## Lake Area Rich in History

Truman Lake is home to numerous historical attractions. Some of these attractions include The Benton County Museum, Harry S. Truman Dam and Visitor Center, Joe Dice Swinging Bridge, Steamboat Landing and Drake Harbor, Historic Main Street District and the story of the Butterfield Stagecoach Route.

### THE BENTON COUNTY MUSEUM

The Benton County Museum is operated by the kind people with the Benton County Historical Society. The museum can be found at 1660 Hilltop Drive, just up the hill from Sonic Drive-In of Warsaw. Visitors will be offered a unique and exciting glimpse into the past

and given a view as to how Warsaw and Benton County came to be. Admission prices at the Benton County Museum are \$3 for adults and \$2 for seniors and children between the ages of 3 and 12. Hours of operation are Friday & Saturday 10am to 4pm and Sunday 1pm to 4pm (April through October.)

### JOE DICE SWINGING BRIDGE

The Joe Dice Swinging Bridge in Warsaw is a one of a kind and a must-see attraction. Built by Joseph A. Dice, the bridge is over 100 years old and is the only one still standing in the area. In 1999, it was listed on the National Historic Register. The bridge is located parallel

to 7 High-way, and connects the Warsaw's trail system across the Osage Riverwalk, and Warsaw invites you to come and take a stroll around the harbor area. Drake Harbor can accommodate boats from Lake of the Ozarks and gives access from the water to the historic downtown area. A playground, boat ramp, fishing docks, and public rest rooms are also found on the grounds, along with a beautifully constructed amphitheater.

### THE BUTTERFIELD OVERLAND STAGECOACH & MAIL ROUTE

A route that connects Benton County through scenic, backcountry gravel roads, following in the

wagon tracks of history. For bike packing, day tripping, overnight stays and pure adventure, you will fall in love with this section of the Butterfield Stage Experience. Linking to the Rock Island and Katy Trail in Windsor, the Butterfield Stage Experience Bike packing Route utilizes an existing historical trial to promote

the attributes of an entire rural county, enticing adventure seekers to explore the hidden gems of the area. Each community on the route has its own unique history, with old stone markers showing the way. Cole Camp was motivated to change the name of their city park to the Butterfield Park, and it has become

an important way station for adventurers. Lincoln, known as the town alive on 65, is the hub to the Katy Trail and Rock Island connections. Warsaw is a key component, with a Butterfield Stone marker in their courthouse lawn, and the old stagecoach stop across the street. Get out on the Butterfield and rediscover the pioneer spirit.

**THE BENTON COUNTY MUSEUM** is home to a great collection of the fascinating history of the area.

# Safe Boating is Happy Boating

Watercraft safety is paramount at all times and becomes even more important during the busy summer months. Missouri law has restrictions in place to assure everyone's safety and officers on the water to ensure it is obeyed. Any person operating a motorboat or personal watercraft must be at least 14 years of age unless under the direct, onboard supervision of a parent, guardian, or person 16 years of age or older.

Anyone born after January 1st, 1984, is required to take a boater education course, available online, and receive approval from the Missouri State Highway Patrol. Upon approval, a card will be issued that must be carried with the individual at all times while operating

watercraft. Anyone requiring the card but not carrying it will be fined. Even those not required to take the course can benefit from it. Not only will they become a more educated boater, they may be able to save on boat and PWC insurance. There is no age restriction on taking the course. To take the course, visit [www.boat-ed.com/Missouri](http://www.boat-ed.com/Missouri).

Motorboats and motorized personal watercraft must be titled and permitted to operate on Truman Reservoir and Lake of the Ozarks: see the Missouri Department of Revenue website for details. In order to be titled and permitted, the craft must undergo a safety inspection which includes, but is not limited to, the availability of personal flotation devices and

operational navigation lights. Full details can be found in the handbook, available at [www.boat-ed.com/Missouri](http://www.boat-ed.com/Missouri). Upon satisfactory completion of the safety inspection, a decal will be awarded and affixed by a Highway Patrol trooper behind the registration number of the watercraft.

Some basic rules and courtesies apply to all who wish to enjoy the water, please obey and help keep everyone safe!

## Know your vessel!

The maximum safe weight and number of occupants can be found on the capacity information plate, usually located near the operator's position or on the transom. If the vessel does not have a plate affixed, refer to the owner's manual.

## Encountering other vessels:

Although no craft has the legal right-of-way such as is law on highways and streets, there are courtesies that every boater should know and honor. It is the responsibility of both operators to avoid collision!

When two craft meet on the water, one is referred to as the "stand-on" vessel and the other is the "give-way" vessel.

If both craft are motorized and meeting head-on, both should give way and pass to the right, or starboard. If two motor craft are crossing, the vessel on the operator's left (port) should give way, while a vessel to the operator's right has the right to stand on. When one craft comes from behind to overtake another, the vessel in front is the stand-on, while the one doing the overtaking needs to give way.

In the case of non-motorized craft, or sail boats, the powered craft is always the give-way vessel, except in the rare case of a sail boat overtaking a motorboat: the vessel coming from behind is always the give-way vessel!

The lakes are also popular for kayaks and canoes, so be aware of all the little guys trying to safely enjoy the water too! If your vessel is bigger and faster, you should always give way to the smaller, man-powered craft.

AND ALWAYS REMEMBER, OPERATING ANY WATERCRAFT WHILE UNDER THE INFLUENCE OF ALCOHOL, DRUGS,

OR CONTROLLED SUBSTANCES IS ILLEGAL AND UNSAFE.

Missouri has zero tolerance for anyone behind the wheel while intoxicated, which means a blood alcohol content of 0.08 or above. Alcohol and watercraft do no mix! This includes wakeboards, water skis, inflatable tube, kayaks, canoes, or other such devices. Operating any watercraft or other such device on the water immediately confers your consent to be tested and refusal to do so can result in arrest. If testing results are positive, you can be arrested, fined, and lose your license.

Be safe, be smart, and HAVE FUN!

## Harry S. Truman Dam & Visitor Center

Managed by the U.S. Army Corps of Engineers, The Harry S. Truman Dam and Visitor Center offer nature enthusiasts and history buffs alike the experience of a lifetime. The dam and reservoir were built with the purpose of flood control, hydroelectric power production, fish and wildlife management, and recreational use. Truman Reservoir is, in fact, the largest flood control reservoir in the state of Missouri.

The visitor center displays dinosaur bones found around the area when the dam, reservoir, and center were under construction. Inside the center, you will find an observation deck overlooking one of Missouri's most popular recreation lakes, Truman Lake. AN observation deck is located outside of the cen-

ter, around the base, and offers a tremendous view from outdoors. The center is open Friday, Saturday & Sunday from 9 AM to 4 PM from Memorial Day weekend through Halloween. Admission is free and more information on daily events held can be found by calling 660-438-2216.

Take a hike on one of the numerous trails surrounding the grounds to get a glimpse of some of the area's wildlife while enjoying the magnificent views of the lake. Don't forget to explore the 1800's buildings found on the center's grounds, including the historical Hooper House, Concord Schoolhouse, an 1850's replica of a pioneer homestead, and the Kaysinger General Store, where you can purchase goods from the era.

THE VISITOR CENTER on Kaysinger Bluff provides a bird's eye view of the dam and lake area.
