When the days are long, the weather is sunny and school is out for three months, it's almost as if the entire world is at a kid's fingertips. But without a little structure or supervision, those same youth can easily get bored or into trouble. Summer camps are a great opportunity for children and teens to continue learning, developing and growing during the summer months when school is out of session, whether they just want

to do a week to gain a few skills and make a few friends, or they want to fill up their calendar with as many opportunities as they can. This guide has all the information you need about the most popular camps in Anne Arundel County. If one of them catches your eye, be sure to visit the camp online to register as soon as possible. Camps fill up quickly, and you don't want to miss out!
