History Is Close To Home At Jesse James Hideaway

BY JENNIFER JACKSON Staff Reporter

There are two theories of why a Clinton rancher named Warren C. Bronaugh visited the Younger brothers in prison after they were arrested and sentenced to life sentences for robbing a bank and shooting several people in

One is that Cole Younger was the soldier that saved Bronaugh's life during the Civil War Battle of Lone Jack. The story goes that Cole guided Bronaugh and another Confederate soldier back to their unit after they became lost in the town, which was filled with smoke.

Another is that Capt. Bronaugh, known as Wal, made the visit because he was a good friend of Frank James, Jesse James' brother, who couldn't make the trip himself.

Whether one or the other story is correct, or the truth is a combination, the house where Capt. Bronaugh lived when he was working to get the Younger brothers out of prison still stands on a hill northeast of Clinton. It's now owned by Dawn Guterman, who offers tours, an event venue and overnight stays.

She calls it "The Jesse

"It was called the Jesse James House, but it wasn't his house," Dawn said. "Supposedly Jesse was here. When people used to see a couple of horses that were not here normally, they'd say it was the James

that the Bronaugh family built in the 1880s stand across from each other on a hill on either side of Hwy. YY, off Hwy. 52 E. near Clinton. The houses have become part of local lore connecting Henry County to the notorious James Gang and the Younger brothers

But when Dawn saw the house listed for sale in December of 2022, she didn't know much about its history. She did know she loved the house, a three-story Victorian with gingerbread trim, wrap-around porches and widow's walk on the

Have I Got A Line For You!

By James Mahlon White

Enterprise Reporter Homer May died on Friday. Condolences go out to the May Family. Homer was highly intelligent and courteous. His word was his bond. He loved newspapers and covering city board meetings in Warsaw, Lincoln and Cole Camp. Homer's career with the Enterprise began in 1999. And he knew how to laugh at the world's absurdity. On days when things were "Going to hell in a hand basket," Homer could be counted on for a sense of levity. I'm privileged to have known and worked with him. God Speed Homer and a very fond fare-

well.

Attended an event with Aunt Jane on Saturday. It was held at Union Station in Kansas City. Years ago, it was renovated from top to bottom with restaurants, museum exhibits and event spaces. JWB remembers when it was bustling with trains arriving and leaving day and night. Red Caps were hand on to carry suitcases down to the trains on the level below or up the stairs when you got off the trains. These gentlemen help support their families from the tips they received. The first train trip I ever took was out of Union Station in the early 1980's. Back then it was pretty rundown and the Red Caps were long gone. Anyway, it was a nice Saturday evening and Union Station was jam packed. It was good to see the grand old place bustling.

The word "Dictator" keeps getting thrown around, but defiance's against the Supreme Court show where the dictatorial directives are coming from. Student loan forgiveness and immigration rules come to mind. We're becoming more and more like the centrally controlled USSR. Never thought I'd see an administration that operated so poorly they'd have to import an entire nation of voters to override the vote of legal citizens. UNBELIEVABLE! Isn't this the craziest world?

It's almost lunchtime and Miss Hanson and Adam Dean need to get this on the page. Deep peace to you Old Buddy, deep peace.

To the Editor,

Nov. 11th, Veteran's Day, is coincidentally my birthday. Let's cherish those men and women who served to provide our freedom.

Our freedom fighters cannot be over stated. Their sacrifice came with a cost. Like W. War I, II and Korean war helped secure our future.

We keep them in our history lessons as to the current security of our leaders. Our security is real.

Our predecessors remind us from their service, expect us to carry on their relationships to our freedoms. Protect our nation.

HIDEAWAY Continued from page 1

"I called immediately," she

When she bought it, the house was painted gray, she said, and faded into the landscape. She chose to have the exterior painted in bright colors that would bring out the architectural details.

"When the painters came, they said it was known as the Munster House," she said. "I wanted it to look like a flower. It deserves to be seen."

Originally from New Jersey, Dawn moved to Branson, Mo., 18 years ago after she fell in love with the area on a family visit and decided it would be a good place to raise her daughter. She owned an Air BnB in Branson, and after moving to Henry County, realized she missed being a host.

"I missed talking with people, and getting to know them and their children," she said.

The property is also ideal for the equine rescue she started in Branson for her younger daughter, Catheryn, who now runs it on the 20-acres surrounding the house. The farm is home to two full-sized horses, two mini-horses, and two mini-donkevs. Dawn said. Catheryn, 20, lives in a cottage next to the main house, built around 2000, but with an old root cellar underneath it.

Dawn has also heard the rumor about an escape tunnel that ran from one Bronaugh house to the other. That has been deemed an impossibility, but she has received verification of a tunnel from her house to a small barn near the house.

"I have been contacted by three people who claim to have played in the tunnel," she said, "I haven't found any evidence of it. I guess we'll never know."

A history minor in college, Dawn researched her house's history at the Henry County Museum's Genealogy Library and found old photographs of the house and its owners. Dawn also found a button from a Civil War uniform on the grounds, and lots of interest-

"One has a boy's name, Nathan, carved in it," she said. "A stone in the bottom part of the barn is dated, and I found a slate dated 1817."

A photograph of the house shows a woman, two small children and their dogs standing on the porch. Dawn wonders if the boy is Nathan. An interesting feature in the house is a removable panel in the wooden newel post of the main staircase near the front door, which she said was used to store a gun.

"There was a lot going on here," Dawn said.

The house that Capt. Bronaugh built has a Southern vibe, his family originally being from Virginia. There are working transoms over the interior doors. Focal points in each room are ornate fireplaces, including one with a surround attributed to Tiffany. Dawn furnished the kitchen with an antique wooden table and chairs. A settee in the parlor was made from an old bed. She needed a downstairs bedroom, so created one out of what was the main parlor and turned the gentlemen's parlor behind it into a bath-

According to Al Bronaugh, Wal's son, construction of the family home on the south side of the road started in 1883 and was completed in 1884. Al, who had migrated to California, came back to Henry County for a visit with his wife in 1975, when he was interviewed by a reporter from the Democrat. Then 83 years old, he recalled that his uncle, Frank Bronaugh, built the twin Victorian house across the road at about the same time as his father's.

The uncle's house became known as the Kraft House after Mr. and Mrs. Phil Kraft, who restored it. Al and his

wife were guests of Cecil and Norma Harmon, who were restoring his former home.

Before the two houses were built, C.C. Bronaugh, Al's grandfather, lived in a small house on the north side of the road, Al said, which was originally a log house. There was also a oneroom schoolhouse on his uncle's property, and there was a schoolroom in the back of the Jesse James House, Dawn said.

The James Brothers, Frank and Jesse, grew up on a farm east of Kansas City. After the Civil War, men who had fought for the Confederacy were pardoned, but the governor of Missouri did not pardon Bushwhackers, who had terrorized their neighbors who sided with the Union.

Cole Younger and Frank James both rode with Quantrill's raiders, a band of Confederate guerrillas. With a price on their heads from their Bushwhacker days, the James Boys and the four Younger brothers formed a gang and resumed a life of violence, robbing banks, stores and railroads throughout the Midwest, shooting whoever got in their way.

People interested in Civil War history enjoy touring the house, Dawn said, and hearing of its connection with the infamous James Gang and Capt. Bronaugh. Bronaugh enlisted in Springfield, Mo., with Gen. Sterling Price, and fought at Lone Jack, Wilson Creek and Lexington in Missouri, and Pea Ridge and Prairie Grove in northwest Arkansas.

Children and teens are more interested in fishing the pond, Dawn said, which holds crappie, bluegill, catfish and bass. Young children like feeding carrots to the mini-horses and donkeys, she said. Dawn offers day visits to property, which is also home to flocks of chickens and ducks, including some newly-hatched duck-

"There's also a turkey named Clover and four peacocks," Dawn said. "My daughter loves her birds."

The Jesse James Hideaway hosted a farm visit for a group of teenagers from Kansas City and one of their fathers, who fished the pond. The father had never collected an egg from under a chicken before, Dawn said. Many of her Branson BnB guests were from Kansas City, so she is drawing from that list as well as advertising the farm as an event

For a quiet weekend with friends, Dawn offers retreats at The Jesse James Hideway. There are four guest bedrooms upstairs, which can sleep eight, and are accessible by a chair lift on the rail of the back staircase, and she knows a massage therapist who will come to the house, she said.

The Jesse James Hideaway is appropriate for children's birthday parties, with guests having the run of the farm and use of a picnic space with a barbecue and fire pit. Dawn, who used to own a party service, said that Jesse James Hideaway birthday parties are more farm-themed than cowboy-themed.

However, the possibility that Frank and Jesse James visited Capt. Bronaugh at the house makes it a natural for Western fans. W.C. Bronaugh spent a great deal of his own money lobbying for the parole of the two surviving Younger brothers, which was granted in 1901 on the condition they remain in Minnesota. Bronaugh is said to have met Cole and Jim at the prison when they were released.

John Younger had died in 1874 in a shootout with Pinkerton agents. Brother Bob died in prison of tuberculosis in 1889 at the age of 36. Jim Younger was badly wounded when the three Youngers were captured after the bank robbery. He never left Minnesota, and died in St. Paul in 1902, age 54.

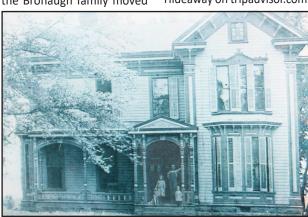

Cole Younger received a pardon in 1903 on the condition that he leave Minnesota and never return. Cole returned to Missouri where he joined a Wild West show with Frank James. They remained good friends with W.C. Bronaugh, perhaps reliving their Civil War days over cigars in the gentleman's parlor of Wal's home. Cole Younger retired to his hometown of Lee's Summit, Mo., where he died of a heart attack in 1916 at the age of 72.

W. C. Bronaugh wrote a book about his efforts to get the brothers released from prison, "The Youngers' Fight for Freedom; a Southern Soldier's Twenty Years' Campaign to Open Northern Prison Doors," published in 1916.

That was also the year that the Bronaugh family moved to St. Louis, according to Al, and then moved to Kansas City. Capt. Bronaugh died in Kansas City in 1923 at age 82. His body was brought back to Clinton, where he was buried at Englewood Cemetery in his Civil War uniform.

Frank James also lived a long life, but Jesse James was shot and killed in 1882 by a former member of his gang for the \$10,000 bounty offered by the governor. The 53rd Jesse James Festival takes place on two weekends in mid-September at Kearney's Jesse James Park. The Jesse James Hideaway is located at 5102 NE Hwy.

er-Chek tournament in the museum's Adair Annex, 203 W. Franklin. There is no cost to enter and no pre-registration required for the tournament, which will be from 1 p.m. to 4 p.m. both days. There will be prizes.

The idea of the tournament is to add a bit of local history to the annual Clin-

ton Fourth of July celebration, now in its 31st year. It also arose as an alternative to tours of the ante-bellum Dorman House, which is in the final stages of a renovation and may not be ready for visitors, according to museum director Susan Jones-Hard. Members of the Henry County Historical Society, which operates the museum, hope the tournament will bring people into the museum annex, which is air-conditioned.

There will be no entry fee to the gallery/meeting room of the annex, and discount coupons will be available for those who want to tour the other rooms of the museum in adjacent buildings.

Lawrence W. Brown (1881 - 1960) of Brown Manufacturing, Clinton, Mo., is one of three Americans credited with creating the fad for Chinese Checkers in this country. Brown started experimenting with a variation of the game in 1935, and filed for a patent in 1937, but his and other applications were never granted, due to the similarity of the game to existing games.

The Henry County Museum has a newspaper article with a photograph of Clark Gable and Vivian Lee playing Chinker-Chek during a break from filming "Gone with the Wind," in 1939. The game was also played by members of the armed forces during WWII. That game can be played by up to six people made it popular in situations where there were an odd number of people, and you didn't have fourth to play four-handed card games.

Chinese Checkers is played with marbles on a six-sided star. The points of the star are different colors, corresponding to the colors of the marbles of each player. Each player has 10 marbles,

placed in holes in one of the star points. The object is to be the first player to move vour marbles across the board to the opposite triangle, either by moving a marble to the next open space or jumping an opponent's marble. The marbles may be moved in any direction on a line, and the players may jump their own or others' marbles. Unlike Checkers. the jumped marbles are not removed from the board.

A vintage Chinker-Chek board made by Brown Manufacturing, described as two-sided with a "great patina" and "lovingly worn," sold on etsy.com for \$45, without marbles. A checkerboard was painted on the back.

Brown sourced his marbles from West Virginia for the 4,000 boards that were manufactured and shipped daily from Clinton. The game, initially marketed mainly on the East Coast and in the upper Midwest. was popular in the United States into the 1950s. Olde Glory Days 2024 is

July 3 through July 7. Most activities are on the Clinton Square, 200 S. Main St., Clinton, MO 64735. The Pediatric Place Announces Opening of **Autism and Neurodevelopmental Center**

The Pediatric Place is excited to announce the opening of our new stateof-the-art Autism and Neurodevelopmental Center next month in Clinton, Missouri. This exciting milestone represents the culmination of years of vision and planning to meet a great need in our community.

"With 1 in 36 children diagnosed with autism in the US, I am excited to see a much-needed collaborative setting creating immediate and long-term opportunities for not only the clients, but also their families," said Brooke Allen, Board Certified Behavior Analyst and Director of the new Center. "As it is a diagnosis that can truly shift the dynamics of the entire family, to know that TPP will be offering collaborative care that can include family training on techniques to support communication, social, and behavioral needs, is priceless." Autism & Neurodevelopmental Center

JUNE 21ST, 2024

10 AM - 1 PM

210 S 2nd St, Clinton, Mo 64735

We are delighted to extend a heartfelt invitation to join us in

commemorating the grand opening of our Autism &

Neurodevelopmental Center. As we unveil the doors to our

new facility, we are eager to showcase the state-of-the-art

center, the range of exceptional services we offer, and

introduce you to our dedicated and compassionate staff. We

anticipate sharing this special moment with you.

"Collaborative Care For Successful Futures"

The Center will provide Applied Behavior Analysis therapy for children as young as two years old with a diagnosis of autism spectrum disorder.

"ABA therapy can help kids develop a variety of functional skills to make them safe and comfortable in their environment," Brooke explained. "In collaboration with speech, occupational and physical therapists, it can address social skills, academics, communication,

functional/self-help skills, toilet training, sleep struggles, and more."

Children requiring significant support in these areas will attend a half or full-day ABA program. TPP's therapy experts will be on-site to provide all the services students require in one location.

"The Center allows more space for collaborative work," said TPP co-owner Carmen Rathert. "Our mission includes collaboration between each discipline for increased success."

What will the Center look

Adjacent to TPP's Clinton clinic, the Autism and Neurodevelopmental Center includes 2 large rooms for social interaction and group therapy; a large kitchen; a conference room for professional collaboration, parent training, and treatment team meetings; 12 individual therapy rooms and 4 observation rooms; a life skills room where students practice functional tasks such as laundry; and a 3,000-square foot gym for children who need to move their bodies for regulation. Carmen and Brooke agree that they are most excited about the gym and the future outdoor play space.

"Outdoor play can be a barrier for many of our learners with autism, as 49% of children with autism have been reported to engage in elopement behavior at some point (wandering or bolting away from a safe environment)," Brooke said. "This barrier can be removed when clients have access to outdoor play spaces with safer play boundaries created by assessing the triggers that result in elopement and teaching coping strategies to reduce the risk of elopement."

The Center will provide safe, fun spaces to practice skills that will enable them to safely access their home, school, and community environments.

Join us for our Grand Opening!

You are invited to join us for the Grand Opening on June 21 from 10:00 a.m.-1:00 p.m. at 210 S. 2nd St. in Clinton. Come tour the new facility, learn about the range of collaborative services we offer, and meet our dedicated multidis-

ciplinary staff. We would love to see you there.

ANDREW MICHAEL "ANDY" HILL

Andrew Michael "Andy" Hill, 42, of Clinton, Missouri, died unexpectedly Tuesday, June 11, 2024, at the Golden Valley Memorial Hospital, Clinton, Mo.

He was born May 20, 1982, in Clinton, the son of John David Hill and Valerie Diane (Utt) Hill. He graduated from Windsor High School in 2000. Andy possessed determination and drive which led to success in all sports: football, basketball, and track. He was a first team All-State wide receiver in football for the 1998 and 1999 seasons.

He continued to enjoy traveling, spending time in Washington and Hawaii. Special memories were made on trips with his family to the Caribbean and to watch the Chiefs play. He was learning to garden and do small landscaping projects. His brownies and muffins were exceptional, and he liked to grill, especially salmon. THOMAS EDWIN GOODBRAKE

Thomas Edwin Goodbrake. age 89, passed away at his home in Clinton, Mo., June 10, 2024 leaving behind a loving family.

Tom was born January 31, 1935 to Thomas Bristow and Bessie (Braun) Goodbrake on a small family farm southeast of Clinton. He attended New Harmony School, a one-room schoolhouse, through eighth

In 1953, Tom graduated from Clinton High School, and made the move to Los Angeles, Ca. to work in the construction field with his Uncle Paul. From 1957-1961, Tom served as a sergeant in the US Army, and later served in the Army Reserves. In October 2022, he was privileged to take part in a veteran's Honor Flight to Washington, DC to celebrate his service.

Returning to Clinton after his military service, Tom went to work with his dad on the family farm where they had cattle, row crops

and a dairy operation. Tom married Patricia Ann Irwin on February 13, 1959 at Pat's family home in Kansas City, Mo. Their first son, Jeffrey Thomas was born September 28, 1961, and Rex Irwin completed the family on January 29, 1965. Together, Tom and Pat purchased their first farm, 180 acres just north of Clinton in 1961, and it was here they raised their boys.

Tom was proud to be a farmer. As his farm expanded over the years, he also created a construction company to build grain bins for local farmers. There is hardly a farm in Henry County without a Butler grain bin built by Tom, his sons, and their crew. He also took great pride in contributing to the farm community as a local MFA delegate, member of the Missouri Extension Board, a Rotary Exchange candidate to Indonesia, and a Director on the Board of MFA, Inc. in Columbia.

On January 14, 1994 Tom married Patsy Ellis at a small ceremony in Clinton. Patsy and Tom enjoyed traveling together, spending time at the Elks Lodge among friends, and wintering at their second home in Naples, Florida.

Preceeding Tom in death were his parents, T.B. and Bessie Goodbrake, and his first wife, Patricia.

Surviving are his wife Patsy, sister Jane (Goodbrake) Stack, his beloved sons, Jeff (Kelly) and Rex (Brandy), grandchildren Jessie (Craig) Thompson, Jared Goodbrake, and Reed and Rachel Goodbrake, and great-grandchildren Foster and Dexton Thompson and Myla Shelton.

Also surviving are Patsy's children Mark (Donna) Ellis, Scott (Amy) Ellis and Cindy (Marcus) Hoberg, eleven grandchildren, and eleven great-grandchildren.

Funeral services will be at 3:00 p.m. Tuesday, June 18, 2024 at the Bradley & Hadley Funeral Home, Clinton. The family will receive friends from 6:00 to 8:00 p.m., Monday at the funeral home. Interment will be in the Englewood Cemetery. The family suggests memorial contributions to the Henry County Museum. Condolences may be left online at www.bradleyhadley.

Tom will be remembered as a loving husband, father, grandfather and friend. As a hard-working, simple man, who was happiest on his tractor, looking over his fields, surveying the crops with his boys, or "Waltzing Across Texas" with his beloved Patsy.

things, such as healer and creator, Jesus calls Him Father when He prays. The fatherhood of God reminds us that we are all children of God, created in His image. He is our Father of salvation when we choose Him. He is the Father of truth, all knowing and all loving. His name is holy because it is His character. His glory is a declaration of His name. To pray that God's name be honored as holy is to pray to align our lives to honor His name. The Lord's prayer includes us as God's people, and it begins with praise to our good, good Father. He loves us and offers a relationship where all is forgiven. It is always the right thing to run to our Father in Heaven.

Celebrate Recovery is on Tuesday evenings at 5:30 pm at the Vansant location for anyone with hurts, habits, or hangups. Worship service times are 9:30 a.m. and 11:00 a.m. and Sunday School is offered at 8:15 a.m. and 9:30 a.m. For more information and upcoming events, please visit www.firstbaptistclinton.church or find us on Facebook at 'First Baptist Church - Clinton, MO'.

We invite those without a church home to join us in worship of our Lord & Savior, Jesus Christ. First Baptist Church exists to fulfill the Great Commission (Matthew 28:19-20) by loving people into a growing relationship with Jesus Christ.

Our Heavenly Father provides us undeserved grace. Choose to purposefully live a more faithful life as a Christ follower. Live your life with a holy purpose and make the most of your time. You are blessed with the unfailing love of God.

Our choir sang the anthem "In this Very Room" by Tom and Carol Harris. Using Jeremiah 29: 10 - 14 as her text Rev. Nancy Gillard gave the message I Hear Everything. We observed communion during worship and celebrated all Fathers on their special day.

Congratulations to our graduates: Carley Combs and Ava Potter Clinton High School, Arlie Wilson Leeton High School and Abbie Hicks Central Methodist University BSN Nursing. We will celebrate them here on July 14, Gradu-

Over 150 brightly colored dresses and 5 pairs of boys shorts are hanging in our foyer. Plans are to pack and mail these garments in July to the "Dresses for Little Girls in Africa" project. Thank you to everyone who helped.

Old prescription glasses for the Festival of Sharing are filling the basket quickly. Please bring in your old outdated prescriptions and they will be passed on to those in need.

Toothbrushes in all sizes are needed for the Samaritan Center. Harvesters does not donate hygiene products, so they are in demand. The Presbyterian Women request your help with this new mission effort. In the past we have donated several hundred toothbrushes. Let's make a significant contribution once again. Please place all your donations on the foyer shelves.

Come fellowship and exercise at Tai Chi classes held here on Mondays and Wednesday at 10:00 am. It will help strengthen your core and improve your balance. An advanced class is available on Mondays at 11:00 am.

We invite you to visit First Presbyterian Church. Friendly, loving people will make you feel at home. Join us for worship at 10:30 am and be sure to check out the June newsletter and calendar on our website fpcclintonmo.net

"The Love of the Father

Luke 15:20-21. Deuteronomy 6:6-7.

God instructs us as to how men should teach the family. In ancient days, the men left the house to work in the fields and the women stayed in the house and took care of the house-

As fathers, we should teach our children to understand God's word. God is our spiritual father. (Lamentations 3:22-26)

We could have lost our lives numerous times. It was at the mercy of God that we were not consumed. Thank God for his traveling grace. Our spiritual father has an everlasting love.

Jesus gave the parable of the prodigal son to reflect hi, our spiritual father. When we are with him, we have all we need. This son wanted his inheritance from his father, once he got it, he left home and squandered all of his money. The only job he could get was feeding the pigs.

He returned home and his father saw him in the distance coming. To see him that far off, he had to be looking for him often. His father met him, hugged and kissed him.

It was a joyous occasion that his father wanted to celebrate. His son, who was lost, was now found. The Lord says, when a person gets back to their right mind, they will want to return

Jhn 15:12-13.

The angels rejoice over one soul. Jesus is that everlasting love. Don't allow things in this world to pull you away from God. Keep your relationship with your spiritual father, the Lord. God Bless

Jesus said, "All authority in heaven and on earth has been given to me. Therefore go and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit, and teaching them to observe all that I have commanded you. And behold, I am with you always, to the end of the age." Mathew 28:18.

"No Creed but Jesus." This is a common expression among millions of Christians today. It is meant to promote the idea that churches don't matter. Doctrines don't matter. Everyone can believe whatever they want to believe. Just believe in Jesus. That's enough. Someone doesn't believe in original sin or baptismal regeneration? No problem. Someone believes a person cooperates in their salvation, rather than it being God's work alone? No problem. The list goes on and on and on...

Lutherans all accept all the doctrines of the Lutheran Church. They are specific and written down for all to see and understand. There is no ambiguity. They are not optional. All Lutherans believe all human beings are born sinful and separated from God. All Lutherans believe God alone works through Word and Sacrament to create and sustain faith in everyone who believes.

Where are these gifts of God most commonly found? In churches where the Word of God is proclaimed, the Law and Gospel are preached, and the Sacraments of Baptism and The Lord's Supper are rightly administered.

Come to church this Sunday. God the Holy Spirit has promised to meet you there in spirit and truth and teach all who hear, as Jesus commanded us to do. Soli de gloria! Meredith Recycling will be here on Saturday, June 22nd 8 am to noon, to collect computer equipment, TVs and small appliances. There is a fee to pay for Televisions and monitors. Check the Fellowship bulletin board for the complete list of items they will accept.

It was a great Father's Day as we gathered for worship service. Clint Keeney rang the church bell. Mrs. Julia Klinefelter led in the congregational singing with Mrs. Dixie Collins playing piano and Mrs. Becca Sowell playing violin. We rejoiced with Kevin Richeson on his birthday and with Tim and Marta Stoneking on their 20th wedding anniversary.

Randy Vogt and Lonny Bramell collected the offering. Interim Pastor Steve Sowell read Psalm 32 especially for Father's Day. The scripture passage from his sermon was from Romans 4. This passage tells us that Abraham was justified and saved by faith and grace alone. The same is

(Ephesians 2:8 "For it is by grace you have been saved, through faith--and this is not from yourselves, it is the gift of God.") We cannot be saved by works or anything we do to earn God's favor. Our faith in Him and God's grace is the only way. Because of this wonderful gift of salvation we should abide in Him, trust, love, and do what He asks of us. Have a blessed week.

Don't Let Creeping Nerve Death Ruin Your Life

If you experience numbness or tingling in your hands, arms, legs, or feet or if you experience shooting or burning pain, this is important. Please read this carefully.

Early-warning symptoms include tingling and numbness, mild loss of feeling in your hands, arms, legs or feet, inability to feel your feet, which increases your risk of foot-injury and

More advanced Symptoms include..

- Loss of coordination & dexterity, which puts you at increased risk of
- accidents. Inability to feel clothing like socks and gloves.
- High risk of falling, which makes walking dangerous, and makes youmore depen dent on others
- Burning sensations in your arms, legs, hands or feet that may start mild, but as nerves and muscles die, may fee like you're being burned by a blowtorch.

Ignore the early warning signals long enough and you risk progressive nerve damage leading to muscle wasting, severe pain, loss of balance and a lot of staying at home wishing you didn't hurt. When every step is like walking on hot coals, sitting still may be the only thing you feel like doing. But there's little joy in sitting still all day long.

Without treatment, nerve degeneration that begins with slight tingling or numbness may lead to a hot burning sensation and intense pain. Without treatment muscle wasting, loss of mobility and loss of independence is often the next stop.

Now here's the scary part....

- Nerve damage CAUSES cell damage.
- Cell damage SPEEDS UP nerve degeneration

Without treatment this can become a DOWN-WARD SPIRAL that accelerates.

The damage can get worse fast. Mild symptoms intensify. Slight tingling, numbness or lack of feeling can turn into burning pain.

Before you know it, damage can become so bad you hurt all the time.

Unless this downward spiral is stopped and nerves return to proper function - the damage to nerves and cells in the affected area can get so bad your muscles begin to die right along with the nerves and cells. And that sets the stage for weakness, loss of mobility, disability, and dependence on

If you have early warning signs ofperipheral neuropathy, (tingling &/ornumbness, loss of feeling or pain) it's CRITICAL you get proper treatment.

It's critical, because with propertreatment the symptoms can often bereversed. Without it, you are playingRussian Roulette with your

The Shepherd Calls

COUNTING DAYS

The Bible instructs us to number our days. (Psalm 90:12) Obediently, I have done it. On Wednesday, June 19, 2024, I will complete 32,508 days of life. In case you are wondering, I did not literally count them; I googled them.

Despite the thousands of days past, I still remember many of those days. One of my earliest recollections occurred in New Orleans. I could not have been more than four years old. I came downstairs; and my father, who had been watching me, was nowhere in sight. I began to cry fearfully. Turns out Dad had stepped outside to speak with a friend. When he returned, he found me crying. I vividly remember he drew me aside and assured me he would never leave me. I stopped crying.

In those early days, my mother attended a Catholic church. I remember going to Mass with her and drinking from the holy water fount, much to the chagrin of the adults in the line behind me.

We moved from New Orleans while I was very young. Still, I have fond recollections of relatives I did not get to know well---Aunt Alice, Uncle DeeDee, my humble Cajun Aunt Fausteen, and others who were not family but related to us as closely as family.

A move to Mississippi and subsequent illness prevented my finishing first grade "on time." Those were cruel days, and my report card read "Failed." I went around asking various family members what it said. I laugh about it today. Obviously, if I could not read the word "failed," I was not ready to be promoted.

Of course, I cannot recall every day of my thirty-two thousand plus days. There were good days like when my brother returned from the war. And there were bad days like when Grandpa died at our house following a long illness with tuberculosis.

Up and down, good and bad, that's life. The Christian life can be similar. Many Christians are so elated when they accept Jesus as Savior, they are on "cloud nine." Soon, however, they learn that being a Christian in this time and place is challenging. God has not promised His children an easy road. What He promised was to walk with us. And, like my father told me, He will never leave us.

Traveling Tractor to Donate More Than \$20,000

Heritage Tractor, a local John Deere dealership with 21 locations in Eastern Kansas, Western Missouri, and Northern Arkansas, plans to donate to 21 different charitable organizations during their summer Traveling Tractor Tour. The Heritage Tractor team will gather on Friday, June 28, 2024, to present a check for \$1,000 to Lily's House. The Traveling Tractor started in Smithville, Missouri earlier this summer, and will travel from Northern Kansas City to North-

ern Arkansas—more than 1.140 miles—stopping to donate to 21 charities along the way. Employees from each location voted for a charitable organization in their community earlier this year. The Adrian team tallied the votes and Lily's House came out on top.

Lily's House was founded in 2017 in Adrian, Missouri. The founders, Jeff and Sara Vick, were inspired to create this shelter after becoming foster parents. Lily's House is a long-term substance abuse recovery home for mothers and their children. It is intended to give young families a fresh start in life and an opportunity to live clean and sober.

Blooming in Summer School: Kindergarteners Cultivate Green Thumbs

BLOOMING IN SUMMER SCHOOL Students in Mrs. Taylor's kindergarten class are becoming quite the little gardners during summer school. Students have been learning about gardening, exploring different seeds, and growing their very own beans and peas.

In Mrs. Taylor's summer school class, the kindergarteners are discovering the joys of gardening and nurturing a green thumb. This hands-on approach to learning has captivated the young students, who are enthusiastically delving into the world of plants.

The budding gardeners have been introduced to various aspects of gardening, starting with an exploration of different types of seeds. Through this engaging curriculum, the children are learning how seeds grow into plants, fostering both their curiosity and understanding of nature.

The highlight of their gardening journey has been the opportunity to grow their very own beans and peas. Each student has planted seeds and is responsible for caring for their plants, eagerly watching as tiny sprouts emerge and develop. This practi-

As the beans and peas continue to grow under the careful watch of these little gardeners, the classroom is blooming with excitement and a sense of accomplishment. Mrs. Taylor's summer school project is sowing the seeds of knowledge and fostering a lifelong appreciation for the environment in her young students.

Driver Examination Stations To Close Statewide For Upcoming Holidays

The Missouri State Highway Patrol would like to remind the public that driver examination stations throughout the state will be closed on the following date:

Thursday, July 4, 2024, in observance of the July Fourth holiday. Normal operations will resume on Friday, July 5, 2024.

Plan A Safe July Fourth Holiday!

Colonel Eric T. Olson, superintendent of the Missouri State Highway Patrol, reminds Missouri's travelers to make smart choices for a safe July Fourth holiday. Whether planning to visit one of Missouri's recreational opportunities or hosting a backyard barbecue, everyone should make safety part of their plans. No matter how you decide to celebrate, your smartest choice is to follow all Missouri traffic and boating laws.

During the 2023 counting period, 15 people were killed and 646 injured in Missouri over the holiday in 1.505 traffic crashes. Last year during the counting period, troopers arrested 125 people for driving while intoxicated. In 2023, there were 11 boating crashes, which included two injuries and no fatalities. One person drowned during last year's July Fourth holiday. Troopers made 10 boating while intoxicated arrests over last year's July Fourth holiday weekend.

The 2024 July Fourth holi-

day counting period will be

from 6 p.m. Wednesday, July 3, 2024, through 11:59 p.m. Sunday, July 7, 2024. All available troopers will be patrolling Missouri roadways and waterways to enforce traffic and boating laws and offering assistance as needed. The Highway Patrol will participate in Operation C.A.R.E. (Crash Awareness & Reduction Effort) and Operation Dry Water over the July Fourth holiday. Operation Dry Water specifically targets impaired vessel operators.

Missouri's boaters are asked to do their part by remaining alert for other boats and swimmers and being courteous on the water. Never operate a vessel if you've consumed alcohol. Boaters need to be aware that it is illegal to discharge fireworks from a vessel. Leave all fireworks in a safe place on shore. Remember to share the waterway, watch your wake, and use common sense, good judgment, and courtesy to ensure the safety of all. Life jackets save lives. Wear It!!

Anyone needing assistance or who witnesses criminal activity while traveling on Missouri's roadways or waterways can contact the nearest Highway Patrol troop headquarters by calling the Patrol Emergency Report Line at 1-800-525-5555 or *55 on a cellular phone. Motorists may call 1-888-275-6636 to check for road construction along their travel route.
