# Officially First Responders! MO 9-1-1 **Dispatchers Achieve Major Milestone**

**Include Safety** 

Governor Mike Parson signed SB 24 into law on July 6, providing those working in emergency services telephone а change in status from clerical personnel to first responders. The bill adds "telecommunicator first responder" to the definition of "first responder" in various provisions of law. The bill took effect on August 28 and now gives 9-1-1 employees access to mental health services through the creation of a health fund.

"We are the first point of contact with those in need and we haven't had access to mental health services like we should have," said Jessica Mayfield, Director of Communications, MO 9-1-1 Directors Association - Region 2 Representative, Benton County Central Dispatch. "We are now getting recognition. I have purchased a banner to display out front of our building that states '9-1-1 Dispatchers, The FIRST First Responders'. This is big news happening within 9-1-1 throughout the state of Missouri."

www.senate.mo.gov states that this act establishes post-traumatic stress described disorder. as in the Diagnostic and Statistical Manual of Mental

RECOGNITION RIGHTFULLY GIVEN, Missouri now recognizes 9-1-1 Dispatchers as First Responders. Marking the monumental change, Benton County Commissioners Scott Harms, Larry Berry and Steve Daleske met with 9-1-1 Dispatchers Susie James, Jessica Mayfield, Brenda Hillburn, Jeff King and Aleea Paulsen.

Health Disorders, Fifth Edition, as a compensable occupational disease under workers' compensation when diagnosed in first responders, as defined in by law.

SB 24 also modifies a requirement for emergency medical dispatchers to complete an emergency medical dispatcher course that meets or exceeds the national curriculum of the U.S. Department of Health. Instead, rulemaking authority is transferred to the Missouri 911

Service Board. This board shall develop rules and regulations, in collaboration with an Oversight Committee that has been established, relating to the medical aspects of prearrival medical instructions, and will set the standards for the state of Missouri. Director Mayfield has been appointed to sit on this Oversight Committee and states she is looking forward to making positive change within 9-1-1 for Missouri. Officers of the Missouri Chapters of the Association

of Public Safety Communications Officials, the National Emergency Number Association, and the Missouri 9-1-1 Directors Association, sent a letter to members of these organizations stating that they commended association lobbyist Scott Penman and Kaycee Nail of Penman Group for their hard work and dedication during this legislative session. The letter gave them credit for getting this bill through this legislative session, when without their help it

might have taken longer than two sessions. Also thanked were Senators Lincoln Hough and Elaine Gannon, Representatives Chad Perkins and Robert Sauls who made it one of their priorities to get this legislation to the floor, and Governor Parson for seeing and agreeing with the need laid out in these priorities. SB 24 also provided new provisions relating to other vulnerable persons.

In Your Plans For Labor Day Weekend

Colonel Eric T. Olson, superintendent of the Missouri State Highway Patrol, encourages everyone to plan for a safe 2023 Labor Day weekend. Whether you are on the water or on the road, it's everyone's responsibility to travel safely and observe all Missouri laws. Never operate a vehicle or vessel while you are impaired. Alcohol affects your judgment, reaction time, vision, coordination, and comprehension. The movement of the boat, vibration and noise from the boat's motor, sun, and wind are all boating stressors and enhance the effect of alcohol on your body. If alcohol is part of your water activities, drink responsibly, and never operate a vessel if you've consumed alcohol.

The 2023 counting period for the Labor Day holiday will be from 6:00 PM, Friday, September 1, 2023, through 11:59 PM Monday, September 4, 2023.

The Labor Day holiday is a busy boating weekend. Before you take your boat on the water, inspect fuel lines and hose connections for leaks, and test the battery to confirm it is charged. When refueling, turn off any electrical devices which could create a spark. After **MSHP Page 3**

The City of Warsaw conducted a survey shortly after the Steamboat Phase I Playground was opened. This survey was to determine what the community thought of the new playground, plus what they would like to see in a second phase. At the same time, a local resident approached the city about donating to a Phase II in their family name.

Efficient and effective care is enhanced by data and technology to assure that patients receive the care they need when and where they need it. Care is delivered in a culturally and linguistically appropriate manner.

"When the position of social worker at Warsaw became available, I knew this was what I was called to do," said Arnett.

In just the first week of school, Arnett has been busy locating resources for students and their families.

"School should be a safe inclusive place where children can grow up," said Arnett.

Arnett pointed out that if children do not have food or clothing, they aren't worried about their homework. Arnett worked with WARM House this past week getting clothing and shoes to children who needed them.

Arnett is also working closely with Benton County Youth Coalition (BCYC) to help educate students about the dangers of vaping, drug and alcohol abuse.

According to Arnett, students dealing with drug abuse lose all motivation to do anything.

Arnett will also be working closely with the school counselors in the district.

"Students can be referred to me by their counselor, teacher, or parents," said Arnett. "My door is always open and I look forward to helping students as they work through the process of growing up."

Arnett will also be working with students who are having behavioral issues at school and at home.

With unwavering dedication, remarkable and contributions, а profound of legacy volunteer leadership, these remarkable individuals have elevated the standards of excellence within the 4-H program," said Rachel Augustine, senior director of Advancement for the Missouri 4-H Foundation.

The 4-H Missouri Foundation recognizes individuals who have created a legacy of service to 4-H by honoring them with induction in the Missouri 4-H Hall of Fame," Augustine added.

"Each year, the Missouri 4-H Hall of Fame induction serves as a poignant reminder of the lasting impact that volunteers can have on the lives of young people, families, and communities. It is a celebration of passion, selflessness, and a relentless drive to empower the next generation of leaders" she said.

Schnakenberg Elvera Zimmerschied dedicated over 20 years of volunteer service to Benton County 4-H Youth Development programs. Zimmerschied served as club leader for the Lake Creek Lamplighters and Brandon Boosters 4-H Clubs. As the Benton County 4-H and FFA Youth Fair Board President, Zimmerschied was instrumental in working with local city officials to create a written agreement to grant 4-H perpetual priority use of the 4-H and FFA Building and Fairgrounds. This document has proven to be a valuable tool during city official staff transitions and ensuring the use of the space for future generations. For many years Zimmerschied transported 4-Hers to county council meetings, fair board meetings and local achievement days in addition to leading several 4-H projects. (Continued from Page 1) According to Randy Pogue, City Administrator and Planner, "The City of Warsaw has joined with the Bibb family to build Phase II of the Steamboat Playground. Phase I was completed in October of 2023 with huge approval from the community. Based on a community survey, the community wants a more diverse playground area, shade structures and a restroom."

With knowing the survey

will be a total of \$600,000 for new play equipment, shade structures and a new restroom. A video has been produced to illustrate how the new Phase II will connect to the current Phase I.

Phase II has been designed to be more inclusive to all age groups, while continuing the river front theme from Phase I. The Phase II design will have over 27 imaginative play activities, highlighted with an impactful color scheme offering a rich partnership with the Historic Past of

Warsaw's Osage River Heritage, and the required social behavioral, physical skill, and communal activity development of today's children.

Mayor Eddie Simons states, "We are very excited that the Bibb family has come forward to contribute to the next phase of the playground. With their financial commitment combined with the community match, we will be able expand the play area into a one of a kind public play area in the lakes area." He further stated, "It has been a long-time goal of the city to improve the recreational opportunities for our youth in the Drake Harbor Recreation Area."

There will be activities in this play area that will help develop agility levels, balancing skills, and core body strengths. Some of the items are:

• Hover Net with Custom spoonbill fish themed climbers

• Multi Person Swings

• Various style of Log Climbers and stepping pods • Buddy Rocker

· Mini City Community Helpers Log Cabin themed playhouse with a fish crawl tunnel

Custom Boat themed spring rider

Custom Log/Rock Themed ADA transfer point Big Kahuna Bridge / Climber

• Custom Mushroom Step/ Climber

 Custom Frog Climber All combined with bridges/ walkways/decks/swings for continuous play as children travel from activity center to activity center throughout over 7,500 square feet of play area. Including the current Phase I 2500 sq. ft. Steamboat themed play area, this will be a total of 10,000 ft. of outdoor activity for our youth and those that we welcome to visit.

In 2022, there were eight boating crashes which included one fatality and five injuries. One person drowned over last year's Labor Day holiday. Troopers arrested five people for boating while intoxicated during last year's counting period.

Marine enforcement troopers will be working to make our waterways safer during the holiday weekend. Missouri's boaters are asked to do their part by remaining alert for other boats and swimmers and being courteous on the water. Smaller vessels should yield right-of-way to larger vessels. Boaters should avoid overloading their boat with too many passengers and always pay close attention to the boats around them. Causing harm to another person or their property with an excessive boat wake may subject you to enforcement action or civil liability. Treat other boaters and property owners as you want to be treated. Be courteous and follow all of Missouri's boating laws.

Remember: Life jackets save lives. Wear one when you are on or around water. If you'll be on the road this Labor Day holiday, make sure your vehicle is in good working condition before you depart. Drive courteously and obey all of Missouri's traffic laws. Remember to buckle up and pay attention as you travel.

Help ensure a safer Labor Day weekend for everyone. In Missouri, seven people died and 398 were injured in 1,041 traffic crashes over the 2022 Labor Day holiday. This means one person was killed or injured every 11.5 minutes. Troopers arrested 121 people for driving while intoxicated during last year's holiday weekend.

The Highway Patrol will be participating in Operation C.A.R.E. (Crash Awareness & Reduction Effort) over the Labor Day holiday weekend. Speed, inattention, and impaired driving are leading causes of traffic crashes. All available troopers will be patrolling Missouri's roadways and waterways. Troopers on the roadways will be enforcing Missouri's speed limit, seat belt, and impaired driving laws, in addition to being available to assist motorists.

The public is encouraged call the Patrol's to Emergency Report Line (800) 525-5555 or \*55 on your cellular phone if they witness criminal activity or experience an emergency. These emergency numbers are operational for both highway and water emergencies. If your celebration includes alcohol, designate someone else to drive whether you are in your boat or your car. Please don't become a statistic.

Too many people die in traffic crashes each year in Missouri. The choices you make when you're behind the wheel matter. Make good choices, so you'll never have to say, "If I could just go back ...."

school so I will also be doing home visits to help children who are struggling."

Warsaw Superintendent Scott Gemes was pleased with the addition of Arnett as the district social worker.

"The addition of a social worker will take some of the workload off of our counselors," said Gemes. "Jonna will also be in charge of working with homeless students and their families." Homeless students are identified as any student living with someone other than their legal guardian so that could include a student living with friends or grandparents.

Warsaw residents, Arnett and her husband Hadley are the parents of a three-yearold daughter, Blaire.

"I am glad to be back at Warsaw and I am excited to help kids prosper and break down barriers that stand in the way of their education," said Arnett.

### The Sandman Shines As Lincoln **Routs Lone Jack In Season Opener**

ALL THE TIME IN THE WORLD, Lincoln QB Riley Sanders had good protection as he prepared to unload a bomb down field during Friday's game. The Sandman had a storybook night by throwing for a school record 7 passing TD's in the 58-7 route of Lone Jack at home in their first game of the season.

The secret is out; Lincoln sophomore Riley Sanders can throw a football with the best of them. On Friday, in a 58-7 rout of Lone Jack at home, he threw for 7 touchdowns, a school record and tied him with Lincoln legend Jackson Beaman for 7 TD's' in a game.

It was his first start at QB after playing behind All-State standout Connor Lynde last season.

Lone Jack kicked the ball out-of-bounds to start the game and then tried an unsuccessful onside kick giving Lincoln great field position.

On the very first offensive play of the contest, Sanders hit a wide open Dawson Parrott on a 30 yard bomb in the left side of the end zone for a touchdown.

It was something Lincoln had talked about all week.

"We saw on the film that their safety didn't drop back so we knew either Dawson Everhart scored the PAT and it was 22-0 after one. At the 11:13 mark of the

second quarter, Sanders would find Brayden Benham, another talented sophomore, for the TD and it was 28-0 as Lincoln pulled away with just two many weapons for the 22 man Lone Jack squad.

The game time was pushed back to 8:30 PM because of the heat. Lincoln came in with just 15 players and without future star running back Anthony Srader. Both teams tired at the end from the heat and from the short rosters.

Lone Jack was bigger up front and looked good in warm ups but Lincoln's speed was just too much early on. It was 46-0 at half as the fat lady sung early and went home.

With a running clock, the second half moved along except for first game nervous penalties. No one scored in the third surprisingly enough.

However, it took Lincoln just some 13 seconds to hit paydirt dirt with Young from three yards out to make down the sidelines for the final TD of the night. Cardinals head coach Brad

Drehle said, "I thought the whole team played well. We asked a lot of Larry Roberts, who filled in for injured Ashton Wolf and he played well for us tonight."

Wolf will be out for 6-8 weeks. Srader is said to be week-to-week.

Myles Harms, who struggled in the jamboree at center, was much improved against Lone Jack.

Coach Drehle went on to say, "We were nervous at the beginning and we need to work on our PAT's. Tipton will be tough next week. They beat us here at home last year. "

Sanders in his dream performance was 14 for 20 for 316 yards with no interceptions. He had nine tackles and Everhart had ten.

Parrott, in his only carry of the night, raced 76 yards for a TD. He had two TD receptions and was 4 for 104.

Young was 4 for 130 with 2 TD's.

Everhart was 8 for 102

week on the road. Tipton (1-0) surprised the Cardinals last season. Maybe the sophomore class and a handful of juniors can return the favor.

Lincoln Cardinal's Sports Network with Lane Johnson will have all the action on the net. Don't miss it!

#### Cole Camp Wins Thriller In **Double OT**

In the first game of the season, Cole Camp traveled to play Wellington-Napoleon and after a 3 hour and 45 minute struggle, the Bluebirds came away with a 16-14 victory double overtime.

Well-Nap scored in the second quarter and led 8-0 until Cole Camp quarterback Gentry Dieckman scored on a 3 yard run in the fourth quarter. He then tied the game at 8-8 on a completed two point conversion pass attempt to Teagan Sharp.

Neither team scored in the first OT. Then in the second thrilling overtime session, sophomore sensation and newcomer Grant Rodriguez scored from the three and scored the game winning conversion on a nice pass from Dieckman from six yards out to the two and Rodriguez ran the ball in for the score.

Wellington-Napoleon would then score but failed to score on the two point conversion as Cole Camp's defense held up on the incomplete pass from the 15 for the hard-fought victory. As like most games across

Missouri, the game was pushed back an hour (some an hour and a half) because of the heat. The team bus arrived home at 1:30 in the morning.

Cole Camp head coach Kevin Shearer commented on his team's victory, "We made a lot of mental errors. We had ten recorded penalties and four bobbled snaps. On the positive side,

Rodriguez rushed for 121 yards on 18 attempts. Grady Strathman was 17 for 92 rushing and 3 for 18 receiving. Reid Harrison was 9 for

49 rushing and 4 for 48 on the receiving end. Matthew Bright was 3 for 38. Cole Camp will host Windsor 0-1 next Friday.

#### Warsaw Delivers In Second Half As 'Cats Roll Past Marceline At Home

It was a tale of two halves for Warsaw on Friday night but strong performances on both sides of the ball after halftime helped to propel the Wildcats (1-0) to a 36-8 win over the Marceline Tigers in front of a raucous week 1 crowd.

Warsaw held the ball for the majority of the first quarter after Jayce Depriest returned the opening kickoff to the Tigers' 28 yard line. The drive was marred by penalties on both sides but after working their way back to the original line of the scrimmage, the Wildcats sideline rolled the dice and finally hit paydirt on 4th and 15 when Garrett Ferguson was flushed from the pocket, rolled to his right and hit Drake Murrell for a touchdown on a diving catch after streaking across the back of the endzone. Logan Gemes came on to tack on the point after try to put the Wildcats up 7-0.

On the ensuing drive, the Warsaw defense was fierce. After a Murrell sack on the Tigers' first play from scrimmage, the defense forced a three and out. A twelve play drive for the Wildcats that saw much yellow on the field was halted resulting in a punt. Gemes' boot was downed at the 11 yard line for Marceline and that's where they would start their next possession.

The Wildcats defense, however, had other plans. A false start pushed Marceline back to their own 6 yard line and the next play was a swarming tackle for loss by the defense. From their own 2 yard line, Tigers' quarterback Dax Thomas was wrapped up in the opening kick of the second half and the Wildcats quickly forced a punt after a Mason Anderson sack.

Starting at the 39 yard line of the Tigers, it took Warsaw just three plays to score their second TD of the night, this time on a 34 yard romp to the endzone by sophomore running back Josh Harvath. Gemes' extra point split the uprights and gave the Wildcats a 16-8 lead.

A stalled drive by each team volleyed possession back to the Tigers, but that's when the defense would step up yet again.

From their own 19 yard line, Thomas rolled to his left to pass, he was chased by Depriest and was driven to the ground by Harvath while attempting to make a left-handed pass. The ball floated and Taylor picked the ball out of the air and raced into the endzone for another Warsaw touchdown. Gemes came on once again to nail the PAT and the Wildcats lead was 23-8 at the end of the third.

Harvath scored his second TD of the night on a 13 yard run in the fourth and Gemes made the score 30-8 with another extra point as the 'Cats began to pull away.

Trying to seal the win, the Wildcats special teams got in on the fun when they recovered an onside kick, setting up shop for the Warsaw offense at the Marceline 48 yard line.

After seven straight run plays, Depriest tallied his first TD of the season on a 6 yard run to cap the scoring for the night when Gemes PAT went wide right, resulting in the 36-8 final.

Ferguson finished the game 4 for 9 on pass attempts for 49 yards and 1 TD. He also rushed 7 times for 13 yards. Harvath led the 'Cats on the ground with 137 yards on 14 carries and 2 touchdowns.

Oliver Robertson ran for

or Chase Young would be open, "Sanders commented. Sanders hit Cam Everhart for the extra point and it was 8-0 early.

Sanders would hit Everhart again at the 7:37 mark for another TD. The PAT failed but it was 14-0.

Sanders passed to Parrott again for another TD.

it 52-0.

Lone Jack quarterback, sophomore Luke Throgmorton would race in for a 20 yard TD and Kadin Moody kicked it through as the scoreboard read 52-7 and the good Lone Jack crowd had something to cheer about.

Parrott rambled 76 yards

rushing with a TD and a our kids grew up during the PAT.

Benham had two receiving TD's and was 3 for 47.

Not only can Lincoln receivers catch the ball but after the catch, they can fly. Lincoln never punted the ball.

The upstart team with no seniors will be tested next game."

Dieckman was 12 for 31 passing for 114 yards. Don't be surprised if those stats don't improve as the season moves on. He has a rifle for an arm and it was his first game in years that he played football and started as QB.. He was also 5 for 28 rushing

endzone by Warsaw's Riley Taylor for a safety to put the Wildcats up 9-0 at the end of the opening period.

The Green and Black offense couldn't take advantage of the free kick and turned the ball over on downs. Marceline put together a drive that got the ball to the 11 yard line of the Wildcats after a long run, but the defense stepped up again by forcing a fumble, recovered by Ryan Fajen.

A sixteen play Warsaw drive ended in another Gemes punt from the 42 yard line of the Tigers and was fair caught at their own 10 yard line. Marceline took advantage of the right side and just two plays later, broke a big run that ended in a 90 yard touchdown run by Caleb Stallo to get them on the board with just 18 seconds left to go in the first half. The Tigers got lucky when a botched snap on the PAT resulted in a successful 2 point conversion attempt to make the halftime score 9-8, in favor of the home team.

Eleven penalties were enforced in the first half. Marceline took the 28 yards and Depriest added 27 on the ground with a TD. Murrell led Warsaw with 43 receiving yards and was on the receiving end of 1 touchdown.

The Wildcats totaled 257 yards of offense; 208 on the ground and 49 through the air.

Murrell led the stingy Warsaw defense with 4.5 tackles, including 1 quarterback sack.

Taylor notched 3 tackles with an interception and a touchdown and was also responsible for the safety.

Shane Poyser, Depriest, D'Angelo Ramirez and Jase Hubert all tallied 2 tackles apiece.

Depriest, Wyatt Gemes and Hubert all had forced fumbles for the Wildcats and Fajen, Brennen Slavens and Logan Gemes all had fumble recoveries.

The Wildcats will be back at home in week two when they host a new Ozark Highlands Conference opponent in the Versailles Tigers.

That kickoff is set for 7:00 PM at Randy Morrow Field and can also be viewed on BCE TV.

Fristoe Pentecostal

**NEWS** 

#### Bv Pat Arnett Contributing Reporter

The weather in the Fristoe area this last week has been HOT! Then Saturday afternoon things turned much cooler and some moisture fell. Hopefully the weather stays this way for awhile!

**REMINDER!** Antwiler Park Board September meeting will be held on Wednesday, September 6 at 7:00 PM in the Fristoe Community Building. This is the yearly election of board members. There are (2) three year seats open and (1) seat where term will have to be finished. If you are interested in being on the board, be sure to attend this meeting. This date is being held because of Labor Day. **REMINDER:** Also The Fristoe Pentecostal Church Lighthouse announces REVIVAL (BRUSH SERVICES ARBOR STYLE) on Thursday, September 21 thru Sunday, September 24 beginning at 6:00 PM each evening! Prayer requests: Bob Jackman, Kathy First, Delores Prater, Russ Weeks, Lewis and Judy Retherford, Carolee Apperson, Gladys Harris, Easter Willis, Curtis

The Missouri Highway Department has put up signs to help make the highway along, before, thru and past the Fristoe village alerting drivers to be cautious for horse and buggy travelers. The Fristoe area is gaining more and more of the Amish families and they do use the horse and buggy as their way of transportation. I was really glad to see the signs being erected.

Allen and Mary Scarbrough.

Dean and I went to the Cross Timbers singing that takes place on 2nd and 4th Saturday nights. The numbers are adding back up as the weather becomes cooler and we are glad of that. This musicale has been taking place for many years and there are several people who have been a part of it and therefore we hope the it continues to be a part of the community. One person who has been a part of this music is Dean and I's good friend, Bill Hockman. Dean was close to Bill's dad and has enjoyed doing music (especially gospel) with Bill and his dad. Bill is always really good to make sure I know something important if I need to get it in this column. We had a good visit with Bill and several others on Saturday night. Are you behaving Bill? Area schools are back in class and many are involved in sports. We have friends and family in several area schools and want good health and safety for all the youngsters in Warsaw, Skyline, Climax Springs, Lincoln, Macks Creek and all other schools in the area!

Lighthouse Church was blessed Sunday morning with a presentation from local girl Grace Yoder who is leaving in a couple weeks for a year in missions. She shared where she was going and much of what she would be taking part in for the next year; very knowledgeable and very enjoyable piece of work. The whole church appreciated really her presentation!

Sunday School finished the unit on Solomon and Br. Smith brought his message from Acts: Chapter 27 in the study of Paul!

Thought for the week: Jesus is a friend who knows all your faults but He still loves you anyway!

Hoping everyone who reads the Enterprise has an enjoyable, fun and

way to spend a few hours or put your dancing shoes on and show off your fancy footwork.

Some schools on our east and west coasts are mandating masks (including outside) and calling for social distancing, just in time for election season and all those cartons of mail in ballots. Isn't this the craziest world? Speaking of a crazed world, The Donald and co-defendants turned themselves in at the Fulton County Clink down in Georgia. The DA who charged him said the 2016 election was stolen from old Hillary and then fund raised off indicting President Trump. Self serving set up if you ask me and would make any Venezuelan proud. Meanwhile, the Judge in the January 6 fiasco set the trial date for one day before Super Tuesday. What a COINCIDENCE! They're all enemies of the State now and must be punished! It's worked in other countries. Steele Dossier, Russia Hoax...then 4 indictments in 5 months. But none of this is political. \*

Ran across a documentary called "When Ireland Starved." It focused on the Potato Famine. The British in Ireland raised plenty of food, but shipped it off to The Motherland as men, women and children starved and Ireland lost half its population. The English rulers banned the use of Gaelic, closed churches, schools and leveled houses. One of my greatgrandmother's Irish cousins was hanged by the British for taking part in the fight Irish Independence. for My great-grandfather would spit when the word "England" was mentioned and my grandmother did a little dance when the I.R.A. plugged Lord Mountbatten.

likely, but one with a long memory. I do understand why the Irish wouldn't help the British during WWII. What I don't understand is how they they've managed to keep a sense of humor about how the planet spins. Years ago my mother gave me a CD with Irish music in Gaelic. I've listened to it and thought my ancestors would have understood the singer. Have much the same feeling when my old mantel clock strikes. It belonged to a great-great grandfather. Many, many years have taken flight since T.B. first heard that sound in 1879. \* \*

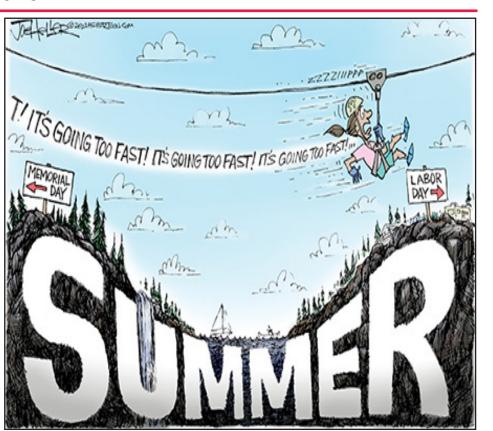

This column is so addled with subject matter that's it time to stop. I'll try to do better next week. In the meantime, watch out for those "Rich men north of Richmond." Blessings on you old buddy.

You'll find some big differences between traditional and speculative investments and knowing these differences can matter a great deal when you're trying to reach your financial goals.

To begin with, let's look at the basic types of traditional and speculative investments. Traditional investments are those with which you're probably already familiar: stocks, bonds, mutual funds, government securities, certificates of deposit (CDs) and so on. Speculative investments include cryptocurrencies, foreign currencies and precious metals such as gold, silver and copper. Now, consider these three components of investing and how they differ between traditional and speculative investments: The first issue to consider is risk. When you own stocks stock-based mutual or funds, the value of your investments will fluctuate. And bond prices will also move up and down, largely in response to changing interest rates. However, owning an array of stocks small-company, largeinternational, company, etc. — can help reduce the impact of volatility on your stock portfolio. And owning a mix of shortand long-term bonds can help you defend yourself somewhat against interestrate movements. When interest rates fall, you'll still have your longer-term bonds, which generally but not always – pay higher rates than short-term ones. And when interest rates rise, you can redeem your maturing short-term bonds at potentially higher rates. With speculative investments, though, price movements can be extreme as well as rapid. During their short history, cryptocurrencies in particular have shown astonishingly fast moves up and down, resulting in huge gains followed by equally huge, or bigger, losses. The risk factor for crypto is exacerbated by its being largely unregulated, unlike with stocks and bonds, whose transactions are overseen by well-

regulatory established agencies. There just isn't much that investors can do to modulate the risk presented by crypto and some other speculative investments.

A second key difference between traditional and speculative investments is the time horizon involved. When you invest in stocks and other traditional investments, you ideally should be in it for the long term — it's not a "get rich quick" strategy. But those who purchase speculative investments want, and expect, quick and sizable returns, despite the considerable risk involved.

A third difference between the two types of investments is the activity required by investors. When you're a long-term investor in traditional investments, you may not have to do all that much, once you've built a portfolio that's appropriate for your risk tolerance, goals and time horizon. After that point, it's mostly just a matter of monitoring your portfolio and making occasional moves - you're not constantly buying and selling, or at least you shouldn't be. But when vou speculate in crypto or other instruments, you are constantly watching prices move — and then making your own moves in response. It's an activity that requires considerable attention and effort.

One final thought: Not all speculative instruments are necessarily bad investments. Precious metals, for instance, are found in some traditional mutual funds, sometimes in the form of shares of mining companies. And even crypto may become more of a stable vehicle once additional regulation comes into play. But if you're investing for long-term goals, such as a comfortable retirement — rather than speculating for thrills and quick gains, which may disappear just as quickly - you may want to give careful thought to the types of investments you pursue.

Dear Editor,

Where is Waldo (Biden)? The people of Hawaii are asking that question. Trump would already have sent 2 cruise ships to house, feed and medically treat the injuries. He would have flowed over and personally assess the damages. He would have the military there to help with the cleanup and rescue parties. People have short memories of his efforts in NY.

Where is Waldo (Biden)? A day late again, maybe in his basement or taking a nap. No he was hanging out on a sunny beach while Hawaii burned.

# <u>REMEMBRANCE</u>

#### Simon Eugene Cartee

Simon Eugene Cartee, 36, of Warsaw, MO, died Wednesday, August 23, 2023, at Bothwell Regional Health Center in Sedalia.

Funeral services will be held at 11:00 a.m. Tuesday, August 29. 2023, at Campbell-Lewis Funeral Home in Marshall with William W. Harlow officiating. Burial will follow in Ridge Park Cemetery. Visitation will be from 10:00 a.m. to 11:00 a.m. Tuesday at the funeral home. Memorials are suggested to Marshall Bow Hunters and an online guestbook is available at www.campbell-lewis.com

Born November 16, 1986, in Sedalia, he was the son of Rickey Lane Cartee and Debbie Jackson Cartee. Simon lived in Marshall growing up and graduated from Marshall High School in 2005 where he was a member of FFA, as well as being a member of Town & Country 4-H. After high school he attended Tulsa Welding School and used his degree to work at Duke Manufacturing in Sedalia for many years. Simon was an avid bow hunter, was a member of Marshall Bow Hunters and attended many Archery Shooters Association bow tournaments. He loved fishing which led to family fish fry's he enjoyed, and just anything outdoors. One of the things that Simon will be remembered for are his first words at any function, "How long is this shin-dig gonna last?"

In addition to his parents, Rickey and Debbie of Warsaw; he is survived by two sons, Conner Ragan and Reed Cartee; three sisters: Renita Winfrey of Marshall, Robyn Griffitt (Gary) of Ackworth, IA and Samantha Malan (T.C.) of Marshall; as well as many nieces and nephews. Simon was preceded in death by his grandparents: Warner and Donna Perkins and Taylor and Anita Cartee.

Boy Scout Mother. Sharon provided daycare for many family and friends through the years. She was a talented cake decorator and many who knew her received a thoughtful card to celebrate birthday or special а occasion. Sharon worked as a substitute teacher for the Warsaw School District for many years. She also worked as a caregiver for the Lincoln Community Care Center and was a primary caregiver for her motherin-law, Juanita Miller in her final years.

She is preceded in death by her parents, two sisters, Rosalee Kolster and Jane Kramer.

Sharon is survived by her husband, John Miller of the home, two sons; Nathan Miller, and his wife Michelle, of Warrensburg, Missouri and David Miller, and his wife Ashley, of Pleasant Valley, Missouri, three grandchildren; Erika Miller and her fiancé Jacob Sauther, Gawain Miller and Isla Rose Miller and a brother Luther Dameron, Jr. of Sedalia, Missouri.

Funeral Services will be held at 10:00 A.M. Tuesday, August 29, 2023 at the First United Methodist Church of Warsaw, with Pastor Loren Whetsell officiating. Visitation will be held Monday evening from 6:00 until 8:00 P.M. at the Reser Funeral Home, 101 W. Main Street in Warsaw. Interment will follow the funeral at the Fristoe Cemetery. Memorial contributions may be made to the First United Methodist Church of Warsaw.

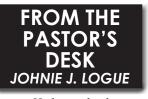

This Sunday 9/3/23 Unity of the Lakes is blessed to have Rev. Sandra Duncan as our guest speaker. Her service is "Our Faculty of Will". Will is one of our twelve powers and represented by the disciple Matthew. Please join us at 11 am as we explore our faculty of will and how it can serve us. Come for service and stay for fellowship. We would love to feed you in body, mind and spirit. Dress is casual and all are welcome. We are located 8 miles south of Warsaw on highway 65. We look forward to seeing you.

takes effort to follow Jesus. Sunday is the Lord's day not a day off. We need to endure good and bad times. God allows us to go through these things to build strength. He will deliver us when it's time. Is Jesus important to you?

The church enjoyed an end of the summer fellowship at Jr and Marsha Mehrens home on Sunday evening. We enjoyed hot dogs, pulled pork and a lot of sides for an enjoyable evening. So glad the weather was cooler to enjoy this evening with friends.

ALWAYS PUT YOUR FAITH IN JESUS CHRIST. GOD BLESS UNTIL NEXT TIME. GOD SPEED. IF YOU CAN'T COME ON SUNDAY MORNING JOIN US WEDNESDAY EVENING AT 6:00 PM FOR WORSHIP.

....He being dead yet speaketh -Hebrews 11:4

Last week, I received a letter from a dead man. Evelyn Gross sent me a birthday card and inside was a letter from her late husband Pastor Ron Gross who passed away a month ago. The letter was unfinished.

I miss Ron dearly and to get this letter was very special. The letter contains his thoughts about the way Christians are being mistreated by our government.

I thought about how people still speak to us after their passing. Treva Whitington made some memory verses that we still use in Sunday school. Charles Stanley's sermons ,among other deceased preachers, are still being played on TV and the radio. Charles Haddon Spurgeon's books are still treasured by many Bible scholars today. Fanny Cosby's songs are sung every Sunday in churches across America.

Through these manv outlets, the dead still speak to us if we would listen. Things that our parents said and did stay with us throughout Precious our lifetimes. reviewed memories are through thought our processes constantly. How will you be remembered? Yeah, I know most don't care. Have you influenced someone in a good way or for the worst.? Will your memory stick in the minds of people after you are long gone. When you stand before God and give account for your life, it will matter to you then and there. You can't control what people think about you but God will be the righteous judge and knows every thought, deed and motive. He knows every idle word spoken. Something to think about. I am Pastor Johnie J. Logue of Grace Baptist church at 31046 MM Hwy, Warsaw, MO. 65355. Our services on Sunday are at 10:00 AM and 11:00 AM. You are invited.

#### BRHC Adds New Lactation Consultant

Sarah Cordes, a registered nurse in Bothwell Regional Health Center's Women's Health and Newborn Care unit, recently passed the exam to become International Board an Certified Lactation Consultant (IBCLC) and will be Bothwell's new fulltime Lactation Consultant. Cordes has worked in Labor and Delivery in Bothwell since starting her nursing career nearly six years ago. Growing up in a family of health care providers, she has had a passion for labor and delivery, newborns, child development and family care for as long as she can remember.

"I have worked as a nurse caring for laboring and newly delivered moms and babies while also having and taking care of my own three children over the last six-plus years," she said. "My experience both as a breastfeeding mom and as a nurse caring for breastfeeding moms really heightened my passion to support breastfeeding and infant feeding in general."

As Lactation Consultant, Cordes specializes in the clinical management of breastfeeding and can provide training and support to mothers and families to help make the nursing experience as enjoyable and successful as possible. She can help new moms with latching, transitioning from breast to bottle, pumping, returning to work, milk supply and more. Cordes can also assist with bottle feeding and provide education and support that will benefit "I learned so much more than I anticipated," Cordes said. "My training and education while working toward certification really opened my eyes to how to better support our moms, babies and families as a whole, and why it really is so important. I am excited about this new role and hopeful it will be a great renewed resource to our community."

To make an appointment to see Cordes at the hospital, contact her at 660-827-9474 or scordes@brhc.org.

Cordes will also be a resource at Baby Café, a free weekly breastfeeding support group hosted in collaboration with the Pettis County Health Center WIC office. Baby Café is for nursing mothers or pregnant women thinking about breastfeeding and is open from 4 to 6 pm each Tuesday in the Women's Health and Newborn Care lobby located on the first floor of the hospital. No appointment is needed and refreshments are available.

#### WEEK OF SEPT 4

#### WEEKLY HOROSCOPE

Virgo 8/23-9/22: There's too much happening at the outset of the week for you to get a handle on anything. Sometimes being busy is fun, but you're a little too busy for your own good. Sink a needle into all the madness and let the tension out. Tuesday, Wednesday, and Thursday are productive but pleasant, as fine a time as ever to chart plans and discuss ideas (and, if you have spare time, to tidy up). Shopping figures into your day on Friday, likely shopping for something with a partner. And Saturday has you thinking about money. On Sunday, your intellectual curiosity may lead you to do some research.

Libra 9/23-10/22: You may not have all the answers, but someone else thinks you do, and that's a great place to be. You're admired. If the group is without a leader and you have what the group needs, step up to the task. You're a good listener (especially important on Tuesday and Wednesday), and grudges slide right through your fingertips these days (especially important on Thursday). On Friday, some heavy-duty flirting sets your heart aflutter. Your mind, meanwhile, swirls with thoughts of beauty. It's amazing the unexpected turns life takes. On Sunday, your unexpected thoughts turn to business

Scorpio 10/23-11/21: Work is worrying you on Monday. Something's up with the boss. If you find yourself tiptoeing around, well, this is probably smart of you. Your instincts are to be trusted. Being flamboyant and forward is not the answer right now. On Tuesday or Wednesday, someone will let you in on a secret that changes your understanding of an issue you thought you had all figured out. On Thursday, doing a favor for a friend makes you far happier than you could have predicted. The key to sustaining this happiness on Friday and Saturday is to be aware and take your time. Sunday is a day of energy and rebirth. Sagittarius 11/22-12/21: When the sun smiles on Monday, you, in this happy glow, can't help but smile too. You are the beneficiary of good luck and also some long-time-in-coming goodwill. On Wednesday and Thursday, an authority figure puts a crimp in your style, but by Friday, you're getting hugs from friends right and left for no reason at all. When someone asks you about your hopes for the future on Friday or Saturday, your goals will suddenly seem more attainable than ever. Expect rich dreams on Saturday night. You won't be able to get them out of your head on Sunday.

Capricorn 12/22-1/19: You thought you had a certain person figured out. Boy, were you wrong! Whatever assumptions you have at the start of the week, drop them. Spend Tuesday and Wednesday doing research. There are so many things you don't know yet. You don't even know all the things you don't know! On Thursday, you're going to achieve a lot (and you'll finally start to feel grounded) and on Friday you'll have time to devote to a new project. You go into Saturday with a ton of energy and a goal, but expect the culture around you to take you in unforeseen directions. Friends figure strongly on Sunday. Aquarius 1/20-2/18: The car sputters to a stop on Monday. At first, you're annoyed to be by the side of the road, but this is only the beginning of the adventure. Sometimes the most amazing experiences begin with the most unpromising circumstances. This is a good lesson, and it's something you carry with you the rest of the week. Wednesday and Thursday are business-related, Friday is social but intellectually stimulating, and Saturday you stumble across something utterly, wonderfully, mind-bendingly new. On Sunday, unwind.

Pisces 2/19-3/20: Your way of doing things works great for you, but it might not work great for someone else. Ditto your way of looking at things. It's important not to be bossy, and it's especially important this week. As wise as your criticisms are on Tuesday and Wednesday, the people you're around may be entirely uninterested in hearing them. And relationships with the people around you are the key to your well-being right now. When a problem arises with a partner (in either the business or romance realm) at the end of the week, be quick on your toes and solve it right away. No sense letting weirdness linger. Aries 3/21-4/19: The week begins like a storybook, complete with babbling brooks and trees that talk and strangers meeting in the woods and falling in love. Exercise figures on Monday, but it's a fun exercise, the kind you barely notice. The middle of the week is less dreamy and fun, but don't stop exercising. It will keep you in good spirits even as the details and the drudgery threaten to drag you down. On Friday, you're happy and charming (it's so much easier to be charming when you aren't stressed, isn't it?), and you have all the time in the world to sleep in on Sunday.

Taurus 4/20-5/20: Monday finds you having to mediate a dispute between two of your friends and then, horribly, becoming involved yourself. That's what happens when friends become arbiters! Find a way to back out of the situation gracefully, perhaps by fully admitting that it was never any of your business. Losing face is a lot better than losing a pal. The middle of the week is a corrective to all this early-week weirdness. Tuesday through Thursday is fun and flowers everywhere. Friday and Saturday are exciting, and Sunday is emotionally rich but low-key compared to the rest of the week.

Gemini 5/21-6/20: Words come easily to you on Monday, and everyone around you seems to be responding well. If only the same could be said for your communications with your family on Tuesday. And on Wednesday. And on Thursday. You and your family have just hit a rough patch, communications-wise. Meanwhile, you'll be preoccupied with way too much communication (correspondence, phone calls, emails, chatter) in the rest of your life. Until Friday, the spotlight lands on one person; one person for you to focus on all day and night and all of Saturday too. Sunday finds you entering unknown territory. Cancer 6/21-7/22: The bigger the better, as they say. You are right there with them on Monday, because nothing is too grandiose for your tastes, and you feel like showing off a bit. Tuesday brings a return to modesty somewhat, with you focusing on small details and quality friendships. Wednesday and Thursday you'd do well to spend with friends. Make some plans together, perhaps a quick getaway. But on Friday and Saturday, plan to stay close to home because something there needs your attention this weekend. Deal with it directly and it won't blow up into a crisis. Don't deal with it directly and you run this risk. Leo 7/23-8/22: You are a supreme being at the beginning of the week. Top of your game. Better than ever. Whatever you do, let your heart be your guide and proceed with confidence. Unfortunately, on Tuesday, the outside world will give you a bit of a sinking feeling and you'll find yourself retreating into your own head. Wednesday and Thursday are quiet, introverted days as well, serious days, in fact. But Friday is a return to form, all friends and action and romance and hot chocolate. The mood will carry on through Saturday. On Sunday, check in with the family.
