

NOTIFICATION REGARDING ASBESTOS CONTAINING MATERIALS

School Year 2023-2024

As you may be aware, the U.S. Environment Protection Agency (USEPA) has regulations regarding asbestos containing materials in schools. These regulations require all schools to conduct surveys to identify the presence of asbestos in their building, develop a site-specific asbestos management plan and implement appropriate response actions, as necessary. An additional requirement is for all parents, teachers, and employees to be informed at least once a year about inspections, response actions, and post-responses actions that are planned or are in progress.

You are invited to review the asbestos management plan, which is available at the individual school's administrative office, or at the West Carroll Special School District Administration Building located at 1415 Highway 77, Atwood, Tennessee.
