

Carroll County Emergency Communications District

NOTICE OF MEETING

The Carroll County Emergency Communications District is seeking proposals for architectural services. The Carroll County Emergency Communications District is preparing to construct a new facility for the administrative offices of the district. The new facility will also house a backup 911 center and a conference room / training room. The services shall include fees for full architectural and engineering services. It shall include all phases of the project from design, documentation, bidding, and construction oversight. If interested in being considered for providing architectural services for the project please submit a full proposal to:

Carroll County ECD, Attn: Kristy Meggs, Director
101 Dillahunty Lane, Huntingdon, TN 38344

**Please submit proposal no later than September 13, 2023,
at Noon.**

Proposal must also include references.

**All questions may be directed to Director Meggs at
kristymeggs@carroll911.com**
