### WHEN SHOULD YOU STOP ADVERTISING?

1. When man becomes a creature of habit so thoroughly he will certainly buy this year where he bought last year.
2. When younger, fresher and spunkier competitors in your field no longer try to take your customers away through advertising.
3. When population ceases to increase and no new folks want to live and work in your town.
4. When you have convinced everyone who ever has or ever will visit your business that they will now and forever get better buys from you.
5. When business principles reverse themselves and the non-advertiser does more business than the successful advertiser.
6. When people stop making tremendous strides in business through well-planned printed advertising.
7. When you no longer want to work with customers, and you're tired of making money.
