A Dream Come True: Biker Gives **Huntington's Patient Ride Of Her Life**

has Carr Chris Huntington's Disease that causes movement, cognitive and psychiatric disorders. There is no cure for the disease, and she is now a resident of Good Samaritan Care Center in Cole Camp where a caring staff member has helped make Carr's dream of riding a Honda Trike come true.

"I noticed that Chris was withdrawing more and didn't take part in many activities," said Angie Brandes, Activities Director of the care center. "I wanted to do something for her and remembered that a couple of years ago she told me that she wished she could ride a Honda Trike again. She had enjoyed riding her own Honda Trike for several years before signs of Huntington's disease caused her to give it up, so I decided to make her dream happen."

A call to Mac Vorce led to a connection with Scott Ross, President of Guardians of the Children Show-Me Midwest, a non-profit organization of bikers who are dedicated to helping abused children take back their lives. Ross and other members of his crew promised to do something for Carr and surprised her with a motorcycle rally in her honor on August 4, at

A MOTORCYCLE RALLY at Cole Camp's Good Samaritan Care Center turned a dream into reality for Chris Carr with a bike ride courtesy of Guardians Of The Children. Carr was an avid rider before giving it up due to Huntington's disease.

10:30 AM. That morning Carr was escorted out to the care center driveway where other residents and staff were waiting to cheer her on. She rode on the back of a Honda Trike escorted by other bikers while the song "Born to be Wild" played.

"The Guardians of the Children brought a lot of gifts for Chris," said Brandes. "She received a jean jacket vest with her biker's name written on it. She also got a picture frame containing a photo of the Guardians' Chapter

members, and she was made an honorary member of the chapter for life. She was given a hug bear that was passed around the chapter to members who each gave it a hug. She was told that anytime she is depressed, she can give that bear a hug."

Brandes said the ceremony was very emotional and there was hardly a dry eye in the group. The driver of the motorcycle that Carr rode on said that riding was a little lighter with her behind him.

"It is so heartening to know that with only one phone call people will be there to help," said Brandes. "It is such an honor to be a part of making her wish come true. Sometimes we forget that our residents have dreams. We do day-to-day care, but many of our staff go the extra mile and try to fulfill all aspects of their needs.

Carr was born and raised in Kansas and is the mother of three daughters. She went to cosmetology school and became a hair technician, eventually owning her own

hair Salon called Hair It Is. She loved country music and line dancing, and her favorite ride was on her Honda Trike. However, she had to give all of this up when she began showing signs of Huntington's disease at age 45. Carr's aunt, Carla Summers, was working at a care center in Warsaw when she decided to move Carr from Kansas to live with her. When she was no longer able to meet all her needs at home, she placed RIDE Page 3

If you moisten the topping with milk instead of oil, it's less greasy and crunchier because the sugar in the milk caramelizes along with the cheese. Summers and her husband Doug also rode in the biker ceremony August 4 on their Harley Davidson. Summers reported that Huntington's Disease runs in the family and some members began getting symptoms in their 30s.

"Being able to work with Chris at her care center has been a good thing," said Summers. "When COVID came, I was able to be with her as a staff member. When she was younger, she was willing to help anyone who needed it, and when I needed help, she was my rock. I am glad to take care of her now."

According to WWW. mayoclinic.org Huntington's Disease is a rare, inherited disease that causes the progressive breakdown of nerve cells in the brain. Symptoms of the disease can develop at any time, but they usually first appear when people are in their 30s or 40s. Medications are available to help manage the symptoms of Huntington's disease, but treatments can't prevent the physical, mental, and behavioral decline associated with the condition.

Cole Camp May Offer Reduced Water Rates

Camp approved on first draft an ordinance which, if again approved at it's August meeting, would lower water and sewer bills for some residents who use water to irrigate their lawns and shrubbery. The measure, if approved again, would require a second water meter on such properties, and measure water used for irrigation at a lower rate than water used within the residence.

The meeting opened at 7:00PM with Aldermen Jon Beckman, Diana Burdick, David Locke and Mindy Fox present. Mayor Bob Meuschke presided; City Clerk Dawn Paul recorded. First actions by the group were to approve minutes of it's June 15 regular and closed sessions, then okay payment of June bills; and approve the city's financials. Her firm will continue to work on site design. A related resolution was passed. Under old business, the group approved an ordinance to place a 4-way stop sign at North Pine and Eickhoff Streets.

Under new business, the group passed a right-of-way easement allowing a private garage to remain on city property on Hickory Street and set a tax levy hearing to be held just before it's regular August session. Clerk Paul reported recent

reductions in the city's telecom tax, citing a need for it's review. She also reported that windows in City Hall need some repair. She added such repairs could cost as much as \$34,250. The group did not act on her comments.

Public Works Director Heath Roark reported that the city's water project was "going good", and paving equipment is available to do related jobs. Police Chief Jeff Canfield introduced new Officer Robert Mullett and commented that he was advised to check with USDA for possible related grants for tornado sirens. possibilities for several related grants and a desire by some that the city construct a pickleball court. Grazing School Plans Underway For August, Are You Interested?

A 3-day grazing school is planned in Lincoln on August 22nd, 23rd, and 24th. Information and ideas are provided to landowners and operators who are interested in promoting a grazing system set-up for the livestock operation on their farm. It is a requirement for any landowner interested in receiving cost share for a DSP-3 Planned Grazing System, through the State Cost Share Program, to attend a grazing school.

The school will begin at 8:30 a.m. and end by 4:30 p.m. each day. There will be indoor classroom sessions along with some outdoor tours and training. Appropriate dress for both will be necessary. Lunch will be provided.

The only item the participants will need to bring is an aerial photo of the property they will be completing the system on. Sample grazing systems will be worked up during the school. These photos can be received from the USDA Service Center.

Registration is required in advance and will hold a spot for you at the school as space is limited and will be on a first come first serve basis. If you are interested, please contact our office (Benton Co. SWCD) for more information. The deadline for registering will be August 11th.

Dear Editor,

Last month, Gov. Parson cut out \$28 million for improvements to Interstate 44. Low and behold, money from Pres. Biden's Bipartisan Infrastructure Bill was offered and he accepted it. So now, due to federal money, Missouri's I-44 will be repaired and expanded and he's trying to take credit for it. But just 2 weeks ago, he sent back \$42.7 million in federal grocery money to feed Missouri kids that were on reduced or free school lunch during the last school season. That's \$120 per child. So if a Missouri family had 3 children on reduced lunches, he cheated them out of \$360 per month for groceries. His reason? "Administrative hurdles" to distribute the grocery money. That's word salad for not enough staff. According to the latest data from the Missouri Department of Elementary and Secondary Education (DESE), the state has 356,444 full-time students on the free and reduced lunch program. I'm no rocket scientist, but a little bit of common sense goes a long way. DESE knows the exact number of kids on the program and they have a data base of the kids addresses from the schools so all that's needed is staff to help get it done. Folks, Missouri has a surplus of \$8 million in general revenue, and for over a year, they've been sitting on \$2 million in additional federal aid that can be used as general revenue, and they can't hire more staff to help Missourians. We deserve better.

Local Athletes Stay Active **During MSHSAA Dead Week**

COLE CAMP'S Gentry Dieckman enjoyed playing volleyball on the beach while on a trip to Florida last week during MSHSAA's dead week period. Official practices started for all sports at the local high schools on Monday.

Per MSHSAA, the summer time dead week is a period of defined length in which no contact takes place

between school coaches/ directors of MSHSAA sponsored activities and students enrolled in the member school, or who will be enrolled in the member school during the next school year.

With last week being dead week across the state, we

WELCOME Krista Yeggy, DO **Obstetrician and Gynecologist**

decided to chase down some Benton County athletes to see what they have been up to during the week off from practices and school activities.

Cole Camp senior Gracie Thompson said, "Well, I just got back from a 2 weeks vacation at 7:00 AM this morning. We took my team of Percherons to the Cheyenne Frontier Days in Cheyenne, Wyoming! We where able to participate in all 4 CFD parades, which is pretty cool! People line the streets for MILES! It is definitely the biggest parade I have ever been a part of."

She added, "Since we just got back, I will be working, riding my horses, playing volleyball, hanging out with family and friends, and then school will start!"

Lincoln senior Taylor Botteron commented, "I went to the Bahamas and the water was very salty."

Angela Parrott spoke for her son, Lincoln sophomore Dawson Parrott, "For six weeks, Daws has been going to swag performance in Warrensburg twice a week right after football practice or weights. He officially joined the cheetah club today by running 20 mph for 6 seconds. It's a speed, agility, strength program." Cam Everhart, Lincoln

junior said, "I've been hitting the batting cage and lifting a lot at the gym and playing quite a bit of pick up basketball up in Sedalia so I can stay in shape for these 2-a-day practices and for the season.

"I've been babysitting, hanging out with friends, and playing travel ball with my comp team," Warsaw sophomore Tanna Howe said.

Warsaw junior Brylee Brewster said, "During dead week, I still practice on my own time and go to the gym, but use it more as a lighter practice before I start everydays."

Cole Camp senior Gentry Dieckman said, "Right now, I am in Florida on vacation, also spending some time playing golf and hanging out with my friends."

Young people having fun and enjoying the summer and their free time . . Nothing could be better.

WORKING ON THEIR DEFENSE, the Warsaw volleyball team took advantage of the court early Monday morning, on the first day that practices are allowed per MSHSAA.

They're BACK! Area Schools Host First Practices Of Season

HEAD COACH Kevin Shearer watches his new starting QB Gentry Dieckman during early pre-season practice. The Bluebirds will need to shore up their offensive line as they head into a promising season. Their strengths will be speed in the backfield and a newfound passing game.

IN THE TRENCHES, Lincoln's offensive line works out as they prepare for the upcoming season. While short on numbers with just 13-18 expected players, Lincoln has some talented sophomores to rebuild their program after graduating one of the best senior classes in the history of the school.

Camping World SRX Thursday Night Thunder Next Up At Lucas Oil Speedway, Davenport Added To Field

Lucas Oil Speedway will remain quiet this week for a scheduled break before roaring to life next week for one of the biggest events in track history.

Next on the schedule is the Camping World SRX Series Thursday Night Thunder, bringing some of the world's best-known drivers to Lucas Oil Speedway and a national-television audience tuning in via ESPN on Thursday night, Aug. 17th.

Added to the field of drivers on Monday was Jonathan Davenport, who will make his SRX debut. A native of Blairsville, Georgia, Davenport is regarded

as one of the top Dirt Late Model drivers in the country with five World 100 victories and three Lucas Oil Late Model Dirt Series Championships.

"It's pretty exciting to get a call from SRX inviting me to race with some of the best drivers in the country from such different racing backgrounds on dirt at Lucas Oil Speedway next week," Davenport said.

"SRX wins with Jonathan Davenport stepping into the seat of one of our cars at Lucas Oil Speedway," said Don Hawk, SRX Chief Executive Officer. "He is a multiple time champion who steps up in big race scenarios. I expect him to do the same as he battles some the very best at Lucas Oil Speedway."

Davenport already has won four feature races at Lucas Oil Speedway this season, including the Lucas Oil Late Model Dirt Series CMH Diamond Nationals last month.

Drivers already announced for the Lucas Oil Speedway event include NASCAR Cup Series champions Tony Stewart, Brad Keselowski and Bobby Labonte, along with former NASCAR drivers Kenny Wallace, Ken Schrader, Ryan Newman and Clint Bowyer plus NASCAR Craftsman Truck Series driver Hailie Deegan. The series pits the 12 drivers against one another in identically prepared cars with points accumulated in each of the six events.

General admission tickets remain on sale for the finale of the six-race Camping World SRX Series, which will determine the 2023 champion. All SRX races air live on ESPN, from 8-10 p.m. Central time including this Thursday's event from Eldora Speedway in Ohio and Aug. 17th at Lucas Oil Speedway.

The weather has been hot and also a lot of rain fell. However, this has made things look much more like good garden produce and beautiful flowers.

As I write my stories for the newspaper this afternoon, I want all reading what I write to understand, as I write about my neighborhood, understand that many of my neighbors have moved to this area from an area very much involved in the Amish lifestyle and worship. Therefore, they brought that belief and lifestyle with them to Benton County and our Fristoe/Edwards area. I respect their ideas and will therefore not mention any names nor actual addresses. However, I will mention what good neighbors they are and how they keep Dean and I with all kinds of garden produce. One family is expecting a child just any time and this will be 8 or 9 children for this family! There will be an Amish school on Angus Road this

The story I began last week is continued. In August 199,9 an announcement was made that the plant would be closing in a few months. People from different agencies began to visit the plant telling us what our options would be. In a matter of weeks, decisions began to be made. We started to take tests to show what our strengths were. Tears were shed, as each person began to make the decisions they felt best suited them. Some employees decided to go to school. Others moved on to other jobs, some even started their own businesses More next week!

WARSAW CHRISTIAN CHURCH

What is our church about? In a word, our church is about Jesus. We encourage everyone to trust in Jesus as Savior and Lord and receive the gift of forgiveness and eternal life. Then we encourage everyone to follow Jesus. Trust Jesus, follow Jesus; that is what our church is about. We do other things as a church family. We have fellowship dinners; we attend events together; we root for the athletic teams at Warsaw High, Skyline High, and Lincoln High. We have an active men's group and an active women's group. We have an annual bazaar. We support missionaries in Africa and several local outreach programs. A lot is going on at our church.

However, our primary focus is spiritual. We want to lift up the name of Jesus so that others may trust Him. He is at the center of our church life. He is at the center of our Sunday School classes. He is central to our morning worship. I am not on the list of top ten preachers in America, but my preaching is Christcentered and Bible-based.

What is the heart and soul of the Warsaw Christian Church? It is Jesus. We want to proclaim Jesus, teach about Jesus, serve Jesus, worship Jesus, honor Jesus, love Jesus ---- you get the idea. Several years ago, I helped to write and edit a book entitled, "Lifting Up Jesus." My goal has not changed. As a pastor, in harmony with the congregation, I am committed to lifting up Jesus. Our doors are open to anyone wanting to know more about Jesus.

going back to school soon. Doesn't seem possible it's that time. The youth and some adults went to Big Surf after church. We pray they had a good time. Water and sun always make for a good time.

There are many suffering from cancer and other health problems. We need to keep them in our prayers everyday. God will take care of them.

Pastor Jesse's message was from the book of Matthew 18: 1-6. Jesus asked the question "Who is the greatest in the kingdom of heaven? I tell you the truth unless you change and become as little children you will never enter the kingdom of heaven." Matthew 18: 1-3. As adults we are the Bible to little children. We needs hearts as little children. As children look for approval from their parents for something they did wrong so do we look to our Father Jesus for approval. If something is drawing you away from Christ get rid of it. Don't drive a wedge between God and yourself. Don't offend ones who are new to Christ and are learning things they need to know. They are children whether adults or children . We should thank God each day for what we have. Jesus should be our hero. "And whoever welcomes a little child like this in my name welcomes me." Matthew 18: 5.

Be safe in the Lord and attend a church this Sunday. GOD BLESS ALL.

What to do when you get old -Ecclesiastes Chapter 12:1-14

For 11 chapters, Solomon has spoken of a world without God. Now he turns his attention to growing old. He refers to God as the creator and instructs the youth to turn to God at an early age.

When I was a kid, 50 was old. I was given a black balloon on my 40th birthday. Most athletes retire before Our memory slowly slips away. Arthritis comes to live in your body. Our teeth rot or they live in a plastic box overnight. The nursing home is something we dread with a passion. Our family and friends die and the cemetaries becomes a place of constant sorrow as we pass by.

For the beautiful woman, that God apparently worked overtime on, her beauty fades. No longer will she turn the heads of men as she walks into a room.

The old men sit in the coffee shops and play cards and talk of the price of gas and how much rain they had in their rain gauges.

Then Solomon says we die.

How shall we live? Solomon says to fear God and keep His commandments as we will stand before God and give account of our lives.

I am Johnie J. Logue, the pastor of Grace Baptist Church at 31046 Hwy MM. Our services are at 10:00 AM for SS and 11:00 AM and 4:00 PM for worship. You can watch our services on Facebook every Sunday.

In Matthew 8:5-13 Jesus tells the story of the Faith of the Centurion (a commander in the Roman army). Jesus is in Israel, and it was clear, they were under the control of the Roman Empire, surrounded by soldiers to control the people. Most of the people hated everything about the Romans. Jesus preaches a sermon telling us how we should live our lives. Jesus deals with the Romans in a different way the Centurion man deals with Jesus different than most.

The Centurion tells Jesus his servant is sick and needs healing and Jesus says He will go and heal him. The assumption is this is a command to Jesus. The Centurion says to Jesus, you do not have to come to heal him because I don't believe you have to. He knows enough to believe! Jesus Jesus, I believe you have the authority to tell my servant's body to be healed and it will be healed. Jesus has not seen this faith in Israel and tells His followers, this man has more faith than any of you! Do we believe Jesus has that same authority today? We really like to believe Jesus has that authority, but then we don't! He loves us so much and is concerned about the value of our hearts and who we believe in. The only thing that saves us is who do we believe has the authority on earth! Do we really believe in Jesus, that He died on the cross for our sin? It is simple! We can study the Bible all we want and not be saved if we don't believe in Jesus. Everything we do has to be centered around Jesus! Give Him authority over everything in our lives! We are to have faith like the Centurion! Is it Jesus or not!

Join us Sunday mornings for Sunday School at 10 a.m. with Worship at 11 a.m., and Sunday and Wednesday Bible Study at 6 p.m. Watch us live at 11:15 a.m. on Hopewell Baptist Church Facebook page.

Sunday 8/13/23 This Rev. Don Rogers will be at Unity of the Lakes. His service is continuing to look at "The Second Coming". We will take a deeper look at scriptures telling of this event. Could there be a deeper meaning? Could it be possible that it is happening right now within each and every one of us rather than being a future event? We will use some spiritual tools that may help us better understand the meaning of scriptures. Please join us at 11 am for service and stay after service for refreshments and fellowship. Dress is casual and all are welcome. We are located 8 miles south of Warsaw on highway 65. If you want to set your GPS, God's Positioning System, our physical address is 34948 Hwy 65 South. We look forward to seeing you.

SUMMER SALES EVENT!!

Get your popcorn. This latest indictment of The Donald is going to be fantastic theatre. Subpoenas will be flying and the lineup of politicians, FBI and DOJ folks will be a sight to behold. A lot of people don't think this has anything to do with President Trump and everything to do with election interference. Uncle Joe said it out loud in a speech, "We won't let him be elected again". This whole show is like Princes and Lords who vied for the English throne centuries ago and jailed each other. Today it's a cabal of politicians doing the same thing and framing it as "justice". That idea is a vanishing notion in this country.

Well, well, well, Hunter's former business partner testified that President Biden was aware of his son's shady business dealings and called in during some of them. The Prez denies this and a spokesperson said, "These calls were about the weather". UNBELIEVABLE! Dinners, pictures, phone calls from oligarchs and \$50 million going to the Biden family though shell companies. Who would have guessed it's all about the weather? Wonder if the banks with 200 suspicious activity reports knew this was all about the weather? Burisma knew it wasn't about the weather when Uncle Joe leveraged \$1 BILLION in taxpayer money to fire a prosecutor in Ukraine. Hunter got a \$10 million payday and the Big Guy got 10%. The DOJ is all over two sailors who were caught selling sensitive information to China and THEY SHOULD BE.

Rehoboth free as a crippled bird. Rules for thee, but not for me.

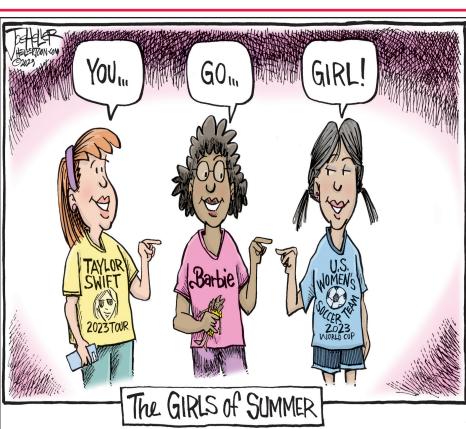

* * Better switch to something else before I upset my pen pal and get another tome President Trump's on foibles and the glories of communism. But I do enjoy the correspondence! * *

Had a steak sandwich at Powell's in Clinton on Friday. It was GREAT and nice people working there too. Sign on the wall says, "If it weren't for you, we wouldn't be here". That's true for many things in life. Speaking of food, coconut pie would have been good for dessert. Lyla Williams makes one from a recipe her mom used 50+ years ago when she ran Margie's Coffee Shop. It was located at Poor Boy Corner and was a popular place in this area. Lyla once left a coconut pie on my desk with a note saying, "This is not just a piece of pie, it's a piece of history".

I'm winding around and around. Lord save us from ghoulies, ghosts and things that go bump in the night.... and a few other things. Who'd have thought we'd witness what's going on in our country and the world right now? Listen, hang in there Old Buddy and have a buster of a day.

is worth? The amount vou need from the sale of your business to support your retirement goals may be more than what your business is actually worth. To help close this gap, you could try to boost your business's profits through the usual means, such as introducing new products, raising prices or cutting costs. But you might also try to lower the amount you need from the sale by working longer, reducing your personal spending and saving more outside the business.

Who will take over your business? When planning for a successor for your business, you have several choices, including selling to a family member or an outside buyer. Going public or liquidating the business are also options. These are distinct paths, but depending on your circumstances, one might be more appropriate for you than another. To cite just one factor, if you don't have an obvious choice for a family member to take over the business, you might have to consider other buyers. In any case, you'll need to

overall financial and family situations, you may want to build an exit strategy team, possibly consisting of your financial, legal and tax advisors. You may also need to enlist the services of a commercial banker and a business evaluation expert. Each of these professionals can bring a different area of expertise to your exit decisions, and together they can help address all the issues related to your exit strategy. Exiting your business will take a lot of planning and decisions but if it's done right, it can be worth the effort.

WORD **ON THE** STREET

Will you be attending this year's MO State Fair? Why or why not?

it's a family tradition. -Julie Brewster

I will not. I'm usually working on those days. -Chad Eledge

Yes, I'll be there every day because I have to work activities at Mizzou Central. But I will also be attending the Lainy Wilson concert. -Michelle Larson

If you own a business, you've always got a lot on your mind. But no matter how busy you are today, you need to think about tomorrow. Specifically, you'll want to create an exit strategy for the day you want to move on from your business to a new phase in your life.

To develop this strategy, you'll need to address these key questions:

How much do you need (or want) for your business? Ideally, you'll want the sale of your business to meet your retirement and estateplanning goals. So, you'll need to think carefully about these goals and what costs they may entail. And these issues aren't just financial — for example, when you think about how you may want to spend your time in retirement, you might realize that you don't really want to exit your business completely. So, you might decide to sell just part of it, or sell it entirely, but stay on to help manage it or possibly do some consulting for the new owners.

How much is vour business worth? You may want to calculate your business' value three to five years before your planned exit. You could do this on your own, but it's typically advantageous to use professional valuation services. If you're gifting or selling your business to family members, selling it to an employee stock ownership plan (ESOP) or settling an estate, you'll need to get a more formal qualified appraisal to meet IRS standards.

How can you close the gap between what you need and what your business explore all the economic and personal factors involved in the choice of successor.

Who can help you with your exit strategy? Exiting a business can be complex. To ensure you're making the right moves for your

Warsaw School District Tax Rate Hearing Notice

A hearing will be held at the High School/Middle School Library, Warsaw, Missouri on August 16th, 2023 at 5:45pm, at which time citizens may be heard on the property tax rates proposed to be set by the Warsaw School District, a political subdivision.

The tax rates are set to produce the revenues from the property tax required by the budget for the fiscal year beginning July 1, 2023. Each tax rate is determined by dividing the amount of revenue needed by the current assessed valuation. The result is multiplied by 100 so the tax rate will be expressed in cents per \$100 valuation.
