## How's A Bayou? Super Southern Melodrama Comes To Heartland

BY JENNIFER JACKSON  
Staff Reporter

Heartland Community Theatre held an audition in August for its fall production, "Noises Off." According to director Linda Freese, not enough actors showed up to stage the classic play within a play, which has a cast of 16 and a complicated set.

So Linda went back to the drawing board, which in this case, meant her collection of scripts. What she found: a gem of a comic melodrama by Scott Cherney and Edward Thorpe called "La Rue's Return," or "How's A-Bayou?"

The tagline: "Evil always returns, and this time, it has a bad French accent." "When I read it, I laughed out loud," Linda said.

The comic melodrama will be performed at 7 p.m. on Friday, Oct. 11, and Saturday, Oct. 12, and at 2 p.m. on Sunday, Oct. 13. That means the cast of eight has had four weeks to learn their lines and pull the show together, Linda said.

of live theater to the Clinton area. For compensation for their considerable time commitment —three evening rehearsals a week, they receive the applause of appreciative audiences.

The cast of "La Rue's Return" includes Martin Grisier, who channels Snidely Whiplash as Jacque La Rue,

the villain of the piece. Grisier has already put together his outfit, Linda said, and had grown the requisite villain's mustache.

The plot revolves around La Rue's attempts to get revenge for being sent to prison by Polly Montclair, owner of "Chez What," a bistro in New Orleans's

French quarter, and the bartender, Ike, played by Clinton attorney Zac Maggi.

Maggi opens the first act with a rendition of "On the Bayou."

Polly is played by Amanda Garcia of Green Ridge. Chris Smith has valiantly stepped into the role of

"courageous but dim" Cavalry Lt. Alan Wexstad after Joe Trogden had to drop out due to an injury.

## Yo, Ho, Ho And A Halloween Home Tour To Get Underway

BY JENNIFER JACKSON  
Staff Reporter

If you drive by the Skelton's Lady's House on East Ohio, you'll notice the theme Tami Jones has chosen for this year's Halloween. Pirates large and small are starting to congregate in Tami's front yard, many with pirate wigs, red beards and pirate togs.

Next door, a pirate ship has sailed into port, and a mermaid island is scheduled to appear.

This year, you can view the pirates up close, as Tami's yard, and two yards next to it, will be one of the stops on the Heartland Community Theatre's Halloween Home Tour and Scavenger Hunt on Oct. 26. It is the first ever event of its kind.

Tickets are \$3 for ages 8 and up for Heartland's Halloween Tour, no charge for ages under 8. The tour will start at organizer Susie Hill's house, 109 E. Clinton, which will be decorated inside and out. From there, the addresses of the other Halloween Tour houses will be given.

At each house, Scavenger Hunt riddles will be given out, and visitors must figure out the answers to

the riddles, and take cell phone photos of their solutions. After visiting each location, scavenger hunters will return to Susie's house, where small prizes will be given for solving the riddles.

"The goal is not to be the first person to solve the scavenger hunt," Susie said. "The idea is to take your time and really look at the decorations."

The Halloween Home Tour is not a haunted house, she

said, nor a house of horrors, but is something fun for families or friends to do together. The ticket prices are set to make it affordable. The tour is also being held to raise funds and awareness for Heartland Community Theatre, Susie said.

"There will be four to six clues at each stop," she said, "and also some clues to look for between tour houses."

The inside of the Skele-

ton Lady's house will not be open to visitors, as it is small, but people can wander through the groups of pirates, visit the jail and graveyard, and get up close to the skeletons and take pictures. The yards of the two houses east of hers will also be decorated in the pirate theme, and be part of the tour and scavenger hunt.

There will not be trick-or-treating, but each stop Halloween Page 3

Others present included City Administrator Christi Maggi, City Clerk Wendee Seaton, City Attorney Doug Harris, Fire Chief Mark Manuel, Deputy Fire Chief Matt Willings and Deputy Police Chief Paul Abbott.

With Mayor Carla Moberly presiding, the Pledge of Allegiance was recited and following this time honored tradition, The Council approved minutes from the September 3 meeting.

Economic Development Director Mark Dawson gave an update on current active projects and several that were unable to find space available in Clinton. Following Dawson's report The Council passed ordinances approving pay plans, city fees and a budget for the 2024-2025 fiscal year.

Council Person Jackson gave a Public Works Committee Report. Jackson made a motion to approve a resolution between The City and Alliance Water Resources which passed unanimously. A quote of \$5,501.77 to AA Mechanical was approved for water pump #3.

Discussion ensued regarding cleanup of the Benson Center following a horse shoe tournament and The City's rental policy. Cost for the cleanup was \$3,000 and the renter said they will pay an additional \$500 on top of their \$250 deposit. A motion was made and passed for City Staff to review and update the rental policy. A request for Kids At Play signs on Craig Street between Franklin and Highland drive was also approved.

In other business the Police Department made a request that towing becomes an annual bid process. A motion was made and passed to approve the request. A request was made and passed by Parks Cabinet to modify the exterior of their building at 1748 Gerhart Drive.

As the meeting drew to a close Mayor Moberly complimented the Downtown Square following its resur- Council Page 3

Have I Got A Line For You!

By James Mahlon White

What shall I expound on today? Well, there's been a real nip in the morning air and after all the hot days, it's sort of a surprise. A surprise until I remembered that October just opened its door. A month that's fickle when it comes to daily temperatures. Time marches on and it won't be long until notices report, "Only 14 shopping days until Christmas." But hey, we have to have Halloween first and Thanksgiving and green bean casserole. I've never tried green bean casserole. Might give it a go this year. Some dishes that seemed awful twenty years ago are pretty good now. Do you suppose this comes with age?

\*\*\*\*

Hurricane Helene left a big path of damage in Florida and many residents had to be rescued. Speaking of hurricanes, it's hard to believe that Katrina swept into New Orleans 19 years ago. Some parts of that city are still full of sink holes. The good news for New Orleans is that it's been a slower year for hurricanes. Of course that's bad news for the climate change crowd. Many still blame President Bush for Katrina. Wouldn't it be nice to have the power he had to create a hurricane of that magnitude? If you ask me, most of the blame should be directed at the state and local governments down there. Being surprised by a disaster like this, when you live below sea level on the Gulf of Mexico, does make one wonder. Because they've happened before and they'll most likely happen again.

\*\*\*\*

New York's Mayor is in hot water after being charged with accepting bribes. His Honor says the charges are political and he won't step down. What a coincidence

this all started after Mayor Adams threw President Biden and Vice-President Harris under the bus over immigration. The Justice Department can re-use all the law fare sound bytes from The Donald's investigation. "No Adams wasn't targeted! How dare you infringe our integrity! Our agents are professionals above partisanship!" Sounds like something Putin would say. Coincidence indeed! Perhaps the Mayor is guilty of accepting travel upgrades from the Turkish government. Who knows? But I do know this. It must be a tough job being a politician and following the rules they expect the rest of us to follow.

The first weekend of October is upon us. Live it up Old Buddy, even if it's just getting together with a couple of friends. And stay safe. That's harder and harder to do these days.

**GROVER KENT SUMMERS**

It is with deep sadness that we announce the passing of Grover Kent Summers on September 19, 2024, at the age of 75, after a brave battle with lymphoma.

Kent was born on April 5, 1949, in Clinton, Missouri, grew up and attended school in Calhoun, and was baptized in 1963 in Brush Creek. Kent graduated from Southwest Baptist University in Bolivar, Missouri. He married Nancy Joy Highley on May 23, 1976. Together, they built a life in Clinton where they raised four children: Ryan (Julie), Heather Scheidt, Brady (Caroline), and Ashley Summers. He was a proud and devoted Papa to Ethan, Anne-Highley, and Caroline Summers; Brinley and Cooper Scheidt; and Clara Summers. Kent cherished every moment spent coaching his children's sports teams and cheering on his grandkids from the sidelines.

Kent retired from the Osceola School District after 30 years of teaching junior high math and coaching basketball and volleyball. In retirement, Kent stayed busy as a high school volleyball official, among many other hobbies. Kent was known for his competitive spirit, which remained strong up until the end of his life.

Kent enjoyed fishing at Roaring River State Park, playing golf, and hunting quail. Kent's daily routine frequently started with playing tennis or pickleball, followed by a trip to the donut shop, watching Gunsmoke reruns, a nap, then picking up his grandkids from school. An enthusiastic gardener, he took great pride in his tomato plants. He and Nancy were active members of the Clinton Christian Church.

In addition to his immediate family, Kent is survived by his sister, Joyce (Bobby) Trolinger, and many nieces, nephews, and cousins who fondly remember his dry humor and sarcasm. He was preceded in death by his parents, Grover and Maude (Atwell) Summers, and his brother, Jamie.

Kent will be remembered for his gentle spirit, love of the outdoors, and unwavering devotion to his family. His calm, quiet, strong presence will be profoundly missed by all who had the privilege of knowing him.

Funeral services were held September 26, 2024 at the Clinton Christian Church, Clinton, MO with Pastor Tim Wessley officiating. Special music included "I Don't Need To Understand, Softly and Tenderly and When I Get Where I'm Going." The casket bearers were Josh Highley, Tony Trolinger, Brandon Scheidt, Keith Highley, Matt Yaple, Cooper Scheidt and Ethan

Summers. Owen Highley, Robert Trolinger and Mel Lampton. Interment was in Mt. Olivet Cemetery, Roseland, MO.

Services were under the direction of Vansant-Mills Funeral Home of Clinton, MO.

## First Baptist

On Sunday, Pastor Pat Findley delivered the 3rd message in the 'In The Beginning' series in Genesis titled "The First Three Days". Pastor Pat began with the question studied by James Hutton, "Is how Earth changes in the present the key to understanding how Earth changed in the past?", followed by asking "Do we believe in God's miracles?". Several miracles are noted in the Bible, such as crossing the Red Sea, Jesus' virgin birth, His calming the storm, and so on.

Whatever you believe or study, knowing every origin of the universe requires faith. You must choose whether science is always right and God's Word needs to be re-evaluated or if God's Word is always right, and science should be re-evaluated. James Hutton's study is important but eliminates God's ability to do miracles in creating the universe. In Genesis 1:1-13, space, time, Earth and light were created on the first day, the expanse of the universe on the second, and dry land and plants on the third. God can manifest His presence as light even without the sun. On the day plants were first made, they were both new and mature, created to reproduce, according to their kinds. Plants are God's self-replicating solar-powered food factories. There is no deception here because God clearly tells us.

MidWeek opportunities are offered at 6 pm on Wednesdays for kids, teens, and adults.

Celebrate Recovery is on Tuesday evenings at 5:30 pm at the Vansant location for anyone with hurts, habits, or hangups. GriefShare is offered on Wednesdays at 6 pm at the Vansant location.

We invite those without a church home to join us in worship of our Lord & Savior, Jesus Christ. First Baptist Church exists to fulfill the Great Commission (Matthew 28:19-20) by loving people into a growing relationship with Jesus Christ.

## First Presbyterian

Have you ever been called to service by God and felt out of your element?

We often feel inadequate and so make excuses for not doing something or doing it half-heartedly. Our God is merciful and will lovingly guide us with His presence. If we falter or stumble, God is there to pick us up. So, let's make an effort to serve joyfully and confidently. He will equip you with all you need.

Rev. Nancy Gillard finished her sermon series on the Armor of God this week with a message titled Put on the Helmet. Pick up the Sword. Ephesians 6: 10 - 20 was the scripture of reference. Gay Smith on the organ played the anthem arranged by Lowe "Praise the Lord!".

The Presbyterian Women will meet in Fellowship Hall Friday, October 4 th at 1:30 pm. The second lesson of the 2024-25 PW Bible Study, "Let Justice Roll Down: God's Call to Care for Neighbors and All Creation" is Land Justice.

Gayle Dunahee is the hostess. All women of the church are invited to attend and enjoy the study as well as fellowship.

We continue to collect school supplies, Best Choice Labels, reading glasses and garden seed for Festival of Sharing. Your donations are creating quite a display on the foyer shelves. Sunday, October 6 th will be the last day we will collect these items. The CUT AND TIE DAY for Blankets of Love was on Wednesday, September 25 th. Thirteen fleece blankets were made and are on display in the foyer. Be sure to check these soft, bright covers out. They will be given to young girls and boys in our area when needed.

Tai Chi classes continue on Mondays and Wednesdays at 10:00 am.

Strengthen your core and improve your balance. Come

join in the fun.

An invitation is always extended to come visit First Presbyterian Church.

Friendly, people will make you feel at home. Worship begins at 10:30 am.

Check out the monthly newsletter and calendar on our website [fpccclintonmo.net](http://fpccclintonmo.net).

## Trinity Lutheran

"No Creed but Jesus." This is a common expression among millions of Christians today. It is meant to promote the idea that churches don't matter. Doctrines don't matter. Everyone can believe whatever they want to believe. Just believe in Jesus. That's enough. Someone doesn't believe in original sin or baptismal regeneration? No problem. Someone believes a person cooperates in their salvation, rather than it being God's work alone? No problem. The list goes on and on and on...

Lutherans all accept the doctrines of the Lutheran Church. They are specific and written down for all to see and understand. There is no ambiguity. They are not optional. All Lutherans believe all human beings are born sinful and separated from God. All Lutherans believe God alone works through Word and Sacrament to create and sustain faith in everyone who believes.

Where are these gifts of God most commonly available to people? In churches where the Word of God is proclaimed, the Law and Gospel are preached, and the Sacraments of Baptism and The Lord's Supper are rightly administered. Trinity Lutheran Church-Clinton is one such church. In fact, all Lutheran churches who are a part of the Lutheran Church-Missouri Synod (LCMS) are, also.

Come to church this Sunday. God the Holy Spirit has promised to meet you there in spirit and truth and teach all who hear, as Jesus commanded us to do.

Divine Service: 1 pm. Sunday School, Noon. Ph: 660.885.4728.

## Urich Baptist

What glorious weather as we gathered at 10:30 A.M. for worship service. Clint Keeney rang the church bell. Mrs. Julia Klinefelter led in the congregational singing with Mrs. Dixie Collins playing piano and Mrs. Rebecca Sowell playing violin. The scripture passage that Pastor Josh read was from Genesis 12: 1-4. Randy Vogt and Clint Keeney collected the offering.

The scripture passage from Pastor Joshua Sowell's sermon was from Romans 9: 1-29.

This passage is about God's sovereign choice. God desires to save us because of His intense love for us. Nothing can separate us from God's love. This passage tells us that His choice of seed for Abraham in verses 6-9 and the seed within Israel in verses 27-29. In the verses of 10-13 and 25-26 tells of His love for His chosen of Abraham, as well as, His chosen across the world. In verses 14-24 it speaks of God's justice and mercy that is revealed in the past and in the future. Everything in the Bible is inspired by God and true. Challenge yourself to read the New Testament and feel God's love and be blessed.

When we look around us, there is so much beauty to see and to rejoice over!

We are an open and affirming church and welcome all to come and worship with us next Sunday morning at 9 am.

We thank David Maggi for sharing our wonderful message in the absence of Rev. Dane.

Each of us knows someone who always seem to be happy and positive. They embrace the miracles that they witness and are there to serve where they are needed. But, there is always that one who is the first to say that it won't work or it can't be done, even when it has been proven otherwise. They have a dim view of everything. They get so dark that they lock all of this negativity inside. We often wonder how did they get this cynical and just look for the mundane instead of the miracles?

Do you see the miracles or the darkness? It seems that often, even when we witness miracles, we continue to question them. What do we do with such negativity? First, we cannot let that darkness overcome us. We need to move forward, be positive and keep showing others the everyday miracles that are all around us.

"If you want it, you will find it; good or not, love or not. So whether you are that positive person or that chronic complainer, it is our choice which path we take."

Always choose to be the example of goodness.

\*\*\*\*\*

Dear God, we give you thanks for the miracles and love that you give to each of us. We thank you for this church on the brow of the hill that gives us so much love and acceptance. We pray that we will always look for the miracles around us, to help those in need and to see the good in all people. Amen

## The Shepherd Calls by Dr. H. Wade Paris

THE OLD MAN'S GOSPEL

In Sunday School we are studying the Gospel of John. There are four gospels in the New Testament: Matthew, Mark, Luke, and John. Each has its own "flavor," reflecting the author's perspective.

Matthew wrote to his fellow Jews. His message goes like this, "Listen, all you kinsmen, we have been looking for the Messiah for hundreds of years. When He came, our Jewish mindset kept us from knowing Him. Jesus is the Messiah." Matthew's gospel is organized and teachable. Perhaps he hoped it would one day be taught in the synagogues.

Mark was the first gospel written. Mark was likely young when he wrote and was hoping to get the message of Jesus out simply and quickly. His writings are filled with facts but little comment. Still, one must wonder when Mark quoted Jesus saying, "You don't put a new patch on an old garment." Maybe he believed his Jewish brothers needed to hear that.

Luke was a physician. Dr. Luke was not a Jew. His gospel is a letter to a friend, Theophilus. He told Theophilus he was writing to tell him the truth about Jesus. Chapter 15 of Luke's gospel gives us Jesus' picture of our Heavenly Father. The chapter ends with the story of a father loving two wayward sons.

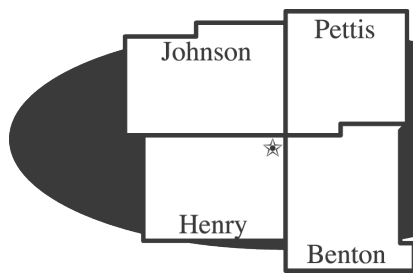

The fourth gospel---John, I choose to call the old man's gospel. It was written several decades after the death and resurrection of Jesus. By first century standards, John was an old man when he wrote. John was a righthand disciple of Jesus and knew Him well. We know he had read the previous three gospels because he quoted from them. Personal experience teaches me life looks different when viewed through the lens of many years. John gives us Jesus' beautiful summary of the gospel in John 3:16: God so loved the world; He gave his Son for us.

We often tell new Christians or folk just beginning to study the Bible, "Start with the gospel of John." As I studied the book again for Sunday School, I realized why we say, "Begin with John." John said it himself, "Jesus is the Word."

## REVIEWing The Past

With Glynn E. Morse

### Punk Barber World War II Prisoner of War Experiences, Part II

By Glynn Elliott Morse  
Part I reviewed Punk Barber's WWII air training and bombing missions up through June 29, 1944. This week's Part II column will discuss his captivity, "Death March," and final liberation as Punk Barber related in the September 14 Windsor Historical Society program.  
On June 29, 1944, Punk Barber was a gunner on a B-24 which had completed its 13th bombing mission over Germany when the plane's fuel system was damaged by flak. The pilot was forced to land the plane in a potato field, from which all the crew members survived. The ten crew members were able to escape from the plane, going in separate groups; however, each was captured by German authorities within a day or two.  
Punk Barber and his crew mates were taken to an Amsterdam jail. After a few days in Amsterdam, the men were moved in July, 1944 to Stalag 4, a prisoner of war camp in northern Germany which today is part of Poland. The camp housed 10,000 men, mostly American enlisted prisoners of war.  
Punk was housed in a wooden barracks building with 24 other men. They slept on 3-tier bunk beds with a straw mattress and a thin blanket. The barracks were unheated except for one small stove for which that barracks was allocated three pieces of coal. For food, they were fed barley or potato soup, and one loaf of bread was given for the 24 men, ending with about a half slice of bread per man. Some of the prisoners received Red Cross packages, and they

especially valued cigarettes which the POWs used to barter for food from the guards or German workers. During the day, Punk remembered walking around the barbed wire camp for exercise. They were locked in their barracks each day at 6 p.m.. Mostly they played cards, using cards they had made out of cardboard.  
His parents had been notified that he was missing (MIA) in June 29, 1944 when his plane was shot down, but they did not know if he was alive or dead. The Germans sometimes would swap the more seriously injured POWs in a prisoner exchange. The men in Punk's barracks had the most seriously injured prisoner memorize the other 23 men's names and home towns. Eventually the injured man was exchanged, and he was able to get information to the families of the remaining 23 men that they were alive as POWs. Punk's family first knew he was alive because of that injured soldier's information.  
On February 2, 1945, the German authorities moved the 10,000 POWs out of the Stalag 4 prisoner of war camp telling them they were moving them to a new prison camp. Actually, the Germans did not have a new camp; they were just moving them around because the Russian Army was coming closer. For 86 days, the prisoners spent every night outside in the winter elements with nothing more than a military overcoat and a thin blanket for warmth.  
Food was even more scarce than in Stalag 4 camp. The POWs on the march were fed three potatoes and one cup of warm water in the evening, approximately 300 calories per day! In addition

to a starvation diet, many of the men suffered from dysentery because of the unsanitary conditions and drinking contaminated water from ditches and streams along the road. Of the 10,000 men, 1700 men would perish in the 600-mile travel during the 86-day "Death March."  
Punk remembered that liberation occurred when two British soldiers arrived on a jeep to tell them the war was over. The prisoners were on their own; there were no trucks or supplies to take care of the prisoners. Most of the POWs began to head west to the nearest Allied forces as best they could. Punk eventually ended getting rides to different military groups. He crossed the ocean on the Queen Mary, arriving in New York. He recalled, "It was a great sight!"  
Punk was discharged from the military in Miami on October 27, 1945. He received eight medals including the Bronze Star and Purple Heart. Punk Barber returned to the family farm. He was home!  
Punk Barber married Judy Fewell on January 23, 1946. They raised one son, Kent Barber, and one daughter, Kay Parris, three grandchildren, and several great-grandchildren. Punk and Judy Barber lived the rest of their lives on the family farm. Punk Barber died in October 22, 2014, and his wife, Judy Barber, died on December 15, 2021.

### Comparing Supplement Costs

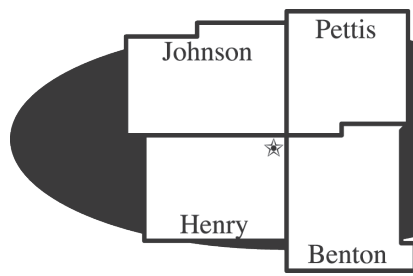

Fall is a time when spring-born calves are being weaned and decisions are being made about marketing the calves. Many producers choose to background their calves after weaning and sell them after the first of the year. To determine if this is a good financial decision, producers must know costs of gain and expected sale price, sale weight, and sale date.  
We have many grain and grain by-products to choose from when developing cattle rations. Choice of ingredients is based on cost, feed storage facilities, rate of use, and desired animal performance.  
Many producers, however, only look at the cost of individual feed ingredients per ton, particularly if they have the capability to utilize higher moisture feeds from ethanol plants. Recent price quotes from MU Extension By-Product Feed Price Listing have wet distiller's grains costing \$10 per ton less at Missouri ethanol plants than modified distiller's grains. However, when calculating

the cost of nutrients per pound of energy or protein on a dry matter basis, the current pricing structure favors the modified distillers' product, even though it is more expensive per ton.  
When determining which feed ingredients to select, they need to be evaluated in the total ration being fed, not by the individual cost of each ingredient. Additionally, many of these by-product feeds provide different positive aspects to the entire ration, so knowledge of the positive and negative attributes of different potential feed ingredients is important.  
Another helpful calculation is feed cost per pound of gain. This is straightforward to determine and many ration programs can calculate this if feed ingredient costs are known. It is important to estimate the cost of all ration ingredients, including the forages. Be sure to include transportation and shrink costs when pricing ingredients, especially if buying semi-load lots of ingredients.  
Ultimately, working with someone who can develop cost-effective rations designed to meet the performance goals of the livestock will pay off in the long run. If I can as-

sist you with this process, please contact me at [schmitze@missouri.edu](mailto:schmitze@missouri.edu) or by calling the Pettis County Extension Center at 660-827-0591.

## Our Caboose - The Spirit of '76

Photo Courtesy of Moonlight 10 Photography

Windsor is very proud of our caboose that sits at the Katy Trail Head in Windsor and we love to share the story of how we came by that caboose. The following is an excerpt from an article written for the Windsor Review, published after the caboose was repainted by our sister squadron from Whiteman Air Force Base.

The "Spirit of 76" Caboose came to Windsor by way of a city-wide campaign in 1990 to memorialize the feel and importance of the Katy Railroad through Windsor. Significant to the acquisition of the old caboose was resident, and retired Katy line employee, Q.W. Schroer. His 42 years with Katy Railroad carried some weight, and soon he and other residents began to work on restoring the old, canned crumb box to its splendor.

According to a Kansas City Star article (dated Oct. 28, 1990), the caboose was set on a section of track on the east side of town where the old depot stood. "... eventually a Katy caboose, painted green and yellow and streaked here and

there with rust, arrived," read the article. "...nobody would have said a thing if the folks here had just sort of touched it up and left it the way it arrived." But that wasn't what folks around Windsor had in mind.

Schroer found a sandblaster, and the people restoring the caboose went to town removing the years of rust and paint. Soon, though, they started to see stars; and not in a bad way. After sandblasting for awhile, the citizens noticed underneath the years of rusty metal caused by trudging along the clattering tracks in the rain and snow, and coats of paint slapped on by workers - and simply the tincture of time - stars and stripes began to emerge. "As if by magic," the Star article went on. Schroer said, "Well, people started looking at me as if I had St. Vitus' dance. I was just going crazy, doing everything but back flips," he said. "At my age, too," he added.

Underneath the paint the residents of Windsor discovered Katy Railroad's contribution to the bicentennial: the caboose was

painted white with a huge American flag on each side, with the letters, "Spirit of '76". Adding even more intrigue, the original number of the caboose was discovered to be No. 76, not No. 130, as earlier thought. It was decided that day that the caboose would be repainted in that bicentennial motif, and Schroer set about town, collecting \$3,000 for the project.

The Bicentennial Caboose has remained as a tribute to three things: our great nation, Katy's affiliation with Windsor as a whistle stop town, and the citizen's dedication to preserving the past for future generations. The fact that members of our United States military took time to bring the old caboose back to her bicentennial self adds just another layer of rich history between the brush strokes.

### MANUFACTURING DAY WARRENSBURG

The Greater Warrensburg Area Chamber of Commerce is partnering with the Warrensburg Area Career Center, Johnson County high school educators and several local manufacturers and businesses, EnerSys Energy Products, Swisher Acquisition Inc., RB Signaling, Inc., and Dollar Tree to host its fifth annual Manufacturing Day on October 3, 2024.

Manufacturing Day (MFG Day) is a celebration of modern manufacturing meant to inspire the next generation of manufacturers. It is designed to show students, parents, educators, and their communities that manufacturing in the 21st century is often clean, high-tech, fast-paced, and involves the production of advanced products that we use every day.

The Warrensburg Chamber of Commerce has hosted Manufacturing Day for several years and looks forward to sharing this information with local students again this year. "Students and teachers were surprised by the range of career pathways and technology brought together to facilitate success in a large business," said David Richner, Integrated Academics Instructor, Warrensburg Area Career Center.

Recent studies by the Manufacturing Institute (MI) revealed that although the manufacturing industry is viewed as increasingly important to the economy, public perceptions of the industry are not in line with the current reality. The progressively high-tech nature of manufacturing is providing cutting-edge and transferable skills to its employees and establishing forward-thinking, engaging, and digitally enabled work as the norm.

Over the next decade, four million manufacturing jobs will need to be filled in the U.S. These job openings will be in high-skilled, high-tech positions and leadership positions.

Across the country, organizations are hosting their own MFG Day events to show students and the community what modern manufacturing looks like. With over 2,600 events across the 50 states and an estimated 400,000+ students, parents, and community members attending, we hope to diversify and strengthen the modern manufacturing workforce, furthering individual opportunity, community prosperity, and a more competitive manufacturing industry.

For more information about Manufacturing Day in Warrensburg, Missouri, please contact Suzanne Taylor at the Chamber office at 660-747-3168 or email [staylor@warrensburg.org](mailto:staylor@warrensburg.org).

### Windsor High School Sports Report

The Windsor High sports teams had a busy schedule as part of their homecoming week. The volleyball team had four contests, the cross-country squad had a Saturday meet, and the football team hosted Lincoln on Friday.

**Hall of Fame:** Before the football game the new class of the Windsor High Athletic Hall of Fame was inducted. Those introduced were Larry Williams (Class of '65) basketball and track, Kyle Ellis (Class of '74) track and

football, Megan Sheffield (Class of 2008) basketball, volleyball, and track, Trenton Johnson (Class of 2016) football, basketball, and baseball, Dave Wanninger football and track coach, and the girls basketball teams of 2012, 2013, 2014 seasons who were coached by Brad Forrest.

**Volleyball:** The volleyball girls had games on four consecutive nights. On Monday they traveled to Tipton where the Cardinals won in three sets. The next night they hosted Otterville and the Greyhounds prevailed in three sets. On Wednesday they won their first game against Lakeland but then the Vikings won the next three games. Thursday was a replay as the Black & Gold won the first game but lost the next three to Sacred

Heart. Stat leaders for the Hounds were Kyndal Allee and Alexis Ridenour who led the team in digs. Allee and Madison Miller led the squad in kills.

**Cross-Country:** Windsor's cross-country team competed in Saturday's Heritage Cross-Country Dam Invitational. On the hilly course the Lady Greyhounds placed fourth among 28 schools. Leading runners for WHS were Lily Betsworth, Izzy Henderson, and Luna Munoz. The boys crew placed eleventh in their division. Top runners for Windsor were Joshua Pritt, Connor Bishop, and Hunter Chaney.

**Football:** The WHS grid-ers won their fourth game of the year 38-6 over Lincoln. The Cardinals got on the board on the second play from scrimmage on

a long pass. But it was all Windsor after that. Rowan Cox scored the next three touchdowns including a 97-yard run in the second frame. Andrew Scott scored on a counter late in the first half. Cox ran for a 60-yard touchdown for the only score of the second half. Cox totaled 267 yards rushing as the Greyhounds ran for 385 yards. Windsor converted on four of the five two-point plays as Jerick Millington and Chase Hampton ran for conversions, and Reece Heany passed to Carson Wither-spoon for the final two-point play. Leading tacklers for Windsor were senior linebackers Levi Williams and Alex Bauer.

### Cardinals Still Looking For First Win Of Season

Kanden Lafarge accounted for all 3 touchdowns for the Cardinals on Friday night but his effort just wasn't enough as Clinton dropped their fifth straight game to begin the 2024 season 0-5 after suffering a 33-18 defeat at Oak Grove. Lafarge had an efficient night going 11 for 17 passing for 220 yards and 2 touchdowns while also rushing 8 times with 1 score.

Quintin Faught was on the receiving end of a long 80-yard score while Aus-

tin Petry secured 3 targets for 66 yards and the other touchdown through the air for Clinton.

However, turnovers creating additional opportunities for their opponents continue to plague this year's Redbirds. This week it was 2 more interceptions and another fumble.

Payton Goth added 2 catches for 37 yards for Clinton while their ground game was essentially held in check. Goth also led the Cardinals with 46 yards on 4 attempts, Brody Barnhart ran for 40 yards on 4 attempts and Markus Oliver finished with just 22 yards on 15 carries.

Defensively, Barnhart led the charge with 10 tackles. Faught contributed 7 while 6 apiece were added by Goth, Connor Bramell and Will Golder.

Barnhart and Golder each picked off the Panthers signal caller one time.

The Cardinals will look to notch their first win this Friday when they play at Versailles. The Tigers (1-4) have just one win this season sandwiched in between 2 losses on each side. Their most recent defeat came at the hands of the Warsaw Wildcats last Friday night by a 42-0 final.

### Lady Cards Shutout By Odessa, Knob; Power Past Harrisonville

Clinton softball was blanked at Odessa last Tuesday in a 10-0 loss but salvaged the week on Thursday when they picked held on to beat Harrisonville on the road, 14-11.

Natalie Golder got the only hit for the Lady Cardinals in the loss. She also had a stolen base.

Kenadie Austin took the loss in the circle. She surrendered 10 runs on 16 hits over 5 innings.

On Thursday, Kennison Crispi, Lexi Barnhart, Taryn Mantonya and Carmen Bohannon all had 3 hits to help lead the Lady Cards to a 14-11 win over Harrisonville.

Bohannon and Maddie Hess both had 4 RBI's in the win.

Austin got the 7 inning win for Clinton.

On Monday, Knob Noster jumped out to a 5-0 lead after 2 innings and then hung on for that same final, sending Clinton's record to 6-11 on the season.

Kennison Crispi had 3 hits for the Lady Cards in the loss.

Clinton hosted Oak Grove on Tuesday and will go to Pleasant Hill on Thursday.

### Funeral Directors

It's when we suffer a tragic loss,  
They help us bear the heavy cross.  
Preserving loved ones in their rest,  
They try to fill each last request.  
Within the valley's shadowed death,  
They help us stop and catch our breath.

They offer comfort and relief  
To cope with sadness, stress and grief  
From older folks to juveniles,  
They walk with us through many trials.  
And as we share our sad goodbyes,  
We see compassion in their eyes.  
With hope and wisdom to impart,  
They comfort each sad, broken heart.  
They offer guidance through the day  
And gently help us find our way.

## CCA Launches New Student-Led Worship Team: A Powerful Boost to Spiritual Growth

CCA Gymnasium – A new chapter in spiritual enrichment began at Clinton Christian Academy (CCA) on Friday, September 13, as the school unveiled its Student-Led Worship Team. The inaugural praise and worship session set the tone for what promises to be a transformative addition to the school's weekly rhythm, creating an atmosphere of heartfelt devotion and unity.

The CCA Gymnasium was abuzz with anticipation as students, faculty, and parents gathered for the first session led by this enthusiastic new group of young worship leaders. As the clock struck 7:45 a.m., the room was filled with the resonant chords of contemporary Christian music, setting a reverent yet vibrant mood. The Student-Led Worship Team, composed of talented students from various grades, took to the stage with an inspiring blend of skill and enthusiasm, leaving the

audience deeply touched and uplifted.

The morning began with uplifting songs that stirred the hearts of all in attendance. The team's dynamic energy and passionate engagement with the music quickly established a deep sense of community and shared purpose. The experience was "uplifting" and "refreshing," noting that the student-led approach fostered a unique and personal connection to the worship time.

"I was very proud of the students that had the courage to lead their peers in worship this morning," said Ryan Campos, CCA Bible Teacher. "It is very uplifting to see students worshipping together and glorifying God before the school day begins. This is a welcome addition to our Friday morning chapels!"

Student Worship Leader, Hannah Wright, shared, "I'm so excited to bring worship to CCA! There were a few obstacles to overcome,

but we're looking forward to the future. I can see God moving more than ever this year and I'm excited for what's to come!"

The introduction of the Student-Led Worship Team is part of CCA's broader mission to cultivate leadership and deepen spiritual growth among students. By allowing students to lead worship, the school aims to empower them to take active roles in their faith journeys and contribute meaningfully to the school community.

For those who missed the inaugural session, you are warmly invited to join

us for this special worship time every Friday morning before Chapel. The sessions begin promptly at 7:45 a.m. in the CCA Gym. Come and experience a powerful start to your day with inspiring music and communal worship led by our talented student team. All members of the public are welcome to participate and share in this enriching experience.

Let's gather together to celebrate and grow in faith as we continue to support and uplift one another through this new and exciting venture. See you next Friday!

values into conversations about today's most pressing social issues. Students will not only engage in thoughtful discussions but will also be part of a vibrant community of like-minded individuals committed to making a positive impact on the world.

The Herzog Foundation will cover all expenses for the event, with the exception of round-trip travel to Kansas City. Additionally, one teacher from each school or co-op is required to accompany the students. This ensures that attendees have support

and guidance as they embark on this transformative experience.

The selection is a significant achievement for both the students and the school community. Congratulations to Timothy Neal and Clara Hyke for their participation in this exciting and meaningful event.
