

McKenzie Police Reports

Domestic Assault — Zareya Venae Webber, 21, Park Cove, McKenzie was charged with domestic assault after an incident on July 29 at the Park Cove residence.

Officers Dalton Rasberry and Cody Coleman responded to a call at the residence, where they found Terrence Roy lying in the floor. He said Miss. Webber punched him in the face. She claimed she was attempting to retrieve her personal belongings and Mr. Roy blocked her access.

Webber was arrested on two counts of domestic assault after she assaulted Roy and another person. The officers observed boxes of ammunition, which was seized because Roy

was a convicted felon.

Resisting Arrest — Victor Manuel Hernandez, Jr., 20, Cherry Avenue, McKenzie was charged with resisting arrest on July 30.

Officer Darren Davis filed the charges after he observed Hernandez pull from behind a McKenzie business, park his car, and ran on foot into the woods. He later turned himself and was charged with resisting arrest and driving without a license. He was transported to Carroll County Jail.

Huntingdon Police Reports

Vehicle Seized — The vehicle of Liviu Serban, 18, was seized during a July 26 traffic stop in Huntingdon.

Officer Michael Verner reported that he pulled over a black truck driven by Serban after clocking the vehicle at 70 mph in a 55 mph zone on Veterans Drive South. When asked for his driver's license, Serban told Verner that he left it at home and when asked for proof of insurance, Serban said he just recently purchased the truck and hadn't gotten

insurance yet. A computer check showed that Serban's license was expired and that he was not a U.S. citizen. Serban's truck was seized. No charges against Serban were listed in the report.

Theft — David Paul Brown, 48, of Benton, Kentucky, was cited for theft of property under \$1,000 following a July 26 incident at a Huntingdon business.

Tobacco Store. Allen noted video surveillance inside the store showed Brown taking the money, and then outside surveillance showed the tag of the vehicle Brown drove away in.

Allen later located Brown on Watson Avenue, and when asked about the money, Brown said that the money was his but that he would return it to the person it belonged to. Of the \$404.01 taken, \$304 was recovered.

Carroll County Sheriff's Reports

License Violation, Warrant — Tim Wayne Vestal, 52, of 30 Crooked Street, Trezevant, was cited for driving on a suspended license and arrested for an outstanding warrant during a July 19 traffic stop in Leach.

Deputy Michael Smith reported he pulled over a maroon colored truck driven by Vestal on Humphreys Road because a trailer being pulled behind the truck had no tail-lights. A computer check showed that Vestal's license was suspended and he had an active warrant out of Gibson County. Someone was called to pick up the truck, trailer, and a passenger, and Vestal was transported to the Gibson County line and turned over to authorities in that county.

Theft — Deputies are investigating the recent theft of a four-wheeler from private property on Brooks Road in Atwood.

James Coffman told deputies on July 29 someone stole his green Honda 350 Foreman four-wheeler valued at \$1,500 sometime after 11 p.m. on July 27. Coffman said the four-wheeler had big tires and two holes drilled into

the shifter.

She said the purse, which was black in color, contained \$600 in cash, two check books, and miscellaneous credit cards.

Drug Possession — Chadrick Stallone Jordan, 31, of 540 Preacher Brown Road, Bruceton, was cited for simple possession of schedule II on July 24.

Deputy Chance Townes reported he responded to a call about a suspicious vehicle parked at a residence on Highway 70 near Huntingdon and found Jordan asleep in the vehicle. Townes noticed a small baggy with two white pills in the middle cup holder, and Jordan said that the pills were oxycodone, he was taking them for a bad toothache, and he did not have a prescription for them. Townes confirmed the pills were oxycodone.

Break-In — Deputies are investigating a recent break-in at a residence on Highway 423 near McKenzie.

The home owners told deputies on July 25 they are in the process of repairing the house, but when they came to the property earlier that day, they found that a front window had been pushed in, someone had removed the toilet from the bathroom, and a can of light blue paint was missing. The home owners contacted deputies on July 28 and reported that a trail camera showed that a silver older model Chevrolet pickup truck had been driven onto the property when they were not there.

Paraphernalia, License Violation — Brandy Higgins, 39, of Lexington was cited for possession of drug paraphernalia and driving on a revoked license during a July 17 traffic stop near Bruceton.

Deputy Steven Scott reported he pulled over a vehicle driven by Higgins for failure to stop at a stop sign. A computer check showed that Higgins' license was revoked, and several empty baggies and a digital scale with residue that field-tested positive for methamphetamine were found in her possession.

Clarksburg City Hall to be Renovated

CLARKSBURG (July 26) — During the regular meeting of the Mayor and Board of Aldermen Monday night, Clarksburg Mayor Howell Wayne Todd announced that the long-awaited project to renovate City Hall had received final approval from USDA's Rural Development Office.

"This has really been a long process to clear the customary hurdles, but we received final approval to go to bid last Friday," Todd said.

"We began about two years ago to formulate the plans and began to seek funding, then COVID hit which reduced the staff reviewing the architectural plan, and then the back-and-forth of making minor adjustments to satisfy USDA-RD architects."

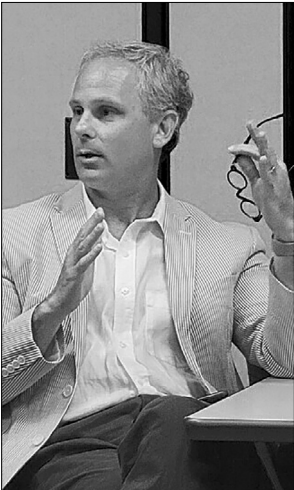

Paige Ashe-McClain, Vice President of F&M Consulting in Savannah, is the project architect.

Mayor Todd said bids are due August 20, and he anticipated an award of a construction contract

during the regular August 23 meeting.

The renovation adds much-needed office space for the City Recorder as well as bring the City Hall into compliance with the Americans with Disabilities Act. Kitchen and bathroom renovations are also included, as well as the construction of a drive-through portico to allow people to get out of their vehicles and enter City Hall during inclement weather.

Senator Stevens Visits Henry County Medical Center Board of Trustees

Senator John Stevens

PARIS — Henry County Medical Center in Paris will be one of the first rural hospitals in Tennessee to participate in a rural medical residency program.

Amanda Finley, DO, gave an update on the first year of the Rural Residency Program grant and the journey to be able to start the residency program in the Fall 2023.

"I cannot tell you how excited I am to see this program come to fruition," said Dr. Finley. "We are excited that this new third-year class could potentially be residents at our organization."

Dr. Finley introduced State Senator John Stevens, who she and Lisa Casteel, CEO, met in the fall of 2020 and were able to work with him to push through legislation to fund more rural residency programs at rural hospitals in the state of Tennessee. Senator Stevens discussed the grant funding and program to assist rural hospitals.

"What has helped to push this funding forward is the impact of how the population of Tenn. has doubled, but the residency program has stayed stagnant across the state," said Senator Stevens. "We need physicians in our rural communities and providing the opportunity in rural communities allows them to see and want to stay once they experience it. We are excited that Henry County Medical Center will be leading the way in this program."

Casteel explained the impact of having residents experience rural healthcare before they come to practice here and the ability the program will have to recruit and retain physicians to the community.

"It is exciting times for us at Henry County Medical Center," said Casteel. "We are the largest employer in our county and having the ability to be able to offer this opportunity in our community and grow our physician community is a benefit to everyone."

Scott Whitby, MD, Board of Trustees chairman introduced Meghan Baumer, one of the new third-year medical students from Lincoln Memorial University who began clinical rotations recently at Henry County Medical Center.

Baumer is involved in surgical rotation and she shared with the Board of Trustees her experiences so far in the rotation. She has already assisted in surgery and has had the opportunity to see how the Mako robot works among other things.

"I am learning so much and it has been a wonderful experience so far," said

ta Grant population health initiatives, this is one of the priority areas for our community. With this push and the Rural Health Network Development grant, which has a focus on growing our telehealth network especially with behavioral health, the time is right to launch this program. The Paris and Henry County Healthcare Foundation also plans to raise funds for the program during its Casino Night event on Oct. 23.

Casteel also pointed out the recent visit to Saint Thomas to discuss our affiliation, additional services, and strategies. "Saint Thomas will be placing a locums Cardiologist in our community until we can recruit a full time replacement to the community."

Additionally, Casteel provided a list of upcoming events and an overview of complaints and grievances. The Board of Trustees talked in depth about the recruitment issues and the shortage of nurses.

Brad Bloemer, HCMC CFO, began his report by reviewing the activity and performance summary. For June, HCMC case mix index was 1.61 with our average length of stay for the fiscal year at 4.29. HCMC's Debt Service Coverage Ratio was 4.85 which was significantly better than budget of 3.87. He also reported on our HCMC's statistics, showcasing the impact of COVID-19 on HCMC numbers, with everything seeing a downward trend, except for surgeries and outpatient visits.

With our fiscal year end, we have a profit of \$5.1 million, with much of that due to stimulus funding. For June, HCMC made a profit of \$1,269,978, which was a very good month for the organization. Profit margin for the year was at 5%.

"Salaries were very high for the month due to the loyalty bonus that was paid out to employees from stimulus funding," said Bloemer.

Bad debts for the month were approved for \$665,001.83

Bloemer presented the capital request for July of \$743,480 which was approved for purchases of a wound care medical exam chair, blood bank upgrade, elevator modernization, and a refrigerator at the Healthcare Center.

Additionally, Bloemer provided the investment and interest earnings analysis to the Board of Trustees.

The next Board of Trustees meeting is August 26 at 5:30 p.m. at the Henry County Medical Center Board Room, as long as COVID-19 statistics trend downward.

PARIS — Based on overall survey results for the year 2019, Henry County Medical Center Home Health was named a Top 25 national best practice agency by Fazzi Associates. This award is presented to home health organizations that have demonstrated superior performance in 2019.

“Agencies named as national best practice agencies are proven leaders and have excelled in one of the most important measures of an agency’s quality program—caregiver experience,” said Jennifer Ittner, project director for Fazzi Associates. “This level of success is commendable and deserving of recognition.”

Based on a comparative analysis of agencies involved in Fazzi Associates’ Home Health CAHPS system for 2019, HCMC Home Health & Hospice’s results for the Overall Satisfaction or Likelihood of Recommending survey questions placed it in the top 25 percent of Fazzi’s National Home Health CAHPS database.

The HHCAHPS and Hospice CAHPS Top 25 award is

presented annually to organizations that subscribe to Fazzi’s Patient and Family Satisfaction Services and have demonstrated superior performance in overall satisfaction results.

“When providing Home Health and Hospice services to our clients, having an able and willing caregiver is not only a requirement, it is an absolute necessity,” said Cynthia Stigall, Director of HCMC Home Health and Hospice. “That caregiver provides care to the client when the agency providers are not in the home. It is our desire to work diligently with all caregivers to assure that our patients have the best possible outcomes with their home health and/ or Hospice experience. Please do not hesitate to contact any of our Home Health or Hospice staff members with any questions that you may have concerning these services.”

sentenced the former attorney/assistant district attorney on three counts with sentencing as follows: four years, no fine; 11 months and 29 days, no fine; and four years, no fine. All sentences to run concurrent. He is to serve 60 days with the balance on community corrections program. Tansil is to complete 100 hours of community service as a condition of probation.

His attorney, Beau Pemberton, unsuccessfully pleaded for mercy for his client, saying, he had “fallen from grace.” Pemberton noted it was Tansil’s first criminal offense and requested a diversion in sentencing.

Tansil can appeal. His case will also be reviewed by the Board of Professional Responsibility. That board will determine the fate of his license to practice law.

In September 2020, an investigation by the Tennessee

Comptroller’s Office resulted in the indictment of Thomas Tansil Jr., an assistant district attorney general in 24th Judicial District (Henry, Carroll, Benton, Decatur and Hardin counties). Tansil resided in Greenfield, where he served on the Greenfield City Council.

Investigators determined Tansil Jr. wrongfully obtained \$22,740.36 in state salary and travel expense reimbursements between August 1, 2017 and January 31, 2020. These payments are explained in detail below:

- Tansil, Jr. was paid for 22 days of military leave when he was not on military orders or on drill status with the Navy. He was paid \$7,235.93 for these 22 days.
- Tansil, Jr. was paid \$5,453.99 for 16 days of military leave after he had already used the number of days permitted by state policy each year. Tansil Jr. should have used leave without pay for these days.
- Tansil, Jr. took at least 141 hours of annual leave and sick leave that he did not have. Tansil Jr. had already

exhausted his available leave when he was paid \$6,333.15 for these hours.

- Tansil, Jr. falsified travel claims totaling \$3,717.29. Tansil Jr. admitted that he was not always traveling when he claimed to be. He was also paid for travel when he was on leave.

Additionally, investigators are questioning \$135,874.55 in salary and travel reimbursements paid to Tansil Jr. Tansil Jr. admitted that he did not work 25 percent of the time he claimed to work between July 1, 2018 and January 31, 2020.

Investigators have questioned all of Tansil’s salary and travel reimbursements that could not be substantiated through documentation or interviews. On September 1, 2020, Thomas A. Tansil, Jr. was indicted by the Carroll County Grand Jury on one count of theft over \$10,000, one count of official misconduct, one count of tampering with governmental records, and one count of computer offenses.

Local Journalism Sustainability Act Seeks Congressional Approval

BY DEAN RIDINGS, CEO
America's Newspapers

The Local Journalism Sustainability Act (LJSA) was recently introduced in the U.S. House and has now been introduced in the U.S. Senate — and will benefit every member of this community! Unlike many issues in Washington, this legislation has bipartisan support and is focused on delivering benefits to local communities across the U.S. by sustaining local news organizations, including this newspaper.

Newspapers are facing significant fiscal challenges due to technological disruption, including Google's and Facebook's use of newspapers' content without compensation. This legislation provides an important, but temporary means of support to help newspapers with needed transition, and it deserves the support of Congressional representatives across the country. The bill incentivizes the behaviors needed to facilitate changes to the business model. Please join your local newspaper in calling on members of Congress to support this legislation.

The LJSA has been designed to provide a much-needed boost to newspapers. What it isn't is a permanent handout for local newspapers. Instead, it's a well-thought-out approach to help sustain local news-

gathering efforts through a series of tax credits that expire in five years. And it not only will provide aid to newspapers, but also to subscribers and local small businesses through tax credits that will benefit them directly.

Newspaper subscribers already understand the importance of their local newspaper and that their continued support is critical. Through this legislation, subscribers will receive a tax credit of up to \$250 per year. It's a win-win for subscribers as this tax credit will cover a significant part of their annual newspaper subscription, no matter if it's print or digital.

For local businesses, there's a direct benefit from the LJSA, as well. When they use the effective print and digital solutions of their local newspaper, they will be eligible for a tax credit up to \$5,000 the first year and \$2,500 per year for the next four years. Not only will this credit offset some of their advertising investment, it also will help them improve their business by reaching more customers and generating more sales. It keeps money invested locally and helps maintain jobs and support other local initiatives.

For local newspapers, the LJSA provides a much-needed bridge to continue the evolution toward a digitally-based model. The tempo-

rary tax credits for newspapers will be tied directly to maintaining healthy newsrooms and employing professional journalists committed to producing local news and information. The benefits will be local, not redirected to national media organizations, and provide local readers with continued access to the content that's most important to their lives.

However, in order for the LJSA to provide these benefits to subscribers, local businesses and newspapers, it needs the support from members of the House and Senate. And the best way for that to happen is for them to hear directly from their constituents and supporters. To support the future of local newspapers, reach out to your representatives and encourage them to support the Local Journalism Sustainability Act, and — in turn — support the communities they serve. There's a benefit for everyone.

On behalf of its approximately 1,500 newspaper and associate member companies, America's Newspapers is committed to explaining, defending and advancing the vital role of newspapers in democracy and civil life. We put an emphasis on educating the public on all the ways newspapers contribute to building a community identity and the success of local businesses. Learn more: www.newspapers.org

Kirsten Sass, Amy Dixon Prepare for Paralympics Despite Tokyo's Record Surge in COVID-19 Cases

As Tokyo undergoes its fourth state of emergency since July 12, McKenzie's Kirsten Sass, her partner Amy Dixon and para-athletes worldwide prepare for the Paralympic Games, hosted August 27-September 5.

Because of a record surge in COVID-19 cases in Tokyo, Kirsten, Amy and other Paralympians are given strict protocols. In an interview with Kirsten, she said she and Amy will take Japanese-accepted COVID-19 test kits 96 hours, 72 hours and 24 hours before departing for Tokyo.

Once they arrive, they are required to quarantine in their living quarters for three days. Although she has not received much information yet, Kirsten speculates she will not be allowed to leave the Paralympic Village unless otherwise told by the Games organizers.

As of July 30, organizers have not yet communicated with Kirsten regarding COVID-19 protocols. She suspects mask-use will be required, along with self-quarantines whenever possible.

Kirsten leaves McKenzie to train with Amy in San Diego August 12. Because of Tokyo's restrictions, she is unsure if she and Amy will have the resources to properly train before their Games. Kirsten and Amy will depart San Diego for Tokyo August 21, likely arriving one day later. Most of USA's Paratriathlon athletes are traveling

together, unlike Kirsten and Amy.

Kirsten and Amy compete in the paratriathlon August 27 at 6:34 p.m. Central Time at Odaiba Bay, a course the duo is lucky enough to have raced in the past. Because of COVID-19 protocol rules, no spectators are allowed at the Paralympics. NBC networks will broadcast the games.

The Japanese government is strict regarding how long para-athletes can stay before and after their competitions. Kirsten and Amy will arrive August 22 and leave August 31. They will attend the Opening Ceremony.

"It feels so surreal. I'm sure once I'm packed and leaving August 12, it will re-

ally hit me," said Sass. In the meantime, she is spending time with her husband, Jeff and two children, Bella and Sebastian, who start school this week. She is also a physician assistant at Christian Family Medicine.

Tokyo Prime Minister Yoshihide Suga denies the Olympic Games have anything to do with Japan's record surge in COVID-19 cases. In an interview with Associated Press, Japan's vaccine minister, Taro Kono, assured zero evidence of COVID-19 spreading from Olympic participants to the general public. Experts predict Tokyo cases could exceed 4,500 per day by mid-August.

Volunteer Farmers Market Manager

The McKenzie Farmers Market had a great day on Saturday with almost 300 customers and 15 vendors who had fresh corn, tomatoes, okra, squash, onions, peppers, potatoes, cantaloupes, watermelons, and more home-grown produce, baked goods and crafts. We are pleased to have vendors from surrounding areas including Springville, Union City, Clarksville, Huntingdon, Trezevant, Gleason, and other communities. In addition to McKenzie customers, we are also welcoming those from surrounding communities including those coming from Murray and beyond. They have commented that their reasons for visiting the McKenzie Farmers Market

are not only the wide variety of products but the friendliness and hospitality of the vendors, fellow customers, and they enjoy coming to McKenzie and eating and shopping while they are here. We certainly welcome them all and hope they continue to visit our town and experience our southern hospitality.

We continue to attract wonderful crafts vendors, and it is amazing at the talent some of these artists are bringing to the market. Beautiful hand-painted gourds were displayed and are used for wren houses. A 100-year-old loom was used to make lovely table runners, placemats, rugs and other items made out of blue jeans, t-shirts, and other apparel. If you have favorite or keepsake apparel, or an old tablecloth you don't want to part with, you might consider having this artist weave it into a rug or table runner that you can use and always keep.

Our delicious baked goods, jams, jellies, candies, fudge, cookies, pies, cakes and breads continue to sell out every week. Free range just laid eggs and antibiotic

and chemical free beef are also staple items each week on our customers' lists.

Our vendors continue to have beautiful plants, shrubs, and flowers for any garden—large or small, including creative and stunning succulent gardens for desktops and window sills.

Youth Activity Day was a fun and delicious treat as the children learned about the Hungry Caterpillar turning into a butterfly and made their own hungry caterpillars out of grapes, cherry tomatoes and raisins. Saturday, August 7, at 10 a.m. will be a fun activity, and we invite all youth, 4th grade and under to participate by entering the 4-H Fruit and Vegetable Derby. Prizes for 1st, 2nd, and 3rd places will be given. All Derby race cars must be made with fruits and vegetables and complete instructions are given on the McKenzie Facebook page, or drop by city hall for a copy.

The McKenzie Farmers Market is open Saturdays, 8 a.m. to noon, and Tuesdays, 3 p.m.-6 p.m.

HUNKER DOWN WITH KES

Hope It's Not A Louisiana Chain Gang...

Aw man, this could be really bad.

I'm talking Sing Sing. Or maybe Leavenworth. They might reopen Alcatraz just for me. I don't believe they're going to let me off with just a few nights in the Starkville City Jail.

I got a letter from the IRS. The first page laid out the purported crime. The next six outlined in great detail the scores of penalties if I didn't comply (read send in the money I had purposely and willfully withheld from them—like it was their money to start with) by noon of the day BEFORE I received the letter!

The official Notice Name was CP14. I had never heard of it or seen one in my whole life. But I'm pretty sure the P stood for penalty. It informed me in the most formal way they had not received payment for my 2020 Tax Return.

My stomach immediately tied itself in a knot. Sweat beads magically appeared on my brow. My hands were not exactly shaking...but little tremors begin tickling the outer extremity of each finger.

They had added, naturally, interest and assorted penalties to the original amount they claimed I owed.

Al Capone leaped into my mind. Listen, he had thousands at his beck and call. Most of them carried guns! The Chicago Police didn't bring him down for racketeering. Nor did the Feds get him for distributing illegal alcohol. Although there's a good chance he did both!

He was deemed untouchable; and quite possibly the most powerful man in America in the 1930's. He absolutely

ruled the roost...until the IRS sent him to prison for income tax evasion.

Good golly America! I don't have a chance...

There is one small fact in my IRS inquiry that seems to be completely overlooked by the person in charge of the CP 14 notices. I sent in my supposedly "owed" money way back on March 26. It is a tad baffling. I figure the March date, by any account you measure by, was way before the April 15th deadline. Surely they can't "come after me" for a snafu not of my making.

But who am I up beside Al Capone...

I have always paid. Every year. On time. Without (official) complaint. I have done so for the past 50 plus years. Shouldn't that count for something? Don't these people keep records? Where is my benefit of the doubt?

I've been charged, convicted, penalized and interest added!

The only thing that could have gone wrong was if the Postal Service didn't get the check to them. Oh my goodness, we don't need two government agencies involved.

I worked for the Post Office in McKenzie, Tennessee, in the summer of 1965. I didn't "man the front counter" or "put up" mail or anything like that. Mostly I unloaded trucks, which meant hauling in those large heavy canvas Domestic No. 3 Mail Bags.

Porter Dunlap, Hot Shot Lewis and Mr. Oscar Owen did most of the mail filing. They knew everybody in town. And they were serious as a heart attack about getting every single piece of mail to every single person

or entity to which it was supposed to go.

Experience here made me leery that the Post Office was at fault. And that was confirmed upon the ninth reading of the aforementioned CP 14 Notice. I finally caught the following small print, "Our records show you filed your 2020 Form 1040 with an amount owed."

So they admit they got my 2020 Form 1040! The check for the "amount owed" was in the same envelope. I didn't say it out loud, but I was thinking a five year old could tell there were two pieces of paper in any envelope they happen to be tearing in to!

I called the IRS number listed on page three.

I won't bore you with the 45 minute wait. You've been there. I never got a real person. But eventually I got their final word on the phone call. They, or it, or some talking machine informed me that all their "people" were tied up with other customers and that I should call back tomorrow.

I called back tomorrow. And had the same 45 minute wait! And had the same person, machine or "thing" tell me all their "people" were tied up with other customers and to call back tomorrow...

Mindboggling. Scary. And seemingly without recourse. Cathy is already planning a going away party.

If you can't fight city hall, what chance do you have against the IRS!

My only regret now is that I didn't go into bootlegging. I might have earned enough money to fight this thing...

Fun By The Numbers
Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Here's How It Works:
Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

See solution in next week's edition.

Finley, Pugh to Celebrate Birthdays

A special celebration for two best friends and long-time residents is Sunday, August 8, 4 to 6 p.m., in Underwood Hall of the McKenzie First United Methodist Church, located at 16 North McTyre Street.

Juanita Brooks Finley and Lois Reynaud Pugh. They have known each other since 2002 when Juanita and her late husband, moved back to McKenzie where Juanita grew up. The connection with each other was almost immediate! They have been the best of friends ever since. Both have birthdays this month. The family and church members are requesting your presence to help them celebrate together. There will be a drop-by Happy Birthday Reception for them.

Lois (Rev. John Pugh), and Juanita (Bob Finley), are both widows and members of the McKenzie First

they have "a long way to go and a lot to work on." He credited the team with responding well to the challenge.

Both McNairy and Lexington are 4A schools, and Comer says he sought out the toughest competition he could to best prepare his team for the season.
