistant Fire Chief of the Warsaw Fire Protection District, reported that Warsaw and Lincoln provided three pumpers, a tanker, two brush trucks and a rescue truck to the fire location. He said that they dispatched about 11:30 PM on June 7 and were back at their stations by 3:00 AM on June 8.

"On the interior of the building the fire took about 15 feet of ceiling including rafters," said Marshall. "We had to knock down metal sheeting on the outside wall and unscrew it to get inside. Then, we were able to screw the steel tin siding back. It could have been worse. There were no injuries. I think that the fire might have

been called in by someone driving by the restaurant."

Hudson said that she and her customers like the inside style of the building and she won't change much when renovations are carried out. However, she may use some different colors and is deciding whether to go smoke free.

"I waited tables at a young age before buying this restaurant 14 years ago," said Hudson. "I learned a lot from running this place. The older I get the more stressful it can be, so I make adjustments such as not staying open late, or on Sundays. But I want to keep going because if it wasn't for my customers and employees I wouldn't be where I am."

Hudson said that she has a busy body and will find things to do until her restaurant is ready for business. Her main concern is for her daughter who works on weekends with her and has worked for her since she was only nine years old. Popular items on the menu are hamburgers, tenderloin, steak, catfish and of course bar offerings. She says that people drive by when she is outside the restaurant and tell her they want a tenderloin.

RIGBY

(Continued from Page 1) where the inspiration came for Bob, a graduate of Lincoln High School Class of '69.

From the first Elvis movie that Bob saw, he knew he was watching something special.

"I thought that was just about the coolest thing I'd ever seen" he recollected. "From that time, I knew I had to learn to play the guitar"

In those years, Bob's father, Robert Sr., owned and operated an early-day version of what we know today as a convenience store just south of Lincoln.

There was a man who would stop weekly, asking if anyone would like to take guitar lessons. Bob and a few other area boys quickly jumped at the chance, and the rest is now history.

At about the same time, Bob's family owned and operated a hickory chip business in the old MFA Implement building. This supplied an excellent place for Bob and his other young musicians to practice.

His first real stage appearance opportunity with a group came when Bob was 20 years old. Cole Camp's Jim Luetjen and Warsaw's Dennis Flippen had a band scheduled to appear at the Cole Camp Fair one evening after the parade. The group found themselves without a bass player, and as fate would have it, word of Bob's availability reached Jim or his mother. A contact was made and an agreement was reached. From this, his first time on stage with a guitar and this group, he knew he was hooked. That was 52 years ago, and a storied musical journey was born. It was on his first stage that Bob experienced that euphoric adrenaline rush known as "flow", which would convince him to continue his love of performing on stage for years to come.

Not long after that, Bob's musical path crossed with another Cole Camp musician in the person of Mike Kroenke. That union came about when a member of the early band wasn't

taking his role seriously, by not making himself available for practice, and just generally not having the required dedication. Mike was asked to replace him, an offer he readily accepted. Of course, Mike has gone on to be a well-known area guitar player and singer with several bands including The Hummingbirds.

Another source of Bob's inspiration came from the smooth musical style and ability of Johnny Nace. As it so often happens, connections are made by knowing a variety of people. That's how Bob and Johnny Nace became acquainted.

In the day, a popular musical instrument store in Warrensburg, Ike Martin Music Store, was a favorite store of Bob. An employee of that store, Joe Green, also happened to be an accomplished pedal steel guitar player who played in The Johnny Nace Band. Their band often had members who were also servicemen. Again, fate intervened when the band needed a bass player. Since Bob and Joe had developed a friendship, he was offered a spot in the band, which was known as Georgia Mud.

This band played a variety of venues throughout the area, including the American Legion, VFW, and Moose Lodge dances.

At about this same time., Bob also joined a group with Pete Estes as part of a road band, playing motel lounges throughout the upper Midwest.

Bob wasn't the only musical Rigby, though. The fifth of six Rigby boys, Bradley, was also hooked on music from the first time he heard the distinctive wail of the steel guitar. Bradley quickly started taking lessons and seizing any opportunity to learn and perfect the art of the slide guitar, including a class in Nashville.

Bradley also was involved in the business aspect of music in the role of promoter. Probably his most well-known client was Ray Price, whom he booked to a concert at the Mathewson Exhibition Center on the Missouri State Fairgrounds during the 1980's. Bradley performed with Mr. Price in that concert.

Sadly, Bradley is no longer living, but he and Bob did have opportunities to perform together. A truly good steel guitar player is hard to find. So, when Country Music Hall of Fame member, LeRoy Van Dyke needed one for his band, Bradley was a natural addition.

Through that connection, Bob and Bradley were introduced to Jimmy Fortune, who was a member of another Country Music Hall of Fame group, The Statler Brothers. The Rigby brothers performed once with Jimmy, at a venue called Nashville North in Taylorville, Illinois. The two brothers also did play together in the earlier road band with Pete Estes.

Music hasn't been Bob's only successful venture in life. He taught English at Versailles, Cole Camp, and Enid, Oklahoma, before receiving a certificate in counseling from Oklahoma State University. He then

taught English at Blue Springs High School before going back to school at UMKC to receive a counseling degree, which helped him get a position with Belton High School as Counselor in the newly created "At Risk" Program, which Bob set up. He continued in that position for the next six years.

During our conversation, Bob shared one of the goals he has hoped to have achieved through his years in education. Basically, he said that he tried to work within the guidelines and curriculum to teach students something. But, ultimately it was his hope that he was in some way able to touch and impact the lives of his students beyond the walls of the classroom.

As a former student of his at Cole Camp High School, I could assure him that he had succeeded in his goal.

In our next addition, we will take a look into the businesses and restaurants for which the Rigby's were so well known. We'll see how they came about, and how they succeeded.

COLE CAMP

(Continued from Page 1) decide to place signage at other sites.

There was no new business. Tammy Eckhoff, with Planning and Zoning, said P&Z has nothing to present at this meeting, but will soon be working on a long term comprehensive development plan for the city and may present some ideas at the July meeting of Aldermen.

City Clerk Paul reported new wiring has been installed in City Hall for updated computers and its offices are now ready to install those computers.

Cole Camp Police Chief Jeff Canfield said the original business expected to supply the new police vehicle, a Dodge Durango AWD, presently has none available but that vehicle can be purchased out of state from a Dodge dealer. He was authorized to do so, but was asked to obtain the new vehicle warranty through the local dealer.

City attorney Todd Smith said beginning July 1 the state will require more information on some cases, which would affect some of his prosecutions.

Mayor Meuschke reported that the Master Plan for the Rock Island Trail in the Cole Camp area is almost done, and the whole Trail will be named a state park at 10:00 AM on June 30. He added that because some local businesses and citizens use city water for their lawns, some thought should be given to lowering their water costs for that use, if a separate meter is installed at those locations. He concluded that a related ordinance may be presented at the July meeting.

The group closed its public session at about 8:00 PM to go into closed session.

The city welcomes visitors to its open sessions, usually held on 3rd Thursday eves.

'Cats, Cards, Birds Continue Scrimmages With Playground-like Atmosphere

CARDINAL VS CARDINAL was the situation last Tuesday morning when Lincoln's Cam Everhart put the ball on the floor and drove the lane against Riley Sanders at a scrimmage game held in Cole Camp. The three county schools are finding effectiveness in mixing their players together for weekly scrimmage games.

By

For the second week in a row, some 40 basketball players from Lincoln, Cole Camp and Warsaw were introduced to the format of combining the schools and dividing up the teams. This time they played at Cole Camp on Tuesday and

took advantage of the two Bluebirds gyms with games going on at the same time. Lincoln coach Tyler Burke initiated the format last week when the teams met in Warsaw. Warsaw Coach Matt Brownsberger commented, "I like Coach Burke's idea. It gives the kids a playground like atmosphere." One of the things most of the old time spectators who attend high school

games will tell you is that playground basketball has a different mentality than basketball games that are played inside a high school gym. Without coaches, referees, cheerleaders and fans, it is a different animal all together. This reporter walked two miles to play at the local gym. To play, you had to make a free throw. Miss your free throws and you sat on the sidelines most of

the night. People wondered why I spent hours shooting free throws on our goal in the driveway.

The games could become physical and with no three seconds in the lane rule, getting a rebound was an experience in itself. I seldom played where a fist fight didn't breakout.

If you wanted the ball, then you learned how to get open as most guys were gunners. Your teammates didn't care how many points you scored but that you guarded someone.

We ran the pick-and-roll and the give-and-go just by instinct. Brothers on the same team were almost unstoppable.

We played at the park too against the wind and with torn, ragged nets. We also played games with only car headlights to see by.

The conversations on the walk home in the dark weren't about if you won or lost, but how you thought you played and about the guys you played against.

So this summer, the Benton County teams are receiving a different experience and they seem to be having fun.

Ladycats JV Rolling Thru Sedalia Summer League

READY TO BRING THEIR GAME to a high school floor, a cohesive group of incoming freshman, along with a few returning underclassmen at Warsaw, will be exciting to watch in the upcoming volleyball season. In their first few weeks of the Sedalia Summer League, the Ladycats are leading the JV standings at 14-4.

Mid-Season Champ Beck Rolls To Lucas Oil Speedway Feature Win

One week ago, Mason Beck was unable to celebrate his Lucas Oil Speedway O'Reilly Auto Parts Stock Cars Midseason Championship on the track due to a rainout.

The 20-year-old from Urbana made sure to properly relish the accolades on Saturday night, capturing the headline feature of the Big Adventure RV Weekly Racing Series at Lucas Oil Speedway.

Beck picked up \$750 for the victory, in which he led all 25 laps and took a big first step toward a season championship. Unofficially, he's 67 ahead of second-place Mason Garner.

Other winners on the Big Adventure RV Weekly Racing Series program presented by Thunderburst Media were Ryan Middaugh (Cedar Creek Beef Jerky USRA Modifeids), Kris Jackson (Ozark Golf Cars USRA B-Mods) and Justin Wells (Hermitage Lumber Late Models).

Beck, who finished just two points in front of Rob White to claim the midseason title, posted his second feature win of the Lucas Oil Speedway season. He beat Waylon Dimmitt by .981 seconds.

"We've had a pretty good weekend," Beck said. "We went over to Bolivar last night and won and slung a new set of shocks on. We came here and decided to try them again and got her done again."

Beck joked that he forgot to shop for his dad, Philip Beck, for Father's Day.

"There's your gift," Beck said, with a laugh.

Dean Wille passed Christopher Sawyer on a lap-three restart to move into second as Beck drove out to a one-second lead after starting on the pole. Four laps later, Dimmitt used the high groove to go around Willie for second.

Meanwhile, Beck stayed on the low side as Dimmitt cut into his lead and pulled within a car length to complete lap 11. Those two duelled for the lead until a lap-17 caution slowed the action with Beck continuing

to hang on.

Beck seemed to find an extra bit of speed after the restart as he opened a five-car-length lead by lap 21. Beck hung on from there to beat Dimmitt by nearly one second.

Garner rallied from 10th to finish third with Wille fourth and James McMillin coming home in fifth.

Next on the dirt track: The Big Adventure Weekly Racing Series is back in action next Saturday with Public Safety Appreciation Night at the Races. The Cedar Creek Beef Jerky USRA Modifieds will run a special 25-lap, \$1,000-to-win feature and the Hermitage Lumber Late Models and O'Reilly Auto Parts USRA Stock Cars also will be in action.

Pit gates open at 4 p.m. and grandstands at 5, with hot laps set for 6:30 and racing at 7:05 p.m.

For information about any event at Lucas Oil Speedway in 2023 contact admissions director Nichole McMillan at (417) 282-5984 or email her at nichole@lucasoilspeedway.com for more information.

Cardinals Lynde Completes Trifecta By Picking Up All-State Baseball Honors

LINCOLN'S Connor Lynde became the first Lincoln athlete to receive All-State honors in football, basketball and baseball this past school year. The southpaw's quickness, speed and his passion to win, allowed him to overcome personal injuries and a few setbacks along the way. He was a catalyst and his fortunate teammates fed off his energy.

LINCOLN'S Freddie Goosen pitched for the Cardinals at Lincoln last Thursday night. The fourth grader throws strikes. Here you go, Will Lynde! Second baseman Gunner Buggers prepares to field a grounder in the background.

Missouri is moving to time-based electric rate plans this fall.

Missouri customers will have a choice of **four new rate plan options**. Evergy is here to help you understand your options and choose the rate plan that best fits your household.

Learn more at [evergy.com/MyPlan](https://www.evergy.com/MyPlan)

Why is Missouri changing to time-based rates?

Timing is everything when it comes to energy costs. Time-based rates match the cost you pay with the actual cost to produce energy. With time-based rate plans, you'll pay less for energy during off-peak times, when demand for energy is lower, and more for energy used during the peak hours of 4-8pm.

Drought Management Issues

Drought is the major topic of discussion for area livestock producers for good reason. The U.S. Drought monitor has many counties in west central and central Missouri listed in the D2 (severe) or D3 (extreme) categories. Data from the Green Ridge automated weather station indicate only one rainfall event over 1" so far during 2023. This occurred on June 11. As of June 14, the station has recorded 8.67 inches of rainfall compared to the long-term average precipitation in Sedalia of 21.94 inches for the same time period.

We also know periods of dry weather or droughts occur nearly every year somewhere in Missouri. So with these facts in mind, it seems reasonable to break out drought response into three categories: 1) immediate needs, 2) mid-term options, and 3) long-term options.

Immediate needs focus on reducing forage demand

and/or increasing forage utilization. This includes options such as culling, sub-dividing pastures and minimizing hay storage and feeding waste.

Mid-term options would include items such as planning ahead for potential silage storage and feeding, fertilizing pastures for fall stockpiling, learning to utilize and manage strip-grazing, and adjusting calf weaning times.

Long-term options include expanding the forage base to include native warm season grasses, getting access to summer and winter annual forages for hay/grazing, and developing water sources to facilitate managed grazing systems or to provide small acreage, low pressure irrigation systems.

Management and economic implications of these options need to be carefully planned and thought out for individual operations. However, expecting to come through the type of drought

situation we are currently experiencing without making management adjustments is unrealistic.

With these things in mind, Travis Harper, MU Extension Agronomy Specialist, and I have scheduled two drought management update meetings. We will provide additional details on these and other management options for producers to consider for their operations.

Our first meeting will be on Monday, July 10, 2023, from 1:00 to 3:00 p.m. at the Extension office meeting room in Sedalia. Following the meeting, we will have a short tour of the native warm season grass plots at State Fair Community College.

The second meeting will be on Tuesday, July 11, 2023, from 7:00 to 9:00 p.m. at the Warsaw Ambulance District meeting room in Warsaw. These events will be free of charge and open to the public.

If you are unable to attend either of these events but have questions on drought management concerns, please contact me via email at schmitze@missouri.edu or by calling the Pettis County Extension Center at (660) 827-0591.

Cedar Grove To Host Vacation Bible School, June 26-30

Vacation Bible School 2023

"Twists & Turns"

"Following Jesus Changes Everything"

"Make your ways known to me, Lord; teach me your paths." -Psalm 25:4

Dates: June 26-30, 2023
Time: 1:00 to 5:00 P.M.
Lunch served at 12:30 P.M. daily.

This year's Vacation Bible School (VBS) program at Cedar Grove Baptist Church is all about the "Twists & Turns" in all kinds of games. Spin the spinner, beat the clock, skip ahead, level up, and play to win! You'll need to bring your A-game for this VBS! Twists & Turns is a fantastical celebration of games of all kinds. From classic tabletop games to strategy games to video games and more, kids will play their way through VBS in fun locations such as the Bible Study Game Room, Wild Card Crafts, Multi-player Missions and Skip Ahead Snacks!

But more importantly, they'll see Jesus through the eyes of one of His closest friends and discover that trusting Jesus as Savior and following Him changes the game entirely!

How can following Jesus give us a new purpose

and help us navigate life's Twists & Turns? Come to VBS to find out! Bring your A-game and we'll learn together.

Lunch will be provided daily for all children, and our day will begin with the Worship Rally that gets everyone fired up for a day of learning about Jesus.

VBS is very important, as it is a ministry designed to reach people of all ages (specifically for us, our children), leading them to know and respond to Jesus Christ as led by the Holy Spirit. VBS is a fun-filled, spiritual adventure that provides concentrated Bible study and encourages real-life application.

I am serving as VBS Director for the first time, after serving as Assistant to

the Director for the last few years. I look forward to the excitement, the lessons and seeing the joyful faces of children who are learning about Jesus, and may come to know Him as their Savior. Let's make this a great year for VBS!

You can register your children (age 4 through 6th grade) online at cedargrovebc.net or by calling me at 908-329-8448 or the church office at 660-438-5675.

Come join us for "Twists & Turns" where we will learn how "Following Jesus Changes Everything!"

Have I Got A Line For You!

By James Mahlon White

Nice surprises come almost every day. Thursday afternoon was quiet in the Clinton office when Aunt Jane came through the door. The subject of Kaysinger Bluff came up, though I'm not sure how and this led to the Visitor Center. Matthew Boring and I rode bikes out to Kaysinger and watched it being built. It looked like a flying saucer to us and our imaginations ran wild after seeing Close Encounters Of The Third Kind. We did have a good time back then, biking everywhere including treacherous treks across the Old Middle Bridge. Speaking of treacherous treks, Aunt Jane said she and a friend once climbed down Kaysinger Bluff to the river. They went under the little natural bridge a bit to the west. It was called The Devil's Chair. Why? JW said she didn't care to know.

INTERNATIONAL NEWS! A new theory is out that King Tut was drunk and crashed his chariot. This caused injuries that led to a slow, painful death. The report cites the reason as Tut's apparent love of wine which was stocked in his tomb, along with multiple chariots. This old world is full of mystery and who knows how King Tut really met his end. At least these researchers didn't blame it on climate change.

Well, President Biden is at it again, this time with plans to build a railroad across the Indian Ocean. Okay,..... and on Friday he ended a speech with "God Save The Queen". Funny he should bring the British monarchy into a gun grabbing speech. The first ATTEMPTED gun grabbing that happened on this continent was by British troops. This started the Battle of Lexington and Concord. What crazed times we live in. Who knows what Uncle Joe will think of next? Ladder to the moon?

Here's my advice for the day, in Latin: "Illegitimum non carborundum." Or maybe I should be nice, with an old Irish blessing: "In the name of God, who made a pathway of the waves, May He bring us safely home at the end of the day." You bet old buddy.

MAKING SENSE OF INVESTING

RICKIE CASWELL,
AAMS®
Financial Advisor

Mutual funds offer investors a chance to own shares in dozens of companies, as well as bonds, government securities and other investments. But you might be able to broaden your portfolio further by owning another type of fund — an exchange-traded fund (ETF).

An ETF, like a mutual fund, can own an array of investments, including stocks, bonds and other securities. Many ETFs are passively managed in that they track the performance of a specific index, such as the S&P 500. In this respect, they differ from most mutual funds, which tend to be actively managed — that is, the fund managers are free to buy and sell individual securities within the fund.

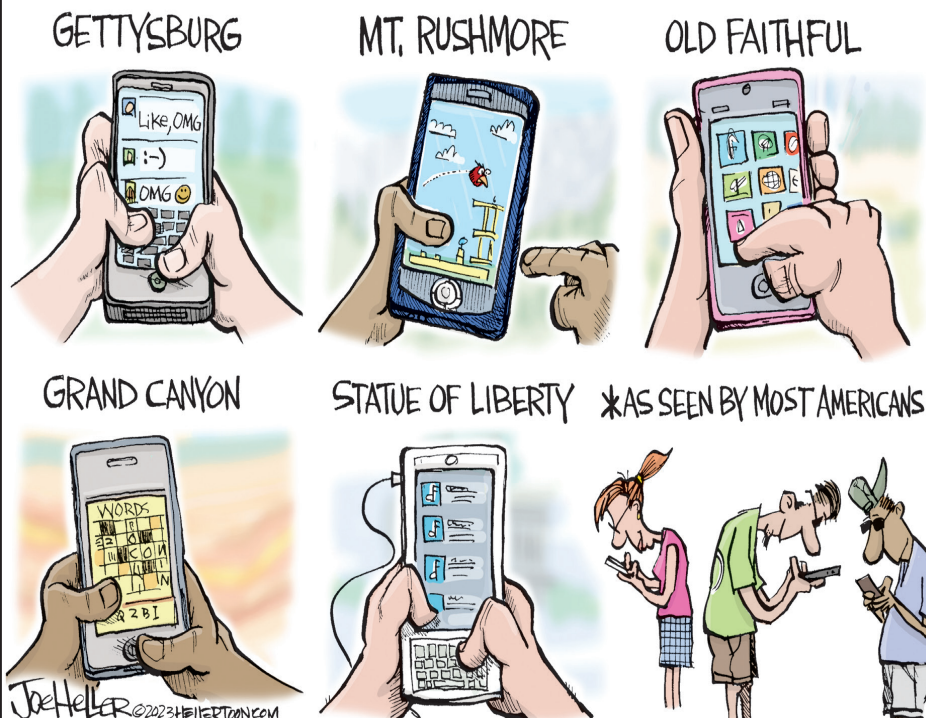

Another difference between ETFs and mutual funds is that ETFs are traded like stocks, so shares are bought and sold throughout the day based on the current market price, whereas mutual funds are traded just once a day, at a price calculated at the end of the trading day. Whether this ability to make intra-day trades is meaningful to you will likely depend on how active you are in managing your own investments.

For some people, the main attraction of ETFs is their tax advantages. Because many ETFs are index funds, they generally do much less buying and selling than actively managed funds — and fewer sales mean fewer taxable capital gains. These ETFs are somewhat similar to index mutual funds, which are also considered to be tax-efficient, as opposed to actively managed funds, which constantly buy and sell investments, passing on taxable capital gains to you throughout the life of the fund. (Keep in mind, though, that mutual funds that trade frequently may still be appropriate for your financial strategy. While taxes are one element to consider when evaluating mutual funds, or any investment, other factors, such as growth potential and ability to diversify your portfolio, are also important.)

ETFs typically also have lower operating costs than mutual funds, resulting in lower overall fees. Part of the reason for these lower costs is that actively managed mutual funds, by definition, usually have larger management teams devoted to researching, buying and selling securities. By contrast, passively managed ETFs may have leaner, less-costly management structures.

But while most ETFs may share the same basic operating model, many

TOP VACATION SITES OF 2023*

types are available. You can invest in equity ETFs, which may track stocks in a particular industry or an index of equities (S&P 500, Dow Jones Industrial Average, and so on), or you can purchase fixed-income ETFs, which invest in bonds. ETFs are also available for currencies and commodities.

Of course, as with all investments, ETF investing does involve risk. Your principal and investment return will fluctuate in value, so when you redeem your ETF, it may be worth more or less than the original investment. Also, liquidity may be an issue. Some ETFs may be more difficult to sell than other investments, which could be a problem if you need the money quickly. And because it's so easy to move in and out of ETFs, you might be tempted to "overtrade" rather than following an appropriate long-term investment strategy.

A financial professional can evaluate your situation and help you determine whether ETFs are suitable for your needs. At a minimum, they represent another investment opportunity that may prove useful as you work toward your financial goals.

Fristoe
 NEWS
 By Pat Arnett
 Contributing Reporter
 Hope every Fristoe area father had a blessed Father's Day! The area has been becoming drier and drier but the Fristoe area did receive some moisture on Saturday night/Sunday morning. Not much, but any rain is better than none.
 Fristoe Pentecostal Lighthouse Church will be holding the Brush Arbor Church Revival beginning Thursday night, June 29 at 7:00 PM; Friday night, Saturday night and Sunday

night to follow. Pastor Jason Moppin from Climax Springs Assembly of God Church will have services on Thursday night.
 Fristoe Antwiler Park Board announced their Annual Pie Auction to be held on Saturday, July 15. This is the Park Board's yearly fund raiser and hope all will turn out for this event!
 The Fristoe Lighthouse Church ladies gave a baby shower for Lincoln and Victoria McGuire on Saturday, June 17. Several ladies from the church put everything together and it was a wonderful turnout for the couple and they were so blessed with gifts.
 Prayers for this week: Patti Hatch, Delores Prater, Carolee Apperson, Kathy First, Lewis and Judy Retherford, Gladys Harris, Easter Willis, Curtis Allen

and Mary Scarbrough.
 Hopefully this coming week will be the end of the work that is being done on Hwy 65 from Warsaw to south of Fristoe. Seems each time we make a trip on Hwy 65, work is being done and we must stop and wait. Do not misunderstand the highway is much nicer and more pleasant to drive on. Now if the Missouri state highway department would put signs on the north and south side of Fristoe on the Hwy 65 alerting of sharing the road with horse driven vehicles, as there are more Amish families using the highway everyday and we sure don't want one of the Amish vehicles to be hit by a motor vehicle.
 Fristoe Lighthouse Church had a beautiful service this morning with much singing and praising God!. Songs sung were "How Great There

Are", "Amazing Grace", "I Am Redeemed", "With God What a Savior". The Sunday School lessons have been in the book of Acts the last few weeks. We studied this week how Paul was led by the Holy Spirit and how he made decisions based on the Holy Spirits leading and directions. Br. Smith's message was from the Book of Revelation Chapter 11. It was the chapter speaking about the "Two witnesses". The Lighthouse Church is also studying the book of Revelation in bible study on Wednesday nights!
 Thought for the week: Success comes in CANS; failure comes in CAN'TS!
 Hope everyone reading the Fristoe column has a fun, enjoyable, safe and profitable week!

Benton County Museum Hosts Classic Car Club Of America

THE BENTON COUNTY MUSEUM hosted the Classic Car Club of America late last month. This Oil Belt Region includes Kansas, Nebraska, Iowa, Missouri, Arkansas, Oklahoma, Texas and Louisiana, which is the largest geographic region but the smallest membership. The cars driven here were 1931 Fords and a Chrysler Air Flow. They drive all back roads with low traffic since the cars can only go around 45 mph. Museums are their main destinations.

Gordon Creasy

Leonard Gordon Creasy, age 93, of Warsaw, Missouri passed away Wednesday, June 14, 2023 at the Kansas City Hospice House. Gordon was born in Warrensburg, Missouri at his grandparents kitchen table on the day the stock market crashed, October 24, 1929. He was the son of Samuel and Irene (Hanks) Creasy. Ironically years later Gordon became a stock broker and had two stock clubs.

On August 14, 1950 he was united in marriage to Kathy Miller. Unto this union one daughter, Deborah was born. Gordon owned and operated the Creasy Insurance Agency for forty-six years. He loved flying and owned his own plane. Gordon flew many people he knew to locations of their choosing. His daughter even learned to fly before she was licensed to drive. Gordon helped lead the Jubilee Days parade from its inception. He also was an active color guard for many years with the American Legion Post #217 in Warsaw and a member of the First Baptist Church. Gordon was a quiet but caring person, not concerned with a lot of gossip. He was an avid book reader and lead a fulfilling life.

Gordon is preceded in death by his parents Samuel and Irene Creasy and one brother Samuel Odell Creasy.

He is survived by his wife Kathy, of the home, a daughter Deborah Creasy, of Warsaw, four nephews; Dr. Ronald Strickland, Blaine Miller, Steve Creasy and Lynn Creasy, a niece, Jacquelyn Strickland and a great nephew Lyle Strickland.

Memorial Services will be held at 10:30 A.M. Wednesday, June 21, 2023 at the Reser Funeral Home, Warsaw. Visitation will be held thirty minutes prior to the service from 10:00 until 10:30 A.M.

Joseph William Haas, Jr.

Joseph William "Bill" Haas, Jr., age 75, of Bellevue, Nebraska, passed away suddenly Monday morning, June 12, 2023, in Warsaw, Missouri. Bill was born in Keokuk, Iowa on November 13, 1947, the oldest child of Kathryn (Wenzel) and Joseph William Haas, Sr.

Bill grew up in Nauvoo, Illinois, and graduated from Nauvoo Colusa High School in 1965. He entered the United States Air Force in 1967 and served honorably for 20 years achieving the rank of Master Sergeant. During his enlistment, Bill was stationed at Cannon AFB, NM, Kunsan, Korea, Davis Monthan AFB, AZ, Homestead AFB, FL, and Whiteman AFB, MO. Throughout Bill's military career, he played for the Air Force traveling fast-pitch softball teams, where he traveled across the US, Canada, and while stationed in Korea. Bill was known for his fastball and had been clocked at 90 miles per hour at one time.

After retiring from the military, Bill worked as

a truck driver for several trucking companies. He was last employed by McLane Company, where he was a regional truck driver until his retirement in 2011.

Bill's passion was fishing. He loved taking his family fishing and bringing back crappie to eat. For over 3 decades, Bill participated in many bass fishing tournaments and clubs.

On April 21, 2012, Bill was united in marriage to Diann "Lynne" Lawhon, in Bellevue, Nebraska. Bill and Lynne made their home in Bellevue and also spent time at "The Haas Country Club", their place at the lake, in Warsaw, Missouri. Bill and Lynne fished together as a team and won many tournaments throughout the years.

Bill is preceded in death by his father, Joseph William Haas Sr, and his mother, Kathryn.

He is survived by his wife Lynne, his children Joseph William "Billy" Haas, Lisa Jenkins (Keith Jenkins), Nicki Grose (Steve Grose), Bobby Smith (Dan Smith), and Justin Haas (Julia Key), his stepsons Tony Lawhon and Todd Lawhon (Brittany Lawhon), his sisters, Linda Haas, Susan Maerz (Mike Maerz), Rita Howard, and Ann Haas, and his grandchildren, Sydney Jenkins, Ryan Jenkins, Savannah Haas, Brennan Grose, Greyson Smith, Sadie Smith, and Palmer Haas, and step-grandchildren, Mikah Lawhon and Jaxson Lawhon, and his 2 beloved dogs, Winston and Indy--who he loved to feed Dairy Queen hamburgers and jelly beans to.

A Celebration of Life and Military Honors will be held on Monday, July 3, 2023, at 11:00 A.M. at the Reser Funeral Home in Warsaw. The family will receive friends from 10:00 to 11:00 A.M. before the services. A luncheon will follow at Cedar Grove Baptist Church in Warsaw. Memorial contributions can be made to the Midwest Dog Rescue Network, 3318 S. 95th Cir, Omaha, NE 68124.

Clair W. Lubke

Clair W. Lubke, age 89, of Warsaw, Missouri, passed away Monday, June 12, 2023 at his home. He was born on February 6, 1934 in West Burlington, Iowa to Logan and Vanna (Dowell) Lubke.

He graduated from Biggsville High School in Biggsville, Iowa with the Class of 1952.

He was united in marriage to Verna Louise Folker on June 27, 1954 in Monmouth, Illinois and they made their home in Coal Valley, Illinois.

Clair was drafted into the

United States Army in 1953. Following his military service, he was employed as a Chrome Plater for John Deere for 30 years until his retirement. He later moved to Warsaw where he would enjoy fishing and hunting.

He was a member of the American Legion Post #217 of Warsaw, Missouri.

He is preceded in death by his parents, his wife Verna Lubke and one son Craig W. Lubke Sr., two brothers, Leighton Lubke and Arbia Lubke.

He is survived by one daughter, Cindy Blissett, of Bulpitt, Illinois, 7 grandsons, Branden Lubke, Craig Lubke (Lindsay), Chad Blissett (Brittany), Eric Lubke (Codie), Cory Blissett, Cody Blissett (Shelby), Chase Blissett (Ally), 11 great grandchildren, several nieces and nephews, other relatives and friends.

Graveside services and interment will be held on Saturday, June 17, 2023 at 11:00 A.M. at the Fredonia Cemetery near Warsaw, Missouri. A celebration of life will follow at the Paradise Point Docks. Memorial contributions may be made to the Disabled American Veterans, c/o Reser Funeral Home, P.O. Box 910, Warsaw, Missouri 65355

Tom Rymer

Thomas Lawson Rymer passed away on June 16, 2023 at the Osage Beach Rehab in Osage Beach Missouri. Tom was born on February 20, 1934 at St. Vincent Hospital in Kansas City, Missouri. At the age of 6 weeks, he was adopted by a loving couple, Claude Lawson Rymer and Esta Jane Nicholson Rymer. He grew up in Raytown Missouri. Going to grade school and high school there till his junior year at which time his folks purchased the Holden Furniture store and moved. He finished high school in Holden graduating with the class of 1952. Tom was in the FFA, senior play, and played football for the Holden Eagles. He had been a cub scout and a boy scout. He was an honorary warrior of the Tribe of the Micosay.

Tom worked with his folks in the furniture business. After graduation he attended college in Columbia for a short time and then decided to join the Navy. He went into the Navy and served 3 years 8 months and 27 days. This was during the Korean Conflict. He took his basic training at San Diego, California and was then stationed at Norfolk, Virginia. A lot of this time was spent out to sea going to different countries. His ship was the USS Cambria APA 36. He was honorably and

medically discharged.

After coming home from the Navy he married his high school sweetheart, Patsy Lee Early on November 24, 1956 at the Elm Springs Baptist Church. They are the parents of four children; Sherry, Darrell, Bruce and Brenda.

He continued to work in the furniture store until after his parents passed away at that time he went on the road selling furniture for different companies. While in Holden he was a member of the Chamber of Commerce, past president of the Holden Gun Club, past Master and Secretary of Holden Masonic Lodge 262 and received his fifty year pin, the Ararat Shrine and the VFW Post #5844. He was assistant cub scout leader of troop 403. He had also received his auctioneers certificate.

In 1979 they moved to Stover and ran the Buffalo Cove Marina for the next 5 years. During that time he became a substitute rural mail carrier for Stover. He also worked part time for West Central Rural Development and a short time in real estate. In 1986 he got a permanent mail route that was out of Salisbury and Glasgow and he then went to Clark, Missouri and then got a route at Edwards and finished out his postal career at the Edwards office.

He was a rural carrier chaplain for nine years, a union facilitator for several years and past president of the Benton County Rural Carriers. They moved to Edwards and then to Warsaw. He was a member of the American Legion Post #217, the Shawnee Masonic Lodge 653 and the NRA. He also kept his memberships at Holden with the VFW and Masonic Lodge.

Tom liked having a garden and had a green thumb for having the prettiest flowers around the house, he also liked to work on projects out in the shop. He loved to deer hunt and go fishing. He loved spending time with his family. He also loved the Lord. He was a member of the Cedar Grove Baptist Church and had been a deacon for about twenty five years and also chairman. He taught a Sunday School class at one time. He and Pat

took care of the flag at the church for over twenty-five years, raising and lowering as needed and also repairing as needed. They along with other church members went on mission trips to other states to help work on churches. He loved to go out to the Baptist Ridge Camp and mow or what ever needed done. Someone told him one time that he needed to change his address as he was out at the camp more than he was at home. He was on the Camp board and chairman for several years. Tom had the honor of going on the Honor Flight to Washington D.C. He had the privilege of going to New York after 911 to help out at Staten Island. He went to Minnesota to help during the big flood they had. He was a volunteer for the Missouri Disaster Relief team and went to the Joplin area during the terrible tornadoes they had years ago.

Tom never met a stranger. If you had a service hat on he would more likely stop you and say hello. He was very proud of the time he served as a Navy man and Rural Letter Carrier and he flew his American flag with pride and honor, he wouldn't hesitate to let you know if you were not displaying the American flag properly.

Tom is survived by his wife, Pat, of sixty six and 1/2 years. Four children; Sherry Wilson, of Holden, Darrell Rymer and wife Andrea of Mary Esther, Florida, Bruce Rymer and wife Malinda of Eldon, Missouri and Brenda Webb and husband Ray of Versailles, Missouri, nine grandchildren; Terra Ethridge (Jeremy), Nikki Schwarten (Jon), Kelli Angle (William), Kelsey Rymer, Justin Webb (Rachel), Landon Rymer (Lisa), Joshua Webb, Jessica Webb, Dillon Wilson, fifteen great grandchildren; Anna, Ben, Wally, Lilly, Emma, Jackson, Nate, Henley, Nova, Cooper, Granger, Hallie, Nic, Jaxtyn and King.

Funeral Services for Tom Rymer will be held at 11:00 A.M. Tuesday, June 20, 2023 at the Cedar Grove Baptist Church in Warsaw. Visitation will be held one hour prior to the funeral from 10:00 until 11:00 A.M. Memorial contributions

may be made to the Cedar Grove Baptist Church Children's Ministry or the Baptist Ridge Camp.

Military and Masonic Rights will be held at the Elm Springs Cemetery at a later date.

BRHC To Host Blood Drive On July 14

Bothwell Regional Health Center will host a blood drive from 10:30 am to 3 pm July 14 in the Bothwell Education Center at 600 E. 14th in conjunction with Community Blood Center. All donors will receive a free Kansas City Royals shirt while supplies last.

MoDOT Streamlines Hay Movement For Drought Relief To Missouri Farmers And Ranchers

Permit fees and some restrictions waived

In response to Gov. Mike Parson's declaration of a drought alert in more than half of Missouri's counties, the Missouri Department of Transportation is offering a special overwidth hauling permit at no charge to help farmers and ranchers move hay as needed. Loads must be of legal height, length and weight.

Permits can be requested using the MoDOT Carrier Express online service, located at www.modot.org/mce. To ensure the fee is waived, hay haulers should place a comment in the application about the fee waiver. The blanket permit fee of \$96 and single trip fee of \$15 are waived for hay haulers through Dec. 1, 2023.

Before hauling, drivers must apply for the special overwidth hauling permit for loads that exceed 8 feet and 6 inches in width, and map their route to avoid work zones, bridges and other areas that have weight, narrow-lane or height restrictions. This information, as well as a special bridge and height restriction view, is available on the MoDOT Traveler Information Map at traveler.modot.org.

MoDOT's waiver and special overwidth permit allows drivers in Missouri to:

- Obtain the permit at no cost.
-Haul hay loads of up to 12 feet and 6 inches in width using a blanket permit.
-Haul hay loads up to 14 feet in width using single-trip permits.
-Move hay during holiday periods and at night. At night, or when visibility is less than 500 feet, drivers must use a reflective, oversized load sign and clearance lights instead of the normal flags required at the edges of the load.

Drivers must adhere to all permit requirements, such as using proper signage and lighting and stopping at weigh stations. Drivers should also be advised that most of the southeastern United States is currently under a quarantine zone for

imported fire ants, which can be easily spread through the movement of hay. Farmers and ranchers who believe they have received fire ants in a shipment of hay should call their local University of Missouri Extension agent as soon as possible.

Those visiting the MoDOT Carrier Express system for the first time will find a link to obtain a customer ID and password needed to access the service. Required information includes:

- The make, license plate number and vehicle identification number (VIN) of the power unit, and
-The farm business name and address.

MoDOT permits cover movement within Missouri only and are required for each truck. Questions may be directed to MoDOT's Motor Carrier Services office at 1-800-877-8499.

For more information, call MoDOT at 888-ASK-MODOT (275-6636) or visit www.modot.org.

Evergy Provides Severe Weather Tips For National Safety Month

The Evergy service area experiences a wide variety of severe weather storms during the spring and summer seasons including potential tornadoes, damaging winds, large hail and flash flooding. As part of National Safety Month, Evergy encourages its customers to be prepared ahead of inclement weather.

- Download the Evergy mobile app to report and track outages.
-Monitor weather conditions in your area for potential storms.
-Assemble an emergency kit for your home, workplace and vehicle in an easy-to-carry container or bag.
-Keep cell phones and other necessary electronics charged.
-Fill up your vehicle with gas ahead of time.
-Establish a shelter plan with your family, so everyone knows where to go in the event of severe weather.
-If you have family, friends or neighbors who live alone or are elderly, establish a communication plan to check on their wellbeing.

MDC Offers Free Virtual Missouri River Alternative Methods Catfish Clinic June 24-25

Learn set line and jug line methods for catching catfish

The Missouri Department of Conservation (MDC) will offer a free virtual Big Muddy Alternative Methods Catfish Clinic on Saturday and Sunday, June 24-25. This is a three-session clinic over two days. The virtual clinic will be offered in conjunction with an in-person clinic in the Kansas City area, concurrent with those sessions. Participants are not required to commit to all sessions for the virtual clinic.

The clinic will begin with classroom demonstrations from 9 a.m. to 12:30 p.m. on Saturday, June 24. Instructors will teach how to build set lines, trot lines, and jug lines. Those methods can be used to catch blue, flathead, and channel catfish in rivers and lakes. After a lunch break, the session from 2:30 to 7 p.m. will cover setting lines in the Missouri River and baiting hooks.

The clinic resumes from 8:30 a.m. to 12:30 p.m. on Sunday, June 25, with demonstrations of how to run lines, collecting fish, and cleaning catfish to prepare for cooking.

This virtual clinic is open to all ages. To register for the clinic, visit https://short.mdc.mo.gov/4Px. For more information, contact John Rittel, MDC community education assistant, at John.Rittel@mdc.mo.gov.

WEEK OF JUNE 26

♈ ♉ ♊ ♋ ♌ ♍ ♎ ♏ ♐ ♑ ♒ ♓

WEEKLY HOROSCOPE

Gemini 5/21-6/20: Monday is a tough day, as Mondays so often are, but that changes quickly. Many of the questions swimming around in your head as the week gets going are answered by Tuesday or Wednesday. An intellectual conversation on one of those days sets you thinking in a radically new way about a subject you've long considered yourself an expert in. Ideas...exciting! On Thursday and Friday, you are misfiring right and left, conversationally speaking, but quality time with quality people over the weekend fixes that. On Sunday, take initiative in a group setting.

Cancer 6/21-7/22: The Monday blahs have a hold on you at the start of the week. If you don't feel like going out, well, find a way to stay indoors. You have a million projects to occupy yourself with. The last thing you need to grapple with right now is, you know, other people. On Tuesday and Wednesday, watch out for stubborn people (and be extra conservative about money issues). Thursday and Friday see you finally warming up and in the mood to be social, although daydreaming for hours on end could seem equally appealing. This weekend, after an essentially quiet week, your emotions will be easily aroused.

Leo 7/23-8/22: Making a good impression is a key concern of yours on Monday, but so is not coming across as arrogant. It's a delicate balance. One way to strike that balance is to do something for someone else. Help out a friend. Force your ego to the sidelines for as long as you can, because it may explode to the fore by Wednesday. Ego clashes aren't pretty, so do what you can to avoid them. Be patient. And on Thursday and Friday, be in listening mode. Pretend you're sick of your own voice. This weekend, everything goes your way, even as someone challenges your opinion. But it feels good to be challenged sometimes!

Virgo 8/23-9/22: A lovely weekend leads to a romantic Monday. If you're single, that might change. You may even meet someone through work. The fun you have on Monday leads to a desire to organize your life on Tuesday. While you're enjoying yourself, you also want to have a clean house! Notice the way your routine changes subtly when you're in good spirits, as you will be on Wednesday. On Thursday and Friday, relationship issues figure strongly. Don't be too critical of others, and don't get frustrated if people move at a different pace than you do. You enter the weekend with a true sense of purpose.

Libra 9/23-10/22: There are
